ASSIZE COURT OPENED HERE THIS MORNING

ACCIDENT NEAR HOUSTON WHEN SMITHERS PEOPLE ALMOST MEET DEATH

Deadlock in Council over Salary Given to City Engineer Pearson

Mayor declares resolution was not passed but minutes show it was; defies majority of Council

It looked for a while at last night's council meeting as if there would be a deadlock or else Mayor Newton would have to be removed from the chair so that the business could be proceeded with.

The difficulty came up in connection with the adoption of the minutes of last week's meeting. Mayor Newton said that he had ordered struck out of the minutes a resolution granting salary for the month of June to F. W. Pearson who had resigned as city engineer. He said that an error had been made in compiling the minutes and that no such resolution had been put or passed. Had it been, he for one would have opposed it. His recollection was that the only resolution passed on the matter had been one accepting the engineer's resignation.

ASK GOVERNMENT COME TO AID OF CO-OPERATIVES

Big Loan to Fruit Growing Organization is Requested

VICTORIA, June 9.—The government will be asked to come to the relief of the B.C. Berry Growers Co-operative Union, an organization of fruit growing associations by further loans, one of \$100,000 pledged on the assets of the concern and to be regarded as a floating loan and another for \$30,000 of a fixed character spread over six years, says the Colonist this morning.

The six year loan is asked to be made conditional on a similar loan from the growers for an equal amount being made.

H. P. Simpson, president of the Union, said he felt it unwise to discuss the situation until the cabinet had acted.

PAINLEVE TO MOROCCO TODAY

Will Study War Situation on Ground to Answer Opponents in Parliament

PARIS, June 9.—Premier Painleve announced that he would leave this evening by airplane for Morocco. The trip is believed to be due to the Premier's desire to acquire first hand knowledge of the warfare with which to answer the attacks of his opponents on the Government's Moroccan policy in Parliament.

Despatches describe the Rifian invasion of the protectorate as having become considerably more active in the last 48 hours.

LUMBER SCALE IS MOUNTING

Almost Twenty Million Feet Measured by Local Forestry Department this Year

Almost twenty million feet of lumber was scaled by the local forestry department up to the end of May. The amount for May was 6,893,111 in addition to quantities of piles, poles and ties. The detail follows:

Table listing lumber types and quantities: Douglas Fir, Red Cedar, Coast spruce, Hemlock, Balsam, Cypress, Interior Spruce, Cottonwood, Poles (lineal feet), Spruce Piles, Hemlock Piles, Cedar Piles, Hemlock ties, Pine Ties, Pulpwood cords.

ELEVATOR PROGRESS

Substructure Will be Finished by End of Month—Superstructure Starts Soon

By the end of this month the Northern Construction Co. will have completed its contract for the foundation and wharf of the terminal grain elevator being built here by the Department of Trade and Commerce. Before that time, however, the Carter-Halls-Aldinger Co. of Winnipeg will have started work on the superstructure. The latter company's equipment is due here this week from Edmonton and officials who will be in charge of the work have arrived in the city including the superintendent, D. M. Shearer, and purchasing agent, C. H. Bizzell. When the actual work of pouring concrete for the elevator walls commences, several hundred men will be employed and the work will be carried on day and night.

RELIEF TO HOME BANK IS PASSED

Bill Now Before House Following Resolution Adopted by Large Majority

OTTAWA, June 9.—By a vote of 100 to 20 the House of Commons last night adopted a resolution providing \$5,150,000 for the relief of the Home Bank depositors and subsequently gave first reading to a bill to give effect to the resolution.

Many Disappointed in Dease Lake Hunt for Gold and are Coming Out but Others Go On

SEATTLE, June 9.—A Post-Intelligencer despatch from Telegraph Creek states that the stamped to Gassiar is the old story of the north. Prospectors are going in, unaffected by the stories of those coming out. There is a food shortage and no pay dirt except the original discovery.

A correspondent reports freight and passengers moving rapidly on Dease Lake trail, tractors being used successfully. Men are hurrying into Dease Lake and beyond. A hundred miles from Telegraph Creek people are buying the outfits of those who have given up the search and turned homeward.

Being mother to 500 passengers weekly on a Great Lakes ship is no easy job, declares Mrs. Louise B. Twerd. She says the job, really that of a social hostess, calls for the abilities of a trained diplomat.

Fishing Party Thrown from Car and Members Badly Bruised as Auto Turns Turtle on Hillside

(Special to Daily News)

SMITHERS, June 9.—An automobile accident somewhat similar to one that occurred last month, happened Sunday afternoon about two p.m. when the Overland Redbird, owned by Neil McIntosh, left the road on a hill about seven miles east of Houston, turned a somersault down a steep embankment, but, as in the former accident, the occupants miraculously escaped death or very serious injuries. Sam Eby and Neil McIntosh who were conducting a fishing party, left town early Sunday morning for a day's sport at Summit Lake. After several hours at the lake they decided to go to Perov.

At a point about 19 miles from Smithers they came to a sharp pitch in the road right at the top of which was a very sharp turn. Eby's car was ahead and got safely past. McIntosh made the turn but the hind wheels of the car skidded on the grass at the side of the road and when the weight came on the edge of the bank the ground gave way and the car went over, turning once and lodging in a clump of trees on the hillside, which was very steep at this point.

Only for the trees the car would have rolled over 100 feet. As it was it took a leap of 30 feet, breaking a number of trees in its path.

Occupants Hurlled Out

The impact of the fall hurled the occupants out all badly bruised and shaken up. Douglas McIntosh, a brother of Neil, was pinned under the car but the others were able to release him in a few moments. He had his ankle badly sprained. Neil had his left shoulder badly wrenched and also numerous cuts about the head from broken glass. Al Finnelly and Cliff Warner, who also were in the car, were each (continued on page six)

Assize Court Opened with Four Criminal Cases; Four Divorces

Hon. A. M. Manson is prosecuting; Jury list includes men from all classes of citizens

With four criminal cases to be dealt with and four divorce applications to be heard, the spring session of the Supreme Court assizes opened at 12 o'clock this morning before W. Justice W. A. Macdonald. It is hoped that the session will be concluded by Friday although much depends on the progress of the first case—the charge of manslaughter against an Indian named Neganie from the Cariboo district. There are a number of Indian witnesses and there will have to be some double interpretation. However, the fact that the accused has some knowledge of English may facilitate matters in this respect. Neganie is charged with killing another Indian named Johnson Louie, near Chizacut, Cariboo district, in a drunken brawl. Johnson Louie received, it is alleged, a blow from Neganie which caused his death. E. F. Jones has the defence. The case was given to the Grand Jury for a bill this morning.

The second criminal case on the docket will be the charge against W. Pollard, Bella Coala Indian, of manslaughter in connection with the death of John Clelland, white, as a result of an automobile accident.

The third case to come up will be the manslaughter charge against Claude V. Symes of this city in connection with the death of little Norma Munro whom he struck with his automobile on Fifth Avenue East. L. W. Patmore is defending.

The fourth and last case will be that of Arthur Stewart of Port Essington who is charged with wounding with intent Alex. Douglas also of Port Essington. Both are natives. Milton Gonzales has the defence.

All the cases with the exception of the last will be prosecuted by Hon. A. M. Manson, attorney general.

Four Divorce Cases There are four divorce applications before the court. They are:

Frank Biddlecombe vs. Elizabeth Flora Stephens Biddlecomb. Milton Gonzales for the petitioner.

Henry Collinson vs. Maria Collinson. Frank Jones co-respondent; W. O. Fulton for the petitioner.

Decrees absolute are being applied for in the cases of Stephen Morrison vs. Lilly Morrison and Petra Matilda Lindseth vs. John Lindseth, decrees nisi having been granted at the last assizes. Patmore & Fulton appear for the petitioners in both cases.

There are no civil actions other than divorces.

Jurors have been called as follows:

Grand Jury Donald Brown, George Allison Bryant, John Bulger, James Andrew Curtis, A. B. Love, J. C. McLennan, James McNulty, Edward H. Mortimer, Harry B. Rochester, M. M. Stephens, George D. Tite, W. G. Walford and W. W. Wrathall.

Petit Jury J. T. Ballinger, R. E. Benson, Joseph Brown, R. G. Cunningham, E. Davidson, W. H. Derry, J. Edwin Dyer, C. V. Eviit, J. W. Exley, F. C. Gilhuly, J. J. Gillis, H. F. Glassey, W. Gratton, J. Harris, J. Hunter, G. A. Kelsey, Steve King, C. J. Lindquist, W. Longwill, M. McArthur, H. McEachern, M. M. MacLachlan, W.

OLIVER AFTER BETTER RATES

Criticizes Action of Dominion Government and Doubts Value of Railway Order

VICTORIA, June 9.—President Oliver in a statement criticized the Dominion Government's order to the railway board to revise the freight rates and takes the ground that the order does not necessarily remove the present discriminatory rates against British Columbia and that such instructions as were given to the board are beyond the powers of the Governor in Council.

DUNWELL SALE IS EXPECTED

Shares Drop But Elliott Holds Out Hope of Consummation of Deal

VICTORIA, June 9.—Following a drop in the quotations of Dunwell shares on exchange yesterday, R. T. Elliott, K.C., who is in charge of negotiations for the sale of the mine, stated that as yet there was no news from New York of the successful culmination of the deal but he hopes that the purchase of the mine will result in \$2,000,000 being available for distribution among the shareholders.

BODIES OF MINERS KENTUCKY RECOVERED

STURGIS, Ky., June 9.—The bodies of 14 miners, victims of the explosion in the West Kentucky Coal Company's mine yesterday, were found today. Three other bodies were recovered last night.

STRIKING MINERS AT NANAIMO DISMISSED

VICTORIA, June 9.—Men who voted to strike at the Nanaimo mines are being dismissed by the Western Fuel Corporation. Notices to this effect are posted at the mines.

HEAT WAVE BREAKS IN EASTERN CANADA TEMPERATURE IS 76

OTTAWA, June 9.—A break in the heat wave, which has held Ottawa in its grip for the last week, occurred today with a cloudy sky and the temperature down to 76. Yesterday the thermometer stood at 94, the highest in Canada. One death occurred from heat yesterday.

FOUR POWER TREATY SOON

Britain and France in Complete Accord and Decision of Germany Awaited

GENEVA, June 9.—Britain and France have reached a complete accord in regard to European security and if Germany, to whom the accord will soon be sent agrees to the conditions a four power pact including Britain, France, Belgium and Germany will come into being, based on the inviolability of the Rhine frontiers as delimited by the Versailles Treaty.

STRIKERS TO MEET AT NANAIMO TODAY

NANAIMO, June 9.—A mass meeting of striking miners will be held this afternoon when fresh proposals for a settlement will likely be discussed.

Investigate Alternative Route For Skeena Highway.

The building of the Skeena River highway is going to be a difficult work and one that will require a lot of preliminary investigation. As far as Galloway Rapids it is all plain enough and the bridge over those rapids will have to be built soon. From there, however, the route is not decided on and cannot be so decided until it is discovered whether there may be a better route and more easily built than the one up the Skeena River. There is reported to be a pass through the mountains coming out near Kitsumkalum Lake. This route, if there is one, would serve both Terrace and the Naas valley and would connect up Prince Rupert with the whole of the interior. Doubtless it would take some time to build, but a little could be done each year until completed.

The decision of the minister of public works to make a reconnaissance from the air in order to find out if there is such a pass will doubtless be followed by the sending of a reconnaissance survey party through the pass.

Law Of Immunity Mentioned In Book.

In Sinclair Lewis' new book, "Arrowsmith" appears the following: "Half a dozen generations nearly free from epidemics would produce a race so low in natural immunity that when a great plague, suddenly springing from almost zero to a world-smothering cloud appeared again, it might wipe out the world entire, so that the measures to save lives might in the end be the destruction of all human life."

The quotation is simply the meditation of a medical student but it contains a good deal of truth. In China where they live among evil smells all the time, people do not die of typhoid and similar diseases because they are immune through constant association.

Shut a young man or young woman quite away from all evils of the world and then let them loose and the probability is they will succumb almost immediately. The law of immunity does not protect them. We grow strong through opposition. We weaken as life becomes easy.

Not Many Rupert Bonds On Market.

Advertisements of Canadian bonds seldom contain any Prince Rupert issues. These seem to be quickly taken up and do not have to be advertised. Often there are lists of municipal bonds for sale, yet seldom are we as a city represented in them. There seems to be a demand all the time.

Strike Wave Is Enveloping Country.

There seems to be a strike wave enveloping the country, especially in the coal districts. Miners' strikes seem to be more common than any others and usually the mining districts are the centres of general strike movements.

There is a more or less concerted effort just now to disturb the industrial quiet which has prevailed for some time past. It shows itself in increased activities of those unions which usually seem to be active in fomenting strikes. Prince Rupert, as a centre of industrial activity this summer, is receiving attention. It will be a pity if the first bit of progress Prince Rupert has shown for some time is to be impeded by agitators who live by stirring up the workers and imbuing them with false hopes.

NEW ENGINEER TO BE SOUGHT

Public Works Department Will be Carried on in Meantime With Ald. Perry in Charge

The city council decided last night to call for applications for the post of city engineer which was vacated last week by F. W. Pearson. With this decision, which was made on motion of Ald. McMordie, seconded by Ald. Smith, there was incorporated a recommendation from the Board of Works to the effect that H. O. Crewe take charge in the meantime of the department's office work and J. McRae, foreman, the outside work. Ald. Perry, chairman of the Board of Works, to give the whole department his personal supervision.

The latter arrangement was first presented to the council but Ald. McMordie did not approve of it on the ground that he felt it unwise to attempt to carry on without an engineer. There were thousands of dollars expenditure involved especially in local improvement work and he did not think it could be efficiently carried on without a duly qualified engineer. He felt that it would at least put Ald. Perry in an unfair position.

Ald. Casey agreed to a certain extent with what Ald. McMordie said but he felt that the city might carry on for a while, at least, without an engineer. The work was all laid out and it was now simply a matter of grading, quarrying and surfacing. There were no great engineering feats to be undertaken and he thought that a good all round road man would fill the bill for the time being at least.

Ald. Brown felt that Mr. Crewe at least might be loaded with more work than he could handle under the arrangement suggested.

Lauds Foreman

Ald. Larsen felt that the arrangement suggested might well be put into effect. Splendid work was being put in by the foreman and strawbosses now having the work in hand. Grading on Eleventh Avenue was one example of the good work being done by the present staff.

Ald. McKechnie did not think an engineer was necessary right now. With Ald. Perry in charge he felt that as good results would be obtained as in the past. Mayor Newton was inclined to favor giving the arrangement suggested a try-out. Plans and specifications had already been prepared and he did not think work immediately to be done would need the expert services of an engineer.

Ald. Smith realized that Ald. Perry was quite capable of supervising the work but he questioned if he had the time to properly look after work that involved the employment of some 200 men.

Ald. Perry, while he was not looking for the job, said he would be willing to try it out and he thought he could keep the work going for a month at least.

Engineer Needed

Ald. McMordie pointed out that it would be at least a month before applications could be received and an engineer appointed. If it was then found that the present idea was working out satisfactorily, the council would not be obliged to appoint an engineer. He felt, however, that the council should be in a position to make an appointment if necessary. If it was his private business, he would not dream of carrying on such work without an engineer. He admitted Ald. Perry's abilities but what would his position be if he were called upon to settle with station men on Fourth Avenue work if it were decided to do it by contract?

Ald. Stephens also paid tribute to Ald. Perry's capabilities which had been reflected in city work already carried out. He felt, however, that it would be poor economy to try to get along without an engineer. The advice of both he and Ald. Perry would be needed.

After some further discussion, it was decided to call for applications for the position of engineer, the plan suggested by the Board of Works to be put into effect in the meantime.

The takings of the Hospital auxiliary as a result of the sale on Saturday amounted to \$21.40.

The Man in the Moon SAYS-

THE way to get into the newspapers is to start out for the north pole and get lost.

THERE are substitutes for a great many things, but even under Church union they will use a collection plate.

IF I had a ball
 An' I had a ball,
 I'd play a good game
 Or I'd eat my hat.
 I wouldn't miss 'em all
 Like the boys on the hill.
 I do my little bit
 An' lambaste the pill.

BETTER be on the wrong road than wandering about in the muskeg.

I KNOW a girl that's deep as a well but she'll never become a gusher.

IGNORANCE is bliss—
 Yes, it's folly to be wise,
 No matter what there is in sight,
 Be sure you shut your eyes.
 For if you always squint
 At everything you see
 You'll pretty soon be educated,
 Just the same as me.

THIS is a typical Canadian town. Everybody knows a whole lot more about his neighbors than the neighbors know about themselves.

A MOSQUITO is dangerous when he begins to sing. No, there's no moral to this. It's immoral.

THIS is the time of year when peaches bloom. Yes, there is a moral to this one. The bloom on the real peach won't rub off.

THERE'S no fool so foolish as an old fool. Mind he does not fool you.

Ten Years Ago in Prince Rupert

June 9, 1915.

The Bank of Montreal is renewing seventy-five per cent of the city's treasury certificates for one year in London, England. The action was endorsed at last night's council meeting on motion of Ald. Edge.

There was another display of warm feeling at last night's council meeting between Mayor Newton and Ald. Montgomery on the matter of the mayor's expenses while on a recent trip south. Ald. Edge rose to the defence of Mayor Newton.

Fred Peters, K.C., city solicitor, fears that his son Jack, who is reported missing, may have fallen in action at the front.

CINDER WALKS ARE PROTESTED AGAINST

City Council Decided Last Night to Comply With Bylaws Regarding Second Ave. and Fifth Street

Letters were received at last night's council meeting from S. K. Campbell, manager of the Canadian Bank of Commerce, the Prince Rupert Club and others protesting against the putting down of a cinder walk on Second Avenue near Fifth Street and requesting that board walks, as provided for in the original bylaws, be laid there and on Fifth Street between Second and Third Avenues. The letters expressed the emphatic opinion that cinder paths were not satisfactory in the business portion of the city.

Mayor Newton said that the work of putting down a cinder walk on Second Avenue had been proceeding but, when it was learned that protests were being lodged, the work had been ordered stopped pending a decision of the council. He urged that the decision be reached at once as the tourist season was now on and the city should have the best appearance possible.

After some discussion, in the course of which the city solicitor expressed the opinion that it was obligatory on the part of the council to carry out the intent of the original bylaw, it was decided on motion of Ald. Stephens seconded by Ald. McMordie to proceed with the work as called for in the bylaw.

W. H. SHERMAN IS NEW POUNDKEEPER

Duties of Poll Tax Collector Also Given Him — Will Receive Percentage of Taxes Collected

W. H. Sherman was appointed poundkeeper and collector of poll taxes by resolution of the city council last night on recommendation of the board of works. Mr. Sherman's remuneration will be 50 per cent of dog taxes and 10 per cent of poll taxes collected by himself.

If a boy ate

all he wanted of mince pie he would keep Mother and Doctor busy. Let him eat all he wants of Shredded Wheat—some boys eat six Biscuits at a sitting and then holler for more. It contains all the body-building elements in the whole wheat grain and is so easily digested. The crisp shreds of baked whole wheat encourage thorough chewing—and that makes it an ideal food for children.

The Canadian Shredded Wheat Company, Ltd. Niagara Falls, Ontario

The G.T.P. car barge, which has been in dry dock for cleaning, painting and minor repairs, is being floated this afternoon.

Sheriff Shirley is ill and unable to attend the Assizes. Constable Markland of the district provincial police office is officiating as deputy sheriff.

A cash drawer in the store of George Hill on Third Avenue was rifled over the week-end and \$20 taken. The culprit is believed by the police to have been a youth.

Union steamer Gardena, Capt. A. E. Dickson, returned at 11.30 this morning from Anyox, Alice Arm and Stewart and will sail for Vancouver and waypoints at 5 o'clock this afternoon.

P. B. Fowler, manager of the Hastings and Hamilton Street branch of the Bank of Commerce in Vancouver, is returning south on the Gardena today after a trip to Anyox on official business.

The session of the Assize Court re-opened at 2.30 this afternoon, having been adjourned from 12.15. The indictments were returned in the Neganie and Stewart cases and the empanelling of petit juries started.

Mr. and Mrs. H. K. Christiansen of Selma, California, who have been visiting in the city for the past few weeks, will return south on the Gardena this afternoon. Mrs. Christiansen is formerly Miss Knott of the local hospital staff.

Tenders for the supply of seven firemen's uniforms were opened at last night's council meeting and referred to the utilities committee with power to act. A-Carlson bid \$58 and Sam Wood, \$47.90, the latter to be made in Sherbrooke, Quebec.

C. V. Evitt was excused from service on the Petit Jury this morning because he is a member of the active forces. E. Davidson was excused until 2.30 and His Lordship ordered that inquiries be instituted for W. H. Montgomery who failed to answer when his name was called.

Tenders for electrical material were opened at last night's council meeting and referred to the utilities committee for report. Bids were submitted by the Canadian General Electric Co. and the Northern Electric Co. Ald. McMordie, chairman of the utilities committee, stated that the ordering of the material would involve considerable expenditure necessitating the voting of money from the council on capital account.

ABSOLUTE DECREES

Decrees absolute were granted at the Assizes this morning by Mr. Justice W. A. Macdonald in the Lindseth vs. Lindseth and Morrison vs. Morrison divorce actions. L. W. Patmore appeared for the petitioner in either case.

\$25.00 REWARD.

\$25.00 reward will be paid to the first person providing legal proof against anyone making derogatory statements in regard to the purity of milk handled by the Valentin Dairy. 136

INDIANS ARE WITNESSES IN MANSLAUGHTER CASE

The Indians, strange looking to these parts with their wide brimmed hats and bright kerchiefs, who have been wandering around town the past few days, are witnesses in the Neganie manslaughter case at the Assizes. This is the first case being taken up. The dead man, Johnson Louie, was employed by the accused. The latter was dissatisfied with him and, in a drinking fight, it is alleged that accused took the offensive and delivered a blow after which Johnson Louie died. No weapons were used. The principal witness in the case is Louie Johnson, son of the dead man who, according to medical evidence that will be submitted, was in poor health.

ESSINGTON ASSAULT BEFORE GRAND JURY

The Grand Jury at the Assizes was sent out this morning with the indictment in the Alex. Stewart case of Port Essington. There are two counts in the indictment—wounding with intent to kill and wounding with intent to cause grievous bodily harm. It is alleged that there was trouble between the accused and another Indian David Douglas, over a boat. Accused went to his house and got an axe with which, it is charged, he assaulted Douglas about the head and other parts of the body. L. W. Patmore, it is understood, will prosecute this case with Milton Gonzales defending.

VERY LITTLE CRIME IN THIS DISTRICT

Mr. Justice W. A. Macdonald, in his charge to the Grand Jury this morning, congratulated the district on the small amount of crime in such a large area which this time included all of Northern B.C., the only Prince George case having been transferred here. There were only four cases in all though they were serious. His Lordship then proceeded with his technical charge to the Grand Jury—first in a general way and then in detail.

FIVE HUNDRED LOST LIVES IN HEAT WAVE

CHICAGO, June 9.—The death toll of the ten day heat wave passed the 500 mile mark last night, but conditions were much improved today following heavy rains and wind storms. Official figures show 136 deaths in Philadelphia during the wave.

MAIL TRAIN WRECKED ON AUSTRALIAN LINE

BRISBANE, Australia, June 9.—Nine persons were killed and 40 injured today when the Brisbane-Rockhampton mail train was wrecked.

BAD BLOOD IS THE CAUSE OF PIMPLES AND BOILS

What you need when the blood gets out of order is a good tonic to tone and build up the system and put the blood into proper shape.

BURDOCK BLOOD BITTERS

Mr. L. A. Deibert, Allan, Sask., writes:—"For several years I was troubled with boils and pimples. I tried many treatments but could get no results. I then took Burdock Blood Bitters and became free of my trouble. It is the only medicine I ever took that did me any good."

HOW TO PLAY FOOTBALL

How to convert corner kicks into goals; practical plan for doing so

(By "Andy" Ducat, Manager of Fulham Club.)

How many corner kicks do your forwards turn into goals? The more football I study, the more amazed I grow at the number of these golden opportunities flung away.

Defenders are always in force round the goal on these occasions. That, however, is no reason why any line of forwards should say to themselves, "What's the use of trying?"

You often see a forward take a corner and kick the ball behind the goal. Whereupon the attackers retire as though this were quite the usual thing to do. In fact, I have even known a forward come away from his corner after a shocking kick with a smirk on his face as though he had done something clever. This has got to stop if your team is to win. Here is a plan for converting corner kicks into goals. Test it, and keep count of the extra goals you score from corners.

You need two definite men to take corners. These must be trained to place the ball accurately in front of the goal. Devote part of your training time to this important work.

Swover From Corners

Meanwhile the rest of your attack must stand by and watch the swerve of the ball.

Swover is not an accident. Kicked in a definite way, a ball swerves in a definite direction. How does this affect you? In this manner. When your forwards know which way a ball swerves when kicked from a corner, they will get ready to take it while the defenders are wondering where it will land.

Knowledge of the way the ball swerves gives your men a big advantage in front of the goal.

Take your corners from different spots; that is, place the ball sometimes on the touch line and sometimes on the goal line. When the ball is placed on the touch line it must be kicked with the right foot; when the ball is placed on the goal line, it must be kicked with the left foot.

Carry out these instructions to the letter and you will make an interesting discovery. That discovery is this—that the ball will always swerve in front of the goal, never behind it. To be more correct, when the ball is kicked from the goal line with the left foot the swerve will certainly be in the direction of behind the goal, but because the ball is kicked into the field from the level of the goal, what actually happens—provided the ball is properly kicked—is that the ball travels straight until it is just in front of the goal, and then it swerves sharply in towards the goal mouth.

Conversely, when the ball is kicked from the touch line with the right foot, the ball first travels as though it were going behind, but then swerves sharply out again just as it nears the goal.

These intricacies of swerve come much clearer to you when your wing forwards actually prove them on the field. First put the ball on the goal line and kick with the left foot; then put it on the touch line and kick with the right foot.

A Practical Plan

Here is how this knowledge of swerve helps you to convert corner kicks. Your forwards see their man put the ball on the goal line. They know at once that he will kick with the left foot and that the ball after apparently travelling away from the goal will suddenly swerve in towards it. The defenders will

have no such knowledge. Seeing the ball travelling away, they will move outwards to intercept it. Your own men will either hold their positions or move in; they know that although the ball looks as though it is going away, it is actually certain to swerve in again. In this way the defenders are outwitted and the forwards get a much clearer field for a shot at goal.

You must realise that the swerve of a ball is nearly all in the last few yards. Just as the force of the kick expands itself, the force of the swerve operates.

With a good kick, the ball is almost level with the goal before the swerve becomes marked enough to be noticed and acted upon. This gives the defenders plenty of time to get in the wrong place. Your men don't need to guess where the ball is coming; they expect the swerve. To get the maximum result from this plan the ball must be kicked by one of two men who have been trained first to kick with both feet, and second to kick with a carefully calculated force so that the swerve becomes operative just in time to put it towards your own men.

Neatly Placed Shots

The man who kicks from corner must forget the goal post. Aim at a spot fully seven yards in front of the goal. If the ball is placed too close in the goal keeper may reach it with his hands.

Keep the ball low; a slow shot accurately placed by a kick with the whole instep is much better than a "flyer" sent in with the toe of the foot.

You can get much more swerve on the ball by kicking the side of it, instead of the centre. This is a complicated subject best worked out by watching on the field itself.

Sport Chat

Unless they tie one of the two teams is going to have its first credit on the standing sheet in

Ingersoll MAPLE LEAF

THE Old Reliable—sturdy and honestly good looking. It has the dependability that everyone expects in an Ingersoll. \$2.00

the city championship soccer series tonight when the Canadian Fish & Cold Storage Co. meets the Great War Veterans in a regularly scheduled league fixture. Both the teams had rather had defeats last week, the Vets at the hands of the Gallies and the Cold Storage by the Sons of England. It is generally felt however that both teams are capable of putting up better soccer than they did last week and, for that reason, tonight's game should prove interesting in determining who is to get on top.

The line-ups for the game will be as follows:

Cold Storage—A. Murray; W. H. Long and S. Darton; J. Torney, J. Sims and H. Carlson; Malcolm Lamb, J. Corbett, E. Bye, Dick Lambe and Fred Hardy. Reserves—G. Hills and F. Steffentude.

Steve Donoghue, in winning the Derby recently, beat the jockey record in the history of the big racing classic. He has six wins to his credit whereas the late Fred Archer had five. Donoghue's Derby record is: 1915—Pommern; 1917—Gay Crusader; 1921—Humorist; 1922—Capt. Cattle; 1923 Papyrus; 1925—Manna.

Old Jupe Pluvius paid an unexpected visit to town last night with the result that the scheduled Senior League baseball fixture between the Sons of Canada and Gyro Club had to be postponed. A date will be fixed for it later in the season. The next scheduled game is between the Sawmill and Sons of Canada on Thursday evening.

A. H. Carmichael, who has charge of the tennis tournament being played at the Prince Rupert Tennis club courts, announces that entries must be in by tonight and that games in the first round may be played any time before Sunday. Players will arrange their own time for games. There is a fine list of prizes offering for the winners and it is expected keen competition will be developed.

TELKWA CARRIED OFF BASEBALL HONORS

Beat Smithers to Tune of One to Nothing in Match Friday

SMITHERS, June 9.—Another closely contested football game was played in Smithers on Friday evening when the Telkwa team came over to play the local eleven. The game was very keenly contested and at the end of the play the score stood one each, the spectators called for the game to go on, so the boys decided to play two ten minute periods more. This resulted in a win for Telkwa as they scored once in the first extra period while the locals were unable to notch another score.

CITY MAKES GRANT TO SWIMMING CLUB

Vote of \$150 Recommended by Finance Committee Approved by Council Last Night

On recommendation of the finance committee, the city council last night decided to grant \$150 to the Swimming Club to be used in the work of making improvements at the Salt Lake. Ald. Stephens suggested that the money be used under the supervision of the Parks Board but Ald. McMordeie did not agree with this on the ground that the Parks Board already had all the work it could handle and the Swimming Club was capable of spending the money to good advantage.

DEBATE WAS A VERY LONG ONE

Conservatives were Determined Not to Let Anything go by Without Shot at Rupert

Prince Rupert must have been very much in evidence at the debate on the elevator. It is impossible to give all the discussion in which many of the prominent opponents of the Government took part. Kennedy of Edmonton made a plea for the opening of the Peace River and also took a slap at Prince Rupert. Manion, the renegade Liberal, went out of his way to bump the project and Sir Henry Drayton came back time after time. His final speech follows:

I should think, Mr. Chairman, we might have got some reasonable explanation from the government, but any excuse they might make would have to be so lame, so pitiful and so halting that really I think they are adopting the course of wisdom in leaving the thing as it is. But there are just one or two considerations I am going to again draw to their attention. In the first instance, I entirely agree with the member for West Edmonton (Mr. Kennedy) that there is a first rate grain country in the Peace River district which may be served by Prince Rupert; it may never be. Undoubtedly the traffic from that district ought to be pulled in a westerly direction; there ought not to be a back haul east; but as to whether the line will come out in the neighborhood of Vermilion pass or not I do not know; if it comes out west of that pass I do not know exactly how far west it will come out, and even then I do not know whether it will come out so far west that the route will be cheaper than going to Vancouver. But in the meantime I am free to admit that there is a possibility that some day, when some policy has been evolved for the Peace river district, and when perhaps we have money to spend—because after all this thing relates to money, and even this government cannot make political expenditures all over the whole map at once, and undoubtedly they remove the possibility of doing something in the Peace River country when they turn around and spend what they are spending here—but some day when perhaps we have money to spend this may be a better outlet for the Peace river district than Vancouver. We do not know. But we do know something about the conditions today, and I am just going to ask hon. gentlemen to turn up their Hansard at page 2144 of this session.

The chairman: Is the hon. gentleman referring to a debate that has taken place this session?

Sir Henry Drayton: No, Mr. Chairman, fortunately I am not. If I were I would be clearly out of order. I am referring to information which I succeeded in getting from the government in connection with this very matter, namely, the amount of business which is carried on in this territory.

The chairman: May I ask it contained in a debate that has already taken place this session?

Sir Henry Drayton: It is in the form of question and answer, and I have great pleasure in referring the Chairman to it. It will be found at page 2144 of this session's Hansard. I asked this question:

"What are the respective freight tonnages moved by the Canadian National System on the line running from Yellowhead Pass to Vancouver, and the line running from that pass to Prince Rupert in each of the years 1923 and 1924?"

This is the answer given by the Minister of Railways (Mr. Graham):

1923. 1924.

Tons of revenue freight received at Prince Rupert from points east 33,052 26,237

Tons of revenue freight received at Vancouver 336,501 676,942

In other words, the business to Prince Rupert in 1923 is less than one-tenth of the business to Vancouver, while in 1924 the percentage is a great deal less than that. The whole thing is just simply a pity. It is a great pity that my hon. friends last session were misled by, to say the least, mistaken estimates. It is a great pity that with deficits as they are we are committed to the expenditure of \$1,329,000 for

SILVER WEDDING OF MR. AND MRS. LEVEQUE NICELY CELEBRATED

Presentation of Tea Service Made by Friends Who Formed Surprise Party

Monday night the residence of Mr. and Mrs. A. Leveque, 252 Ninth Ave., was the scene of an enjoyable surprise party when a number of friends invaded the home to celebrate their silver wedding. An address was read and presentation made of a beautiful silver tea service on behalf of the company by Mrs. L. Blain and suitable replies were made by the host and hostess.

Dancing, singing and other amusements occupied the time until a late hour. Those present were Mr. and Mrs. A. Leveque, Mr. and Mrs. W. Gratton, Mr. and Mrs. O. Besner, Mr. and Mrs. Couture, Mr. and Mrs. H. Letourneau, Mr. and Mrs. Hugh Smith, Mr. and Mrs. L. Blain, Mr. and Mrs. F. Riffon, Mr. and Mrs. J. Garon, Mrs. Y. Pitt and Mrs. H. DANCE AT GLENTANNA PROVED JOLLY AFFAIR

Lot of Smithers People Drove Out to Take Part in Proceedings

SMITHERS, June 9.—The little school house at the cross roads in the Glentanna district was the scene of a very jolly dance on Friday evening. The farmers and their wives gathered from all parts of that section and as they make everybody welcome at their dances several car loads of town folk motored out from Smithers to join in the merrymaking.

Charlie Newitt, a pioneer of Glentanna and an old veteran of the Reil rebellion, acted as master of ceremonies, and he also called the changes for the quadrilles.

At midnight supper was served and before dancing was resumed Mr. Newitt thanked the visitors for their attendance and the volunteer musicians for their assistance and on being called on for a song started an enjoyable impromptu concert. Among the numbers heartily encored were the recitations by little Miss Evelt.

NEW CLERGYMAN FOR SMITHERS AND TELKWA

Rev. J. B. Gibson Has Large District; Reception on Thursday

SMITHERS, June 9.—Rev. J. B. Gibson, the successor to Rev. R. E. W. Biddell at St. James, Anglican Church, arrived in town from Anyox on Friday evening. He conducted his first services at the local church Sunday night and made a most favorable impression with the large congregation that was on hand to welcome him.

A public reception is to be held in the Rectory on Thursday evening in order that he may become personally acquainted with all the members of his church.

The Smithers and Telkwa Anglican mission fields have been amalgamated with Mr. Gibson in charge of the whole district. In addition to holding services in these two towns he is making arrangements for periodical visits to Glentanna, Driftwood, Round Lake and Houston.

SMITHERS

Duke Harris, spent the latter part of the week in town, the guest of his brother Edgar. Mr. Harris returned to New Hazelton on Sunday's train.

A. E. Campbell of the Government office staff is on his annual vacation and left Saturday evening for Kamloops where he will attend the L.O.O.F. convention as representative of the Bukley Valley Lodge, No. 30.

The Cub Boy Scouts staged their first game of baseball at the Agricultural Park last Thursday evening, the youngsters displayed a fund of energy and vim, so much so that the

score ended at 21 to 11 in favor of the Tigers.

The Hon. E. D. Barrow, minister of agriculture, accompanied by Col. W. S. Latia of the land settlement board, arrived in Smithers Saturday evening. They are on a tour of Northern B.C. and will spend a few days in and around Smithers.

George Findlay, road foreman and his gang of road makers, to the joy of Smithers autoists, started work on the road between here and Lake Kathlyn, the local summer resort. One of his first jobs was making a new road where it branches from the main one down to the lake shore, thus eliminating a piece of road that, although only very short was very crooked and always rough.

TERRACE NOTES

The spring sale of work of the Women's Auxiliary of the Anglican Church proved more successful than ever. There was an unusually pretty display of summer dresses.

Mr. and Mrs. McCullough and family have arrived from Alberta and are making their home here.

Mrs. McCubbin and Mrs. Sessions of Pacific were in town on Saturday to attend the Anglican Church.

Mr. and Mrs. Joe Greer and family of Prince Rupert are visiting Hill Farm.

Mrs. and Miss Du Vernet returned to Prince Rupert on Friday.

The funeral of Al. Johnson took place on Friday from the Anglican Church. Service was held in the church before leaving for the cemetery. Al. John-

son was one of the old timers. He had been ailing for some time.

There was a basket social and dance at Usk Saturday night which proved very popular.

Miss Thelma Bunn is spending her holidays at Remo and Usk.

Mr. MacDonald has been appointed ferryman at Usk.

The Copper river ferry is having a new cable put in.

Mrs. A. E. Fowler returned from Prince Rupert on Wednesday.

F. Phiscator and J. Siegfried are leaving Friday for Dease Lake.

Robt. Leighton, fire inspector, was in town on an official visit.

The Forestry department are repairing the Lakelse telephone line.

TIMBER SALE X 7050.

There will be offered for sale at Public Auction, at noon on the 18th day of June, 1925, in the office of Forest Supervisor at Smithers, B.C., the Licence X7050, to cut 180,000 lineal feet of Cedar Poles and Piling on Lot 2389, situated on the South Bank of Skeena River, west of Skeena Crossing Cassiar Land District.

Two (2) years will be allowed for removal of timber.

Provided any one unable to attend the auction in person may submit a sealed tender to be opened at the hour of auction, and treated as one bid.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

Can You Afford to Speculate?

EVERY time you buy something you are either speculating or making a definite investment.

Few people can afford to speculate. Yet many do it continually, in making their everyday purchases. And it is so unnecessary. The advertisements make it easy for any one to avoid taking a chance.

The merchant or manufacturer who advertises, realizes that the good-will of his customers means money in the bank to him. He knows that the public confidence in his product and public respect for his own character are as valuable as his credit at the bank.

So he makes the individual satisfaction of his patrons, their loyalty and their friendship paramount issues in his business.

When you buy an advertised product, you can know in advance what to expect in return for your money. You can count on its being right. You are making an investment.

But when you buy nameless, unbranded merchandise, you are taking a chance. You are speculating.

Know what you buy. The advertisements will tell you.

TWO MINISTERS WELL RECEIVED

Stewart Gives Banquet to Sloan and Sutherland and Public Meeting Held

IMPROVEMENTS PROMISED

STEWART, June 9.—The two provincial ministers, Hon. William Sloan of the mines department and Hon. Dr. Sutherland of the public works, accompanied by H. F. Kergin, M.P.P., were banquetted here yesterday by the Board of Trade and later a public meeting was held at which all three gave addresses.

The party visited the mines up the Salmon River, Bear River and also on the Marmot River and the ministers expressed astonishment at the wonderful development they saw and at the beauty of the scenery.

Dr. Whillans presided at the public meeting and P. A. Jack acted as the banquet.

Dr. Sutherland in his address promised to repair the Bear River road and extend it as far as American Creek. Also he said they would build a new road up to the forks of the Marmot River. Up the Salmon River trails will be improved for thirteen miles.

Mr. Sloan reviewed the political condition of the province and quoted figures to show the progress that was being made.

Both ministers were given a cordial welcome.

MOST OLD FOLKS REQUIRE A HEART AND NERVE TONIC

After middle age little sicknesses and ailments seem harder to shake off than formerly as the heart action becomes weak and uncertain and the nerves are not as steady as they were in the younger days. Now is the time when all aged people who wish to maintain their health and vigor and retain their energy unimpaired should use

MILBURN'S HEART AND NERVE PILLS

Mrs. M. O'Connor, Whitestone, Ont., writes:—"I have been troubled, most of my life, with shortness of breath, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's H. & N. Pills, which I did, and at once found relief, and I have never had a really bad spell since. I am 80 years of age and I always keep them in the house, and feel that with their help I will see many years yet. I always recommend them to anyone who is suffering from heart trouble."
For sale at all druggists and dealers.

ready called him a liar twice. He did not intend to be called a liar until he was one and he knew his ground on this point.

"I think it is small potatoes," continued Ald. Stephens, "to crawlfish on a motion that was passed only a week ago in the presence of the city engineer. I believe that we have lost a splendid engineer and I also believe that had the \$25 increase in his salary not been vetoed he would not have looked for another job but would still have been here. I think the council is now in a position where it should at least do the graceful thing."

Fair Thing to do

Ald. McMordie said he had voted last week that the city engineer be given his salary in full for June. He thought it was a generous and fair thing to do. He had differed with Mr. Pearson on certain points and had not reason to give him anything that he was not entitled to. He thought that he had been a really good engineer and had done his best for the city and he was of the opinion that it was but fair to carry into effect the resolution giving him salary for the month of June.

Ald. Brown believed that there had been two resolutions. In any case he remembered distinctly that one had provided for the engineer to be given his salary for June.

Ald. Casey discussed the principle of holidays and expressed opposition to anybody being given salary in lieu of not having taken holidays.

Ald. Larsen thought that the council should remember that it was spending public money. Would any of the aldermen give \$250 to an employee under similar circumstances?

Ald. Smith did not see what all the discussion was about. He remembered clearly that the month's salary had been passed unanimously. He did not see what right the mayor had to veto it.

Mayor Adamant
Mayor Newton still insisted that no such motion had been put or passed. It would have had at least his opposition.

Ald. McKechnie did not remember that the resolution giving the \$250 salary for June had been put.

The resolution of Ald. Stephens and Ald. Perry that the minutes be adopted including the \$250 salary clause was then put and it carried with Ald. Stephens, Ald. Perry, Ald. McMordie, Ald. Brown and Ald. Smith voting in its favor with Ald. Casey, Ald. Larsen and Ald. McKechnie against. Mayor Newton immediately vetoed the motion.

Ald. Stephens then demanded that the resolution be reviewed and put again. Mayor Newton refused to do so and the city solicitor was called upon for a ruling. He declared that the motion could be put again at once. Ald. Stephens and Ald. Perry then moved again that the \$250 be paid. Mayor Newton refused to put the motion, insisting that he had thirty days in which to give his reason for the veto. The solicitor was again asked for a ruling.

Grim Determination
The mayor advised Ald. Stephens that he might rest assured he would not act tonight.

"All right," replied Ald. Stephens, "I can play a waiting game just as well as you. I can stay here for thirty days if you can. I would advise you that neither the mayor nor any of the aldermen are a law unto themselves."
"I want to tell you, Ald. Stephens, that it will take a better man than you to budge me,"

ONE BIG UNION AND NANAIMO COAL STRIKE

Deputy Minister of Labor Says Leaders of Union Active in That Area

VICTORIA, June 9.—The One Big Union is involved in the Nanaimo strike, according to J. D. McNiern, deputy minister of labor, who returned this morning from a trip to the mine area. Mr. McNiern states that the leaders of the One Big Union are active among the strikers but he has little fear that any disorders will arise.

YADLOCK IN COUNCIL OVER SALARY GIVEN TO CITY ENGINEER PEARSON

(continued from page one)
Vancover with expenses paid on city business. He had also been off when he had brought his family to the city. Mayor Newton said that Ald. Casey was right.

Ald. Stephens declared positively that Mr. Pearson had not been off to bring his family to the city. Neither did he think that it should be regarded as a holiday when an official made a trip on city business.

Mayor Newton insisted that Mr. Pearson had been off at the time of his family's arrival and other times, too. Ald. Stephens replied that His Worship had al-

LAND ACT.

BRITISH COLUMBIA

The Mineral Province of Western Canada
TO END OF DECEMBER, 1924.

Has produced Minerals as follows:—Placer Gold, \$77,382,953; Lode Gold, \$118,473,100; Silver, \$68,824,579; Lead, \$70,548,578; Copper, \$187,480,378; Zinc, \$32,171,497; Miscellaneous Minerals, \$1,431,349; Coal and Coke, \$269,880,048; Building Stone, Brick, Cement, etc., \$42,225,814; making its Mineral Production to the end of 1924 show an

Aggregate Value of \$859,427,386

Production for Year Ending Dec. 1924, \$48,704,604

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire. Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.

Full information together with Mining Reports and Maps, may be obtained gratis by addressing—
THE HON. THE MINISTER OF MINES
Victoria, British Columbia.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

WESTHOLME THEATRE

TONIGHT ONLY at 7 and 9

Larry Semon

— in —

'The Girl in the Limousine'

Larry's first feature length comedy. A riot of laughter with a big cast of popular comedians and pretty girls. Larry, as a bashful lover with the sweetest little peach in Hollywood helping, quainter, funnier, more eccentric than ever. Six big reels of pure fun for you to laugh, choke and thrill at. Oh! Boy, what a beauty! Twinkling eyes, dancing toes. No wonder he fell for her, but there's a surprise in store even a wizard couldn't guess. A real jazzy, frilly, peppy photo-play. Superb cast.

Larry Semon, Claire Adams, Charles Murray, Larry Steers, Oliver Harding, Lucille Ward and others.
