## WONG FOON SING ABDUCTION CASE IS ON

### GOVERNOR GENERAL ARRIVING HERE THIS AFTERNOON AT FOUR O'CLOCK

#### Sensational Evidence Given in Wong Foon Sing Abduction Case in the Point Grey Police Court

One of party tells how Chinaman was seized and of those who visited the bungalow prison

VANCOUVER, June 27.—Many sensations developed in the Point Grey police court at the night session of the preliminary hearing of eleven persons charged with the abduction of Wong Foon Sing, the Chinese houseboy, who is facing a murder charge in connection with the death of Janet Smith, the Shaughnessy Heights nursemaid.

Varily Norton, star witness for the crown and self-confessed member of the party that kidnapped the Chinaman, took the stand.

Norton, when questioned by the crown prosecutor, told of those whom he claimed visited the Chinaman when he was confined in the 25th Avenue house, declaring that Police Commissioner McDonald and Chief of Police Murdoch of Point Grey had on two occasions that he knew of visited the house and questioned Wong.

In telling of the actual abduction, Norton said: "We found our way to the basement of the house in Shaughnessy Heights at the home where Wong was employed and went right to the Chinaman's room. We broke down the door but could not find him, when we heard him call from the basement door and seized him, tied him and brought him to the house on Twelfth Avenue."

Mrs. Alice Donnelly, an employee of Robinson, the detective, picked out from the eleven accused persons those whom she said had visited Robinson following the alleged abduction. Asked whom she had seen she picked out Police Commissioner McDonald, Police Chief Murdoch and Police Sergeant Kirkham, Mrs. Stratton and Patterson, she did not see M. B. Jackson, special investigator of the murder case for the attorney general's department, when she first pointed to those she had seen in Robinson's office but later pointed to Jackson.

ELKS TO ASSEMBLE PORTLAND ON TWELFTH

PORTLAND, Ore., June 27.—Elkdom will hold Portland for one solid week, from July 12 to 18, when the sixty-first grand lodge reunion of Benevolent and Protective Order of Elks will be held in this city.

More than 30 special trains have been arranged to bring delegates and club members from all parts of the country, and thousands are expected to come by automobile and by boat. There will be bands, drum corps and drill teams, and many of the lodges have arranged to send their delegations in special uniforms.

Mrs. York of 839 Third Ave. W. was fined \$50.00 in the Police Court this morning for allowing drunkenness on her premises.

LOGGING CAMPS ARE BURNED OUT

Assistant Forest Ranger Lost Life When Trying to Rescue Residents

VANCOUVER, June 27.—Oliver G. Clark, assistant forest ranger, was burned to death in a bush fire at Port Neville in attempting to rescue the residents of Hanson's Logging Camp. All escaped except Clark but the camp is reported to have been wiped out.

**AUSTRALIAN TRADE TREATY IS PASSED**

OTTAWA, June 27.—The Australian trade treaty giving special concessions to that country on goods exported from Australia into Canada, which was passed recently by the House of Commons, has now passed the Senate and needs only the signature of the Governor General to make it law. This is being given today.

The treaty yet has to be adopted by the Australian parliament before it becomes effective.

**PARLIAMENT PROROGUES**

Business Completed After all Night Session During Which Estimates Passed

**CONVICTIONS ARE QUASHED**

Home Bank Directors Will go Free Under Decision of Appeal Court

TORONTO, June 27.—Convictions registered against the directors of the Home Bank by Judge Coatsworth under the Bank Act proceedings, instituted following the failure of the bank in August, 1923, were quashed by the first appellate division of the Supreme Court of Ontario in the judgment handed down this morning.

**FISH ARRIVALS**

There was only a fair amount of fish offering at the Exchange this morning and the price was about the same as during the last few days.

**AMERICAN**

Wizard 50,000 to the Canadian Fish & Gold Storage Co. at 11.30 and 6.

**CANADIAN**

Rose Spit 11,000 to Royal at 12.30c and 6.80c.

Tramp 15,000 to Cold Storage at 11.90c and 6.70c.

Inez H. 9,000 to Cold Storage at 11.90c and 6.50c.

Kayusu 5,000 to Cold Storage at 12c and 6.50.

#### Governor General is Arriving Here at Four

Rested at Kaien for few hours Following Long Ride Down Skeena Canyon

In order that the Governor General Lord Byng may have an opportunity to rest following his long journey, the special train on which he is travelling stopped at Kaien this afternoon just after one o'clock and will move again in time to reach Prince Rupert at four as scheduled.

The Governor was given a great reception at Hazelton yesterday. The whole town turned out to welcome him. Arches had been erected in his honor and the whole countryside was en fete.

His Excellency enjoyed the trip down the Skeena very much. The train travelled slowly in order to give him and Lady Byng and the other members of the party an opportunity to enjoy the scene.

The party leaves for the south tonight at six o'clock after spending two hours in the city.

**INFANT CHILD DIES**

The infant child of Mr. and Mrs. G. Ciccone was admitted to the hospital last night and died shortly afterwards.

**Two Men Lose Lives in Big Fire Which Destroyed Quesnel Stores to the Value of about \$100,000**

QUESNEL, June 27.—John Erickson, trapper, aged 30, and Jack Simister, old time telegrapher and trader and of later years a cook, who came into the Cariboo in 1884, lost their lives in a fire Thursday night which destroyed eight business establishments causing a loss of \$100,000.

It is believed that the fire started in a lodging house as a result of the upsetting of a kerosene lamp.

Two persons in addition to the two who lost their lives, were injured in fighting the fire.

#### Tug Rammed by F.P.R. Liner and Nine Men Drowned Just Outside Harbor of Quebec Last Night

QUEBEC, June 27.—Nine men were drowned when the tug Ocean King was rammed by the Canadian Pacific liner Marloch off the harbor last night.

On the way to assist the Marloch to enter the harbor, the tug was struck amidships and almost cut in two by the impact and began to sink immediately.

When the rushing waters reached the boilers, they exploded and there was a swirl of water and the tug and crew disappeared.

The tug was owned by the St. John Drydock Company and commanded by Capt. A. E. Stevens of St. John, New Brunswick.

**WAR VETERANS ASK FOR CONSCRIPTION CASE WAR DECLARED**

OTTAWA, June 27.—A resolution urging the Dominion Parliament to consider legislation to mobilize the whole power of the nation for national service in the event of a declaration of war, was adopted by the Great War Veterans convention here yesterday afternoon.

**OAK BAY EXPERIMENT ON REVERTED LANDS**

Comment of Newspaper on Result of Scheme Recently Adopted There

(Victoria Colonist)

The company known as Oak Bay Lands Limited is to be congratulated upon having revived interest in real estate values. What it has really done is to create optimism in the local real estate situation by showing the inspiration of home truths through intensive advertising. It has made an appeal to civic patriotism, to the people's belief in their own resources, and it has been justified to the full in its faith. What it has done, more than the actual sale of over 100 lots of real estate in the Oak Bay Municipality, is to promote a building campaign. Many homes will be erected on the lots purchased and through that medium there is certain to arise a new feeling of optimism in the value of home ownership. The Oak Bay Lands Limited adopted a courageous course. It carried out its campaign in the face of much criticism intending to depreciate the purpose it had in view. What it has accomplished is well worth while. It has lifted the burden of reverted lands in the Oak Bay Municipality, and it has shown that, by a properly organized campaign, confidence can be restored in real estate values.

**SHEPHERD NOT GUILTY MURDERING McCLINTOCK**

CHICAGO, June 27.—After five hours deliberations the jury acquitted William D. Shepherd of murdering his foster son William N. McClintock.

**WIRELESS REPORT 8 a.m.**

DIGBY ISLAND.—Part cloudy, calm; wind S.E. light, Bar. 30.08; at 7 p.m. spoke the S.S. tug Lorne, south end Banks Island, bound Captains Cove.

**BULL HARBOR.**—Cloudy, calm; barometer 30.04; sea smooth; 7:30 a.m. spoke the Camosun Alert Bay, northbound, 8 p.m. spoke the s.s. Rachellie abeam Bull Harbor south bound, 8 p.m. spoke the tug Cape Scott, bound Hardy Bay.

**NOON**

DIGBY ISLAND.—Cloudy, south east wind; barometer 30.08; temperature 60.

BULL HARBOR.—Cloudy, wind, southwest; barometer 30.05; temperature 60.

#### FINAL PASSAGE ELEVATOR VOTE

Total Sum Now Appropriated is \$1,335,000 For Prince Rupert Improvement

OTTAWA, June 27.—The late afternoon sitting of the House of Commons yesterday was occupied in consideration of the estimates. Among the items voted in the supplementary estimates was a sum of \$685,000 for the construction of the Prince Rupert elevator.

This makes a total of \$1,335,000 for the elevator, the sum of \$150,000 having been voted last year and \$509,000 in the main estimates to which there was such determined opposition.

#### FISHING POOR SKEENA RIVER

Gale Yesterday Played Havoc With Fleet For Time But No Fatalities

Fishing in the Skeena River is reported to be very poor only about eleven fish to the boat coming in.

Yesterday the big gale played havoc with the fleet and some of the boats found it difficult to reach shelter. The tugs were out looking after them and no fatalities are reported.

#### WIPED OUT ALL OF SETTLEMENT

Only Five Houses and School left in Monahan, Washington, After Big Fire

SEATTLE, June 27.—A fire, which started from a cigarette in the wash room of the Bratnober Lumber Co. sawmill at Monahan yesterday, burned all but a dozen homes and the school in the settlement causing the loss of half a million dollars. One hundred persons are homeless as a result.

**Strike Influence On The Elections.**

The influence of the Nova Scotia coal strike on the elections in that city seems to have been a big factor in the defeat of the Liberal party. It would seem as if the people of the province fancied the attitude of the government was not strong enough because both Liberal and Labor candidates went down to defeat. The only Labor man elected was one who was endorsed by the Conservatives.

At this distance it looks as if the people wanted a government that would take more prompt and determined action to prevent acts of violence such as have been reported in Nova Scotia recently.

**Tells Of The Men Who Never Go Home.**

One more quotation from "Arrowsmith," Sinclair Lewis' book, may interest Daily News readers. The hero is in the West Indies and he tells of a saloon called "The Ice House" and of the habitués. He says:  
"Calmed by rum swizzles, those tart and commanding aperitifs which are made in their deadly perfection only by the twisting swizzle-sticks of the darkies at the Ice House Bar, the exiles become peaceful and have another swizzle and grow certain again (as for twenty-four hours since the last cocktail hour they have not been certain) that next year they will go Home. Yes, they will taper off, take exercise in the dawn coolness, stop drinking, become strong and successful, and go Home. . . . The Lotus Eaters, tears in their eyes when in the dimness of the Ice House they think of Piccadilly or the heights of Quebec, or Indiana or Galatia, or the clogs of Lancashire. . . . They never go Home. But always they have new reassuring cocktail hours at the Ice House until they die, and the other lost men come to their funerals and whisper one to another that they are going Home."

**Publishing Expenses Continually Mount.**

The cost of publishing a newspaper seems to mount steadily. Sometimes it is an addition to the cost of the news service and sometimes to the post office charges or to the auditing services, perhaps to some other department, but the change is always upward. There never seems to be any such thing as reducing costs. The result is that newspapers that formerly were prosperous today are languishing and cannot succeed. The general trend throughout Canada has been toward reducing the number of dailies. With a very few exceptions, all newspapers are for sale. Most of them are a liability rather than a resource. While there is a fascination about publishing there are so many handicaps that people are not as keen to rush into the business as they once were.

In Prince Rupert for a number of years an effort has been made to publish two newspapers at the same hour. This has been fatal. One of these papers is now for sale but the purchaser will find that in the future as in the past, two papers published in the afternoon in a small town like this under modern conditions cannot both succeed. In time there will be a morning field which will undoubtedly be filled because people like a morning paper.

Realizing the poor news service which it has been possible to give here under the existing conditions, this paper is now investigating the possibility of securing a leased wire to Vancouver with an operator in the publishing office so that there may be practically no limit to the amount of press matter secured. While this would cost rather more than at present it would enable a much better service to be carried. Whether this will be carried out or not lies largely with the Telegraph Company. At any rate efforts will be made in the near future to increase the service. The difficulty is the long distance from the source of news supply and the consequent heavy tolls.

**Dr. Grant Tells of Florida and Other Parts of Southern States; Saw No Drunkenness while there**

Strange as it may seem, we got relief from the intense heat the moment we struck Florida. On account of the narrowness of the peninsula—100 miles across—a breeze from the sea blows gently and constantly, and while there may be no change in the thermometer, there certainly is in the intensity of the heat, for it becomes bearable with the wind blowing. Every afternoon while I was there it showered, for it is the rainy season in summer. One shower lasting two hours, let fall 1-2 inch of water. There is no such a thing as drought in Florida. Naturally these showers help to keep the air cool. Florida is as level as the prairie and is covered yet with woods, consisting of pine, oak and palmetto. The soil has a poor hungry look. It is beach sand and varies in color from pure white to gray and along the lakes and streams it becomes black.

Each district seems specially fitted for the growing of certain classes of produce. At Sandford they make as much as \$3,000 an acre growing celery. Winter Park is noted for its truck while the lake regions of Orange and Polk counties are considered the best for desiccated trees.

The lakes are very numerous in this district. In Orlando there are 18 within the city limits.

**City of Orlando**

Orlando is a beautiful little city of 23,000. They have no street cars but they have an auto for every three people. The streets are brick paved and the residential districts have beautiful large oak trees completely arching the streets. I measured one of these—4 feet in diameter. It is said that about 40 years ago they had a good deal of drunkenness. The mayor had a city ordinance passed that the punishment of the soaks should not be five dollars and costs, but each should be punished by having to plant five trees. The result is really wonderful today. The lakes are boulevarded to the water's edge, and roads run around them beautifully lit by electric standards. Orlando is a city of houses and these nestle in the charming setting of the lakes and the surrounding parks.

**Boom in Florida**

There is a great boom going on down there. I will not stop to describe it, but suffice it to say, I could get transportation to almost any part of Florida free of cost and without obligation to buy. One man stopped me on the street and insisted that I take a ticket to Miami. This town seems to be the mecca for investors. The advice given is to buy now so as to be ready for the influx of tourists in the autumn.  
At Coral Gables, near Miami, there has been a new university started with an endowment of \$15,000,000, and most of this has been subscribed.  
Yes, there is a great boom, and the basis of it lies in the fact that 15 per cent of the people of the United States are able to own winter homes and take winter vacations, and that most of these will find their way to Florida rather than California, which is not so easy of access. Hence the boom.  
Contrary to general opinion I found no mosquitos or flies in the part of Florida I visited. Neither are there snakes except a very few rattlers, and of course water moccasins.

**Saw no Drunkenness**

I travelled through the United States some 5,000 miles going and coming and I never saw a man the worse for liquor. I am told the Volstead Act is not very popular, but the people recognize that much of the prosperity of the country is due to the abolition of the liquor traffic, and I doubt if there is any serious thought of repealing the law.  
The negro question is a very interesting one. But to a stranger the two races appear to get along well together. They pursue their several ways. There is no attempt on the part of either to interfere with the rights of the other. Occasionally a negro breaks loose, and at elections sometimes the negro is not allowed to vote. They do all manner of work, digging, teaming, and on the railway. The only two positions not open to them are locomotive engineers and conductors. From information and observation I think the south believes that the negro problem will become a pressing one in the near future.

**Spirit of South**

Atlanta, a city of 250,000, has 77,000 negro population. The south still sentimentally adheres

to the old regime—for instance Jeff Davis' birthday is a legal holiday there—but the people are loyal to the core to the great country which is theirs. In Tennessee they are staging a great fight on evolution. The school law prohibits the teaching of evolution. A young teacher named Scoles has been committed to trial for breaking the law. He is to be tried on the 10th of July. The best legal talent in United States has volunteered to defend him, among them Darrow of Chicago, who defended the murderers of the Frank boy. W. J. Bryant is the leading counsel on the other side. The outcome will be awaited with interest. In the meantime Scoles has been offered \$150,000 for a picture for the movies, which he refused.

**Education to Travel**

I am now back in Canada. I have seen much and heard much. It certainly is an education to travel. "Home keeping youths have ever homely wifs," but when one has seen much one turns with delight to the trail that leads home. I will be glad once more to feel the balmy breezes of the Pacific, and to drink in the beauty of the mountains along the Skeena.

**The Man in the Moon**

SOME of the swelled heads around this town would surely burst were it not that the skulls are so thick.

ONE of the things that would help Prince Rupert would be to have the duty on baseball and other bats abolished and the embargo on tennis and other rackets considerably reduced.

IT is curious what effect it seems to have on the memories of our friends to lend them a book.

FISHING at Terrace the other day some anglers said they got plenty of bites but they were mostly mosquito bites.

GIRLS can always tell when a man is about to tell something he should not, and they get their blushes ready.

MARRIAGE is productive of much. Men get experience and women get alimony and a few have children.

CONSCIENCE is a good guide, but it should never be left at home or loaned to anyone else during the vacation.

THEY say a flapper leaves her conscience at home to watch her clothes.

A PERFECT lover becomes a bear after marriage and a shiek becomes a bully, unless, happily there, is a little word "unless."

THERE'S one thing about being rich, it is possible, apparently to be had and respectable at the same time.

SOME people like to be natural and to be natural means to be

**FREE!** This young pure bred registered Jersey Cow

**WORTH \$300**

will be awarded by FAIRM & HOME — British Columbia Great Farm Journal — to the person who correctly solves the problem below. It's easy! It's lot of fun! It costs nothing to try! Give a few minutes of your spare time to this absorbing, profitable puzzle. Have some fun, win this valuable animal and \$100 cash or one of the

**10 CASH PRIZES**  
(See Cash List Below)

Bossey is a daughter of Black Kid and her official name in the purebred Jersey records is Black Kid's daughter, registration number 12049. She was raised as a member of the Devon herd, Duncan, Vancouver Island. Her sire, Eureka Oxford, traces back to Flying Fox, the grand sire of Brampton Pearl Fox. His pedigree have been well-known show animals and, in addition, number have qualified for R.C.P. His list of qualified daughters is impressive and convincing. Black Kid Bossey's dam, at three years of age had an achievement of 8222 pounds of milk and 525 pounds of butter-fat to her credit. Bossey was dropped on May 9, 1919. She is solid color, black tongue and switch. On R.C.P. test as a two-year-old she gave 5391 pounds milk and 325 pounds of butter-fat in 341 days. Any farmer would be proud to own this beautiful animal.

Read Bossey's Pedigree

**SOLVE THIS PROBLEM**  
WIN "BOSSY" AND \$100

**COW AND 10 CASH PRIZES**

The Problem!

LOOK at the cow. All you see are figures — no marks or lines of any kind (the halter is not a one—nothing from 2 to 9). The problem is to find the total sum of all these figures. Remember, like "2's" or "4's"—the highest is 9. Count only several happen to stand together. The tops of the NINES are curved and the bottoms of the NINES are all perfectly straight. Don't feel doubtful—there is absolutely no trick or yourself into thinking it is as easy as it looks but busy and see.

How many pounds of milk will Bossey give?

Extra Charts Sent Free. Send Self-Addressed Envelope.

**HOW TO ENTER**

Answer in R.C., Alta., Sask. or Man. may participate by making a payment of not less than \$1 nor more than \$2 for subscription to Farm and Home.

A contestant may submit as many solutions as desired, provided a subscription payment is made with each solution. All answers will be credited on a subscription to Farm and Home.

If you send more than one solution at a time use separate order blanks with each one.

You may order the paper sent to another party if you wish and yet have the solution recorded in your name.

If you are already a subscriber and your subscription is paid in advance, your order "new" and your subscription date will be extended accordingly.

Interested members of a family may send solutions and have all the answers credited on one subscription.

Every contestant who sends a solution to the paper, therefore, it is impossible for anyone to see anything in this contest. You can't lose, and you may win a big prize.

**PRIZE LIST**  
Farm and Home

1st prize	The Cow	\$100 Cash
2nd "	"	30.00
3rd "	"	25.00
4th "	"	20.00
5th "	"	15.00
6th "	"	10.00
7th "	"	8.00
8th "	"	6.00
9th "	"	4.00
10th "	"	2.00

**GENERAL RULES**

The contest closes July 4, 1925. Solutions which are mailed so they bear postmarks of that date will be accepted, even though received a day or so later.

Information will be furnished and returned made on any points contestants may want information about. Farm and Home reserves the right to decide any and all questions which arise, and those entering the contest as a part of the contest must agree to abide by such rulings.

As many prizes will be reserved as there are possible contestants who will be awarded for the contest solutions. That is, if three people should win the best solution, the first three prizes would be reserved for them, and they will be awarded three prizes in the order of their standing of their solution of the next puzzle that is, the best solution would be awarded the first prize, the next best the second, and the third best the third, etc.

All solutions must be sent in on the blank herewith. No solution accompanied by a cash subscription will be accepted. No return may be changed after it is once received.

No one directly or indirectly associated with Farm and Home will be allowed to participate in this contest.

All solutions must be sent in on the blank herewith. No solution accompanied by a cash subscription will be accepted. No return may be changed after it is once received.

No one directly or indirectly associated with Farm and Home will be allowed to participate in this contest.

An unusual gale for this time of year blew all day yesterday, dropping towards evening and even then there were gusty periods. For some time yesterday it was too rough for the dredge to operate.

Tomorrow afternoon, being decoration day, the Adair Carss Chapter, I.O.D.E. will decorate the soldiers' graves at the cemetery and there will be a short service at 3 p.m. conducted by Rev. Professor Shortt.

Berry-pickers wanted immediately for Terrace. Free house, wood, water and stove for season. 50c per crate; 10c bonus for good pickers. Free truck rides to town and dances. Apply Frizell's Limited.

John R. Morgan, accompanied by his daughter, arrived in town on the Venture last night from Surf Inlet. Mr. Morgan reports logging operations proceeding satisfactorily with his company with the demand about the same as for some time past.

Fisheries patrol plane GA, piloted by Flight Lieutenant Earl MacLeod, made a flight yesterday to Wales Island with J. F. Hutchinson of the Dominion Fisheries aboard. The flight going took half an hour but coming back, one hour and a quarter. A stiff southeast wind was blowing.

### CARD OF THANKS.

Mr. and Mrs. Peter Black wish to extend their sincere thanks to the City Fire Department for their well rewarded efforts, and to all those who so ably assisted the firemen in the execution of their duty at the Central Hotel fire yesterday.

### SALT LAKES SERVICE

The Launch "23" will leave Swanson's Float on Thursday, Saturday and Sunday Afternoons every half hour from 1 p.m. until 6.30 p.m. and on other week days at 2, 3 and 6.45 p.m.

The last boat home each day will leave Salt Lakes float sharp at 7 p.m.

Sunday and holiday picnic parties specially arranged for. Launches, rowboats and canoes for sale and hire.

### PLAN TO DRIVE RATS FROM TACOMA BURROWS

Force Calcium Cyanide Under Floors and Foundations to Poison Vermin

TACOMA, June 27.—Plans are now being laid for a gas attack on the rats that are causing poultrymen of Western Washington a loss of thousands of dollars a year. The United States biological survey, the experiment station of the State College of Agriculture and the poultrymen, through their association, are co-operating in the warfare.

The method of attack will be to force calcium cyanide into the rat burrows under building floors and foundations. The calcium cyanide, coming into contact with the moisture of the air, forms hydrocyanic acid gas, in a concentration of which no animal can live.

Several pupils from outside points who have been pursuing their studies at the local convent returned to their homes today for the summer vacation. Among those leaving on the morning train were Miss Muriel Adams for Smithers, Gladys Keith for Francois Lake, Nora Robinson and Ivy Eden for Prince George.

## Here and There

The entire Province of Prince Edward Island and adjacent islands have been leased for oil prospecting purposes to Henry L. Doherty & Company, according to an announcement by the concern. The lease has been taken on option.

Indications are that 1925 will be one of the best tourist seasons ever experienced by Montreal. It is estimated that 750,000 people from all over the continent visited Montreal last year, while this year the number is placed at a million.

It is understood that a contract has been let for the laying of a submarine cable from Vancouver Island to Suva, Fiji Islands, by the Pacific Cable Board. This is part of the "All-red" cable and wireless route which is being established between British possessions the world over.

In order to facilitate the work of the air force patrol radio stations are being erected at the Pas, Norway House, Victoria Beach, and Fort Osborne Barracks, Winnipeg. The stations will be completed shortly and will have, it is stated, a radius of communication all over Canada.

"Judging from the amount of sound business activity noticeable here, British Columbia is launching into an era of constructive development which augurs well for her future prosperity," comments Grant Hall, Vice-President of the Canadian Pacific Railway, who recently spent ten days on the Pacific Coast.

"So long as the Canadian Pacific Railway has a dollar left in its treasury, it will fight for the ideals, uphold the faith and maintain the precious heritage of confederation," said E. W. Beatty, Chairman and President of the Canadian Pacific Railway, when addressing the Canadian Manufacturers' Association at their annual convention held at Hamilton recently.

Eleven hundred pounds of speckled trout, gray trout and pike were the trophies taken back to New York recently by seven members of the Caughnawaga Hunting and Fishing Club, private preserves near Montreal, after a two-week stay on the fishing grounds. The catch included a 19-lb. gray trout and the average weight worked out at around eight pounds.

Frank W. Ashby, secretary of the Australian Manufacturers' Association, visiting here recently, said the impression in Australia was that Canada was the back door to the North Pole. People in the Antipodes think that Herschell Island and Baffin's Bay are linked up municipally with Montreal and Winnipeg, he said. He was surprised to find the Dominion had a delightful climate and cities more modern than those in Australia.

What is stated to be the biggest log jam in sixty years recently occurred on the Montreal River in a gorge through which the river flows into Lake Temiskaming. 300,000 logs were piled up to a height of 80 feet with a width of 250 yards, choking the river for 300 yards down at the point where the jam took place. An army of 100 men, working night and day for three days, at last succeeded in breaking the jam with dynamite.

A three-week tour of Canada by teachers and their friends, under the auspices of Dean S. Laird, of Macdonald College, will leave Toronto July 20 on the Canadian Pacific Railway. The party will travel by train to Vancouver and Victoria, and will return by way of Southern British Columbia, across the northern end of the Prairie Provinces and by boat from Fort William east. Stops will be made at all the principal points en route.

The fire department had a call to 5th Ave and Cotton at 11.20 this morning to extinguish a grass fire. There was no damage.

EDITORS VISIT THE PRAIRIES

Entertained at Winnipeg by City and Author's Association

WINNIPEG, June 27.—Members of the Graphic Arts Guild, an organization of weekly newspaper publishers from all states of the union bordering on Canada are gathered in Winnipeg for their two day convention which opened at the Fort Garry hotel yesterday.

Following their registration at the Fort Garry Hotel, the Guild members joined the Canadian Authors' Association at luncheon at Lower Fort Garry, one of the original frontier day forts, and last night they were entertained by the City of Winnipeg.

On Monday morning a party of 25 American editors and publishers from the Guild will commence a seven day journey across the prairie provinces, during which they will make daylight trips through some of the best growing and mixed farming territory along the lines of the Canadian National Railways, by which road the party is travelling.

ZIONISTS HOLD BIG CONVENTION

More Than Five Hundred Delegates to Gather at Washington Tomorrow

WASHINGTON, June 27.—More than 500 delegates from all parts of the United States will attend the 28th Annual convention of the Zionist organization, beginning here tomorrow and continuing through Tuesday, June 30.

The Zionist convention will decide questions of policy with regard to future operation of the British mandate in the Holy Land, upon which American Zionist leaders will make a determined fight at the World Zionist Congress which will be held in Vienna beginning August 18.

In addition to celebrating the advances made in upbuilding Palestine during the past year, as represented in the opening of the Hebrew University on Mount Scopus, and the big strides in immigration and colonization, the chief interest in the convention centers about the resolutions to be submitted to the World Congress at Vienna on the Jewish Agency and Great Britain's administration of the country under its League of Nations.

HEART TROUBLE SHORTNESS OF BREATH

Mrs. Geo. E. Bowman, Morrisburg, Ont., writes:—I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills. Two years ago I became very poorly with my heart and nerves and whenever I took the least little bit of exercise my heart would start to jump and flutter.

MILBURN'S HEART AND NERVE PILLS

and in no time I felt a great improvement, and can now heartily recommend them to all those who are troubled with any affection of the heart.

H. & N. Pills are for sale at all drug and general stores; put up only by The T. Milburn Co., Limited, Toronto, Ont.

PRESCOTT EXONERATED FROM CHARGE OF THEFT

Judge Criticizes Bringing of Case Which Should Have Been Taken to Civil Court if at all

John Prescott, who had been accused of the theft of a generator from a boat owned by his dead partner, was completely exonerated by Judge Young in the county court yesterday. The case was dismissed when it was shown that the generator in question was one which had been installed by the accused.

In this case Judge Young criticized the bringing of the charge and said in any case it was a case for a civil court and not for the criminal court.

GLEE CLUB GIVES FINAL ENTERTAINMENT

After a rough all-day trip, members of the University of California Glee Club returned last night at 9 o'clock on the launch Pachena, Capt. Paul Armour, from Ketchikan and gave another delightful concert before an audience which well filled the Westholme Theatre.

DAUGHTERS AND MAIDS HOLD WHIST DRIVE

The Daughters and Maids of England held a whist drive in the Boston Hall last night to augment their Memorial fund. S. M. Newton was winner of the first gentleman's prize and Mrs. Walter Shaw playing as a gentleman, second. Mrs. Joe Howton won the first ladies' prize and Mrs. S. Swanson second.

VALHALLA LODGE ELECTS OFFICERS

At a meeting of Valhalla Lodge last night the following officers were elected for the ensuing six months: President, A. Akerberg. Vice-President, Mrs. George Fritz. Secretary, John Dybbavn. Treasurer, O. A. Johnson. Marshal, Mrs. Lindseth. Chaplain, Oscar Larson. Inner guard, Mrs. O. A. Johnson. Outer Guard, O. Hanson. Trustee, John Bergman.

CALLIES WON AT FOOTBALL

Beat Cold Storage Team by a Score of Five Goals to 1

A fair crowd of football fans witnessed the Callies win from the Cold Storage last night by a score of 5 to 1. In the opening period the Callies played up hill and against a strong wind which seemed only to test their ability and endurance powers, for at no stage in this period did the Cold Storage prove to be serious contenders.

J. Thorney opened the scoring for the Cold Storage which advantage was only for a short period, however, as McDougall soon equalized. W. Mitchell and McDougall added one each before the period closed and left the Callies with a two goal lead at half time.

In the second period, with the Callies playing down hill and the wind in their favor, they did not have much to fear from the Cold Storage. Alex. Mitchell and Williscroft were responsible for two tallies more and the game ended with the Callies on the long end of a 5 to 1 score.

Tom Jones gave efficient service as referee, while Doc Clapperton and Sam Magee acted as linesmen.

Sport Chat

Owing to the Sons of Canada celebration here on July 1, next Wednesday, and the excursion to Ketchikan almost immediately following it, there will be a disruption in the continuation of league football and baseball schedules. There are no football games scheduled for this week. The first half of the league series has now been completed and the second half will be issued in a few days. The baseball schedule has been so badly disrupted through poor weather and one thing and another that there will probably have to be some revisions made in it.

Robert L. Caneffax of New York, three cushion billiard champion, has been suspended by the National Three Cushion Billiard league for one year as a result of his conduct in a recent game with Willie Hoppe of Chicago. Caneffax, after losing to the balk line billiard titleholder, slashed the cloth on the billiard table with a pocket knife, causing Hoppe to refuse to continue the match. The suspension means that Caneffax will not be eligible to play in the league next season.

**ZION NATIONAL PARK**  
Bryce Canyon Cedar Breaks  
See this New Wonderland of Color in Southern Utah  
Nothing like it on earth. Few have been there—the trip was too hard. But now you can see it in perfect comfort via Union Pacific—sleeping cars, motor tours over good roads, good living accommodations. Low Summer fares. Personally escorted all-expense tours. Side trip to Kaibab Forest and North Rim Grand Canyon.  
Send for Free Book. It will help you plan the most satisfying vacation of your life.  
Union Pacific System  
1405 4th Ave. and Union Station  
Seattle, Washington

The beautiful summer weather has permitted the nauticals to get into a real summer season stride along the waterfront this week. There has been much "slapdabbing" of paint brushes and boats arriving in port are stopping over to take advantage of the excellent opportunity for putting on copper and decorative coverings in this line.

Boats of the soiling fleet are practically ready to make their initial jump of the season while the trollers are putting in long hours on the trolling grounds. The salmon run at Hippo Island has improved greatly during the past week while the run in the Dundas Island district is picking up well.

Scrub, Minnie V., Ingrid H., D.S.T., and Yule.

**K.C.'s Serenaded**  
If the Knights of Columbus party from San Francisco did not have time to play a baseball game with the locals, on their return from Alaska aboard the Princess Louise on Wednesday afternoon, the disappointment was more than compensated for by the appearance of E. Sabourin, H. Astoria and Gillis Couture, who gave vocal selections in honor of the visitors. Prince Rupert will doubtless go down in the annals of San Francisco history as the city of song and sunshine and the local warblers are to be congratulated upon their progressive spirit in advertising the pearl of the Pacific so strenuously. To say that the visitors went with joy would perhaps be putting their enjoyment a little too strongly, but suffice to say the registration of satisfaction upon their faces and the well merited applause accorded the local songsters was positive proof of the appreciation of the visitors.

smoke." The coastal cruiser Leinsh, skippered by her owner Thor, Johnson, was out with a large party last week end on a fishing trip and captured some speckled beauties.

The cruiser Vaquero, owned by A. Macdonald, has been given her finishing touches in anticipation of a long summer cruise. She looks resplendent in a coat of white and green paint trimmed with a fine red line.

The power boat Shawatlans, skippered by Stan Taylor, was out with a party last week end when some excellent fishing was accomplished, and Sunbeam II, Doug Stork's boat, also indulged in a piscatorial exploit with much success.

**A Horrible Death**  
On Thursday morning the Wiffl man heard of the horrible death of an old sailor in Winchester, England, in the year 1700. It seems that the old fellow was fond of a glass of beer at frequent intervals but his income would only permit of him taking small glasses at a sitting. The fact that he could not afford to take big glasses of the beverage so undermined his health that he up and died with a poor constitution. The fact is recorded on deceased's headstone in Winchester graveyard, according to assistant commodore Saefl Thompson.

Canadian schooners taken up on the Ward ways for painting and overhaul this week include the Oonah, Selma, Beaver Cove, Kobe and Cape Spear. The Beaver Cove has recently been sold to Japanese interests.

**Bob Goes Swimming**  
Bob Thomas sweating in the sun exclaims "I'm fairly on the bum" He mops his brow and says "Let's see, I think I'll take the twenty-three."

And so across the bay he goes with lots of speed and little clothes. Arriving on the other side He makes a dash for Salt Lake tide.

No soul in sight, he's all alone, "By gad! I've left my Jantzen home." He doesn't give a darn — the brute, He's still got on his birthday suit.

And like a porpoise in the sea The skipper of the twenty three Enjoys a bit of relaxation, Cap. Swanson says "T'was Bob's vacation."

**Boat Launched**  
The new halibut boat, built for Capt. John Wicks on the McLean ways, was launched on the high tide early on Thursday morning. The gurdy is yet to be installed and the gear got ready. Trial trips of the new boat will be run over the week end.

The keel of the Havmoller 40 foot halibut boat will be laid next week at the McLean yards.

The tugboat Tide Rip and Cumshewa of the George Bushby towing fleet are to be taken up on the McLean ways for general overhaul.

The Canadian schooner Sea Maid, Capt. Candow, which is engaged on halibut research work by Prof. W. F. Thompson, returned from the Heate Straits where 600 halibut were tagged, on Wednesday and marketed 5,000 pounds of halibut caught on the trip. The Canadian schooner Scrub brought in the first tagged halibut on Thursday morning, the fish having been caught in Heate Straits.

The Vancouver tugboat R.F.M. on Monday towed the Vancouver Dredging & Salvage Co.'s dredging scow to Hastings Arm near Stewart, where it will be used in the securing of gravel for the elevator superstructure.

Captain Don Yelf arrived in port this week from the Hippo Island trolling grounds with 32,000 pounds of spring salmon. Cap reports that the salmon run in that district was good when he left on the homeward trip.

**Chance in Port**  
The power boat Chance, formerly owned and skippered by Stewart Steel, arrived in port from Anxox last week with her new owner Capt. Simpson on the

**For Lasting Service**

Two things account for the popularity of Barrett Sheathings: their uniformly high quality, and their low cost per year of service.

Barrett Tarred Sheathings are unexcelled for siding, for lining under roofs and floors—for all purposes demanding a rugged, wind-proof sheathing that is proof against rot, mildew and vermin.

Barrett Dry Sheathings are equally satisfactory for use wherever a tarred sheathing is not required.

**Barrett SHEATHINGS**

We recommend Barrett Sheathings. We know that they're 100% right—always give satisfactory service. There is a Barrett Sheathing and a Barrett Roofing to meet every building requirement. Come in and talk it over.

One cannot burn the candle at both ends

You wouldn't light a candle at both ends and expect it to last very long. And you can't attend your many duties as wife and mother, then pile on wash-day labor, and expect to keep yourself fresh and vigorous. Why not let us take care of washday toil and trouble? One of our many services will fit exactly both your needs and your purse. And you can "keep the home fires burning" without burning the candle at both ends.

We Specialize in Piano and Furniture Moving.

The halibut landings were heavy during the first part of the week but have fallen off somewhat towards the end. A feature of the sales this week has been the good prices offered for Canadian fares, which in some cases have exceeded the American catches by a cent for both first and second class fish. The weather on the deep sea fishing grounds has been all that could be desired and full advantage has been taken of it.

The waterfront machine shops are fairly busy on cannery work and belated boat overhauls while the local shipyards are fully occupied.

**Arrivals**  
Arrivals this week include: American—Eastern Point, Atlas, Senator, Rainier, Cora, June, Tahoma, Hilda, Ford, Foremost, Valorous, Sumner, Reliance, Royal, Lituya, North, Sentinel, Oona, Flattery, Naomi, National, Uramon, and Tyee.  
Canadian—Muirneag, Gibson, Nuba, Livingstone, Katen, Maude, Fanny F., White Lily, H. & R., M. M. Christopher, Selma, Fisher, Swing, Mah, Sea Maid, Prosperity, A., Verna, N. & S., Ath, S.A.

**LAND ACT**  
Notice of Intention to Apply to Lease Land  
In Queen Charlotte Land Recording District of Prince Rupert, and situate about one and a half miles east of Massett Lighthouse at the mouth of Massett Inlet, Graham Island, British Columbia.

**TAKE NOTICE** that Langara Fishing & Packing Company Limited, of Victoria, B.C., occupation, Packers, intends to apply for a lease of the following described lands:—  
Commencing at a post planted at the northwest corner of Lot Seven, Graham Island, British Columbia, about one and a half miles east of Massett Lighthouse at the mouth of Massett Inlet, Graham Island, British Columbia; thence northerly five chains, more or less to low water mark; thence westerly, along low water mark one hundred and sixty chains; thence southerly five chains; thence easterly one hundred and sixty chains, more or less, to point of commencement, and containing eighty acres, more or less.

**LANGARA FISHING & PACKING CO. LTD., Applicant.**  
Per E. H. Simpson, Agent.  
Dated June 10th, 1925.

**GOVERNMENT LIQUOR ACT.**  
Notice of Application for Beer License  
Notice is hereby given that on the 14th day of June next, the undersigned intends to apply to the Liquor Control Board for a license in respect to premises being part of the building known as Hudson Bay Hotel, Telegraph Creek, B.C. upon the lands described as Lots 3 and 4, block 2, map 975, Prince Rupert Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by open bottle for consumption on the premises.  
Dated this 25th day of May, 1925.

ERIC McGEER, Lessee, Applicant.

**Yacht Club Activities**  
On Sunday last the sunshine put the match to the opening of the summer season for the amateur skippers and only one boat remained at the float for the entire day. It is said on good authority the lazy boat was the Bruce and that the skipper and chief engineer were indisposed. From early Sunday morning until late in the evening boats were leaving the floats and quite a number of them for the first run of the season.

The speed boat Echo, skippered and owned by Capt. Maek, has been put through her paces at the hands of her new owner and is now a case of "watch my

Sealed Tenders will be received by the Minister of Lands, at Victoria, not later than noon on the ninth (9th) day of July, 1925, for the purchase of Licence X6464, to cut 50,000 feet of Spruce, and 32,000 Jack-pine ties on an area situated on the south shore of Francois Lake, opposite Collymount, Range 4, Coast District.

Three (3) years will be allowed for removal of timber.  
Further particulars of the Chief Forester, Victoria, B.C., or District Forester, at Prince Rupert, B.C.

bridge. Stewart Steel, of trombone-blowing fame, recently sold his boat to Capt. Simpson and accompanied the latter on the trip south to spend the summer months trout fishing and prospecting. Stewart has purchased a 38 foot boat powered with a 16 h.p. Imperial engine and will tour the coast in millionaire style.

The coastal freighter Robert W. Merrick, of Vancouver, landed 200 barrels of lime, 100 tons of coal, and 5,000 feet of lumber for the Albert-McCaffery interests last week end.

Greer, Beattie & Douglas, the local contracting firm, have recently returned from Lowe Inlet where they have been erecting a large warehouse for the cannery at that point.

Charlie Miller is busy installing his engine in a new trolling boat at the Akerberg-Thomson dock.

Steve Ridley, skipper of the power boat Katie, is at the Akerberg-Thomson dock putting in a Frisbie engine. Upon completion of the work Cap will fish for the Somerville cannery.

Capt. Peter Vane is repairing the clutch and rudder on his fishing boat.

**Trying the Impossible**  
W. G. Walford, the boat builder, is a great believer in the old adage "there is nothing impossible upon this earth." Just to prove to the world what a true saying it is he has purchased an old type "kicker" engine—in fact to look at it one would surmise that it was used on the Sea of Galilee in the time of King Herod—and has vowed he will make it work if its last thing he does, and doubtless it will be. The unproductive hours he has already spent on this misplaced piece of machinery speaks well for his pugnaciousness and the engineer is worthy of better things. The big idea seems to be to put the engine on the stern of a canoe and throw away the paddles. After serious study we have come to the momentous conclusion that to put the paddles on the stern of the canoe and throw away the engine would be conducive of better results.

**HER FACE WAS COVERED WITH PIMPLES SHE GOT RID OF THEM BY USING BURDOCK BLOOD BITTERS**

Miss T. Hunter, R.R. No. 8, London, Ont., writes:—"I wish to recommend Burdock Blood Bitters to all women who are suffering from pimples or any other facial blemishes. About two years ago I was greatly troubled with pimples and sores breaking out on my face, and could get no relief until, finally, a friend recommended me to take B.B.B. This I did, and I am now glad to say that your remedy has given me the desirable results, and I now have a nice smooth, clear skin, as it has eliminated all the impurities from my blood."

Get B.B.B. when you ask for it; it has been on the market for the past 46 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.
