RAIL AMALGAMATION IS LIVE QUESTION

ABDUCTION CASES ARE PROCEEDING TODAY IN POINT GREY POLICE COURT

Greece in Throes of Revolution; Military Government is Being Established and is not Opposed

SALONIKA, June 25.—Greece is in the throes of a revolution. Revolutionary officers have occupied the public buildings and railway stations here, it is reported today, and a revolutionary proclamation has been issued and press censorship established.

A military communique states that revolutionists are now in control throughout Greece and the movement is nowhere opposed. The newspaper Independent says the Salonika garrison has decided to demand the resignation of Premier Michael Akoupolos because of his alleged inefficiency and to form a military government presided over by General Pangolos.

MEMORIAL TO JANET SMITH

Monument to be Erected and Service Held Today; Defense Fund Opens

VANCOUVER, June 25.—David Patterson, president of the Vancouver council of Scottish societies, announced yesterday that it had been decided to open a defense fund for some eleven or twelve persons charged with the illegal detention of Wong Sing. They are appearing in the Point Grey Police Court today.

It was also announced that the societies will erect a monument to Janet Smith for whom a memorial service is planned to be held at her graveside in Mountain View cemetery today. This would have been the 23rd birthday of the murdered nursemaid.

LOOKS LIKE HEAT WAVE

Today's Spell Seems to be General—Thermometer Reading at Noon was 74

The warm spell which arrived this morning and caused such a sudden change of clothing among Prince Rupert folk seems to be general along the coast and in the interior. With the barometer high and steady, indications are that the spell may last for several days.

Digby Island officially reported the thermometer reading at noon today as 74 with the mercury still going up. That it is warm in the south is indicated by the reading from Bull Harbor, on the north end of Vancouver Island, which was 94. Reports of warm, dry weather are also coming in from the interior.

IS AWARDED COMMISSION

Dal Thomas of Vancouver Gets \$20,000 for Selling Elevator

VANCOUVER, June 25.—Dal Thomas, the Vancouver broker, has been awarded \$20,000 by Mr. Justice Gregory in a suit against former Mayor Gale, J. R. Smith and the Terminal Elevator Company.

Thomas sued for a commission of \$250,000 on money invested by English millers in Canada through the efforts of Gale.

BOOTLEGGING RESPECTABLE SAYS MEMBER

OTTAWA, June 25.—"It is getting to be quite a respectable thing to be a bootlegger in B.C.," remarked A. W. Neil, independent member for Comox-Alberni in the House of Commons yesterday. "I know men in good society who are not ashamed to make money like that. They might be deacons of the Church," he added.

LEAVE TO APPEAL TO PRIVY COUNCIL REFUSED COMPANY

Premier Mine vs. Coastwise Steamship & Barge Co. Goes to Supreme Court

VICTORIA, June 25.—Leave to appeal to the Privy Council the action of the Premier Gold Mining Company against the Coastwise Steamship and Barge Company, Ltd. was refused by the court of appeal here yesterday.

The suit of the mine owners involves a claim for \$18,400 for loss of a scow carrying ore. An appeal in the case has already been lodged with the supreme court of Canada.

ALASKA FISHING CASE DISMISSED BY COURT

WASHINGTON, June 25.—The district supreme court today dismissed proceedings brought in November 23 by Dan Sutherland, congressman for Alaska against Secretary Hoover to prevent alleged interference with operations of the independent Alaska salmon fishermen. Sutherland charged that Hoover was favoring corporation fishing interests.

ROCK SLIDE SWEEPS HERDS OF CATTLE AND MANY BUILDINGS AWAY

CHEYENNE, Wyo., June 25.—A mountain of rocks moving at incredible speed toppled into the Grosventer River in the heart of the Teton Mountains of Western Wyoming. A section of the National Forest was smashed to splinters, several herds of cattle were swept away and many buildings lost.

CHINESE SHIP'S CREW ARRESTED

Claim Their Time Was up, Refuse to Work, and Try to Desert

VICTORIA, June 25.—Twenty-four members of the Chinese crew of the steamer City of Vancouver have been placed under arrest charged with desertion and refusal to work. The trouble started at Tacoma a few days ago when the Chinese claimed their time was up. Failing to secure release it is alleged they tried to desert.

Trouble at Tacoma
The trouble started last week at Tacoma and the Victoria Times telling of it at the week end said:

Flatly refusing to judge before a Tacoma jail, where they had been lodged following their desertion from the steamship City of Vancouver, twenty-four members of the crew of the vessel are having their case investigated in the South. The seamen allege they have been ill-treated and only paid irregularly. The skipper of the ship denied this, and told them that if they sailed with him to Victoria the matter could be settled finally between them. This they refused to do, saying they would remain in prison.

The City of Vancouver shifted to Anacortes last night to complete loading. A bond of \$1,000 for each member of the deserting crew was asked of the agents of the vessel before the City of Vancouver could clear from American waters. This was satisfactorily arranged.

While the vessel was at Tacoma an effort was made to keep the crew aboard, and the ship's guards stood by and did their best to prevent the Orientals leaving the ship. But their efforts were of no avail. So a mutiny call was put in and the police hurried to the spot. They took the Chinamen into custody immediately, and the men were lodged in the jail, where they could do no damage. They were later removed to the immigration detention sheds.

Prince Rupert Conditions are as Good as Anywhere in Canada says Fred Stork on Arrival Home

"Conditions in Prince Rupert are as good as they are anywhere in Canada, and why some people here should be pessimistic is more than I can understand," says Fred Stork, M.P., who returned home last night after having attended the five month parliamentary session at Ottawa.

There is no doubt the elevator here will begin to handle grain from the prairies as soon as it is completed, Mr. Stork declares. It would be ridiculous to think that the government would spend a million and a third dollars in building such a plant in face of the opposition the elevator vote, Prince Rupert that it was subjected to, if it was received a tremendous amount not assured that it would be used for advertising, Mr. Stork says, immediately. "Indications are but the Conservative criticism for a bumper wheat crop on the prairies this year. It is expected that it will reach 500 million bushels. This, together with an equalization of freight rates that is now to be effected, will put Prince Rupert on the map and will improve the position of all Pacific coast ports." Mr. Stork continued.

As a result of the debate on all questions of a vital nature.

Vincent Richards, Olympic tennis champion, at last defeats the mighty Tilden (right) to win the coveted Gillespie Cup. The young star, coming in from behind in the final sets, realized the ambition of his career.

Ten of Those Charged With Abduction of Chinaman are Having Preliminary Trial

VANCOUVER, June 25.—Ten of those charged with "illegally detaining" Wong Foon Sing, Chinese houseboy accused of being involved in the murder of Janet K. Smith, appeared this morning in the Point Grey police court before Magistrate McQueen for preliminary trial.

The crown announced that the case against V. W. Norton had been dropped as he would be a crown witness. It was intimated, however, that another charge would be laid against him. J. W. Wrightson, believed to have been the driver of the abduction car, is still at liberty in the United States.

After objection made by counsel for J. S. Cowper against hearing all the charges simultaneously had been overruled. Wong Foon was placed on the stand and given the Chinese "five oath." He then commenced the story of the incidents on the night of the abduction, March 20, which generally agreed with previously published stories.

Forest Fires on Vancouver Island Threaten to do much Damage Homes and Lumber Mills

VICTORIA, June 25.—Homes at Goward and Westwood Vale on Saanich Peninsula are menaced by forest fires, which spread over hundreds of acres. Shifting winds are giving the owners of the houses and the gangs of volunteers a hard fight. Numerous fires are reported in other parts of Vancouver Island. Hanson's summer camp at Port Neville is being threatened with loss and some of the equipment has already been destroyed.

At Deep Bay the Dollar Lumber Company's plant is threatened by a fire which is sweeping over 1500 acres of slashing.

Senate Committee in Making Report Urges Joining of Two Roads

Would Recapitalize C.N.R. and Guarantee C.P.R. Fifteen Directors

OTTAWA, June 25.—Merging of the Canadian National and the Canadian Pacific Railways for the purpose of administration and operation was recommended by a special committee of the Senate on the railways reporting this afternoon.

The report recommends the appointment of a board of management of fifteen directors, five representing the Canadian Pacific Railway and five named by the government, these ten to choose five more proved businessmen.

The recapitalization of the Canadian National Railways from the view of earning capacity is recommended as well as that the Canadian Pacific Railway be guaranteed a dividend on its stock.

TEST FLIGHTS OVER HARBOR LAST NIGHT

Both Jericho Beach Flying Boats Were Seen by Townspeople as They Were Trying Out

Preparatory to actually commencing their fishery patrol operations, both the flying boats that have arrived here from Jericho Beach station had test flights over the harbor and townsites last evening. With at least a couple of landings and take-offs from the harbor and other performances, it constituted quite an aeronautical exhibition. Both machines are new HS2L's. The one bearing the initials GA is flown by Flight Lieutenant Earl MacLeod, while Flying Officer Allan H. Hull has the other, DU.

Flying Officer Hull this morning made a photographic trip to the Naas district accompanied by Flying Officer A. L. Morfee. Jack Toner's ark has been towed from Seal Cove to Digby Island where it will be used as a fuelling base.

FISH ARRIVALS

Four Boats Marketed 31,500 Pounds at Exchange this Morning

Two American boats marketed 17,500 pounds and two Canadians 14,000 pounds of halibut on the Fish Exchange this morning. Prices were in favor of the Canadian catches for both first and second class fares. The arrivals were:

American	Canadian
Naomi, 5,500 pounds at 9.90c and 5c; National, 12,000 pounds at 10.10c and 5c to the Canadian Fish & Cold Storage Co.	Scrub, 9,000 pounds at 10.90c and 6c, to the Canadian Fish & Cold Storage Co.
Minnie V, 5,000 pounds at 11c and 6c, to the Atlin Fisheries.	

VICTORIA ON AIR AGAIN THIS WEEK

NOVA SCOTIA ELECTION ON

Polling Taking Place Today to Choose 43 Members in Blue-nose Assembly

HALIFAX, June 25.—The coal strike looms up as one of the large factors in the election being held here today when the Liberal government, after 43 years of continuous office holding, asks the province to endorse its work and to elect them for another term.

It is curious how the number 43 is repeated in this election. Not only have the Liberals been in power 43 years but there are 43 seats to be filled and 43 Liberals and 43 Conservatives are nominated. In addition there are ten Labor candidates.

While the present government has nothing to do with the strike, except to keep order and to try to bring the warring parties together, it is thought it may have an important bearing on the result.

MORRIS COMES MURDER CHARGE

Will be Tried in October for Complicity in Killing of Gillis

VICTORIA, June 25.—Charles Morris was handed over to the British Columbia authorities at Seattle on a charge of complicity in the murder of Capt. J. W. Gillis. He will not be tried until the October assizes, possibly six weeks after Baker and So-wash, condemned to death for the same crime, have gone to the scaffold.

LADY BYNG WILL OPEN ROSE SHOW AT VICTORIA

VICTORIA, June 25.—Lady Byng will open the annual rose show here at the Crystal Garden on June 29. Judge Lampman, president of the association announces that the exhibit will be most comprehensive and growers from all parts of Vancouver Island will compete. It is for amateurs only.

DAILY EDITION Thursday, June 25, 1925.

Sinclair Lewis' Book "Arrowsmith."

"Arrowsmith," the latest book by Sinclair Lewis, author of "Main Street," is an interesting series of character sketches strung together in narrative form. Perhaps it would be fairer to call them caricatures than character sketches just as Charles Dickens' characters are mostly caricatures. There is exaggeration for emphasis just as an artist exaggerates the height of mountains to convey the impression that is felt by the person viewing the scene.

When an artist looks at a beautiful scene, he eliminates foreground and distance and his imagination exaggerates the height of mountains and the vastness of cataracts. Photographs do not convey this vastness. The camera has no imagination. It records the light effects as they really are and the impression conveyed is not the same impression as that conveyed to the person viewing the scene. That is why it is necessary for the artist to exaggerate. The imagination has to take part in the making of the picture.

So it is in literary art. The impression conveyed by an act or a conversation or a scene is often so strong that caricature is necessary to convey that to the reader as strongly as it was felt by the writer.

Medical Profession Subject Dealt With.

The subject dealt with is the medical profession and more particularly that part of the profession engaged in scientific investigation. At times, perhaps, this scientific aspect is overdone and becomes almost tiresome. Yet there are such broad flashes of human nature running through the book from beginning to end so that it is always interesting, although not sufficiently engrossing to make the reader stay up at night and devour it.

Book To Read And Then Set Aside.

"Arrowsmith" is not a book to read at one sitting. It is a book to read a chapter or two and then set aside. In that it resembles "Main Street," it is not a novel, has no gradual development of a theme leading to a climax. It is purely narrative and could have closed at any other place as well as at the end. In that particular it is defective. As a matter of fact, Arrowsmith is subject to many criticisms and yet, in spite of that it is a book that should be read, and a book that many people will want to read. It does not follow the orthodox method. Sometimes it is clever but cleverness of diction does not seem to be the aim of the writer but rather cleverness in caricaturing the weaknesses of the people around him. Speaking of a dull student that had been cramming for an examination the writer says:

"They led him carefully to bed. He was so filled with facts that the slightest jostling would have spilled them."

Sometimes Sarcastic Over Governments.

Sometimes the author of "Arrowsmith" is sarcastic. Here is an example: "On his desk were letters from scientists whom Great Britain so much valued that she gave them titles almost as high as those with which she rewarded distillers, cigarette manufacturers, and the owners of obscene newspapers."

He makes one of his characters in another place say: "The only crime for which we should hang people is having tuberculosis."

Efficiency Of Pep Week.

One of the characters in the book is a health director who, among other things, is fond of having weeks devoted to all sorts of objects. Telling of one of these the writer says: "Nautilus had just held a Pep Week, during which a race of rapidly talking men, formerly book agents but now called Efficiency Engineers, went about giving advice to shopkeepers on how to get money from one another more rapidly."

In another place the author is rather discouraged over his search for truth. He soliloquizes about it like this:

"Does it really matter? Does truth matter—clean, cold, unfriendly truth? Everybody says, 'Oh, you mustn't tamper with the truth,' and everybody is furious if you hint that they themselves are tampering with it. Does anything matter, except making love and sleeping and eating and being flattered?"

And again the author says: "They decided that most people who called themselves 'truth seekers'—people who chattering of truth as though it were a tangible separable thing, like houses or salt or bread—did not so much desire to find truth as to cure their mental itch."

"Martin insisted that there is no truth but only many truths; that truth is not a colored bird to be chased among the rocks and captured by its tail, but a skeptical attitude toward life."

Prays The Prayer Of The Scientist.

An interesting little paragraph is the prayer of the scientist. He says:

"God give me unclouded eyes and freedom from haste. God give me a quiet and relentless anger against all pretense and all pretentious work and all work left slack and unfinished. God give me a restlessness whereby I may neither sleep nor accept praise till my observed results equal my calculated results or in pious glee I discover and assault my error. God give me strength not to trust God."

"Arrowsmith" has many weaknesses and will be subject to much criticism just as the hero was subject to criticism by the woman he married who said of him before he had even suggested marriage: "Latham, my sweet, I quite agree that Martin is too aggressive, thoroughly unlicked, very selfish, rather a prig, absolutely a pedant and his shirts are atrocious. And I rather think I shall marry him. I almost think I love him."

DELIGHTFUL TEA HELD YESTERDAY

Affair Given by Ladies' Aid of Presbyterian Church at Mrs. Stork's Home was Very Successful

The beautiful home of Mrs. Fred Stork, Allin Avenue, Westview, was the scene of a successful tea and garden party held yesterday afternoon by the Ladies' Aid of the First Presbyterian Church. Many ladies called in the course of the afternoon and the substantial sum of \$86 was realized.

Mrs. Stork received and was assisted by Mrs. Joe Greer, president of the Ladies' Aid, Mrs. William Millar was responsible for the tea arrangements and was assisted by Mrs. H. R. Grant and Mrs. D. McD. Hunter who poured. Those serving were Mrs. A. Finnie, Mrs. James L. Lee, Mrs. W. D. Vance, Mrs. E. A. Mann and Mrs. David Thomson. Ice cream was served by Mrs. J. G. Steen. The candy table was in charge of Mrs. D. G. Stewart and Mrs. S. K. Campbell and in charge of the novelty booth were Mrs. T. E. Pringle and Mrs. T. McClymont. Fortunes were told by Mrs. John Bremner and Mrs. W. H. Wilson Murray; Mrs. George Rorie was cashier.

A pleasing program, prepared by Mrs. William Millar, included vocal solos by Mrs. H. C. Fraser, piano selections by Miss Jean Grieve and Miss Mary Walters and violin solos by Miss Marjorie Lancaster.

MERCHANTS OBJECT TO WEEKLY HALF HOLIDAY

VICTORIA, June 25.—The present method of closing on a weekly half-holiday is detrimental to business in Victoria, a resolution of the 100 Per Cent Club before the Chamber of Commerce directors stated. Stores could keep open every afternoon of the week and employees by arrangement could still receive a weekly half-day, the resolu-

tion argued. Such an arrangement was suggested as an alternative method to be adopted by local option in such cities as desired it. Service clubs throughout British Columbia have been forwarded the same resolution, with an invitation to work with the 100 Per Cent Club on the matter.

Mrs. J. D. Thurber and family will leave Saturday for Nova Scotia to spend the summer vacation with Mrs. Thurber's family.

Thomas F. Boyle, auditor for the city of San Francisco, and his daughter were passengers aboard the Princess Louise last night returning south after a trip to Atlin and the Yukon.

Rev. H. R. Grant, D.D., who is visiting in the East and who has been as far away as Florida, has written two extremely interesting articles on his trip, one of which will be published in this paper tomorrow. The letter was dated at Fort William on June 15, just after his return from Florida.

A special meeting of the city council is called for tonight to deal with tenders for electrical equipment involved in the elevator extension, line covered under a bylaw which was passed by the ratepayers at the January election. The tenders, which were opened by the council Monday night, have been tabulated by the utilities committee.

The Princess Louise did not remain in port long enough yesterday afternoon to permit of the baseball game being played between a local team and one from the Knights of Columbus excursion party of San Francisco. Members of the local council met the visitors and took them for motor drives to the Cold Storage plant, dry dock, sawmill and other points of interest in the city.

WALKED THE FLOOR FOR HOURS NERVES WERE SO BAD

Wherever there are people who are troubled with deranged nerves they will find in Milburn's Heart and Nerve Pills a remedy that will restore the equilibrium of these deranged centres and bring back the shattered nervous system to a perfect condition.

Mrs. W. W. Aulthouse, Woodruss, Ont., writes:—"After having a severe attack of bronchitis I was left in a very weak, run-down condition; my nerves were all broken up; could not sleep at night, and would have to get out of bed and walk the floor for hours.

"After using a box of

MILBURN'S HEART AND NERVE PILLS

I began to feel much better, and after taking a few more boxes I could enjoy my rest as well as I ever did. I always recommend them to all my friends."

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

ANOTHER CASE OF VANDALISM REPORTED

Another case of vandalism in the city has been reported. The peonies and other flowers in the garden at the home of Magistrate and Mrs. McClymont have been taken and the appearance of the place spoiled. Those who take an interest in gardens and gardening are much concerned over the several cases of vandalism that have been reported.

TERRACE STRAWS NOW ON MARKET

First Consignment of District Fruit was Received in City this week

The first consignment of Terrace strawberries for the local market was received in the city this week. They were of good quality, much better than the stock from the south. A good crop at Terrace this year is forecasted and the price will very likely be lower than that which has been prevailing for southern berries. Therefore, local housewives will use the Terrace berries for canning. Owing to the high price and poor quality of southern berries, there has been little if any strawberry canning so far.

The first crate was received on Monday by the Rupert Table Supply from W. J. Martin.

NO FOREST FIRES IN NORTHERN B.C.

For three weeks there have been no forest fires in this district, although to date the number of fires for the season is high, there being 416 recorded. Most of those took place during the spring hazard in May. Since the green growth has come through there has been no trouble, but later, if there is a dry spell, great care will have to be taken.

HOW TO PLAY FOOTBALL

Individual training and ball practice---various methods of getting it

(By "Andy" Ducat, Manager of Fulham Club.)

A team's success depends largely on the spirit the team shows in getting on with the serious matter of training. Amateur teams rarely train enough. It is often left to the individual player to train himself. This is not a matter of negligence but one of necessity.

Here is some advice for the player who wishes to train himself. The first step is to get a brother enthusiast to train with you. That may sound a contradiction of terms, but training all alone is a heart-breaking business. The competitive spirit is entirely lacking.

Runs two or three miles long provide the best way to improve stamina and wind. Sprinting practice is equally important for speed.

You must never crouch when starting to sprint. Track athletes always jump away from a crouch, of course, but how often on the football field are you crouching when you have to sprint for the ball.

Sprinting must start from nearly an upright position.

Sprinting and Running

Another way is to jog along, and then on the word "Go!" jump into a 20 yards dash. If you have a track to run round you can do it at a comfortable pace broken up by sharp sprints.

This is fine practice for the half-backs. They need the stamina that is thus produced. Many trainers recommend gymnastic exercises in addition for the full backs. Hard kicking must form part of his training.

Walking is as good a training as you can get, providing you do enough of it—and at a speed great enough to induce free perspiration.

The football season is a long one, however, and care must be taken not to overdo private training at this time of the year. You may easily grow stale and go right off color altogether. Watch your weight. That is a safe guide as to whether you are training too hard.

Dribbling Through Poles

Forwards who wish to improve at dribbling should practice with poles and the ball. Take a dozen poles or sticks and place them in a line about five yards away from each other. The thing to do is to dribble zig-zag through them. Keep the poles at uneven distances apart so that a man does not swing in and out mechanically.

Increase and reduce the distances between the poles frequently, so that a forward gets the knack of turning at all sorts of times.

Another method of placing the poles is in two lines instead of one line. All the poles are at different distances apart.

When the men have all practised in pairs or in threes, combining them into a team comes much easier. Frequently the amateur captain is compelled to combine his team while matches are actually in progress.

It is bad to chop and change the places in an amateur team too frequently. The men get very little chance of knowing each other at the best of times, and constant changes only makes things more difficult.

A form of practice that is favored by many teams, but which strikes me as being almost useless, is that in which the goalkeeper stands in the goal while the rest of the team take shots at him. This is good for the goalkeeper, but I doubt if it improves anybody else.

After all, if you have six or seven men in front of the goal, it stands to reason that some hardly touch the ball at all during an hour's practice.

That is why individual train-

ing can sometimes do more good than the training of the whole team together. Two people with one ball get a lot more practice than eleven with one ball.

Your practice should always possess some definite plan behind it. Full backs practising together would stand some 40 yards apart and kick the ball to and from each other. Three inside forwards, on the other hand, would practice short passing and shots at goal.

Practicing Passes

Wing forwards should sprint along together with the ball while practising brisk passes in the direction of the centre.

They should also practice corner kicks. It is surprising how many badly placed corner kicks occur during a game.

Note that there are two kinds of passes; forward passes, which are used to run the ball up, and square passes which are used to put the ball across right in front of the goal.

The best ball practice for general play is to be had in a walled court with an asphalt surface. Here the ball can be kept on the move all the time without the fatigue of chasing it on long journeys.

When practising between walls a tennis ball is as good as a football. Eight shoes should be worn.

The Gold Storage team in the football match tomorrow evening against the Callies will be G. Hills, C. Whatman, H. M. D. Lamb, H. Carson, J. Sims, R. Mathieson, S. Darton, B. Walkland, S. Elder, E. E. Hardy. Reserves: J. J. Thorney and M. Lamb.

The Callies team are E. McLean, W. E. Williseroff, M. Andrews, A. Harris, S. Currie, R. Woods, A. Mitchell, R. McDougall, Wm. Mitchell, Wm. Hamilton and James Andrews.

anybody to go out of town to get a day full of fun.

The Gyro Club is making a determined effort to bolster up its team in the Senior Baseball League and, by the time the schedule is resumed after the Ketchikan-Prince Rupert series, the management expects to have a team that will be second to none in the city and one that will be well able to take care of itself against the Sons of Canada and Sawmill. The next time the Gyros play they expect to have a new pitcher on the mound. Fred Henning has retired as captain of the Gyro team and has become assistant manager to Morton MacLachlan. S. Moran, short stop, is to be appointed captain of the Gyro Club team.

Burns Lake is to have a celebration on Dominion Day and many interesting events are being placed on the program. The headline features will be a baseball game between Burns Lake and Vanderhoof. Another interesting event will be a tug of war tournament for which Andy Ruddy is hanging up a prize of \$20 for the winning team providing at least four teams of eight men each compete. Suggested teams at present are Decker Lake, Palling, Rose Lake, Francois Lake and Burns Lake. Preparations are being made to accommodate a large number of visitors at the celebration and the day will be concluded with a bowery dance in the evening.

Editor, Daily News.

Will you allow me to reply to "Footballer" in your issue of Wednesday.

Undoubtedly what he complains of is true, and I am glad to see that the public is alive to it, but the officials can do nothing in the matter until a complaint is laid by an individual or club. It is impossible to act without definite proof.

I can assure "Footballer" that the officials will act without fear or favor if a complaint is laid, and any club guilty of poaching will possibly find that while they may have a team composed of such players, they will not be allowed to play in organized football.

All players and club officials know the rules governing the sport, and any official or player who breaks those rules must answer to the association. A player must obtain his release from one club before signing on with another club, and the club that has the player signed, can refuse to transfer if they think they have good grounds for it, and the matter must then be brought before the executive.

There is a delegate from each club on this executive, so that the true facts of the case can be brought out.

I can assure "Footballer" that the Prince Rupert Football Association is out for the good of the game, and any player or club breaking the rules will be dealt with, but they cannot take

Eyes of the local sporting public are now turned towards Dominion Day when the Sons of Canada are to present a celebration program that will contain attractions for all fans—old and young. The two big attractions will be the Ketchikan-Prince Rupert baseball series and the football final for the Dominion Day cup between the Callies and Great War Veterans. In addition to these features, however, there will be children's sports, Junior baseball game and the usual events of the day. The committees in charge have their arrangements well in hand and there will be no reason for

IDEAL MAN IS FAIRLY GOOD

Must Have Ability to Earn Good Income as Essential Qualification

Now we have the specifica-
 tions of the ideal man to marry,
 as collectively described by 593
 co-eds of the southern branch
 of the University of California
 says the Nelson News.

He must be respectable, with-
 out being of the "goody-goody"
 type; he must have a decorous
 attitude toward life and its re-
 cognized institutions—the main
 one in this connection being,
 of course, marriage—and he
 would be the better for being
 a professional or business man
 with a good line of conversation
 about general affairs.

Interpreting this broadly, it
 seems to mean that the girl
 graduates-to-be do not want
 men confessedly good, but those
 with dash and fire, who could
 go off the track, but will not
 because of the conventions or
 because of the ties with which
 said girl graduates have made
 them their slaves.

Living in the vicinity of Los
 Angeles and Hollywood, with
 a full knowledge of "Western
 stuff," and "the open spaces
 where men are men," it is in-
 teresting to note that the wise
 college maids have not fallen
 for either the screen Adonises
 or for the humble class of so-
 ciety represented by the un-
 tutored cowboys whose rude ex-
 teriors mask "real men," but
 incline to the future merchant
 princes and young professional
 men, whose futures promise
 solidity.

An essential qualification, in
 the eyes of the southern maids,
 is the ability to earn \$250 a
 month or better, with assurance
 of "better" in due time.
 Those girls are fairly level-
 headed after all.

FRECKLES

Don't Hide Them With a Veil;
 Remove Them With Othine
 —Double Strength

This preparation for the re-
 moval of freckles is so success-
 ful in removing freckles and giv-
 ing a clear, beautiful complexion
 that it is sold by all drug and
 department stores with a guaran-
 tee to refund the money if it
 fails.

Don't hide your freckles under
 a veil or waste time on lemon
 juice or cucumbers; get an ounce
 of Othine and remove them. Even
 the first few applications should
 show a wonderful improvement,
 some of the lighter freckles van-
 ishing entirely.

Be sure to ask for the double
 strength Othine; it is this that
 is sold on moneyback guarantee.

burned and sank off Manzanillo,
 Mexico, in 1862.

The Balboa, which left here
 May 2, returned May 27, battered
 from severe buffeting by wind
 and tide.

Several months ago C. G.
 Curry, a railway conductor of
 Leavenworth, Kan., had on his
 train a passenger who was said
 to be the only living person who
 knew the exact location of the
 sunken treasure. Curry pur-
 chased from the man charts of
 the treasure ship's location and
 formed a syndicate to find the
 golden hoard which, it was said,
 had lain more than 60 years on
 the floor of the Pacific ocean.

A crew to man the Balboa was
 obtained here. It included Cap-
 tain Clifford Casey, owner of the
 vessel; Robert Turner, a care-
 taker of a yacht club; Hans Pohl-
 man, who was skipper of the rac-
 ing kawl Poinsettia; an engineer,
 a second mate and two seamen.

Found Remains

The remains of the Golden
 Gate they found off Manzanillo
 without difficulty. Efforts to
 reach the treasure which lay in
 eight fathoms of rough water
 proved unsuccessful, as a high
 surf and a heavy ground swell
 repeatedly upset their small
 skiff. Discouraged, the expedi-
 tion put into Manzanillo, where
 they learned from the American
 consul that other treasure-hun-
 ters had recovered the bullion
 years ago.

The expedition then headed for
 San Pedro. Their return voyage
 was one of hardships. They en-
 countered a gale that continued
 for days. Their food and fuel
 supplies ran short. Seven hun-
 gry, weary and disappointed men
 stepped off the Balboa when it
 docked here.

TWO MINUTE AIRSHIP SERVICE AT TRIESTE

Illustrating how much farther

 ica in the matter of airship travel,
 it is announced in Trieste, that
 on Fair days airships will leave
 every two minutes. It is a com-
 mon practice of tourists to "take
 a spin" in the air, at less than
 two dollars a trip, in much the
 same way in which Americans at
 home "take a constitutional" be-
 fore lunch. The trips go
 around the hilly city, over the
 famous Castella Miramare and
 back over the harbor. Some of
 the tourist air trips from Trieste
 extend to the famous resort at
 Abazia, sixty miles away.

URGE EQUALIZATION RATES TO PACIFIC

Edmonton Paper Objects to Al-
 berta Being the Goat all
 the Time

(Edmonton Bulletin)
 If the Crow's Nest agreement
 were retained the prospect for
 lower rates between Alberta
 points and Vancouver would be
 just what it has been—a remote
 possibility. High rates on the
 western end of the system go
 to compensate the C.P.R. for the
 arbitrary tariff imposed upon
 traffic between the eastern prov-
 inces and the prairies.

That may be satisfactory to
 Manitoba and parts of Saskat-
 chewan. But what Alberta is
 entitled to and must have is a
 schedule of rates to the Pacific
 coast in proportion to the rates
 eastward, mileage considered.
 "Equalization" must mean that
 or nothing, so far as this prov-
 ince is concerned. Alberta has
 been penalized in transportation
 costs because it was the prairie
 province farthest from Eastern
 Canada. It cannot afford to al-
 low itself to be penalized because
 it happens to be the prairie
 province nearest to the Pacific
 ports.

AUTO ASSOCIATION MEETS AT TELKWA

Car Washing Station Put in at
 Smithers for Use of
 Members

SMITHERS, June 25.—The
 June meeting of the Bulkley
 Valley Automobile Association
 was held at Telkwa on Monday
 night, the officers and a number
 of local members motoring over
 to take part in the meeting. Sev-
 eral subjects dealing with im-
 provements to facilitate motoring
 on the roads of the district
 were brought up and resolutions
 passed on to those in authority
 to take action on the questions.
 One of the items was a request
 that direction signs be placed at
 road intersections and that signs
 giving warning be placed at the
 bad turns.

The car washing station put
 in by the Association is now
 ready for use and will be a boon
 to Auto owners in this section,
 it is located near the railway
 station in Smithers, and as the
 water comes from the railway
 plant it is quite warm, a great
 asset for a quick job.

HAULING CONTRACT FOR DUTHIE MINE

Ed. Eby to Use Truck for Work
 Between Mine and Smithers

SMITHERS, June 25.—The
 contract for hauling ore from
 the Duthie mines has been
 awarded to Ed. Eby and he has
 ordered a Graham Bros. ton and
 a half truck to put on the
 mountain road between here and
 the mine.

His son Verne has arrived
 home from Vancouver and will
 have charge of the work of
 hauling down the ore and taking
 up supplies. Mr. Turner, man-
 ager at the mine expects to be
 taking out six tons a day in a
 couple of weeks as things will
 soon be in working order.

EXPERT WILL EXAMINE MINE

Dunwell to be Reported on After Thorough Investigation by Engineer

Professor J. M. Turnbull, mining engineer of Vancouver, is leaving for Stewart immediately for the purpose of making an examination of the Dunwell properties and to report upon them for a prospective buyer says the Victoria Colonist.

Prof. Turnbull was in the city yesterday and visited the offices of the Dunwell Mines for the purpose of getting detailed information with respect to the holdings of the company and also exact knowledge of the boundaries and other particulars of the various claims that are included in the group.

The visit of Prof. Turnbull to the North will entail work which is expected to occupy a month's time. His instructions call for the preparation of a complete report based upon full and careful examination and sampling on which his principals can arrive at a definite conclusion as to the values, including those revealed by the late developments.

The recent showings at the mine are pronounced by those who have had the opportunity of seeing samples that have been sent down to be among the most promising that have come out of the camp. The character of the ore is very similar to that found in the underground workings. This new showing is, moreover, about 1,500 feet from the old workings, so that the continuation of the ore body is thereby assured.

Yesterday it was decided that three of the directors of the Dunwell Company should proceed north, and in compliance with this R. M. Stewart and James Stewart left in the afternoon for Stewart. R. Smith will follow them on Wednesday.

SWIMMING ON AT SALT LAKE

Season Opened for Everyone and Ferry Boats are Plying to Park

The swimming season is on and many people will make their first visit to the Salt Lake this week. While a good many have enjoyed the bathing for several weeks past, the weather has been too cold for the majority but the welcome change has made it possible to enjoy the sport.

Regular services will be run to Salt Lake Park by ferry launches and these will be especially busy today, Saturday and Sunday.

MONTH OF JUNE BUSY IN LUMBER

Many Vessels Loading at Victoria For Offshore Points

VICTORIA, June 25. — The month of June promises to be the busiest session in the lumber export business of this port that has been experienced since the first of last December. Already a large number of lumber vessels have loaded here this month, while the Canadian Puget Sound Lumber Company has just cleared the S.S. Jane Nettleton from their loading wharf with 450,000 feet of lumber and 300,000 laths. Export of lumber from this port is expected to reach the 5,000,000 mark.

The Niels Nielson, which recently went ashore on the Fraser River sand bar, is here loading 700,000 feet of lumber, while the C.P.S. Lumber Mill is also preparing a cargo of 450,000 feet of lumber for the Canadian Ranger to the United Kingdom. The Niels Nielson is taking her cargo to Atlantic seaports.

Another large cargo of 500,000 feet of lumber will be shipped to the United Kingdom on the Harrison-Direct liner Auditor, while other vessels are due here the latter part of this month to load lumber cargoes.

HIGH SCHOOL TEACHERS LEAVE FOR HOLIDAYS

Two of the High School teachers have already left for their holidays. Miss Pearce went to Vancouver Tuesday and Miss St. James has gone to Montreal.

Miss Macdonald, who is supervising the Entrance Examinations here, leaves at the end of the week for Vancouver. Harold Bell, who is supervising at Eslington this week, leaves Saturday for Vancouver. Miss Dorothy Kidd takes the train Saturday morning along with Miss Harding for a short visit to Jasper Park, proceeding then to her home in Burnaby.

PRINCE REVIEWED SCHOOL CHILDREN AT JOHANNESBURG

JOHANNESBURG, June 25. — The greatest gathering of school children ever brought together in South Africa was reviewed Wednesday by the Prince of Wales. It is estimated that 3,000 children were inspected by the Prince, who spent half an hour walking in and out of the lines.

Summer Tests Milk

Most of our mail to the Recipe Department mentions how well Pacific Milk keeps during the summer. Mrs. E. G. M. of Twelfth Avenue East, says she has used Pacific Milk for seven years, and had not had one can spoil. But do not forget that you must treat it exactly as you do fresh milk.

"Yes - Rinso washes cottons so beautifully"

"See how spotlessly clean it made this dress! No rubbing or boiling either—just soaking in Rinso. Washday holds no more terrors for me!"

Soaking clothes in Rinso takes the place of the hard rubbing that used to wear you out. The Rinso suds are so rich in cleansing power that they loosen even ground-in dirt. Play clothes, collar bands and cuff edges now come clean with a sprinkle of dry Rinso and only a light rubbing between your fingers—after their Rinso bath.

Be sure to use enough Rinso to get lasting suds after the clothes have been put in. Then, thorough soaking in Rinso floats the dirt out.

'A Self-Made Failure'

He was a self-made failure just because he hated success, but he sure deserves a medal for the laughs he brings. Come on, folks! Laugh! The joy gang is here. The big troupe is in town with a bag of new tricks and a big load of comedy. The dancing, bathing beauties have arrived to do their stuff. See this picture and have a good time. It's full of pep. Kids and grown-ups and what a funny lot they are. The men who made "Peepod and Sam" and "Boy of Mine" deliver another big time winner. Strong cast.

Matt Moore, Patsy Ruth Miller, Lloyd Hamilton (Ham), Sam de Grasse, Chuck Riesner, Ben Alexander, Dan Mason, Mary Carr, Alta Allen, Doris Duane and others.
