ECLIPSE OF SUN WAS A WONDERFUL SIGHT

LONE BANDIT SHOOTS UP BANK AT VANCOUVER AND GETS NEARLY \$1,000

New Owners Paid Three Hundred Thousand for Prince Rupert Sawmill

VANCOUVER, Jan. 24.—The sale of the assets of the Prince Rupert Holdings Company, which bought the mill and timber limits of the former Prince Rupert Pulp & Paper Co., is announced by J. A. Smith of the Smith Dollar Company. Smith incorporated the Prince Rupert Spruce Mill Company with a capital of a million dollars to handle the property.

It is understood that the sum of \$300,000 was paid for the assets of the saw mill in Prince Rupert. It is to open soon and certain concessions are obtainable from the city corporation.

The management says it hopes to realize the Prince Rupert Pulp & Paper Company's original plan of establishing a pulp mill in the north.

LOAN SEEING MINING BOOM

Output This Year Will be Fifty Million Dollars in This Province

PARTY FOR CASSIAR

VANCOUVER, Jan. 24.—In a speech here, Hon. William Sloan, minister of mines, declared the mineral production of British Columbia will exceed fifty million dollars during 1925, making a record for the province.

Mr. Sloan further announced that a party would soon be sent to the unexplored area north of the Stikine River toward the Eagle Creek country, where recent gold discoveries caused considerable excitement. This area is 150 miles by 175 miles and has never been entered by white men. It is of glacial origin and the geological formation gives promise of being a rich mineral district.

BLOCK BURNED SASKATOON

Fire Spreads to Another Building and Raging Furiously

SASKATOON, Jan. 24.—One woman, Mrs. Simmonds, is believed to have been burned to death, two firemen injured and half a million dollars worth of damage was caused by a fire which destroyed the Drinkle Building.

The sixth storey of the adjoining Grain Building also caught and is now blazing furiously. It is one of the most disastrous fires in the history of the city.

EX-PREMIER ASQUITH HAS BEEN MADE EARL

Former British Premier and Liberal Leader Accepts Honor From King George

LONDON, Jan. 24.—Ex-Premier Herbert H. Asquith has accepted an earldom. Having been defeated at the recent general election in the seat of Paisley, which he held for many years, it is believed that Asquith will retire from public life at least as far as the House of Commons is concerned.

ARMY OFFICERS IN CHILE FORCE THE GOVERNMENT OUT

SANTIAGO, Chile, Jan. 24.—A sudden coup of army officers took place yesterday, the officers occupying headquarters of the Government, surrounded the building with armed forces with the object of bringing about neutrality in politics and forced the Junta Government to resign.

GUILTY OF FORGERY: GETS TWO YEARS IN NEW WESTMINSTER PEN.

Pleading guilty to the charges, Alexander Bigoff was yesterday sentenced by Judge Young in the County Court on each of four counts to two years in New Westminster, the terms to run concurrently.

Bigoff, who is believed to have lost money gambling, forged and cashed checks totalling \$173. They were drawn on the Bank of Montreal at Stewart and the name used was that of A. Berkoff. Bigoff told the police that Berkoff was a friend of his and that, as he (Berkoff) had plenty of money in the bank he could see no harm in drawing upon it as he had done.

RADIO EXPERIMENTS DURING THE ECLIPSE

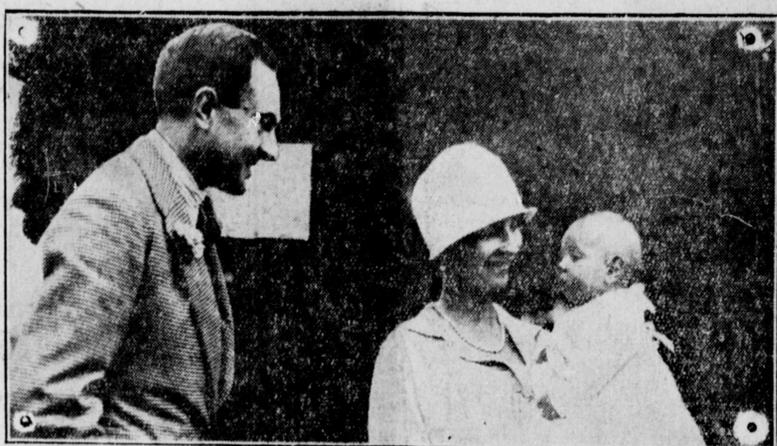

Short Wave Length Follows the Sun; Volume and Clarity Increased

NEW YORK, Jan. 24.—The first reports of the results of the scientific tests made with radio at Iron Mountain, Michigan, during the eclipse, noted a slight increase in volume and clarity.

The Radio Corporation of America reported that its test proved that the short wave length follows the sun and that static was not entirely a local condition.

DOUBLE SERVICE BEGINS APRIL

Prince George Will be Overhauled Here Before Going Back on Run

The steamer Prince George, which has been tied up in Vancouver for several months, will replace the Prince Rupert in C.N.R. coastwise passenger service early in March after it has returned here for annual overhaul in the meantime. When the Prince Rupert is withdrawn, she will also be laid up here for annual overhaul.

It is planned to resume the twice-a-week service between here and Vancouver by the steamers Prince Rupert and Prince George about April 15. This service will be in effect until late in June when the Alaska service, giving Prince Rupert three boats a week, Anxox and Stewart two boats and Alaska one boat, is inaugurated.

It is expected that the St. Margaret, which the company proposes to purchase, will participate in the summer service between here and Vancouver. The St. Margaret, it is said, is already to enter passenger service. Once the final decision has been made to purchase her, it should not take more than two months to get her on this coast from Gibraltar.

SMALL CROP WORTH MORE

Two Million Bushels Less Raised in 1924 Than Previous Year But Sells Higher

OTTAWA, Jan. 24.—Canada's wheat crop for the year 1924 is estimated by the Dominion Bureau of Statistics at 262,097,000 bushels, valued at \$320,262,000, against a crop of 474,199,000 bushels in 1923, valued at \$316,934,700.

PROVINCE A PARTY TO CROW'S NEST APPEAL

VICTORIA, Jan. 24.—When the Canadian Supreme Court hears the appeal of the prairie provinces against the abandonment of the Crow's Nest rates, British Columbia will be a direct party to their suit, Hon. A. M. Manson announces.

Eclipse of Sun This Morning Caused Darkness in Eastern Canada for About Two Minutes

NEW YORK, Jan. 24.—The rapidly vanishing streak of darkness was today dabbed over forty thousand square miles of Canada and the United States. In the path of the celestial shadow brush formed frequently by the sun and moon were parts of Ontario, New York, Minnesota, Michigan, Wisconsin, Pennsylvania, New Jersey, Massachusetts, Connecticut, and Rhode Island. An hour of daylight was succeeded by twilight and then a few minutes of darkness and twilight and daylight again.

Striking the earth at Red Lake, Minnesota, the moon's shadow a hundred miles wide swept eastward in a curve at the rate of 4,200 miles an hour to the Atlantic Ocean, disappearing into space at a point near Shetland Islands on the northeast coast of Scotland after striking the earth for 3,000 miles. Two minutes was the longest time any one city was covered and on either side of the blackness was a twilight zone 4,500 miles wide, extending north to Labrador and south to the Amazon River.

Thousands of people entered the totality zone to view the phenomena.

WHONNOCK POST OFFICE ROBBED

Thief Tried to Cash Check But Excited Suspicion and Decamped

PORT HANNEY, B.C., Jan. 24.—Whonnock Post Office was entered and robbed of eighty dollars cash and a four hundred dollar check. The burglar presented the check at the Port Hanney Bank of Montreal but rushed out without cashing it when the officials became suspicious.

CO-OPERATION RUPERT ASKED

Halifax Trying to Keep Business for Canadian Ports and Nickerson Backs Them Up

The co-operation of Prince Rupert was today asked by the Halifax Herald in their fight to have Canadian ports used for Canadian business. G. W. Nickerson, president of the Board of Trade, received a wire in regard to it and in reply he promised aid on any reasonable demands. The wire from the Herald read:

"People of the maritime provinces are greatly encouraged by evidences of growing interest on the part of other sections of the Dominion in maritime affairs and the place of the maritimes in the Canadian Federation. One source of acute dissatisfaction is the fact that the ocean ports of Halifax and St. John are largely neglected while Canadian trade goes through the ports of another country. Will you please wire us on Saturday for publication on Monday one hundred words of your views on the question of Canadian Trade for Canadian ports. I assure you the Maritime people would appreciate your interest and co-operation."

W. H. DENNIS,
The Halifax Herald.

Mr. Nickerson's reply was as follows:

"Prince Rupert naturally believes in the development of Canadian ports for Canadian business. I have not all the facts of your case before me but as general principle we all would favor keeping business in Canada if not at too great cost. Depend on us for co-operation on any of your reasonable demands to attain this end. There should be close affinity between the ports of Atlantic and Pacific."

GENERAL KUROPATKIN FIGHTS LAST BATTLE

Former Commander of Russian Armies Dies at Age of Eighty

MOSCOW, Jan. 24.—The death of General Kuropatkin, commander in chief of the Russian armies during the Russo-Japanese war, is announced. He was eighty years of age and died at Shenshurino.

TIMBER CONTRACTOR DROPPED DEAD WHEN CLOTHES CAUGHT FIRE

PORT COQUITLAM, Jan. 24.—With clothes blazing Walter Miller, a well known timber contractor, rushed from a hut and before witnesses could reach him dropped dead. The hut was destroyed by fire.

Lone Bandit Enters Vancouver Bank, Engages Staff in Pistol Duel and Gets Away with Money

VANCOUVER, Jan. 24.—Entering the Prior Street branch of the Bank of Montreal today, a lone bandit engaged in a revolver battle with bank officials and, after wounding the teller, S. Elsted, in the leg, escaped on foot with a sum of money believed to be under \$1,000.

The bandit walked into the bank and commanded Cashier C. E. Draper to produce money. Draper ducked and, picking up a gun, fired at the bandit who jumped across the counter and threatened Manager T. R. James by pointing a gun at his head. He then repeated the demand for money and it was handed over.

FIVE CRUSHED IN LANDSLIDE

Smashed by Rock Before Able to Escape Near Bellingham; Bodies Recovered

BELLINGHAM, Jan. 24.—The recovery of the bodies of three men who were crushed to death in a landslide at the hydro-electric plant at Baker River, near Concrete, has brought the death toll to five. At the time of the slide the men were eating lunch in the derriek house from which they were unable to escape before they were smashed by tons of rock. Three men were injured. The dead are Charles Barkus of Seattle, Robert Small of Concrete, Andy Norman and L. W. Anderson of Bremerton and Richard Turner of Henderson, N.C.

BIG DRIVE FOR WHITE CANADA

Organization Meeting to be Held in Vancouver Next Week

VANCOUVER, Jan. 23.—A big drive is being planned to try to secure legislation which will insure a white Canada. A meeting is to be held here on Friday next to start a campaign against Oriental labor to be known as the "All White" movement. United action is being sought with a view to forcing the hands of the Ottawa government to stop even the admission of Oriental students to this country.

DAILY EDITION

Saturday, January 24, 1925.

Business Of Newspaper Is To Sell Advertising.

The business of a newspaper is to sell advertising, yet people are always trying to steal it or in other words to get it for nothing. This paper sells advertising just as a grocer sells a pound of tea. Most of the revenue is obtained in that way. If it were not for advertising the paper could not be published.

No one thinks of going to the grocer and asking him to give away his tea and sugar and it is just as unreasonable to expect a newspaper to give away that which it sells.

The price paid for the paper by the person who reads it does not pay more than one fourth of the cost of producing it.

Making And Spending Money.

Very few people have enough money. They would like more. The man who works for fifty cents an hour has cause to feel that he is underpaid but he probably has as much left at the end of a year as most of the people who earn twice or four times that amount. If the income increases the desires increase proportionately. The actual needs are small but the desires are apt to be large.

Making money is often difficult but spending it properly is much more difficult. Good earners are often very foolish spenders.

American Business Done In Canada.

The total fire insurance carried placed in Canada last year was \$53,000,000 and of this U.S. companies carried \$18,000,000. The total amount of life insurance sold in Canada in the year was three billion and of that United States companies sold one billion. Thus it will be seen that Canada is a pretty good market for American financial companies. One third of all the new insurance is placed with companies from that country.

Prairie Farmers Much Better Off.

The average prairie farmer is much better off this year than he was last. His crop is small but it is worth much more and he has not had the expense of harvesting and threshing the heavy crop. From a railway point of view it is a failure but from the point of view of the average farmer it is far above the average.

According to statistics published today the crop in 1924 is worth four million dollars more than the huge crop of the previous year.

This year has been hard on the Alberta or Northern Saskatchewan farmer who had practically no crop but the farmer in the south or in Manitoba who had a normal crop made money.

Vancouver Suffers Well As Railway.

It is no wonder Sir Henry Thornton has to preach economy and cut down expenses wherever possible. With two hundred million bushels of grain less to haul than during the last crop year he will do great work if he breaks even. The poor crops have been very largely in Canadian National territory and that railway has suffered more than the C.P.R.

Vancouver drew its supply of grain very largely from C.N.R. territory and that having failed the shipping of the southern port has fallen off. Next year all that may be changed. With a normal crop on C.N.R. territory there will again be a huge flow of grain westward. Vancouver will have learned a lesson and gone out for business and endeavored in every way to encourage the grain shipping through that port. We shall have to get busy, too, as soon as the elevator is in such a condition of progress that we can be assured it will be available for shipping this year.

"I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 194 Lake St., Peterboro, Ont., writes:

"For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged. Then my father, who is a firm believer in Dr. Chase's Medicines, advised me to try Dr. Chase's Kidney-Liver Pills. I followed his advice, and am glad to say I was completely relieved of that torturing pain in my back. It is over a year since I used these pills, and I have had no return of the trouble, but always keep them in the house."

C.N. RAILWAY GETTING HELP FOR FARMERS

Already Many Applications are in From Those Needing It; Peace River Demand

WINNIPEG, Jan. 24.—Applications already received indicate that farmers in Western Canada are taking greater advantage than ever before of the farm help service arranged for them by the colonization and development department of the Canadian National Railways according to Dr. W. J. Black, director of colonization and development for the company who left for the East yesterday afternoon, after spending several days in Winnipeg. "It is desirable," Dr. Black stated, "that farmers requiring help should apply early, as the spring emigration from overseas will soon begin, and colonization agents abroad can work to better advantage if they have timely advice concerning the number of men who can be placed on farms immediately they reach Western Canada."

During his visit to Winnipeg Dr. Black interviewed Premier John Bracken and other leading citizens on matters affecting his department, and was also visited by many Winnipeg friends who tendered their congratulations on his appointment to his present important position.

WINNIPEG, Jan. 24.—"It's here, it's there, it's fifty miles from no where, but it's home, sweet home," and because of that there are chores to be done and in the case of the particular farm homes in question, cows to be milked and horses to be fed, so Lorne Bentley and others living at Dawson Creek, 100 miles from Peace River, want help to do them. All of which lead up to the "farthest north" application for farm help to reach the colonization and development department of the Canadian National Railways here.

"We don't care whether they are English, Scotch or Irish as long as they want work and are willing to learn farming. We want hired help," says Mr. Bentley in his letter, which has just reached the official in charge of the farm help service maintained by the department, "and," he adds, "we know we are too far away from the railway to hire anyone on a monthly basis so we want to hire them by the year."

To reach the prospective job, the newly hired farm laborers will travel by rail to Grande Prairie and thence either by stage or by boat, when the latter means of conveyance is operating. Several farmers in the district want helpers, according to Mr. Bentley, and are willing to take on men who are willing to work, regardless of their lack of previous farm experience. That distance is no deterrent to some of the new comers is shown by the fact that a newly arrived man and wife last summer contracted for a job in this district, and at latest reports were settling down to their new work and doing very well.

In the Letter Box

WARNS AGAINST HELL

Editor Daily News,

In an editorial yesterday you seemed to imply that Hell is a myth. You are wrong, sir, for I have been there and I ought to know if anybody does.

Hell is where we are punished for our sins. It may not be a literal lake of brimstone or any such atrocity but it is the suffering which comes from having transgressed the laws of God, which are also the laws of the universe or sometimes called natural laws.

There are men in this town who live in hell most of the time because they are suffering from diseases taken when disobeying the moral law. They will remain in hell until they die and possibly they will carry the taint of it with them. This is no myth but a stern and dreadful reality. For one evening of so-called pleasure these men have sacrificed their whole lives. They thought they were "just stepping out" but in reality, sir, they were stepping into the hell of which you seem to be making light. I should like you to warn the

HER FACE WAS COVERED WITH PIMPLES SHE GOT RID OF THEM BY USING

BURDOCK BLOOD BITTERS

Miss T. Hunter, R.R. No. 8, London, Ont., writes:—"I wish to recommend Burdock Blood Bitters to all women who are suffering from pimples or any other facial blemishes. About two years ago I was greatly troubled with pimples and sores breaking out on my face, and could get no relief until, finally, a friend recommended me to take B.B.B. This I did, and I am now glad to say that your remedy has given me the desirable results, and I now have a nice smooth, clear skin, as it has eliminated all the impurities from my blood."

Get B.B.B. when you ask for it; it has been on the market for the past 46 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

C. W. CUTFORTH

of the lecture staff, International Bible Students' Association, who will lecture tomorrow night at the Westholme Theatre.

young men of the danger. Few people seem to have courage to do it. That is my only reason for writing this letter. If you had seen the things that I have seen or that the nurses and doctors at the hospitals see, you would not let any mock modesty restrain your pen, I am sure.

Perhaps if you publish this letter it might help.

WINGED ANGEL.

NEW BOOKS ADDED TO PUBLIC LIBRARY

During the months of November and December a number of new books were added to the public library, among the more serious being:

- "How to Write Short Stories," by R. W. Lardner.
- "Psycho-graphology," by E. S. Bagger.
- "Psychology and Parenthood," by H. A. Bruce.
- "Scepticism and Animal Faith," by George Santayana.
- "First Principles," by Herbert Spencer.
- "Conscious Auto-Suggestion," by Emile Coue and J. L. Orton.
- "War, It's Causes, Consequences and Cure," by Kirby Page.

PYTHIAN SISTERS' TEA

Altruistic Committee Had Charge of Interesting Event at Home of Mrs. Hart

A very successful silver tea was held at the home of Mrs. Hart, Sixth Ave. West, Thursday afternoon, under the auspices of the Pythian Sisters altruistic committee. Mrs. Hart and Mrs. Rowat received in rooms prettily decorated with daffodils.

An enjoyable musical program was contributed to by Mrs. McGreagor, Mrs. Linsey, Mrs. Hart, Mrs. Baisler, Mrs. McKinley, Mrs. Moxley and Mrs. F. Clark.

The home cooking table was in charge of Mrs. Shenton and the raffles by Mrs. Iverson, the

A GOOD WAY TO INCREASE BUSINESS

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo - Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo-Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo - Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 116 and 564. If

WHY?

Dick had his first lesson in astronomy, and when he came home from school he began to enlighten his sister on the mystery of the stars.

"Do you know," he said, "that little star over yonder is very much bigger than our world?" "Then why doesn't it keep the rain off us?" she asked.

The New Quiet 12 Wins

NEVER before, in the fifty years of typewriter history, has a new model won such instant favor. In thousands of offices the first trial machine has been followed by installation after installation of Quiet 12s—so convincing to both owner and operator are its many superiorities.

There is a Remington man at your call who will gladly demonstrate the New Quiet 12 in your office without obligation on your part.

and in no time I felt a great improvement, and can now heartily recommend them to all those who are troubled with any affection of the heart."

H. & S. Pills are for sale at all drug and general stores; put up only by The T. Milburn Co., Limited, Toronto, Ont.

ANNUAL BURNS BANQUET HELD

One Hundred and Fifty Persons Present at Affair in Boston Hall Last Night

For the seventeenth time the Scots of Prince Rupert and their friends gathered last night to celebrate the immortal memory of their national bard, Robert Burns, on the anniversary of his birth. The banquet took place in the Boston Cafe banquet hall under the auspices of the St. Andrew's Society and there were 150 persons in attendance. There was a splendid fare which was done full justice to and this was followed by an excellent program of speeches, songs and musical numbers. Opening shortly after 8 o'clock, the affair was in progress until about midnight. Thomas McClymont, president of the St. Andrew's Society, was in the chair.

In accordance with time honored custom, as the "Haggis" was borne into the hall by Archie Peyton, Alex. McDonald, the society piper, marched before it, the society pipe, on the bag pipes. Burns' famous poem "To a Haggis" was recited by Joe Brown after the national dish had been deposited on the head table.

Besides the chairman and toastmaster, Thomas McClymont, speakers of the evening were Dr. H. R. Grant, who replied to the toast to "The Immortal Memory"; George Rorie, whose subject was "Bonnie Scotland"; Fred Stork, M.P., on "Canada," and Principal J. C. Brady in reply to the toast to "The Lassies." Soloists were J. E. Davey, Mrs. William Millar, Miss Catherine Jones, Mrs. H. C. Fraser, and Mrs. P. J. McMillan. David Bennett favored with a violin solo and the society orchestra consisted of W. Vaughan Davies, Dave Bennett and George Rorie, played selections. All numbers were heartily encored. W. Vaughan Davies was the accompanist of the evening.

The committee responsible for the success of the affair consisted of D. G. Stuart (chairman), J. McKeelnie, J. A. Allan, J. G. Johnston and W. G. Murray.

CANADIAN ROVER TOUCHED BOTTOM

C.G.M.M. Vessel Will Need Stem and Plates Repaired Following Mishap on Wednesday

C.G.M.M. steamer Canadian Rover, Capt. Joe Flood, due here early tomorrow morning, is to enter dry dock on Monday for examination following an accident last Wednesday when she touched the shore at Farewell Point, 30 miles out of Ocean Falls. The stem of the vessel is damaged and several plates will have to be replaced. It is expected the job will take about a week. Representatives of southern yards are expected here on Monday to figure on the work. The Rover left Ocean Falls for here last night after having discharged a cargo of coal from Vancouver Island.

IN THE ASSIZE COURT

Prisoner—I thought every man had to be tried by his equals.
Judge—I am your equal.
Prisoner—Then why ain't you being tried?

Church Notices

Baptist Church

That's the kind of arithmetic we teach with our "Float-Ironed" service. It washes and dries everything, irons everything flat. You may have some touching up to do on some of the wearing apparel—but otherwise the entire task of washday is taken off your hands. It's the cheapest partially finished service—requiring the least amount of ironing at home. Our Float-Ironed Service is the answer to the washday problem. Shall we solve yours?

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

Work Handicapped

With the weather man rampant on a field of snow and frost, waterfront business has been handicapped this week. While interior repair work on boats has been continued, it has been next to impossible to commence or finish exterior repairs. The paint pots and brushes have, therefore, come in for an enforced rest as the result of inclement weather conditions. In addition to work being done at Gow Bay a number of the home boats are busy around Seal Cove and the Dry Dock, giving a final look to the various "gadgets."

Boats of the Mosquito fleet have been in for a few strenuous wind storms in the past seven days but by dint of hard work on the part of the boat owners no serious damage has been done.

Several cargoes of raw furs have been landed from remote points during the week. There has been a marked increase in activities in this branch of the waterfront business this year both as regards the number of pelts landed and the prices obtained by the trappers. The majority of the furs landed have been brought in by "Goldie" Goldbloom, who states that while there are not so many Indians out trapping this year as last, owing to the remunerative fishing season last summer, the close habitat season has meant that more white men have been to the wilds to gather in the fur bearers.

Wave Adrift

In the big blow which struck the waterfront on Saturday night last the American schooner Wave of Seattle, which has been tied for the winter at the Gow Bay Boats, tore the staples from the dock and got adrift. The boat was blown down the harbor to Tucks Inlet. Capt. Pelt Jensen, of the schooner Lysekil, sighted the roamer and brought her safely back. The Wave is now securely tied to the Hunt dock.

Furs Ahoy!

Oscar Olson and John Bergman arrived in port early this week aboard the power boat Irish Belle from Porcher Island having on board a nice cargo of marten and mink pelts. These two doughty trappers have been cruising around the shores of Princess Royal Island for the past two months and have been putting in a remunerative time judging from the fine specimens of fur brought in.

Miss Cross, who is teaching school at Oona River, arrived in the city by gasboat last Friday evening and spent the week end at home.

Natives Visit

The gasboat Mackwell, Capt. Ed. Clifton, arrived at Kitkatla from Hartley Bay last Saturday, with a party of thirty-two natives aboard who are visiting their brethren for two weeks. Great preparations had been made for the entertainment of the visitors by the Kitkatla inhabitants and doubtless a good time will be had by all. It is usual at this time of the year for the natives to hold their "at homes" they being spread out all over the country during the busy fishing season in the summer.

The gasboat Hanna L. arrived from Kitkatla on Sunday morning last to take on supplies for that port. Among the many purchases was a carcass of beef.

The engine of the schooner Koyusu, owned by Capt. David Ritchie, has recently been thoroughly overhauled in readiness for the initial dash to the high spots next month.

Logging Outfit Sold

Capt. King, skipper and owner of the power boat Sterling, who has been engaged in hand logging operations at Silver Creek

for the past twelve months, has recently sold his entire outfit to Dutton & Co., who will continue in the business disposing of the booms, when completed, to the Georgetown mill. At present there are some 64,000 feet of logs on hand and these will be boomed by the new owners in preparation for towing to the mill. Dutton & Co. are now building a floating caoose on Gow Bay Creek and intend to commence logging operations at the earliest possible moment.

The tug M.T.E., Capt. Reggie Green, left port today for Georgetown to bring down several thousand feet of lumber for the city and the Big Bay Lumber Company respectively.

Georgetown Reopens

Cutting recommenced at the Georgetown mill last Monday after a shutdown of a month for machinery repairs. At present the mill is busy cutting 74,000 feet of lumber for city requirements.

Craziness

The following unsigned letter has been received by the Whiff man and is published in the hope that the perpetrator of this ghastly epistle may be run to earth. The letter reads: "Dear Fordless Friend: Yourself and family are invited to attend a moonlight picnic to be given at King Tut's tomb on the African waterfront on August 31, 1970. Upon arrival at the commencement take the car you have just missed and if you miss the boat you didn't catch swim for it as there is no extra charge for walking. You are requested to bring a basketful of water in case you get hungry. Musical inflections will be played during the sad time by the badly afflicted Hooligan orchestra composed of four drums and a stringless fiddle. Songs will be danced by Miss Tut-Tut. Music will be directed by Hairless Harry, formerly barber to the Tut family, and the guy who invented the dollar bob. The sports will consist of a race by legless men for a silver cup made of brass and a sailing yacht race in which ten boats made of bricks will compete to a dead badger. Stalls on the ground will furnish very long shortcake at 5c a dash, spaghetti at 5c per mile and doughnut holes at 8c each. Notice: People eating at this picnic must die at home and anyone found dead will be arrested and sent to jail for life. Orphans coming with their parents will be admitted free for half price. We are sure you will enjoy yourself for which we are sorry."

Boats at the Dry Dock, which are busy overhauling, include the Hippo, Capt. Dahl; Kaen, Capt. Hans; and Seamaid, Capt. E. Dorreen. According to local report the schooner Seamaid is to leave port early next month for Seward where she will take on ice and fresh bait in readiness for the re-opening of the fishing season.

Marooned

Capt. Chapman, a retired deep sea skipper and an old timer in the north, who resides on Porcher Island and does a little trapping as a hobby, had an exciting experience on Macaulay Island last week when his boat was dashed to pieces on the beach thus leaving him stranded. Capt. had gone over to Macaulay Island to do a little fur gathering and left his boat anchored off

the beach. While he was absent on the trap line a gale sprang up and blew his boat on the beach where it was wrecked. Being a resourceful man of the sea he did not worry but set about to make himself comfortable and as luck would have it he had quite a nice supply of provisions on hand. The marooned mariner did not suffer much inconvenience for some after Gus Quist arrived with his power boat Yale and took Cap off the Island along with his fur catch which consisted of one full blown weasel.

The Fisherman

Upon the government wharf serene,
A fisher sat where all was green,
And looked it.

He saw when light was growing dim
A fish, or else the fish saw him,
And hooked it.

He took, with high erected comb,
The fish or else the story home,
And cooked it.

Recording angels by his bed
Weighed all that he had done or said,
And booked it.

—L.P.

Marine Products Busy

Considerable repair work is being carried out at the Tuck's Inlet plant of the Rupert Marine Products and the mechanical end is being put in tip-top shape in readiness for the fishing season which re-opens next month. The entire interior steam connections are being overhauled and one of the main boilers is being rebuilt. Repairs are also being carried out on the company's tug P.R.T. The Canadian-Fairbanks 30 h.p. C.O. engine is being fitted with a new system of electrical heating plugs and a new lighting system. The electrical heating system is an entirely new innovation in semi-diesel engines, which gives more power and does away with the torch ignition.

Five men have been employed on repair work at the plant all winter.

FURS! FURS! FURS! I don't care where you go first to sell your furs but I do know you'll come to me finally. Why? Because I pay the highest prices. W. Goldbloom, Second Ave.

The Man in the Moon SAYS--

MONEY you don't make is money you lose.

HONEY you don't gather is honey you lose.

IF I'd a mint of money I tell you what 'tis, honey; I'd make the world look funny. Yes, that's what I'd do, sonny.

IF you are not doing business it may be your fault. Perhaps you forget to tell people about your wares by advertising them.

WHEN you want friends to visit you, what do you do? You invite them. It's just the same way in business. If you don't invite your friends and tell them what's on the program you can't expect to have them call and buy your stuff.

IF you are not asking for business, probably you do not want it.

IN business there are only two things to do. Buy and sell. It's easy enough to buy if you have the money and it's easy enough to sell if you advertise.

EVEN old King Tut did not forget to do some advertising. He laid all his plans for the special reopening show.

ANY woman would rather have her hair cut than cut expenses.

ANOTHER was would be much more horrible than the last. Some enterprising person would be broadcasting it and in that way it would be brought home to the people.

I REMEMBER the time when people listened to staid and sober music. Then jazz was invented and later people turned to the radio. Now I am wondering what will be the next step.

IT is credibly stated that when Mr. Hughes left the position of secretary of state he took

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony arm-chair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Buying advertised products is a bond investment---not a stock speculation

his whiskers with him. How will a foreign nation be impressed with the Dignity of the United States after this?

Ten Years Ago in Prince Rupert

January 24, 1915.

Ald. A. W. Edge is back from a trip to San Diego. He tells an amusing story of how he beat confidence men who endeavor to fleece visitors at the Tia Juana bull fights.

Al Johnson, who it is said cleaned up \$90,000 in 90 days through successful investing at Prince George, passed through the city last night enroute to Vancouver.

Messrs. McIlwce & Son are suing Foley, Welch & Stewart for \$500,000 over a tunnel contract at Rogers Pass on the C.P.R. W. J. Elmendorf of Stewart has gone to Vancouver to give expert evidence on behalf of the defendant company.

LONDON TO HAVE MONSTER MOVING PICTURE PALACE

LONDON, Jan. 24.—London's newest moving picture theatre, the Capitol, which is to provide the British capital with entertainment of the sort furnished at Broadway's great movie palaces, will house two ballrooms and a huge restaurant.

The theatre, situated in the Haymarket, is built on the first floor above the street. Valued at \$1,850,000, the house has been leased for 60 years at an annual rental of \$100,000. The Capitol will have an orchestra of 50 persons.

EDMONTON WANTS LARGER REVENUE.

Trying to Make Alberta Government Hand Over Part of its Income

EDMONTON, Jan. 23.—There is a movement afoot here to try to make the Farmer Government of Alberta "disgorge" some portion of the taxes collected from purely municipal sources of revenue.

Edmonton is not raising sufficient revenue to meet her liabilities and the necessity of increasing taxes is before them. A rate of sixty mills on the dollar is discussed.

UNITED CHURCH WILL MEET IN TORONTO

TORONTO, Jan. 23.—The General Council of the United Church of Canada will meet here on June 10, the week after Pentecost, the same date the general council of the Christian Church met sixteen centuries ago at Nicea.

IMMIGRANTS FROM MANY NATIONS AT WINNIPEG YESTERDAY

WINNIPEG, Jan. 24.—"Canada the Melting Pot" was again exemplified by the arrival at the Canadian National Station of a party of immigrants from the S.S. Megantic, numbering 39 and representative of 14 European nations. The party was met enroute to Winnipeg by interpreters of the colonization and development department and arrangements made for the journey westward of those who were travelling further than Winnipeg to reach their new homes. The nationalities represented in the party were: British, 6; Danish, 1; Norwegian, 1; Swedish, 2; Finnish, 2; Germans, 6; Hungarians, 5; Polish, 4; Roumanians, 1; Russian, 6; and Ukrainians, 5. By provinces the party was distributed as follows: British Columbia, 5; Alberta, 17; Saskatchewan, 7; and Manitoba, 10.

ENGLISH BOYS LIKE RADIO BETTER THAN THEIR HOME LESSONS

LONDON, Jan. 24.—Radio sets are very cheap in this country and good ones can be purchased for a few dollars. Thus they are quite within reach of school boys and so great has the fad become that the headmaster of a grammar school in Bradford complains that it is causing home lessons to be skimped. He has sent out a circular letter to parents calling their attention to the serious effect listening-in is having on the work of the boys and expressing the hope that parents will strictly regulate the conditions under which wireless is used.

FARMERS NOT SURE IF THEY ARE IN POLITICS

Annual Meeting of United Farmers of Alberta Discuss Matter at Length

CALGARY, Jan. 23.—At the annual convention of the United Farmers of Alberta held here a great deal of time was taken up discussing whether or not the association was in politics and if not why not and if it was why it was. Some of the delegates were of the opinion that it was in politics "up to the neck" while others objected to this and said that many of the members of the association refused to join the affiliated political organizations and in some districts hardly any would join. The matter was not settled.

MOST AIR ACCIDENTS CAUSED BY ERRORS IN JUDGMENT OF PILOTS

LONDON, Jan. 24.—Most aviation accidents are due to slight errors of judgment, according to a recent analysis made of more than 300 mishaps in the Royal Air Force. It was found that of 60 per cent of the accidents, due to errors in judgment, but a small number befell pupils at flying schools, while a large number were caused by carelessness among recently graduated pilots.

THOMAS MEIGHAN

The Good Luck Star in
THE ALASKAN

An adaptation of James Oliver Curwood's celebrated story. A real "he-man" story of the Far North; an epic of Alaska. A big, red-blooded story alive with virile strength and dramatic power. The old hammer-and-tong fight-days lived over again. A tale of the struggles by native Alaskans against the financial powers which strove to loot the wealth of that faraway land. Mountain peaks, forests, rivers and glaciers form the settings. The highlights include the blasting of a mother's grave—a vandalism quickly followed by vengeance, a thrilling fistic encounter and a girl's wild leap into the sea from a ship bound from Seattle to Seward. Rough men of the north, picturesque women of the dance-halls, Indians in their native trappings, whirlwind action and strong love-appeal. Strong cast: Estelle Taylor, John Sainpolis, Frank Campeau, Charles Ogle, Anna May Wong and many others.

FRANCE IMPORTS CANADIAN FOXES
Two Shipments Arrive at Havre And Are Sent to Vosges Mountains For Breeding
HAVRE, France, Jan. 24.—Two consignments of silver foxes, one from Alaska and the other from Canada, have recently entered this port. Together they total 98 animals and all will be sent to the Vosges mountains for breeding purposes. Silver fox fur commands very high prices on the French market.
