EARLY MORNING BLAZE IN INTERIOR TOWN

QUESTION REGARDING DOMINION'S AUTONOMY BEING DISCUSSED OTTAWA

Part of Business Section of Smithers Wiped Out by Fire Which Started During Night

Occupants of Buildings Escaped but Personal Effects Destroyed; Chemical Wagons Were Helpless

(Special to Daily News)
SMITHERS, Feb. 19.—A disastrous fire occurred here shortly after midnight resulting in the wiping out of a portion of the business section of Smithers. The Fotherby ladies' wear store, the police station and the office of the land settlement board all went up in smoke and little was saved. Fortunately no lives were lost and the spread of the fire to other buildings in the neighborhood was prevented but only after the occupants had received a severe fright and strenuous efforts had been made to save them.

Although the origin of the fire remains a mystery, it apparently started in the kitchen in the rear of M. A. Fotherby's ladies' wear store, the upper portion of which is used as a rooming house and sleeping quarters for the Fotherby family.

Some time about one o'clock this morning Albert Fotherby aroused his father stating that there must be a fire as the house was full of smoke. Upon investigating it was found that the kitchen was a mass of flames and the family and Miss F. Spooner, who was rooming there, rushed out and did not save any of their personal belongings other than the clothes they hurriedly donned when the alarm was given.

Constable Thomas This, who was asleep in the police station in the adjoining building, was awakened by the crackling of the flames and taking his prisoners out, he turned in the alarm.

As Smithers has no organized fire brigade and has only hand chemical wagons to combat a fire, those first arriving on the scene had no chance of saving the building or the adjoining ones and in a few minutes the police station and the land settlement board office also were a mass of flames.

Nothing at all was saved from the Fotherby store and home but willing workers soon carried everything moveable out of the other places.

For a time it looked as if the liquor vendor's store on one side and the Government office building on the other and the Mutch hardware store and the Government telegraph office across the street were doomed but the walls of these places were kept dampened and no damage was done beyond broken windows and a good scorching. Had there been a high wind blowing it is doubtful if any of this portion of Main Street could have been saved.

The police station was owned by E. E. Orchard and the Land Settlement Board office by Leonard Vaughan of Vancouver. Mr. Fotherby owned the building occupied by him. The loss is roughly estimated at between eleven and twelve thousand dollars. The buildings and ladies' wear stock was fairly well covered by insurance amounting to \$8,000.

BIRTH
A son was born at the Prince Rupert General Hospital on February 18 to Mr. and Mrs. J. L. Blain, 624 Thompson Street.

WAYNE MUNN COMING CHAMP?
CHICAGO, Feb. 19.—Wayne Munn, the sensational new wrestler, lifted huge Mike Romano with a crotch and half-Nelson and smashed him to the mat twice in less than seven minutes last night. Romano had lost three contests to Strangler Lewis the champion, only after hours of gruelling mat work.

PRINCE RUPERT WILL BENEFIT VERY LARGELY
New Rates Assured Which Will Turn Grain Stream Toward Pacific

OLIVER'S GOOD WORK
Co-operation at Ottawa and Support of Western Members Made Possible Rate Revision

(Special to Daily News)
OTTAWA, Feb. 19.—It is definitely announced that British Columbia, through the strenuous efforts of John Oliver and his Government and with the sympathetic co-operation of W. L. Mackenzie King and his cabinet, has won its rate war fight and that the rates on grain shipments to the Pacific Coast will be equal, mile for mile, with those Eastbound.

G. G. Meicer has been employed by the Oliver government to follow up the campaign and with the backing of the B.C. government and the western members of Parliament has eventually won out. Legislation will be introduced at this session to bring the new rates into force.

West to Benefit
The Pacific Coast ports will benefit very materially from this change. Vancouver and Prince Rupert and possibly New Westminster and Victoria will handle grain from Saskatchewan as well as Alberta, the natural divide between east and west being in the neighborhood of the Saskatchewan-Alberta boundary. All new immigration development in the west will therefore benefit the Pacific ports, as the product will go out that way.

Workmen are filling the cracks in the dome of the new St. Paul's Cathedral, London, with compressed cement in their effort to save the towering edifice that has overlooked the city for so many years.

Propose Giving Power to Canada to Amend Her Own Constitution

Matter Introduced by Conservative Member of Parliament is Opposed by French-Canadian Minister

OTTAWA, Feb. 19.—Should the Canadian Parliament have the right to amend the British North America Act? This question held the House of Commons yesterday when W. F. MacLean, Conservative member for South York, submitted a motion that Parliament should be given such power instead of amendments coming by way of the British Parliament as at present.

SAWMILL HEAD HERE

J. A. Smith, who recently purchased the Seal Cove sawmill here, arrived from Vancouver on the Prince Rupert yesterday afternoon. He is inspecting the work of renovating the plant which is now in progress and expects to be here for a week or ten days. He is staying at the mill boarding house.

There are at present 26 men on the payroll at Seal Cove, all of them engaged in the work of getting the plant ready for a resumption of operations. It is expected that sawing will start in about six weeks time.

Religious Frenzy Roused Eskimos to Pitch of Excitement Bordering on Insanity and Killings Resulted

OTTAWA, Feb. 19.—Two murders followed by a killing to defend a woman are parts of a tale of fantastic horror made public when the Royal Canadian Mounted Police report was tabled yesterday.

Work Begins on Construction of Elevator Here with Arrival Equipment, Dredge and Scows

Several tons of general hardware for the work having arrived from Vancouver on the steamer Prince Rupert yesterday afternoon, the Northern Construction Co. started excavation today for the elevator foundations. This marks the actual commencement of work on this long awaited port facility which it is expected will mean so much in the future progress of Prince Rupert.

That no time is to be lost in meeting the intention of the Department of Trade and Commerce to have the elevator here ready to handle the 1925 grain crop this fall is indicated by the fact that two shifts are to be laced on the foundation work which will be rushed through so that the main superstructure work, the contract for which will be let in the near future, will not be delayed in starting.

W. C. Arnett's tug Fearful, together with his dredge and two dump scows, arrived in port at 4:30 yesterday afternoon from Vancouver. Today the equipment is being set up and by the week-end deliveries of gravel from across the harbor to the elevator site will probably have commenced.

The dredging equipment was accompanied up the coast by the Hecla Straits Towing Co.'s tug Cape Scott, Capt. Lewis, which left this morning for Logan Inlet, Queen Charlotte Islands. The dredge had to be pretty well taken down for the trip and it will be put together on this side of the harbor before going to the mouth of McNeill Creek to start its work.

SPEED CRAZY DRIVERS MUST GET A SHOCK

So Says Police Inspector at Vancouver in Renard to Law Breakers

VANCOUVER, Feb. 19.—Speed-crazy drivers, thinking the absence of a speed limit in British Columbia means a license to go as fast as they like, will get a shock presently, declared Inspector Hood of the police traffic department, issuing a warning as a result of an epidemic of automobile crashes last week.

Five persons were injured, three escaped from death or serious hurt in a miraculous manner and a young girl is in the Detention Home awaiting trial after a smash of a car supposedly stolen, were the outstanding accidents of Vancouver district.

ATLANTIC FLEET OFFERED GOVT

Agreement With Sir William Peterson Has Been Published at Ottawa

OTTAWA, Feb. 19.—An agreement between the government and Sir William Peterson for the establishing and maintaining of a fleet of ten ships on the Atlantic has been published. Sir William agrees to supply ten modern ships all to be approved by the government.

HEALTH OF KING IS SLOWLY IMPROVING

LONDON, Feb. 19.—King George, who is ill with bronchitis, passed a better night. His progress, though slow, is reported satisfactory.

KING METHOD OF BUSINESS

Will Not Place Export Tax on Wheat But Will Encourage Shipping

OTTAWA, Feb. 19.—The Mackenzie King government proposes to develop Canadian ports by encouraging Canadian shipping rather than by restricting the export of Canadian products. They will not take the recommendations contained in the Tunge report and place an export duty on wheat. Instead of that they are taking steps to break the Atlantic shipping combine and at the same time encourage grain and other shipments from Canadian ports, both in the East and West. Legislation will soon be introduced to make this possible.

HUGE LOAN BY FRANCE MOOTED

Finance Minister Clementel Advances Solution For Country's Economic Problems

PARIS, Feb. 19.—The promise of a \$100,000,000 loan for improvement of French finances and another of \$35,000,000 for devastated regions to be floated in United States as soon as the budget is definitely balanced and voted is the remedy for France's economic troubles advanced by Finance Minister Clementel in the chamber of deputies. Details and terms are not given.

NEWSPAPER WAR IS APPARENTLY OVER

Vancouver Sun Gives up Price Cutting Fight and Raises Rate

The newspaper fight seems about over in Vancouver. The Star triumphantly announces that the Sun has ceased its efforts to put its smaller rival out of business. It has raised its subscription rates but keeps its street sale price down to one cent. At present the Province sells for five cents, the Sun and Star each for one cent.

ROSS WATSON SENT TO OKALLA WHILE AWAITING HIS TRIAL

VANCOUVER, Feb. 19.—Ross Watson, wanted in connection with the robbery of the bank at Nanaimo, was brought here last night from Victoria and lodged at Okalla to await the preliminary hearing at Nanaimo eight days hence.

HALIBUT IS SOLD TODAY AT EXCHANGE FIRST OF SEASON
Cape Spencer Broke Crank Shaft and Had to be Towed Home
The first halibut catches of the season were sold today at the exchange and fetched seven and ten cents respectively, the buyers being Alfin Fisheries and the Gold Storage.

The Cape Spencer broke her crank shaft and had to come in so she was towed from Rose Spit by the Fisher. The catches were: Fisher, 4,500, to Alfin Fisheries at 17c and 10 1/2c. Cape Spencer, 800, to Gold Storage at 17c and 10c.

PRINCE RUPERT - BRITISH COLUMBIA

Published Every Afternoon, except Sunday, the Prince Rupert Daily News, Limited, Third Avenue,
H. F. PULLEN, Managing Editor.

DAILY EDITION Thursday, Feb 19, 1925.

Labelling Salmon According To Demand.

It has been the custom with some canneries in the north to ship their product without labels and the purchaser placards it with any label that seems best to meet the demands of his business. The result is that the Japanese have invaded the market, sell their product to British firms who label it the same way that Skeena River or other British Columbia salmon formerly was labelled. Had the B.C. people all stuck out for their own labels and refused to sell to any who would change them, there would have been today no possibility of any other product taking its place.

The Prince Rupert brand and the Horseshoe brand and a few others are well known. They still hold their own but they are put into competition with salmon purporting to come from here but which really comes from the other side of the ocean, is packed by the cheapest possible labor and under conditions which are not supervised.

Lack of Cohesion On Part Of Allies.

The allied countries who fought side by side in the war have been having their differences since that time with the result that Germany is able to defy them. Today it is claimed that the Treaty of Versailles is being broken and that Germany is encouraging the martial spirit in her country. The allied nations have not even the backbone to secure proper information in regard to it. Each seems to be fearful of the other. The result is fatal. The war, which was fought to make the world safe, is failing in its effect.

Arms Conference Will Do No Harm.

The United States government has proposed another arms conference or at any rate informal conversations in regard to its possibility are being carried on. The conference can do no harm, even if it has no direct results. Every conference tends to get the nations better acquainted with each other, and knowledge is the first step toward the allaying of suspicion. Canada should welcome peace conferences and be ready to take part in them, as doubtless she will. The first important step is to get the powerful nations in line. At present Canada has no power except to provide a few soldiers in time of war. She has no navy and practically no defences.

Woman Is Needed To Care For Young Boys.

It seems as if the care of young boys has been left to men in a brotherhood orphanage in Quebec where charges of manslaughter and cruel treatment are alleged. Whether the charges be true or not remains to be proved, but they do not change the general principle that young boys need the care of a woman. It is only the natural aptitude of women to mother things that can make the lads really happy. Motherhood is part of the nature of a real woman and cannot be acquired. No man can possibly take the place of the woman in bringing up children. He may help, but only help. Gradually the boys wear themselves away from the mother and imitate the father but mother love is something that should be denied no child, orphan or otherwise. There are plenty of women in the world to do the work and they are the only ones who can do it properly.

Maritime Controversy Over Grain Shipment.

The people of the eastern maritime provinces are asking that the ports of St. John and Halifax be used for grain shipments in place of American ports. The Manitoba Free Press analyzes the situation and shows that much of the grain now shipped from St. John is American grain and not Canadian and the same applies to Montreal during the season.

As a matter of fact it is almost impossible to try to force trade out of its natural channel. Everything being equal Canadian ports should be given the advantage but to propose to tax either the grain grower or the people of Canada to force grain out through Halifax and St. John is hardly reasonable. We strongly sympathize with the people of the far Eastern ports in their struggle for business. We have our own struggle, but we must be thoroughly seized of the situation before we decide to take the stand that business must be forced to go in a certain direction. Our own fish business is a case in point. Efforts are continually being made to force the American fish to take the long haul through American ports but it is an unnatural thing to do and has little effect.

"Back was Very Painful I am now Well Again"

Mrs. Wm. Walker, Webbwood, Ont., writes:

"I was sick for several months with my stomach, I had pains in the back, and how I used to dread wash day, for my back would pain so that I couldn't lie down when night came. I also had gas on my stomach, and my appetite was so poor that sometimes I did not care whether I ate or not. The doctor gave me medicine, of which I took a number of bottles without benefit. At last I started to use Dr. Chase's Kidney-Liver Pills, and although I have only used three boxes, I am quite well again."

Duthie Interested Himself in One of Babine Mountain Mines and Did Tunnelling: Prospects

(Fourth of Series of Articles on Mining in Bulkley Valley, based on Smithers Board of Trade Report)

The Babine Range is a highly mineralized range of mountains running generally east and west from twenty to thirty miles north of the Canadian National Railway and about parallel with it. It extends for many miles and is more or less mineralized throughout its entire length. Describing further some of the mining prospects in that range within reach of Smithers the report recently prepared by L. S. McGill, secretary of the Smithers Board of Trade, says:

Hyland Basin

Over the divide from Driftwood Creek on the Babine Lake slope, is the Hyland Basin Group, owned by Martin Cain and Thomas King. This has a contact ore-body developed by open cuts and a thirty foot tunnel. There are very high values in gold, silver and lead. The main showing has eight feet of good milling ore, of which two feet is high grade, assaying \$300 per ton. J. F. Duthie took his property under option and had a crew of men start to drive a tunnel at a lower elevation to cross-cut the showings. But, hampered by adverse weather conditions, the distance from Smithers, and other difficulties, the progress made was slow. The work stopped for 1924 with the tunnel still 35 to 40 feet short of the place where the ore body should be reached. A trial shipment of a few tons of ore was made, giving returns of about \$300 per ton.

In 1924 King and Cain sold two other claims near the Hyland Basin Group to Edmonton interests for a cash consideration, unstated.

Little Joe

Another property of King and Cain in the Babine Range is the Little Joe, comprising five claims. A contact ore body, width up to twenty inches, has been developed by a drift tunnel 100 feet long. The chief value is in silver—a shipment to the smelter of selected ore gave returns of 600 ounces of silver per ton. This property was bonded in 1924 to J. Dunphy of Spokane. Although illness of Mr. Dunphy halted the driving of a projected cross-cut tunnel, he retains the option and intends to continue this development in 1925.

Iroquois Group

Pat McPhee, owner of the Iroquois Group, continued his development last summer. The workings are above timber line and about twenty miles from the railway at Smithers. A vein ranging from four to fifty inches in width has been opened up and good values found in copper and silver, the copper running to 25 per cent. McPhee has done a lot of work, having driven two main tunnels on the vein, beside open cuts and other surface workings.

Shamrock Group

James Carson has a good showing of high grade silver-copper ore on his Shamrock Group. Although extensive development of the property has not yet been carried out, the owner works at it each year, and he continued work this past season.

Social Group

A. P. McCabe has a copper property near the Iroquois known as the Social Group. This has not yet been opened up very much.

Rainbo Group

About sixteen miles from Smithers, and reached by the Driftwood Creek road and trail, is the Rainbo Group. This is owned by a syndicate of Smithers people headed by James Wright, who has done a lot of work on it during the past two years. On a vein about five feet wide some shoots of good silver-copper ore have been found, and there are several other veins on which work has been done as well. A trial shipment of ore in 1924 gave returns of \$5.00 in gold, 169 ounces in silver, and 28 per cent in copper.

Driftwood Group

The Driftwood Group, owned by a Smithers syndicate headed by E. R. Orchard, immediately adjoins the Rainbo. Two drift tunnels on the main showing have opened up a good quality of silver-copper ore. Lack of further funds for development resulted in no work being done last year.

Judges Group

Adjoining the Driftwood Group on the other side from the Rainbo is the Judges Group, owned by a third Smithers syndicate under Joseph S. Kelly. In 1924 work was carried on in a small way but the showings are not yet

opened up to any great extent. This and the last two groups should be consolidated into one property.

Other prospectors with claims in this part of the Babine Range having promising showings and who worked on their properties in 1924 include: Alex. S. Miller and associates on the Sunday Group, a silver-copper prospect with good values, Randolph Haigh, Dan Macdonald, A. T. Harner.

The Man in the Moon SAYS—

IF business is sick it is not for want of rest.

IN the old days they did things different from what they are done today. Adam and Eve were first offenders but they got a life sentence at hard labor.

A VANCOUVER man arrived, asked a Prince Rupert man if it always rained like this in this blankety blank town. Funeral tomorrow.

A MAN may talk about the fairy fingers of lady love, but wait until he has seen her handling hot dog at a picnic.

THE girls all like to play hide and shiek. It's so thrilling.

IF an era of prosperity comes to Prince Rupert, the Fordless will be able to ride and two more cylinders will be added to the lizzies now operated here.

ANOTHER fortress of the pessimists has been captured. The dredge is here.

THE first halibut boat brought in a fifteen pounder. The others will have to go some to beat that.

THERE seems to be general agreement that it is objectionable to have to go to bed at night and even more objectionable to get up in the morning. Possibly when the Reds take control these disabilities will be removed.

Ten Years Ago in Prince Rupert

February 19, 1915.

The Canadian Club, at its annual meeting last night, elected officers as follows: President, Bishop F. H. Du Vernet; first vice-president, William Manson, M.P.P.; second vice-president, George R. Naden; secretary, C. T. Howard; treasurer, Rev. W. E. Collison; executive committee—Rev. Canon G. A. Rix, W. E. Williams, J. H. McMullin, O. H. Nelson, L. W. Patmore, H. F. McRae, J. C. Halsey and W. S. Fisher.

One of the merriest parties of young people ever assembled in Prince Rupert gathered at a splendid roller skating party in the Auditorium last night under the auspices of the Baptist Young People's Society. There were over seventy people in the party.

Mrs. Frank Ellis, who was a witness of the recent bombardment of Scarborough, England.

GOVERNMENT LIQUOR ACT. NOTICE OF APPLICATION FOR BEER LICENSE.

NOTICE is hereby given that on the 27th day of March next the undersigned intends to apply to the Liquor Control Board for a license in respect to premises being part of the building known as New Empress Hotel, situated at 228 Third Avenue, in the City of Prince Rupert, Province of British Columbia, upon the lands described as Lots thirteen (13) and fourteen (14), in Block two (2), Section one (1), City of Prince Rupert, according to a registered map or plan deposited in the Land Registry Office at the City of Prince Rupert and numbered 925, for the sale of beer by the glass or by the open bottle for consumption on the premises.

DATED at Prince Rupert, B.C., this 6th day of February, 1925.

MRS. ANNA M. ROSS, Manageress and Lessee of New Empress Hotel, Applicant.

Dissolves completely

Makes a rich "soap-sudsy" solution, soaks dirt out — no more hard rubbing.

Rinses out thoroughly—leaves clothes white—no bits of soap left sticking to garments to turn yellow under the iron.

Rinso is the only soap you need on wash-day—it is perfect for soaking—for boiling—for washing-machines.

MEN COMING HERE TO SEEK EMPLOYMENT BUT LITTLE IS OFFERING

Logging and Pole Camps Expected to Open in About a Month

Every boat and train brings a few men to the city seeking employment on the elevator and other construction work which is in prospect. So far however, there has been little demand. The city has a good gang on at roadwork but they are the Prince Rupert people who are getting first consideration.

Most of the men coming seem to have a little money and are not badly in need.

A few carpenters were sent to the mill at the beginning of the week but so far there is little demand for labor in the city.

The logging and pole camps will not be opened up for about a month yet. There is about six feet of snow at many points in the interior and that makes pole cutting almost impossible.

As soon as this snow is gone, work will proceed. Work on the island will open, it is expected at about the same time.

Mrs. S. Volk returned to the city on the Prince Rupert yesterday afternoon. She has been on a trip to the Old Country.

Bishop E. M. Buno returned on the Prince Rupert yesterday afternoon from a trip to Vancouver on parochial business.

PARENT TEACHERS' ASSOCIATION MET

Program For Coming Season Was Discussed at Meeting Last Evening

A meeting of the Prince Rupert Parent Teachers' Association was held in the Booth Memorial School last evening. Mrs. Spencer presided and there was a fairly good attendance of members.

The program for the coming year was discussed and Mrs. Spencer announced that Judge Young and H. C. Fraser, inspector of schools, had consented to address the association at the April and May meetings respectively. In March an exhibition of lantern slides, purchased by the P.T.A. for the school, will be given by Mr. Hartness. It was also decided to hold a debate in the fall. Subjects for discussion at the other meetings were talked over and many valuable suggestions were made.

A circular was read from the King Edward High School P.T.A., Vancouver, on the aims of Parent Teacher Associations and it was decided that a similar circular be sent to all the parents and teachers in this city in an effort to create a wider interest in the work of the association.

Refreshments were served at the close of the meeting.

EVEN CALIFORNIA HAS ITS RAINFALL

E. C. Gibbons Was Away a Month and There Was Rain Almost Every Day — Went as Far as Frisco

"It rained almost every day I was away even in the reputed sunny California," says E. C. Gibbons who returned yesterday afternoon on the Prince Rupert from a month's business trip which took him as far south as San Francisco. Mr. Gibbons found Frisco, where he spent four or five days, to be in an apparently flourishing and prosperous condition. He was also in Portland, Oregon, where he visited with his former business partner here, Ed. Doyle, who is doing very well.

FINERAL NOTICE

The funeral of the late A. G. Brennan will take place from the B.C. Undertakers on Friday at 2.30 p.m. Rev. Geo. G. Haeker officiating.

C.G.M.M. freighter Canadian Rover is again in service after having had repairs made at Wallace's, Vancouver, following her recent stranding. The vessel left Ocean Falls at noon yesterday for Seattle.

Members of the Rotary Club this afternoon had their photos taken by Harry McLeod at the Court House steps. They are the most northerly club on the continent and the picture is to be published along with the most southerly club in the Rotary magazine.

A. C. B. Yuill, Vancouver hydro electric engineer, who has been engaged by the city to make a survey of the situation at Woodworth Lake with a view to further power development there, will arrive here on the Gardena on Sunday afternoon next and will commence his work at the first of the week.

Charles Harrison, formerly of Queen Charlotte Islands but now of London, England, has completed a book on Queen Charlotte Islands, dealing chiefly with the Haida Indians, their customs, religious ceremonies and legends. It is illustrated by photographs of the natives and the district and is named "The Warriors of the North Pacific."

Hon. T. D. Pattullo and his nephew, Neil Pattullo of Aberdeen, Scotland, will return to Victoria on the Prince Rupert tomorrow morning after having spent the past ten days in the city. Mr. Pattullo expects to be back during the summer and will then cover the northern districts more extensively than he has done on this trip which has been in the nature of a holiday.

ASSESSMENTS ARE APPEALED

Cannery Asks Reduction on Its Site Near Seal Cove

The court of revision on the city's 1925 assessment roll convened again this morning but adjournment was taken until tomorrow, the assessor not being present.

W. E. Williams appeared before the court in connection with the appeal against the assessment on 204.4 feet of waterfront land near Seal Cove leased by the Canadian National Railways to the Millard Cannery. Mr. Williams based his claim for a reduction on a comparison with the property of the Canadian Fish & Cold Storage Co., which is assessed at the same figure—\$40 per foot frontage. He claimed that the cannery property did not possess the same advantages as that of the cold storage and, therefore, was not so valuable. The cold storage property had a direct road, city fire protection and was easily accessible, none of which advantages were possessed by the cannery site which was also more exposed. In addition, the cold storage plant had level land behind it while the cannery was practically against a bluff. In view of the respective conditions of the two sites, he asked for a reduction to \$25 per foot for the cannery. The treatment that was accorded the cannery might affect other industries proposing to come to the city he suggested.

Opposed by Assessor

There was some little discussion in the course of which Ald. Stephens was inclined to admit that it was not equitable to assess the cold storage and cannery sites similarly. Either the cannery figure was too high or the cold storage too low. City Solicitor Jones stated that the assessor was opposed to a reduction in view of the effect it might have on other waterfront property.

The court then adjourned until tomorrow morning so that the assessor might be present.

In addition to this appeal, there remains to be disposed of that of Jessie G. Scott against assessment on various lots in the city and also that of M. W. McLeod on two sections of lots. Mr. Williams is also representing these appellants.

Ald. Stephens notice of motion for a general reduction of assessment of 10 per cent in all city assessments is also to be dealt with before the court completes its business for the year.

OBJECTION TAKEN TO AUTO RACE COURSE AT BROOKLANDS IN SURREY

Too Much Noise and Smell Say Residents of Neighborhood

WEYBRIDGE, Eng., Feb. 19.—Residents of the very select neighborhood of Weybridge in Surrey long ago protested to the authorities regarding the noise and smell which they have to endure because of the proximity of the famous Brooklands automobile racing track.

These protests so far have fallen upon deaf ears, but the last has not yet been heard of, for the owners of the St. George's Hill estate and ten Weybridge and Byfleet residents have served a writ upon the Brooklands Automobile Racing Club with a view to having the track closed on the grounds that noise of racing constitutes a nuisance, destroys the peace of the rural neighborhood and causes serious deterioration to property.

For 18 years the majority of airplane and auto experiments and tests have been made at Brooklands, and it is claimed that an automobile passes through stiffer tests here within 24 hours than is possible in a full year on roads. This threat of legal action has not deterred club officials, who have arranged full program race meetings for the ensuing year.

IN TWO SENSES

Lady passenger (after the accident)—We skidded, upset, and after that all was blank.

Rescuer—Yes, blankety blank, according to the language the chauffeur was using when I came along.

BRINGING UP FATHER

CONNIE MACK'S MYSTERY TEAM

Dark Horse in Big League Baseball Race Causes Interest

NEW YORK, Feb. 19.—Washington and New York will fight it out for American League pennant honors in 1925 with Detroit dogging the heels of this pair and Philadelphia, Connie Mack's "Mystery Team," looming as the dark horse of the race. This appears to summarize the situation as the teams look on paper preparatory to their Southern training sessions.

St. Louis, Boston, Cleveland and Chicago are uncertain quantities now, all four facing the barrier in the experimental stage with green timber in their ranks. Barring an upset, none of the quartet figures to be more than a threatening prospect.

High Ranking

The Senators will find the way to their second pennant harrassed principally by the Yankees, Tigers and Athletics, all of which will likely figure prominently in the season's high ranking. And despite the advantage of several beneficial trades which Washington has made during the winter season, the Yankees appear to be the choice of the league at this early stage.

But Stanley Harris, youthful pilot of the world's champions, has not been idle. He has traded wisely with his contemporaries. He has called to his aid veteran pitching assistance. The acquisition of the trio of twirling veterans, "Dutch" Reuther, obtained from the Brooklyn Nationals; Stanley Coveleskie, from the Cleveland Indians and Vean Gregg, purchased from the Seattle Pacific Coast team, should bolster up the deflated staff which has dwindled to a trusty quartet headed by Walter Johnson and including George Mogridge, "Firpo" Marberry and Tom Zachary.

Outside of this twirling staff, Harris will stand pat on his team this year. Like Harris, Huggins will stand pat except for the veteran Urban Shocker, who came to the Yankees in exchange for three pitchers, Joe Bush, Guard and Gaston.

Cobb's Bengals

"Ty" Cobb's fighting team of Bengals will take the field this season similar in every respect to the 1924 edition with the exception of second base where a new face is sure to be seen. Derrill Pratt, veteran infielder, has been given his unconditional release. The keystone sack will be a problem for the Tigers. O'Rourke, former Boston and Toronto player; Gehring, product of the Michigan-Ontario League and Burke, will be the leading candidates for this position but O'Rourke seems to have had the most experience of the trio and will likely get the assignment despite a weak throwing arm.

Formidable Outfit

Down in Philadelphia Connie Mack is silently building up a formidable outfit. The veteran pilot made a loud ballyhoo about paying \$100,000 for "Lefty" Groves, Baltimore southpaw, but aside from this he has been working rather than talking. Groves will bolster up a weakened pitching staff while a youthful catcher in the form of Gordon S. Cochrane, Boston University star, who was obtained from the Portland Club of the Pacific Coast League, will be a big aid although "Cy" Perkins will serve as the mainstay in the receiving department.

George Sisler at St. Louis, Eddie Collins at Chicago, Lee Fohl

at Boston and Tris Speaker at Cleveland have gone in for youngsters and will experiment with several combinations. The deal which sent Push, Guard and Gaston to the Browns aided the St. Louis club fully as much as it did the Yanks. Of the quartet, the Browns took the best of the four teams which do not figure to be in the running.

Rebuilding

Eddie Collins will take the help of the White Sox to build up team which was shattered by the scandal of 1919 and which has never fully recovered from that disastrous shock. Speaker at Cleveland will try out several college youths. Joe Sewell at short, Jamieson in left and Myatt behind the bat are the only ones sure of their jobs with the Indians this coming season. Fohl has the Red Sox considerably strengthened by winter trades but for the most part the Red Sox will build up for the future with an ear to the ground for further strengthening.

Sport Chat

The Gyro Club has not yet definitely decided upon its playground program for the present year. The subject was thoroughly discussed at the last meeting of the club and several propositions arose. One was that more or less ambitious program be launched on the army site on Borden Street and another was that the Seal Cove and Westview districts be taken care of. There are park sites at the two extreme ends of the city these it is felt might be obtained by the club for this purpose. Definite decision on the year's program is being delayed pending further investigations being made by the club's playground committee.

The Calles football club has suffered another disappointment of which it has had plenty during the past season or so. They were practically assured of the services this season of Jimmy Morrice of Vancouver who had come here to take a position with the Universal Trading Co. However, after having been here only a couple of months, Mr. Morrice has hied himself back to Vancouver and will not be returning. The general football public will regret his departure for he is said to be a player of some skill especially in the position of goal keeper. He has also held executive positions with Vancouver amateur football leagues.

GREAT WAR VETERANS WIN AT BILLIARDS

Defeated Prince Rupert Billiard Parlor in Games Last Night

The Prince Rupert Billiard Parlor was defeated by the Great War Veterans in last night's first division billiard tournament by an aggregate score of 1062 to 986, thus leaving the way open for the Vets to win the league championship next week if they can run up an aggregate of 1200 in the final tournament of the season with the Grotto. Severe defeats were suffered in individual games by both sides last night and there was not a single close score. Of the five matches the feature was that between Col. McMorde (Vets) and George McIlmoyle (Billiard Parlor). The colonel sustained his first defeat of the season, McIlmoyle scoring 250 to his 147. Art Easson also had an unprecedented run of good fortune when he defeated J. Andrews by 250 to 165.

The individual scores of the evening were as follows: George McIlmoyle (Billiard Parlor) 250; Col. S. P. McMorde

QUEEN A NOVELIST

OSLO, Feb. 19.—If Queen Maud of Norway had had to earn her own livelihood, she would probably have adopted a literary career. She has a decided inclination towards writing and not only finished one novel but is working steadily on a second. Queen Maud is reported to have told a friend that if her novel were published it would be issued under a pseudonym, and nobody would have any idea as to the real identity of the writer.

FOUR HUNDRED MILLION LEFT

Americans worth Huge Sum to Europe as They are Good Spenders

HAMBURG, Feb. 19. — More than 200,000 Americans visited Europe during the year 1924, it is estimated by the Hotel Proprietors' Federation, and each traveller spent, on an average, the sum of \$2,000. This means that a golden trail of some \$400,000,000 was left behind by these visitors from across the Atlantic, and mostly in England, Switzerland, and Italy.

Swiss tourist business around the Lake of the Four Cantons has almost reached pre-war dimensions, according to a circular issued by the Lucerne Cantonal Bank. There was an increase of 22 per cent in 1924 over the number of guests registered in 1923. The bulk of the business was furnished by tourists from England.

WOULD HAVE B.C. SALMON LABELLED

Product of Other Places Sold in Old Country Under Local Names

VICTORIA, Feb. 19. — The tariff committee of the B.C. Manufacturers' Association has taken up the question of bringing into force regulations which will prevent British Columbia salmon being confused with other canned salmon on the market.

TIMBER SALE X 6103.

Sealed tenders will be received by the District Forester not later than noon on the 14th day of March, 1925, for the purchase of Licence X.6103, Lot 1575, west shore of Massett Inlet, Queen Charlotte Islands District, to cut 250,720 board feet of spruce, cedar, and hemlock sawlogs.

WALKED THE FLOOR FOR HOURS NERVES WERE SO BAD

Wherever there are people who are troubled with deranged nerves they will find in Milburn's Heart and Nerve Pills a remedy that will restore the equilibrium of these deranged centres and bring back the shattered nervous system to a perfect condition.

Mrs. W. W. Anthonie, Woodrofs, Ont., writes: "After having a severe attack of bronchitis I was left in a very weak, run-down condition; my nerves were all broken up; could not sleep at night, and would have to get out of bed and walk the floor for hours."

MILBURN'S HEART AND NERVE PILLS

I began to feel much better, and after taking a few more boxes I could enjoy my rest as well as I ever did. I always recommend them to all my friends."

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

FISHING BOAT STAR GIVEN UP

Craft Which Recently Arrived from Seattle is Surrendered Following Action Being Taken

Proceedings against the vessel having been instituted in the Admiralty Court on the grounds of an unfulfilled agreement of sale and a warrant having been about to be taken out for its arrest, the American fishing boat Star has been voluntarily turned over by Thomas A. Miller, who recently brought it up the coast single-handed from Seattle, to E. F. Jones, local solicitor, representing the plaintiffs in the action, Edward E. Johnson and Harold Anderson of Tacoma.

According to the claim of the plaintiffs, a conditional sale of the Star, was made by them to Miller. The sum of \$1500 was involved in the deal, the first payment of \$1500 having been made on October 5, 1923. The second payment of \$500 was to have been made on April 5, 1924, and the third \$1500, on October 5, 1924. Neither these payments nor interest were met by the defendant and, on January 27, 1925, the plaintiffs demanded possession. Defendant, it is claimed, agreed to turn the boat over but, instead, took the vessel to Seattle and from there cleared with it for Prince Rupert. Then the action was started by the plaintiffs.

With the defendant giving up the vessel, it will be unnecessary to pursue further court action. The owners will arrive here shortly to take charge of the boat.

GOVERNMENT LIQUOR ACT.

NOTICE OF APPLICATION FOR BEER LICENSE.

NOTICE is hereby given that on or after the 19th day of March next, the undersigned intends to apply to the Liquor Control Board for a license in respect of premises being part of the building known as Queen's Hotel, situated on Lot 5, Main Street, Massett, Queen Charlotte Islands, in the province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

Dated this 19th day of February, 1925. MRS. M. L. DIXON, Owner, Applicant.

NOTICE.

IN THE MATTER OF AN APPLICATION for the issue of a fresh Certificate of Title for Lots thirty (30) and thirty-one (31), Block seven (7), Section five (5), City of Prince Rupert, Map 923.

Satisfactory proof of the loss and destruction of the Certificate of title covering the above lands having been produced to me it is my intention to issue, after the expiration of one month from the first publication hereof, a fresh Certificate of title in the name of Edward H. Pierce for the said land, which Certificate of title is dated the 30th June 1913, and is numbered 3983.

H. F. MACLEOD, Registrar of Titles, Land Registry Office, Prince Rupert, B.C., January 30th, 1925.

A RELUCTANT AUDITOR

"Do you use headphones on your radio?" "No," answered Mr. Growcher, "we have a loud speaker. I use ear-muffs."

WESTHOLME THEATRE

Tonight Only, 7 and 9 p.m.

"The Silent Watcher"

An adaptation of Mary Roberts Rinehart's famous story, "The Altar on the Hill." A story of any home held all through—even in the face of the greatest odds a drama that aims at your heart and hits. No one can help but admire this wonderful kid who sacrificed all he held dear for the follies of others. Gorgeous costumes, magnificent settings. Superb cast.

Glenn Hunter, Bessie Love, Hobart Bosworth, DeWitt Jennings, George Nichols, Gertrude Astor, Alma Bennett, Aggie Herring, and others.

Special Dances by David Murray and Middle Suzette.
