**Await Exams**  
Five budding waterfront skippers are all keyed up in readiness for their full-fledged coast-wise skipper's papers. The solid five include Jeff Lamby, H. Taylor, Jimmy Thomas, Percy Smith and Harry Berquist. The boys have been specially tutored and have been studying hard since Christmas. The government examiner had been expected to arrive in the city to carry out the examination around March 15 but to date he has not put in an appearance. The stage is all set for the big exam, as far as the boys are concerned and the arrival of each boat from the south brings visions of a gold braided official who will decide their fate.

Oh! for the joys of a balmy spring,  
And rattling motor boat fun,  
When Pa gets his whiskers caught in the wheel  
Yo! Ho! and a bottle of rum.

Oh! for the joys of a wet spark plug,  
And a battery clean on the bum,  
Which will not spark  
For the love of Pete,  
Yo! Ho! and a bottle of rum.

Oh! for the joys of turning a wheel,  
While the girl looks horribly glum,  
With the gas tank empty  
As the engineer's head,

Oh! for the joys of returning to port,

And your shirt just as dirty  
As fog under foot,  
Yo! Ho! and a bottle of rum.

**Nels Nelson** has completed considerable repair work on his power boat Wanderer at the Akerberg-Thomson shops in readiness for the initial dash of the season to the west coast of Queen Charlotte Islands on a salmon trolling exploit.

**Ed. Poulson**, who started out last week for the trolling grounds aboard his power boat, developed pump trouble upon reaching the mouth of the harbor and was forced to return to port to get it fixed.

The Canadian schooner Prosperity A., Capt. Andrew Christenson, while in port last week did repair work to the oil glands aboard leaving port over the week end for the high spots.

**Another Fine Troller**  
One of the finest trolling boats on the coast put in an appearance recently when the 36 foot Tekko O., owned by Sam Olson and built by Emil Rosang, came over from Emil's Lewis Island ways. This boat has been built of specially selected cedar and the workmanship throughout is commendable, according to boat owners. A 15 h.p. Bolinder semi-diesel engine will be installed and the lighting system, which will be run from a dynamo and storage batteries, is to be taken care of by the Ward Electric concern. When completed Sam will go out trolling in the vicinity of Hippo Islands.

Nick Nelson launched his new trolling boat from the Cow Bay creek ways last week. The boat is a 32 footer and is to be powered with a 7 h.p. Vivian engine.

The installation of the 16 h.p. Imperial engine is under way in the new trolling boat "Just II" built by Capt. Khorst on the Cow Bay creek ways. The installation work will soon be completed when Cap will be leaving for the Hippo Island trolling grounds. Capt. Khorst entertained a party of friends aboard the new boat on Wednesday afternoon, the occasion being the celebration of his fiftieth birthday and the putting into commission of the Just II No. 5.

**Tugboat Busy**  
The tugboat M.T.3, Capt. R. Green, the flagship of the Bushby towing fleet, left port on Wednesday for the Georgetown mill having in tow two empty scows and supplies for the saw-mill. On the return trip the tug brought down a scow load of fish boxes for the Atlin Fisheries. On this trip the M.T.3 created a record. The boat made the return trip on one tide, passing over the Tugwell Island bar with ease both going and coming.

**George Bushby**, of tugboat fleet fame, made the return trip on the Prince George to Stewart and Anyox on Wednesday in company with the Canadian National Railway officials. The Union freighter Chilliwack, Capt. McPhee, arrived in port on Monday morning last unloading boat lumber for the N. M. McLean shipyards and a shipment of double dressed fir for the Big Bay Lumber Co. for local orders.

**Some Stick**  
The Big Bay Lumber Company received an enquiry this week for a "stick" of lumber 32 inches by 32 inches in diameter and 75 feet long. The Vancouver office of the above company advised that there was only one log in Vancouver at the present time large enough to cut the stick. This hefty piece of lumber is required as a gin pole for the W. C. Arnett dredge, and will contain 6,400 feet of timber weighing in the vicinity of nine tons.

The power boat Nevelene, tender of the Lowe Inlet cannery, has arrived in port to tow the Currie pile driver south. John Currie & Son have the contract for driving new wharf piles in

connection with the work of extension to be carried out at the cannery. While here the Nevelene had some repairs done at the Akerberg-Thomson shops on her circulation and plunger pump.

The freighter Eastholme, Capt. Griflund, arrived from the south on Wednesday morning and unloaded 300 tons of Nanaimo-Wellington coal for the Albert-McCaffery interests.

The native power boat Markwell, Capt. Clifton, arrived from Bartley Bay this week to undergo considerable mechanical repair work.

**Quits Halibut Fishing**  
Capt. Ouse, owner and skipper of the fishing schooner West-cerner, has decided to quit the halibut fishing and is now transforming his boat into a salmon troller. As the result of striking a log when coming in from the high spots the propeller shaft was bent and this is being fixed in readiness for an early trip to the Hippo Island trolling grounds.

The power boat Kingcofte, Capt. Nikatuka, is in port from the Claxton cannery for the purpose of having a new deck rail installed.

It is proposed to bring an expert in during the summer vacation to put the system in proper operation, its functioning now having been reported to be not altogether satisfactory. There was considerable discussion on the matter in which Principal D. H. Hartness participated.

The Atlas Boiler Works had a communication before the board offering to instal an oil heating system in the school at a cost of \$7,900. The letter was filed.

At a previous meeting of the board it was reported that the coal consumption at Booth School was much heavier than it should be.

**MARCH WAS LIGHT MONTH FOR POLICE**  
Nineteen Cases Resulted in as Many Convictions and Fines Totalled \$199

The month of March was an exceptionally light one in the city police court according to the report of Chief Vickers submitted to the police commission at the regular monthly meeting on Thursday afternoon. There were 19 cases before the magistrate resulting in 19 convictions. Fines for the month totalled \$199. The payroll for the month totalling \$7553.45 and accounts to the amount of \$62.50 were passed for payment. In connection with the accounts, Mayor Newton pointed out that the finance committee considered that the force was being charged excessively for taxi service. The chief was asked to keep a close check on these accounts.

## FINAL RESULTS AT BADMINTON

Mixed Double Championships Won by Mrs. Holtby and Alex. Rix

**PRIZES PRESENTED**

At the final games of the Badminton closing tournament played Thursday, Mrs. Holtby and Alex. Rix won the mixed doubles from Miss Young and A. J. Carmichael who were the runners up. After the games prizes were presented to the winners in all the events by H. F. Pullen, president, who spoke of the successful season they had had and mentioned that much of the success was due Mrs. Mapherson, whose untiring efforts had been a large factor, especially in the afternoon games. It was decided on a vote to keep open the courts until the end of the month.

The partners were drawn before commencing the mixed doubles and the players divided into two groups each couple playing three games, the winner of one being Miss Young and Carmichael, 41, and of the other, Mrs. Holtby and Rix, 45. The second highest score was that of Mrs. Williams and Bartlett, 43, but they were the same group as Mrs. Holtby and Rix and consequently did not figure in the finals. Other scores for the three games were: Mrs. Evitt and Thompson, 36; Mrs. Mapherson and Wyles, 38; Mrs. McMordie and Lee Warner, 29; Miss Pringle and Joe Scott, 36; Miss Irwin and Pullen, 32.

### SUPPORT FOR JUNIOR SOCCER LEAGUE WAS ASKED BY DELEGATION

Members of the board expressed appreciation of the interest being taken by the association in the children but did not feel that the board could purchase uniforms for individual pupils. Mr. Campbell pointed out that the uniforms would be the property of the schools to be used by various teams. No action was taken by the board.
