SAN FRANCISCO, Jan. 29.—Ariel "Happy" Eggers, wanted in Vancouver, B.C., on a charge of liquor piracy, was shot and killed in the Federal Building here yesterday in attempting to escape with his brother, Milo Eggers, after one of the brothers had squirted a charge of ammonia from an ammonia gun into the face of Deputy U.S. Marshal John Donnelly, who had them in custody. Milo escaped in an automobile driven by a woman.

VOTE FORCED BY FRENCH PREMIER

Confidence Expressed in His
Policies Respecting Security
With Germany

PARIS, Jan. 29.—The Chamber of Deputies, after a threat of revolt by the Socialists and a counter-threat by Premier Herriot that he would resign if the chamber failed to vote printing and posting of his speech yesterday on security against Germany, this afternoon passed the vote demanded by 541 to 32. This implies confidence in the government's policy on all questions dealt with in the speech. Herriot said: "The holding of the Rhine may be the last resort of France to assure her security."

Spiritualist Medium Predicts
Some of the Things That
Are to Come

At a recent spiritualist seance in San Francisco, a medium, Mrs. Florence Becker, professed to converse with the spirit of Dr. E. J. Briggs, who died 750 years ago, or as the spiritualists give it "has resided in the celestial realm for 750 years." He came to Massachusetts on the Mayflower. The spirit of Dr. Briggs told the lady some of the things that would happen during the year.

The following are a few of the more interesting:
There will be plenty of rain in January and March.
There will be a death in the White House before March 4.
Trouble with Japan will be entirely eradicated during the year.

In San Francisco there will be a serious disturbance implicating Catholicity, a sort of religious war, within five months.
India will be visited by a serious famine resulting in many deaths and causing the Orientals there to take up occidental customs.

New York city will suffer from a serious plague in late summer.
Germany will make great strides with her gold, but it will serve as a stimulus to resume the militant spirit.

Automobiles will be superseded by a three-wheeled vehicle within eight years.
Radio will be far exceeded by a new invention which a German is working on at the present time. In five years radio will be displaced by this new instrument.

Communication with Mars will be definitely established within seven months.
The moon is inhabited and communication with the moon will be established through Mars. Then the moon will serve to establish additional communications with many other planets within the next twenty years.

AFTER SITE FOR PROJECT

Committee Trying to Secure Gift
of Land For Swimming Pool

UNITY IS STRESSED
Era of Prosperity at Hand and
Citizens Urged to Usa Ef-
forts For Object

That a committee of the Rotary and Gyro Clubs were actively working on the securing of a site from the Provincial Government or the railway company for the purpose of building a swimming pool and gymnasium here, was the message to the members of the Gyro Club and their friends who were gathered nearly one hundred strong at the initiation banquet in the St. Regis Cafe last night. They wanted to get a site given them for this purpose so that they could start right.

Mr. McCaffery went on to say that he found people were back of this project. With the press and public opinion with them all they needed was unity on the part of all concerned.

WINNIPEG HAS BANK ROBBERY

FAIRBANKS, Jan. 29.—The diphtheria epidemic at Nome is taking a terrible toll of life. The actual number of dead is not given in despatches arriving here but one message reads that "several white people, grown-ups and children, are included in the dead." The largest percentage of those affected are Eskimos. Four died on Tuesday.

Three hundred thousand units of anti-toxin were sent to Nome today by dog team from Nenana.
NOME, Jan. 29.—A slight improvement is reported in the diphtheria epidemic following the use of five year old antitoxin. It is learned that a team consisting of 20 dogs left Nenana yesterday with a new supply of antitoxin.

HIGH MASONS INVITED HERE

One Hundred and Fifty Knights
Templars May Visit City

An invitation to Supreme Grand Master E. A. Evans, Quebec City, and officers and members of Sovereign Great Priory of Canada to pay a visit here in July on their way to attend the triennial convocation of the grand Encampment Knight Templars of America to be held in Seattle from July 28 to 31, has been extended by Kinloch Preceptory No. 59, Knight Templars, Prince Rupert. At the conclusion of the Seattle festivities, the Grand Master and his officers will attend their own regular assembly of the Grand Priory in Victoria on August 3 and 4.

The Kinloch Preceptory is endeavoring to bring the members of the Sovereign Great Priory to Prince Rupert via Edmonton thence south by C. N. R. steamer. Tentative arrangements are in the hands of Canadian National railway officials and the idea is to start a special car at Halifax, N.S., and pick up additional members en route. It is anticipated there will be 150 members in the party if the invitation of local brethren is accepted.

Need Of Unity In Any Civic Project.

If any civic project is to be carried through it has to be by the united efforts of the citizens. That point was emphasized at the banquet of the Gyro Club last night. The district governor, who is visiting the city, urged it and a representative of the Rotary Club who was present also dwelt on it considerably. It is absolutely essential to success.

Gymnasium And Swimming Pool.

It seems as if the suggestion to build a gymnasium and swimming pool in Prince Rupert is being received with unanimity. It has been under consideration for some time and last night it was announced that negotiations were in progress looking to the securing of a site.

If this project is to be carried out successfully it must be backed by all the citizens. We must forget who is bringing it forward and who are the originators of the idea and remember only that it is a civic need and if we want it badly enough we can get it. If we would add to the permanency of the city and make it a more pleasant place in which to live we cannot very well avoid supporting a movement such as this. United support is what is asked.

Unity First In Securing A Site.

First of all there must be a united demand in order to secure a site. The Provincial Government has some very suitable lots and the Railway Company also has property here which might possibly be used for the purpose. The government lots seem best located and would suit the purpose best and if it was made clear to the member for the district that the whole city was behind this and that it was not in any way a sectional or party or group movement, it is possible the government might be induced to donate the property. While we have no particular information on this and know of no one who has, we know that in dealing with a government it is public opinion that carries weight. If the city council, the board of trade, the various societies and churches and clubs would all take action asking that the government either donate a piece of property or sell it for a purely nominal figure to be used solely for this worthy civic purpose, it might facilitate action.

Splendid Example Others To Follow.

The Gyro Club, which arranged for the matter to be mentioned last night, set a good example. This club, composed of young men, many of whom are living on comparatively small salaries, invited forty or fifty citizens to join them last night in their annual festivity, largely for the purpose of enlivening them with the project and with the idea of service to the community. It was a great example and if it is followed by others should result in success.

If You Can't Boost Keep Silent For Ever.

There may possibly be a few people in the city who have little sympathy with a civic movement of the kind proposed. All that is asked of them is that they do not discount the efforts of those who are trying to do something. If they do not wish to do so there is no need for them to contribute to the funds. No one has been asked for any money yet and no one will, until the plans mature but even then it is open to anyone to refuse. Those who do not wish to support such a project, if there are any in the city, would do a public service by remaining quiet and let the workers work.

GYRO OFFICERS ARE INSTALLED

District Governor Fred Brown of Vancouver Officiates at Important Annual Event

SPLENDID BANQUET

Addresses and Musical Numbers Feature of Evening at St. Regis Cafe Last Night

Gyro members and invited guests to the number of 75 were present at the St. Regis Cafe last night when ceremonies in connection with the installation of the Gyro Club's 1925 office bearers took place. The affair was an enthusiastic and enjoyable one and a splendid program had been arranged by Leo Waugh and other members of his entertainment committee. Fred Brown of Vancouver, district governor of the Gyro Club, was in charge of the installation proceedings and had with him another member of the Vancouver Gyro Club in the person of Bert Hoy. R. F. McNaughton was duly invested with the responsibilities of the presidency of the local club succeeding Milton Gonzales. Other officers installed were Norris Pringle, secretary; Sidney Bazett-Jones, treasurer, and Leo Waugh and Joe Greer, directors.

After a fine banquet spread had been done full justice to, the installation formalities were proceeded with. The retiring president briefly gave an account of the work that had been accomplished by the club during 1924 and handed the gavel to the district governor who then took charge of the meeting. The newly elected officers were called to the head table and the charges of their offices were read to them after which they were duly declared to be in office.

President McNaughton, in taking over the chair, briefly acknowledged the honor that had been done him and expressed the hope that it would be his privilege to carry on the good work that had been started.

Program of Evening

The program of the evening included vocal solos by Art Eason, S. K. Campbell, Frank Moore, Ray Worlock and J. Morrison all of which were much enjoyed. A vocal quartette consisting of J. E. Davey, S. K. Campbell, A. E. Wakefield and S. C. Jackson rendered much appreciated numbers and selections by an orchestra consisting of A. A. Eason, Kenny Rood, George Rorie, T. Wheeler and Miss St. Cyr greatly enlivened the proceedings. There were several community songs under the leadership of S. K. Campbell. W. Vauzhan Davis was accompanist of the evening.

An address by F. G. Dawson on early days in Prince Rupert proved very entertaining and interesting. In a humorous vein, Mr. Dawson recalled many incidents that had occurred here during the years 1908 and 1909 when all there was of Prince Rupert was located on John Houston's settlement called Knoxville. Particularly interesting was Mr. Dawson's address because he had many humorous things to tell about well known and prominent characters of that time not a few of whom were in attendance last night. In concluding Mr. Dawson expressed the belief that in the past there had not been enough of the real community spirit here. He admonished all to pull together like a good team of horses instead of like obstinate and unreliable mules.

Another interesting address was by M. P. McCaffery who spoke on the proposal to establish a swimming pool and gymnasium in the city.

Fred Brown

Fred Brown, in a happy and forceful speech, brought greetings from the other clubs in the district. He urged that they take the advice given by M. P. McCaffery and unite with the Rotary Club in the proposal that had been made. It would be useless for the two organizations to go divergent ways in regard to a matter of this kind.

Mr. Brown then spoke of the objects of the order, the main feature of which was friendship. He mentioned the founding of the first club in 1912 at Cleveland when five men got together and made a beginning of an organization which had had a wonderful growth. The selfishness of business was ameliorated by

Where They Play Golf All the Year Round

In the Empress Hotel Garden. At the top, inset, a view of the Malahat drive. Below, one of the many Public Golf courses for which Victoria is famous and at the right a photograph taken from the verandah of the Empress Hotel with a glimpse of the Parliament Buildings through the columns.

Famed for a mild, equable climate, a scenic setting equalled to the choicest English beauty spots, a resemblance which has led to the appellation of "A Little Bit of Old England," and the up-to-dateness of a modern western city has combined to make Victoria, the Evergreen City, one of the principal tourist cities of the North Pacific coast throughout the entire year.

Victoria, which with its suburbs has a population of 60,000, is also the capital of British Columbia, the legislative buildings forming an attractive picture for the new arrival disembarking in the inner harbor.

The city, located on the southeast extremity of Vancouver Island, is practically in the same latitude as Montreal, Toronto, Winnipeg and other eastern cities, yet because of the warm Japan current that fringes British Columbia's coast, Victoria enjoys the year round a climate unsurpassed in the Dominion. The mean temperature in winter is 42 degrees and in summer 61. Coupled with this is an average yearly rainfall of only 27.45 inches, less than half the average precipitation on the adjacent mainland.

With this salubrious climate outdoor sports are possible the entire year, five or six golf courses being available in and around the city.

For the motorist, not only Victoria but the entire Vancouver Island provides drives of varying lengths into a territory that has been named a "Thousand Miles of Wonderland." Gratefully remembered is the famous Malahat Mountain drive running north from the city, and rising to more than 1,250 feet above the sea level, affording a magnificent mountain

excels. In and around Victoria are an abundance of beautiful gardens, some transformed within the last decade into a veritable Eden of shrubs, lawns, roses, waterfalls and other physical beauties, with the second largest

acres of beautiful parks featuring Beacon Hill Park virtually in the heart of the city.

In the summer more than a hundred shady beaches and romantic little bays dotted along seventy miles of water frontage lure the holiday-maker. Some face the Straits of Juan de Fuca and open to the sweep of the Pacific Ocean tides, while others are almost landlocked, with clear, unruffled waters.

Travelling to Victoria from the mainland is one of the joys of a holiday spent in the capital city. An 82-mile trip through landlocked, sheltered waters past evergreen islands, brings the traveller from Vancouver. Frequent service on palatial steamers of the Canadian Pacific Railway is afforded to Victoria from Vancouver and Seattle direct, while a further steamer to Nanaimo affords an optional route. Rail connection is made between Nanaimo and Victoria.

As a further development of Victoria as a winter resort, The Crystal Garden, an elaborate amusement center, is being erected near the Empress Hotel. It will be opened for Victoria Day Celebration next May, a steel and concrete structure with 36,000 square feet of glazed roof surface. The central feature of the Crystal Garden will be a huge salt water swimming pool, the largest on the Pacific Coast.

Nearby the Empress Hotel, overlooks the inner harbour. Located in spacious grounds, beautiful alike in winter and summer with roses, holly trees and other shrubs and flowers. This deservedly popular hostelry has been the temporary home for thousands of visitors.

To the tourist from the inland cities especially, Victoria affords a splendid opportunity to view the ever-interesting scenes of an ocean port. Practically all in-bound and out-bound Pacific liners make Victoria a port of call on their way to Vancouver and Seattle. In this way, the visitor is brought closely in touch with the movements of shipping to and from Australia and the Orient.

friendship.

Bert Hoy said he came five hundred miles to extend the greetings of Vancouver to the Prince Rupert club, and these he conveyed in a neat speech.

The Gyro Club festivities will extend into tonight when the annual ball, for which elaborate preparations have been made, will be held in the Auditorium.

And let it be one where every member can be an officer.

MY idea of a hick town is a place where there are plenty of professional joiners.

Calgary and Banff to Unite in Carnival

Top left, Banff Springs Hotel in winter garb; below, a dog sled team. Stoney Indians attend the Carnival in full force and regalia, and figure skating, snowshoeing and ice-yachting are but a few of the many seasonal attractions to the famous mountain resort.

Banff. Immediately one conjures up visions of the Bow River, the Valley, sunny skies, warm days, summer dresses, ponies, excursions into the snow capped mountains, swimming in the pools, hiding boots, breeks and bathing suits. There are a thousand pleasant memories of Banff in summer time. Comparatively few however, have any idea of this mountain resort in winter. The thought at this season gives us a chilly feeling perhaps. Yet, after all, having leisure, what better place could be found in which to spend a long or more so than down on the plains where what winds there are sweep uninterrupted.

Sheltered by the rocky slopes on practically all sides, an invigorating touch that stimulates life and activity where elsewhere the country sleeps through the winter. As Quebec is to the East, so, perhaps even to a greater degree, is Banff to the West. The home of Winter Sports.

Instead of going to sleep, the little town of Banff comes to life with the coming of snow. One event and community effort follows the other, and a long list of sporting activities culminates in February with a huge seven day carnival in which all citizens and hundreds of enthusiasts from all parts of the World, take part.

It will only be the case of a very few years until tourists arrange their trips to take in the Carnival at

Banff as they now visit New Orleans in March for the Mardi Gras, or Pasadena for the Rose Tournament. Apart from the glorious scenery, it is a perfect Winter playground.

Preparations are even now under way for the next Winter Carnival. This, to be held from February 7th to 14th inclusive, is planned to be the greatest yet. Calgary enthusiasts have decided to cancel their own carnival arrangements and to unite with the Banff citizens to make it a success. A very comprehensive program of sports has already been drawn up covering events in curling, skating, snow-shoeing, ski running and jumping, ski-joring, tobogganning, trap-shooting, sleighing, and swimming in the hot sulphur pools. For none of these sports could the setting or the conveniences be excelled.

For the adventurous visitor Lake Minnewanka offers ice-yachting. Dog-sled races are a never failing source of interest. These races are often run down the main street, and, as in other sports, it is often a case of the best dog being beaten as a great deal of comedy is played. It often happens that an over anxious or jealous contestant grabs an opponent in any convenient place and in the ensuing mix-up any old hound can waddle home an easy winner. But its all in the game; and the game at Banff is the out-door game—with dancing, cards or concerts in which each one plays a part in the evening.

FOUR THOUSAND DEER KILLED IN ONTARIO

Sanctuaries Set Aside are Soon Overrun With Game of all Kinds

TORONTO, Jan. 29. — Four thousand is a conservative estimate of the number of deer killed in Ontario woods during the annual hunting season. As yet, however, there is no scarcity of deer in the province, and the Department of Game and Fisheries does not see any necessity for restrictions such as limitation of shooting permits to buck deer two years old or over, as has been suggested.

Twenty sanctuaries have been set aside in the province, and the latest one, opened last October, comprising about 800 square miles in the Thunder Bay district, is already overrun with game of all sorts. In addition to the sanctuaries Ontario deer have been protected by restriction of the season and issuance of hunting licenses. In 1923 17,877 resident deer hunters' licenses were granted, as well as 1,217 general non-resident licenses.

SEAGULLS IN LONDON HARASS OTHER BIRDS

The gulls which are London's welcome winter visitors lie under a serious charge, says the London Times. A correspondent declares that hordes of them harass and worry all day long the pinnated ducks and geese on our ornamental waters. "It is now almost impossible for the ducks to secure any food thrown them by passers-by, as the gulls are too quick for them. If the ducks do succeed in securing a bit then they are harried till they drop it." To this persecution, or unfair competition, he ascribes the exile of mallards from the lake in St. James' Park; and suggests the firing of an occasional blank cartridge to frighten the gulls away. It seems a noisy measure, if not a desperate one.

U.S. GIFT AT PEACE PALACE

THE HAGUE, Jan. 29. — A statue of Justice, the gift of the United States government, has been received at the Peace Palace and has been placed under the dome over the grand staircase.

The statue is the work of Andrew O'Connor of Paxton, Mass. A formal presentation is to be made shortly by Richard M. Tobin, American minister to the Netherlands.

LOCAL FISHERMAN MARRIED RECENTLY AT PEACE RIVER

St. James' Anglican church, Peace River, on Wednesday evening, January 14, at 8 o'clock was the scene of a very pretty wedding when Miss Eulalia, youngest daughter of Mrs. C. A. Broughton, became the bride of Levi Fitzgerald of Prince Rupert, B.C., and formerly of Whitney Pier, N.S. The bride, who was given in marriage by her eldest brother, R. L. Broughton, was most becomingly gowned in white satin with bridal veil of tulle caught to the head with a coronet of orange blossoms, and carried a bouquet of freesias and sweetheart roses.

The bride's niece, Miss Doris Talbot, attended the bride, and wore a dainty gown of yellow silk with black satin hat, and carried a sheaf of yellow and white narcissi. Ovis Broughton, brother of the bride, supported the groom.

The church, which had been tastefully decorated for the occasion, was crowded to capacity with friends of the bridal couple. The bridal party entered the church to the strains of Lohengrin's wedding march, played by Mrs. F. A. House. The Right Rev. E. P. Robins, Bishop of Athabasca, performed the ceremony, wearing his scarlet robes and the insignia of his degree of Doctor of Divinity of Toronto University.

Mr. and Mrs. Fitzgerald will leave on Friday's train to spend their honeymoon in Edmonton, before Mr. Fitzgerald returns to the coast.

Mr. Broughton is well known locally and has been engaged for several years in the halibut fishing industry having fished on the G. E. Foster of the Canadian Fish & Cold Storage Co.'s fleet.

Rev. P. E. Baisler, pastor of St. Paul's Lutheran Church, is sailing tomorrow morning on the Prince Rupert for Vancouver.

LADIES' MUSIC CLUB MEETING

Correlation of Music, Poetry and Art Mentioned and Illustrated

The Ladies' Music Club had its regular fortnightly meeting at the home of Mrs. A. E. Wakefield, Fourth Avenue West, yesterday afternoon when the meeting was in charge of Mrs. G. A. Bryant and Mrs. Adam Mackie, the subject being the correlation of the contemporaneous careers of Bach, composer, Milton, poet, and Michael Angelo, artist.

A paper on the life of Michael Angelo was read by Mrs. Mackie; on Milton by Mrs. Heilbroner and on Bach by Mrs. Darton. A paper comparing the three was read by Mrs. Bryant. Milton's "Conception of the First Sabbath Evening in Eden" from "Paradise Lost" was recited by Mrs. Mackie. Mrs. R. P. Ponder played a selection of Bach's fugues and other numbers included a violin solo "Loure" by Miss Marjorie Lancaster; solo, "My Heart is Ever Faithful," Mrs. L. O. Larsen with violin obligato by Miss Lancaster; piano solo "Prelude in C" by Mrs. Ward; "Forget Me Not," vocal solo by Mrs. H. C. Fraser; and an instrumental quartette, "Awakening of Spring" by Mrs. Hinton, Mrs. Woodland, Mrs. Bryant and Miss Lancaster. Accompanists of the afternoon were Mrs. Fraser, Mrs. Ward, Mrs. Hinton and Miss Lancaster.

CATHOLIC LADIES HOLD FIRST TEA OF SEASON YESTERDAY

Sum of \$50 Raised at Event at Home of Mrs. James McNulty

The first tea of the season given by the Catholic Ladies Aid Society took place yesterday afternoon at the home of Mrs. James McNulty, Fourth Ave. West, and proved to be a most successful, and enjoyable event. As a result the sum of \$50 was added to the funds. Mrs. Harold McEwen, president of the Ladies' Aid, received with Mrs. McNulty and those in general charge were as follows:

Home Cooking, Mrs. A. D. Gillies and Mrs. J. C. Gavigan. Refreshments, Mrs. Batcher and Mrs. Glassey.

Those who served were Mrs. Charles Balagno and Mrs. F. P. Kenny while Mrs. B. Gartin and Mrs. Kincade poured.

The raffle was in charge of Mrs. J. H. Meagher and she also acted as cashier. The raffle was won by Mrs. D. E. Murphy with ticket 89.

BLEATING REMNANT INCORRECTLY USED

Guardian Quotes Phrase Used by Opponents of Church Union

The full text of the editorial which appeared in the Guardian, reference to which was made in a mail despatch a day or two ago. It says:

"The strength of Presbyterians is going into Union. Nothing in the results of the voting now proceeding will serve to indicate anything else than that. At time of writing a substantial significant section of the voting has been completed. The results

HAD BOILS ALL OVER HIM

There is only one way to get rid of boils and that is by going right to the seat of the trouble—the blood—as the hot blood must be made pure before the boils will disappear.

BURDOCK BLOOD BITTERS

cleanses the system and removes all the foul matter from the blood in a way that few medicines will do. Mrs. Chas. Rankin, Rulyea, Sask. writes:—A few years ago my husband had a terrible time with boils. On one arm he had 16 between his elbow and wrist; five on the back of his neck, and several more on different parts of his body. He tried everything he could think of, but got no relief until he took Burdock Blood Bitters, and to his surprise it completely relieved him of his boils, in a very short time."

BRINGING UP FATHER

provide a few surprises for each side, but only a few. Methodism and Congregationalism are not to be united with a 'bleating remnant,' but with a great and nation wide church in Canada. It seems that the phrase 'bleating remnant' was coined by the opponents to union and applied to those who were joining the union.

A GOOD WAY TO INCREASE BUSINESS

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo - Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo-Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo - Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 416 and 564.

Sport Chat

The Gallies and Grotto meet tonight in the second division billiard league. The tournament will be of particular interest for the lotheconists as hoping to further catch up on the league leaders, the Billiard Parlor, whose players lost one point in the aggregate on Tuesday night in spite of the fact that they won over the St. Andrew's team. The St. Andrew's themselves once again dropped to third place leaving the Grotto in second. There is not a very wide margin separating the Billiard Parlor and the Grotto now and the St. Andrew's are still much in the running. Thus a very interesting situation exists around first place and it gives promise of attracting keen interest in the second division until the close of the season.

Once again the Sons of Canada and Elks are tied for leadership of the men's section of the Fraternal Whist League while the Knights of Columbus and St. Andrew's, but one game behind, are sharing first place. The chances of any of these teams to end up the season at the top are good and the various games are being keenly contested. The Sons of Canada will play the Orange lodge tonight and the Elks will meet the Great War Veterans. Other games of the evening will be: Knights of Columbus vs. Knights of Pythias; Oddfellows vs. St. Andrew's; Moose vs. Sons of England.

The death from war wounds of Major George Shannon Dockrell, hailed as Ireland's greatest swimmer occurred recently. Major Dockrell went as a boy to America, and although he was only eighteen years old, he won third place in three American championships. On his return to Ireland in 1906, he introduced the crawl stroke and made a clean sweep of all British records for the next six years, being the first Irish swimmer to make the 100 yards in 60 seconds. He was on the British Olympic team in 1912 and frequently represented Ireland at water polo.

LIVELY TIME AT MEETING

Terrace Farmers' Institute Members Discuss Marketing and Other Questions

TERRACE, Jan. 29.—There were several lively interludes during the annual meeting of the Kitsumkalum Farmers' Institute held in Progress Hall, Terrace, on Tuesday night. The retiring president, H. A. Swain, occupied the chair, a good gathering being present in spite of an almost unprecedented pack of snow.

The report of the directors, read by the secretary, H. Halliwell, states that the year had been an eventful one for the district and even if the results were not as rosy as they were expected they nevertheless constituted a very real step forward and completely falsified the silly prophecies of the pessimists.

After recounting advantages gained from the C.N.R. for the members, the report states that a striking and extremely useful achievement during the year was the building of a new warehouse and office. This had been accomplished by the labor being given gratuitously by several members and the whole cost had been met.

Marketing Fruit

The marketing of fruit showed an advance in point of quantity of 58 per cent over 1923 and but for the disastrous flooding of the markets owing to long and dry periods the prices would have been 20 to 25 per cent higher than they were.

Financially the year began in stress and storm owing to the unsatisfactory winding up of the 1923 business, but the volume of trade had greatly expanded, reaching a total of \$41,626 and the year ended with a credit balance of \$223 better than a year ago.

J. Warne called attention to an item in the liabilities, "\$500 note," and claimed that the directors had exceeded their powers in borrowing that money.

The chairman contended that power was given in a motion passed at a meeting in 1924 when W. H. McDonald was an unsuccessful candidate for the directorate.

Mr. McDonald moved the resolution, and it was passed by the meeting.

Mr. McDonald: "That is not true. I was never a candidate for directorship of this outfit."

The Chairman: "You can deny what you like, Mr. McDonald, I was present and know what took place and I have also seen it in the minutes."

Eliminate Fruit

H. L. Frank then moved that the institute confine its future operations to powder alone and cut out the fruit business which was only a loss.

The Secretary pointed out that

-- Amateur Radio --

Local radio fans were much interested recently in listening to the "Beauty Shop" put on at Calgary last week end. The choruses came through well but the spoken parts were not always clear. That was the result of the speakers not standing near the microphone. It is quite evident that the players could not always be near the little instrument.

Attempts have been made at various times to get good results with receivers in the downtown section, but not with much success. Sets operated on the hill or in almost any other part of the city seem to receive a great deal louder than at the foot of the hill along Third Avenue.

San Francisco's Chinatown holds the local record for the greatest number of aeriols to the block. In one square there are 23 sets. The picturesque Oriental roofs are a maze of these wires. The elder Chinese like the music best, as it is difficult for them to understand radio talks, but their children, all students at American schools, interpret them rapidly. Gon Samme, interpreter for the immigration service, recently wrote to one of the broadcasting stations: "Automobiles are so numerous in Chinatown on Sundays

that I am afraid to let my children go out upon the streets, but since I have built my radio set they are content to stay at home."

Jim Lee reports that he is getting excellent results from his set out on Eleventh Avenue. They get any of the larger stations and many of the smaller ones.

A radio amateur in the little village of Menars, a little village of the French Pyrenees, recently succeeded for ten minutes in hearing the radio station IFWA at Tokio, Japan.

Several recent arrivals from England say that radio is used by almost everyone there. They heard a number of receiving sets and say they noticed hardly any interference. The government does not allow squeals but encourages the use of high grade instruments.

A bill granting a subsidy to the new Radio Corporation of Japan, established for the promotion of radio intercourse between that country and America, will be introduced in the Diet by the department of communications. It will provide for an amount equal to 8 per cent of the capitalization of the concern.

the creditors had passed the financial statement which showed a profit of over \$300 under that head.

D. A. McKinnon suggested that lime, fertilizers and seed grains be added to powder in Mr. Frank's motion.

Mr. Frank agreed and the motion was then carried.

N. Sherwood appealed for a more educational policy to be pursued, but he got no support.

Salary Changed

It was agreed to reduce the secretary's salary from \$200 to \$25 and pay a commission on sales.

The following officers were then elected:

Directors—H. L. Franks, G. Hamlin, T. H. Scott, K. Olson, and H. Halliwell.

Auditors—W. J. Goodwin and N. Sherwood.

Delegate to district convention—The new president.

The directors afterwards met and elected H. L. Frank president, T. H. Scott vice-president, H. Halliwell secretary, and at midnight the weary members made their way home.

TERRACE NOTES

Fred Stork, M.P., was in town on Monday and held an informal meeting of liberals.

Major Aekland of the Mounted Police made an official visit to Terrace last week.

The Wiling Workers were entertained at dinner last Saturday by their leader, Mrs. Parsons.

Miss Dewar of Copper River was in town for the Burns' banquet.

Mr. Haney spent the last two week ends in Hazelton visiting his wife who is in the Hazelton Hospital having undergone a successful operation for appendicitis.

The Terrace branch of the St. Andrew's society held their annual banquet Friday on the anniversary of Burns' birthday. It proved one of the most popular functions of the year, so popular that there was not seating capacity for all who wished to attend. Mr. Anderson, the president, proposed the toast of The King, Mr. Hepburn the toast to the Immortal Memory and that to Canada was proposed by E. T. Kenney. Burns' address to the Haggis was delivered by Tom Young in a most dramatic manner and fraternal greetings were received from the Prince Rupert Society. After justice was done to the substantial dinner, the meeting adjourned to the Progress Hall when a splendid program of songs, recitations and Scotch step dances interspersed the regular-dance program which continued far into the morning.

Joe Thommasson made a trip

to Hazelton over the week end to visit Mrs. Thommasson who is still in the hospital there.

Mr. and Mrs. Floyd Hall returned to Smithers last Wednesday.

Mrs. M. Hall entertained at Bridge Tuesday evening in honor of her guest Mrs. Floyd Hall.

SNAPPY SNAP CLUB HOLDS FIRST DANCE

Novel Stunt Pulled off During Progress of Events; Prizes Presented

A delightful dance was held in the Boston Hall last night, under the auspices of the "Snappy Snap Club," to mark the wind-up of their winter card club tournament, when some 50 couples thoroughly enjoyed dancing until the early hours. During the evening prizes won in the club tournament were presented to Mrs. Jim Sturgeon, first lady; Mike Lemon, first gentleman; Miss Winnie Larsen and J. Sturgeon draw prizes. Consolation prizes went to Miss Lillian Worsfold and Sid Webb.

Novel Feature

A novel and laughable feature was introduced during the second half of the program when "constable" Lance Pofferton entered the hall and stopped the music, announcing that floor manager Jim Sturgeon was "wanted" for breaking into the P.R. Fish Market and stealing half a pound of sausages. The evidence was found in Jim's pocket and things looked bad. However the introduction of Robert to the punch bowl prevented actual arrest, and the appearance of the constable's wife (George Murray), who ran in and grabbed her man by the ear caused much merriment.

Music for the dancing was furnished by Miss St. Cyr, piano, and Geo. Rorie, jr., drums, augmented by Kenney Rood, saxophone, after supper. Mrs. R. P. Ponder relieved Miss St. Cyr during the supper interval.

Jim Sturgeon made an efficient floor manager and Mike Lemon was on the doo.

SALVATION ARMY HAS A BUSY SIX MONTHS

Semi-Annual Report Shows Great Activity by Local Corps.

The semi-annual report made by the local corps of the Salvation Army shows that considerable progress has been made during the six months just closed. There were held 300 indoor meetings with an average attendance of 250. Open air meetings numbered 175, while 700 visits were made. War Crays sold numbered 5,000 while 810 were given away at the hospital. The paper Young Soldier was given away to the number of 1560. Meals and beds were supplied

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony arm-chair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Buying advertised products is a bond investment---not a stock speculation

SERVICE NOT SERVITUDE

Has it ever occurred to you that the multitude of "Household Helps" offered for sale are of themselves useless and incapable of service unless controlled and directed by the already overburdened housewife.

Laundry service alone is alive, vital, imposing no new obligations, and asking nothing but your friendly disposition, to change servitude into service.

WILL TEA PRICES DROP?

A shortage in the world's tea supply, in the face of an enormous demand, is forcing prices up to very high levels. Tea merchants realize, however, that tea at a dollar a pound only brings the day of a drop in price so much nearer. Tea growers are making such tremendous profits that over-production is bound to come at any time.

DEAD WASTE

Mr. Thrifty—Doctor, I don't think much of that cough medicine of yours.

Dr. Curem—I am very sorry to hear that. What is the reason?

Thrifty—Why, there is so much of it dead waste.

Curem—Dead waste?

Thrifty—Yes, I hadn't taken more than a quarter of the bottle when my cough had entirely disappeared and there is the other three-quarters just thrown away.

CUTS SHORT ALL DISCUSSION OF LABOR SCHEME

Present British Government Objects to Council of Dominion Representatives

LONDON, Jan. 29.—"Consultation on matters of Foreign Policy and General Imperial Interests" are the subjects discussed in the correspondence published between the home government and those of the self-governing Dominions.

The opening communication, dated June 23 last, is a telegram from Ramsay MacDonald, as Prime Minister, to the various Prime Ministers of the Dominions, in which he raises the question of the adequacy of the present system of consultation with other self-governing parts of the Empire on matters of foreign policy and general imperial interest. In suggesting that these problems be given a preliminary examination, Ramsay

HER NERVES SO BAD SHE COULD NOT SLEEP

Mrs. Grace Kitchen, St. George, Ont., writes: "After having a severe attack of pneumonia I was left in a weak and run down condition. My nerves were so bad I could not sleep nights, and in the day time I had terrible fainting spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one day I read about

MILBURN'S HEART AND NERVE PILLS

so decided to try them. After taking one box I felt a slight improvement. I have now taken five boxes, and have gained 35 pounds in weight. I am now more than able to do all my own housework as well as considerable outside work. I cannot recommend Milburn's H. & N. Pills too highly for those suffering as I did."

Macdonald added that a possible method might be to have a meeting of two representatives of each country concerned to consider the problems and present a report as a basis for further discussion.

Following the receipt of replies from the Dominions, J. H. Thomas, as Colonial Secretary, on September 15 despatched a telegram to the various Governors General stating that the governments of Canada, South Africa, Newfoundland, and New Zealand had intimated their willingness to take part in the proposed inquiry, and that the government of Australia was prepared to participate if all the other Dominions were agreeable. A reply was still awaited from the Irish Free State. Later the Irish Free State wrote stating that they would be prepared to take part in the suggested conference.

Stops the Discussion

When the Conservative government took office L. S. Amery, the new colonial secretary, closed the correspondence with a despatch, dated December 2, in which he says:

"While difficulties undoubtedly exist in making the present system of consultation fully effective, H.M. Government have grave doubts whether some of the suggestions set out in the latter part of Ramsay MacDonald's message would improve the present system; they also question whether at the present stage an inquiry of the nature suggested would lead to any practical result."

With regard to reference made by Mr. MacDonald that it might be worth while to have a further examination of the resolution on the negotiation, signature, and ratification of treaties passed at the Imperial Conference of 1923, Mr. Amery states that H.M. Government feels that the time which has elapsed since the resolution was passed is hardly sufficient to enable any very definite opinion to be given. For themselves, they would prefer to defer a considered judgment until they have had an opportunity of studying for a longer period the working of the resolution in practice.

Would Work in Concert

"For these reasons," concludes Mr. Amery, "H.M. Government doubt whether there would be any advantage in pursuing further, at this stage, the proposal for a special inquiry into the matters referred to in Mr. Ramsay MacDonald's message. On the other hand, I need hardly add that, in carrying out the policy of working in concert with the Dominion governments in all matters affecting foreign relations and the common interests of the British Empire, they desire to avail themselves of every opportunity that may present itself for personal consultation between ministers, or with such other representatives as the Dominion governments may at any time wish to entrust with the task of representing their own views or of ascertaining those of the British government."

"There is one pressing matter raising issues which affect the vital interests of the whole Empire on which personal consultation is, in the view of His Majesty's government, essential. I refer to the Protocol for the pacific settlement of international disputes. With regard to the arrangements to be made for securing personal consultation, H.M. government hope to communicate with your ministers at a very early date."
