## DOMINION WIDE OPEN TO ATTACK FROM SEA LEAGUE OF NATIONS' PROTOCOL IS NOT ACCEPTABLE TO BRITISH EMPIRE

### EDITORIAL

#### TRAIN SERVICE

The announcement that the inauguration of the daily train service had been delayed until the beginning of May came somewhat as a bomb today to fishermen and fish buyers, and much indignation was expressed. It was felt that there was a lack of co-operation on the part of the railway company, which would prove a serious setback to the business. Efforts will be made to have the company change its decision and inaugurate the new service early in April as was proposed. The fish business will be the worst to suffer from poor service and this will be particularly apparent as the weather gets warmer. It is to be hoped that the management of the railway will make its plans clear to give the fish industry a service in April. The fish industry is worth a great deal to them and it would be as if they should make an effort to foster it.

### LIBERTY OF CATHOLICS

Large Grand Master Says People of this Belief Have Great Freedom in Canada

NORTH BAY, March 12.—Emphasizing the organization's aim to be a unifying influence in Canada, Dr. J. D. Edwards, Grand Master of the Loyal Orange Lodge in British North Bay, told the annual meeting yesterday that Roman Catholics in Toronto enjoyed more liberty than Roman Catholics living in Rome.

### MURA WHALEN DUE ON FRIDAY

Co's Floating Cannery Left Quatsino Wednesday Morning

Flow of the International Cannery Co's tug Canada, the Cannery Co's floating cannery Laura Whalen left Quatsino at 2 o'clock Wednesday morning and is expected here in time tomorrow. Francis Ford, head of the company, accompanied today. The vessel was brought here for overhauling the dry dock and it is expected that she will start cannery operations in the near future. The portable plant will be used for putting up all varieties of salmon.

### SUN YAT SEN REPORTED DEAD

China Leader Seems to Have Finally Passed in His Checks

PRINCE RUPERT, Mar. 12.—Dr. Sun Yat-sen, the South China leader, died this morning. His experience as a surgeon in his youth helped him with a sustaining philosophy in his last days. He was to be embalmed like his friend Lenin, the Russian leader, he said, just before he

## Austen Chamberlain Declares Dominions Unable to Endorse Covenant Proposed at Geneva

GENEVA, Mar. 12.—"The amendment and the interpretation may, in themselves, be desirable but His Majesty's government cannot believe that the protocol as it stands provides a suitable method of procedure," declared Rt. Hon. Austen Chamberlain, British foreign secretary, in discussing the plan for security and disarmament before the council of the League of Nations today. He made it clear that the British attitude toward the protocol was that of the Empire, and stated that telegraphic communications with the Dominions showed that Canada, Australia, New Zealand, South Africa and India were unable to accept the protocol. Therefore, he believed that the best way of dealing with the situation was by co-operation with the League of Nations to supplement the covenant by making special arrangements in order to meet special needs as the general conditions of the covenant could not be stiffened with advantage and since "extreme cases," which the league might have to deal with, would probably affect certain nations or groups of nations more than others.

### WHITE PTARMIGAN VISITS CHICKENS CACKLED LIKE HEN

Somewhat off her usual track, a big snowy-plumaged ptarmigan was seen this morning paying a social call on her sisters of the domestic variety in a Fourth Avenue West chicken run. The ptarmigan is a northern bird and usually keeps on the higher elevations of mountain tops. It is very seldom if ever, that they are seen on this townsite. This particular bird cackled in a manner very similar to hens and quite contentedly engaged in picking up food intended for the chickens while persons around looked on with interest. The chickens, however, held aloof from their wild visitor.

### ESQUIMALT DRYDOCK FIGURES ARE TABLED

First Site Purchased at Enormous Cost by Borden Government Was Abandoned

OTTAWA, Mar. 12.—The government has tabled some figures in connection with the building of the Esquimalt drydock which prove interesting. It is shown that a sum approximately \$346,000 was paid for a drydock site at Lange's Cove in Esquimalt Harbor, near Victoria by the Borden government and that this site was later abandoned and a new one purchased at Skinner's Cove on the same harbor for which \$53,136 was paid.

### FIFTY HOTELS ON VANCOUVER ISLAND APPLY FOR LICENSES

VICTORIA, Mar. 12.—Over fifty hotels on Vancouver Island have applied for licenses to sell beer and many of them it is expected will be granted. Three women are among the applicants. The premises are situated very largely along the Island highway. Nanaimo is asking for sixteen and almost all the small centres want one or more.

### EMPEROR MINES PRESIDENT HERE

Went to Stewart Last Night to Visit Property; Is Enthusiastic

G. Seiffert, president of the Emperor Mines Ltd., and of which J. S. Cowper is secretary-treasurer, passed north to Stewart yesterday on the Prince Rupert to visit his mine. He says there is great work being done in that camp. Nine compressors will be at work this summer within three miles of the Emperor and Dunwell on Bear River. Speaking of the Dunwell he says it looks as if a sale will be effected of the property. The agents of the purchasers have examined the mine and taken samples and are now awaiting the assay returns. So far they have proved even richer than the Stewarts represented.

### DUNWELL DEAL SEEMS LIKELY

Final Assays Will be all in by Tomorrow and Then Decision to be Made

VICTORIA, Mar. 12.—The final assay reports of the ores recently taken from Dunwell Mine by the interests negotiating for its purchase are expected tomorrow and if they are as favorable as is expected the deal will be concluded and great activity will be seen on Bear River in the near future.

### MAKES DEAL FOR GYM AND PLUNGE BATH

Property Secured and Plans Being Drawn For New Building

Today at the Rotary Club luncheon, M. P. McCaffery reported, on behalf of the joint committee of Rotary and Gyro clubs, that they had made a tentative arrangement for a piece of central property to be deeded to the city on which it is proposed to build a swimming bath and gymnasium and that Architect A. A. Cox had agreed to draw a tentative plan and estimate free of cost which would be laid before the two clubs in a week or two.

### JAPANESE VESSEL IS SAFE IN PORT AFTER REPORTED IN DANGER

VICTORIA, Mar. 12.—The Japanese steamship Hoyoku Maru, which was yesterday reported in distress off Tatoosh and to the aid of which three steamers were despatched, later proceeded to Port Townsend under her own power.

### BARGAIN HUNTERS HURT

VANCOUVER, Mar. 12.—Several bargain hunters were injured when the tiled entrance of a Granville Street store collapsed this morning under the weight of a crowd.

VICTORIA, Mar. 12.—The Japanese steamship Hoyoku Maru, which was yesterday reported in distress off Tatoosh and to the aid of which three steamers were despatched, later proceeded to Port Townsend under her own power.

### BARGAIN HUNTERS HURT

VANCOUVER, Mar. 12.—Several bargain hunters were injured when the tiled entrance of a Granville Street store collapsed this morning under the weight of a crowd.

Wm. C. Durant, noted motor manufacturer and stock operator, staged a remarkable comeback recently by making a phenomenal clean-up on Wall Street, estimated to be as high as \$10,000,000 in one stock alone.

## Neill of Alberni Urges Coast Defence Policy and Protect Shipping

OTTAWA, Mar. 12.—A resolution proposing that "Canada should consider the question of defense of our sea coast and of our ocean borne lines of commerce," has been introduced into the House of Commons by A. W. Neill, independent member for Comox-Alberni.

Mr. Neill suggested that the question be taken up in a non-partisan spirit and that a small committee of the House might be formed to consider the matter with the aid of technical experts.

A policy of defense might be evolved under the name of the "Canadian Policy," said Mr. Neill, who urged the necessity of defense of the coast line and shipping. The drydock at Esquimalt, which will be finished shortly, will be of vital importance to any British naval operations in the Pacific. Today it is practically open to the world with only a few obsolete guns to protect it.

Mr. Neill said that the value of the public works of Vancouver and Victoria amounted to \$200,000,000 and there was a coast line of 10,000 miles absolutely defenseless. The defense of shipping was the most important of all.

### WOMAN OF FIFTY TO SWIM CHANNEL

WEYMOUTH, Eng., Mar. 12.—Mrs. E. Craven, 50 years of age, a nurse and grandmother, is the latest to announce her intention of swimming the English channel this summer.

### THOMAS CUSACK OF VICTORIA IS DEAD

VICTORIA, Mar. 12.—Thomas Cusack, 56 years of age, founder of the Cusack Printing Company and for forty years a leading business man of this city, died here last night. He leaves a widow.

## DELAY DOUBLE TRAIN SERVICE

Fish Buyers Disturbed at News Today that Change Has Been Made

Position of Fishermen Injured by Delay It is Pointed Out by Buyers

Local fish buyers were disturbed to learn this morning that the Canadian National Railway management was proposing to delay the inauguration of the daily train service this spring from April 5 to May 3. On inquiry being made from the general superintendent, the statement was made that, so far as was known at that office, such was the intention.

It is feared in fishing circles that the delay in putting on daily trains may seriously affect the business. For instance, two carloads of halibut were offered this morning, but, there being no train East until Saturday the sale of the catches is being held over until tomorrow at the earliest. Had there been a train today, this fish would have gone East and been taken care of by the trade next week.

The boats offering today were Peter Wold's new American vessel, Attu, with 12,000 pounds, this being the completion of her maiden trip. There were also two Canadian boats—Toodie, 3,500 pounds and White Lily, 3,000 pounds.

## GAUNTLET IS THROWN DOWN

President Coolidge Insists that Senate Approve Warren as Attorney-General

WASHINGTON, Mar. 12.—President Coolidge threw down the gauntlet before his opponents in the senate today by again submitting the nomination of Charles B. Warren to be attorney-general. The senate refused on Tuesday by one vote to endorse the nomination of Warren.

## SEALING MAY OPEN BUT GOVERNMENT IS FAVOR RENEW TREATY

OTTAWA, Mar. 12.—It is said here that the Dominion government is in favor of renewal of the sealing treaty of 1911 which abolished sealing on the high seas and left the control of the business in the hands of the United States.

Representations have been made from the coast that it would be to the advantage of Pacific ports to have the sealing opened once more.

## PRESIDENT SIMONS SWORN IN WITHOUT THE "HELP OF GOD"

BERLIN, March 12.—Dr. Walter Simons today took the oath of office as acting president of the German republic. Like his predecessor, the late President Ebert, Simons did not add the words "So help me God" which are left optional in the oath as prescribed in the constitution.

Mr. and Mrs. E. H. Shockley and family are sailing tomorrow morning on the steamer Prince Rupert for Vancouver where they intend to take up their permanent residence in future.  
A. Scott, Lloyds' inspector, arrived from Vancouver on the Prince Rupert yesterday afternoon to inspect the steamers Prince Rupert and Prince George which are undergoing annual overhaul at the dry dock.  
Mr. and Mrs. A. C. Head and family arrived in the city from Whitehorse on the Princess Mary yesterday morning and proceeded on last night's train to Terrace where they will locate. Mr. Head was formerly a sergeant in the Royal Canadian Mounted Police.  
W. J. Massey, provincial prior of the Pacific Coast district, sovereign great prior of Canada, arrived in the city from Vancouver on the Prince Rupert yesterday afternoon and last night paid his official visit to Kinloch preceptory, Knights Templar. He will return south tomorrow morning.  
Permits for two new residences have been taken out during the past few days at the city engineer's office. J. Jabour is to build a \$3,000 dwelling on Sixth Avenue West near Taylor Street and J. W. McKinley is putting up a \$2,500 house on Fourth Avenue East near the Presbyterian Church.

The tea and sale of home cooking held yesterday afternoon in the Nurses' Home by the Hospital Ladies' Auxiliary proved a very successful affair. Mrs. Barry Atkins was cashier and Miss Edith McGill, R.N., assisted Mrs. F. Dobb in receiving. The raffling of a mah jong set donated by Bulger & Cameron was deferred.  
C.N.R. steamer Prince Rupert, Capt. D. Donald, which will enter dry dock here tomorrow morning, will sail about Monday for Vancouver where she will await the resumption of double service next month. R. Knox, superintendent engineer, who is supervising the overhaul of the Rupert and George, will proceed south with the Rupert.

Before Art Easson left he was given a little sendoff by his co-workers at the Royal Bank. About four o'clock before the staff dispersed they presented him with a set of four brushes. Miss Mary Carter, as having been in the employ of the bank longest, made the presentation in a neat little speech and Mr. Easson suitably replied.

### Here and There

The following apt comment on the careless motorist and his ultimate fate comes from the Boston Transcript:  
"If a freight train at a crossing  
"Hits an auto fair and square  
"There's the freight train—Where's the auto?  
"Echo answers 'Where?'"

Trees at the rate of 20,000 a day have been planted by farmers in Western Canada during the last 20 years, according to a report of the Federal Department of Agriculture. A total of 150,000,000 young trees, the report shows, has been distributed to farmers in that section in 1905.

Canada has entered into negotiations with Germany for a trade agreement which will give her the benefit of the most favored nations agreement. Exports to that country very nearly doubled during 1924 and at the close of the year Germany was practically in the position of being Canada's third best customer.

A co-operative shipment of poultry to New York City, encouraged and handled by the Dominion Poultry Service, Alberta branch, brought good results. The shipment consisted of two refrigerator carloads of turkeys and the shippers received 25 cents a pound for their birds, the New York selling price being 41 cents a pound.

Among the interesting books of the season is "Canada's Great Highway; from the First Stake to the Last Spike," by J. H. E. Secretan, C.E., (published by Thorburn and Abbott, Ottawa). Dealing with the early history of the Canadian Pacific Railway, the volume contains racy reminiscences of life in construction days as experienced by the author, who was a member of the company's engineering staff.

Sailing from New York on January 14, the "Empress of France," palatial Canadian Pacific steamship, began her "round-the-world cruise, which is to last 130 days. The vessel was gallily decked with flags and filled with happy passengers eager to enjoy the experience of a lifetime. F. L. Wanklyn and Mrs. Wanklyn, were among those on board. Mr. Wanklyn recently retired from his position as executive assistant of the Canadian Pacific Railway.

The most novel Christmas card handled by the Montreal post office this year was one prepared for the redoubtable Colonel George Ham, of the Canadian Pacific Railway, by a number of internationally known newspaper artists, creators of famous comic strip characters. In the centre of the card is a photo of the Colonel, while grouped around him, commenting on his good qualities, are signed drawings of Mac Perkins, Tillie the Toiler and Mac, Barney Google and Spark Plug, Our Gang and Dumb Dora. Colonel Ham is naturally very proud of the card.

### CITY OF PRINCE RUPERT

Take notice that Sixth Avenue, from McBride Street to Hays Cove Circle will be closed for three weeks, commencing March 16. Residents are requested to get in their supply of coal, etc., before that date.

F. W. PEARSON,  
61                      City Engineer.

### GOVERNMENT LIQUOR ACT

#### NOTICE OF APPLICATION FOR BEER LICENSE

MRS. M. L. DUNN,  
Owner, Applicant.

## "For economy's sake I buy a supply and let it age"

—says Mrs. Experience, speaking of the economical use of soap.

"I always keep a good supply of Sunlight Soap on the shelf because I find that Sunlight actually improves with age. It becomes harder and so goes much further.

"With this added economy of lasting longer, I've learned that Sunlight is by far the most economical soap I can buy. The reason is that every particle of Sunlight is pure, cleansing soap—a little of it does a lot of work. Sunlight, you know, is guaranteed to contain no injurious chemicals or harsh filling materials to make the bar large and hard. These filling materials, of course, are just so much waste as far as cleaning goes.

"To any woman who wants to get real cleaning value out of a soap for her money, I decidedly say, 'Use Sunlight,' and keep a good supply on the shelf." Sunlight is made by Lever Brothers Limited, largest soap-makers in the world.

### CHIEF SKUGAID RESCUES SHIP

Goes to Aid of Stadacona with Supply of Fuel Oil off San Francisco

#### ANOTHER RICH CARGO

United States Will Seize Rum Runners Even if Outside Territorial Limit

(Victoria Colonist) Rescued from the clutches of the United States Coastguard some weeks ago by the auxiliary schooner Chief Skugaid, which was dispatched from Victoria with a cargo of fuel oil to replenish the Stadacona's depleted supply, the Victoria liquor carrier Stadacona is now on berth at the Ogden Point docks to load approximately 20,000 cases of liquor for Central American ports. She is expected to clear from here either Monday or Tuesday night. Valued here at approximately \$200,000, such a liquor cargo would bring a price of close to \$500,000 on the San Francisco bootleg market.

#### Venturesome Trip

On her last trip "south" the Stadacona ran short of fuel oil and was drifting off the coast of California in a helpless condition. It was also reported in press dispatches from San Francisco that she had run short of water. Prior to this, San Francisco papers carried a story on how the Stadacona had been boarded by the United States cutter, but a search had failed to find any liquor on board, coastguard officials stating that she must have discharged it all before they could locate her. Further more, a coastguard cutter put alongside the vessel when she was in distress to prevent any San Francisco tug giving her assistance. It was following this procedure on the part of U.S. Federal authorities that the Chief Skugaid was sent south with a cargo of fuel oil so that the Stadacona could return north to Victoria.

On her arrival here she was hauled out at Yaffrows' marine railway and given a thorough overhaul before making another venturesome trip to the south.

#### Twelve-Mile Ruling

If press dispatches from New York can be taken as any criterion, her journey south this time will be more venturesome than ever, as Judge Garvin, in handing down a decision on the Zeehond case, which vessel was seized fifteen miles off the Atlantic coast with \$200,000 worth of liquor on board, contended in his ruling that revenue cutters were within their jurisdiction in seizing any liquor-laden vessel they knew was a rum runner.

Coastguard officials on this coast claim that the Stadacona is a rum-runner, just as they did in the case of the Pescawaha, but as yet have been unable to catch her with the "goods." They were more fortunate, however, with the Pescawaha, Coal Harbor and Quadra.

With this new ruling of Judge Garvin's, however, to back them up, it is thought that they will not hesitate to seize the Stadacona on sight.

#### Death Blow Dealt

In fact, local rum-runners of Victoria's mosquito fleet are of the opinion that the precedent created by Judge Garvin is practically a death blow to rum-running on the Pacific seaboard, inasmuch as it helps out the new Canadian customs regulation which permits any information of such a character that would lead to the arrest of rum-runners to be placed at the disposal of the same department of the United States.

The Canadian Government is

### Hair Growth or No Money

Notice the Van Ess flexible rubber massage cap on the bottle. You rub the bottle over your head and the rubber nipples feed the hair growing medicine into the scalp. One minute a day in your own home with Van Ess Liquid Scalp Massage means an abundance of new hair and the gloss and luster that come with perfect hair.

ORMES LIMITED, Prince Rupert, B.C.

making a strong effort to stamp out this nefarious traffic, and negotiations are now being carried on with Washington by the Dominion Government to secure co-operation in wiping it out. Already the United States coastguard has exhibited its attitude toward this business by seizing the Quadra, Coal Harbor and Pescawaha, whose cargo, valued collectively, is estimated at between \$750,000 and \$1,000,000.

### FRENCH MUSIC WAS STUDIED

Musical Club Enjoys Vocal and Instrumental Selections and Interesting Paper

Music of the French people was the subject at the Ladies' Musical Club at the home of Mrs. George Bryant yesterday afternoon. The program was arranged by Mrs. Sidney Johnstone and Mrs. J. P. Millar and proved very interesting. It follows:

Piano solo by Mrs. Fraser, "Chopin's Nocturne."

Paper, "Music of the French People," by Mrs. Bryant.

Vocal solo by Mrs. McMillan, "Angels Guard Thee," from Berceuse de Jocelyn by Godard, with violin obligato by Miss Marjorie Lancaster.

Piano solo by Mrs. Darton, "Berceuse," by Gounod.

Vocal solo, by Miss Nada Johnstone (a) Elegie, (b) Ouvre des Yeux Bleus, both by Massenet.

Piano solos, Mrs. Ward, (a) Elegie by Massenet, (b) Crescendo, Per Lasson.

At the close Miss Blanche Curtin played the Marseillaise.

The accompanists were Mrs. Fraser and Miss Curtin.

### WOMAN AFRAID TO EAT ANYTHING

"I was afraid to eat because I always had stomach trouble afterwards. Since taking Adlerika I can eat and feel fine," signed Mrs. A. Howard.

ONE spoonful Adlerika removes GAS and often brings surprising relief to the stomach. Stops that full, bloated feeling. Removes old waste matter from intestines and makes you feel happy and cheerful. Excellent for obstinate constipation. — O. J. M. S. Ltd., Druggists.

### JASPER TO HAVE NEW RAILWAY STATION SOON

Jasper is to have a new railway station right away. Plans are completed and the building is to be commenced in time to be ready for the opening of the tourist season in June. It will be of stone construction to match the general rustic style of the park. The building will be somewhat pretentious and will include a restaurant as well as waiting and other rooms.

### QUITE DIFFERENT

"Did you say that Skinner succeeded by getting around him better men than himself?"

"No, by getting around" better men than himself."

### FORMERLY STOWAWAY NOW AN AIR PILOT

William Ballantyne Smuggled Himself Aboard R-34 When She Flew to America

LONDON, Mar. 12. — William Ballantyne, who was a stowaway on the R-34 when she flew to America in July, 1919, has at last been successful in obtaining his "wings," or in other words his pilot's certificate. After his escapade on the dirigible, Ballantyne was sent back to Howden in Yorkshire, where he remained until the air-drome closed down and was then transferred to Egypt. Here he studied for the Royal Air Force pilot's certificate. He passed his tests and is now pilot-sergeant in one of the air mail planes between Cairo and Baghdad, a desert journey of 700 miles each way.

Ballantyne was an original member of the crew of the R-34, but it was found necessary to leave him behind. He was bent on making the trip, however, and two hours before the craft left Scotland, he hid himself in the rigging. When the airship was about 60 miles out he was discovered, lying sick and feverish among some gas bags to which he had crept from the rigging. After treatment by the staff physician he worked his way across for the rest of the voyage.

### RECONCILIATION AS RESULT OF ROBBERY

Man Called to Inquire for Wife and Settled Differences

NEW YORK CITY, Mar. 12. — Using the methods employed in the Dot King and Lou Dawson robberies, three masked men in dinner garb invaded the sumptuous apartments of Mrs. Fay Perkins, estranged wife of a wealthy restaurant owner, and bludgeoned, bound and gagged Mrs. Perkins and Milton Abbott, a cotton broker who was a caller. They then took gems valued at \$25,000.

The robbery occurred last night and today the husband called with the result that a reconciliation was brought about after a separation of a year. Mrs. Perkins is 24 years old while her husband is nearly 50 years old.

### INCREASED IMMORALITY SUBJECT OF MANIFESTO

PRAGUE, Mar. 12. — The Czecho-Slovakian church is seriously perturbed over the alleged increased immorality in the country, and is appealing to citizens to mend their ways.

In a manifesto issued by the bishops to their congregations, they exhort parents to attend to their children's moral education at an early age, and condemn the manner in which young women and children are dressed when attending church. All the clergy are asked to post notices on the doors of their churches appealing to female worshippers to come decently clothed.

The bishops find in many modern dances "a sad and low morality," and condemn the growing habit of the sexes bathing together "in scant and indecent costume."

### COOLIDGE WILL NOT NOW VISIT ALASKA

SEATTLE, Mar. 12. — W. W. Ermann, associate editor of the Seattle Times, in a dispatch to that paper said that President Coolidge would not visit the Pacific Northwest or Alaska this year. Mrs. Coolidge who noted the tragedies of the Wilson and Harding trips to the west strongly counseled against the journey. The President now expects to make a few short trips in the east but will do nothing that will tax his strength. He probably

# It costs you seven out of every ten dollars to live

ECONOMIC experts tell us that it costs the average family about 70 per cent of its total income to buy food, clothing, household utilities and all the multitude of little things that keep a family comfortable and happy.

Seven dollars out of every ten—and that doesn't include rent, luxuries or entertainment.

Think what a job it is to spend this large proportion of your income wisely and well. To get the biggest and best possible value from every one of those seven dollars!

The clever woman goes to the advertisements of her daily paper for help. There she finds a directory of buying and selling. She learns about the offerings of merchants and manufacturers. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the daily business of purchase.

Advertisements are guardians of your pocket-book—read them carefully
