S. S. PRINCE CHARLES ARRIVES IN PORT

DOUKHOBORS TALK OF SELLING OUT AND MOVING TO SASKATCHEWAN

Steamer Prince Charles in Port Here Today was Centre of Attraction

Temporarily fitted out to relieve the Prince John for a couple of voyages in the Vancouver-Queen Charlotte Islands-Prince Rupert service, the steamer Prince Charles ex St. Margaret ex Chieftain, formerly the property of the North of Scotland and Orkneys and Shetland Steam Navigation Co. and registered at Aberdeen but now belonging to the Canadian National Coast Steamship Services with Prince Rupert her port of registry, arrived at 8.30 this morning on her first trip to this port. The vessel left Vancouver at 2.30 on Sunday morning and made a good trip of a little over five days up the coast experiencing excellent weather except for the passage last night across Hecla Straits from Massett to Prince Rupert which was rather lumpy. Officers of the new boat report that she behaved splendidly and proved that she is a good sea vessel. She had a light passenger and cargo list.

URGES C.P.R. TAKING OVER NATIONAL RY.

Liberal Member For Montreal Would Have Two Lines Amalgamated

OTTAWA, April 24.—A further plea for the amalgamation of the Canadian National and the C.P.R. was heard in the House of Commons yesterday following Sir Henry Thornton's statement before the railway committee that such an amalgamation should result in enormous savings. S. W. Jacobs, Liberal member for Montreal, said: "My suggestion is that the lines should be amalgamated so that we may never hear the word 'subsidy' again, that we should close the door on it, lock the door, and throw away the key."

Jacobs favored the C.P.R. taking over the National lines.

SIR AUGUSTUS NANTON DIES

Was Prominent in Financial Circles and Lived in Winnipeg

TORONTO, April 24.—Sir Augustus Nanton, president of the Dominion Bank, died this morning after an illness of some months. The body will be sent to Winnipeg for interment.

Sir Augustus, who was a Winnipeg broker, has been a prominent figure in the world of finance. He was president of the Winnipeg Board of Trade and of the Winnipeg Stock Exchange, chairman of the Canadian Committee of the Hudson's Bay Co., director of the Winnipeg Street Railway, and the Great West Life Assurance Co. He was knighted in 1917.

RIVER STEAMER FOR STIKINE

Vessels Will Leave Seattle Every Two Days Soon as Navigation Opens

SEATTLE, April 24.—The Hazel B, the first twin screw boat equipped to operate in the north, was launched last night. She is designed for the purpose of providing transportation on the Stikine for the expected rush into Cassiar.

Boats for that region will leave here every two days as soon as navigation on the Stikine is open.

PEACE RIVER AND RAILWAYS

Two Provinces Acutely Interested and Will Press Claims at Ottawa

WHITE ELEPHANTS

Definite Policy Likely in View of Possible Election This Year

OTTAWA, April 24.—If the Canadian National takes over the Edmonton, Dunvegan and B.C. Railway from Edmonton into the Peace River country and operates it, Premier Oliver will urge strongly that the P.G.E. also be taken over by the Federal government and be operated under the C.N.R. system. The E.D. & B.C. Railway belongs to the province of Alberta and the P.G. & E. belongs to the province of British Columbia. Both are white elephants as neither pays the cost of operation. At present the Alberta line is leased to the C.P.R. but the lease expires this coming summer and no intimation has been given as to whether it will be renewed.

In view of the possibility of an election this year the government will probably come to some definite decision in regard to its railway policy in Alberta and B.C. before the present session ends and if the Senate turns down its proposals the question will be made a political issue during the campaign.

RAILWAY TO PEACE RIVER LIVE ISSUE PREMIERS EN ROUTE

OTTAWA, April 24.—Premier Greenfield is on his way here to confer with the Dominion Government in conjunction with Premier Oliver of British Columbia on the Peace River situation.

The Peace River situation is still a live issue and some announcement in regard to it is expected to be made soon.

ANXIETY FOR LIQUOR RUNNER

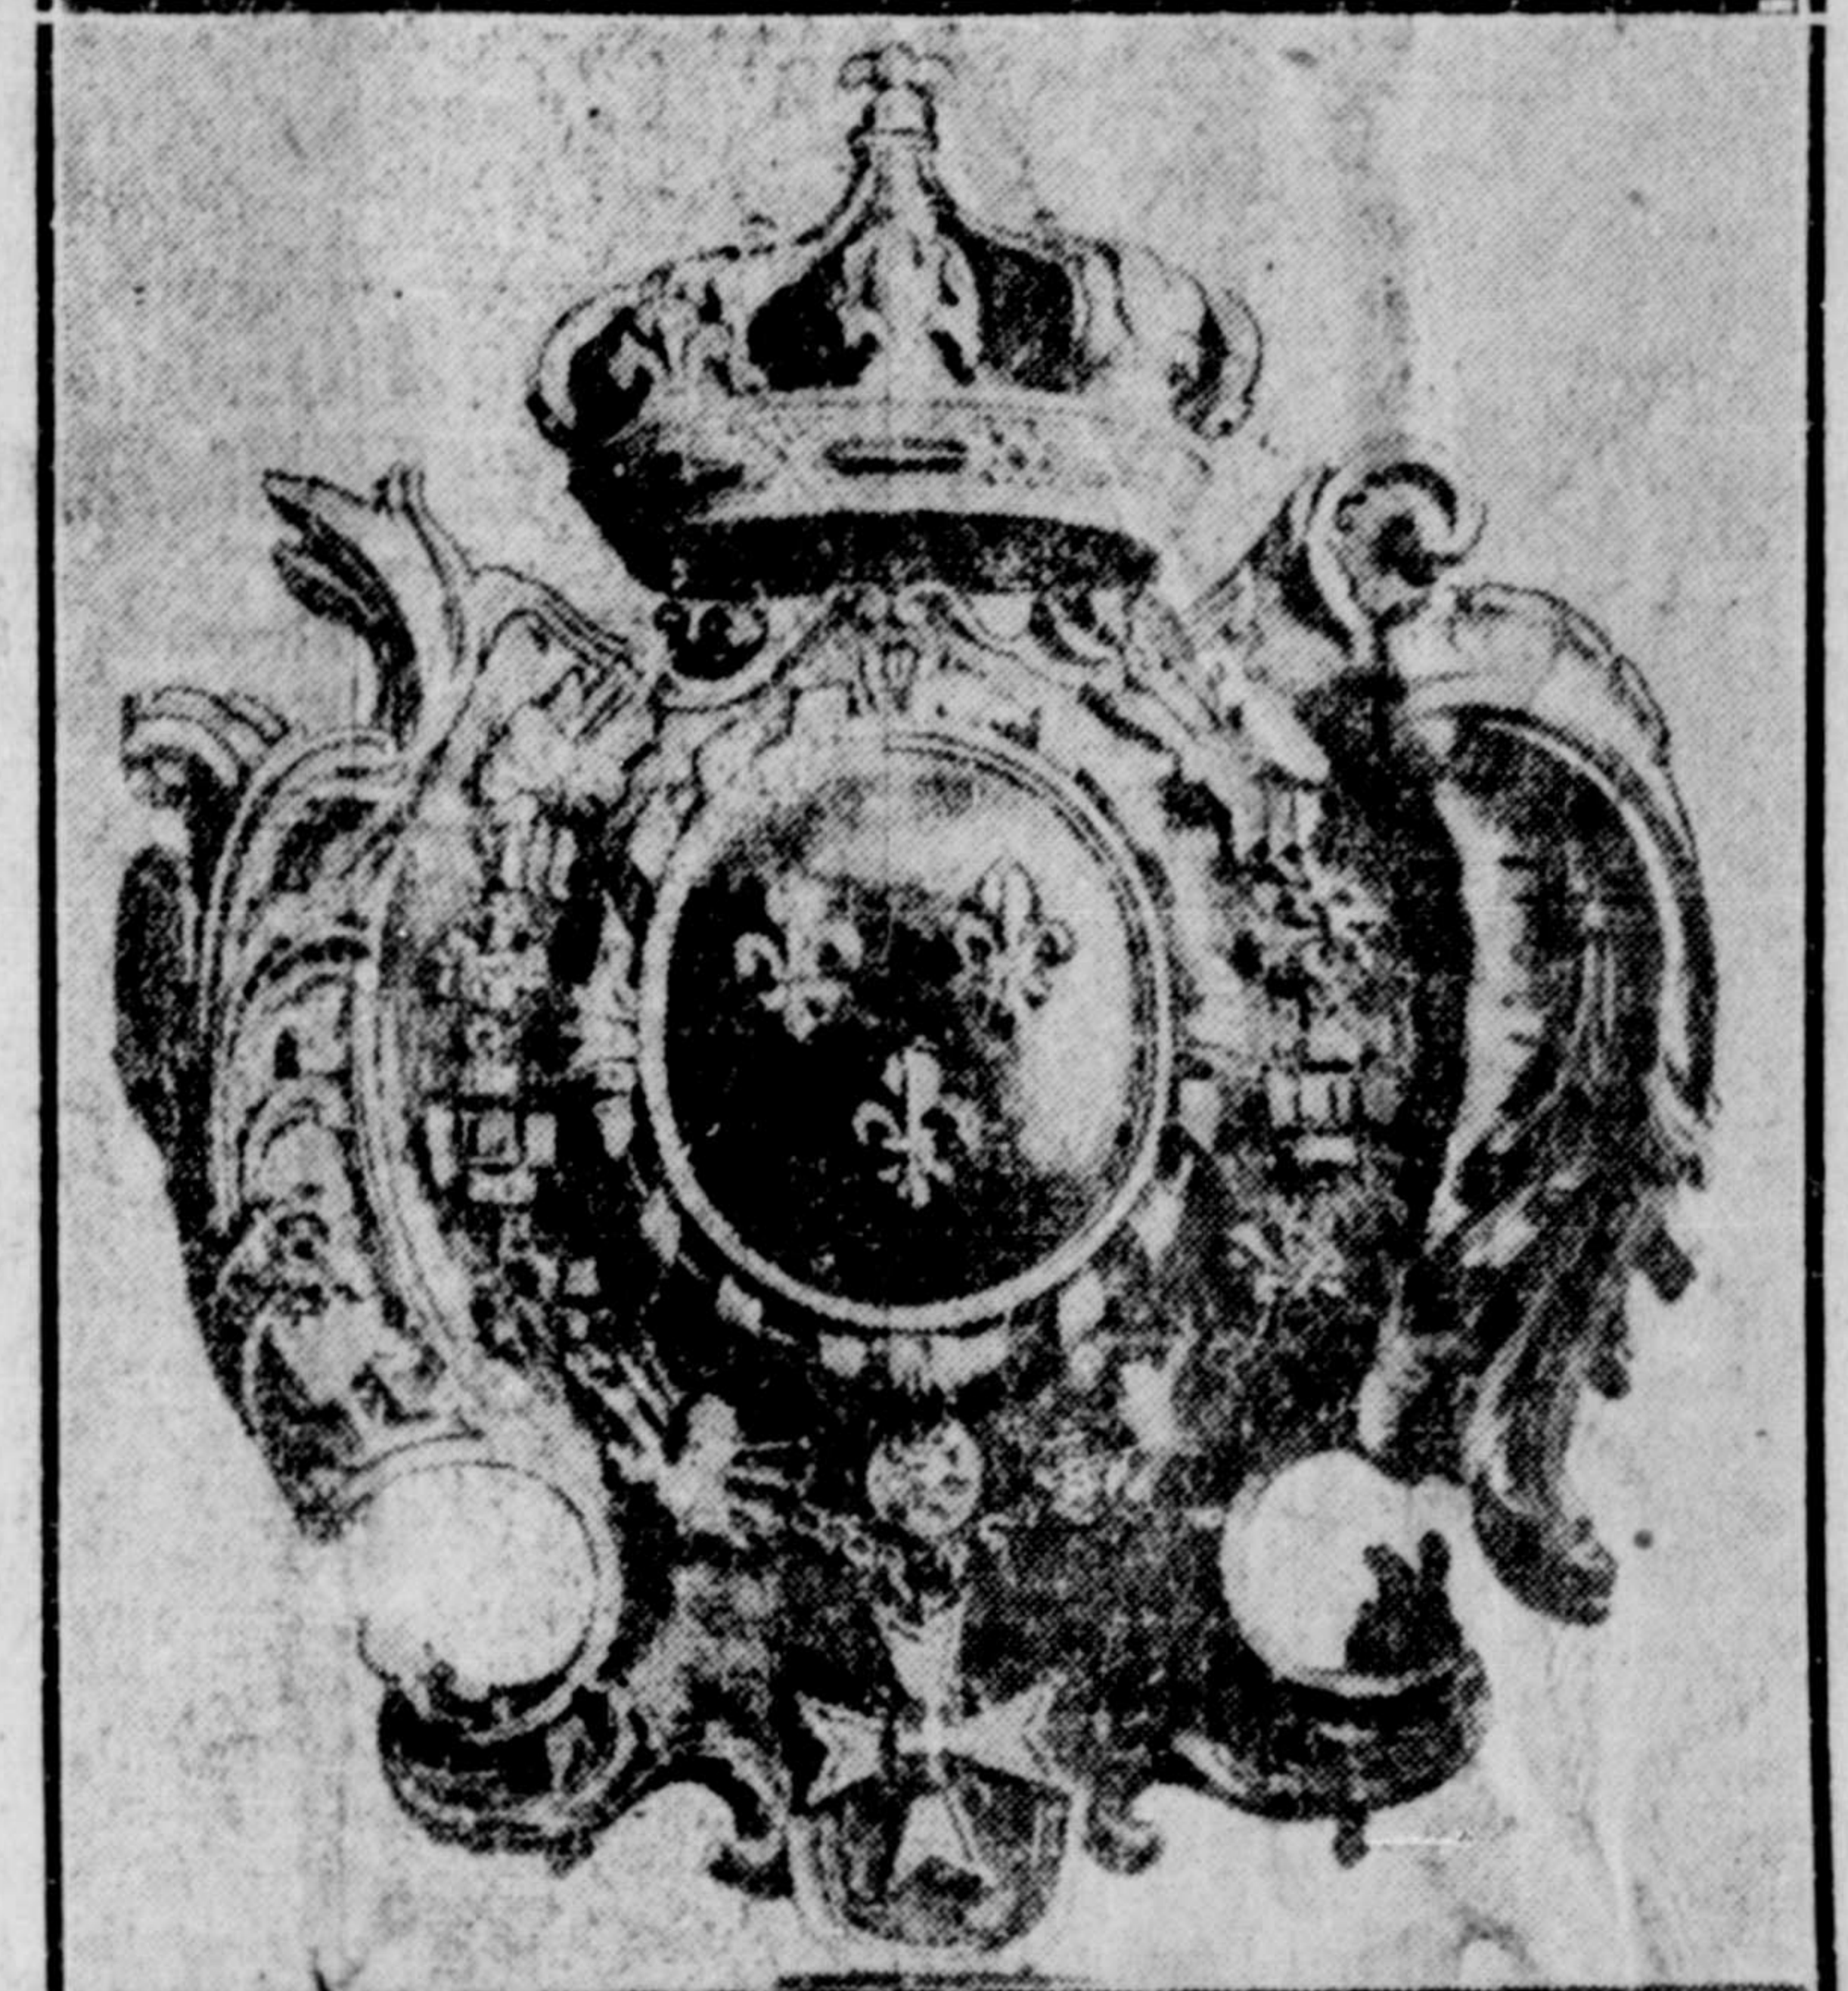

Malahat Left British Columbia Six Months Ago for Central America

VICTORIA, April 24.—Anxiety is felt for the safety of the schooner Malahat, which left British Columbia six months ago for Central America with a cargo of liquor. The vessel has not been reported for several months now and is considerably overdue on her return trip.

Relic of Quebec's Fall to Return to Canada

This SHIELD from one of the Gates of QUEBEC which was made of that CITY by the Hon. M. de la Roche, Admiral of the Sea and Land Forces of the King of France, was presented to the Hon. M. de la Roche, Admiral of the Sea and Land Forces of the King of France, by the Hon. M. de la Roche, Admiral of the Sea and Land Forces of the King of France, in 1759.

According to press despatches from London, Lord Willingdon, 1st Viscount Raton, who was scheduled to sail from Liverpool on April 9th by Canadian Pacific steamship "Montroyal" as special emissary from the Hastings Corporation to the Quebec City council, has postponed his visit for some time owing to the illness of Viscountess Willingdon.

His Lordship's official mission, which will be carried out when the Viscountess recovers, will be to return to the City of Quebec the shield which was taken from its gates when it was captured by General Wolfe in 1759 and which was presented to the Hastings Corporation by General Murray who was present on that memorable occasion.

Since that time the shield has hung over the door of the Council Chamber in the Town Hall at Hastings and Quebec has endeavoured to obtain its return, for years in vain, but at last Hastings has relented.

Viscount Willingdon will be accompanied by his wife who before her marriage was the Hon. Marie Adeline, daughter of 1st Baron Brassey, together with his son the Hon. Inigo Brassey Freeman-Thomas and his wife.

The Doukhobors Object to Sale of Goods by Sheriff to Satisfy Judgments for Payment of Fines

GRAND FORKS, April 24.—Declaring that the people of Saskatchewan were more kindly than British Columbians, W. H. Gazeckoff, the Doukhobor business agent, while watching the chattels of the community, which recently had been seized, auctioned off yesterday, said he would be willing to sell out the Grand Forks holdings and move the 900 members of the colony to the Prairie Province.

If he so decided, Gazeckoff said, the Doukhobors would follow him.

The chattels were seized by the sheriff because the Doukhobors refused to pay fines for burning and the officials of the government were only defied and told that the children would not be sent to school.

Cost of Downing Street Much too High for Labor Member Who Tells of His Experiences

LEEDS, England, April 24.—J. R. Glynnes, who was the first Labor minister to reside at No. 11 Downing Street, would not care to undergo the experience again. While rent is free in these quarters, next door to the residence of the premier, life there is altogether too expensive. Mr. Glynnes says in an article on his experiences at No. 11 while a member of the Ramsay MacDonald government. Mr. Glynnes, now a member of parliament, points out that most of the political leaders before him at No. 11 were doubtless men of ample private means.

"There is an impression that the political tenant moves into Downing Street to the enjoyment of a free house run at public expense," says Mr. Glynnes. "It is true that rent is not paid by the occupant, but he pays for nearly everything else. At No. 11 the state pays the wages of a messenger and that is about all the relief which the occupant receives. The whole of the staff to run the house (usually about nine in number) are paid, fed and supported by the occupant. On occasions of hospitality and entertainment, I had to pay all the costs and expenses of extra staffs, even to the fees for attendants in the cloak rooms—the cloak room usually being one of the office rooms transformed for the purpose.

"I was sometimes asked, when using the telephone, whether the call was official, and perfunctorily I received demand notes for payments amounting to several pounds sterling for telephone calls deemed of a personal or private character.

SUSPECTS IN BANK ROBBERY SEATTLE JAIL

Three Being Held Awaiting Arrival of Witnesses Involved in Effort Free Prisoners

SEATTLE, April 24.—Three more suspects in the \$32,000 Nanaimo bank robbery of last December are in Seattle jail awaiting identification by witnesses. This was made known yesterday, the police having taken into custody Ed. Gorman, Alfred Castro and James Burns, a sailor.

The men are charged by the police who state they believe they are involved in a contemplated attempt to free the men now held here for the Nanaimo robbery but who are fighting extradition.

MEN TRAPPED IN HECLA MINE

Three Brought Out Alive This Morning; Two Miles From Main Shaft

WALLACE, Idaho, April 24.—Seventeen miners were trapped on the two thousand foot level of the Hecla silver-lead mine at Burke, seven miles west of here last night. This morning the rescuers succeeded in bringing three out alive and it is hoped the other fourteen will be reached this afternoon, although the entombed men are said to be two miles from the main Hecla shaft.

Killing Of Fish By Passing Seal Herds.

Just now the seal herds are passing up the coast and this is the time when the salmon are returning. They have not reached the rivers yet but quite likely they may be outside where the seals pass and may be devoured wholesale by the herds traveling toward Alaska. At any rate it is very clear that while passing our shores the seals consume many tons of fish annually, fish that would otherwise be caught and will add to the prosperity of Prince Rupert. That is just one additional reason why the seal hunting should be thrown open after next year.

American Constitution And British Empire.

Dean Inge of St. Paul's Cathedral, London, England, usually known as the "gloomy dean" who is visiting Yale University where he is delivering a course of lectures to the students, says the two greatest achievements of history are the American Constitution and the British Empire. Doubtless he put the American Constitution first out of respect to the people with whom he is visiting.

The dean often says things that are a little startling and sometimes they are true. It would seem that he often says unconventional things just to set his hearers thinking. At any rate he is the most spectacular of all the church dignitaries of the establishment. Doubtless he will enjoy his visit at Yale and the students also will enjoy it. His visit will help to cement the friendship that already exists between that nation and the British people, including Canada.

One Senator Is At Last Awake.

One of the Canadian Senators at last has an original idea and is awake to the fact that he is something more than an "inmate" of the Canadian Old Men's Home. This time it is a man named Lynch Staunton, who proposes to reduce the representation in the House of Commons. Possibly this is a slap back at the proposed interference by the Commons in the constitution of the Senate.

It was hardly to be expected that the Senators would have had enough energy to fight back. They have never in the past shown any indications of activity except in trying to stop the wheels of progress from turning.

Lynch Staunton would have the basis of representation changed. At present Quebec always has 65 and naturally if the rest of the country increases in population there will in time be a House of Commons as big and cumbersome as that of Great Britain. The big families of Quebec have so far been the factor that saved the situation.

The difficulty with the scheme is that Quebec will hardly agree to reduction of her representation. While there may be more members of Parliament at present than seem necessary, when you look at the size of the constituencies it is easy to see that they could not well be increased to any extent. Skeena, for example, takes in Queen Charlotte Islands, Portland Canal and Atlin Mining districts south to beyond Ocean Falls and along the line of railway to somewhere around Endako. All that has to be looked after by one man. If the representation is to be reduced the size of that constituency must be increased. That would hardly be reasonable.

Direct Shipments From This Port.

The era of direct shipments from this port to the Orient and to the United Kingdom and other parts of Europe seems to be approaching. A few shipments have already been made but still most products have to go by way of some other port.

Yesterday Francis Miller drew attention to the advantage it would be to him to make direct shipments, something that doubtless will be done another year.

MOTHERWELL ON FISHERIES

Tells Rotary Club of Present Condition of Industry and Danger of Hasty Policy

The value of the fisheries and the present favorable condition of the salmon market were mentioned yesterday by Major J. A. Motherwell, chief inspector of fisheries for the province, in his address to the Rotary Club yesterday at their luncheon. After the war the canneries had suffered considerable loss but last year some of them were to retrieve those losses.

This year, the inspector said a poor sockeye year was anticipated but no one could tell what was going to happen. They may be all mistaken. The difficulty in making prophecies was that no one knew what happened to the fish while they were at sea from the time when they left the river until they returned. If all the fish were four-year fish it would not be so difficult but some of them live five years. There was always a demand for sockeye but with other varieties it was different.

With the demand for salmon increased, intensified patrol was desirable. Every salmon which was not personally escorted by a fishery officer would be out of luck this year.

Enemies of Fish

Speaking of the enemies of salmon, Mr. Motherwell said they were constantly trying to improve the spawning beds and also remove obstructions from the streams. At the sessions of the fisheries commission they had been asked to destroy eagles, bear, gulls, dolly varden, trout, ducks and other creatures which it is alleged killed off the salmon. They had killed off quantities of sea lions. Last year 2,700 were killed and people in the districts affected were appreciating the results.

Giving an instance of misinformation supplied to officials and a wrong demand for killing off supposed enemies of fish, Mr. Motherwell mentioned what happened in the Mississippi River. The supply of mussels diminished so that it was difficult to get a supply for the button factories there. It was asked that the government eliminate the coarse fish. They set the experts to work to find out if that action would be correct. They took some of the coarse fish and shut them in tanks and watched them. Soon they discovered that the mussels propagated at the base of the fins of the coarser fish, so if the fish had been destroyed there then would have been no mussels. This showed what care was necessary in determining to kill off any animals or birds which it might be thought were injurious.

Major Motherwell mentioned the sealing treaty and expressed as his own opinion that there was doubt whether the treaty would be abrogated or not. He rather thought it would not.

NOT AT ALL PLEASED WITH AMERICANS WHO SEIZED THEIR STEAMER

Engineer Says Employers Treated Them Well by Paying Wages all Time

VICTORIA, April 24.—Bitterly resenting the seizure of their ship, which they state was 13 1/2 miles from shore when the American authorities took her, seamen of the steamer Quadra are returning to Canada. In the service of the Canadian-Mexican Shipping Company they were employed on the Quadra until she was seized by coastguards.

Capt. George Ford and officers of the Quadra were sentenced to various terms of imprisonment by the San Francisco courts, and have since lodged appeals.

G. Winterburn, a young engineer who has been in the employ of the Canadian-Mexican Shipping Company, has returned to Victoria. He has been in San Francisco and Los Angeles since early October. In his opinion the high-handed methods of Americans in seizing liquor-laden ships off the California coast are extremely unjust.

Every member of the crew of the Quadra swears that the ship was 13 1/2 miles off-shore when she was seized.

Mr. Winterburn spoke with

SCOUTS PRESENTED FIRST AID PRIZES

Anyox Boys Examined by Dr. Learoyd and Made Good Showing

ANYOX, April 24.—The boys of the first scout troop to be established in Anyox, and who attended the First Aid Classes conducted by Edgar Ashton throughout the winter months, were examined by Dr. Learoyd at Anyox general hospital. The boys proved to the satisfaction of the doctor that they had attained considerable knowledge in the matter of administering first aid and had been well instructed by Mr. Ashton. He complimented the boys on their interest and the excellent manner in which they had profited from the instruction given them. The successful boys in the examination were Willie Cloke, Tom Gray, Tom Cloke, Charlie Bright, Earle Gray, Stanley Sawrey and Willie Watson. Each one of these boys has now been recommended for the Junior Red Cross Certificate.

To the boys obtaining the highest marks, Mr. Ashton presented prizes, the prizes being supplied through the generosity of Mr. Ashton and several of his friends. To Willie Cloke, who was first with the highest marks, a watch was presented, while Tom and Earle Gray who tied for second place, each received a scout knife.

ST. GEORGE'S DAY OBSERVED

Enjoyable and Successful Whist Drive and Dance by Daughters of England

St. George's Day was celebrated in a most happy manner at the whist drive and novelty dance given last night by the Daughters and Maids of England in the Boston Hall. Attended by well over 200 persons, the affair proved an outstanding success and was highly enjoyable for all those present.

The hall and whist tables were elaborately decorated with appropriate colors and emblems, the general appearance being further enhanced with the colored caps worn by all.

The winners at whist were: ladies' first, Mrs. H. M. Hale; ladies' second, Mrs. W. G. Hughes; highest individual ladies' score, Miss Thompson; men's first, Alex McTear; men's second, H. H. Hemmings; highest individual score, Jack Judge.

Refreshments were served and dancing followed. Music was furnished by an orchestra consisting of Mrs. R. P. Ponder, R. Arthur, Jr., H. Eastman and Alex Mitchell. During the dancing, the drawing took place for a beautiful sandwich tray which was won by Henry Smith.

David Wilton was master of ceremonies, Henry Smith and George Leek assisted at the door and the committee in charge comprised Mrs. George Leek, convener, Mrs. Joe Howe, Mrs. S. V. Cox and Mrs. D. Wilton.

The happy gathering broke up at 2 o'clock in the morning.

GRAIN SHIPMENTS CANADIAN PACIFIC

Approximately 142,000,000 Bushels Delivered to Head of Lakes and 32,000,000 to Vancouver

WINNIPEG, April 24.—During the calendar year ending December 31, 1924, the Canadian Pacific delivered at the head of the lakes from the western provinces 142,395,189 bushels of grain, representing 3,859,350 tons. During the same period, other lines handled into the head of the lakes a total of 144,096,377 bushels, representing 3,887,843 tons. During the same period, the Canadian Pacific delivered at Vancouver 32,137,200 bushels, representing 959,350 tons against 18,555,537 bushels, representing 556,600 tons delivered at that port by other lines. In addition to the grain transported to the head of the lakes and to Vancouver, there were delivered to the mills in western Canada, located on Canadian Pacific tracks, 44,578,161 bushels, representing 1,073,141 tons against 43,277,966 bushels, representing 338,339 tons delivered to the mills by other lines. The gross grain tonnage handled by the Canadian Pacific during the year 1924 amounted to 216,111,159 bushels, representing 5,892,144 tons, being 55 per cent of the total yield of grains in western Canada.

ROTARIANS TO VISIT KETCHIKAN EARLY IN MAY FOR BIG OCCASION

Many Will Make Trip if Arrangements Can be Made to Charter Boat

Frank C. Riggs, district governor of Rotary, is expected to arrive in Prince Rupert May 7 and he will install the new officers of the local Rotary Club, proceeding then to Ketchikan where he will present the recently organized club with their charter. The local club is trying to make arrangements to charter a boat to take members over and return, so that they may not be long away from their businesses. If they can make a quick trip a great many will go.

WATERFRONT WAS VERY BUSY THIS MORNING

Four Big Vessels Were Tied up at G.T.P. Dock at Nine O'clock

There was a congestion of steamers at the G.T.P. wharf this morning about 8.30. NEW PEOPLE IN UNITED STATES

Twenty-Four Thousand Aliens Land in Country per Month—Mostly German and British

WASHINGTON, April 24.—In the first eight months' operation of the new immigration act 189,602 aliens, representing many races, came to American shores. This shows an average of a little under 24,000 a month.

New York state got 43,488 of the immigrants; California 14,140; Illinois 12,880; Massachusetts 20,450; Michigan 18,112; New Jersey 7,779; Ohio 5,923; Pennsylvania 10,637; Texas 10,255, and Washington state 7,103.

An immigration bureau survey shows that Alabama, Arkansas, Colorado, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Mississippi, Missouri, Nebraska, New Jersey, Ohio, Oklahoma, Pennsylvania, South Dakota, Utah and Wisconsin had more Germans than any other race settling within their borders.

California, Florida, Idaho, Massachusetts, Michigan, North Carolina, Oregon, South Carolina, Tennessee, Washington and West Virginia had a preponderance of English among their newcomers.

Alaska, Minnesota, Montana, North Dakota and Wyoming found a majority of their immigrants Scandinavians. In Arizona, Louisiana, Nevada, New Mexico and Texas the greatest influx was of Mexicans. Connecticut, Maine, New Hampshire, Rhode Island and Vermont attracted French in greatest numbers, and Delaware and New York found that the Irish sought their borders in greatest throngs.

Despite the Japanese exclusion provision, 498 Japanese were admitted as students and professional men. No immigrants were recorded as going to the Philippine Islands. Nevada showed the least number of alien newcomers, 60, the Virgin Islands received the lowest number outside continental United States, with only six. Alaska had but 52 immigrants.

SKIDEGATE FISHERMEN PREPARE FOR TROLLING

SKIDEGATE, April 24.—All the fishermen around here are busy getting their boats in shape for the trolling season at Hippo Island on the west coast. It is expected that Captain Bert Hanson and Capt. Charlie Svendsen, the two popular buyers for the Canadian Fish & Cold Storage Company will show up soon. Some of the old timers say there will be no springs at Hippo unless Capt. Bert Hanson is there.

SUN'S CORONA IS IN PART SOLID MATTER

New Method of Timing Eclipses to be Used in June 1927.

WASHINGTON, April 24.—A summarization of scientific knowledge gathered from the sun's eclipse January 24, has led the Bureau of Standards to three main conclusions. These are: That the sun's corona, which is the scientific term for the radiant mantle of material stretching to great distances from the main orb, is in part composed of solid or liquid material, and not entirely of gas. That the existence of an ele-

LEAGUE DEALS WITH SPORTS

Anyox Organizations Renews of-
 fer of Basketball Trophy
 for North B.C.

MUST HAVE REGULATIONS
 Football and Baseball Season
 Opens in Smelter Town and
 Gym Closes

ANYOX, April 24.—The Com-
 munity League Council this week
 dealt chiefly with sport and re-
 creation. President Melachlan
 was in the chair, and there were
 present vice-presidents Morkill
 and Fricker and councillors
 Nickerson, Townshend, and Hog-
 ben. The Secretary's report
 stated that the football players
 would hold a dance on May 25,
 and the hall had been given them
 for that date as had been pre-
 viously agreed upon. The gym-
 nasium had been closed on April
 15, and the caretaker paid off.
 The cost of the dance to Messrs.
 Munroe and Boeking had been
 within the limit agreed upon.
 The total receipts for the inter-
 mediate basketball games be-
 tween Rupert and Anyox had
 been turned over to the Rupert
 team. Seventy dollars had been
 guaranteed and all up to eighty
 dollars was to be paid them. The
 amount taken was seventy-eight
 dollars and fifty cents.

The secretary said it was al-
 most certain that Dr. Harper
 would not return to Anyox, and
 it would be advisable to give the
 Granby Company notice that the
 League would not require the
 studio after May 1. Orders had
 been issued to make complete
 repairs to the tennis courts, to
 put the ball grounds in shape
 and lay planks in the marshy
 ground of the flats to the ball
 grounds. The games authorized
 by the council for Anyox No. 2,
 Pathfinders, Boy Scouts, had
 been ordered.

The chairman of Recreation,
 Mr. Hogben, stated that every-
 thing had been arranged for the
 opening of the football season
 and that a baseball meeting had
 been called for Tuesday evening
 in the gymnasium. It was
 agreed that the secretary should
 advance money for football
 needs, the proceeds of the foot-
 ball dance to meet any amount
 so spent.

The chairman of Entertain-
 ment, Mr. Nickerson, commented
 on the great success of the
 dance to Messrs. Munroe and
 Boeking. The matter of a sum-
 mer camp was discussed. The
 kiddies field day for the twenty-
 fourth of May was authorized
 and the secretary asked to com-
 plete the necessary arrange-
 ments.

North B.C. Trophy
 The chairman of recreation
 raised the question of a trophy
 for Senior Northern British Col-
 umbia basketball championship.
 The secretary stated that such a
 cup had been offered by a pre-
 vious council, and that a meet-
 ing had been arranged to take
 place in Prince Rupert during the
 1924 fair to make rules govern-
 ing the contest. A representa-
 tive had been delegated from
 Anyox, but the meeting had not
 materialized. The cup would be
 purchased when rules and regu-
 lations governing its disposition
 had been properly attended to.
 Above all things it would have to
 be for individual teams and
 purely amateur players.

ANYOX TENNIS CLUB ANNUAL MEETING

R. O. Cutler President with A. B.
 Morkill Vice-President and
 Mrs. McTaggart, Sec.

ANYOX, April 24.—The An-
 nual meeting of the Anyox Ten-
 nis Club was held in Recreation
 Hall during the week, and plans
 for the summer season were dis-
 cussed and ways and means for
 conducting tournaments from
 time to time were outlined. The
 possibility of again entertaining
 outside tennis players on the
 local courts came up, but will be
 more fully dealt with at the next
 meeting of the club. It was de-
 cided to serve tea and other re-
 freshments at all local tourna-
 ments for which a small charge
 would be made, the money to be
 devoted to a special club fund
 for the entertainment of outside
 players. The courts are in shape
 for play at present. Officers

Sport Chat

With no Sons of Canada team
 in the Senior Football League
 this year, local soccer it must be
 admitted will not seem the same.
 For several years past, the Can-
 ucks have been regularly and ef-
 fectively represented and have
 grabbed off their full share of
 trophies and honors offering.
 Just what caused their with-
 drawal this season seems to be
 a little problematical for it is
 believed they had sufficient
 material to draw from to field a
 strong team. Some of their
 players will not doubt find their
 way into the ranks of other clubs
 during this season and it is to be
 hoped that the old Canucks will
 be back again next season under
 the Maple Leaf banner.

Harry Greb of Pittsburg, mid-
 dleweight boxing champion,
 scored his third victory over
 Johnny Wilson, New York, former
 title-holder, when he won by a
 wide margin over Wilson in a
 ten-round bout in Boston last
 week. They boxed at catch-
 weights, Greb weighing 168 1/2
 and Wilson, 164 1/2. Greb scored
 in every round with a right up-
 per cut which he used to good
 advantage at close quarters and
 did the most of the forcing. Wil-
 son found Greb elusive and was
 able to land effectively only in-
 frequently. Wilson rallied oc-
 casionally but was never able to
 reduce the advantage in points
 which gave Greb the decision.

A silver haired grandmother,
 who qualified for the first
 women's national golf cham-
 pionship held in the United States
 in 1895, is still reckoned among
 the first 32 women golfers of
 that country. Mrs. Caleb F. Fox
 of Philadelphia holds no national
 title, nor has she ever held
 one, but her consistently steady
 play over a span of thirty years
 is without parallel in golf or, per-
 haps in any other sport. Be-
 tween 1895 and 1923 she has
 qualified many times for the na-
 tional championship which, how-
 ever, she never won. She was
 national finalist once and semi-
 finalist, twice, and was for five
 years champion of Philadelphia,
 1902, 1908, 1911 and 1917. She
 is 66 years of age.

ALL READY FOR FOOTBALL GAME

English Cup Between Cardiff
 City and Sheffield United
 at Wembley Tomorrow

LONDON, Eng., April 24.—(By
 Canadian Press)—Thousands of
 association football enthusiasts
 throughout England and Wales
 are making preparations for a
 trip to the Metropolis tomorrow
 to witness the soccer tit-bit of
 the season—the final for the As-
 sociation Football Cup between
 Cardiff City and Sheffield United,
 to be played in the gigantic
 stadium in the grounds of the
 British Empire Exhibition at
 Wembley.

The actual attendance at the
 game will, to some extent, be
 determined by the weather, but
 it is safe to assume that approx-
 imately 150,000 people will be
 present if the afternoon is fine,
 as the thousands who will be
 brought in from all parts of the
 country will be augmented by a
 great crowd from London and
 the surrounding towns.

Whether the Welshmen, the
 "babes" of first class football,
 will be able to snatch a victory
 from the Sheffield team, veterans
 of many hard-fought cup strug-
 gles, and winners of the "old

"mug" on three occasions, is the question which is agitating fol- lowers of the game. Despite the fact that a win for the Ninian Park Club would result in the Cup leaving England for the first time in history there are those who feel that such a victory would be a fitting recognition of the great determination which has elevated Cardiff City to the high position the team now oc- cupies in the British football world.

Arthur Robertson of Massett was among the passengers ar- riving from the Islands on the Prince Charles this morning. He will return to the Islands tomor- row night.
 Suffering from a broken leg which he sustained in one of the Massett Timber Co.'s logging camps, J. English, a logging foreman, was brought to the city on the Prince Charles this morn- ing and was taken on to Van- ver for treatment. Mrs. Dr. Pal- mer accompanied him.

CANADIAN ARTISTS PICTURES IN SALON

BRANTFORD, April 24.—Miss Edith Kellett of this city has received word that three miniatures from her brush sent to the French National Exhibition at the Paris Salon have been accepted and hung. The group of three pictures include the miniature upon which the Royal Academy, London, placed its hall mark of approval. The Paris Salon holds a spring and fall exhibition each year. Artists from all nations compete for a place on its walls.

The Vancouver Province in its "Twenty Years Ago" column last Monday said: "Kaiaen Island, about 28 miles south of Port Simpson is reported to have been acquired by the Grand Trunk Pacific Railway for its terminus. The 10,000 acres have been purchased, it is said, for \$10,000."

"PROVINCIAL ELECTIONS ACT."

Prince Rupert Electoral District, Mackenzie Electoral District.

NOTICE is hereby given that I shall on Monday, the 18th day of May, 1925, at the hour of 10 o'clock in the forenoon at the Court House, Prince Rupert, hold a sitting of the Court of Revision for the purpose of revising the lists of voters for the said Electoral Districts, and of hearing and determining any and all objections to the retention of any name on the said lists, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the "Provincial Elections Act."

Dated at Prince Rupert, B.C., this 6th day of April, 1925.

MAY QUEEN CARNIVAL UNDER CONSIDERATION

Matter Was Discussed at Meeting of Fair Board Last Night—Joint Committee to Act

The staging of a May Queen carnival on May 24 is being considered by the Fair Board and Elks. Last night the matter was discussed at a special meeting of the Fair Board and was referred to a joint committee to work out details. This committee consists of S. D. Macdonald, W. D. Vance and Ald. Brown, representing the Fair Board; the secretaries of the baseball and football associations, and representatives from the Elks, including W. E. Williseroff and D. Balfour, W. H. Vickers, chief of police, and D. H. McDonald, fire chief, will likely be added to the committee.

Directors of the Fair Board present at the meeting last night are Ben Self, president; Frank Dibb, honorary secretary; John Bulger, S. D. Macdonald, Ald. Brown, Fred Scadden, W. H. Sherman Jr., D. Jabour and D. McD. Hunter.

MEMBERS OF PARKS BOARD HAD FIRST MEETING YESTERDAY

Those appointed recently to the city parks board by Mayor Newton met yesterday afternoon in the city clerk's office. City Solicitor E. F. Jones was asked to draw up a bylaw for submission to the council to provide for the proper constitution of the board. Provisions of the Parks Act governing parks boards were adopted. The members of the parks board are Ald. R. F. Perry, City Engineer F. W. Pearson, City Solicitor E. F. Jones, S. K. Campbell, E. Van Gastel and J. G. McLennan, all of whom were present at the meeting yesterday.

COMMONWEALTH WAS ASHORE ARRIVED IN HARBOR TODAY

While proceeding from Sitka to Seattle in ballast, the Booth Fisheries halibut schooner Commonwealth, Capt. Bergman, ran ashore on White Cliff Island near the mouth of the Skeena River during the night. The vessel later got off and arrived here under her own steam this morning for examination. It is believed that the vessel sustained no serious damage.

FOOD MANUFACTURERS AIM AT BEST QUALITY

Much has been done in recent years by the application of scientific knowledge to food production. It can be definitely stated that food products in general today are of a much higher quality than those of thirty years ago.

This improvement is very true in regard to all the products of wheat. Our daily food, "Bread," represents purity of materials throughout when made by the Electric Window Bakeries. 98

IN THE MORNING HER TONGUE WAS COATED HAD BAD TASTE IN MOUTH

Miss Pearl, L. Zink, Barrs Corner, N.S., writes:—"I was awfully troubled with my liver, and used to get such dizzy spells I would have to sit down while I was doing my work.

In the morning, when I used to get up, my tongue was coated and I had a bad taste in my mouth and often times, throughout the day, I was troubled with pains in my stomach.

I suffered in this way until a friend of mine who had used your

GIRL OF SEVENTEEN RUNNING A FARM SASKATCHEWAN TODAY

WINNIPEG, April 24.—The Free Press comes to the rescue of the often maligned "Younger Generation," when it tells the story, in the editorial columns, of Dorothy Hutchill, an exhibitor at the recent Writers' fair in Regina. The editor thinks that her work shows "Capacity for hard work, patience, perseverance, courage—qualities displayed by Young Canadians in the war, and evidently, given the chances shown in peace."

When Dorothy was sixteen years of age last year her father died, leaving her the eldest of eight children, on a farm near Oakshella, Saskatchewan. She and her young brothers decided to carry on the farm. They put in the crop and harvested it, going to school between whiles. They have two quarter sections broken and a third partly broken. Thirty head of cattle are on the place. This year she had decided to give up school and take up farming seriously.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes, minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditions upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, outspurs and travellers, up to ten head.
