## STRIKE OF ORE AT EMPEROR MINE, STEWART, MOST IMPORTANT IN YEARS

### Strike of Ore at Emperor Mine in Bear River Valley is Biggest in Years in the Stewart District

(Special to Daily News)  
STEWART, Nov. 13.—What purports to be the biggest strike in the Stewart district for years was made here yesterday when ore was reached in a new tunnel at the Emperor Mines having a depth of 400 feet to a vein which is 21 feet wide. Samples taken from this vein show a fine grade of milling ore which will pay well for operation.

This new strike puts the Bear River valley in the producing class of the big mines and will give a great impetus to the work now proceeding on other nearby properties.

The Emperor Mines were incorporated by Gus Seiffert, the well known mining man, with a capitalization of \$1,500,000 and the registered office in Vancouver. Funds raised from stock sold were used in development with good results. A good deal of work has been done here under the personal supervision of Mr. Seiffert.

While there is not much high grade ore in any of the showings, there is plenty of good milling ore and shoots of shipping grade. The strike of yesterday bears out the expectations of Mr. Seiffert and insures a huge body of ore of good milling grade that will help to make the Stewart camp prosperous.

The Emperor group is situated north of the Lakeview group and a trail has been built to it from the Lakeview. It consists of three mineral claims and two fractions.

Indian Agent Perry submitted the authority of the Indian Act which superseded that vesting the control of fishing in all streams with the fisheries department.

The case will be appealed.

### CHIEF ZIBASSA TOWED TO PORT

Brought in by Steamer Cordova from Alaska After Engine Trouble Begins

The Alaska S.S. Company's steamer Cordova arrived in port at two o'clock this afternoon moving in tow the Canadian Fish & Gold Storage schooner Chief Zibassa, Capt. Gandow, which broke down outside Cordova this week.

The boat was fishing for halibut when engine trouble developed. She managed to reach Cordova under her own power and was towed in from there.

After delivering the Zibassa here the Cordova continued her southbound voyage to Seattle.

### Vancouver to Bid Against Prince Rupert for Future Privately Owned Elevators

VANCOUVER, Nov. 13.—In announcing the intention to request the city council to submit a bylaw to the ratepayers on December 9 to grant taxation exemption to grain elevators for ten years, Mayor Taylor today said:

"Vancouver is going to lose out as a future location of further grain elevators unless privately owned elevators are placed on the same basis as government elevators in the matter of taxation."

Mayor Taylor said he had definite information that a large prairie concern was preparing to build a million dollar elevator at the coast in the spring and that they had been offered tax-free sites at Prince Rupert and New Westminster.

### MISSING SUB IS LOCATED

Little Chance of 4 Officers and 64 Men Aboard M-1 Being Alive

PLYMOUTH, Nov. 13.—The submarine monitor M-1 which dived yesterday morning and failed to come up again has been located on the bed of the sea twelve miles southwest of the starting point on the Devonshire coast. There is believed to be slight chance of the crew being alive although efforts will be instituted to get the craft and if possible raise her at the earliest possible moment.

### Hon. A. M. Manson in Vancouver Testifying in Kidnapping Trial

Is refuting statements made connecting him with abduction of Wong Foon Sing by McDonald

VANCOUVER, Nov. 13.—Hon. A. M. Manson, Attorney General, arrived here last night and with F. D. Carter, deputy attorney general, will appear in court today to refute statements credited to H. O. McDonald, that the Attorney General knew about the abduction of Wong.

VANCOUVER, Nov. 13.—Testifying in his own defence yesterday, Commissioner H. O. McDonald, charged in connection with the abduction of Wong Foon Sing, gave sensational evidence concerning alleged interviews with Hon. A. M. Manson and M. B. Jackson.

After meeting one of the Point Grey police officials on September 29, McDonald testified that he went to Victoria to see Mr. Jackson, who had left for Vancouver in the meantime. He then called on Mr. Manson who, McDonald testified, said to him in connection with the Wong abductions, "Perhaps if you don't tell me anything it would be better. I am in a very precarious position. Don't say anything to me but go back to Vancouver to Jackson and take your instructions from him."

Witness said that at the conclusion of the interview Mr. Manson said to him: "I'll give you a message to take back to Vancouver. We will pay Robinson a reward. I'll leave it to you and Jackson what it shall be. Keep it as low as possible and when you get back to Vancouver forget you ever saw me."

Witness said that on his return he saw Jackson and Jackson did not agree about the reward, saying he had never discussed the reward with Mr. Manson. All he had been instructed to pay was "that" and witness said Jackson held out his hand with five fingers extended.

Witness said Jackson told him to "get the Chinaman if you have to pay. Go ahead and don't get the government mixed up in it. I don't want that."

Later Despatch  
VANCOUVER, Nov. 13.—Both Manson and Carter under oath in the assize court this morning emphatically denied the evidence of commissioner McDonald given yesterday. While extracts of McDonald's evidence was read to them both each of them denied the statements and Carter gave flat contradiction to the statement of McDonald that the Attorney General had said "Forget you ever saw me" as McDonald departed.

### QUEEN CHARLOTTE CITY SAWMILL IS SHIPPING STEADILY

The Sitka Spruce Mill at Queen Charlotte City is now operating on a steady shipping basis. Last week a large freighter, the Hannah Neilson, loaded 1,500,000 feet of spruce lumber at the plant for delivery to the Atlantic seaboard. The steamer Prince John is taking regular shipments of airplane spruce from the mill to Vancouver.

WINNIPEG, Nov. 13.—John Stanton, convicted of the murder of John Penny on December 19, 1921, will be sentenced later.

### NO TRACE OF MRS. FROST

Dragging Was Carried Out Yesterday and is Being Continued Today

Though dragging operations were carried out all day yesterday by the city police, no trace was found of the body of Mrs. William Frost who is believed to have lost her life by drowning in Cow Bay early Wednesday morning. The bottom of the harbor near the point in question was thoroughly covered yesterday and dragging was resumed this afternoon at the low tide.

William Frost is being held by the police today. Since the supposed accident he is alleged to have been drinking about town instead of assisting the police in the search for the body. W. Lund, another witness of circumstances preceding the supposed drowning, and Frost were taken before Coroner Norman A. Wall today to give their statements. Fred Lawler, captain of the Anna J., and C. Eckland are said to have left yesterday for Ketchikan aboard the boat, which is of American registry.

### Games Necessary In Schools.

Many parents send their children away to private schools so that they may be encouraged to play games. Until recently the public schools of the country have been neglected in this respect. However, there is an awakening going on and people are realizing that there is as much training for the work of life in playing a game well as there is in learning geography or algebra.

The High School here is taking a lead in this direction. Undiscouraged by the fact that there was no playshed at the school, the student's council, aided and abetted by Principal Brady and staff, has secured the use of a hall downtown in the Helgeson Building where games will be played such as basketball, badminton and volley ball. The hall will be used afternoons between four and six and Saturdays. In order to secure this hall it has been necessary for the students to put up money to pay for the light and other expenses as well as for paraphernalia for the games. The undertaking is a meritorious one and indicates that physical education is recognized as of value locally. That the trustees have recognized its value by agreeing to pay the rent for the hall is worthy of note as a step in the right direction.

### Now For Those Who Have No Children.

It is now to be expected that those who have no children will protest against the expenditure of money on frills for the schools. Taxes will be increased in order to provide games for the youngsters. What do they need with games?

It is doubtful if the people who have no children should be allowed a say as to the education of children. They certainly should not criticize expenditures. They have been saved all the expense and worry of bringing up a family themselves and then they are usually the first to object to pay their share for the duty which they have neglected. The state recognizes the duty by allowing a rebate on income tax on those with families but it could well be extended. The people with families are the only true citizens. They have done their share in perpetuating the state.

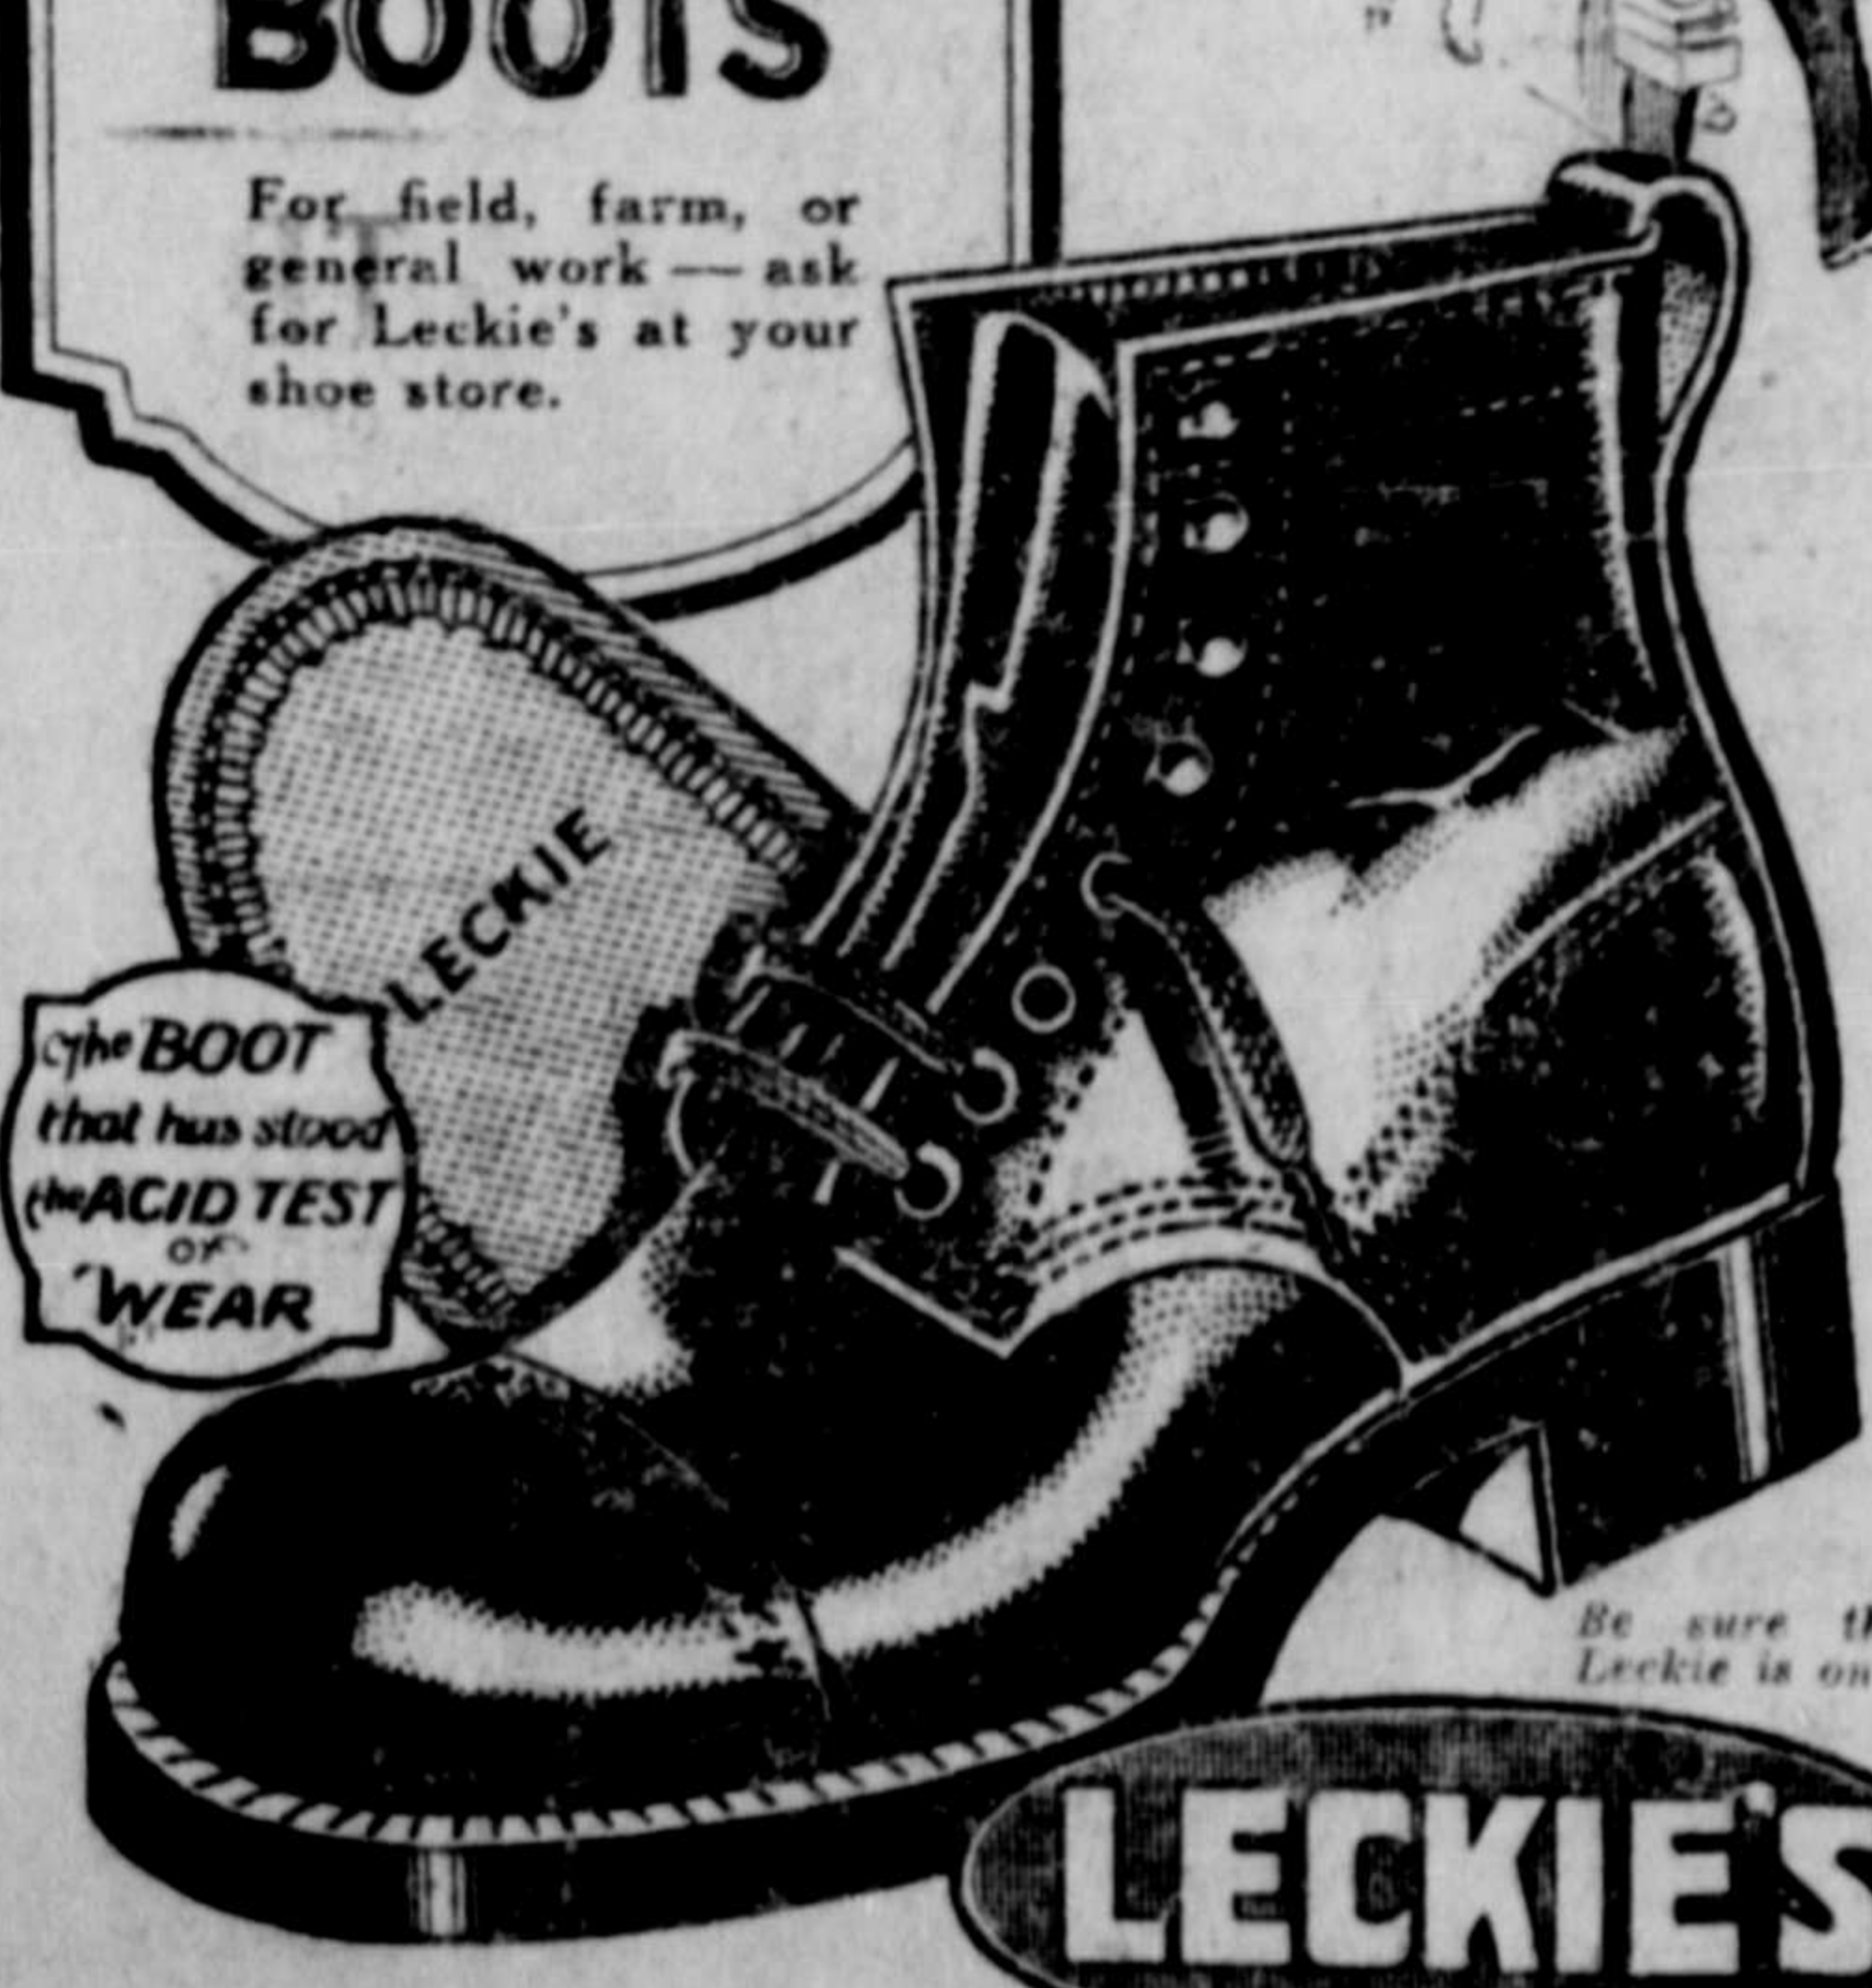

### Real Awakening At Vancouver.

A real awakening seems to have taken place in Vancouver as to the importance of the port of Prince Rupert. Seldom a day passes now but what Prince Rupert is in the mouths of some of the public men in the south. There seems to be a prevalent idea among the people outside that there is to be some real business doing in this city before long. Another elevator project is mentioned today in which Prince Rupert is said to have offered free taxation to a million dollar elevator if it would come here.

While no one has any authority to make a bargain for free taxation from this city, a tentative suggestion may have been made and doubtless the citizens would acquiesce in such a deal. We want port industries and nothing will help us like an elevator. If we can get one by giving free taxation for a period of years we shall vote almost unanimously for giving it, judging by the sentiment generally expressed. This is our opportunity while the routes are being established.

## COW BAY IS TO BE DISCUSSED

City Council Will Meet Deputy  
Minister of Lands at Special  
Meeting this Afternoon

There will be a special meeting of the city council at 5 o'clock this afternoon at which a conference will be held with Geo. R. Naden, deputy minister of lands, regarding the exchange of the city's rights in Cow Bay for title to a strip of waterfront property which may be used for the purpose of a municipal or fishermen's wharf. Negotiations are now under way between the federal and provincial governments regarding waterfrontage and there is a proposal to offer the city waterfrontage just west of Cow Bay instead of the 200 feet east of that place which was originally offered in exchange for the city relinquishing its rights in Cow Bay. The opinion is held by some that the new offer would be more advantageous to the city's purpose than the original one.

## ATTENDANCE AT CITY SCHOOLS

Total Now Registers Exclusive of  
Catholic School is 919

At the school board meeting last night the reports of the principals for the month of October were read showing attendance as follows:

High School .....	144
Booth School .....	399
Borden Street .....	347
Seal Cove .....	62

Total .....

These figures do not include the Catholic school which has an attendance of approximately 120. In the Booth School, Principal Hartness reported 244 boys and 188 girls in attendance during the month and an average of 93.5 per day. The amount deposited in the schools savings bank was \$223.60.

In Borden Street, the Principal, Miss Mills, reported 157 boys and 160 girls, an average attendance of 96 per cent for the month.

Principal Miss Stewart of Seal Cove had 29 boys and 33 girls in attendance in October.

## PEACE RIVER IS DISCUSSED

Rev. Walter Allen Tells Rotary  
Club of Vast Stretches of  
Country There Unoccupied

SHOULD HAVE RAILWAY  
Many Have Left District Owing  
to Lack of Facilities For  
Getting Products Out

An illuminative address on the potentialities of the Peace River country was given at the Rotary luncheon yesterday by Rev. Walter Allen. He told of the great unoccupied spaces and the fertile lands and the great need of a railway to open up the country.

Mr. Allen said he had noticed western grain maps that divided Saskatchewan in half, showing one portion with the grain flowing west and the other flowing east. If it was desirable that grain should come west from Saskatchewan, how much more desirable was it that the output of the Peace River country should come west.

Railway Attitude  
Sir Henry Thornton personally and from reports of experts had made an exhaustive survey of the country and has stated that when ten million bushels of grain was available they would build a railway. The difficulty was that two-thirds of the people who had originally taken up land had left the country owing to the lack of railway service.

The speaker also mentioned the keenness of the C.P.R. to hold the good will of the people there in order to continue its claim on the right to open up the country.

Mr. Allen then told of a trip through the country from Edmonton. He pictured the vast expanses of prairie lands extending back from the railway in some places for hundreds of miles. He took his hearers with him to McLeffan, Peace River Crossing, Dunvegan, Spirit River, Smoky River, the Saddle Hills, Grande Prairie, Pouce Coupe.

Speaking of the British Columbia portion of the country, which he estimated was about a quarter of the whole, he told of the Gundy Gundy ranch where there was a thousand acre field.

Immenses Areas  
In the Dominion Government block there was three million acres of land and the records stated that there were 1350 homesteads taken up. The Pouce Coupe Board of Trade stated that there was 300,000 acres of land mostly cleared, which was immediately available there for settlement.

Mr. Allen told of the fact that 2,500 cattle had been shipped out from the B.C. part of the country through Pouce Coupe this year. It took a week to drive these to the railway and in that time they lost weight and some of the cattle were usually lost.

In spite of the dry season this year, wheat on summer fallows went up to 35 bushels to the acre and oats were an abundant crop.

On the north side of the Peace River the speaker said he had been astounding to find more open land extending for forty or fifty miles and at Hudson's Hope there were wonderful mining prospects, especially extensive coal deposits.

Need of Railway  
While realizing the difficulties of building a railway through the Rockies yet Mr. Allen said he felt the potentialities were so great that this line was needed. He hoped he had said enough to

## WHATEVER YOUR SKIN TROUBLE

Heal It With Zam-Buk!

If you have any local disturbance a dressing of Zam-Buk will quickly put your skin right. If more serious disease has already taken root there is no surer way of dislodging it from the tissues than by regular use of Zam-Buk.

When applied to broken or diseased skin, Zam-Buk stops pain and prevents germ infection. It ends the burning irritation of eczema, draws poison and irritation out of ulcerated places and quickly purifies the ringworm-ridden scalp of a child. Also for cold sores, chilblains, frostbite, etc., Zam-Buk is a splendid remedy.

Zam-Buk's wide range of utility and its certainty of benefit are due to the rare properties of the herbal extracts from which it is prepared. Furthermore, Zam-Buk has the advantage of being absolutely free from the coarse mineral drugs and rancid animal fats found in ordinary ointments and salves.

IRRITATING ECZEMA. Mr. John Connane, of 19, Belvidere St., Boston, Mass., writes: "I suffered from eczema for years. It broke out at intervals, and was very irritating and annoying. After a deal of experimenting I found a real remedy in Zam-Buk. This splendid balm subdued all irritation, and when its use was continued the sores and blotches rapidly healed and disappeared."

Chairman Orme of the Trustee Board reported last night that final arrangements had been made for the boys' band to use the old domestic science room at the High School. The band would have to put in the light, and would use it only at night.

At the meeting of the school board last night it developed that the shelter shed erected by the school board some time ago at Westview has never been used and will not be used except as a shelter for city workmen. The bus passes around and picks up the pupils at points nearer their homes.

E. Woodworth, bridge foreman for the provincial department of public works, arrived in the city from Smithers on last night's train. Tomorrow night he will sail on the Prince John for the Queen Charlotte Islands where he will take charge of the building of bridges on the Port Clements-Tiell road.

C. W. Harrison, hatchery inspector for British Columbia, after delivering 10,980,000 sockeye salmon eggs at the Lakeke hatchery on the Fraser River, returned from the interior on yesterday afternoon's train and sailed this morning on the Prince Rupert for Vancouver.

We danced on hopper, Metropolitan Hall, Saturday night. Lindseth's orchestra. 265

Mr. and Mrs. Adam Mackie sailed this morning on the Prince Rupert for a brief visit to Vancouver.

Mrs. Frank Fitch, who has been spending several months visiting in Vancouver, returned to the city on the Catala last night.

George Naden, deputy minister of lands, was a guest at the Rotary luncheon yesterday and mentioned the fact that Prince Rupert still seemed like home to him.

A. Davidson, well known pioneer Alice Arm mining man, was a passenger on the Prince Rupert this morning bound for Seattle. He intends to spend the winter in the south.

William G. Mitchell, who is engaged in wharf building on the Queen Charlotte Islands, arrived in the city on the Prince John last night and sailed this morning for Vancouver.

Special meeting.—Prince Rupert Lodge No. 63 I.O.O.F., Boston Hall, Saturday, Nov. 14, 8 p.m. Business visit. Bro. J. H. Ashwell, Grand Warden. Members and visiting brothers please attend.

New fenders will be called for the play-shed at Borden Street school. Even the lowest of those received was too high to suit the trustees. Architect Cox is preparing modified plans and specifications.

An application from C. C. Smith for a position as caretaker was filed as there was a present no vacancy. Mr. Smith explained that he was a war veteran and had been in the city a year and a half.

At the school board meeting last night, with C. H. Orme presiding, there were present: Trustees Rochester, Fullon and Johnstone; secretary Christie and principals Brady, Hartness, Mills, Stewart and Ross.

Charged with removing a Ford Sedan car while under seizure of the sheriff from the warehouse of the Standard Welding Co. on First Avenue, W. Hayner was remanded for eight days on appearing in the city police court this morning.

J. H. Ashwell, grand warden of the Oddfellows' Lodge for British Columbia, will arrive in the city on this afternoon's train and will pay an official visit to the local lodge tomorrow night. Mr. Ashwell, whose home is in Chilliwack, has just returned from a trip to the Old Country and is now making a tour of the province.

The school board last night decided to purchase two new hot plates for the domestic science department at \$22 each, a dictionary for the high school will be bought from the library fund and the manual training department will make two new typistables for the commercial department. There will also be purchased six chairs for the teacher's dining-room at the high school.

## McLARNIN KNOCKS OUT THE OLYMPIC CHAMPION

LOS ANGELES, Nov. 13.—Jackie Fields, former Olympic champion, featherweight, was knocked out in the second round of a ten-round bout by Jimmy McLarnin of Vancouver, B.C., bantamweight.

## EARNINGS OF SWEDISH VESSELS FALL OFF

GOTHENBURG, Nov. 11.—There was a decrease of 1.8 per cent in earnings of the Swedish merchant marine last year, compared with the previous year. The time charter income, however, showed a gain of 70 per cent. The marine earnings reached \$63,569,600.

## Turning Leftovers into savory dishes

The French people—famous for thrift—used to say that they could feed six people with what the average family on this side of the Atlantic threw away.

It is almost inevitable that there should be things left from yesterday — yet the remains of roasts and steaks, the spoonfuls of vegetables, the food that has lost its taste, are no longer wasted, nor are the "scraps" turned into "stews."

The sprightly "OXO" CUBES with their supreme flavour of prime beef, have come to the rescue of those who want to be sensibly economical. Now you find "OXO" CUBES in thousands of homes and the French have changed their ideas about our extravagant cooking.

### Minced Meat on Toast

2 cupsful minced beef (left-over steak or roast)  
2 "OXO" BEEF CUBES  
1 cup boiling water  
2 tablespoonfuls flour  
1 tablespoonful butter

Mince the meat, removing all gristle and fat. Dissolve the cubes in the boiling water. Blend the butter and flour and stir quickly into the dissolved cubes. Pour over the meat and let simmer two or three minutes (long enough to cook the flour and heat the meat). Pour over six or seven slices of hot toast.

Where any gravy is left over, use but one "OXO" BEEF CUBE dissolved in ½ cupful boiling water and add the gravy. Season to taste.

ATHLETICS FOR HIGH SCHOOL

Provision Made for Use of Old K. of P. Hall For Children's Games

The use of the old K. of P. hall in the Helgeson Block has been secured by the Student's Council of the High School for the purpose of training in volleyball, basketball and badminton. Principal Brady reported to the school board last night. For this the rent will be \$7 a month for the season, the light and any required fixtures to be paid for by the tenants. On request of Principal Brady the board decided to meet the cost of the rent, the student's council to pay all other expenses.

In reporting the matter, the principal of the High School explained that there was no provision at the High School for indoor games and he thought "the board might look on this as part of the education of the children. The proposal was to use the hall in the afternoons between four and six under supervision of the teachers and also on Saturdays.

SPORT CHAT

Announcement is made that Brick Skinner, the local boxer and C. McNeil, the Edmonton colored man, will meet in a six round bout to a decision in the Empress Theatre next Monday night. There will also be three good preliminaries. Skinner is well known here and McNeil, who is employed at the elevator, is said to have a pretty good reputation as a boxer on the prairies.

The impending departure of Fred Gilluly from Prince Rupert will constitute a matter for general regret in local athletic circles for Gil has been a consistent supporter of sport in the city for many years. Confining himself to no particular branch in season and out he has actively interested himself in football, baseball, basketball and lacrosse. He will leave "football and basketball trophies bearing his name as marks of his laudable generosity in encouraging local sport. He was also one of the main factors in putting lacrosse on the map here and actively participated in the game. Local sport will indeed lose a good supporter in the person of Fred Gilluly.

Spain is developing a prospective world's champion heavyweight boxer who will visit America this winter. The new

### CITY POLICE MATTERS UP

Commissioners Meet and Undertake Routine Business at Meeting Yesterday

The regular monthly meeting of the police commission was held yesterday afternoon in the city council chamber, there being present Mayor Newton, Commissioner Montgomery, City Solicitor Jones and Chief of Police Vickers. Business was largely of a routine and unimportant nature.

The report of the chief for the month showed there had been 45 cases heard in court during October resulting in 39 convictions. Fines totalled \$466 including in which figure was \$34 covering keep of provincial prisoners in the city jail. There were 49 cases of drunkenness. It was decided to again send a copy of the report to the attorney general so that he might see that the city police was endeavoring to administer the law.

In connection with the passing of accounts, it was again urged that some provision should be made for the keeping of prisoners here so that heavy costs of transportation to Okalla might be saved the city.

The offer of J. W. Exley of \$10 for a rifle in the possession of the police was accepted.

The commission decided to send copies of the proceedings to Commissioner Goombs who is a patient in Shaughnessy Military Hospital and whose condition is said to be serious.

Commissioner Montgomery said he had been informed that a certain fur dealer had been unduly harassed by the police without due cause. It was stated by

### BOOTH SCHOOL LEAK STOPPED

Cost of Work Was Over \$2,200 But Results Reported to be Good

It seems as if the Booth School leaks had been stopped. Trustee Rochester reported to the school board last night that Tony Christian had completed the work, the cost being somewhat higher than was expected but the work was well done and no trace of water had come through since it had been finished. The result was that now for the first time they were able to use two of the rooms in the building. It has stood the test of two heavy rains with wind. The cost was something over \$2,200 whereas the estimated cost had been from \$1,600 to \$1,700.

There were a few small leaks over the windows but that was from a different cause and was not at all serious. There was just enough to discolor the walls. This came through the headings over the windows which was of the same material as that taken out farther up.

C. H. Orme, chairman of the board, agreed that the work was well done and looked like a finished job. There was still one window in the hall that had a slight leakage and which would have to be attended to at some other time. They may have to change the headings. Also the casings in the woodwork would have to be wedged in and straightened up.

### Ten Years Ago in Prince Rupert

November 13, 1915

The steamer City of Seattle, Capt. McGillivray, which went on the rocks in Greenville Channel, arrived here last night under her own steam with her bow and plates bearing marks of the mishap. Officials of the Alaska Steamship Co. will arrive tomorrow evening on the steamer Admiral Farragut and, pending an inspection by them it has not been decided what will be done with the damaged vessel.

The 102nd North British Columbia Regiment is being recruited for service overseas. Lieutenant Colonel J. W. Warden will be in command and Commissioner George Black, with the rank of captain, will raise a company in the Yukon.

A petition requesting the president of the Grand Trunk Pacific Railway to remove steamship headquarters from Vancouver to Prince Rupert is being circulated in the city.

### MESSAGE SENT WAR VETERANS

Head of Great Institution Regrets Loss of Former Ideals Among People

ABSORBED IN PLEASURE

New Civilization and World Brotherhood Was Expected as Result of War

OTTAWA, Ont., Nov. 13.—(By Canadian Press)—"Placing before the war veterans of Canada as a group the alternatives of either being 'relegated to the national attic where articles that have outlived their usefulness are stored away' or of becoming 'a living instrument of national service,'" Lieut.-Gen. Sir Richard Turner, V.C., Dominion President of the G.W.V.A. and National Veterans' Unity Trustee, issued a stirring Armistice Day anniversary message. He calls upon Canadian veterans to forget the petty differences that have divided their ranks in the past, eliminate suspicion and distrust, and come together in a united organization. The text of the message follows:

#### Sacrifices in Vain

In the hearts of those who fought and survived the conflict of 1914-18 the anniversary of Armistice Day has a place of transcending significance. Searched upon their memories is the recollection of the moment at the eleventh hour when the crash of shell, the rattle of machine gun, the crack of rifle, the menacing drone of the bombing plane and the numerous other accompaniments of modern warfare, ceased. After more than four years of death dealing and facing death the release came as a shock. With the realization that the conflict had actually ended the thought of the survivors turned to their comrades who had passed over "the borderland of death," and to them the great but invisible cenotaph of Memory was dedicated. There was a general resolve that the sacrifices of the Dead should not be in vain, that from the hideousness and carnage of war there should arise a new civilization and a world-wide brotherhood which would eliminate war for all time.

On this anniversary occasion we pause for a moment to look backward over the seven years that have intervened since the first Armistice Day. We see not the world of our early visions and high resolve—but a world first absorbed in riotous pleasure-seeking, followed by the bitter struggle for the very means of existence even among those who had nobly fought and suffered for their country. We see a renewal of the jealousies and bickering that were antecedent to the Great War. But, rising surely and slowly, we see also the struggle against almost overwhelming odds of the few who have sought to keep faith, Praiseworthy Effort

As Canadian war veterans, let us examine briefly our efforts during the past seven years. Much has been done in bringing justifiable betterment in the provisions for the care of the disabled and the dependent. There has been much praiseworthy effort, as individuals and as organizations, in attempting to meet the problem of the needy. There have been sporadic efforts towards community and national service. On the other hand, whether from economic pressure or other causes, many of us have made no effort to translate our war service into peace-time service.

We have permitted factions and cliques to arise and divide our ranks and give to the public an unfavorable and untrue impression of war veterans generally. We have allowed the nation to designate and think of us as "ex-service" rather than as "service" men. Seven precious years have slipped away, and

## The Man Who Talked at Random

HE sat in the window-corner of the Pullman's smoking compartment, and breathed fatly and uttered large opinions in a suety voice. It grew late, as so often it does; and he put the quietus on a discussion with the ponderous statement:

"I don't read advertisements. They have no effect on me at all. I'd never miss them if they stopped printing 'em."

Then he glanced at his advertised watch and sought his lower birth.

In the morning the ad-skeptic contorted himself out of his advertised pyjamas into his advertised underwear, drew on his advertised socks, adjusted them with his advertised garters, got into his advertised clothes, laced his advertised shoes and added himself to the congestion in the wash-room.

There he shaved with an advertised razor, using advertised shaving cream; brushed his teeth with an advertised toothbrush and advertised dental cream, washed with advertised soap, and brushed his hair with an advertised brush. Buttoning his advertised collar on an advertised button, he neatly knotted his advertised tie, gave his advertised suspenders a tug or two, and finished dressing.

Let us leave him there, this man who never reads advertisements!

Everything worth using is advertised. Everything that isn't, rarely is.

Read the advertisements for value's sake

with them have gone golden opportunities for united action for the good of the nation, of the Empire and of the world.

#### National Attic

Looking to the future, shall we admit ourselves as a group to be relegated to the national attic where articles that have outlived their usefulness are stored away? Or shall we revitalize that precious bond of comradeship forged in the fires of war, making it a living instrument of national service? Shall we honor and fulfil our obligation to those 60,000 good comrades who lie in Flanders Field? Canadian veterans: In the name of those who have passed on I appeal you to forget the petty differences that have divided our ranks, to destroy the viper of suspicion and distrust which has ranged unchecked among us, to catch anew the vision which carried you to the heights of heroism and self-effacement on the battlefields, to be true to your comrades and yourselves, to regard the memories of this anniversary occasion as a symbol of a new and greater service—to unite.

TRANSFERRING CLASS FROM BORDEN STREET TO THE BOOTH SCHOOL

Now that the Booth School is made watertight one of the two rooms hitherto unused there is to be utilized. A junior class from the Borden Street School now located in the basement of that building, is to be transferred and arrangements for the transfer were left by the school board in the hands of Miss Mills and Mr. Hartness. The change will go into effect as soon as possible, as the room now used at Borden Street is cold and should there be extreme weather could not be used at all.

### ANGLIAN CATHEDRAL CLUB HAS DEBATE

Organization Plans to Entertain Clergy of Diocese Later in Month

The second meeting of the Anglican Cathedral Club was held last night. After some community songs, led by W. G. Orchard attention was drawn to the various activities of the Club, and another evening was arranged for November 26, when the club will entertain the clergy of the diocese, who will then be in Prince Rupert attending a diocesan meeting. Those who kindly gave their time and talent to the musical part of the program were Mrs. Geo. Woodland, Mrs. Wilton, Mrs. Mills, Miss Dalby, W. C. Orchard, S. C. Jackson and Sidney Bazett-Jones.

A mock debate was held, the subject being: "Bachelors Should Be Taxed." This was productive of humorous and widely differing opinions.

### EXPLAINS METHOD OF RAISING MONEY FOR LOCAL MUSEUM FUND

At the Rotary Club meeting yesterday H. F. Pullen, president of the Museum Board, told the members of the good progress being made with the museum collection now located in the Bank of Commerce building. He stated that money was needed and asked the members to support the play "Jane" which is being put on Monday night for the purpose of raising funds for the museum by the Prince Rupert Players Club.

Mr. Pullen stated that the actors, who were local young people, had been training faithfully under Alex. Connon, an expert at the work, and he thought the entertainment would be an excellent one and extremely funny.

### LABOR COUNCIL AND THE EIGHT HOUR DAY

At Meeting Last Night Matter Was Discussed and It Was Decided to Institute Prosecutions

The Trades and Labor Council met last evening dealing principally with business of a routine nature. President S. D. MacDonald was in the chair and there was a good attendance of delegates.

A letter from the B.C. executive of the Trades and Labor Congress asking that the local council forward any resolution it might have for submission to the provincial government now in session was read and it was decided to appoint a committee to go into the matter.

A communication from the Workmen's Compensation Board gave notice that that body would be in the city next Tuesday and asked that a committee be appointed to meet the board and submit any protests or suggestions. The committee was appointed and it was also decided to take up any grievances from workers locally whether or not they were union members.

Regarding the recent visit to the city of F. V. Foster of the Eight Hour Day Board who investigated conditions pertaining to cafe, candy store and ice cream parlor employees, the deputy minister of labor had a communication before the council asking it to observe if the requirements of the law were being lived up to. The council decided to institute prosecutions if necessary. It is the intention to publish an unfair list after the end of the coming week.

An application of taxi men for a local Union was left in the hands of the executive.

A committee was appointed to arrange for the annual banquet, if possible J. S. Woodsworth, Labor M.P. for Winnipeg, will be brought to the city to address the banquet.

### MANY CHILDREN ARE LOOKING FOR PARENTS

In Ontario There Are 150 For Foster Homes According to the Director of Children's Work

TORONTO, Nov. 13—There are nearly 150 children in the various Children's Shelters of Ontario, who are ready and waiting for foster homes, according to J. J. Kelso, director of children's work for the province, who is sending out a call to Ontario citizens for volunteer homes, for people who love children and will open their homes to a boy or girl, particularly the boys who are in majority.

"The modern Children's Institution," he says, "is only a repair shop—to quickly study and remedy the physical, moral and spiritual health of the child and get it promptly back into community life. It was never intended that any child should be retained longer than two or three months and yet we are hearing constantly of children two or three years in a shelter. It is the easiest thing in the world to fill up a shelter and keep it up to capacity but it is a grievous wrong to the child. Homes can be found for even the unattractive child if sufficient effort is made. It is all a matter of publicity and enterprise, getting people interested."

## "CODE OF THE WEST"

Zane Grey's roaring western melodrama with romping trimmings. The story of a sturdy son of the West who taught a flapper daughter of the effete East the art of living and loving. The startling adventures of a 1925 girl in an 1825 town. The Broadway beauty who tried to vamp a cowpuncher. He could hogtie a steer in two minutes. See how long it took to tame her. East is East and West is West and when the two meet and mix the action is fast and furious. Spectacular forest fire scenes and a thousand foot leap of horse and rider from cliff to river. Noted cast: Owen Moore, Constance Bennett, David Butler, Charles Ogle, Edward Gribbon, Mabel Ballin, Gertrude Short, Lillian Leighton and others.
