# CONTROL OF DRYDOCK IS TRANSFERRED

## COLONEL McMORDIE ANNOUNCES THAT HE IS IN FIELD FOR MAYORALTY

**Drydock Being Taken Over by Canadian Government Merchant Marine from Beginning of Year**

Announcement was made here this morning by B. G. Keeley, head of the Canadian Government Merchant Marine for this coast, that the local drydock was being taken over by his department from the Railway Company, which has operated it since the amalgamation of the two railway systems.

Mr. Keeley is here now making a preliminary survey of the dock and its capacity for business. He says he expects the vessels of the fleet will be overhauled here as well as other business being undertaken. He is pleased with the prospects for grain shipment out of this port and says he thinks it will be the making of the port. If business does not come to any large extent this year, it is bound to come before long.

The change in control of the drydock and shipyard should mean a good deal to the city, local citizens think. The Marine department is directly interested in it, whereas the railway company was interested only indirectly.

Mr. Keeley was not prepared to state what changes, if any, would take place in the organization of the plant. It will be taken over at the first of the year and operated from then on under the new control.

**CONFERENCE WELCOMED BY P.R. MEMBER**

Hon. T. D. Pattullo Mentions the Need of Making Timber Business Permanent

**CO-OPERATION URGED**

VICTORIA, Dec. 10.—One-third of the prosperity of British Columbia depends upon the timber industry and it is well that this province should be in the forefront of work to make adequate provision for the timber needs of tomorrow," said Hon. T. D. Pattullo, minister of lands, in welcoming delegates of the Western Forestry and Conservation conference which opened here yesterday.

P. Z. Caverhill, chief forester of British Columbia, declared that overproduction was rampant in the coast lumber industry. He said if a co-operative ten-per-cent restriction had been put into effect last spring the present "buyer market" would have been eliminated.

A plea for international cooperation to save the forests was made by E. T. Allen, forest economist, to members of the convention. He argued that Canadians and Americans, who were of common birth and with the right ingenuity and desire for progress, could make the Pacific coast lead the continent in solving "the grave forest problems our people confront."

**WEST OROWA NOW IN TOW**

PORLTAND, Dec. 10.—Steamer West Holbrook reached the rudderless vessel West Orowa and it is assumed that together with the Admiral Dewey she is now towing the disabled vessel south.

**NO REPRESENTATIVE FROM PRINCE RUPERT BOYS' PARLIAMENT**

Prince Rupert will not send a local representative to the Boys' Parliament this year, it has been decided. Any available money is needed for the boys' camp next summer.

Prince Rupert is a long way from the centre and the cost of sending a lad and paying his expenses is quite heavy.

**WHEAT DECLINES**

WINNIPEG, Dec. 10.—Wheat declined six and one-half cents today.

**WOULD INVESTIGATE BEER PURCHASING**

VICTORIA, Dec. 10.—G. F. Davie, Conservative member for Cowichan-Newcastle, yesterday filed in the Legislature a notice of motion asking for the appointment of a special committee to investigate the government's methods of purchasing beer from the breweries.

### VOTERS' LIST THIS YEAR IS SMALLER

Total of 2262 Names as Compared With 2553 for 1925 Election

There will be 2262 names on the municipal voters' list for the approaching civic election as compared with a total of 2553 last year. The decrease is due to the fact that not nearly as many house and license holders are registered this year as last.

Court of revision on the list was held this morning but there were no appeals. The court consisted of Mayor Newton, Ald. McMordie and Ald. Larsen.

The election will take place on January 31 with nominations closing on the Monday preceding.

### FIRE LAST NIGHT AT COLD STORAGE

Some Damage Done when Flames Broke Out Shorty Before Midnight in Smoke Shaft

Hope was expressed at the office of the C.N.R. superintendent this afternoon that the line would be sufficiently cleared up to despatch the first through train East next Wednesday evening. If this hope materializes, the train due from the East that day may also get through. Service has now been restored from Pacific East and both No. 3 and No. 1 today are running on time.

### PASSING WORTHLESS CHECK IS CHARGED

George A. Smith Being Brought Back from Edmonton to Vancouver Island for Trial

VICTORIA, Dec. 10.—A provincial police officer left for Edmonton today following the receipt of word that George A. Smith, wanted for alleged passing of a worthless check at the Government liquor store, Duncan, three weeks ago, was held there. He will be brought to the coast to face trial.

### SUSPENDED SENTENCE FOR STEALING MONEY

Vancouver Night Watchman Who Reported Holdup But Took Cash Himself Is Out

VANCOUVER, Dec. 10.—Having pleaded guilty to a charge of theft involving nearly \$100, which as night watchman he first reported as having been taken from the Chanticleer Cafe in a holdup, George Davidson, 24 years of age, was today released on suspended sentence.

### BIRTH

A son was born at the Prince Rupert General Hospital on December 10 to Mr. and Mrs. Walter Hume, 133 Seventh Avenue East.

Advertise in the Daily News

The first of a series of large triple-engined liners for the British Imperial Airways, shown before the trial flight at Croydon, England. Sir Eric Geddes, chairman of the airways, was a passenger.

### Mayor Taylor Re-elected in Vancouver with Overwhelming Majority over I. Rubinowitz

VANCOUVER, Dec. 10.—Mayor Taylor was re-elected mayor over Rubinowitz with a majority of 7,545 yesterday, the vote for Taylor being 8,675 and for Rubinowitz 1,130. Six sitting members of the council were re-elected, four by vote and two by acclamation.

The new members elected to the council were—Ward 1, E. W. Dean; Ward 8, Angus McLean. In both the wards sitting aldermen recently died.

The voters endorsed by 20 majority the two year term for mayor and aldermen but they refused to endorse by a majority of 1920 the pensions for firemen and policemen.

A number of money by-laws were defeated, hospital, land purchase, English Bay, Exhibition and Detention Home.

By-laws for the purpose of making certain improvements carried while the vote was recorded for the purchase of an additional playground.

### TURKEY WITHDRAWS FROM DISCUSSION OF MOSUL PROBLEM

GENEVA, Dec. 10.—In a statement here today the Turkish Foreign minister, Tewfik Bey stated that the Turkish delegation would not participate in further meetings of the council of the League of Nations for discussion of the Mosul controversy.

The suit will come before the supreme court.

### THREE CHILDREN ARE BURNED TO DEATH IN FIRE NEAR MONTREAL

MONTREAL, Dec. 10.—Three boys, John, Arthur and Eugene Currotton, ranging in age from three to seven, were burned to death when fire destroyed their home at Caughnawaga last night.

### Alderman McMordie is Definitely Announced Mayoralty Candidate

Ald. S. P. McMordie this morning definitely announced his candidature for the mayoralty at the civic election next January. This will necessitate his resigning from the city council as he was elected for a two-year term as alderman last year.

It is believed that Ald. McMordie will make a strong run and his supporters are confident that he will win whoever his opponent or opponents, if any, may be. He is a pioneer resident of the city and an extensive property holder. As a contractor during street construction days, he gained experience from the practical angle of city work; he is a recognized executive and has had two years' experience as an alderman. He served with distinction throughout the war, the period of which has been the only time in the last sixteen years that he has not permanently resided in Prince Rupert. Ald. McMordie in 1921 served on the finance committee and board of works and this year has been chairman of the utilities committee as well as a member of the finance committee.

### Canadian Government Merchant Marine Shows Operating Profit First Ten Months of this Year

Business of Service is Improving With Result That Operating Deficit is Changed to Small Surplus.

WINNIPEG, Dec. 10.—Improvement of \$667,124 in the operations of the Canadian Government Merchant Marine for the first ten months of 1925 as compared with the corresponding period of 1924 is reported by R. B. Teakle, general manager of the company, there being an operating profit of \$12,541 at the end of the first ten months of 1925 as compared with an operating deficit of \$289,879 over the same period last year.

Taking into account the overhaul, general and wharf expenses there is a saving of another \$64,704 which brings the total improvement in the operating position up to \$367,124.

During most of the ten months the C.G.M.M. has had 45 ships in commission and on the whole business has been much better than in preceding years. This was particularly the case in the Australia and West Indies freight services, where the operating ratios have been most satisfactory and the earnings considerable.

The intercoastal service, Montreal to Vancouver, which has been in operation for only a little more than a year, has also shown an operating profit.

The value of the Canadian Government Merchant Marine to Canadian importers and exporters is indicated in the value of cargoes handled during the first nine months of this year. Export traffic carried in the ships of the company amounted to 513,667 tons with a total value of \$12,809,105. Import traffic was 217,263 tons with a total value of \$32,532,671. To this may be added cargoes of inter-coastal service, which amount to 51,477 tons with a value of \$6,141,201. This added to the export and import figures represents a grand total for the period of 837,407 tons with a value of \$61,482,977.

Commenting on those figures, P. N. Galloway, assistant vice-president of the Canadian National Railways, under whose supervision the Canadian Merchant Marine functions, says: "Whilst of course it would hardly be correct to say that were it not for the Canadian Government Merchant Marine this trade would not have been done by Canada, yet at the same time our services are operated on practically all new trade routes, so that I think we can reasonably assume that the Merchant Marine service is directly responsible for the major portion of this export and import trade for Canada."

"So far as the intercoastal traffic is concerned, we are safe in saying that had it not been for the intercoastal service that some of the business would have come from nearby United States ports instead of from manufacturing plants in Canada. In addition the steamship connection given us by us between eastern and western Canada has reduced the cost of transportation, thus enabling the business people on either coast to get together."

### VANCOUVER DOCTOR IS FACING CHARGE

Mounted Police Have Case Against Dr. Noyes of Illegally Issuing Drug Prescription

VANCOUVER, Dec. 10.—Dr. W. T. Noyes, Vancouver physician, was charged today by the Royal Canadian Mounted Police with illegally issuing a prescription for narcotic drugs. He will appear in police court on Friday.

### TRAINS COMING TO PACIFIC NOW

Khyber River Bridge Repairs to Be Finished Tomorrow Starting Work at Usk

W. H. Tobey, C.N.R. superintendent, and R. A. Barlow, roadmaster, arrived in town last evening from the scene of the bridge washout at the Khyber River and returned there this morning. They expected that the gap would be covered by tomorrow. The eastern approach to the bridge was washed out and the unusually high and swift flow of water down the river presented difficulties in the making of repairs.

Work is about to start on the bridges just east of Usk that were washed out. Repair equipment was delayed in reaching there on account of trouble further east.

The regular trains are now running as far west as Pacific, and No. 4 from there left for the east on time early this morning. The officials were unable to give any definite estimate as to the time when service might be restored through to Prince Rupert as they had not seen what damage had been done east of Khyber River.

### MEN TRAPPED EASTERN MINE

Three Killed and Twelve Injured and Perhaps Fifty Still Underground

BIRMINGHAM, Ala., Dec. 10.—An unofficial report received here this afternoon says three men were killed and twelve injured while an unestimated number which may reach fifty were trapped in the Overton mine near here as a result of a gas explosion.

### CLOSE HOCKEY GAMES PLAYED LAST NIGHT

VANCOUVER, Dec. 10.—Portland won from Calgary last night in a very close hockey match. At the end of the third period the game was a tie and overtime had to be played in order to get a decision.

At Victoria last night there was also a close game Vancouver winning 2 goals to 1.

### MILLION DOLLAR FIRE

SAVANNA, Georgia, Dec. 10.—Damage estimated at a million dollars was caused by fire in the plant of the Southern Fertilizer Chemical Company this morning.

### Party Government Is Always Under Fire.

Whenever anything goes wrong, politically, it is ascribed to the evils of party government. If a candidate is beaten several times and the electors make it very clear that they do not want him, he usually attacks the party system. When a favored policy of any person is turned down, he usually blames the system. He forgets that possibly the people do not want him or his policy.

The party system has doubtless many shortcomings. No system of government has yet been devised that is approaching perfect. We all see some of the difficulties but most of the charges made against the system are charges against individuals or customs rather than parties. It is charged that needless public works are carried out because of parties, such, for instance, as the erection of the grain elevator at Prince Rupert. It is claimed that rewards such as senatorial offices are held out to those who fail, that positions in the public service are given on party lines, that racial prejudices are aroused in the East.

### What Has Other Side To Offer?

It is interesting then to turn to the other side of the sheet and see what the prospects are for something different. The Ottawa Citizen discussing this says: "It might fairly be argued that the Union government had equally serious defects. The expenditure of \$70,000,000 over the government merchant marine is an example of gross incompetence, as indefensible as the Halifax terminals or the Welland Canal under party government."

"The Board of Commerce, the luxury tax, the belief that deflation would be beneficial for Canadian industry, utter inability to ward off trade depression and unemployment, furnish ample evidence that the Union government failed to deal with national problems, any more effectively than party government, after the war—although public opinion in Canada had never been raised to a higher level of patriotism, at any time in the nation's history. The people of Canada in 1919 were as ready to respond to national leadership along the lines of reconstruction as they ever have been under party government. But the union of parties did no better than could have been done under the party system.

### Some Experiments In The Provinces.

In the provinces where experiments away from party governments have been tried, Ontario's experience under the Drury administration cannot be described as entirely satisfactory—although Mr. Drury is a man of character and vision. The Farmer government of Manitoba may be functioning better than the Norris administration. It would have to be very poor to be no improvement on the last Conservative government in the province, under Sir Rodmond Roblin. Alberta is probably getting better government, similarly under United Farmer administration. But it cannot be said that anything very remarkable has been achieved, although public opinion in Alberta is as advanced as it is in any province of the Dominion.

"Whether the government is operating under party system or some other system, it is in office because the electorate has voted to put it there; or it will soon go out, unless public opinion is unwilling to make the change. In dealing with national problems, it is only required of the people of Canada to say definitely what they want, to say it plainly, with sufficient emphasis, and the leadership will soon be forthcoming to carry out the will of the people. But it must be said that no such clear mandate has been given from the majority of the people. The party system has failed, but surely it is because the Canadian people have failed to say decisively what they want, whether it is to be liberal progress, conservative protectionism, or radical reconstruction along new paths away from party politics."

### Early Days Of No Party In B.C.

Those people who remember the days of "no party" in British Columbia will agree that nothing could be much worse than the condition that obtained at that time. Men jumped from one side of the House to the other according as the price was paid. There was nothing to bind them. Each member got out his own little local program of reforms and there was no attempt made to evolve a general policy or to legislate for the benefit of the greatest number. Roads were built by members to the farms or homes of their friends, public money was spent for purely election purposes and, under the system, the man with the heaviest purse had the best chance of being elected. No one would wish to go back to those days. If we are to abolish the party system it must be in favor of something better and until that better system is evolved, the present will continue in modified form as occasion requires.

## URGES ACTION DRUG TRAFFIC

Vancouver Paper Urges Strenuous Action Against Those Who Batter on Human Frailty

Citizens of Vancouver will welcome the announcement that Canada and the U.S.A. will join forces in endeavoring to stamp out the drug traffic, the smuggling of aliens and run-away boys, the Vancouver Star.

So far as this city is concerned, the chief concern is with the traffic in drugs. It is one of the penalties of Vancouver's position as the gateway to the Orient that she is also the gateway to the illegal trade in narcotics and if it were only for the sake of her own fair name, she must embrace every opportunity which offers to close that gateway.

### Being Dragged Down

But it is not alone the good name of Vancouver which is affected. Throughout the Dominion, and indeed throughout the continent, thousands are being dragged down and ruined, bodily, mentally and morally, by the human wolves who are willing to batter on the frailties of humanity. Vancouver must strain every nerve to prevent herself from being used as the unwilling agent in their downfall.

And there can scarcely be a more effective means of foiling the activities of the dope runner than by co-operating with the trained forces of the republic to the south. The resources of a great nation, and of a great drug fighting organization, must have their effect when added to our own efforts to overcome the evil.

On the other hand, laxity on either side of the border must do much to frustrate the most earnest endeavors of the other side; so that the decision for co-operation, now announced by Ottawa, is one of the most important made since Canada began to be aware of the manner in which she was being used as an artery of the world's drug trade.

### Ring of Traffickers

The presence in this city and province of a powerful ring of dope traffickers is an undisputed fact. It is not made up of Vancouverites. Many of its members are not even white men; but those facts do not relieve Vancouver of responsibility in the matter.

We cannot afford to allow Vancouver to become a haven of refuge for crooks of any kind or of any country, and the drug smuggler must learn that for him Vancouver spells death—not safety.

### MOOSE HOLD WHIST DRIVE AND DANCE METROPOLE HALL

A very successful whist drive and dance was held last night at Metrople Hall by the Moose Order, with J. Slagward as master of ceremonies. Mrs. Field in charge of refreshments, and Arthur's orchestra providing the music.

The committee in charge consisted of G. Royer, S. Antos, A. O. Ohnasarg, H. Jackson, J. Squareschuck, and S. Haudekold, while on the door were D. White and T. Elliott. Winners of the prizes at whist were: Ladies' 1, Mrs. Geo. Fritz, Ladies' 2, Miss J. Beggan, Men's 1, J. Mitchell, Men's 2, J. Squareschuck.

### NATIVE COURTESY OF THE DOUKHOBOR PEOPLE

Nelson News  
While the people of the Kootenay, and particularly of the Nelson and Grand Forks districts, found it hard to be patient while the Doukhobors set themselves above the law of the land, that condition being now remedied, everyone admits that the Doukhobor people, who are amongst us to stay, and who some day will take on citizenship, have many fine qualities.

Those who have come in contact with the Doukhobors in their homes, or in official ways, have found a native courtesy, one of their strong characteristics, and where a people are thus appreciable, however much they may differ from ordinary Canadians in their views of life, a ground of contact is available.

## MANSON DECLARES HE FEARS NO MAN: NOTHING TO HIDE

VICTORIA, Dec. 10.—Accusing G. F. Davie of "talking politics pure and simple" and attempting to work on the public to fan prejudice into flame, Hon. Alex. Manson issued a direct challenge to the Cowichan member when the latter declared that the nolle prosequi entered in the recent Wong abduction cases showed that there was something to hide, and dared the opposition speaker to make charges in this connection.

"I stand afraid of no one. My conduct is the conduct of a man who has nothing to hide, and I do not fear a single soul in British Columbia in regard to that conduct," declared Mr. Manson, who has objected to Mr. Davie again attempting to drag in the matter of experiment carried on at Essondale in an attempt to unravel the Janet K. Smith mystery.

"That matter has already been debated in this House and was settled by a vote taken on it. My honorable friend knows that full well, and knows the result of that vote," said Mr. Manson, referring to the fate of the Twigg resolution on the subject which was defeated by the biggest majority given the government so far this session.

### ANNUAL BAZAAR OF UNITED CHURCH AID BEING HELD TODAY

The bazaar season closes today with the affair of the Ladies' Aid of the United Church which was opened at 2:30 this afternoon by Rev. G. G. Hacke. The social hall of the church is daintily decorated and the many articles being offered for sale should prove particularly tempting to the Christmas gifts.

Mrs. W. A. Mathieson, president of the aid, is in general charge with the following ladies at the various booths:

Candy—Mrs. G. V. Wilkinson and Mrs. G. Ciccone.

Fancy work—Mrs. G. W. Kerr, Mrs. J. McKechnie, Mrs. T. J. Shenton and Mrs. Sauterhane. Handkerchiefs—Mrs. Margaret Kerkin and Mrs. Kirkpatrick. Plain sewing—Mrs. Hunt, Mrs. Krikovsky and Mrs. Thomas. Home cooking—Mrs. C. J. Stevens and Miss Coutts. Miscellaneous and novelties—Mrs. W. B. Cornish.

Tea room—Mrs. Olof Hanson assisted by Mrs. S. P. McMordie, Mrs. Fred Gilhuly, Mrs. S. Johnson and Mrs. Max Heilbronner. The affair will close at 6 o'clock this evening.

### THE MAN IN THE MOON

WHEN a gobbler escapes Thanksgiving he must not think he will live for ever, there is a Christmas coming and only those that can do something more than gobble survive it.

If anybody is contemplating making me a Christmas present I should like to suggest that I do not need an oversharpen pencil, or a necktie, or a sweater, or a shirt or a pipe or a cane, but I saw a nice little car down at Stan Parker's the other day that would just suit me.

NEARLY every town has a factory for manufacturing excuses and Prince Rupert is no exception.

### Had 43 Boils And Carbuncles At One Time

Mr. Claude Melanson, Castleford, Ont., writes: "In regard to your remedies I have to say that B.R.B. was the only medicine I could get to relieve me of my boils and carbuncles.

I had forty-three at one time, and my doctor told me to take

### Burdock BLOOD BITTERS

The first bottle I took gave me such great results that I took three more, and after I had used them I was completely relieved of my boils and carbuncles."

Put up only by The T. Miller Co., Limited, Toronto, Ont.

### LAND ACT.

#### Notice of Intention to Apply to Lease Land.

In Prince Rupert Land Recording District, Section 10, Block 1, and south of north shore of Shannon Bay, Queen Charlotte Islands, B.C.

TAKE NOTICE that James Fielding Strange and Robert C. Gosse, of Vancouver, British Columbia, intend to apply for a lease of the following described premises at Shannon Bay, Queen Charlotte Islands:

Commencing at a post planted on the southwesterly corner of lot 1548, said post being northeast corner of an aliquot portion of lot 1548, then running northerly along the southwesterly boundary of lot 1548 to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the southwesterly boundary of lot 1548 to a point 926 feet, more or less, distance from southwesterly corner of lot 1548, thence west 188.5 feet to the high water mark of an unnamed stream, thence northerly along the high water mark of said stream to a point 940 feet south and 212 feet west of southwesterly corner of lot 1548, thence running northerly along the south

Ranger R. Griffen, who has been connected with the local forestry staff, will leave at the end of the week on the Prince John to take charge of ranger work on the Queen Charlotte Islands with headquarters at Queen Charlotte City. Ranger E. Galvert of Port Clements will come here to take his place.

## VICTORIANS LOOKING FOR BISHOP OF LONDON

Victoria Times

Victorians have learned with considerable satisfaction that the Bishop of London has promised to come to this city next September and lay the cornerstone of the new Anglican Cathedral.

By a fortunate circumstance the distinguished prelate has arranged to visit this country and the United States next year, on his way to the Orient, and his itinerary conveniently permits him to be here at a time which fits in with that arranged for this important ceremonial.

I will be a red letter day in the annals of the Anglican Church on Vancouver Island and of no small significance as an event in itself.

His Lordship is extremely popular with all denominations in Great Britain and his tour of this continent will be looked forward to with more than usual interest by church and laity as a whole.

## GRADING OF FIFTH AVENUE WEST STARTS

I met him again so often."

## WILL HOLD STEAMER FOR SOUTH DEC. 18

Prince Rupert Will Sail at 8 p.m. Instead of 9 a.m. for Convenience of Christmas Passengers

For the accommodation of teachers and other local citizens who will be going south for the Christmas holidays, arrangements have been made that the C.N.R. steamer Prince Rupert, sailing for the south on December 18 (week from tomorrow), will be held until 8 o'clock that evening.

The vessel will still arrive in Vancouver on Sunday morning to make connections with boats and trains to Victoria and Seattle.

It was reported at the city ticket office this morning that the accommodation on the vessel is already being booked up fast.

## TEACHERS' MEETING HEARD ADDRESSES

Need of Middle School Discussed by Speakers at Booth School Last Evening

A meeting of the Prince Rupert Teachers' Association was held last evening in the Booth School, with the president, J. C. Brady, in the chair. Addresses were given by Miss Ruth Stewart and Miss Launder on the need of a middle school as recommended in the recent report of the Educational Survey.

## HALF-PRICE SALE AT B.C. FUR COMPANY

To give Christmas shoppers an opportunity to purchase a beautiful fur coat or choker at half the regular price the management of the B.C. Fur Company, Third Avenue, have decided to put on a sale commencing on Saturday morning at 9 o'clock.

In this way it is intended to clean out all made-up goods before the new year and to make room for raw furs.

During the sale every coat and choker will be sold at half price.

Watch these columns for tomorrow's advertisement in which some startling low prices on fur goods will be quoted.

## NEW LUMBER MILL AT PORT ALBERNI

PORT ALBERNI, Dec. 10.—Work has been commenced on the new lumber mill at Sproat Lake which is to be erected at the end of the Lakeshore Road for Messrs. Collins &amp; Greene, of New Westminster. Mr. Milligan, of New Westminster, who is to be superintendent of the new plant, is on the job at Sproat Lake and the work of construction will be hurried through with as little delay as possible.

## LAND ACT.

## SLIDE SMASHED EMPTY HOUSE

**Harold Parker Tells of Conditions in Interior Result of Recent Floods**

### LAKES HIGHER THAN EVER

**Washouts at 32 Different Points Between Prince Rupert and Pacific**

There are 32 washouts and slides on the line of the Canadian National Railway between here and Pacific. At Kwinitsa near the east switch a tremendous slide of muskeg and trees came down the bare side of a mountain and filled up between the base of the mountain and the track smashing a two-storey house into matchwood. Such lakes as Kilsumkulam and Lakelse are six feet higher than they were ever known to have been before.

These are some of the features of a report made by H. S. Parker, representative of Stewart & Moberly, who returned to the city last night from the interior after having walked 55 miles of the distance between Pacific and Khyex River in order to get home. He was accompanied from Terrace by W. McLennan of Vancouver, a traveller for cream separators. Where they could, they got lifts in speeders etc. and walked and scrambled around the impassable parts. They left Terrace at noon Tuesday, arriving here last night.

Mr. Parker says that he never saw anything like the conditions now prevailing along the line as a result of recent high waters. Some of the washouts between here and Pacific are quite large. The worst points are around Kwinitsa and between Vanarsdel and Hannall. It will be at least two weeks before repairs can be made and service restored, Mr. Parker believes. With bridges out at both ends of the space, the line is tied up tight between Khyex and Hanall. The town of Terrace comes within that space. The larger points are well supplied to meet the emergency, but Mr. Parker is of the opinion that some people at isolated points may go hungry as far as certain articles at least are concerned before a freight train gets through.

A report was brought into Terrace, Mr. Parker says, by a hatchery man that some of the boat houses and sheds at the Lakelse Hatchery had been washed away.

The water had started to recede on the Skeena River, Mr. Parker says.

## SALES MADE AT TAX AUCTION

**Number of Parcels Sold and Sum of \$2,393 Realized Yesterday**

The sum of \$2,393 was realized yesterday at the provincial government tax sale of lands. Of about 400 parcels that were offered, 41 were sold. There was no spirited bidding, surpluses over upset prices being offered in only three cases. The surplus as a result of the sale was \$35.63.

Sales were as follows, all being at upset prices except in cases where surpluses are noted:

Lot 304, Range 5, \$51.12, to H. Ohata.

Lot 1396, NE  $\frac{1}{4}$ , Range 5, \$43.75, to Nellie Hill.

Lot 1717, Range 5, \$161 (sur-

plus, \$27.47), to Olof Hanson.

Lot 1434, Range 5, \$113.03, to Elizabeth M. Whitlow.

Lot 5074, Range 5, \$46.36, to M. M. Stephens.

Lot 134, Cassiar, \$31.91, to E. H. Mortimer.

Block 4, N  $\frac{1}{2}$ , Plan 966, \$34.14, to M. M. Stephens.

Block 4, Plan 996, \$51.65, to A. Akberg.

Block 5, Plan 967, \$137.03, to E. S. Allistone.

Block 36, Plan 970, \$84.85, to E. H. Mortimer.

Block 1, Plan 1016, \$19.65, to M. M. Stephens.

Lots 4 to 7 and 16 and 17, Block 24, Plan 1079, to W. E. Mack.

Lot 3, Block 4, Plan 1052, \$139.18, to E. H. Mortimer.

Block 1, Plan 1075, \$25 (surplus, \$3.49), to E. H. Mortimer.

Lots 11, 12 and 13, Block 34, \$16.88, to W. E. Mack.

Lots 1 to 5 and 8, Block 26, \$20.97, to Horatio Ross.

Block 15, Plan 1103, \$20.62, to E. H. Mortimer.

Block 16, Plan 1103, \$20.62, to E. H. Mortimer.

Lot 2154, Range 4, \$37.94; Lot 141, Range 5, \$44.08; Lot 2282, Range 5, \$45.65; Lot 5120, Range 5, \$32.05; Lot 3061, SE  $\frac{1}{4}$ , Cassiar, \$32.91, to H. M. Dingam.

Block 3, Plan 1065, \$19.07, to N. Sherwood.

Lot 2123, W  $\frac{1}{2}$ , and Lot 2128, N  $\frac{1}{2}$ , \$37, to C. F. Duke.

Lot 610, W  $\frac{1}{2}$ , Range 5, \$57.97, to A. Y. Wilson.

Lot 1322, E  $\frac{1}{4}$ , Cassiar, \$31.85, to M. M. Stephens.

Lot 3, Plan 1016, \$19.65, to J. A. Kirkpatrick.

Lot 8, Plan 1016, \$91.30, to J. A. Kirkpatrick.

For the Good of Trade

"Who originated football?"

"I can't recall the surgeon's name."

Next week will see the closing of various sport schedules until after the Christmas and New Year vacation season. First halves of the schedules will be completed in the men's and women's sections of the Whist League and the Cribbage League will wind up a week from Monday. The second division billiard league finished last week and the first division on Tuesday of this week. In almost all the competitions, interest will be keen after the first of the year for none of the leading teams have by any means a cinch on honors. It is understood that a determined effort is to be made to have league basketball started after the first of the year. The difficulty that is still in the way is the failure to obtain suitable premises for the playing of the games.

Despite many efforts made to protect them, including the spreading of straw, salt and sand, there were many players injured on the frost-hardened ground in last week's Old Country soccer matches. On account of the conditions, players were very cautious and the attendance at the games was down. Among the casualties were: Mooney of Newcastle, broken leg; Hopkins of Liverpool, broken collar bone; Jennings of Luton, strained groin; Wells of Arsenal, broken leg; Osborne of Tottenham, Parker of Sunderland, and Eyré of Bournemouth, carried off the field.

Shame on You, Girls!

"Too many girls play bridge in the parlor while mother plays Bridget in the kitchen," observes a witty exchange.

WELL-known tea and coffee house requires specialty salesman working Prince Rupert and points east to Jasper on commission basis. Well established connection available that can earn good money for right man. Reply, stating other lines carried, number of trips made annually and full details. Experience not necessary but desirable; references required. Reply to Box 284, Daily News office.

## ONLY ONE YET FOR MAYORALTY

**Ald. McDermie so Far Not Opposed in Field**

While it seems to be considered quite possible that either Mayor Newton or Ex-Ald. S. D. Macdonald may enter the field, Ald. McDermie today is apparently the only candidate who is definitely out for the 1926 mayoralty. Some men whose names have been mentioned were interviewed by the Daily News today. Some gave indefinite answers as to their intentions while several stated emphatically that they had no intentions of entering the race.

Among those who said definitely that they had no intentions of seeking mayoralty were C. H. Orme, Ex-Ald. Collart, G. W. Nickerson, S. E. Parker and Ald. George B. Casey.

Ex-Mayor H. B. Rochester said that he was not seriously thinking of entering the contest and Ex-Ald. W. H. Montgomery was non-committal.

Mayor Newton gave his answer to the question as to whether or not he would be a candidate for re-election the statement that personally he had no wish to again assume the responsibilities of the mayoralty. His Worship has declared on more than one occasion in public lately that "he would be through" after this year. It is understood, however, that his friends are attempting to induce him to run again.

Ex-Ald. S. D. Macdonald said he was not yet prepared to make a definite statement as to whether or not he would be a candidate for the mayoralty.

Some possible candidates seem to be holding back till the situation becomes more definitely lined up later on.

## ANYOX MINE CLUB ACTIVE

Organization Was Started Two Years Ago and Has Been Very Successful

Two years ago, in the month of December, the Mine Hall was opened under the most favorable auspices, a jolly dance celebrating the occasion, with a large number from the Beach attending, says the Granby News. The section of the community on the hill had long desired a gathering place where social functions of a worthwhile standard could be staged, especially during the months of winter, when it was not always possible to attend affairs at the Beach owing to the roads being impassable on account of heavy snowfalls. When at length it had been decided to go ahead with the construction of a building, there were many uses to be considered, and when the final arrangements were approved the plans showed an auditorium which could be utilized for general gymnasium purposes, a picture show, dances and any other style of entertainment which an energetic community committee might consider staging for the benefit of that section of the camp. Since that evening two years ago, which was really the birth date of the Mine Club, a number of diversified programs have been offered for the amusement of Anyox folk; and because they have been of a high order in every instance, liberal patronage has been the rule, and success in a financial way has resulted.

### Does Good Service

The Mine Hall is the centre of Mine Club activities, which organization has grown into the life of the community on the hill, and gives promise of continuing its service for a considerable time to come. It will undoubtedly do so, especially if it gets the support it is rightfully entitled to, for its work has been good. The activities of the Mine Club cover a wide range, including social evenings, where cards, concerts and dances comprise the features, as well as the financing of baseball and football teams during summer months and of several basketball units throughout the winter in the schedules of the Anyox Basket-

### LAND ACT

Notice of Intention to Apply to Lease Land

In the Queen Charlotte Islands District, Land Recording District of Prince Rupert, and situated on the foreshore of Yestalton Bay, Massett, Inlet.

TAKE NOTICE that Eugene H. Simpson of Massett, occupation cannery manager, intends to apply for a lease of the following described lands:

Commencing at a post planted on the high water mark about 90 chains west from the northeast corner of Lot 1548, thence north 300 feet to low water mark; thence north 500 feet more or less, thence west to end to the northwest corner of E. H. Simpson's application to lease; thence southeasterly following the high water mark to the point of commencement, and containing two acres, more or less.

EDGAR H. SIMPSON, Applicant.

Per Fred Nash, Agent.

Dated November 9th, 1925.

Mothers especially like it for children as it takes the place of internal medicines.

### Local Druggists Have Modern Remedy for Colds

A Vaporizing Salve which is Rubbed Over Throat and Chest for Colds.

When Vicks VapoRub, the "external" method of treating sore throat, bronchitis, deep chest colds, or croup, is applied over throat or chest, the ingredients are released as vapors by the body heat.

These vapors, inhaled with each breath carry the medication directly to the affected air passages, loosening the phlegm and relieving the congestion. At the same time Vicks acts as a counter-irritant, stimulating the skin, and thus helps the vapors inhaled to break up the inflammation.

Colds are usually relieved over night.

 Over 21 MILLION JARS USED YEARLY

ball Association. We do not know just what our athletic contests would have amounted to in the years gone by if it hadn't been for the boys from the hill.

Although not in reality two communities, the two sections are far enough apart to create a rivalry which has certainly been exemplified in the playing of baseball, football and basketball. This rivalry is a healthy one, all contests being staged with the friendliest of feelings prevailing among players and spectators; but it is a fact that there is always more excitement on tap when a team from the Beach is pitted against a Mine aggregation, much more so than when two Beach teams are in competition. Not always at the top, but always in the running, the Mine boys have at times annexed the championship silverware of the Anyox leagues, and are good losers when the other fellows get the "breaks" or play too good for them. Last season they won the Simon's Championship Trophy for Senior Basketball, and, unlike lightning, it is possible they may hit in the same place this year.

Three companions, Chas. G. Howard, John Blain and Edward Eckies were each sentenced to four years in the penitentiary.

Pearson was convicted on two charges of robbery. Together with Eckies, Howard and Blain he held up W. H. Woods on Elgin Avenue, forcing the latter at gun point to hand over all the money he had on him, which happened to be only \$2. He also pleaded guilty to holding up Theodore Skymrie on Logan Avenue a few days after the Woods affair and getting away with a cheque for \$50. A second man was with Pearson in the Skymrie hold-up, but his identity has not been disclosed.

Bland likewise had two charges against him. One for his part in the Woods affair, the other for assisting Brandley in the holding up of Thomas Southern on Notre Dame and Princess. Little came of the Southern hold-up, the bandits being frightened off by the approach of a pedestrian after they had ordered their victim to throw his hands up.

There is no prospect of an immediate change of attitude. This should make the nation breathe a little more calmly and allay the apprehensions of those who rush gallantly and at the smallest provocation to the defense of Womanhood. Bryan Maw's lifting of the ban against smoking has created some alarm.

## EXCLUSION OF ORIENTALS IS UNDER DEBATE

Resolution Passed at Victoria  
Asks That Head Tax Be Re-  
funded to Chinese

### VARIOUS OPINIONS

"Fairplay for our own people and the Yellow Man," was the keynote struck by Chairman Clem Davies at a strongly attended meeting of the Oriental Exclusion League, held at the Knights of Pythias Hall, which advocated ridding British Columbia of Chinese able-bodied workers by deportation. Over one hundred delegates and members were present.

A strongly worded resolution favoring refund to Chinamen under 40 years of age, and a sliding scale or refund for others, depending upon the length of stay in Canada. This was favored to prevent exportation of elderly Chinamen, no longer of economic value, to secure for the local merchants repayment of the head tax on such men.

### Must Stir First

Chairman Dr. Clem Davies opened proceedings with the reinder, "This Oriental question is peculiarly our affair in British Columbia. Ottawa will not move until we make them. They will do nothing before our Legis-

### LAND ACT.

In the Prince Rupert Land Recording district and situated Whitesand Island near Dundas Island. Blue Print R.M. 14. TAKE NOTICE that Joseph Stinson Rogers of Prince Rupert, B.C., Secretary, intends to apply for a lease of the following described lands:

Commencing at a post on the shore on the East side of Whitesand Island; thence 3,000 feet northwest; thence 3,000 feet southwest; thence 3,000 feet south; thence 3,000 feet west to the point of commencement.

JOSEPH STINSON ROGERS,

A minimum wage for an eight-

hour day was strongly advocated,

and a resolution in support of a

scale according with the cost of

living was unanimously adopted.

The institution of a minimum

wage would, the league consid-

ered, automatically eliminate the

Chinaman from many industries,

because of the superior labor

production of white men.

It was pointed out that while

wages are reduced by Chinese

competition to a point where

\$72,000 monthly is lost to Vic-

toria in lessened pay for white

mill workers, while the whole of

the wages paid to Chinese work-

ers is taken from circulation. "If

we had this money in circulation

it would go a long way to help

the unemployed," said the reso-

lution.
