## ASCENT OF MOUNT LOGAN ACHIEVED BY PARTY CANADIAN ADVENTURERS

### Mighty Yukon Peak Successfully Scaled

Capt. McCarthy and Col. Foster back to civilization after 19,500 foot climb

CORDOVA, Alaska, July 14.—Having successfully reached the summit of Mount Logan, the hitherto unscaled peak in Yukon Territory, the party of six adventurers, headed by Capt. A. H. McCarthy of Windermere, B.C., returned to civilization last night according to a telegram from McCarthy.

Elaborate preparations were made preceding the departure of the expedition from Cordova on May 8 last, Mount Logan being considered second only to Mount Everest in the Himalayas as one of the world's most formidable natural barriers. The peak, which is 19,540 feet above sea level, is the highest in Canada and is the second highest in North America.

Forced by frozen feet to descend after he had climbed more than 19,000 feet, Robert Morgan of Philadelphia, a member of the expedition, reached Cordova on Monday and is recovering from the effects of his injuries. He, accompanied by Henry Hall Jr., of Boston, another member of the party, left the main expedition within a few hundred feet of the summit on June 29. The other members of the party were then all in good condition though a blizzard was raging with low temperature prevailing and snow falling so thickly that they could hardly see one hundred feet.

The expedition was a Canadian one and, besides Capt. McCarthy, the leader, it consisted of Col. W. W. Foster of Vancouver, Mr. Taylor, a resident of McCarthy, a town at the base of Mount Logan and H. M. Lambard of Ottawa, a member of the Geological Survey of Canada and of the Canadian Alpine Club.

### TO REJUVENATE N.Y. YANKEES

Five Players Said to be Coming from Pacific Coast—Washington Handicapped

NEW YORK, July 14.—The New York Yankees will spend \$250,000 in the acquisition of new players for next year and prospects are that they will obtain five players recommended by scouts after looking over various clubs in the Pacific Coast League. It is reported that the Yankees have already purchased Mervin Speer, the Sacramento catcher, for \$40,000.

The Washington Senators are now minus the services of two star pitchers, Walter Johnson is laid up with tonsilitis and Reutter was suspended by Ban Johnson for an argument with the umpire.

### PRINCE ACTS AS FIREMAN

Heir to Throne Helps to Extinguish Blaze at Kafue Agricultural Show

KAFUE, Rhodesia, July 14.—The Prince of Wales played the part of a heroic fireman today when he assisted the settlers to extinguish a fire in a native wood and grass children's house at Kafue agricultural show. All the children were rescued.

### ELKS' CONVENTION

PORLTAND, Ore., July 14.—The Elks' Grand Lodge convention opened here this morning with fifteen thousand delegates and their families registered at headquarters from all parts of the country.

### MINISTERS TO VISIT NORTH

Manson on Way to Omineca;  
Pattullo Leaving Victoria  
Today; Sutherland  
Following

VICTORIA, July 14.—Three members of the provincial cabinet are planning on spending some time this summer in Northern British Columbia. Hon. A. M. Manson, attorney general, left for his constituency of Omineca on Sunday, Hon. T. D. Pattullo, minister of lands, will sail for the north on Tuesday and will be followed shortly by Hon. W. H. Sutherland, minister of public works. Mr. Pattullo is to be present at the formal opening of the new bridge across the Skeena River at Terrace on July 20.

### BOB DOWTHER PASSED AWAY

Popular Scotsman, Aged 44, Was  
Pioneer Resident of Prince  
Rupert

The death occurred late yesterday afternoon at the local hospital of Robert Dowther, aged 44, of this city. The deceased had not been in good health for some time and lately it had been ascertained that there was little hope of recovery although, until the last, he had always been very cheerful and bore with great fortitude the sufferings he was called upon to endure.

Born in Ayrshire, Scotland, the late Mr. Dowther, came to this country about 14 years ago, since which time he has been in the employ of the city electrical department practically all the time.

Deceased is survived by a widow and one daughter, Mary, of this city, three sisters and two brothers, one sister, Mrs. Lindsay, having arrived in the city Sunday from Vancouver, being present when the end came. The remaining sisters and brothers are in the old country.

The funeral will take place on Thursday afternoon and interment will be in St. Andrew's plot in Fairview cemetery.

To the members of the family, the sympathy of the whole community will go out in the heavy loss which they have sustained. Bob Dowther was very well and favorably known to a very wide circle of friends, who feel a distinct loss in his early demise.

### LORD HAIG IN VICTORIA

Great Britain's Great Soldier  
Spent Busy Day in Capital  
Yesterday

VICTORIA, July 14.—Lord Haig put in a busy day here yesterday. He arrived at 9:30 in the morning and was immediately welcomed by one of the largest throngs that has greeted him west of Winnipeg. He spent more than an hour conferring with a committee of returned soldiers' organizations, discussing plans for the uniting of all ex-service men in the Empire. At noon he addressed the Canadian Club and, in the evening, he was guest at a dinner in Government House.

### Mining Engineers Leave Smithers to Investigate Babine Range Properties

SMITHERS, July 14.—The mineral resources of the Bulkley Valley continue to attract the attention of the public interest in mining and another party of mining engineers left Smithers Friday morning to make an extensive survey of mining claims in the Babine Range about 30 miles from here.

The party consists of W. G. Norrie, who for some years was manager of the Silver Standard mine near Hazelton, and who has lately been in the Porcupine district in Ontario; and O. G. Thompson and R. H. McLaughlin, from Kimberly, B.C.

They are making an inspection of the Bonanza Group and Debuture Group on this trip and later expect to look over some properties on the Hudson's Bay Mountain.

Henry Bretzins, the original locator of the Debuture is accompanying them and the pack train is in charge of Ben Nelson. The late James Cronin spent several years opening up the Bonanza and both mines are considered to be prospects of more than ordinary importance.

### GOLD STRIKE IS PROMISING

Local Bank Manager Tells of  
Babine River Situation

The two men who found the gold are reliable men and the old time prospectors were sufficiently satisfied with their report and explanations to believe it worth while following up, says H. H. Little, local manager of the Union Bank in speaking of the gold strike on the Babine River. Some thirty men had gone from Hazelton by Sunday. There was no undue excitement and no wish to start a stampede on the part of anyone but the nature of the country and the fact that this is the first time that coarse gold has been found on the western watershed has given the practical men of the district high faith that something of value will be found after more thorough prospecting has been done.

Hazelton merchants are thoroughly conversant with outfitting for such work in an economical way. The distance is only seventy miles over a very good trail and the whole venture for anyone going in there is so inexpensive that it makes it a very attractive proposition indeed, and well worth investigating.

### BIRTH.

A daughter was born on July 5 at the Bute Street Hospital, Vancouver, to Mr. and Mrs. Russell W. Riley of Terrace.

### Two Men Killed and Another is in Precarious Condition After Explosion on Kootenay Steamer

KASLO, July 14.—Two men are dead and a third has a precarious hold on life as a consequence of the bursting of the water trap on the main steam pipe feeding the engines of the G.P.R. stern wheeler steamer Kuskoomoo early Monday morning as the vessel lay at the wharf here an hour before her scheduled departure for Nelson.

The dead are John Parker and H. Forbes, deck hands, and the injured man is R. A. Davies, also a deckhand. All were terribly scalded by escaping steam, the two former dying a few hours later. All three youths were sleeping in their bunks on the lower deck just aft of the engine room when the trap exploded.

There was a terrific roar which brought residents of the town into the street in their night attire.

### Later

R. A. Davies, the third victim of the explosion, died this morning.

ABATTOIR

Quebec, July 14.—The illness of Cardinal Begin, the Roman Catholic prelate of Canada, took a serious turn last night. Cardinal Begin is suffering from uremia and it is learned that an operation was performed and that a pint of blood was taken from him. Despite his advanced age of 85 years, hopes are held that the cardinal's rugged constitution will pull him through to recovery.

Announcement Made That Burns  
Will Embodiment It with Cold  
Storage

Storage

It is the intention of P. Burns & Co. to embody an abattoir in the new plant to be constructed at Cow Bay but, if water connection with the city mains is impossible this fall, then arrangements will be made to handle Bulkley Valley cattle at a temporary location.

COMMERCIAL GRADS

ARE WINNERS AGAIN

Defeated Pasadena Athletic and  
Country Club Last Night by  
28 to 7

Los Angeles, July 14.—The Commercial Grads of Edmonton, world's champion lady basketball players, last night defeated a squad representing the Pasadena Athletic and Country Club by 28 to 7.

Natural Crops Are  
All Uncertain.

There is nothing so uncertain as gathering a crop. Just now the grain is growing fast on the prairies and it will be some weeks yet before it can be said to be safe from ravages of hail, rust, frost and other enemies.

Right here in this district the harvest of the sea is very uncertain. The salmon may be running up the river but unless the weather is suitable the harvest cannot be gathered. So on the halibut banks, suitable weather as well as a good crop is necessary.

Indian Chiefs Go  
On Visit To King.

Some of the Indian chiefs have gone on a visit to King George to lay before him their grievances. These natives do not understand the laws of Britain. They do not realize that the King has nothing to do with their land rights. All that is dealt with by Parliament and the King acts only on the advice of his ministers of state who are chosen from the party in most favor by the people. They might as well take their grievances to Timbuctoo as take them to London. If the King of England interfered in a matter of this kind in Canada there would at once be a howl against outside interference. It simply is not done. If the Indians are badly used they can apply to the courts or they may seek redress from Parliament. There is no other authority in Canada. King George is a constitutional monarch, which means that he is subject to the law just as much as any of his subjects.

Better Promises  
From New Leadership.

Like a breath of cool air on a sultry day comes the news that the recently chosen leader of the Doukhobors intends to teach his people to obey the laws of Canada, says the Nelson News.

He has already sent messages to them upbraiding them for burning their schools and defying the educational regulations of British Columbia. In all probability, when he learns the facts, he will follow this up by rebuking them for their failure to pay taxes and the consequent danger to the security of their community property.

With wise leadership, with modern education and with a respect for law, the Doukhobor communities may within a generation become the most prosperous and attractive in the whole province. The people are personally likeable. And, above everything else, they excel where the majority of others fail—they are hard, consistent workers. Whatever they do they do with a will and they do it well.

In the past they have tried to escape the ordinary duties of citizenship by making a mystery of their communities. Vital statistics they have either refused to give or have given only partially. Births and deaths are not recorded. Coroners do not hold inquests. Confusion in names has made it almost impossible to tell who are the members of a family. This fact and the tendency to parade in the nude, have given rise to a suspicion of promiscuity.

The Doukhobors have tried to live apart and at the same time to profit from the taxes paid by other citizens of the province. They have dwelt in security for life and property purchased by the sacrifices of those outside of their communities. They came to Canada because they knew Canada was safe; but they have not been prepared to play their part in maintaining the safety of which they have taken advantage.

With new leadership all these things may, and probably will, change.

The death of the autocratic Veregin, and the firmness of the provincial government in dealing with recent cases of failure to obey the law, have apparently opened the door to a brighter day.

**WILL DISCUSS  
HALIBUT TARIFF**

Duty on Canadian Fish to U.S. U.S. Will Block Further Credits  
May be Reduced One Cent

If Action Not Taken  
Soon

Acting on a protest voiced by Prince Rupert and Vancouver halibut fishermen in the summer of 1924 against the duty of two cents on Canadian halibut entering United States, the U.S. Tariff Commission will hold a meeting in Seattle on August 10 to investigate the matter, and it is understood that if the contentions of the Canadians are proved, the United States will reduce the duty to one cent, which is the Canadian charge on United States halibut, says a Vancouver paper. If the Canadian tariff was nil, the United States would meet it, provided the Canadian fishermen's arguments win at Seattle.

The Canadians protested the duty on the grounds that the cost of catching and marketing Canadian halibut was higher than the cost of catching and marketing United States halibut, and therefore the Canadians were being made up against.

Immediately the complaint was made at Washington the United States sent a man to the British Columbia halibut fishing districts to investigate. He made his report, which has not yet been made public.

**FRENCH MUST  
SETTLE DEBT**

Duty on Canadian Fish to U.S. U.S. Will Block Further Credits  
If Action Not Taken

Soon

WASHINGTON, July 14.—(By Canadian Press)—The question of granting further heavy credits to Europe is one that is giving much concern to the administration and to leaders in Congress. By this is meant, not credits by the U.S. government, but private credits by the big banking houses.

It appears that so long as the government does not actually and openly disapprove of such credits, the banking houses which are given to international operations will continue to grant them.

Advances Looked For

Information here now is that Germany and France are looking to the United States for further credits and that they will attempt to secure heavy advances in the next six months. The present plan is to obtain them if possible next fall.

In the meantime, it will probably become known whether the French debt will be settled and also whether the western Europe security pact will be agreed to.

Many indications are given that if the French debt is not settled, or marked progress made toward a settlement, there will be a sharp movement here to block the granting of further credits to France. Such a movement is likely to develop in Congress and may come from the administration itself. It is true that there is apparently no legal power on the part of the government to forbid foreign loans. Nevertheless, the government is in a position practically to block such loans if it sees fit to do so. A mere statement of disapproval and service of notice to that effect would undoubtedly be effective. A resolution of disapproval put through Congress or either house of it likewise would be effective. In other words the government can find ways of blocking private credits or loans if it chooses to do so.

Security Pact

So far as the security pact is concerned, the prevailing opinion among the best informed is that the pact will be agreed to. It is true there is objection raised to it in England and objection in Germany. It may have to be revised to some extent. The information here, however, is that financial pressure is being brought to bear to have the agreement signed up.

The view of financial interests is that until there is a security pact or its equivalent, there can be no economic peace in Europe and until there is economic peace, the necessary credits for rehabilitation of Europe cannot be obtained. This view is being impressed on both Germany and France and, according to gossip here, is having its effect. It is also expected to have weight in Great Britain.

**PILE DRIVING FOR  
NEW COURT HOUSE  
AT SMITHERS NOW**

SMITHERS, July 14.—Hanson & Shockley have just commenced work on the construction of the new court house here, pile driving having started last week.

The building, which should be ready for occupancy by fall, is to be located on Main Street beyond the hotel at the junction with the Lake Kathryn and Evelyn Road.

**GOVERNMENT LIQUOR ACT.**

**Notice of Application for Beer  
License**

Notice is hereby given that on the 11th day of June next, the undersigned intends to apply to the Liquor Control Board for a licence in respect to premises being part of the building known as Hudson Bay Hotel, Telegraph Creek, B.C. upon the lands described as Lots 3 and 4, block 2, map 975, Prince Rupert Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by open bottle for consumption on the premises.

Dated this 25th day of May, 1925.

ERIC McGEE, Lessee,  
Applicant.

Dated June 26th, 1925.

**Chi-Namel**  
the Quality Finish  
for Everything in the Home

For renewing old furniture and the floors and wood-work of dingy rooms, there is nothing to equal Chi-Namel. The sparkling freshness and rich, lasting colors of Chi-Namel bring beauty and pleasure wherever it is used. Its cost is trifling. The results beyond compare.

Chi-Namel transparent varnishes give new color and new gloss with one application. They dry over night. They are washable and wear for years.

Wonderful results can be obtained by the use of the Chi-Namel Graining Process (learned in five minutes)—the practical, easy method of producing hardwood grain effects over old, dirty, discolored softwood, previously painted floors, doors, wood-work, furniture, etc. No skill or experience needed. The patented Chi-Namel Graining Tool makes the grain. All you have to do is grasp and guide it.

Chi-Namel Penetrating Stains are made especially for new wood. Wonderful, lasting effects are readily obtained with them. Chi-Namel Gloss Enamels and Chi-Namel Auto Color Varnishes are other Chi-Namel favorites.

meeting last night asking ap-  
proval of their plan to construct  
a four foot sidewalk from the  
rear of their building to the  
sidewalk on 5th Street. The re-  
quest was granted.

The coming event! G.W.V.A.  
picnic to Digby Island, Sunday,  
July 19. Band of 102nd bat-  
talion in attendance, sports and  
dancing. Big list of prizes. Free  
ice cream, pop and candy for the  
kiddies. Tea, coffee, milk and  
sugar supplied. Boats leave  
Government Fishery float com-  
mencing 10 a.m. Adults 50c.  
Children free.

A letter from the Retail Mer-  
chants' Association was read at  
the council meeting last night  
asking that a committee of five  
from the city council meet a  
delegation from the Association  
in respect to the proposed  
amendments to the city licensing  
Bylaw. After a brief dis-  
cussion, the council agreed to  
name a committee consisting of  
Aldermen Perry, Larson, Casey,  
Brown and Smith, who are to  
meet the committee from the  
Retail Merchants' Association on  
Thursday evening.

**WAGE INCREASE  
MOVE REJECTED**

Delegation from Industrial Union Given Short Shrift by City Council

A delegation of six from the General Construction Workers' Industrial Union, No. 310 waited on the city council last night and asked that the wages of all men employed by the city in construction work be raised from the present scale to \$5 per day. Alderman Perry moved that the delegation be not heard as it was not the proper place to discuss the general wage conditions in the country. This was seconded by Alderman Smith. Alderman Casey thought that the delegation was entitled to be heard and accordingly moved an amendment which was seconded by Alderman Brown and was carried, those opposing being Alderman Smith and Perry.

Leonard Wade then addressed the council on behalf of the delegation, and sought to meet any criticism which might be made as to this proposed increase. He referred to the city's debt and said that statistics showed that the cities which are most in debt are the ones which are most progressive. He felt the taxpayers should not begrudge this as it was necessary to keep the standard of living up, and the workmen did not have full time on account of weather conditions here. In the course of a year the income was not sufficient to meet the demands of a fair standard of living. Quoting from the Labor Gazette, he said he could show that the average price of commodities in Prince Rupert was 22 per cent higher than in other cities in Canada. The province of B.C. was 10 per cent higher than any other province in Canada, and Prince Rupert was 10 per cent higher than any city in the province, so the increase was necessary to maintain a proper standard of living. When Mr. Wade finished, Acting Mayor Stephens asked him two or three questions as to whom he represented, how many he represented, and how many of these were city employees and how many of them were married men with families in the city.

Mr. Wade said he represented approximately 100 men and a large number of them were men with families in the city. After ascertaining that no other member of the delegation desired to speak, Alderman Casey moved that the letter from this Union be received and filed and that the request be not granted. This was seconded by Alderman McKechnie and carried unanimously without discussion.

The delegation then withdrew.

**ANNUAL SCHOOL  
MEETING HELD**

Mayor Orchard Unanimously Re-elected to Board—No Changes in Staff

SMITHERS, July 14.—The annual meeting of the Smithers Rural School District was held in the school on Saturday evening with a fair number of ratepayers in attendance to hear the report of Secretary Chris Reid for the last school year and to discuss matters for the coming year.

The term of Trustee E. E. Orchard had expired but at the unanimous request of those present he was renominated and

**SOCCER LEAGUE  
GAMES RESUMED**

Match Last Night Between Cold Storage and Sons of England Ended One All

The first game of the second half of the Senior Football League schedule last night between the Cold Storage and Sons of England resulted in a 1-1 draw. This score was a fair indication of the merits displayed by the teams. Play, though rugged in spots, was on the whole very fair. There was a small crowd of spectators in attendance.

Playing down hill, the Sons of England got their one and only score in the first half through Hanson. The Sons were short two players and only had one man on the half back line. In the second half, the Cold Storage tallied the equalizer through Bye.

George Russell was referee and A. Clapperton and J. Corbett officiated on the side lines. The teams took the field as follows:

Sons of England—Dick Howe; George Waugh and George Howe; A. Bales; P. Cameron, H. Hanson, J. Farquhar, A. Dickens and J. Johnson.

Cold Storage—A. Murray; C. Whatman and Dick Lambe; M. Lamb, J. Sims and J. Carlson; S. Darton, J. Torney, E. Bye, S. Elder, and C. Norrington.

The league standing to date is as follows:

	W. D. L.	Pts.
Callies	3 0 0	6
G.W.V.A.	2 0 1	4
S.O.E.	4 1 2	3
Cold Storage	0 1 3	4

The Dominion Day cup final replay will take place on Friday evening instead of Thursday this week it was announced this morning. The Senior League baseball game between the Sawmill and the Gyro Club will be played on Thursday instead of Friday.

**THIRTY APPLY  
FOR POSITION**

Hospital Board Leaves Matter of Matron's Appointment to Executive Committee

The hospital board, at its regular monthly meeting held last night in the hospital, opened some thirty applications for the position of lady superintendent to succeed Miss Edith McCaul R.N., who has resigned. The board, not being in possession of all the data it required regarding the qualifications of the applicants, referred the matter of making the appointment to the executive committee with power to act.

The meeting dealt largely with business of a routine nature and there was some discussion as to the progress of work in the new case room and children's ward and also regarding laboratory charges.

J. L. Christie chairman of the finance committee, reported that there had been 1124 hospital days during the month of June and that the cost per day had been \$3.15.

REPAIR WORK AT LOCAL DRY DOCK

Yard Still Being Kept Fairly Busy With Business Arising Locally

The local dry dock is still being kept pretty busy with repair work on boats operating in district waters.

The Northwestern Dredging Co.'s scow F.L.B. No. 2 is going on dock today or tomorrow to have a new bottom installed.

The tug Alcedo is going up today for cleaning and painting and the Bradbury & Yaff seining vessel Bethune is off today after cleaning and painting.

Mrs. C. H. Sawle, after having spent some time visiting at

**Sport Chat**

It will be seen from the baseball schedule published yesterday that there is a very large part of the league series yet to be played. While the Sons of Canada seem to have had everything pretty well their own way in the few games played yet it would seem that there is plenty of room for good contests before the series is over for the year.

The teams are very well matched with possibly the Gyro Club a little weak in the pitching department. It is understood that this will be remedied, and before the Fair week we should have some good baseball in Rupert.

It seems a very determined effort is going to be made to revive the national game of lacrosse in Canada. The Olympic committee are very anxious to have interest aroused and it is understood shortly a conference will be held in some central part of the country to discuss ways and means of reviving interest in this great game. Perhaps the only way this movement will meet with the success that it warrants will be by a course of instruction in the rules and principles of the game in the public schools. The day is past when we can say the schools have no right to take an interest in athletics.

VISITED FRANCOIS.

Don McQueen returned to Anwox on the Prince Charles last evening after a trip to the Old Country.

Miss Margaret Smith sailed for the south last evening to spend a holiday with her grandmother in New Westminster.

## BACK FROM HIS FLORIDA TRIP

Rev. Dr. H. R. Grant Returned Home Last Evening After Two Months in East

### BUMPER GRAIN CROP

After a two months' vacation trip East which took him as far as the southeastern corner of the continent namely, the state of Florida, Rev. Dr. H. R. Grant, pastor of the First Presbyterian Church, returned home on yesterday afternoon's train.

Besides Florida, Dr. Grant visited Atlanta, Georgia; Chicago; Duluth; Fort William, where his son Archie is located; Winnipeg, Northern Saskatchewan, where his sister-in-law, Mrs. Adams, formerly Miss Edith Stewart of Prince Rupert, resides; Edmonton and Terrace. At Edmonton Dr. Grant was compelled to stay over for a few days on account of an attack of influenza from which he is now recovering. At Terrace he spent the week-end visiting his strawberry farm.

Dr. Grant brings back word confirming reports that there is to be a bumper grain crop this year on the prairies. It is said in Alberta and Saskatchewan that the 1925 crop may reach 500,000 bushels exceeding any previous year by 100,000 bushels. Dr. Grant's personal observations, he says, confirmed this high expectation and he travelled across the prairies by two routes. In Northern Alberta and Saskatchewan, appearances were particularly encouraging. There have been rains recently on the prairies. This has been timely and there has now been enough moisture to properly ripen the grain.

One change that Dr. Grant noted in the East during the past ten years was the immense popularity that the game of golf has gained. "Right from Florida to Edmonton, they are golf mad now and even the smallest villages have their courses," he says.

### LAND ACT

#### Notice of Intention to Apply to Lease Land

## The palatable way to take Yeast

Soak a cake of Royal Yeast with a little sugar in a quarter of a glass of tepid water over night. Stir well, strain and drink the liquid. Many people prefer to take it in orange juice.

## ROYAL YEAST CAKES

## JAP ALPINISTS LEAVE JASPER

Expedition Went Out Yesterday on a 25 Day Mountain Climb

JASPER, July 14.—Six famous alpinists from Japan left Jasper yesterday on a twenty-five day mountain climb and scientific survey expedition into the Columbia ice-fields, one of the least known portions of the Canadian Rocky Mountains. The expedition is headed by Yuko Maki, under secretary of the Japanese Alpine Club, the largest mountain climbing organization in the world.

The trip will penetrate to the head water of the Athabasca and north Saskatchewan rivers. An endeavor will be made also to climb Mount Alberta, a virgin peak, which has defied the efforts of several of the world's greatest alpinists.

The expedition has been organized by the Japanese Alpine Club and has as its purpose the development of new fields of activity for the members of this huge organization which has exhausted all the possibilities of Japan. Members of the party state that if the territory proves itself worthy of exploration it will attract several hundreds of Japanese alpinists to Canada annually.

It is interesting to note that these are the first Japanese to do mountain climbing in Canada. Three Swiss guides, Hannrich Fuhrer, Hans Mohler and Jean Weber from Jasper Park Lodge are assisting the party and five guides and forty horses from the outfit of Fred Brewster of Jasper are being used on the trip. The expedition is elaborately equipped. In addition to scientific instruments they are taking still and motion picture cameras and a complete darkroom to do their developing and printing of photographs in the field.

ALD. STEPHENS IS ACTING MAYOR

Job of Chief Magistrate Went Beginning at Last Night's Council Meeting

The Mayor's chair does not seem to be a very popular office in Prince Rupert for last evening there were three nominated for the position while Mayor Newton is away, before one was persuaded to accept.

Alderman Perry nominated Alderman Casey but, in declining, Alderman Casey explained that it was impossible for him to spare the time which the office required in the day time and he would accordingly nominate Alderman Smith. Alderman Smith preferred to see some other member in the position and declined to accept the office. Alderman Perry nominated Alderman Stephens who was persuaded to accept. The council then got down to business.

## BLINDFOLDED, DROVE AUTOMOBILE ALONG CITY'S MAIN STREET

A large crowd last night witnessed "Murdock" drive Ernie Large's big McLaughlin car through the streets while he was blindfolded. After the bandages had been securely placed over his eyes and accompanied by Sergeant Bailey, who rode in the rear seat, Murdock's car moved out from the Westholme Theatre and meandered through the traffic up to Third Ave. On Third Avenue, there were a number of cars parked and the driver showed his undoubted control by often approaching a collision and deftly bringing his car to halt within a few feet of danger. On several occasions the sergeant must have been ready for the worst as it seemed that a disaster could scarcely be avoided, however with quick decision and ready control the car was brought to a stop without any time threatening an accident, and quietly moved out to pursue its course without danger.

The whole affair caused a great deal of interest and comment, and attracted several hundred people who were anxious to see more of the man of mystery, and accordingly packed the Westholme theatre to witness the performance of this Oriental magician.

### SMITHERS

Stan George of Prince George has been the guest of his brother-in-law and sister Mr. and Mrs. T. Brewer for the past week. Mr. George was until recently city clerk at Prince George but has now taken the position as Northern B.C. manager for the Dominion Life Insurance Co. and is organizing the work in his territory on the present trip.

Mr. and Mrs. Chas. Barrett of Barrett Lake spent a couple of days in town the latter part of the week.

There was born at the Bulkley Valley District Hospital on July 11, a daughter to Mr. and Mrs. J. B. Langston.

The Mystic Jewel Rebekah Lodge held a strawberry social in the Mutch building on Saturday afternoon and, although the ladies were not favored with very agreeable weather for the occasion, the affair was well patronized and the strawberries and cream and refreshments greatly enjoyed by a large number of patrons.

### TERRACE NOTES

George Little and his two sons returned here Sunday from Smithers. Before inspecting his lumber yard at Smithers, Mr. Little was in the hills in that neighborhood for a week or so on a prospecting trip.

Duncan Munro of the Land Settlement Board returned here on Sunday from a trip to Smithers and Telkwa.

Mrs. Frank Lazelle accompanied by the Misses Helen and Orpha Lazelle and LaBarren arrived here from San Diego on Friday and are the guests at present of Mrs. Geo. Little.

Miss Alice McDougall and her

## Some Come By Accident

Many of Pacific Milk's regular patrons came to know its goodness through trying it in emergencies. Some have found the fresh milk sour when tea was ready, others took it on picnics, as Mrs. L. P. J. did on July 4. She says she really doesn't know enough about it, but if Pacific makes all biscuits as nice as the first two batches she is a user for life.

PACIFIC MILK CO. LIMITED  
Head Office, Vancouver  
Factories at Ladner and Abbotsford

## Don't Judge from Appearances!

THE earth looks flat enough! That's why so many thousand years came and went before our ancestors even suspected the terrestrial globe of being round. Their eyes deceived them!

Don't depend on appearances to guide you right. Don't buy goods on the strength of looks alone. Merchandise with a well-known name has the call. Only the maker of a good product can afford to advertise his name. Attempts to popularize unworthy goods cannot succeed.

Wise merchants and manufacturers seek the good papers to tell the stories of their wares. The publishers seek the reputable advertising for their readers guidance. Well-informed buyers seek news of good merchandise through the columns of the best papers.

This proves the value of advertising. Neither advertiser nor publisher can prosper without your patronage. Therefore, it is to their advantage to cater to you. They do it, too.

It is distinctly to your advantage to be guided by the messages they lay before you — the advertisements.
