## PLANS BEING MADE FOR OPENING OF COMMONS AT OTTAWA JANUARY 7

## *Fred Stork Mentioned as Deputy Speaker in House of Parliament*

OTTAWA, Dec. 29.—In spite of the holiday lull, preparations for the opening a week from Thursday of the fiftieth parliamentary session are proceeding. There is some speculation in regard to the choice of a deputy speaker, Fred Stork of Skeena being among those mentioned for the post.

J. C. Elliott, newly elected member for West Middlessex, will move the address in reply to the speech from the throne and Liguori Lacombe of Laval-Two Mountains will second it. Announcement to this effect was made last night by Premier King.

### PULP MILL IN TERRACE AREA?

There is talk of a large timber development undertaking in the vicinity of Terrace as a result of an extended cruise which was made this fall of the Kitsumkalum Lumber Co.'s holdings. A pulp mill is one of the projects that is mentioned. The same party which made the cruises this year will return in the spring to continue its work.

### SMALL SURPLUS IN UTILITIES OPERATIONS

**Phone Department Showed Profit of $461.34 in November —Light, $272.54**

According to a report made by the superintendent of utilities at the council meeting last night a surplus of $461.34 was made by the city telephone department during the month of November and a surplus of $272.54 by the electric light department for the same month. The details follow:

| | |
|---|---|
| **Telephone Dept.** | |
| Estimated Revenue | $3,570.00 |
| Expense | 3,108.66 |
| Surplus | $ 461.34 |
| **Electric Light Department** | |
| Estimated Revenue | $8,719.89 |
| Expense | 8,447.35 |
| Surplus | $ 272.54 |

### THEIR LAST XMAS. DINNER.

**Condemned Prisoners Dine Alone in Death Cells at Okalla**

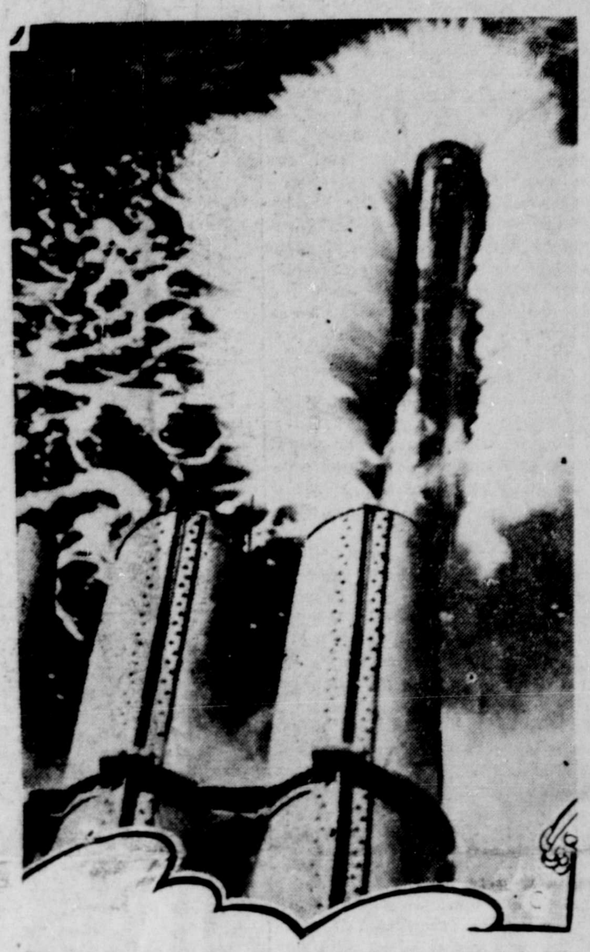
BURNABY, Dec. 29. — Owen (Canonball) Baker, Harry Sowash alias Meyers, Charles Morris, H. Berentsen and Charles Henry (Sonny) White, all condemned to die on the scaffold next month, were silent partakers of a sumptuous Christmas feast provided for inmates of Okalla prison.

The condemned men were not allowed from the death cells and each partook of the special fare in contemplative silence. Baker and Sowash, who recently were notified that their appeal to the Supreme court had failed, maintain a quiet demeanor.

Morris, who was convicted with Baker and Sowash for the murder of Captain W. J. Gillis and his son on the Beryl G., has a chance of a respite as his solicitor has appealed.

Sonny White may also have sentence postponed pending outcome of an appeal. He was condemned for the murder of Frank Rosso, North Vancouver fruit merchant, on June 21.

Berentsen, who was sentenced to death less than one week after he murdered a shipmate on a freighter in Vancouver harbor, is evidently destined to pay the death penalty on January 18. Morris, Baker, Sowash and White are under sentence to die on January 14.



United States Flotilla Practice—Torpedo fired by the destroyer "Preston," shown at the instant of striking the water. Direct hits did not damage the torpedoes, costing $8,000 each, as they contained no explosives

## *Electric Torpedo Fish Which Gives Shock on Being Caught Exhibited at Seattle Meeting*

***Will F. Thompson, who conducted the investigations here this year, is President of Pacific Society***

SEATTLE, Dec. 29.— At the annual meeting of the Pacific Fisheries Society yesterday afternoon an electric torpedo fish, a denizen of the deep which gives an electric shock after being caught, was exhibited. The fish, which is flat with an ugly snout, was caught 200 miles off the Washington coast. The fishermen who caught it claimed that it had knocked him over with a shock an hour after it had been captured.

Will F. Thompson, who this year conducted extensive survey work regarding halibut fishing out of Prince Rupert, was elected president of the Society. Other officers include C. MacLean Fraser of the University of British Columbia, vice-president, and Dr. W. A. Clemens of Nanaimo, director.

### WEST ORAWA MAKES PORT

PORTLAND, Dec. 29.— The rudderless freighter West Orowa, after battling nearly a month with storms in the North Pacific, arrived yesterday at Hakodate, Japan, where repairs will be made, the Columbia Pacific Shipping Co. has been advised.

## S.O.S. MESSAGES BELIEVED FAKES

**Rum Runners Plays Trick to Attract Attention of Coastguards**

NEW YORK, Dec. 29.—Coastguardsmen who have been on the qui vive for many hours owing to the receipt of a number of S.O.S. signals now believe that they were sent out by a rum runner as a ruse to attract the attention of the navy boats.

The coastguards have been unable to trace any S.O.S. to a definite ship. These signals have been received on other nights. One message purported to have come from the big liner Metagama.

## MARRIAGE IS NOT ANNULLED

**Leonard Rhinelander Fails in Appeal Before New York Courts**

NEW YORK, Dec. 29.—Young Leonard Kip Rhinelander, the millionaire descendent of one of New York's wealthiest and oldest families, today lost his suit for the annulment of his marriage on the ground of his wife's alleged negro-blood.

Seven questions were put to the jury and six of them were answered in favor of Mrs. Rhinelander. Thus the judge will be compelled to rule that the marriage shall be annulled.

Mr. Rhinelander will lodge an appeal against the decision refusing to annul his marriage, while his wife will file a suit for separation on the ground of abandonment.

### CONTINUING WORK ON LA ROSE MINE

**Shipping from Promising Alice Arm Property Not to be Undertaken this Winter**

The La Rose mine in the Alice Arm district will not ship ore this winter as had been originally intended but development work will be continued states Joe Wells, one of the principals of the owning company, who is visiting the city on business. During the summer a 420 foot tunnel was driven on the property to strike the ore at depth and, as a result of the work, the best expectations were realized as far as quality of ore is concerned.

One of the reasons why the La Rose will not ship ore this winter is that the Dolly Varden Railway grade has had some bad washouts this fall and freighting over it is a difficult matter just now.

### PLANE PATROLS PROVE SUCCESS

**Air Police Checks Unlawful Practices, Says Ottawa Report**

OTTAWA, Dec. 29. — Aeroplane patrols, working from bases at Vancouver and Prince Rupert have brought about a tremendous reduction in the number of persons who break the Federal fisheries regulations.

According to information given out here today, there is now much less fishing going on in closed waters, and very little fishing in closed season. Likewise, the use of unlawful appliances has been greatly checked by the air police.

On the whole, the department has found that the hydro-planes are much more efficient than surface craft.

### WEST ORAWA MAKES PORT

PORTLAND, Dec. 29.— The rudderless freighter West Orowa, after battling nearly a month with storms in the North Pacific, arrived yesterday at Hakodate, Japan, where repairs will be made, the Columbia Pacific Shipping Co. has been advised.

## VANCOUVER HAS ITS WORST FOG

**Puget Sound and Gulf of Georgia Blanketed—Transportation Interfered with**

VANCOUVER, Dec. 29.—Puget Sound and the Gulf of Georgia are blanketed today by the worst fog in years. Since Saturday, movements of vessels have been uncertain and in Vancouver last night vehicular and street car traffic was badly disorganized.

The C.P.R. steamer Princess Mary, Capt. C. C. Saintey, which arrived here at 10 o'clock last night was delayed coming up the coast on account of fog.

### BEAVER COVE PAYMENT MADE

**One of the Largest Pulp and Paper Enterprises on Coast May Develop**

VANCOUVER, Dec. 29.—With the payment of $425,000 to the creditors of the Beaver Cove Lumber & Pulp Co., another step will be taken towards recapitalization of what promises to become one of the largest pulp and paper enterprises in British Columbia.

### BOARDING HOUSE BURNS AND FOUR LIVES ARE LOST

MONTREAL, Dec. 29.—F. Le Febyre and his wife, Miss Blanche Lacroix and Alphonse St. Jean were burned to death when a rooming house at Guios, Quebec, was destroyed by fire on Sunday morning. Two other persons were seriously injured.

## PEOPLE HERE TOTAL 6,464

**Census of City is Completed by Assessor**

**According to a report made to the city council last night by J. C. McLennan, city assessor, who had been asked to compile a city census last August, the total population of the city is 6,464 made up as follows:**

| | |
|---|---|
| Section 1 | 2,122 |
| Section 2 | 233 |
| Section 5 | 2,017 |
| Section 6 | 1,019 |
| Section 7 | 796 |
| Section 8 | 277 |
| Total | 6,464 |

**Only actual dwellers in the city had been enumerated in the report.**

### FOUR YEARS AND LASHES FOR JAP

**Vancouver Court Deals Severely With Man Who Held up Two Women on December 13**

VANCOUVER, Dec. 29. — R Kaminota, Japanese, who pleaded guilty to a charge of robbing with violence two women on December 13 obtaining a small sum of money, was this morning sentenced to four years' imprisonment with ten lashes.

C.P.R. steamer Princess Mary, Capt. C. C. Saintey, arrived in port from Vancouver at 10 o'clock last night and sailed at 11 o'clock continuing her voyage to Alaska ports. The vessel is due back here southbound on Friday afternoon.

Mr. and Mrs. George Clothier who having spent the Christmas vacation with friends at Stewart returned to the city on the Cardena this morning.

### NORTH COUNTRY IS NOT YET VERY COLD

**Interior Reports Mild Weather and in Yukon Average is 10 Above Zero**

(Government Telegraphs)

The cold wave, which is reported to be sweeping the continent, has not yet arrived in this part of the country. Weather in the interior is still reported mild and the thermometer is far above the average in the Yukon for this time of the year.

Today's 8 a.m. reports were as follows:

Prince Rupert — clear, calm; temperature, 40 above.

Terrace — clear, windy, 30 above.

Aiyansh — cloudy, calm; 29 above.

Alice Arm— cloudy, calm; 30 above.

Hazelton—cloudy, calm; mild.

Smithers—cloudy, calm; mild.

Burns Lake — cloudy; calm; mild.

Telegraph Creek — cloudy calm; 10 above.

White Horse — cloudy, calm; 15 above.

Dawson — cloudy, calm; 10 above.

Yukon average—cloudy, calm; 10 above.

### FIRST STEAMER AT NEW TROTIER DOCK

The first steamer to moor at Thomas Trotier's new wharf just east of Cow Bay was the freighter Robert H. Merrick which arrived from Vancouver last night and discharged some 35 tons of feed there this morning.

Alf Egan, Oscar Gendron and Jack Couture, well known Kitsumkalum prospectors, have been visiting in the city during the past few days. Mr. Egan is still here and is registered at the Savoy Hotel, Mr. Gendron returned to the interior last night and Mr. Couture is paying a visit to Alice Arm before returning to Terrace at the end of the week.

### PLANE WRECKED IN HEAVY GALE

**Flight of Count Casa Blanca to South America is Delayed**

CASA BLANCA, Morocco, Dec. 29.—The airplane with which Count Blanca had hoped to make a flight to South America, was blown from its moorings here during a heavy gale, and so seriously damaged as to be entirely out of commission. All efforts to obtain spare parts suitable for repair purposes failed and there is no plant in Casa Blanca capable of making them.

An urgent message has been sent to Italy to rush the necessary parts with the least possible delay, but under the best conditions it will be impossible for Casa Blanca to resume his air trip for more than two or three weeks.

### MINISTER OF LANDS COMING NEXT MONTH

**Will Meet City Council in Connection with Transfer of Waterfront Land**

A letter from the Minister of Lands, Victoria, was read at the council meeting last night in connection with the matter of the waterfront site to be transferred to the city by the provincial government. The letter stated that the minister would be in the city sometime in January and would then take the matter up personally with the city council. The communication was received and filed.

### BANK ASSETS ON INCREASE

**Annual Statement of Royal Bank of Canada was Issued Yesterday**

MONTREAL, Dec. 29.— The annual statement of the Royal Bank of Canada which was made public yesterday shows an increase of assets of $205,000,000 of which $105,000,000 is attributed to the purchase of the Union Bank of Canada and the Bank of Central and South America.

## BOAT PILES UP AT VANCOUVER

**Motorship Hits Stanley Park Just Outside First Narrows**

VANCOUVER, Dec. 29.—While attempting to enter the harbor this morning in a dense fog, the Pacific Steamship Co.'s motorship Booby Alla went ashore on the Stanley Park bluff just outside the First Narrows. The vessel, which is loaded with general cargo, is expected to be released this afternoon.

### BOYS' PARLIAMENT OPENS IN VICTORIA

**Conduct of Boys Met With Approval of Large Number of Spectators Last Night**

VICTORIA, Dec. 29.—With all parliamentary ceremonials, the 1925 and third session of the British Columbia Boys' Parliament opened in the legislative buildings last night. Hon. Dr. J. D. McLean, minister of finance and education, acting as lieutenant governor, read the speech from the throne. The boys carried themselves with a respect and seriousness that elicited approval from the large number of spectators who crowded the galleries.

### WOODWARD ROBBERY LOSS IS $7,500

VANCOUVER, Dec. 29. — The loss as a result of the robbery of Woodward's store on Sunday morning was placed today at $6,000 in addition to damage to the safe and office estimated at $1,500.

## SIR HENRY IS COMPLIMENTED

### London Sphere Pays Tribute to Head of Canadian National Railways

Although is seems a considerable time ago since Lord Claud Hamilton was severely censured by a large section of the press in Britain for engaging an American to lift the Great Eastern Railway system out of the rather uncomfortable economic position into which it had fallen, it seems almost as long since his critics began to discover that Sir Henry Thornton could be called a real railway "find" capable of doing all that his employers were assured he could do, says the Victoria Times editorially. It is not surprising, therefore, that the leading journals in the Old Country were lavish in their praises of his ability when he paid a visit to the other side of the Atlantic recently. This tribute, selected from The London Sphere, whose editor, by the way, knows Canada and Canada's railway and other problems fairly intimately, is complimentary enough to cause any ordinary mortal's chest to expand:

"To put a soul into so inanimate a thing as a railway system, and make it a living, vital entity, may seem an impossible task. It has, however, been accomplished in three short years by Sir Henry Thornton, who has returned from his first visit to London since he left to take command of the Canadian National Railways, the largest railways system in the world, except the German State Railways, which unites all the railway systems of that country under Government control. The Canadian National Railways system has a mileage of more than 22,000 miles; it also controls and operates an express company, a telegraph company of over 100,000 miles of wire, and a merchant marine fleet of more than sixty vessels, built during the war for economic purposes. All these are under the administration of Sir Henry, who, to keep in touch with the army of 100,000 men employed by the railway, has impressed wireless into his service, and, in addition to concerts, often himself addresses the men and the Canadian public on what has been done by the company, and the things which should be done better, thus coming into almost personal contact twih the whole staff and a great portion of the clientele of the railway."

**Appreciated Here**

Sir Henry Thornton does not have to go to Britain to be appreciated. Even the leader of the Conservative Party in Canada agrees that he is an excellent man for the task with which he is intrusted. The general public of this country, of course, has a pretty accurate idea of the size and difficult nature of that job and they recognize in the monthly statements issued by the national system a state of affairs which is rapidly changing for the better. They also appreciate the human equation which has entered into the policies Sir Henry has adopted and regard the personal touch as of just as much value in the conduct of a great organization as it is in the conduct of a small private or family concern.

## ENGAGEMENT

Mr. and Mrs. Edward Lipsett of Vancouver announce the engagement of their daughter, Evelyn Beatrice, to Dr. Clarence Albert Ryan of Northville, Mich. The marriage will take place in Detroit on January 8. The bride-elect is well known in Prince Rupert, having visited here on various occasions. She is a graduate of McGill University.

## MARRIAGE OF MUCH INTEREST

### Miss May Pringle Became Bride of Cecil G. Nason at Pretty Ceremony this Afternoon

Amid a scene of beautiful seasonal decorative effect and in the presence of an assemblage of friends and interested spectators that filled the First Presbyterian Church almost to capacity, one of the season's prettiest and most interesting weddings took place at 2:30 this afternoon, Rev. H. C. Fraser officiating, when Miss Mabel May Fielda Pringle, daughter of Mrs. T. E. Pringle, Emmerson Place, Prince Rupert, was united in marriage to Cecil George Nason, son of Mrs. J. B. Nason of Port Moody.

The bride, who entered the church on the arm of her brother J. Howard Pringle, who gave her in marriage, presented a most charming picture in her wedding gown of ivory crepe-back satin with seed pearl trimming. She wore the conventional veil and carried a bouquet of Ophelia roses and freesias. The bridesmaid was Miss Dorothy Tremayne who was dainty indeed in a dress of Nile green georgette with tulle scarf and silver green hat to match. She carried a bouquet of pink carnations and mauve chrysanthemums. The bride's mother was elegantly gowned in rust colored cut velvet with hat to match.

The wedding march was played by Miss Blanche Curtin and, during the signing of the register Miss Nada Johnstone sang "All Joy be Thine."

The groom was attended by Norris W. Pringle, brother of the bride, and the ushers were David Barlow and W. Norman Chater.

Following the ceremony, a reception is being held at the home of the bride's parents. Mr. and Mrs. Nason will sail this afternoon on the Cardena for Vancouver and Seattle, leaving Seattle on the steamer H. L. Alexander for San Francisco where the honeymoon will be spent. They will later return to Vancouver where they will take up their residence.

The bride's travelling dress is of fuchsia chamelaine trimmed with fawn and fuchsia embroideries and with coat of fuchsia shade flanneline with fawn fur and hat to match.

The happy couple are widely known and very popular in Prince Rupert. Mrs. Nason has lived here since school girl days and has ever been active and highly esteemed in the younger social circles. For several years she has been attached to the staff of Williams, Manson & Gonzales, barristers and solicitors. Mr. Nason was for a couple of years on the local staff of the Royal Bank of Canada, having been transferred to Vancouver about a year ago.

Congratulations are being extended to the couple by a host of friends who will wish them happiness and prosperity in their married life.

## DRY DOCK ACCOUNT PRESENTED TO CITY

### Bill for Power Supply in November and December is Rendered

At the meeting of the city council last night a report was read from the superintendent of utilities making observations on the account rendered to the city by the Canadian National Dry Dock for current supplied between the period from November 7 and December 14, while the city plant was closed down.

The account had been based on a 37 day period although actual operating days had been 35 and 1-6th days the difference in time being accounted for in the breaking in of crews and adjustments. There was a credit of operating on this account of $42.00 for oil which had been used through ths turbines but which could be used again after filtering. On motion of Ald Casey the report was laid on the table for a week.

## FRIEDA HEMPEL TO RESUME SINGING

### Opera Star Has Had Five Years' Vacation; Against Women Smoking

NEW YORK, Dec. 29.—Frieda Hempel, concert and opera singer, returned on the White Star liner Majestic with the announcement that after a five years' vacation she expects to appear in opera next year in Germany and with the statement that she would like to start "a big drive against women smoksmoking."

Miss Hempel, before launching her attack on women smokers, emptied her purse of cigarettes, saying she was going into training for her annual concert tour of the country shortly. Smoking, she said, was bad for singers throats and bad for women's health.

Miss Hempel was met by her husband, William Kahn, New York banker. She denied the report of a separation.

"My husband and I are terribly happy together," she said, "and the secret is that we both have our careers."

## TOBACCO TRUST IS CHARGE OF REPORT

### American and Imperial in Restraint of Trade, President Coolidge is Informed

WASHINGTON, Dec. 29.—The federal trade commission in a report to President Coolidge today, with all of its members in agreement, informed the executive it has developed evidence which partly supports the charge that the American Tobacco Co. of New York and the Imperial Tobacco Co., London, were a monopoly and were in restraint of trade."

The report was made following a ten-month investigation ordered by the senate to determine if the tobacco corporations were conspiring together to boycott tobacco growers who sold the output of their plantations through co-operative marketing associations.

Union steamer Cardena, Capt. J. A. Findlay, returned to port at 10.15 o'clock this morning from Anyox, Alice Arm and Stewart and will sail on her return to Vancouver and way ports at 5 o'clock this afternoon.

# Manufacturers Announce a NEW TIRE WARRANTY

## Effective January First, 1926

THE Tire Manufacturers of Canada are putting into effect on January 1st a new policy of great importance and advantage to the motorists of Canada. Thereafter, every pneumatic tire will be guaranteed for 90 days—solid tires for 180 days—from date of first road-wear, against defects of material and workmanship. The unfair basis of adjustment, which has survived from the early days of the industry, is abolished.

Tires of standard make now give such high average mileage—two to three times the maximum mileage of tires in the days when the old basis of adjustment was established—that the 90-day warranty, with its benefits to the public and to the industry, now becomes possible. If a tire contains a defect, it will show within 90 days. A standard make of tire which discloses no defect during the first 90 days use, will give long mileage—barring accident or misuse.

The old adjustment basis developed flagrant abuses. Unprincipled merchandisers used it as bait to sell poor tires. Unprincipled motorists imposed dishonest adjustment claims upon tire dealers and tire manufacturers. The honest motorist paid for these, because adjustments have always been a factor in making tire prices.

To-day you buy standard tires with confidence, knowing that the manufacturer has no doubt as to their quality. You buy tires as you buy shoes, clothing, furniture—knowing that you get enduring value for every dollar you pay.

Manufacturers of the United States sell tires only under 90-day warranty, and have done so for the past 18 months. The twenty-five million motorists of the United States buy their tires under this plan. They are satisfied with it.

They have been freed, as you will be, from the adjustment burden of the dishonest motorist, and of the motorist who shortens the life of his tires by abuse.

Hereafter you will pay only for *your* tires; you will no longer be penalized by the operations of the professional adjustment-seeker.

The manufacturer will continue to take care of genuinely defective tires; the 90-day warranty period will enable him to do so.

### CHAMPION GROWER OF HEAVY CROPS

**Horace Johnson has Farmed Twenty Years with Average 28 Bushels to Acre**

CHAMPION, Alta., Dec. 29.—(By Canadian Press)—Western Canada's agricultural history abounds with records of enormous wheat yields per acre, but this district advances the name of Horace Johnson, an old timer of the Champion community, for the title of the most consistent producer of good crops.

For more than twenty years Mr. Johnson has farmed in this district and according to figures he has kept, has averaged a yield of about twenty-eight bushels to the acre during the entire period. Mr. Johnson has never experienced a crop failure although he has suffered losses similar to other farmers from natural causes.

### WONDERFUL AIR STUNT.

**Airplane Takes off and Lands on Dirigible**

LONDON, Dec. 29.—The airship R33 made a short flight from Pulham, leaving the hangar at 12:35 p.m. She was seen over Norwich and returned to Pulham shortly after 3 o'clock. An aeroplane was detached at a height of about 2,000 feet and was successfully rehooked about five minutes afterwards.

The Air Ministry stated that the unhooking and rehooking tests were both carried out successfully without a hitch. After climbing several thousand feet R33 flew steadily along, and the pilot then descended from the airship to his seat in the cockpit of the aeroplane. The trapeze to which the aeroplane is fixed was fully unwound and the machine was swinging in the air about fifty feet below the airship. Squadron Leader Haig then pulled the release levers, dived his machine, then freed from the trapeze, until he picked up his engine. Returning to the neighborhood of the airship the airman adjusted as far as possible his speed to that of the airship. When this was accomplished the aeroplane pilot, who was flying at about the same level as that of the lowered trapeze, pointed the nose of his machine directly at the bar of the trapeze. His hooking-on guide, which is carried on the top of the aeroplane, made contact with the bar at once and, after the swinging of the machine had somewhat subsided, the trapeze was slowly wound in, bringing the aeroplane to its normal position.

### AROUND VANCOUVER ISLAND TRIPS IS PLAN OF C.P.R.

VICTORIA, Dec. 28.—According to announcement made here by the Canadian Pacific Railway Co. cruises around Vancouver Island up the west coast and down the east will be instituted next year as a tourist attraction. The Princess Mary will be the vessel used and the voyages will be of eight days' duration.

### HOTEL MAN DEAD.

NELSON, B.C., Dec. 28.—John ("Swedie") Nelson, aged sixty, trustee of the Kootenay Hotel and a resident of that hostelry for thirty years, dropped dead in the hotel. He was a patient in hospital three weeks, but left the institution at noon on the day of his death.

### FINE PROGRAM AT CHRISTMAS TREE

**Many Little Girls and Boys Took Part in Affair Held by Pythian Lodges Last Night**

A delightfful program under the direction of Mrs. P. H. Linzey and Mrs. Sid Hamblin in which many little girls and boys participated was the feature of the Christmas Tree entertainment of the Knights of Pythias and Pythian Sisters which was held last evening in the Boston Hall. The affair was attended by some 80 children and a good representation of parents. Refreshments were served and the usual ceremonies in connection with the arrival of Santa Claus and the unloading of the tree took place. Mrs. W. N. Hoss and Mrs. Fred Wermig comprised the committee in general charge of the affair.

The program was as follows:

Piano Solo—Margaret Gilchrist.

Vocal Solo—Mabel Ivarson.

Recitations — Eva Morris, Eileen Green and Adelia Thurber.

Dialogue—"The Doctor," Eileen Hamblin and Grace Allen.

Tableau, "Star of Bethlehem," by fourteen girls of the Sunbeam Class of the Baptist Church—Helen Hampton, Helen Clarke, Olive Foss, Edith Johnstone, Kathleen Watson, Lillian Davis, Christina McLeod, Annie McLeod; Star of Bethlehem, Megan Morris; candle bearers, Dorothy Grimble, Lillian Jones, Adelia Thurber and Eileen Hamblin; little angel, Betty Arthur.

Holly Drill by 12 girls of the Sunbeam Class.

Playlet, "A Strike in Santa Claus' Land"—Santa Claus, P. H. Linzey; Mrs. Santa Claus, Miss Thelma Bunn; fairies, May Jones, Peggy Smith, Enid Morris and Viola Carr; Jack Frost, Ralph Johnson; Brownies, Tom Johnstone and Kenny Green; little girl, Joan Arthur; doctor, Robert Gilker.

M. L. Stepp was chairman.

## In The Letter Box

### BOY'S BAND

Editor, Daily News—

We would appreciate a portion of your space to publish this letter of appreciation to those who contributed to the formation of the Boys' Band.

The band was organised on August 1 and a splendid response was made to our soliciatation for funds for instruments. We have delayed publishing the names of those contributing as several institutons promised to assist and we have been waiting for their promise to be fulfilled. The following donations are very gratefully acknowledged:—

| | |
|---|---|
| C. C. Robbins, Chicago | $160.00 |
| E. C. Gibbons | 50.00 |
| Cyril Orme | 30.00 |
| City of Prnce Rupert | 150.00 |
| 102nd Battalion Band Fund | 100.00 |
| Elks (proceeds of dance) | 61.10 |
| Sons of Canada | 25.00 |
| | $516.10 |

Colonel S. P. McMordie generously donated a very fine silver plated cornet.

E. Cavanelle and F. Dibb each purchased instruments for their boys, and other parents we understand are ordering or have ordered instruments.

The Rotary Club has guaranteed the sum of $325 to meet formation and instrumental expenses.

The first recital held on December 2 netted ninety-eight dollars.

The whole of the above cash contributions has been expended on instruments, and arrangements are complete to engrave the instruments with a donor's name.

J. W. NICHOLLS.
W. D. VANCE.
H. H. LITTLE.
Boys' Band Committee.

### TRAIN FARMERS IN ENGLAND BEFORE COMING TO CANADA

LONDON, Dec. 29. — A meeting in support of the Empire League for Training and Oversea Settlement was held at Caxton Hall, Westminster.

A. A. Somerville, M.P., who presided, said the scheme was not calculated to interfere with any existing scheme. Great Britain wanted room and the Dominions wanted people, but whereas the latter wanted agriculturists, the population England could spare was industrial. The problem was to make that spare population acceptable to the Dominions, and these people would have a very much greater chance if they had some degree of training before leaving this country. That was the aim of the Empire League, which proposed to take land—they had a farm in view 25 miles from London— and prepare the farm for the reception of a number of families, and young men as well. The War Office could provide them with huts at a very reasonable cost, and Canada and Australia were prepared to supply instructors. A man would thus go out, after six months' or a year's training, to the Dominions with some degree of familiarity with agricultural work, while his wife would be trained in milking, making butter, keeping poultry, and cooking.

The upkeep of the farm would, he thought, be fairly simple. Boards of guardians had stated that they would be prepared to send families and pay for their maintenance; the British Legion, if they sent families or young men, were also prepared to pay for maintenance, and no doubt if they made good some contribution would come from the government. The initial cost, however, was about $150,000.

### VANCOUVER TO HAVE DEFICIT

**Liquor Profits and Race Taxes Away Below City's Expectations**

VANCOUVER, Dec. 29. — Vancouver faces a revenue shortage of $79,000 owing to the failure of the city's share of the government liquor profits and the pari-mutuel tax to come up to expectations this year, reports A. J. Pilkington, city comptroller.

The figures announced at Victoria will not help Mr. Pilkington to avoid the threatened deficit on the year's operations.

They show that the total receipts to the city from liquor profits will amount to $212,000, while the anticipated revenue from this course was $275,000, leaving a shortage of $53,000.

There was a similar slump in the receipts from the pari-mutuel tax. Based on the figures of 1924, when $91,000 was received from this source, the sum of $75,000 for 1925 was considered a conservative estimate. Yet the receipts amounted only to $49,000 leaving a shortage of $26,000.

City revenue from the motor tax which is car-marked for road improvements amounted to within $100 of the estimate, which was $94,000.

**City Facing Deficit**

As expenditures during the year were based on these estimates this total shortage of $79,000, combined with a large over-expenditure in the relief department, is expected to make the task of avoiding a deficit on the year's operations almost impossible, although there is much speculation at the City Hall as to the possibility of the deficiency being made up from unexpected sources such as the untaken tax rebates which in 1924 amounted to $58,000.

### STEAMER MAY QUIT SERVICE IN SOUTH

**Well Known Boat Here Taken Off Run and Plans For Future Uncertain**

NEW WESTMINSTER, Dec. 29. — Steamer Skeena, old time stern-wheeler on the Skeena River and for the last several years on the Fraser service between New Westminster and Chilliwack, has been taken off the run until further notice. Shareholders in the company are endeavoring to make new arrangements, as they do not want to see the last of the veteran type of ships in river service leave the run.

Captain Charles Seymour, master of this boat, was taken to the hospital in New Westminster several nights ago, ill. Captain Seymour has been a river master for 35 years, and is known to every farmer and settler along the river.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

### DOING WELL IN PEACE RIVER

**People Who Left There Two Years Ago Are Planning to Return**

WINNIPEG, Man., Dec. 29.—(By Canadian Press).—Canadians in the United States who abandoned their Peace River homesteads two years ago, when times were particularly hard, are making constant inquiries concerning conditions for making a return migration there next spring, according to R. N. Munroe, assistant divisional commissioner of immigration for the western district, who has just completed an inspection of the Peace River territory.

Peace River farmers who two years ago were heavily in debt, today have between $400 and $500 in the bank, Mr. Munro stated. There was general prosperity and everyone was optimistic about the future and in a mood to stay. Anything could be grown in the Peace River soil, Mr. Munro asserted. Improvement of conditions in the district was due to several factors, the chief among which he cited a material reduction in the freight rates. Other contributory factors were the plentiful harvest garnered without mishap, better grain and cattle prices.

The need of the community was for more trackage leading directly out than at present, while settlers in the southern areas were sorely in need of adequate transportation facilities.

He was certain that the generally improved conditions in the Peace River district would lead to a great influx of new as well as former settlers.

### RICH VEIN IN CARIBOO FOUND

**John Larsen, Sourdough Prospector, Negotiates Sale to English Firm—Assays $1000 Ton**

A big gold strike, with values running as high as $1000 a ton, is reported from the Cariboo country. The discoverer is John Larsen, an old time prospector with experience extending over many years in British Columbia, Mexico and the Yukon. Sale of the property is now being negotiated with a large English mining firm.

The discovery is located about 90 miles north east of Williams Lake and lies on Keithley Creek. It is known as the Yank's Peak claim, and is on top of the mountain of the same name, 6500 feet up. At the thirty-five foot level free milling gold to the extent of 50 ounces to the ton has been taken out. About a dozen claims are bound up in the sale negotiations.

Larsen, who is in Vancouver at the present time making arrangements for the sale of the property, claims that he has discovered the mother lode of the right placer gold claims on the creek. His property is about three-quarters of a mile above the rich "Lucy" placer claim.

### FLORIDA SEASON IS NOW OPENED

**Heavy Program For Tourists and Pleasure Seekers in the "Boom State"**

PALM BEACH, Fla., Dec. 29.— The "Florida season" has begun and from now until mid-March the Peninsula state will hang heavy on the map with winter tourists.

Thanksgiving was the official opening of the winter season at a number of the semi-tropical resorts. Others, more or less popular centers of social and recreational activity, have no special dates for beginning the whirl and rush of receiving vacationists, but rather keep "open house." This commenced from the turning of the first leaf in the North and will last until the last tourist departs in the Spring.

Actual tenure of the social season is determined by the whims of society.

In late years there has been evidenced a decided trend to synchronize the Florida season with that of the French Riviera, to which the local salient is proving a mighty competitor. While Fifth Avenue tailleurs and modistes are showing what the beau monde will wear at Palm Beach and on the Cote d'Azur, this concession to the foreign playground is being sharply off-set on the Rue de la Paix, where mesdames are viewing that which will be chic at Palm Beach this year.

**Honeyed Air**

Closely following Yuletide holidays, Palm Beach, a city whose chief heritage is a honeyed air, a strip of palm-fringed sand, a shining sun and a singing sea, begins to acquire all the accoutrements of a metropolis. Here come the hosts of society, here come the men and women of big and little fame; the legions of rich and newly-rich—all to romp on the beaches, to frolic in the surf, to relax in the shade of palm-studded glades. Palm Beach becomes the capital of society for a season.

Although Palm Beach is the heart of Florida's winter vacationing area, other resorts and even non-resort sectors bear their share in providing amusement and recreation to the incoming fugitives from colder and barer scenes.

From St. John's on the east coast, down around the little keys and up to the bend of the Gulf on the west coast the visitor rests, as well as in lake towns and other interior resorts. A number of out-of-state millionaires maintain palace-like homes along the coasts and in the interior, while other wealthy visitors locate their magnificent bungalows on little coral-based keys, just large enough to give space to a house and "elbow room." Seen from a distance these islets, with the sky as a background and a light-colored base, have the fairy-like appearance of islands floating in the air.

**Augmented Service**

To meet the anticipated increase in tourists this season new de luxe trains have been added to the already heavy regular schedule from Florida to New York and Chicago. A coastwise steamship line has eliminated a regular out-of-state port of call and extended its southernmost terminus from Jacksonville to Miami, while a new line has been inaugurated between Miami and Havana.

Hotels have been refurnished and expanded, and numerous cottages for tourists' use have sprung up in readiness for the big rush.

## PREPARING FOR NEXT ELECTION

**Mayor, Five Aldermen, Three School Trustees and Two Police Commissioners to be Chosen**

At the meeting of the city council last night it was moved by Ald. Casey and seconded by Ald. Larsen that nominations for Mayor, Aldermen, School Trustees, and Commissioners of Police be received in the City Clerk's office from 12 noon to 2 p.m. on Monday, January 11, 1926, and that the poll, be opened in the council chamber, City Hall, on Thursday, January 14, 1926, between 8 a.m. and 8 p.m. E. F. Jones, City Clerk, was appointed returning officer with the following deputy returning officers: E. Unwin, John Allan, E. Hudson, and E. S. Allistone. Assistants as far as possible will be selected from the city hall staff.

Nominations will be received for one alderman, for one year, to fill the vacancy caused by the resignation of Ald. McMordie as alderman, and for one police commissioner to fill the vacancy caused by the resignation of James Coombs.

The regular list of those to be elected includes the mayor, four aldermen, three school trustees and one police commissioner.

A letter of resignation was read from Ald. McMordie in view of his contemplated nomination in the forthcoming mayoralty election. The letter thanked the council for the consideration shown him during his tenure of office as alderman and wished the council members the compliments of the season. On motion of Ald. Casey, seconded by Ald. McKechnie, the resignation was accepted.

A letter of resignation from Police Commissioner James Coombs, who has been in indifferent health for some months past and is now undergoing hospital treatment in the south, was read and upon motion by Ald. Larsen, seconded by Ald. Smith, was accepted.

## NO ACTION TAKEN ON ROCK CRUSHER

**Aldermen Decided Last Night to Leave Matter to 1926 Council**

That the question of the removal of the rock crusher from its present location on Sixth Avenue West be left for the incoming council to decide upon was the way the matter was disposed of at last night's council meeting on motion by Ald. Casey, seconded by Ald. Larsen.

Ald. Perry was of opinion the matter should be laid over for another week in view of the fact that the proposed new sites had not yet been properly inspected.

Ald. Casey said that no matter what the present council did about the rock crusher the incoming council would act according to its own decision. He did not think it was up to the present council to give a decision in the matter. He was still of the same mind, as expressed previously, to prepare a local improvement bylaw for the grading of Dunsmuir and Seventh Avenue and then strip off the hill on the west side. However that was all subject to the approval of the next council. The removal of the rock crusher from its present site to Seventh Avenue would cost the city some $3,000 or $4,000. The streets had to be filled and while making up the bed of the streets the quarry was being also made. Ald. Perry concurred in this suggestion.

Ald. Larsen thought it only fair that Seventh Ave. and Dunsmuir Street bylaw should be pushed ahead as the improvement was needed badly.

### LAND ACT

**Notice of Intention to Apply to Lease Land**

In Queen Charlotte Islands Land Recording District of Prince Rupert, and situate two and one-half miles west of Alford Bay, Skidegate Inlet.

TAKE NOTICE that B.C. Fishing & Packing Company, Limited, of Vancouver, B.C., occupation Salmon Canners, intends to apply for a lease of the following described lands:—

Dated this 19th day of December, 1925.
NORMAN A. WATT,
Official Administrator

## MISS LOUIE FISHER IS HEARD HERE

**Local Girl, Assisted by "Zip" McCutcheon of Burns Lake, at Westholme Theatre**

A large audience had the opportunity of witnessing an effective vaudeville farce at the Westholme Theatre last night performed by local talent when Miss Louie Fisher, daughter of Mr. and Mrs. W. S. Fisher, assisted by "Zip" McCutcheon, of Burns Lake, performed a comic sketch entitled "Between Trains."

Miss Fisher, who has met with considerable success as an entertainer in Vancouver recently, showed much aptitude as a comedienne and her cross patter was put across well. McCutcheon gave excellent support.

The sketch portrayed a young married couple who had missed their first train and while waiting for the next train to pull out indulge in all sorts of witty chatter peculiar to the situation.

The turn will be repeated tonight.

## JOBLESS MEN IN EDMONTON

**Drive on City to be Made and Serious Situation is Expected**

EDMONTON, Dec. 29.—The question of dealing with unemployed will be a serious problem in the city this winter, according to present indications. It is becoming apparent that gangs of workless men will make Edmonton their objective within the next few weeks and familiar figures in the unemployed ranks are preparing plans in which the city is an important factor.

A. J. Boulter, of Calgary, who last winter led the unemployed trek to Edmonton, captured a freight train and, with his followers, spent the night in local cells before being sent back, has been in Edmonton during the past few weeks. He has been cooperating with local unemployed bodies in organization work, and it is understood that Edmonton has been chosen the target for impending activities.

**Visit Legislature**

Probably one reason for the choice is that Edmonton is the capital city, and in addition to making claims from the municipality representations can also be made of the provincial government when the house opens for the winter session.

A request that all labor work now being done in the city be undertaken on a basis of one week on and one off, was laid before the city commissioners by a deputation from the local unemployed. It was claimed that this would relieve unemployment and provide assistance to families that are destitute.

### LAND ACT

**Notice of Intention to Apply to Lease Land**

In the Queen Charlotte Islands District, Land Recording District of Prince Rupert, and situate on the Foreshore of Yestalton Bay, Massett Inlet.

TAKE NOTICE that Eugene H. Simpson, of Massett, occupation cannery manager, intends to apply for a lease of the following described lands:—

Commencing at a post planted on the high water mark about 90 chains west from the northeast corner of Lot 1550; thence north 300 feet to low water mark; thence northwesterly 500 feet more or less; thence west 100 feet to the northwest corner of E. H. Simpson's application to lease; thence southeasterly following the high water mark to the point of commencement, and containing two acres, more or less.

EUGENE H. SIMPSON,
Applicant.
Per Fred. Nash, Agent.
Dated November 9th, 1925.

### LAND ACT.

**Notice of Intention to Apply to Lease Land**

In Prince Rupert Land Recording District of Coast Range 5, and situate on North Rachael Island.

TAKE NOTICE that Alfred Swanson, of Prince Rupert, occupation Mariner, intends to apply for a lease of the following described lands:—

Commencing at a post planted on the south point of North Rachael Island; then around high water mark to the point of commencement, and containing 30 acres, more or less.

ALFRED SWANSON,
Applicant.
A. E. Wright, Agent.
Dated October 26th, 1925.
Prince Rupert, B.C.

## THE MAN IN THE MOON says:

SOME of these Christmas neckties remind one of the comic Sunday supplements.

IT takes a clever woman to buy a man a necktie he really appreciates.

WHAT is hoped for now is that no one will have the heart to start in shooting out bills on the Eve of the New Year.

I READ of a man doing a somersault when hit recently during a prize fight. Well, that's a good deal better than doing a nose dive.

WHEN it came down to buying the old man a Christmas gift a nickel was about the maximum amount of that particular gift appropriation.

THE next big deal the city has on its hands is ushering in the New Year. Thank goodness we have a few Scotsmen in our midst to assist us.

A MAN recently killed himself in London after getting his shoes shined. What a waste of money!

IT seems to me the most useful man in the orchestra at the movies is the drummer. He certainly does his bit to drown out the gum chewers.

A GOOD idea for a slow motion picture the completion of the road to Galloway Rapids.

IF laughing makes one grow fat we know a few people around town who must have done their share of letting their face slip.

PRINCE Rupert was heavily attacked on Christmas Day by turkey but repulsed with heavy loss. Father, mother and the kids got into the front line trenches and chewed him up in great style.

## Ten Years Ago in Prince Rupert

**December 29, 1915**

In spite of the fact that December is the off month in halibut fishing, a total of 1,191,600 pounds was landed at Prince Rupert this month.

It is reported that shoals of herring have been seen off Port Simpson so they may be expected to invade Prince Rupert harbor any time now. Under the new regulations herring fishing is bound to be carried on much more successfully this year than ever before, while halibut men will have ample supplies of fresh bait.

The following office bearers were elected for 1916 at the annual meeting of the Board of Trade held last night, president D. G. Stewart in the chair: President, Geo. W. Nickerson; vice-president, G. A. Woodland; secretary-treasurer, M. J. Hobin; executive, H. S. Wallace, M. Albert, L. M. de Gox, W. J. M. Sandels, G. L. Clayton, W. E. Williams, G. A. McNicholl, A. C. Garde, A. Davidson, S. E. Parker, W. P. Lynch, M. P. McCaffery, O. H. Nelson, Capt. Babington, and J. G. Steen.

## SPORT CHAT

Arrangements are being made to have the Prince George hockey team registered with the British Columbia branch of the Amateur Athletic Union of Canada. It is planned to enter the intermediate class so that the town may meet at the end of the season for the provincial championship the winners of the circuit which now consists of Kamloops, Salmon Arm, Enderby, Ashcroft, Revelstoke and Princeton. Arrangements are still in the formative stage but it is hoped they will be successfully completed. Owing to the distance, it is of course impossible for Prince George to engage in the regular season's schedule of games.

The following have been named chairmen of the eight committees which govern amateur sport in Canada under the Amateur Union of Canada: National Registration, J. I. Morkin, Winnipeg; National Records, R. C. Irwin, Montreal; Affiliations and Alliances, Prof. T. R. London, Toronto; Boxing, Wrestling and Fencing, A. E. Tannant, Vancouver; Track and Field, R. C. Chambers, Fort William; Gymnastics, O. S. McCutcheon, Ottawa; Publicity, B. W. Bellamy, Medicine Hat; Women's Activities, J. de Gruchy, Toronto. The president of the Union is Jack McVicar of Winnipeg.

A world championship dog derby to the "top of the world and back," will be run for the first time in the history of dog mushing at the Banff winter carnival this year. This course, from Calgary to the Great Divide and back to Banff will be the longest dog race ever staged, according to records, and will exceed The Pas derby by 23 miles. The Strongheart trophy and $1,000 in cash will go to the winners. From Calgary, the dog teams will travel to a height of 5,300 feet over a distance of 133 miles. The contestants will then return to Banff via Lake Louise, completing the distance of 173 miles. The course lies over the most rugged scenery in North America and will be the most unique ever made by a dog team. The championship dog derby will be made an annual event at the Banff winter carnival. Among the mushers who have already entered for the race are Ike Mills, with his team of famous all blacks; Harry Knight, the 19-year-old boy who has captured the Strongheart trophy twice and needs a third victory for its permanent possession; Jim Boyce, Fred Pepper, George Child and others.

# The Man Who Talked at Random

**HE sat in the window-corner of the Pullman's smoking compartment, and breathed fatly and uttered large opinions in a suety voice. It grew late, as so often it does; and he put the quietus on a discussion with the ponderous statement:**

**"I don't read advertisements. They have no effect on me at all. I'd never miss them if they stopped printing 'em."**

**Then he glanced at his advertised watch and sought his lower birth.**

**In the morning the ad-skeptic contorted himself out of his advertised pyjamas into his advertised underwear, drew on his advertised socks, adjusted them with his advertised garters, got into his advertised clothes, laced his advertised shoes and added himself to the congestion in the wash-room.**

**There he shaved with an advertised razor, using advertised shaving cream; brushed his teeth with an advertised toothbrush and advertised dental cream, washed with advertised soap, and brushed his hair with an advertised brush. Buttoning his advertised collar on an advertised button, he neatly knotted his advertised tie, gave his advertised suspenders a tug or two, and finished dressing.**

**Let us leave him there, this man who never reads advertisements!**

**Everything worth using is advertised. Everything that isn't, rarely is.**

**Read the advertisements for value's sake**

## URGES CARE IN SELECTION.

**Immigrants Needed But Should Be of Right Type.**

At a time when this country is looking forward to an influx of immigrants it is to be hoped that greater vigilance will be exercised than in the past to prevent the entry of aliens of communistic tendencies, says the Toronto Globe editorially. These are people we do not need and do not want. It is true we might admit them without running grave risk of committing the country to Soviet rule. We might in time convince them that there are better "isms" than those they are attempting to promulgate, and we might make worthy citizens out of their children. But we are not likely to do so very easily, for they would make communism their religion, their government, and the end of all their efforts.

**British Justice**

It is a fine thing to talk about British justice and free speech, but British justice does not include an invitation to all the mad propagandists of the world to come and unset Church and home life, government and established institutions of commerce. There is a difference between free speech and communistic propaganda, but even if a time-honored citizen attempts to exercise the right of free speech to advocate the burning of the Parliament Buildings the law is likely to intervene. Social and political changes secured by the ballot box through the evolution of thought within the country is one thing; seeking changes through the importation of poisoned minds is quite another.

**Erratic Foreigners**

While there is little fear that this country will ever succumb to the thought of erratic foreigners, and while communism itself may not be more than a passing phase in the world's history, it is known that there are many of these agitators at work in Canada causing not a little mischief. There are numbers of them in Toronto working industriously in a way which does not bring them to the attention of the authorities. They are not all Canadians or British subjects. They are attempting to undermine the morale of the workingman in trade unions or otherwise, and their special mission is to the unemployed and to those dissatisfied with their earnings.

The point is that foreigners of this stamp have been allowed to come here, and they are busy attempting to break down existing customs and institutions. It is natural to suppose that the strict regulations which prevent them from entering the United States will make them more anxious to spread their doctrines on the continent through this country. Canada also has the right to bar them, and should not hesitate to exercise it.

## "MA-MA" DOLLS WERE CAUSE OF EXCITEMENT

**Railway Trucker at Calgary is Now Nursing a Grouch**

CALGARY, Alta., Dec. 29.—(By Canadian Press).—Hearing what sounded like a plaintive cry of a child in apparent agony, emanating from a huge packing case consigned to a local merchant, a railway trucker raced for appliances to open the case, meanwhile shouting to fellow employes to come to his assistance.

"Get an axe quick and smash open the case before the kid suffocates," the man appealed. He was about to wield a hefty crowbar when he was halted by a foreman.

"Where is this car checked from?" the latter queried.

"It's all the way from Winnipeg—and if we don't hurry the kid'll be dead," the trucker replied, excitedly.

Just then light dawned upon the foreman. He grabbed the iron bar and threw it to the ground. Plainly disgusted he walked away with the parting sally—"sure there's a kid in there—there should be a gross of them by right. It's just a consignment of 'Ma-Ma' dolls, so lay off the rough stuff unless you want to pay for the load."

The trucker is reported to be nursing a grouch.

## MANITOBA HAS RODENT PLAGUE

**Pair of Rats Will Produce Twenty Million Offspring in Three Years**

WINNIPEG, Dec. 29.— (By Canadian Press)—Manitoba is menaced by a veritable rodent plague and according to reports the fields are so badly infested in certain localities as to cause alarm. While the provincial department of agriculture has information of serious damage by rats and mice to grain in stacks and storage, the situation so far has not reached the stage where renewal of the "rat virus" campaign of a few years ago, is regarded as necessary by the authorities. Measures, however, are being taken in affected areas to eradicate the destructive pest.

Manitoba has no native rat, authorities point out, except of course, the muskrat. All the rats in the province have come in during the past twenty years, chiefly from the United States.

According to Prof. V. W. Jackson, of the Manitoba Agricultural College a pair of rats, given plenty of room and food, will produce 20,155,392 offspring in three years. One rat will eat two pounds of grain a year and do damage to a great deal more. The cost of upkeep per rat has been estimated at $1.80 in Great Britain, $1.20 in Denmark and $1.00 in France. The United States department of Agriculture, according to Prof. Jackson, estimates that there are 350 million rats in that country and that they cost the nation $200,000,000 a year—of that the equivalent of 200,000 farmers are kept busy raising food for rats. Rats have been known to attack live animals and fat pigs have died as a result of having holes eaten in them. The rodents occasionally gnaw the hoofs of horses until they bleed.

Except under unusual conditions, an actual plague of rats in Western Canada is regarded as improbable, says Prof. Jackson. Deep snow traps the rats and unless he is fortunately situated as to food and drink during the winter months, his numbers are greatly reduced. When food runs short, rats eat their young and often each other.

**TIMBER SALE X 7370.**

Sealed Tenders will be received by the Minister of Lands at Victoria not later than noon on the 21st day of January, 1926, for the purchase of Licence X7370, to cut 650,000 lineal feet of Cedar Poles and Piling on an area situated about three miles west of Port Clements, Graham Island, Queen Charlotte Island District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

**LAND ACT.**

**Notice of Intention to Apply to Lease Land**

In Queen Charlotte District Land Recording District of Prince Rupert, and situate at Shannon Bay.

TAKE NOTICE that Robert C. Gosse of Vancouver, B.C., occupation canneryman, intends to apply for a lease of the following described lands:

Commencing at a post planted on an unnamed island lying S.60 deg. W. (14 chains, more or less) from southwest corner of Lot 1548, Q.C.I., Range 5; thence following meandering of shore line of said island to point of commencement, and containing 2½ acres, more or less.

ROBERT C. GOSSE, Applicant.

## PRAGUE HAS ART SCANDAL

**Minister of Health Orders Removal of Nude Statuary From Academy**

PRAGUE, Dec. 29.—Prague also has its art scandal. A new State Institute of Health was to be opened, and one of the professors of the Academy of Art was entrusted with the work of external decoration. Without consulting anyone, he decided that the main entrance would be improved by allegorical figures of Health and Strength placed on either side, and that these figures should be nude ones of a man and a woman.

Unfortunately, the Minister of Health, who was to open the place in public, is none other than the Cthoic Monsignor Shramek, the leader of the powerful Clerical Party. When he learned of the decorations he took a private view, and then refused to open the institute until they had been removed. As it was impossible to remove the figures in time for the opening day, the Minister of Public Works decided on a compromise. Thus the reverend gentleman passed between two discreetly covered figures which did not offend the moral eye; pine and other leaves had been used in sufficient profusion.

After the opening the Minister of Health ordered the removal of the figures to the cellar to remain there until taken back to the artist's studio.

## NEW POWER LINE ALMOST COMPLETE

**Switch Lines Yet to be Installed on Shawatlans—Dry Dock—Elevator Connection**

According to a report made to the council by the superintendent of utilities and read at the council meeting last night the installation of a 13,000 volt line from Shawatlans Lake to the dry dock and from the dry dock to the elevator had been completed with the exception of the installation of two switch lines at the outer substation. The switch lines will be installed when minor articles necessary to properly completing the work are received and the elimination of other work done temporarily to assist in making a more rapid change over will also be carried out.

The report was laid on the table for a week.

## VALHALLA LODGE HOLD XMAS. SOCIAL

A very successful Christmas dance and social was held by the Valhalla Lodge last night in the Metropole Hall. About 50 couples attended and dancing was thoroughly enjoyed to delightful music furnished by Arthur's orchestra. Refreshments were served during the evening. Ald. Oscar Larsen acted as master of ceremonies.

The committee in charge of arrangements consisted of Andy Ackerberg, Ald. Oscar Larsen, Mrs. K. Hallberg and Mrs. Jack Iversen.

## NEXT MONTH'S SOLAR ECLIPSE

**London Scientists Leave For Sumatra to Make Observations**

LONDON, Dec. 29. — Dr. F. J. M. Stratton and Dr. F. W. Aston, the Nobel prize-winner for his work on isotopes, have left England for Sumatra, where they will make observations in connection with the total solar eclipse which will be visible there on January 14 next.

As is now well known, it is only possible to observe the solar corona on the occasion of a total eclipse of the sun. The corona is a very faintly luminious structure, about as large as the sun itself, composed of gases and perhaps dust which surround the sun at very great distances. It has its own bright line spectrum, and includes one so far unknown line, which is very bright and well-defined in the green portion of the spectrum. This line has hitherto been attributed to an unknown hypothetical element provisionally called "Coronium," but is suspected to be due to some quiet well-known type of atom, in a state which can only exist under the circumstances found in the corona.

Whereas the position of the spectral lines in the corona is pretty well known, Professor E. A. Milne, of Manchester, has been able to make certain predictions of their relative intensities on the basis of the Bohr theory. The pressure in the corona is similar to that in a very high vacuum. Atoms can travel very long distances between collisions with other atoms and manifest their properties more or less undisturbed. It follows, therefore, that the conditions in the corona for verifying astrophysical theory are much more satisfactory than those which would or can be obtained under artificial circumstances in the laboratory. Dr. Stratton will, therefore, concentrate during the eclipse on the endeavor to verify Professor Milne's predictions.

## DOG AS DETECTIVE IS NOT INFALLIBLE

**Too Apt to Follow Wrong Scent, Often Misleads Police Officer**

BERLIN, Dec. 29.—The tests in connection with the Police Dog Training-School in Grunewald, near Berlin, show such unsatisfactory results that Major Most, the former head of the school, advocates the discontinuance of the police officer. Major Most has long maintained that it is impossible to prevent the dog's following a false scent once it has crossed the original one.

Several trainers took up the challenge. The results bore out the theory that police dogs are excellent protectors of the man on duty, and the finest means of catching the criminal once he has been seen or started running, but must be considered untrustworthy when it comes to finding an unknown delinquent after some time has elapsed. Hitherto their evidence has been considered practically unimpeachable in country districts, where thefts of livestock and such like have led to their constant use over large tracts of country.

It is true that without further evidence the law does not prosecute any person found guilty by the dog who barks around him in triumph after long hours of seeking, but any such of the village as the criminal, and suffers in reputation accordingly. The dogs in question are nearly always German sheep dogs or wolf hounds, person is branded by the inhabitants known abroad as Alsations.

## LOCARNO TREATY AND GERMAN AVIATION

**Practical Result Expected in Berlin as Result of Agreement**

BERLIN, Dec. 29.—The negotiations agreed upon in London on the subject of Germany's future in the air, which were to have begun yesterday in Paris, are looked upon in Berlin as the first practical materialisation of the spirit of Locarno. It is not believed that the postponement will be of long duration.

"Back to Versailles" is, paradoxically enough, the slogan of German airmen in this connection, for the restrictions imposed at the London Conference in regard to size and carrying and climbing capacity gave a death-blow to German aerial progress, which the Treaty had apparently not foreseen. It is significant that these negotiations will occur just at the moment when Germany's two big air companies, the Aero-Lloyd and the Junkers are merged into one big concern.

**Subsidized Company**

Although ostensibly bearing the character of a private company this will be subsidised by the German government at the rate of eleven pfennigs (just over a penny) per head of the population. This is a much smaller subvention than that granted in France, which works out at 25 pfennings per head.

This company is empowered by the Reich to carry on all future negotiations in regard to international air routes. Germany has in this respect today a very strong position geographically—another paradox, as her position on the map of Europe has only been regarded as unfortunate till now. The German standpoint is that international co-operation is only possible for her on the basis of complete equality with all other nations in the air. Having come to regard, by force of Allied restrictions, the air fleet as an economic instead of a military factor, Germany demands that other nations should start looking at it in that light too.

The difficulties in flying over the occupied area and over the Polish Corridor have worked as great irritants during these past years. Another cause of heartburning was that the control has been exercised not only by a military commission but by a member of the firm of Vickers.

# Your New Year Gift

## for those That Were Forgotten

We still have a large selection of lasting gifts for you to choose from. A most wonderful line of cups and saucers at 50c, 75c, and $1.00. Don't overlook these Sterling Silver Pie Knives from $1.50 to $2.00. Sterling Silver and silver plate Salts and Peppers from $1.00 up. A full line of Sterling Silver Flatware in beautiful designs, priced according to weight.

Added Attraction—Miss Louie Fisher and "Lip" McCutcheon in Vaudeville turn "Between Trains.", at 8.45 p.m.

35c. and 10c.

## SYNOPSIS OF LAND ACT AMENDMENTS

**PRE-EMPTIONS**

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

**LAND ACT.**

**Notice of Intention to Apply to Lease Land.**

In the Prince Rupert Land Recording District and situate on an unnamed Islet in the Eastern entrance to Hudson Bay Passage near Dundas Island. Blue Print R.M. 14.

TAKE NOTICE that George Gordon Bushby of Prince Rupert, B.C., Manufacturer, intends to apply for a lease of the following described lands:—

Commencing at a post situate on a partly submerged reef of rocks radiating from same in practically a circle, having a radius of about 1,500 feet and containing 200 acres, more or less.

GEORGE GORDON BUSHBY.
