Tests of Recovery of Gold from Black Sands Queen Charlotte Isds.

New company of Philadelphia interests being formed in addition to Toronto Syndicate on Cabrera's Specifications

Conclusive results have been obtained after a period of nearly two years' continuous work on the gold bearing sands of Graham Island, announces Charles T. Cabrera, the originator of a cyanide process for the treatment of auriferous black sands, who concluded his work this year for a Toronto syndicate.

From September 26 to October 6 seventy-two tons of sands were dug from the beach on the northeast coast of Graham Island. These sands were screened and the screenings amounting to forty-eight tons were treated by cyanide. Three and five-sixths ounces of gold were recovered valued at seventy-six dollars, an average of one dollar and six cents per ton of sand mined.

The cost of the cyanide treatment summarized in records and data obtained during the test show:

Cost of cyanide per ton of sand treated, 53-8c.
Cost of soda per ton of sand treated, 23-8c.
Cost of zinc shavings per ton of sand treated, 11-2c.

This makes a total cost for cyaniding one ton of sand, 91-4c.

The above figures do not include overheads nor the cost of charging, discharging, filtering, retorting and refining, precipitates nor the costs of excavating and conveying the sands to the mill.

The properties on which the work was conducted consist of four placer mining leases situated on the northeast coast of Graham Island on Rose Spit and were purchased from Dr. and Mrs. J. C. Dunn, Charles Spence, Cecil Baker, Barbara Kench, R. E. Burger and J. A. Lane, all of Massett, and G. W. B. Fletcher and Charles T. Cabrera of Philadelphia (continued on page four)

Summary of Costs

Cost of cyanide per ton of sand treated, 53-8c.
Cost of soda per ton of sand treated, 23-8c.

SALTRY LOSS WAS REDUCED

Nearly Half of Fish That Was Thrown in Water Recovered—New and Larger Plant to be Built

According to word reaching the city on the Prince John last night, the loss as a result of the saltery collapse at Jedway a couple of weeks ago will not be as great as was at first anticipated. Of the 130,000 mild cured fish that went into the water with the wharf, 60,000 have been salvaged. The staff worked night and day for four days recovering it and putting up makeshift houses to replace those that were lost.

It is the intention of the Vancouver company operating the saltery to replace it with a new and larger structure that will be ready for next year's operations.

TORNADO TRAVELLING 80 MILES AN HOUR IN KENTUCKY DOES DAMAGE

LOUISVILLE, Ky., Oct. 17.—Houses were unroofed and many farm buildings destroyed and other property damaged when a tornado travelling at 80 miles an hour swept central Kentucky late Friday. The number of injured may probably reach 25 people, scattered among twelve towns.

COLLISION IN ITALY

BRESSANA, Italy, Oct. 17.—Twelve persons were killed and 20 injured this morning when a freight train crashed into a passenger train near here today.

Endorsement of Nickerson was Refused by Robert Forke Leader of Progressive Party

A political meeting early in the campaign the standing of George W. Nickerson as a representative of the Progressive Party was challenged by one of the speakers. Mr. Nickerson replied a few days later that if anyone doubted his standing, the wires were working, intimating that information could be secured.

The Liberal committee got busy and the following telegram received by Hon. J. H. King, leader of the B.C. Liberals, from Robert Forke, Progressive leader, has been forwarded to the local committee:

"Hon. Dr. J. H. King.
"Have not endorsed any candidate, have left this to constituents. Nickerson wired me for endorsement; did not do so; only told him Progressive platform was his to support if he so desired."
"Brandon, Man."

PEACE WINS AT LOCARNO

Formal Announcement Made of Signing of Final Protocol by Delegates

LOCARNO, Oct. 17.—Europe's great security conference ended last night in a victory for peace. At exactly 7.30 the European statesmen who made this victory possible threw open the window on the second floor of the Palace of Justice and, rejecting decorum, announced to the waiting multitude that the Rhine Pact and other treaties had been formally approved. One of them held aloft the final protocol bearing the signatures of all the delegations as proof that the conference had succeeded in its mission.

BRITISH EMPIRE EXHIBITION GOES INTO LIQUIDATION

Over Six Hundred People Hear Mrs. Mary Ellen Smith at Anyox and Vote of Support is Passed

ANYOX, Oct. 17.—Mrs. Mary Ellen Smith has won the hearts of the people of Anyox and a thumping majority for Fred Stork is assured here.

Upon notice of her coming, women irrespective of political party, organized to do her honor. Notwithstanding the delay in the arrival of the boat, the full program was carried out. The women were addressed at two social gatherings Thursday afternoon at the home of Mrs. J. A. Swanson at the mine Friday afternoon, and at the Elks' Hall at the Beach. The special value of the ballot was stressed in both addresses.

Two mass meetings eclipsing in numbers all meetings of the last two campaigns were held in which Mrs. Smith and H. F. Kergin upheld the Mackenzie King administration and shattered the attacks of the opposition. The mine meeting closed with a unanimous vote to support the Liberal candidate.

Mrs. Smith's address to a packed hall at the beach was perhaps the most effective in her career. The independent and undecided voters were obviously impressed. Altogether upwards of six hundred electors heard Mrs. Smith and many inquiries about registering were heard after the meeting.

Mrs. Smith and Mr. Kergin left for Alice Arm and will go on to Stewart before returning south on the Cardena Tuesday.

PRINCE GEORGE IS DUE AT 7.30 TONIGHT

C.N.R. Vessel's Arrival Delayed on Account of Heavy Fogs Down the Coast

C.N.R. steamer Prince George, Capt. Harry Nodden, is due to arrive in port from the south at 7.30 this evening, the delay being on account of fog. The George reported herself due here at noon until this afternoon when word was received she would not arrive until tonight. The train for the East, which had been held for her, was then despatched East at 2 o'clock.

KEEP AWAY FROM RUPERT.

Notice is hereby given to all persons living outside the city and who at present have intentions of coming to Prince Rupert for the purpose of obtaining work that it is advisable that they should give up their intention of so doing. The City Council has decided that no doles are to be given this winter and that all city work will be given to permanent residents of the city. Notice is further given that so far as the labor market in Prince Rupert is concerned it is fully supplied with labor and that Prince Rupert is a very undesirable place for persons to come to at present for the purpose of obtaining work.

E. F. JONES, City Clerk.

WORK CAR WAS HIT BY TRAIN

TERRACE, Oct. 17.—What might have proved to be a much more serious accident occurred on Thursday at Salvus East when the work car, on which Constable Eggleshaw of Terrace and W. Service, policeman from Smithers, together with the section crew from Salvus, was hit by a freight train in a rock cut near Salvus. The passengers all jumped to safety but the car was completely demolished.

Fogs Not Dense Like In South.

A reader of the Daily News rang up this morning to draw attention to the fact that while vessels were tied up in the ports of Vancouver, Seattle and Victoria, unable to move out owing to dense fog, the steamers here were coming and going as usual. We have had fog but not those dense fogs which make navigation impossible. The News' reader asks that we tell the people of Prince Rupert this.

It is a well known fact that fogs are neither as frequent or as dense here as they are in the south. That is one of the advantages of this port from a shipping viewpoint. It is easy to reach the ocean at any time and seldom is there fog that interferes with the movements of ships.

Pact Of Security Important Treaty.

The Pact of Security approved by the conference at Locarno is one of the landmarks of progress that will probably have a far reaching effect on future international life. It does not make war between the nations concerned impossible but it makes it extremely improbable.

The policy of the United States has been to keep hands off Europe and let them fight it out among themselves. Then came the great war in which that country became eventually involved. Still the United States holds back from making any pact or taking part in any treaty in which enforcement is necessary. Yet force is necessary and will be necessary for many years to come. Unhappily we are not in a position where pure reason has a chance to succeed as against the armed forces of the bigoted patriot.

So Great Britain and Italy have consented to be the arbiters of the security pact, promising to use force to make either France or Germany refrain from invading the territory of the other.

Grain Committee Is Appointed.

The permanent grain committee has been appointed and doubtless will get to work at once. The first work will be to lay down a permanent policy, the next to secure funds and third to engage a man to carry out the work. That seems to be the idea. At any rate, that was the feeling of the joint meeting of the board of trade and the city council held recently when it was decided to appoint the permanent committee.

The stamp of men who have been appointed speaks well for the outlook. Most of them have a little time that they can give to such work. One or two of them can give a lot of time to it. If they go to the task determined to get results, there is little doubt of the outcome.

POLITICAL BATTLE IN AUSTRALIA IS BEING CARRIED ON

Number of Issues at Stake in Contest Now in Progress in That Country

MELBOURNE, Australia, Oct. 17.—(By Canadian Press).—The government of the Commonwealth of Australia has been carried on by a coalition of the Nationalist and other out-lying issues are at stake in the present election campaign in the Commonwealth of Australia. E. C. G. Page, commonwealth treasurer, is the leader. The general election takes place on November 14. Meantime town and countryside throughout the several states of the Commonwealth.

wealth resound with the political battle in one of the warmest campaigns in the history of Australia.

The standing of the parties upon the dissolution of the House of Representatives was as follows: Labor 29, Nationalists 27, Country Party 14, Liberals 4, Independent 1; total 75.

While the Labor was the strongest group in parliament the government has been carried on by a coalition of the Nationalists, headed by Rt. Hon. Stanley M. Bruce, premier, and the Country Party, of which Rt. Hon. E. C. G. Page, commonwealth treasurer, is the leader. The general election takes place on November 14. Meantime town and countryside throughout the several states of the Commonwealth.

WOULD CHART Q.C. ISLANDS

Southern Shipping Men Urge That Lillooet Should be Replaced With Ocean Going Vessel

Coast shipping men are urging that a more thorough survey be made of the west coast of Vancouver Islands and the Queen Charlotte Islands. Although the hydrographical survey ship Lillooet has been charting some of the treacherous passes in the Queen Charlotte Island group and the west coast of Vancouver Island this summer, it is estimated by the shipping fraternity that a hydrographical survey ship should be maintained the whole year round until a thorough charting of west coast waters has been made.

It is suggested that an ocean-going survey ship be kept permanently employed on the west coast, from the Strait of Juan de Fuca to north of the Graham Islands, manned by surveyors and a crew of experienced British Columbia coast seamen and officers.

The recommendation is made that the Acadia, which has been laid up at Halifax for the last two years, be used for the purpose of a year-round survey of coast waters. The ss. Acadia is suitable in every way and could do the west coast of the Queen Charlotte Islands as well as the west coast of Vancouver Island.

Delightful Affair Took Place Yesterday Afternoon in New I.O.D.E. Hall on Fifth Avenue

Mrs. E. S. Tait was the hostess at a delightful bridge and tea held yesterday afternoon in the new I.O.D.E. Hall on Fifth Avenue East. Some fifty to sixty ladies were in attendance and there were nine tables of bridge. Prize winners were: First, Mrs. Olof Hanson; second, Mrs. Hubert Ward; consolation, Mrs. W. H. Vickers.

Mrs. Bert Creech and Mrs. Hubert Ward poured; Mrs. S. P. McMorde cut the ices and assisting in serving were Mrs. Harold McEwen, Mrs. G. W. Nickerson, Miss Nada Johnstone, Miss Caroline Mitchell, Mrs. C. E. Gullin, Mrs. Olof Hanson and Mrs. L. W. Kerzlin.

PLAYERS CLUB IS ORGANIZED HERE

Already Preparing First Play For Production Next Month

The Prince Rupert Players Club is the latest organization to be formed here. It came into being last night when a meeting was held in their headquarters, Third Ave.

For several weeks a group of young people had been working on the screaming farce "Jane" which it is planned to put on at the Westholme Theatre the middle of next month in aid of the museum fund. They made such good progress under the directorship of A. A. Connon, that it was decided last night to form a permanent dramatic club. Officers were chosen as follows:

Hon. president—H. F. Pullen.
President—Alex. A. Connon.
Vice-president—Miss Ruth Stewart.
Sec.-treasurer—W. H. Walton.
Members of executive in addition to officers—Miss "Billie" Burke and J. S. Wilson.
Business manager—W. H. P. Fleming.

TRAINING YOUNG MEN FOR LIFE ON FARMS

LONDON, Eng., Oct. 17.—Further particulars are now available of the scheme promoted by the government here for providing training for young unemployed men which will be calculated to fit them for farm work. One of the four residential training centres will be at Claydon, near Ipswich, and those accepted will be trained either for farm work in England or overseas. A start will be made with about 4,200 men, of whom 200 will be slated for overseas.

In the course of the afternoon there will be a musical program to which Mrs. A. Mitchell and Miss Aletha McKinley, with piano and violin duet, and Miss Currie and Miss Connie Morgan, with piano solos, will contribute.

SPECIAL DISPLAY AT B.C. FUR CO. MONDAY

Why has the B.C. Fur Company's store become so popular in such a short time? It is because they endeavor to faithfully serve the public and to give to every customer that personal service so necessary in the choosing of furs.

They carry exclusive models in style and quality in Ladies' Fur Coats and Chokers at prices which bring high quality furs within the range of everybody's pocket book.

A special fur display will be placed in the windows, Third Ave. (next G.W.N.A.) at 9:30 o'clock Monday morning. On this display some ridiculously low prices will be given and it will take you to be on hand early to take advantage of them. Tea will be served during the afternoon, free.

The business of the B.C. Fur Company is conducted under the personal management of the Old Country Furrier, A. Richmond.

For Baby's Bath

More than that of any other member of the family, baby's tender, delicate skin needs the greatest care and attention. The soft soothing oils in Baby's Own Soap make it specially suitable for babies, and its clinging fragrance reminds one of the roses of France which help to inspire it.

STEALING FROM BOAT IS CHARGE ON WHICH MARTIN COMMITTED

Was Arrested Last Night at Knox Hotel and Before Magistrate Today

Joseph Martin, a new arrival in the city, was committed for trial in the city police court this morning by Stipendiary Magistrate H. F. McLeod on a charge of theft.

On October 14, Michael Cashen, owner of the gasboat Glory, reported to the police that between the evening of October 13 and the morning of October 14 a suitcase and two club bags, containing wearing apparel, and also a 38 calibre revolver had been removed from his boat.

The case came up in court this morning when witnesses were Michael Cashen, George Constable, E. A. Loring and the police officers. City Solicitor E. F. Jones prosecuted. Martin is said to have a police record.

Philadelphia. The purchaser was Carson and Co., brokers, of Toronto, who acquired an interest in the properties and in turn disposed of same to the Tretthewey-Tough Syndicate of Toronto.

turning to the east. The results attained by Mr. Cabrera on the Graham Island sands came after two years of persistent effort. In February, 1924, Mr. Cabrera sent two employees to Massett, R. E. Burger and J. A. Lane, two men who had worked with him on Slate Creek in the Omineca the year before.

In March Mr. Cabrera went to Massett where assaying was continued to determine economic deposits of gold sands. Screen tests were made and then tests on concentration with rocker and with sluices. Cyanide testing runs were made in a Braun Laboratory outfit treating fifty pound charges. Beach sands, sands and gravels, and concentrates of sands were treated and notes and records of procedure and results carefully kept.

Work at Massett

In the summer, 1924, a plant was commenced at Massett designed to treat ten tons of concentrates per day, the concentrates to be obtained by sluicing. Before the completion of this plant beach sands showing high values in gold were prospected on the north beach. The values in these sands were found to be high enough per ton to not require concentration and further that they were free from clays (slimes) and in addition were found to be free from any interfering agents detrimental to cyaniding.

The P.B.C. Mines Co. of which Mr. Cabrera is the one third owner was responsible for the work up to this period. They, however, did not continue the work this year as several deals were and are still pending for the sale of their holdings.

With the financial assistance of Carson and Company of Toronto, Mr. Cabrera was able to continue his work this summer and to bring same to a conclusion that satisfies and justifies all concerned.

It is expected that work on the construction of a large cyanide plant will be started within a very short time, as the Toronto interests had their representative examining the property during the past two weeks with this end in view.

John Tough of Toronto represents the casteners. Mr. Tough with his brother were the owners and operators of the first producing mine in the Kirkland Lake field of Ontario. They were subsequently well known by their successful management of the Tough-Oakes Co. of Toronto.

Mr. Tough with Mr. Cabrera are in Rupert en route to Hazelton where they will spend several weeks examining properties there before returning to Toronto.

In addition to the Toronto concern, a Philadelphia syndicate is now preparing plans and specifications for a two hundred

SPORT CHAT

Indoor sports are now pretty well under way in the city for the winter season.

A move is under way in Vancouver to convert Hastings Park oval into an athletic centre for the city. A mass meeting of all sports organizations in Vancouver was held this week to go into the matter. The sports bodies are expected to raise one-half of the amount necessary to put the proposition over and the Exhibition Board will find dollar for dollar. The carrying out of the project would fill a long felt need in the city.

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

Shortage of fish to make up carload lots, and anxiety on the part of fish buyers to obtain supplies, forced the bidding on the Fish Exchange this week with the result that both Canadian and American boats picked off record prices for halibut on the local market.

On Wednesday the American schooner Wabash, 12,500 pounds sold to Pacific Fisheries at 27c and 10c, while on Thursday the Canadian boat Fanny F., sold 3,500 pounds at 25c, and 2c, for first and second class fish respectively.

While individual catches have been well up to the average, boats of both fleets are still considerably "bunched" and this has affected the volume of sales to quite an extent. Weather is reported to have been patchy on the high spots during the week.

Many Boats In

With the trolling and seining season rapidly on the wane, and with canneries practically all closed down for the winter, many boats operating in the fishing and fish carrying business this season have now tied up in port and will undergo much overhaul and repair work prior to being commissioned in winter activities, such as trapping expeditions, etc. Cow Bay has consequently taken on a congested appearance. Local shipyards report having received several orders for new boats while all available ways are crowded with craft which are up for hull and engine repairs.

Seining Good

While chums and pinks have been running well, especially the former, in the Queen Charlotte Island district, the run on the mainland coast has not been at all good, in fact a failure, according to Capt. Jack Bradbury, of Bradbury & Yelf, who have been operating the seiners Bethune, Tip Top and Reveille this season. The Millard cannery and the New England cannery, Cumshewa, which have been packing this variety of fish for some time past will cease operations today, it is expected. With the closing of all canneries, the seining boats have gone south to fish salmon off the coast of Vancouver Island for the fall and winter market. All boats will return in the spring to fish for herring.

Two keels for seine boats are being laid immediately at the

Take notice that Wallace Fisheries Limited, of Vancouver, B.C., occupation concessioner, intends to apply for a lease of the following prescribed lands:— Commencing at a post planted about one mile in a southerly direction from the northeast corner of Lot 8023P; thence south 2 1/2 chains; thence west 6.00 chains; thence north 0.70 chains; thence easterly meandering along the high water mark to post of commencement, and containing 1.00 acre, more or less. WALLACE FISHERIES LIMITED, Applicant.

LAND ACT.

Notice of Intention to Apply to Lease Land.

In Prince Rupert Land Recording District, and situated at Cove, Spicer Island, about 50.00 chains southerly from the extreme northwest end of Spicer Island and about 24.00 chains east from Schooner Pass.

Take notice that Wallace Fisheries Limited, of Vancouver, B.C., occupation concessioner, intends to apply for a lease of the following prescribed lands:— Commencing at a post planted about 20.00 chains in a southerly direction from the extreme northwest end of Spicer Island, and 24.00 chains east from Schooner Pass; thence south 2.61 chains; thence east 1.84 chains; thence north westerly meandering along the line of high tide to post of commencement, and containing 1.00 acre, more or less. WALLACE FISHERIES LIMITED, Applicant.

MINERAL ACT.

Certificate of Improvement

Spokane Mineral Claim, situated in the Athlun Mining Division and Cassiar District, on the west side of Big Horn River to the east of and adjoining the Edwin Mineral Claim.

TAKE NOTICE that J. Fred Dawson, agent for Agnes S. Lawson, Free Miner's Certificate No. 70745C, intends sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim. And further take notice that action, under section 37, must be commenced before the issue of such Certificate of Improvements. Dated this 30th day of August, A.D. 1925.

Suga yards. Both boats when completed will be 40 feet long.

The pleasure boat Enid is on the Cow Bay creek ways for hull repairs.

Packer Sinks

The fish packer Skookaimie, Capt. Billy McLeod, struck a rock last week while off the coast of Queen Charlotte Islands, when loaded with a cargo of some 3,500 pounds of cohoes, and sank. Little damage was done to the hull as the boat tilted with the weight of her cargo and filled up on the rising tide. The craft is now in port undergoing minor repairs and will shortly leave for the south.

Several pounds of lead was recently discovered in the inside of a fish in the old country. It was evidently aiming for the heavyweight class.

The schooner Alliance and the fish packer Overtime have been on the Ward ways this week for general repairs. The latter boat had her shaft drawn and the propeller straightened up.

For the period Monday to yesterday noon the total amount of halibut marketed on the Fish Exchange this week was 401,500 pounds.

Arrivals.

Arrivals this week include the following schooners. American: Pioneer, Kodiak, Chancellor, Augusta, Vestal, Imperial, Middleton, Hazel H., Star, E. Neilson, Wabash, Sherman, Alaska, Flattery, Thor, Lituya and Sitka. Canadian: Mayflower, Imperieuse, Joe Baker, Nuba, Ingrid H., Point May, Termen, Fanny F., E. Lipsell, Aiken, Nautilus, Kaien, Mili, Pair of Jacks and Rose Spit.

A Channel Swimmer

There is a new Scotch joke on the waterfront this week and there is certainly a kick to it. Did you hear that the English Channel had been crossed by a swimmer yesterday? No, who was that? A Scotchman going to Paris for his holidays.

The steam trawler G. E. Foster, Captain Sanderson, of the Canadian Fish & Cold Storage Co.'s fleet, arrived in port on Wednesday morning with over 100,000 pounds of flat fish and after discharging left port on Thursday morning to repeat the performance. The Foster made port in a dense fog on Wednesday morning and found her anchorage at the plant with the aid of the company's syren, which blew replies when hearing the Foster whistle.

Washie Day Filday

It's quite a sudden jump from wrestling with umpteen horse power machinery to quietly resting in bed and listening to an electrical washing machine churn out the dollars in nice, clean, nifty looking garments. Yes, Sir, he's come into it at last after years of waiting. Tom Morrison, the genial chief engineer on the C.G.S. Newington, went down and spoiled the Gyro raffle on Tuesday night by winning the electric washing machine valued at 175 plunks. Tom is starting a laundry of extinction. Having been born with a mechanical mind it will be no trick for Tom to fix up the washing machine on the door-step with a push button over his bed. The plan of the laundry is this. You drop your dirty linen in the machine as you pass the door and yank a bell. The bell awakens the owner who in turn pushes a button and puts the machine in operation. An alarm clock rings when the clothes are finished when Tom stops the machinery. As you return from work you lift the lid of the box beside the washer and there is your clean linen plus the charge slip. The owner is training Nellie Morrison, the wonder dog of the family, to lift out the clean washing from the machine so that Tom does not have to do a thing but push the button. A tin can

around Nellie's neck will accommodate customers who wish to pay the bill, and the canine wonder will see that no one but her master gets the contents. The new laundry owner is sitting up nights painting the sign for the new washing emporium which reads "Then Laundry of Extinction—Ah Tom & Co." For shares in this wonderful concern apply to Doc Clapperton.

Having completed the pile driving contract on the new Troiter wharf, situated east of the Yacht Club premises, the Curria pile driver has been towed by the tugboat M.T.3., Capt. R. Green, up to the Naas River district where it will be operated in connection with repair work on the Kumeon cannery buildings.

Canadian schooner Brant has been on the McLean ways this week for general hull overhaul. Among other things the stern bearing has been re-babbited and bored out.

The tug boat Tide Rip of the Busby fleet left port on Thursday for the Balmoral cannery to bring in a scow of fish off prior to the closing down of that plant. The Balmoral is the only cannery operating on the Skeena river at present.

New Boat

Matthew Shaw, a native of Kitkatla, is having a new general utility boat built on the Cow Bay creek ways. The new craft will measure 30 feet long and will be powered with a 5 h.p. Yale engine. The Yale power plant will in all probability be supplanted by a new Vivian engine, of heavier power, in the spring.

Gunner Hanson, owner and skipper of the Thelma H., has been doing considerable repair work to his craft this week preparatory to leaving for Poreher Island to assist Louis Locker, who operates a big logging camp in that vicinity. Louis is at present assembling a boom of logs containing about one million feet of timber.

Constantine Michaloff, machinist with the Akerberg-Thomson shops, has left for a holiday to San Francisco where he will visit with his sister for the winter.

Schooner Seamaid, Capt. Henry Dorréen, has had a new exhaust pipe put in while in port this week.

Tugboat M.T.3., Capt. Reggie Green, left port on Tuesday morning at daybreak for Somerville Island, Naas River, to tow down a boom of logs for the Georgetown mill. The boom consisted of some 250,000 feet of lumber.

Launch Mary, owned by L. W. Patmore, is on the Cow Bay creek ways for hull overhaul. New planks are being put in.

How About Bounty

Probably if a reasonable bounty were given by the government for hair seals, or a certain part thereof, one would hear less kick among the nautical fraternity of the damage done to fish and fishing gear in the rivers. According to legal fishermen the seals have done a great deal of damage this year. Doubtless, if a reward were given to make it worth their while, sportsmen would avail themselves of a little hunting of a remunerative nature and thus rid the waters of this pest.

Trappers! I want 10,000 minks to fill an eastern contract. Bring in your furs. I'll pay you higher prices than you can get elsewhere. W. Goldboom, Second Ave.

A. Woodhouse, head sawyer at the Georgetown mill, who has been an inmate of the general hospital for the past month, returned to duty on Wednesday aboard the mill tender Wilena May.

The pleasure launch Glory of Kelchikan was pilfered during the week while anchored on the waterfront. Thieves entered the boat in the absence of the owner and stole several valuable articles including clothing, guns, etc.

The fisheries patrol boat Heron, Capt. Bob Frizzell, is on the ways at Digby Island undergoing a general overhaul at the hands of her skipper.

Capt. Geo. Johanson has had considerable repair work done on his power boat at the Akerberg-

FINE WORK OF LOCAL CARVER

Alex. Yule is Artist With Knife
on Whalebone and Ivory

The majority of people get a
lot of pleasure out of a hobby
during their spare time, and
various fields of endeavor are
undertaken in this connection.
One of the most useful local
hobbies, and one that bids fair
to give our city a maximum
amount of publicity, is the mak-
ing of souvenirs from whale-
bone, eagle's claws, etc., by Alex.
Yule, McBride Street. For some
considerable time past Alex. has
spent his leisure hours in
manufacturing remarkably at-
tractive trinkets including the
pins, rings, bracelets, brooches,
and a hundred and one pretty
and useful articles from whale-
bone, etc., which are artistically
decorated with solid gold and
make ideal gifts for either male
or female. Alex. will make up
anything by request at a very
moderate charge.

Around the Christmas season
there is great demand for these
pretty and useful trinkets and
the business gets bigger every
year. There are quite a number
of orders already on hand for
special articles for Christmas
but Alex. always carries a repre-
sentative stock which will doubt-
less satisfy the majority of peo-
ple.

C.N.R. SECURES THE AWARD FOR EXHIBIT

WINNIPEG, Oct. 17.—Award of
the certificate of honor and com-
memorative medal for 1924 to the
Canadian National Railways
exhibit at Wembley, is announ-
ced in a cable received at the
Canadian National offices here.
The awards for 1925 will not be
made for some months yet.
Visitors who saw the exhibit in
the pavilion of the Canadian Na-
tional Railways at Wembley in
1924 were unanimous in describ-
ing it as one of the outstanding
features of the display.

King George and Queen Mary,
the Prince of Wales, the King
and Queen of Spain and the
Prince of Siam were among those
to express their appreciation of
the size and variety of the C.N.R.
exhibit.

A FREEMASON'S SUFFERING

"FRUIT-A-TIVES" WORLD'S BEST
REMEDY FOR CONSTIPATION

MR. J. H. McLEOD

"I was troubled very badly
with Rheumatism and Constipa-
tion and tried a great many re-
medies without relief, until a
friend of mine recommended
"Fruit-a-tives". I took several
boxes and was very soon com-
pletely relieved and am very
grateful to "Fruit-a-tives". I
think that "Fruit-a-tives" is the
best remedy in the world, and
have recommended it to a great
number of friends who have ben-
efited by it."—J. H. McLeod, Nova
Scotia Freemason's Home, Wind-
sor, Nova Scotia.

Constipation is the great curse
of old age. Yet day by day, more
and more elderly people are en-
joying vigorous health through
"Fruit-a-tives". This natural
medicine—made from intensified
fruit juices—ensures the complete
natural digestion of food for
people of all ages. At your
dealers, 25c and 50c.

FEARED TO START MARRIED LIFE IN USING NUMBER 13

EDMONTON, Oct. 17.—There
is a marriage certificate in
the office of the registrar
of vital statistics which has
three times been offered to pros-
pective brides and three times
refused. It bears the legend
"Cancelled, no one will accept."
And this because it is No. 13, in
a new issue of certificates. One
bride refused on the ground that
she had had bad luck enough al-
ready in her choice and anyway
she was 13 years older than her
husband, and one 13 in the deal
was enough. The next couple
said that usually they were not
superstitious "but in a thing
like marriage you can't afford
to take a chance." The third
couple were from the country—
two young things just starting
life together. The tenderhearted
registrar took a look at the
blushing pair—started to ask the
old question, and then stopped.
He hadn't the heart to try to
get rid of the unlucky thirteenth
certificate to so young a couple.
Besides, they wouldn't take it
anyway.

TERRACE NOTES

The Liberal party opened its
campaign here on Thursday
night when Fred Stork, M.P., and
Hon. A. M. Manson, attorney
general of B.C. spoke to a good
representative audience in Pro-
gress Hall. Mr. Stork's address
dealt chiefly with the record of
his activities on behalf of the
constituency during his four
years in office. He also gave a
synopsis of the present political
standing in the different pro-
vinces and possible changes
which might take place.

A. M. Manson discussed Rail-
way and Immigration policies,
tariff issues and trade and com-
merce reforms.

The meeting was presided over
by E. T. Kenney and Mrs. Al-
wood's orchestra rendered sev-
eral selections during the even-
ing.

At the quarterly meeting of
the Farmers' Institute held in
Progress Hall on Thursday even-
ing, H. L. Frank and Jas. Swann
were appointed as delegates to
attend the District Convention of
the Farmers' Institute to be held
in Terrace on Wednesday, Octo-
ber 21. Ordinary routine busi-
ness was conducted and it was
decided to sell their lot and
building thereon, on the terms
agreed to by the Fall Fair Board.
The meeting was held early owing
to the political meeting being
held in the same hall.

An enjoyable evening was spent
at the home of Mr. and Mrs. L.
H. Kenney on Wednesday, when
Mrs. Kenney entertained at a
surprise party to celebrate her
husband's birthday. About a
dozen friends were present and
a pleasant evening was spent at
the table, the prizes going to Mrs.
E. T. Kenney and Geo. Little.
Refreshments were served.

Mr. and Mrs. George Thain
who were married last week at
Vancouver were visitors to Ter-
race on Wednesday.

J. W. Lindsay, local merchant,
is superintending the loading of
a car of local potatoes this
week, the shipment to go to
Prince Rupert.

Fred Stork, M.P., accompanied
by Attorney General A. M. Man-
son arrived from Rupert
on Thursday and were taken by
motor over a good part of the
district around town, returning
to address the electors in Pro-
gress Hall in the evening.

C. Price-Green of Montreal,
commissioner for Natural Re-
sources for the C.N.R. and R. G.
W. Lett, C.N.R. colonization
agent, of Edmonton, arrived from
the coast on Wednesday and will
spend a short time in Terrace.

O. Gendron and J. Couture, of
Kalam Lake left on Thursday for
Vancouver where they expect to
start development work on the
new galena claims they recently
staked there.

H. A. Watt was a visitor from
Prince Rupert this week.

C. Dimock, assistant engineer
in the public works department,
Smithers, was in town on Wed-
nesday.

Governor D. W. Davis of Hop-
per-Davis Co. at Kalam Lake
was in town on Wednesday, re-
turning to the lake again on
Thursday.

J. M. Hoar, Kalam Lake min-
ing man was in town on Wed-
nesday.

W. Service, Smithers, N.C.O.
in charge of the Smithers Police
District arrived in town on Wed-
nesday and accompanied Con-
stable Eggleston to Salvus on
investigation business in con-
nection with the finding of a
human skeleton on the sand bar
near there recently.

Mrs. C. M. Giggey entertained
the Ladies' Guild of Knox United
Church on Thursday, in the
church parlor.

The W.A. of the Anglican
Church will meet this coming
week at the home of Mrs. J.
Warne.

Mrs. W. W. Noonan, of Telk-
wa, who was in town for the
funeral of her father F. W. Boh-
ler, left for home on Thursday.
She was accompanied by Mrs.
Bohler and Billy who will spend
a short time with her in Telkwa.
J. Raven, who has spent the
summer at Kalam Lake, arrived

Widow'**

The picturization of the greatest musical play success
of modern times. The picture that brings to the screen
the adventures of the vivacious lady whose name and fame
spread to the remotest corners of the earth; whose ren-
ditions of Franz Lehar's tuneful melodies delighted millions.
The charming romance of a chorus-girl, who married a
Prince. A photo-play which possesses a real heart interest
and features the splendors of a court with glimpses of
Parisian night life in pleasing contrast. Gorgeous gowns
and costumes. Glittering gaiety. Magnificent scenery
and settings. Unrivaled cast.
