HALIBUT DUTY IS DISCUSSED AT SEATTLE

THREE CONVICTS AT THE SALEM PENITENTIARY ESCAPE AND KILL GUARDS

Prisoners Escape from Penitentiary at Salem; Three Killed in Fight

SALEM, Ore., Aug. 13.—Two guards and one convict were killed and two other guards wounded, one seriously, when three convicts escaped from the penitentiary here. The dead were J. M. Holman and John Sweeney, guards, and Oregon Jones, convict.

The three who escaped are heavily armed and desperate and it is believed they will not be taken alive. Posses of police are scouring the country in all directions looking for the men who got away in a taxicab commandeered from the state hospital.

Just before six o'clock there was a concentrated raid on the prison arsenal where the men secured arms and following which a battle ensued.

COST \$750,000 COMPLETE RY.

...in Pretty Good Condition Although Ballasting is Needed

VICTORIA, Aug. 13.—The cost of completing the P.G.E. Railway from Quesnel to Prince George including the building of a bridge across the Coltonwood River would be \$750,000, it was stated by Premier Oliver on his return from a tour of the line yesterday.

The Premier, who refused to discuss the attitude of the government towards the proposed legislation to provide for the completion of the railway which is said will be introduced at the next session of the house, said: "The railway itself is in pretty good condition although it needs a good deal of ballasting work and tie replacement will be necessary."

PROSPECTOR IS DROWNED

...Upsets When Attempt Made to Run Rapids on Liard River

PORT SIMPSON, Aug. 13.—Thomas Smith, an old Yukon prospector, was drowned in the upper Liard River when his motor capsized while he was endeavoring to run Hell's Gate rapids. The fifteen year old boy who was with him was rescued after clinging to the boat which drifted 30 miles through treacherous waters before she was saved by an Indian treaty party.

GUARDS FIRE INTO CROWDS

...Strike Riot in China Ends in Many Losing Lives or Being Injured

TIENTSIN, China, Aug. 13.—Eight persons were killed and fifty injured yesterday when Chinese guards fired into a crowd gathered near a mill where a strike was under way. It is believed that several others were drowned when they jumped into the river to escape from the bullets of the soldiers.

EARTHQUAKE SHOCKS

LIVINGSTON, Mont., Aug. 13.—Light earthquake shocks were felt here and at Bozeman last night.

RAILWAY PARTY DUE TOMORROW

Sir Henry Thornton and Officials Left Last Night for Prince Rupert

CONFERENCE AT EDMONTON Will Take up With Premier Greenfield Proposal for Joint Operation E.D. & B.C.

Sir Henry Thornton left last night for Prince Rupert accompanied by a number of railway officials all of whom will be guests of the local board of trade at one o'clock at a luncheon in the Boston Banquet Hall.

In the afternoon the party will inspect the elevator construction work and look into railway matters generally here with a view to making preparations for the handling of grain through this port during the coming winter.

The new general manager and other officials will, with Sir Henry, meet a committee of the board of trade and hear representations on a number of matters of local import in which the railway and the port of Prince Rupert may collaborate.

The party will be entertained by individual citizens Friday evening and on Saturday will leave for Edmonton.

Joint Control At Edmonton Sir Henry will meet Premier Greenfield and have a personal conference on a proposal for joint operation and control of the Edmonton, Dunvegan and B.C. Railway and Canada Central lines and the future development of the Peace River country.

Representations have been made to Premier Greenfield from expert railway circles that a plan of joint operation could be worked out and that it might prove to be the most satisfactory arrangement for all concerned.

From an inside railway standpoint such a scheme would be entirely feasible, the premier has been assured, and in view of what has been said and done it is believed to have a good chance of carrying through.

In the event of the C.N.R. and C.P.R. coming to terms on such a basis, the management of the roads would likely be put in the hands of a joint board, on which both companies and the government would be represented. Mr. Greenfield says that the appointment of a board of that kind will be one of the points likely to be discussed at the proposed conference, but none of the details of the scheme have yet been drawn up. Should the idea be approved and an agreement reached, it is possible that the joint operation would extend to the supply and use of rolling stock as well as to the business management.

Might Suit Everybody Heartly approval of such a scheme is expressed by Premier Greenwood. He points out that it would be in accord with the spirit of the times and in line with the suggestions already made at Ottawa for closer relations between the two great railway systems. What Sir Henry thinks of the plan has not been stated.

Further labor trouble was threatened at the elevator last night over the wages of a man employed in the stores department but it was expected this morning there would be little difficulty in having the matter settled.

Hans Kohler, a Swiss guide stationed at Jasper Park lodge, with a companion, climbed Mount Edith Cavell, 11,000 feet high, and returned all within the one day. It is considered a record trip.

KEMAL PASHA GETS DIVORCE

CONSTANTINOPLE, Aug. 13.—Mustapha Kemal Pasha has divorced his wife Latife Hanoun, according to an official announcement, which did not give the reason for the action. It has been known that for some time the domestic relations of Kemal and his wife have been strained.

Ralph Connor Visits City and Talks of Union and Optimism and Writing; Meets Old Friends

Union is strength, according to Ralph Connor. All sectional or denominational differences are inimical to progress, says the famous author and preacher. Church union, he thinks, was the only logical thing in view of the present trend of affairs. Practically all the big men of the church have joined the union and left the others alone almost without leaders. "I do not see how we could have done other than we did, in view of the situation," declared Dr. Gordon. If the work of Christianity is to go on unhampered it must be by union of effort, and that is what we have tried to bring about. I am well satisfied with the way things have gone. True we were disappointed with Ontario, but outside of that province, union has been very effective and in time the other congregations will join us."

NORTHERN CO. THROUGH HERE

Equipment to be Taken South by Tug Fearful—Staff Will Leave on Saturday

The contract for the foundations and wharf of the terminal grain elevator here now being completed, the Northern Construction Co. is now preparing to take the equipment which was used in the work back to Vancouver. C. W. Arnett's tug Fearful has arrived from Ocean Falls to tow it south. R. Sharpe, superintendent of construction for the company, and his staff expect to leave for Vancouver on Saturday.

BOARD OF TRADE LUNCHEON

Sir Henry W. Thornton, K.B.E., in Boston Grill, on Friday at 1 p.m.

Tickets from Board members \$1.00

BUYERS' WEEK DURING FAIR

Retail Merchants' Association Has Attractive Proposition For Out-of-Town Shoppers

A Buyers' Week for the benefit of outside shoppers is being arranged by the Retail Merchants' Association to take place while the Fair is in progress next month.

Special books are being prepared for registered buyers and fare will be refunded to all those whose purchase aggregate \$100 or over. Persons residing along the line of the Canadian National Railways as far east as Burns Lake will be entitled to avail themselves of the offer, also people from Anyox, Swanson Bay, Stewart, Alice Arm, the Queen Charlotte Islands and other coast points. The dates for Buyers' Week will be September 6 to 12 inclusive.

The Retail Merchants' Association, which is co-operating with the fair board in thus attracting further persons to the city for the Fair, will hold a banquet and dance in honor of the registered buyers while they are here as well as providing gasoline boat trips and other forms of entertainment.

A fund is being established by the merchants to take care of the expense involved and merchants will contribute pro rata according to the business they do.

Japanese Propose Going into Halibut Fishing

Suggestion they will operate big cold storage steamers off coast of Siberia for American Market

SEATTLE, Aug. 13.—The tariff commissioners who on Tuesday concluded a hearing on a proposal to reduce the American duty of two cents a pound on halibut are remaining at Seattle to confer with the men interested in the salmon industry and to consider the question of holding an inquiry on the question of a proposal to lower the salmon tariff.

John Cobb, director of the college of fisheries at the University of Washington, who opposed the reduction of the halibut duties, said five Japanese investigators, two of whom were last year seeking information regarding the industry. "Their plan," he said "is to catch and freeze their fish in big cold storage steamships on extensive halibut banks off Siberia and bring the catch to America in these ships." Mr. Cobb added that the Japanese did not consider the two cent duty an obstacle.

The commissioners received a resolution from the Seattle Chamber of Commerce urging the retention of the duty to "keep American halibut vessels under the American flag."

RAINS IN SOUTH BRING FIRES UNDER CONTROL ON COAST

VANCOUVER, Aug. 13.—Heavy rains which are general on Vancouver Island and up the coast promise to extinguish the fires many of which are reported now to be under control.

Four fire fighters in the Revelstoke district, who were missing for several days, have now been located.

INTERIOR M.L.A. AND HIS FAMILY NARROWLY ESCAPED

Bolt of Lightning Strikes Residence of H. G. Perry and Damage of \$3,000 was Done

PRINCE GEORGE, Aug. 13.—H. G. Perry, M.L.A. and his family had a narrow escape from death early last Sunday morning when a bolt of lightning led by the antenna of a radio set struck his residence doing damage which is estimated at \$3,000. Only prompt action by Mr. Perry with a garden hose saved the house from entire destruction. As it was all members of the family sustained bruises and painful burns.

JAP STEAMER SLUNK AWAY

Ignored Arrest by Marshal Goggin at Victoria and Made for Open Sea

VICTORIA, Aug. 13.—Ignoring the demands of Marshal H. W. Goggin of the British Columbia division of the Admiralty Court that the vessel was under seizure in connection with the sinking of the tug Hustler at Vancouver, the captain of the Japanese steamer Kaikyū Maru put to sea late Tuesday night and left the Marshal and his aide floundering in an open boat in a stiff breeze off Victoria.

On instructions from Vancouver the marshal intercepted the freighter when dropping the pilot. After a parley, the Japanese captain promised to bring the ship into the Royal Roads anchorage but refused to pick up the marshal. When the pilot was dropped, the vessel put on steam and headed for the open sea.

BEER WAR ENDS IN MONTREAL

Frontenac Brewery Sold to Net Shareholders Handsome Profit

MONTREAL, Aug. 13.—Following an announcement yesterday that the beer price war, which has been raging since early March has been settled and that the Frontenac brewery has been sold. The shareholders will get \$120 a share for the common and preferred stock, which represents a jump of \$60 and \$27 a share respectively over previous sale prices.

KING GEORGE VIEWS CANADIAN PAVILION WEMBLEY EXHIBITION

MONTREAL, Aug. 13.—According to cable advices received at the general headquarters of the Canadian National Railways in Montreal today, King George was a visitor to the pavilion of the company at the British Empire exhibition yesterday. His Majesty viewed the moving panorama of Canada, and while watching it, he recalled the delightful scenery which impressed him on his visit to Canada years ago. He praised as a most practical exhibit, the model farm which composed a part of the display of the colonization department of the Canadian National Railways.

Reason For Optimism

"Canada has every reason to be optimistic," said the visitor. "Look at the progress she has made. It is only a few years ago

Aid The Fair Much As Possible.

Now is the time that the people of the city and district as a whole should give the executive of the Northern B.C. Agricultural & Industrial Association its utmost assistance, both financially and practically, to ensure the Exhibition next month being as big a success as possible. The board has been working hard on its preparations and will continue to do but complete success cannot be achieved unless the public as a whole extends its co-operation in every way possible. This can be done in many ways. Business men can give generous donations and pay them promptly, the citizens as a whole can buy their tickets in advance and all potential exhibitors can finally decide to enter and make their intentions known at an early date to the head office.

Everyone in Prince Rupert realizes the advantage it is to have a successful fair. It brings business to the town and makes good publicity for Prince Rupert. Therefore, there should be no hesitation on the part of the public in extending assistance wherever possible.

Trunk Road Is Now Hazelton to Prince George.

The opening of the trunk road from Hazelton to Prince George is a big event in the history of northern central British Columbia. It is an important step toward the linking up of the coast with the interior. On account of the difficulties to be overcome and the great cost of construction the building of the coast section of the road will be slow, yet it will be undertaken a little at a time and will be eventually completed. There is little doubt of that.

The easier sections of the road will be those connecting Hazelton with Terrace and taking in such points as Usk, Woodcock and Kitwanga. West of Terrace the building will be difficult, especially where the mountains are very precipitous. It will be important to know what route to the interior is to be taken so that as soon as the narrows are bridged connecting Kaien Island with the mainland the part to be built may be part of the main highway.

Lack Of Good Men As Representatives.

There is just now a scramble to get good men as representative of the various constituencies throughout the country. It is realized by both political parties that it is only by nominating the best men they can hope to win. The result is that the general character of the men sent to Ottawa is high.

The members of parliament will always be as high grade as the men who elect them. If the people are willing to vote for poor calibre men they will get poor calibre representation and deserve to be balked. In coast constituencies the people want Dr. King to be their representative. In North Vancouver Mr. Bowser is sought. Both are men of ability and standing. Everywhere the cry is for high grade men.

Regulating Radio Stations.

The radio station opened by the Canadian National at Lulu Island is the first to come under the new regulations making it compulsory for powerful stations to be erected away from the centres of population and operated by remote control. This is an important step toward control of broadcasting, but there is much more to be done before the radio will be generally useful. There must be control of broadcasting and also of receiving sets. Those receiving sets which themselves broadcast must be eliminated and replaced by those which do not annoy the neighbors. The air is free, but must not be contaminated by objectionable radio waves any more than it is by objectionable smells. More and better control is the present need.

EXTEND INVITATION HOSPITAL ASSOCIATION

Steps Taken Last Night to Try to Secure the Next Gathering at this City

The Hospital board by resolution decided last night to invite the British Columbia Hospital Association to hold their 1926 biennial convention in Prince Rupert. The City Council convention in Prince Rupert will also be asked to back up the invitation.

Nanaimo was decided upon as a meeting place, Harry Birch, managing secretary of the Prince Rupert hospital, was given a place on the executive committee.

It was decided last night to send Mr. Birch to the convention, which takes place next week and to send an invitation through the British Columbia Hospital Association to hold their 1926 biennial convention in Prince Rupert. The City Council convention in Prince Rupert will also be asked to back up the invitation.

GYRO CLUB HOLDS BUSINESS MEETING

Carnival to be Held Early in October—Westview Playground is Now Almost Completed

With President Roy McNaughton in the chair and almost full membership present, the regular monthly business meeting of the Gyro Club was held in the St. Regis Cafe yesterday afternoon.

Douglas Stark submitted his report on the International convention which was held in Vancouver last month. He urged that the local club be better represented at the next convention which is to be held in 1926 at Winnipeg.

The club has decided to hold a carnival early in October in the Exhibition Hall for the playground fund. Elaborate preparations are being made for this affair by a committee at the head of which is Milton Gonzales.

Leo Waugh reported for the playground committee on the Westview project. He said that the playground there should be opened very shortly. It would be a very fine little park when completed, equally as good as McClymont Park.

Eddie Mann reported on the baseball game that is to be played this afternoon with the Elks at the Flag Day celebration.

It was decided that the next open meeting of the club to be held two weeks hence would take the form of a smoker in honor of the baseball team carrying the club's colors in the City League.

The Man in the Moon SAYS:

I THINK it was David who declared that he said in his haste that all men were liars. He might have gone at it much more deliberately and still arrived at the same conclusion.

LYING is an accomplishment, some are much better at it than others.

LYING comes natural to everyone. A few try to avoid it, but they soon get the cold shoulder and in the end decide to reform.

THE man who says he does not lie is the biggest liar of them all.

I LIE when a man asks me to pay up. I tell him I will meet the payment out of my next check, when I never intend to meet it.

MY wife lies when she says she is not at home to some female nuisance.

JOHNNY Jones lies when he tells his best girl she has the most beautiful eyes in the world and he loves her better than he loved anyone before or will love anyone again.

THE retail merchant lies when he tells someone his goods are better than any other on the market.

EVERYBODY lies when they say anything uncomplimentary of the Man in the Moon.

YES, and what are we going to do about it? Just lie about it, I suppose!

I SHOULD like to give a hint to the police magistrate. Next time anybody comes before him who deserves punishment, condemn him to live without lying for a month. That would be worse than living in Vancouver.

WHY do they talk about a person running for Parliament? I should have thought a good healthy walk would have sufficed.

THE easiest kind of reducing is reducing the roll of bills snuggled so pleasantly at the bottom of your pants pocket.

Ten Years Ago in Prince Rupert

August 13, 1915.

The Northern B.C. Agricultural and Industrial Association is conducting a campaign for one thousand members.

Prince Rupert baseball players will leave tomorrow morning for Hazelton where a return game will be played.

There is talk that Hon. W. J.

New Victor V.E. Records
Process
The pinnacle of musical perfection

Of all the wonderful advancements—marvelous improvements—the new Victor records stand alone—the unrivalled accomplishment of all time.

All August releases are the new Victor records.

Hear them at any "His Master's Voice" dealers to-day.

Dealers still have some of the 55c. records.

Victor Talking Machine Company of Canada Limited

Bowser, attorney general, will shortly supplant Sir Richard McBride as leader of the Conservatives and Premier of British Columbia.

BIG SHIPWRECK IN TALMADGE PICTURE

Vessel Crashed into Another in Vivid Scene: Sacrifice of Woman

There is a shipwreck scene in Norma Talmadge's new picture, "The Only Woman," which is one of the most vivid and real bits of action ever brought to the screen.

As a rule such scenes are done for the most part in miniature necessitating long distance photography, which dilutes the realism of the effect. Here, however, is staged a real shipwreck on a real ocean. A beautiful yacht is borne down upon by a three-masted schooner on the storm tossed deep and Norma and Eugene O'Brien, her leading man, as well as a crew of minor players, are seen battling for their very existence.

One can almost hear the crash as the big vessel smashes into the yacht, catch it amidships and rends it into splinters. And the cries of the perishing sailors seem to rise above the roar of the sea as they fight each other for seats in the lifeboats.

There is no miniature work in the scene. It is all real, so vividly real that the audience gasp as the thrilling climax is reached.

Norma, always an actress par excellence, is seen at her best as a young woman who sacrifices herself on the marriage altar to save her father from disgrace. She hates her husband, even as she marches up the church aisle to become his bride, and she vows to herself that she will never really love him.

It is on their honeymoon on his private yacht that the shipwreck occurs, and this mutual danger brings the couple together in true love.

STEWART

The first shipment of high grade ore from the Porter Idaho mine this year was made last week to Selby smelter. It is expected that shipments will now go forward at the rate of sixty tons per month.

Twenty tons of ore is being shipped this week from the L. and L. mine to the smelter at Selby, California.

A winter camp is to be built at the Marmot Metals mine and an 800-foot tram will be put in to connect with the horse trail. This will greatly reduce the cost of winter transportation.

Miss R. Wells has returned here from Winnipeg to take charge of the local hospital succeeding Mrs. Andrew who has resigned.

Rev. T. R. Wright of Kincolith is spending a holiday here visiting with old college chum Rev. W. R. Ashley.

Jimmy Nicholson, machinist at the Premier mine, who was struck in the eye with a piece of metal, has gone south for treatment.

Mike Milos came into town last week reporting the discovery of gold on a property on the east side of Portland Canal six miles south of Stewart recently staked by himself, Harry Wilkinson and J. D. McDonald.

Lighthouse Tender Has Completed Rounds of Queen Charlotte Islands

The Dominion government lighthouse tender Estevan, Capt. Harry Billon, returned to port at 5 o'clock yesterday afternoon after having spent several days making the rounds of the aids to navigation on the Queen Charlotte Islands. The vessel is today coaling at the Albert & McCaffery wharf and will sail tomorrow morning for Langara Island to pick up three men who have been working on the light there. The Estevan is at present doing heavy duty in this district while the smaller Newington is working out of Victoria for the time being.

BEWARE INSPECTORS

TORONTO, Aug. 13.—Following the criminal assault made on a woman in Rynnmeade Road by a man posing as a gas inspector the police have issued a general warning to house-keepers to be on their guard against any person coming to their homes posing as an inspector, unless he has the proper credentials.

BYWAYS OF NORTHERN BRITISH COLUMBIA

Rotarians Told of Wonderful Scenery of Gardner Canal, Ecstall River and Other Points of Interest

At the Rotary Club luncheon today an address was given by H. F. Pullen, his subject being "Byways of Northern British Columbia," in which he told about the scenic wonders in some of the places he had visited, dwelling particularly on his recent visit to Gardner Canal and the scenery of that place. Incidentally he mentioned trips to Khyex River, Bills Lake, the Ecstall River, the interior valleys and compared the scenery of those places with the more or less commonplace scenes which the tourists rave over.

The speaker urged Prince Rupert people if possible to visit the places mentioned as some day they would be centres of attraction to tourists from all parts of the world. He also showed photographs illustrating his recent trip.

MUST NOT DRIVE IF UNDER LEGAL AGE

Man Guilty of Negligence for Allowing 15 Year Old Daughter to Operate Car

WINNIPEG, Aug. 13.—That W. H. Stubbington, owner of the automobile which caused fatal injuries to five-year-old Milton MacLean of this city, was guilty of negligence "in inviting and allowing his daughter (who is in her 15th year) to drive the vehicle," was the verdict of the jury at the inquest. The jury added a rider, "we recommend that the law regarding juveniles driving motor vehicles in the city be enforced and means taken to avoid such accidents."

Stubbington was held in custody on a charge of manslaughter. Witnesses gave evidence of having seen the girl driving the automobile at the time of the accident, and the girl made a deposition to the same effect, stating however that her father was seated by her side giving close attention.

BURNS LAKE

A son was born on August 6 to Mr. and Mrs. Fay Short of Burns Lake.

Reconstruction of the building having been completed following the recent fire, the Royal Bank is again established in its regular quarters here.

Mrs. J. G. Saul and daughter, Lorraine, have returned to Victoria after having spent a month visiting with Mr. and Mrs. Fred Saul at Decker Lake.

Mrs. MacKay and family of Hazelton are visiting here with Mr. and Mrs. A. Ruddy.

Robert Gerow and Richard O'Hara are completing a contract for the laying of 600 feet of sidewalk in Burns Lake.

Mrs. J. H. Harrison of Ootsa Lake has returned from a trip East.

D. Cochrane, B.A., who has been teaching at Forestdale, has been appointed principal of the Burns Lake school.

D. H. Hacker of Colleymount was a visitor to Smithers last week to receive treatment for injuries to his eye.

When The Babies Are Cutting Teeth THE MOTHER SHOULD USE

During baby's teething time, the bowels become loose and diarrhoea, dysentery, colic, cramps, etc., manifest themselves; the gums become swollen, and cankers form in the mouth. This is the time when the mother should use "Dr. Fowler's," and, perhaps, save the baby's life.

KETCHIKAN SAWMILL HAVING GOOD SEASON

Shipping Half Million Feet Monthly to England and United States

KETCHIKAN, Aug. 13.—Between four and five hundred thousand feet of lumber is being shipped monthly from the Ketchikan Spruce Mills to Seattle according to E. J. Daly, operator and manager of the mill. Of these shipments part are sent to various sections of the States and part is transhipped to England. There have been more orders from England than from the Orient this year.

A larger per cent in an increase of foreign orders and orders from the States the past few years and a per cent which continues to increase, is developing into an established business Mr. Daly says. The Ketchikan mill will be operated until well into October this season.

A colored Baptist was exhorting, "Now, brethren and sistern, come up to de altar and have yo' sins washed away."

All came up but one man. "Why, Brudder Jones, don't yo' want yo' sins washed away?"

"I done had my sins washed away."

"Yo' has? Where yo' had yo' sins washed away?"

"Ober at de Methodist church."

"Ah, Brudder Jones, yo' ain't been washed. Yo, jes' been dry cleaned."

HORSE MEAT FOR BELGIUM

Canadian Exporter Preparing to Purchase Animals and Slaughter Them

REGINA, Aug. 13.—Old Dobbin whose market value was considerably undermined by the advent of the automobile and tractor, has again come into his own, but this time in a vastly different role.

A syndicate of exporters has entered the market in Western Canada for 50,000 horses of all types to be slaughtered and shipped to Belgium, France and other European countries to satisfy the sophisticated palates of those to whom horse flesh is a genuine treat.

Heading the syndicate is Geo. Pottmans of this city. He intimated that he was prepared to buy all types and sizes of horses, crippled or even in poor condition, so long as they have no organic disease. Due to the heavy costs of transportation Mr. Pottmans pointed out that it was essential to get the animals at a very low price. Wild horses from the range of the south country are also regarded as a potential source of supply.

Mr. Pottmans has already secured a fair percentage of the first batch he proposes to ship across the Atlantic. Until the industry has become fairly well established, the slaughtering and packing will be done in temporary quarters under the auspices of local packing firms. Choice of permanent headquarters will depend upon the development of the project.

Gaston Pottmans, former vice-consul for Belgium in Regina, will handle the European market of the horse flesh. The industry is a recognized one in Belgium, and Mr. Pottmans believes it will be possible to market 2,500 pounds of horse meat daily, providing the supply is forthcoming.

The government of Saskatchewan and Alberta are in favor of the project, according to Mr. Pottmans. In Alberta the chief source of supply will be the South Ranges, where thousands of wild horses have actually become a menace to the ranchers. Mr. Pottmans figures that he will have to purchase the bulk of his 50,000 order at a rate of three dollars a head, in order that the undertaking will prove a paying one.

LATE PANCHO VILLA HONORED IN HAWAII

Two Memorial Services Held There While His Body was on Way to Manila

HONOLULU, Aug. 13.—IN Honolulu and elsewhere in Hawaii the late Pancho Villa, world's fly-weight boxing champion, who died recently in San Francisco, was held in high esteem because of his skill and courage in the ring and his sportsmanship and fine deportment at all times. Two memorial services, one Catholic, one Protestant, were held in Honolulu for the late champion, whose body was there enroute to Manila for burial. His body did not leave the ship while in Honolulu.

Requiem High Mass was celebrated in the Catholic cathedral, while a less formal service was held in the Methodist mission, under the direction of Rev. N. C. Dixon, who said he had married Villa two years ago. Prominent sportsmen spoke at the latter service.

OUTSIDE TEAM FOR FAIR WEEK

Ocean Falls Soccerists and Ketchikan and Anxox Base-batters Likely to Come Here

A football team from Ocean Falls and baseball teams from Anxox and Ketchikan will probably be brought to the city to compete with local all star aggregations during Fair Week. The Fair Board has been conducting negotiations to this end for some time now and a meeting of the board is called for tonight to make final arrangements. The Football and Baseball Associations will collaborate with the Fair Board in staging the games.

FOOTBALL EXECUTIVE MET LAST EVENING

Fair Games and G.W.V.A. Letter Discussed—Referees for Gilhuly Cup Games Selected

A meeting of the Prince Rupert Football Association was held last night with George Hill, president, in the chair. Delegates present were D. Kennedy, R. Yates and J. Watson, Vice-President James Black and Secretary-Treasurer G. S. Russell. The question of football arrangements during Fair Week was discussed and the matter was referred back to the Fair Board for decision.

Referees for the next three Gilhuly Cup games were selected as follows:

Tonight—Sons of England vs. Callies, Tom Jones.

August 18.—Gold Storage vs. Callies, G. Cowan.

August 21.—Sons of England vs. Cold Storage, G. Cochrane.

The open letter appearing in yesterday's paper from the G.W.V.A. Football Club President was discussed and the secretary was instructed to write to the G.W.V.A. regarding same.

Sport Chat

Full of confidence that they will be able to keep up the pace in this series that they have already set since the first of the season, the Callies will play their first game in the Gilhuly Cup

competition this evening having as their opponents, the Sons of England. The Sons have been runners-up pretty well since the first of the year and it is said that they have some hopes of hanging up this trophy on their own walls. In any case, they will be putting their best feet forward tonight and a good game is anticipated. With some readjustments in the league following the withdrawal of the Great War Veterans and the arrival of new players in town, it is forecasted that the Callies will not have things quite so much their own way in the Gilhuly Cup series as they have had so far this season. It would be good for the game if they were given a little harder competition than they have had.

Prince Rupert is having better baseball this season than it has had for years and, with the program now well advanced, prospects are that play will even be more keen than it has already been and that is saying a good deal. The Gyros are coming to life and now they seem to have a real live aggregation fully capable of taking care of itself against the Sawmill and the Sons of Canada. The boys from Seal Cove were somewhat out of form in their match with the Sons on Sunday last but should be back on their feet tomorrow night. There will undoubtedly be a good crowd on hand to witness a game that promises to be quite up to the high standard that has already been set.

The teams in the Gilhuly Cup football game tonight will take the field as follows:

Sons of England—A. W. Howlett, goal; G. Kelsey and G. Howe, full backs; Doherty, A. Bales and F. Hodgkinson, half backs; J. Farquhar, A. Dickens, J. Johnson, H. Hanson and D. Gurviech, forwards.

Callies—Eddie McLean, goal; George Mitchell and H. Hamilton, full backs; J. Harris, S. Currie and R. Woods, half backs; A. Mitchell, R. McDougall, D. Scott, W. Mitchell and James Hamilton, forwards.

CELEBRATION OF FLAG DAY

Hundreds of Kiddies Enjoying Fun at Acropolis Hill Grounds this Afternoon

The annual Children's Flag Day celebration under the auspices of Prince Rupert Lodge No. 66, Benevolent and Protective Order of Elks, is in progress this afternoon at Acropolis Hill grounds.

The proceedings started shortly after 2 o'clock this afternoon with the parade from the Elks' home in which hundreds of kiddies participated. Long before the hour set for the march to the grounds, the youngsters had started to assemble in anticipation of another afternoon's fun. Flags were presented to all and then the parade set out. Fire Chief D. H. McDonald and Police Chief W. H. Vickers acting as marshals and an augmented pipe band in the lead.

On arrival at the grounds an address on The Flag was delivered by Rev. Dr. H. R. Grant, followed by the usual raising of the flag and the salute. Then the fun commenced with the free distribution of ice cream, peanuts, etc., followed by the running of races.

The closing feature at the grounds will be the baseball game between the Gyro Club and Elks and the festivities will be continued tonight at the Elks' Home with a children's mas-

WATER NOTICE.
Use and Storage.

TAKE NOTICE that William C. Splan, whose address is Lockport Cannery, O.C.I. B.C., will apply for a licence to take and use 2 million gallons daily and take 5,000 gallons of water out of an unnamed stream which flows southerly and drains into West Taku Arm, west portion of Lockport Harbour, O.C.I. B.C. The storage dam will be located at the source of the stream. The capacity of the reservoir to be created is about 8,000 gallons, and it will flood about 1/2 acre of land. The water will be diverted from the stream at a point at its source, and used for domestic and other purposes upon the land described as Lot 116 and Lot 141 Block A, Queen Charlotte Road, B.C. This notice was posted on the ground on the 18th day of July, 1925. A copy of this notice and an application pursuant thereto and to the Water Act, 1924, will be filed in the office of the Water Recorder at Prince Rupert, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 23, 1925.

NEW WARD IS ABOUT READY

Children Will Have Bright Ward at Hospital Well Equipped For Its Purpose

At the meeting of the hospital board held last night in the class room at the hospital, Leo Waugh reported that the children's ward was now about complete and that it was awaiting the laying of the linoleum, which is to be purchased from Tite's furniture store at \$3.25 a yard.

A visit to the ward showed that the sick children will have a splendid place with all modern hospital conveniences and that the case room which formerly occupied the room is much better situated than it was previously and is convenient for the work for which it is designed. Other improvements have been made at the hospital from time to time, bringing it up to modern requirements.

J. F. DUTHIE IS VISITING DISTRICT

Arrived From Stewart Last Night and Proceeded to Smithers on This Morning's Train

After having spent a couple of days at Stewart, J. F. Duthie of Seattle, well known district mining operator, and J. R. Turner, his field engineer, returned to Prince Rupert on the Prince Charles last night. This morning they left for Smithers where Mr. Duthie will make his first inspection of the Duthie mines, following the recent reopening of the property.

Mr. Duthie's present trip is in the nature of a holiday and he will remain at Smithers for several days. Mrs. Duthie and Miss Helen Duthie are already there.

The mine at Smithers is now employing about thirty men and shipments are being made to the Consolidated Smelter at Trail at the rate of a car load a week. Auto trucks are used to bring the ore down Hudson Bay Mountain to the railway at Smithers.

Mr. Duthie has relinquished the property at Doreen Creek, which he was developing last year. The original owner, J. Tredway, is again working it.

COAL TENDERS

Hospital Board Allots Work of Awarding Contract to House Committee

The house committee of the hospital is to award the contract for the supply of coal to the institution during the coming autumn. Tenders were opened last night showing prices submitted as follows:

Mixed coal	\$14.40
Rico Hard—	
Slack	7.15
Nut	8.60

SALVATION ARMY OFFICERS COMING TO CITY FRIDAY

Gol. Knight, chief secretary of the Salvation Army for Western Canada, and Lieut. Col. McLean, territorial revivalist, both from Winnipeg, will arrive in the city from the south on the Prince Rupert tomorrow morning. They will conduct a service in the local cathedral tomorrow night and will then proceed to Port Essington to take part in the native congress taking place there on Saturday and Sunday. From here they will go East. Staff Captain Caruthers of Wrangell reached the city from the north on the Princess Alice yesterday afternoon to accompany the officers on their trip through this district.

Be Careful, Madam

Palmolive complexions do not come from other sorts of "olive oil" soaps

WE have led millions of women to expect fine complexions from olive and palm oils, as used in Palmolive Soap.

They have gained added beauty and fresh, clear skins. But some credit those results to olive and palm oils alone. And any "olive and palm" soap may claim to be a soap like Palmolive. They are mistaken. Olive and palm oils have been used for ages. Cleopatra used them—Roman beauties used them. Castile soap—the real castile—attained its fame on olive oil alone.

But olive and palm oils in those forms never brought great results. Palmolive Soap has brought new beauty to millions. It has thus become the leading toilet soap of the world.

It is made in five countries to supply the world demand. And one is France—the home of fine cosmetics.

Just because Palmolive, based on 60 years of soap study, gives to these oils a new effect on the skin.

It has multiplied beautiful complexions. Now many times as many women keep their youth and charm.

There are soaps at 25 cents and over, which approach Palmolive in results. We know of two. But Palmolive sells at 10 cents—no more than ordinary soaps. Enormous production brings you this modest cost.

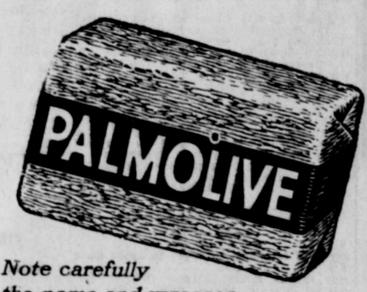

Now countless "olive and palm" soaps are offered for like purpose. Some have artificial colors, some are over-fatted. They will cleanse, if you want mere cleansers. But don't expect such soaps to bring Palmolive results to the skin. That is impossible.

Note the *unnatural* "too green" color of Palmolive imitators. What does that suggest? Men don't paint nature to improve it.

Olive and palm oils—nothing else—give Palmolive its delicate, *natural* color. Olive and palm oils—no other fats whatsoever—are used in Palmolive.

No "super-fating," no "super-anything"—the only secret to Palmolive is its blending. And that is judged one of the world's priceless beauty secrets.

Wash, launder, cleanse with any soap you wish—but when beauty is at stake, *take care*. Use Palmolive, a soap you *know* is safe to use. Palmolive is nature's formula to "Keep That Schoolgirl Complexion."

Soap from Trees

The only oils in Palmolive Soap are the soothing beauty oils from the olive tree, the African palm and the coconut palm—and no other fats whatsoever.

That is why Palmolive Soap is the natural color that it is—for palm and olive oils, nothing else, give Palmolive its green color!

The only secret to Palmolive is its exclusive blend—and that is one of the world's priceless beauty secrets.

(MADE IN CANADA)

Note carefully the name and wrapper. Palmolive is never sold unwrapped.

VICE RAMPANT IN VANCOUVER

Houses of Ill Fame Almost in Shadow of Police Stations States Star

IS HAVEN OF REFUGE

Four Hundred Men Said to Live on Proceeds of Avails of Prostitution

VANCOUVER, Aug. 13. — On three occasions since Vancouver was incorporated the authorities found it necessary for the welfare of society to close so-called "red light districts," says the Star. Old-timers will remember Dupont Street and later Harris Street, while Alexander Street was made taboo in 1913. But never in the history of the city were so many houses of ill-fame—bawdy-houses—operating as at the present time, no less than 28 being in full swing nightly within a stone's throw of police headquarters.

Between the 600 block and 800 block on Gore Avenue there are seven. On Keefer Street between the 200 block and 300 block there are three. On Union Street between the 200 and 300 blocks there are six. On Georgia St., E., between the 200 and 300 blocks, there are five. In the 200 block on Hastings E. there are two. On Main Street between the 500 block and 700 block there are two. In the 200 block on Prior Street is one, while in the 500 block on Dunlevy Ave., there is also another. The 900 block Cordova St., E. also has one.

Commercialized vice is rampant not in the East End alone. Many pedestrians are accosted by "street walkers" on the principle thoroughfares. These are mostly women whose beauty has faded and who no longer can compete among the bright lights

of the more exclusive houses.

Thrive on Vice

The police have knowledge of these conditions and one member of the Police Commission, it is stated, has been furnished with a list of disorderly houses. Practically every house of prostitution in the East End has been raided at different times and convicted, but with the payment of a \$25 fine the "Madame" returns to hang-out her "business as usual" sign. Under the Criminal Code, the third conviction specifies a prison term, but this section is never invoked.

It is no secret among the "smart set" that Vancouver is the haven of refuge for more "cadets" than any city of its size on the continent. There is a permanent resident list of approximately 250, while the transients bring the total daily average to 400. Four hundred so-called men, sleek, well-fed and groomed in the most expensive manner, walk the city streets daily, extracting their livelihood from fallen women, living upon the avails of prostitution.

Drastic Action Needed

It is practically impossible to secure police court convictions against these men because the police have found to their disgust that while a woman, in a fit of anger will blurt out her story, she refuses to appear in court and testify, fearing the dreadful consequences which these men inflict upon a "bull-hollerer."

During the last three months, no less than 16 cadets, each with several prostitutes, have settled in Vancouver. They are recruited from the slums of Montreal and are attracted here by the freedom which their fellows are afforded here. Their numbers are swelling with each incoming steamer and train.

Only police action of the most drastic sort can clean-up a situation which has gradually grown worse since Alexander Street was closed twelve years ago.

TIMBER SALE, X 7208.

Sealed Tenders will be received by the District Forester not later than noon on the 20th day of August, 1925, for the purchase of Licence X7208, to cut 189,000 lineal feet of Cedar Poles and Piling on an area situated about three miles south and across river from Hemo Station, Range 5, Coast District.

Two (2) years will be allowed for removal of timber. Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

HOTEL REPORT IS REPUDIATED

Sir Henry Thornton Again Denies That C.N.R. is Interested in Vancouver Project

MONTREAL, August 13. — A newspaper report from Vancouver under Tuesday's date, inferring that the Canadian National Railways, through Sir Henry Thornton, had given their consent to operate a hotel to be built in Vancouver by private interest was given a complete denial last night by the president of the National system in his statement made at Vancouver and wired to general headquarters of the Canadian National Railways at Montreal where it was issued this morning, Sir Henry Thornton said: "Reports emanating from Vancouver indicate that the Canadian National Railways propose to build a hotel are entirely incorrect and misleading. The Canadian National system has no intention whatever of interesting itself in any hotel anywhere at the present time. I was asked if the Canadian National would lend its moral support and in advertising a new hotel in Vancouver if the hotel should be built by outside capital. I said that the Canadian National Railways would look with favor and sympathy upon any project to provide another hotel at Vancouver with which we could work from a tourist point of view. I deny most emphatically that the Canadian National Railways are putting money into any hotel proposition either directly or indirectly at the present time in Vancouver or elsewhere."

"Reports emanating from Vancouver indicate that the Canadian National Railways propose to build a hotel are entirely incorrect and misleading. The Canadian National system has no intention whatever of interesting itself in any hotel anywhere at the present time. I deny most emphatically that the Canadian National Railways are putting money into any hotel proposition either directly or indirectly at the present time in Vancouver or elsewhere."

RALPH CONNOR VISITS CITY AND TALKS OF UNION AND OPTIMISM AND WRITING—MEETS OLD FRIENDS.

(continued from page one)

that the C.P.R. was built across the continent when there were only a handful of people living in the west. Then look today and you see the wonderful cities of Vancouver and Victoria and your own delightful little town making splendid progress. What more could have been expected. The advance is remarkable. A few years ago Vancouver was a village and see what it is today. Canadians have every reason to be proud of their achievements. They are making good.

Asked about his work, Dr. Gordon said he was still chief pastor of St. Stephens but he did not feel tied to the church as formerly and spent much time doing public work. Just now he was on holiday enjoying life in the west and incidentally imbibing some of the western atmosphere.

Writes at Night

"When do you write?" he was asked.

"I write on holidays and at night after other people are in bed," was the reply. Yes, I am still writing. My book that I am working on now has to do with life in the maritime provinces. The last was about British Columbia.

Dr. Gordon has written a great deal about Glengarry yet until quite recently he had not visited that place since he was ten years of age. He said he remembered well the roads and the people although today he is not by any means a youth, so far as years are concerned. Otherwise he is as keen as any young man, talks incessantly, asks plenty of questions and appreciates the answers. He says that from now on he intends to devote less time to his church work and more to public service in a bigger way. He will travel considerably and plans to visit a number of the mission fields, carrying inspiration to the men who are doing lonely work and who need help. Also he will continue writing.

With Dr. Gordon was his son King Gordon who has been doing mission work at Giscombe but who is now to return to college.

LADIES' FELT HATS

Do you want an ideal Hat for Prince Rupert weather? It is ideal because you can wear it whether it rains or shines.

This is the second shipment we have had in two weeks. We had to wire for more. They are selling well because they are soft and durable, good shapes, attractive colors and reasonable in price.

Moderately priced from \$2.75 to \$4.75 none higher

Kindling!

When you are buying kindling why not get something that will start the fire in a hurry? We handle only the best there is — "Bone Dry Kiln Dried Wood." Should you order a load of this you get value. Full load \$6.00 or nicely tied bundles, 5 for \$1.00.

Our Taxi number is easy to remember, "412", and "Service" is our motto. If you use our cars today you will use them again. 50c is our charge day or night — "all the time." Dray work of all kinds attended to promptly.

Stand—345 Third Ave. Also Seal Cove
