ELECTIONS TO TAKE PLACE OCTOBER 26

PRESIDENT FAIR BOARD TELLS OF AIMS AND OBJECTS OF ANNUAL EVENT

Election to be Held October 26
Premier Mackenzie King Will
Announce in Speech Tomorrow

(Special to Daily News)
VANCOUVER, Sept. 4.—Monday, October 26, will be announced as the date for the general election by Premier Mackenzie King in his Ontario speech tomorrow, according to advice received at Liberal headquarters here from the Liberal headquarters in Ottawa.

The Premier is to address his constituents at Richmond Hill, North York constituency, and will make his first campaign speech on that occasion, stating the future policy of the Government and outlining the general lines on which the forthcoming election will be fought. (Canadian Press)

TORONTO, Sept. 4.—Preparations have been completed at Richmond Hill for the largest gathering in years tomorrow afternoon when Premier W. L. Mackenzie King addresses his own constituents. The Premier, it is believed, will make an announcement in regard to the election date.

Baron Byng returns to Ottawa early this afternoon and will entertain the Premier at lunch, during which time it is expected Premier King will make a request for dissolution of Parliament.

VANCOUVER, Sept. 4.—The Sun today states that Liberal headquarters has received definite information that the Ottawa elections will be held on October 26.

COMMISSION INVESTIGATE BRITISH COAL

Subsidy to Operators Cost the Country £860,000 for the First Month

LONDON, Sept. 4.—The appointment of a royal commission to investigate the coal situation is announced, with Sir Henry Louis Samuel as chairman.

The first month's subsidy to the coal operators, given by the government in order to prevent a coal strike recently, has cost the country £860,000.

TO TALK OVER NIGHT SCHOOLS

John Kyle of the Education Department Here and Will Remain Few Days

John Kyle, director of technical education and night schools in the province, arrived today and leaves this evening for Ansox where he will look into the situation there. Arriving back here Monday, he hopes to meet the Prince Rupert school board and talk over the situation with a view to a possible revival of the night schools.

INDIAN MURDER CASE OPENED

VANCOUVER, Sept. 4.—James King, a white man, and George Odebar, an Indian, appeared before Justice of the Peace G. Blyth today at Okalla, where they are being held in connection with the murder of Louis Jamieson at the Indian village of Kuyquot, Vancouver Island, on August 6, and were remanded for a preliminary hearing to take place at Nanaimo on September 11.

GOLF SEMI-FINALS ARE BEING PLAYED

OAKMONT, Sept. 4.—Bobby Jones meets George Von Elm of San Francisco and Walter Gunn of Atlanta faces Dick Jones of White Plains, N.Y., in the semi-finals of the national amateur golf championship today as the result of yesterday's play.

NOTICE TO PARENTS AND GUARDIANS

School will reopen on Tuesday, September 8th, 1925, at 9:00 a.m. All beginners, and pupils attending the Prince Rupert Public Schools for the first time, should report at the schools by 8:45 a.m.

Seal Cove School pupils promoted to Grade 5 will report to Seal Cove School.

Principal J. C. Brady will be in the office at the King Edward High School on Monday and Tuesday, September 7th and 8th, from 9 a.m. to 2 p.m. to enroll all students who are entering High School for the first time, and to arrange for courses of study. Students from outside districts should notify the Principal before opening of school of their intention to attend High School this term to avoid being disappointed.

WILL PACK CLAMS SOON AS SALMON SEASON IS OVER

Just as soon as the salmon season is over the Somerville Cannery Co., operating the cannery near Seal Cove, intend to start packing clams once more. Last year a good many were put up with considerable success. This year the pack will be increased and many local people will secure employment digging on the beaches.

The cannery also proposes packing a small quantity of chicken halves as an experiment.

DEATH TOLL OF SHENANDOAH IS NOW FOURTEEN

Air Rushing into Holes Torn in Big Airship Caused Breaking Up

CALDWELL, Ohio, Sept. 4.—The death toll from the Shenandoah wreck stood at fourteen this morning. Two members of the company were seriously injured.

What remains of the dirigible, destroyed during a thunderstorm yesterday, is rapidly being torn up by the waves and wind, much the same as an ocean going ship is broken up by the waves. At Lakehurst, the dirigible's headquarters, forty children are left fatherless by the catastrophe.

Air rushing into the holes torn in the Shenandoah by twisting off the radio and control cabins caused buckling of the ship and the breaking up of the many parts, the naval board visiting the wreckage announce.

PART OF STEAMSHIP CREW WERE LOST

HOBART, Tasmania, Sept. 4.—It is feared that the remainder of the crew of the steamer Karamu of the Union Steamship Company of New Zealand were lost when the ship foundered. Fifteen lives were saved but the others have not been heard from.

TONY CROSS HAD BIG HAUL OF MEN'S WEAR

TORONTO, Sept. 4.—Tony Cross, when arrested here today, was found to have twelve shirts, six towels, two suits of underwear and a scarf. He was sentenced to six months for vagrancy.

EXPLOSION IN MINE

TOKIO, Sept. 4.—An explosion in a coal mine at Pingyang, Korea, resulted in the death of 150 persons, according to reports reaching here.

SKULL MAY BE THE DODO

Ted Shruballs' Find is That of Immoose Bird, Perhaps Prehistoric

Waterfront people are speculating as to whether a skeleton picked up by Ted Shruballs is that of the extinct Dodo or some other huge bird at present unknown. They all pronounce it at any rate something unusual. It was recently pulled up in 50 fathoms of water on the fishing gear of the Canadian schooner H. & R. owned by Ted and Bob Shruballs while the boat was fishing off Tow Hill, Queen Charlotte Islands.

The head is about the size of a man's fists put together with two eye-sockets and a pronounced hole in the centre of the skull while a bone beak protrudes some six or seven inches from it. It looks like the skeleton of a bird but is larger than any known living specimen.

Ted Shruballs is talking of giving the skeleton to the local museum when doubtless government experts will be able to trace the origin of the find.

KING BORIS IS ILL OF POISON

Refused to Sign Death Warrants of Men Convicted of Treason, So Given Bacilli

ROME, Sept. 4.—Because he refused to sign death warrants of several communists convicted of treason, King Boris was administered poison and is gravely ill. Bacilli of typhus fever were found in his dessert.

The king has displeased the extreme royalist groups at various times because of his democratic tendencies. He has had many narrow escapes from death, one in May, 1921, from a bomb exploded in the national parade, and in 1925 following a revolution in Bulgaria which was put down. Last April he was ambushed by a gang of bandits supposed to have been communists and fired upon, the chauffeur being wounded. Two attendants of the king were killed, so the king took the chauffeur's place and drove home unscathed.

POWELL RIVER PLANT GROWING

Increase in Output to Be Forty per Cent at First and Eventually Eighty

COST FIVE MILLION

VANCOUVER, Sept. 4.—A five-million-dollar development program of the Powell River paper plant is announced by M. J. Scanlon, director of the firm, who said the output of the big concern is to be increased 80 per cent eventually. The first output increase will amount to 40 per cent.

ITALIAN SUBMARINE HAS BEEN LOCATED

ROME, Sept. 4.—An Italian submarine, which has been missing since the manoeuvres off the Sicilian coast has been located in 270 feet of water. It is presumed the crew of 55 persons perished immediately. No attempt will be made to salvage the boat.

OIL DEPRECIATES NUMBER OF FISH

ATLANTIC CITY, Sept. 4.—The increased use of oil in coastal inland waters is largely responsible for the depreciation in the number of fish of recent years, David Newberger, president of the National coast anti-pollution league told the fishermen's convention here.

TOKIO, Sept. 4.—Cholera is reported to be spreading in Yokohama. The authorities are vaccinating thousands of persons to prevent its spread. It is reported that the officials have a plan to mobilize the reservists in a campaign against the malady.

Fair This Year to be Best Ever Held says President at Luncheon

Ben Self, president, and John Bulger, vice-president, guests of Rotary Club, urge support for local institution

With large exhibits expected from the various districts, with two Indian bands, with the splendid exhibition of paintings loaned from Ottawa and with a splendid card of sports attractions, the fair this year promises to be one of the best staged in British Columbia, according to president Ben Self, who, with vice-president John Bulger, was a guest of the Rotary Club yesterday afternoon and told that organization of some of their plans.

While Hazelton will not this year have a district exhibit, there is a fine display expected from the Lakes country containing four hundred separate articles and the Hazelton Horticultural Society will have a nice display which will be appreciated. In addition gas boats have been sent to the islands to collect exhibits. Taken all in all, President Self expects a great display and a fair that will be an attraction such as the district has not yet seen.

Two Indian Bands

The two Indian bands are those from Kincolith and New Metlakatla. It was expected that the city band might have been able to take part but the bandmaster did not think they were quite ready for so important work and withdrew. Then steps were taken to secure the Alaska Indian band, which is said to be one of the finest in the country. The Kincolith band is also a fine organization and will keep up the high reputation which Indian bands have set in the past.

The big oil paintings which have been sent forward through the Dominion Government from the National Art Gallery are on their way to Victoria and Vancouver, there they are to be shown as a special feature. Here they will be set out in a special building adjoining the main fair building, which has been prepared for the occasion. A small fee of ten cents will be made for entry to that building in order to cover the cost of bringing the exhibit here and displaying it. This exhibit in itself is a feature worth coming miles to see for anyone who is interested in art.

A number of smaller features have been prepared and all that is needed now is to secure suitable weather for the games to be played under sunny skies.

Matter of Finance

In discussing the difficulties surrounding the conduct of an annual fair, Mr. Self said that not the least important was that of finance. It was necessary to put up some money for the work. The various grants had been cut down to such an extent that other means of financing was necessary. Accordingly they were asking the merchants and citizens generally to contribute to the funds.

In order to get the exhibits here it had been necessary to pay not only the transportation but the cost of a man coming with the district exhibits. This had been instrumental in getting results.

Going back to the early days and comparing with what was being done now, the president stated that the first exhibition was put on in 1913. It was held in the skating rink and was something more in the nature of a potlatch. The following year the big building was erected at the cost of \$6,560.95, the road to it (continued on page two)

ABANDON HOPE SAVING CREW OF SEAPLANE

Giant Machine Which Was Forced Down Near Hawaii Cannot be Found.

HONOLULU, Sept. 4.—Into the limbo of "ships lost at sea" has gone the giant seaplane, which left San Francisco for Hawaii last Monday and fell into the sea Tuesday afternoon, presumably not far from the Hawaiian coast. After a search of 60 hours no trace of the lost plane has been found and hope of saving the lost crew has been abandoned.

WRIT AGAINST JOHN HAAHTI

John the Finn Again Defendant in Injunction Against Silver Slipper Mine

VANCOUVER, Sept. 4.—John Haahti, better known as John the Finn, and his partner Thos. Kellins, both of Stewart, are defendants in an action instigated by David Fremont, when he issued a writ today calling for an injunction against the Silver Slipper Mining Company and alleging fraudulent representations in the sale of mining stock.

Haahti came into public notice several years ago when he discovered the Silverado mine right over the town of Stewart. Later he was involved as defendant in a breach of promise case.

Airship Experiences Are Not Encouraging.

Air ship experiences so far have not been very encouraging. The percentage of loss has been very heavy.

With airplanes, seaplanes or sea-boats, or any heavier than air machines it is different. The percentage of loss is low and travel by that route is fairly safe. Improvements are being made and it is possible that in time the planes may become generally used for private transportation.

Fair to Open Here Next Tuesday Evening.

Next Tuesday evening is the time set for the opening of the Prince Rupert Fair and it is hoped by that time to have all the judging completed. It is difficult to judge exhibits when people are wandering about and making remarks.

Judging is very important in connection with fairs. If the judging is poorly done, exhibitors become dissatisfied and refuse to make entries and interest in the fair falls off.

So far there is a good entry list and those who have not filled out the forms and paid the fees should do so at once.

Financial Panic Curious Thing.

Yesterday the despatches told of a financial panic at Liverpool. Sometimes we hear of the same at New York or in some other large city. Financing is done largely on credit and once people lose faith, the whole system collapses temporarily and has to be rebuilt. Temporarily the result is disastrous.

People are influenced by each other. Real estate, mining and other booms are the result of a psychological condition. They are worked up step by step, sometimes purposely but usually they just happen. They come when least expected and so do financial panics.

Soon Be Time to Prepare For Winter.

We are now well into September and as soon as the excitement of the fair is over it will be time to prepare for autumn sports and amusements. The weather will drive people indoors during the evenings and it will be well to consider what steps may be taken to employ the time pleasantly and profitably.

Of course there will be basketball, badminton, card games, billiards, and similar amusements and exercises. What else can be done? Will it be possible to do something worth while during the winter months that will stand out as real achievement? Most great men have gone down to posterity as great because rather of their hobbies than their regular work.

Do You Need Manners If You Have a Loud Voice?

There are a lot of people who go on the assumption that if you have a loud voice and lots of assurance you do not need any manners. There are people who have such a charming personality that they can do things and get away with them that would get others into trouble. Still the loud person is a terrible bore often and would do much better to curb the noise. Noise is not necessary in order to be "peppy." It is not necessary to be rude to be "peppy." The person who relies on noise and crudity to make himself or herself popular has made a mistake.

No one cares for a person who never speaks. Some people are too stupid to talk. Others are stupid when they talk too much and seldom say anything.

Moderation in the amount of talking, in the tone of voice and in the sentiment expressed is always pleasing.

ARE EXPECTING ANNOUNCEMENT

Premier Mackenzie King May Make a Statement Regarding Election Tomorrow

OTTAWA, Sept. 4.—Many people are looking expectantly for an announcement from Premier Mackenzie King tomorrow in regard to the date of the elections. Whether it will come or not, no one knows. The Premier is non-committal. He is billed to address the constituents of North York, which he represents in the House of Commons, at Richmond Hill tomorrow and he may take them into his confidence in regard to the dissolution of Parliament and the date of the elections. It is also stated that he will not give any definite information but will simply let his constituents know whether there is to be an election this year or not. Everyone here is expecting an election announcement soon.

NEW INSTRUMENTS HAVE BEEN ORDERED

Boys' Band Organization Numbers Forty at Present—Thirty to Play

An order has been placed with the McLaren Music Company for twelve new instruments for the Prince Rupert Boys' Band and they are expected to arrive about September 20. By the end of the month it is expected to have about thirty available, as several have been donated by fraternal organizations and others, and parents of the boys have in some cases provided instruments. Forty boys have been enrolled and a good many are anxious to learn. Some will have to be eliminated as not suited for the band.

On the arrival of the new instruments the names of the donors will be inscribed on them. The instruments just purchased consist of two B flat cornets, two E flat alto, one B flat tenor, one B flat baritone, one euphonium, three trombones and two E flat basses. No new instruments are used at first. They are cheaper to purchase but more difficult to play.

FAIR THIS YEAR TO BE BEST EVER HELD, SAYS PRESIDENT AT LUNCHEON

(Continued from Page One).

was built for \$970.88 and there were other large expenditures for furnishings and equipment. That year the city put up the sum of \$5,000, the provincial government \$3,000 and donations from the public toward the fund amounted to \$2,136.65.

Gradual Improvement

Since that there had been gradual improvements and last year the total expenditure had amounted to something like \$14,000, yet there was no big building to erect and the grants received were very small. Keen interest was being taken in the exhibits of late years, although the carnival side of it was not neglected. He considered that the fair was a good investment and should be kept up and steadily improved. This could be done if the people of the city supported it and took an interest in the exhibits. This year a number of those connected with the fair were dropping out and he hoped to see a lot of new directors take hold who would make improvements every year.

John Bulger

John Bulger spoke of the financial aspect of the fair. The committee had been out collecting and so far had had a good reception. Only one two-dollar subscriber had refused to renew his subscription. To those who did not get any direct benefit there was always an indirect advantage. If it was good for the city it was good for the citizens individually and he trusted everyone would give it every possible support. They were inviting a good many visitors here and they wanted to show them that it was worth while for them to come.

Thomas McClymont while thanking the visitors for their addresses mentioned that Prince Rupert had been one of the few places carrying on their fair throughout war time. He urged that it be given every possible support.

Mr. and Mrs. S. E. Parker left on this morning's train to attend the Smithers Fair and the Telkwa Barbecue.

MOVIE ACTOR VISITING CITY

Howard Webster and His Wife Miss Dolly Day Appearing at Theatre

Last night Howard Webster, the movie actor, who is here on his way from Alaska, where he has been successful in organizing a company to build a moving picture around the escapades of the late Soapy Smith, appeared last night at the local theatre in a sketch named "Sis Hopkins" which proved very popular. He was accompanied and assisted by his wife, Miss Dolly Day, the musical comedy star, and both will appear here again tonight and tomorrow night as well as at the Saturday matinee.

Mr. Webster is going south on Monday and will return in the early spring to film the picture, using very largely Alaskan characters in the production. His wife is also a movie girl.

METLAKATLA BOYS GAVE NICE DANCE ELK LAST NIGHT

Well on to 100 couples danced continuously from 9 o'clock last night until 2 o'clock this morning to the delightful music furnished by the New Metlakatla orchestra at a dance in the Elks' Home. The melody dispensed by the musical aggregation from the north made such a hit that encore after encore was demanded. Time was not even taken to enjoy the usual refreshments at midnight.

The personnel of the visiting orchestra as follows: Willie Lund, leader and xylophone; Joseph Verney, violin; Oscar Haldane, piano; Reno Booth, saxophone; Ray Haldane, soprano saxophone; Simon Reeves, banjo; David Nelson, drummer.

W. E. Williscroft was master of ceremonies and Lance Potterton was no the door.

After the basketball game tonight, the New Metlakatla orchestra will play for another dance.

VICE-PRESIDENT OF CANADIAN PACIFIC VISITOR IN CITY

W. R. MacInnes, C.P.R. vice-president in charge of traffic, and party will arrive in the city by this afternoon's regular train on Mr. MacInnes' private car, Champlain, and will proceed south to Vancouver on the Princess Louise tomorrow afternoon. Mr. MacInnes, whose trip is said to be in the nature of a holiday, comes here from Edmonton, a day having been spent at Jasper Park. His headquarters and residence are in Montreal. Accompanying the party will be George Stephens, assistant freight traffic manager, Winnipeg.

MCLEOD ISSUES WRIT AGAINST CORPORATION

City Will Be Defendant in Supreme Court Action for Recovery of \$2,396

A writ has been issued in the Supreme Court by L. W. Patmore on behalf of M. R. McLeod for recovery of \$2,396 from the city of Prince Rupert. It is claimed that the city retained this amount from Mr. McLeod in connection with a plank road repair contract recently cancelled by the city. If the case is proceeded with it will probably be heard at the forthcoming session of the Supreme Court Assizes here.

METLAKATLA
OPENED BADLY

Lost Baseball Game Against the Locals in First Two Innings Yesterday

BETTER NEXT TIME

Showing signs of being out of practice, the New Metlakatla baseball team was unable to settle down in the first two innings of the first game with Prince Rupert yesterday afternoon and the seven runs scored by the locals in those two frames accounted for the visitors being beaten by 9 to 2. Ed Leash, who is said to be Metlakatla's star pitcher, only lasted the first inning, when Prince Rupert scored four runs. He was replaced on the mound in the second inning by Louis Kiteoon, who allowed three more runs. From this on the visitors tightened up in fielding, however, and were successful in holding the locals to two more runs, while they themselves made two. The way things went in yesterday's game indicates that a better game may be expected when the teams meet again tomorrow afternoon. It is possible that there may be a third game on Sunday, as the Metlakatla team will not be returning home until Monday.

The locals excelled the visitors in hitting yesterday, while Schlenker, the Prince Rupert hurler for seven innings, held the game in his hands practically all the time. The only run that got past him was in the seventh when Buckert, who had made a two-bagger, was scored on a sacrifice fly. Astori pitched the last two frames for Prince Rupert and the visitors made their second run in the ninth due to an error.

Hits and Errors

Metlakatla only got four scattered hits, two off Schlenker and two off Astori. Phil Hewson touched Schlenker for a two-bagger in the first inning, as did Buckert in the seventh.

Prince Rupert got nine hits, two off Leash in the first inning and the balance off Kiteoon. Vic Menzies poled out a circuit clout to left field in the first inning with Jones ahead of him. This was after Moran had been scored. Sidney Bazett-Jones made a three-base hit in the sixth with no men on bases and two down. He was scored by Vic Menzies with a nice single.

Prince Rupert made five errors, as follows: Farquhar 1, Moran 2, W. Mitchell 1, Menzies 1. Metlakatla made six errors: Evans 2, Williams 1, Buckert 1, Leash (second base) 2.

Schlenker's excellent pitching was indicated by his having fanned 12 men, striking them out 1-2-3 in three innings. Astori made one strike-out, Leash one and Kiteoon four.

The Line-ups

The teams lined up as follows:

New Metlakatla—Willie Brendible, cf; Phil Hewson, 22; Clarence Edwards, c; Charles Buckert, 3b; Jimmie Evans, 1b (captain); Ed. Leash, p (2b after first-inning); Louis Kiteoon if (pitcher after first-inning); Jimmie Williams, rf; Harold Hudson, 2b (if after first-inning).

Prince Rupert—S. Moran, 2b; W. Mitchell, cf; Howard Frizzell, if; S. Bazett-Jones, rf; Vic Menzies, 1b; Balfour, c; Farquhar, 3b; Vallance, ss; Schlenker, p; Robideau, e (after fifth-inning); W. Lambie, lf (after fifth-inning); H. Astori, p (after seventh-inning).

Metlakatla made a double play in the fourth when Phil Hewson caught a fly and a base-runner

was put between first and second.

Score by innings:
1 2 3 4 5 6 7 8 9
Metlakatla, 0 0 0 0 0 1 0 1—2
P. Rupert, 4 3 0 0 0 1 0 1 X—9

Sport Chat

In view of the fact that a select baseball team from Anyox is coming to Prince Rupert next week to meet the locals in connection with the Fair Week activities, a little "dope" on the players, taken from batting and fielding averages just compiled in the smelter town, may be of interest. Nicholson, of the Mine, carried off the individual batting honors for the 1925 season with a mark of 356. Cecil Ferguson and Fred Brown, of the Elks, came next with 333 and 300 respectively. Teddy Halverson made the most runs, 15, and also the most errors, 18. Les Lane stole the most bases, 15, and Dooley Deane made the most sacrifice hits, eight, as well as having the best fielding average for the season, .971. Bud Sheen fanned the most times and Cecil Ferguson was the star pitcher of the year, winning nine games and losing two. Ferguson pitched a total of 76 innings and allowed only three earned runs.

Though the play itself might have been better, yesterday afternoon's opening baseball match between New Metlakatla and Prince Rupert was worth the money to the crowd of spectators that witnessed it. The boys from the north, most of them natives, are a well set-up lot and, though they showed signs in the first two innings of being out of practice, they are undoubtedly capable ball players and in the next games there is reason to believe they will give the locals a better run than they did yesterday. Eliminate the first two innings and it would have been a mighty tight game, although there were more errors on both sides than there should have been. Unlike some of the visitors Prince Rupert has had, and even some of the home players, the Metlakatlans take any breaks there may be against them in a cheerful manner and there is no crabbing. They showed themselves yesterday to be good sportsmen even if things were going against them, and this made the game a pleasant one to watch. Perhaps Manager Herbert Murchison has a good deal to do with the way his players and their supporters conduct themselves. He tells his gang, when they are tempted to taunt the umpire, that "he is our man just as much as he is the other side's." Mr. Murchison also discourages rooting on the players' benches, although he likes to have a vociferous "hurrah" gang operating in the grandstand and bleachers. It is to be hoped that the spirit displayed by both sides in the game yesterday will be continued into the Fair Series next week.

Dr. J. T. Steele of Vancouver has opened up a practice as medical practitioner in Burns Lake.

Miss Haines, R.N., has arrived here to assist for a while in the Burns Lake Hospital, after which she will proceed to Wistaria to take charge of work there for the Women's Missionary Society. Miss K. M. Inglis, who has been relieving in the local hospital, has returned to her home at Gibson's Landing.

ALICE ARM

Excellent showings are being made as the Kitsault River Mining & Development Co. Ltd. proceeds with development work on the Matilda property near Kitsault Glacier.

At the meeting of the Alice Arm branch of the B.C. Chamber of Mines last week it was decided to send an exhibit to the Prince Rupert Fair. The meeting was addressed by E. A. Hazzen, editor of the B.C. Mining and Engineering Record.

J. Nick has returned from an overland trip from Alice Arm to Stewart and back again. It took

him two weeks.

George Clothier, resident mining engineer, and Mrs. Clothier are visiting the district.

HAD HIS DOUBTS.

Willie—Hello! Why are you standing here in front of the office you got fired from last week? Waitin' to get taken back?

Jimmie—Not much! I just wanted to see if they was still in business.—Kansas City Star.

BIBLE STUDENTS MAKE
NAME FOR THEMSELVES
IN DISTRICT OF SOOKE

VICTORIA, Sept. 3.—Recent visitors to Sooke have been much struck with the manner in which this former sleepy village is being "made over" by the members of the Bible Students' Association, followers of the late Pastor Russel. They have formed an industrial organization there known as the Star Construction Company which erects houses in Victoria and suburbs and now has undertaken the work of operating a cheese factory at Sooke. The place is being renovated and revived by these people who are trying to show the value of industry and right living. The Swiss cheese made at Sooke is already acquiring a reputation. Farmers now find a market for their product and the result is beneficial to everyone.

Indian Mine Officially Reported Upon in 1924 Report Mines Department

(By G. A. Clothier, resident engineer)
Indian Mines Corporation, Ltd. is a reorganization of the Indian Mines, Limited, whose original capitalization was 1,000,000 shares at \$1 each par value; later in 1922, increased to 1,600,000 shares of \$1 each par value. In July of 1923 the Indian Mines Corporation, Limited, was formed, with a capitalization of \$3,000,000, divided into 3,000,000 shares, with its registered office in Prince Rupert.

Up to the first of 1924 some 4,000 feet of underground work had been done and 2,000 feet of diamond drilling. The principal development had been done in the upper No. 4 tunnel, which had at that time been driven 1,050 feet. In that distance six ore bodies, aggregating 630 feet, had been drifted through, showing, so far as had been demonstrated, a width of from the width of the drift up to 20 feet as shown in a crosscut through No. 6 ore-body. The mine assay records were taken, giving an average of \$45.20 to the ton in gold, silver and lead values and 8.5 per cent zinc. My conclusions at that time were: "Everything considered, the development to date has been very satisfactory and the mine is in good shape. The amount of ore cut in one tunnel would seem to leave no doubt as to the ample tonnage available for milling purposes. Apparently the only question to be answered is whether a \$45 plus probably recoverable zinc values, milling of this character can be made profitable. Thorough milling tests are being made of the ore and plans being formulated for the erection of a concentrator, power plant, etc."

Late last year (1923) diamond drilling was started from the No. 1 tunnel and continued into the present year, a total of 4,100 feet being drilled. This work, although no great depth was attained, did not give very reassuring results as to the downward extension of the No. 1 tunnel ore bodies. The summer of 1924 645 feet of diamond drilling was done from the surface without results.

The No. 1 tunnel was extended 300 feet, making this a total of approximately 1,350 feet from the portal to the face; also 208 feet of crosscutting was done. No further ore was disclosed in any of this year's work.

The No. 3 tunnel, 200 feet vertically lower than No. 1, had been driven about 650 feet altogether, and it was decided to continue this drive on a bearing to get under Nos. 5 and 6 ore-bodies drifted through in No. 1. Accordingly this year this tunnel was extended 715 feet, making a total of 1,365 feet in length, and 360 feet of crosscutting done. This work was completed by contract early in January, 1925, without finding any ore.

This year's work consists of 124 feet raising, 569 feet crosscutting, 1,017 feet of drifting, and 4,760 feet diamond drilling. A contract has been let for a minimum of 2,000 feet of diamond drilling from the No. 3 tunnel, which is a very advantageous point from which to prove the ground, both laterally and to greater depth.

FRONTIER PICTURE IS SHOWN TONIGHT

"The Light of Western Stars" is a Zane Grey Story by Same Producer as "The Thundering Herd"

William K. Howard, whose epic production "The Thundering Herd" is still fresh in the minds of movie-goers, recently completed another Paramount western based on Zane Grey's powerful frontier story, "The Light of Western Stars," which makes its local debut tonight. Advance reports hail it as the film drama of perfect suspense, and those who have been privileged to preview the picture agree that the plot builds to what amounts to a triple climax in a way that is totally unexpected and extremely exciting. The principal characters in this production, which depicts in graphic and stirring fashion the last, desperate stand of a banded outlawry on the remaining vestige of frontier America, include a notorious bandit chief, a daring, romantic cowboy and a beautiful Eastern girl, portrayed respectively by Noah Beery, Jack Holt and Billie Dove. The action develops some smashing dramatic situations and hair-raising thrills, but takes a startling turn when Beery abducts Miss Dove and follows that up by capturing

Holt and William Scott, her brother. The girl is suddenly faced with a dilemma that is overwhelming, for Beery, with fiendish cunning, tells her that she may have her choice of naming either her brother or the man she loves to go free; the other must die.

This is where the suspense begins in earnest. Each urges her to save the other. Finally she asks that Holt's life be spared, but Beery's subtle cruelty is now revealed. He turns Scott loose instead and sends Holt on the "walk to death."

Each moment one expects to see the lion-hearted cowboy fall as the bandits open fire on him as he walks away. Meanwhile, Holt's friends, having learned of his danger, start out on a wild ride of rescue, arriving just in the nick of time. In the battle between the rescuers and the outlaws, the former are outnumbered, and the suspense increases until reinforcements arrive and engage the bandits in a furious gunfight.
