KU KLUX KLAN STILL DISTURBING FORCE PRINCE RUPERT AND PEACE RIVER AGAIN DISCUSSED AT LEGISLATURE

Ku Klux Klan to Hold Educational Meeting at Vancouver Tonight

Hon. A. M. Manson denies organization is endorsed by Masons as asserted by Captain Laycock in Victoria

VANCOUVER, Nov. 12.—Notices are being circulated in Vancouver that the Canadian Knights of the Ku Klux Klan, a body of white Protestant Christian law-abiding men will hold a public lecture in the Vancouver Hotel this evening when their "ideals, objects, power and purposes" will be explained.

VICTORIA, Nov. 12.—When shown a statement of Captain W. B. Laycock, organizer of the Canadian Knights of the Ku Klux Klan at Victoria, that the organization was endorsed by the Masonic Order, Hon. A. M. Manson, as head of the Masonic craft in British Columbia, emphatically denied the assertion, adding that so far as he was aware the Klan was not endorsed by the Masons anywhere.

LABOR AFTER KU KLUX KLAN

Brown Asks Provincial Government to Take Steps to Restrict Organization

MOVES AN AMENDMENT

Would Have Klan Members Barred From Holding Official Positions of Any Kind

VICTORIA, Nov. 12.—A demand for government action to prevent organization of a Canadian branch of the Ku Klux Klan was made in the Legislature yesterday by Francis A. Brown, Labor member for Burnaby.

Brown moved an amendment to the address in reply to the speech from the throne urging the Provincial government to take all necessary steps to restrain "this seditious movement" and bar its members from all elected or official positions under the crown.

The fate of the motion will be decided late this week when the debate is expected to come to an end.

POUCE COUPE IDEAL PLACE

Plenty of Money and no Crime and Not a Man Out of Employment

VICTORIA, Nov. 12.—Pouce Coupe is an ideal place in which to live according to Fred Fraser, Government agent, who arrived here yesterday. He states that not a single case of unemployment is there. Everyone is so good that not a single police court case has been tried during the entire year and there is no bootlegging evident.

Trappers in the district earned \$200,000 during the season.

TRAINS CRASHED

Number Dead and 25 Injured on Pennsylvania Railroad Following Collision

NEW YORK, Nov. 12.—Thirteen persons are known to be dead and possibly seven more are under the wreckage and 25 injured when two Pennsylvania railroad trains crashed near Plainsboro, New Jersey, in the fog this morning.

MYSTERY MAN VISITED WONG

Evidence at Trial Mentions Visit of Unknown Person to Incarcerated Chinaman

EVIDENCE IS DENIED.

Bench Warrants Issued for David Patterson and Mrs. F. R. Stratton

VANCOUVER, Nov. 12.—At the trial yesterday afternoon of three Point Grey police officials, Commissioner McDonald, Chief Constable Murdoch, and Sergeant Kirkham, Verity Norton, instigator of the prosecution of the abductors of Wong Foon Sing, who was a witness, introduced into the evidence a mysterious stranger who visited the 25th Ave. house where Wong was confined, according to his evidence. The stranger's name was not revealed but was written on a piece of paper, which Crown Counsel Craig showed to the defense lawyers.

Afternoon Session
The afternoon session was marked by strong denials from members of the Point Grey police force of various statements made by Oscar Robinson, Norton and Wong.

During direct examination by prosecutor Craig, Reeve Paton confessed that although the Point Grey police knew that the Chinese had been illegally abducted and imprisoned without sanction of the law, no effort was made to arrest the abductor, whom the Reeve and police officers were aware had committed the crime.

(Special to Daily News)
During the testimony Paton was called a "liar" by W. Walker, owner of the house in which Wong was confined.

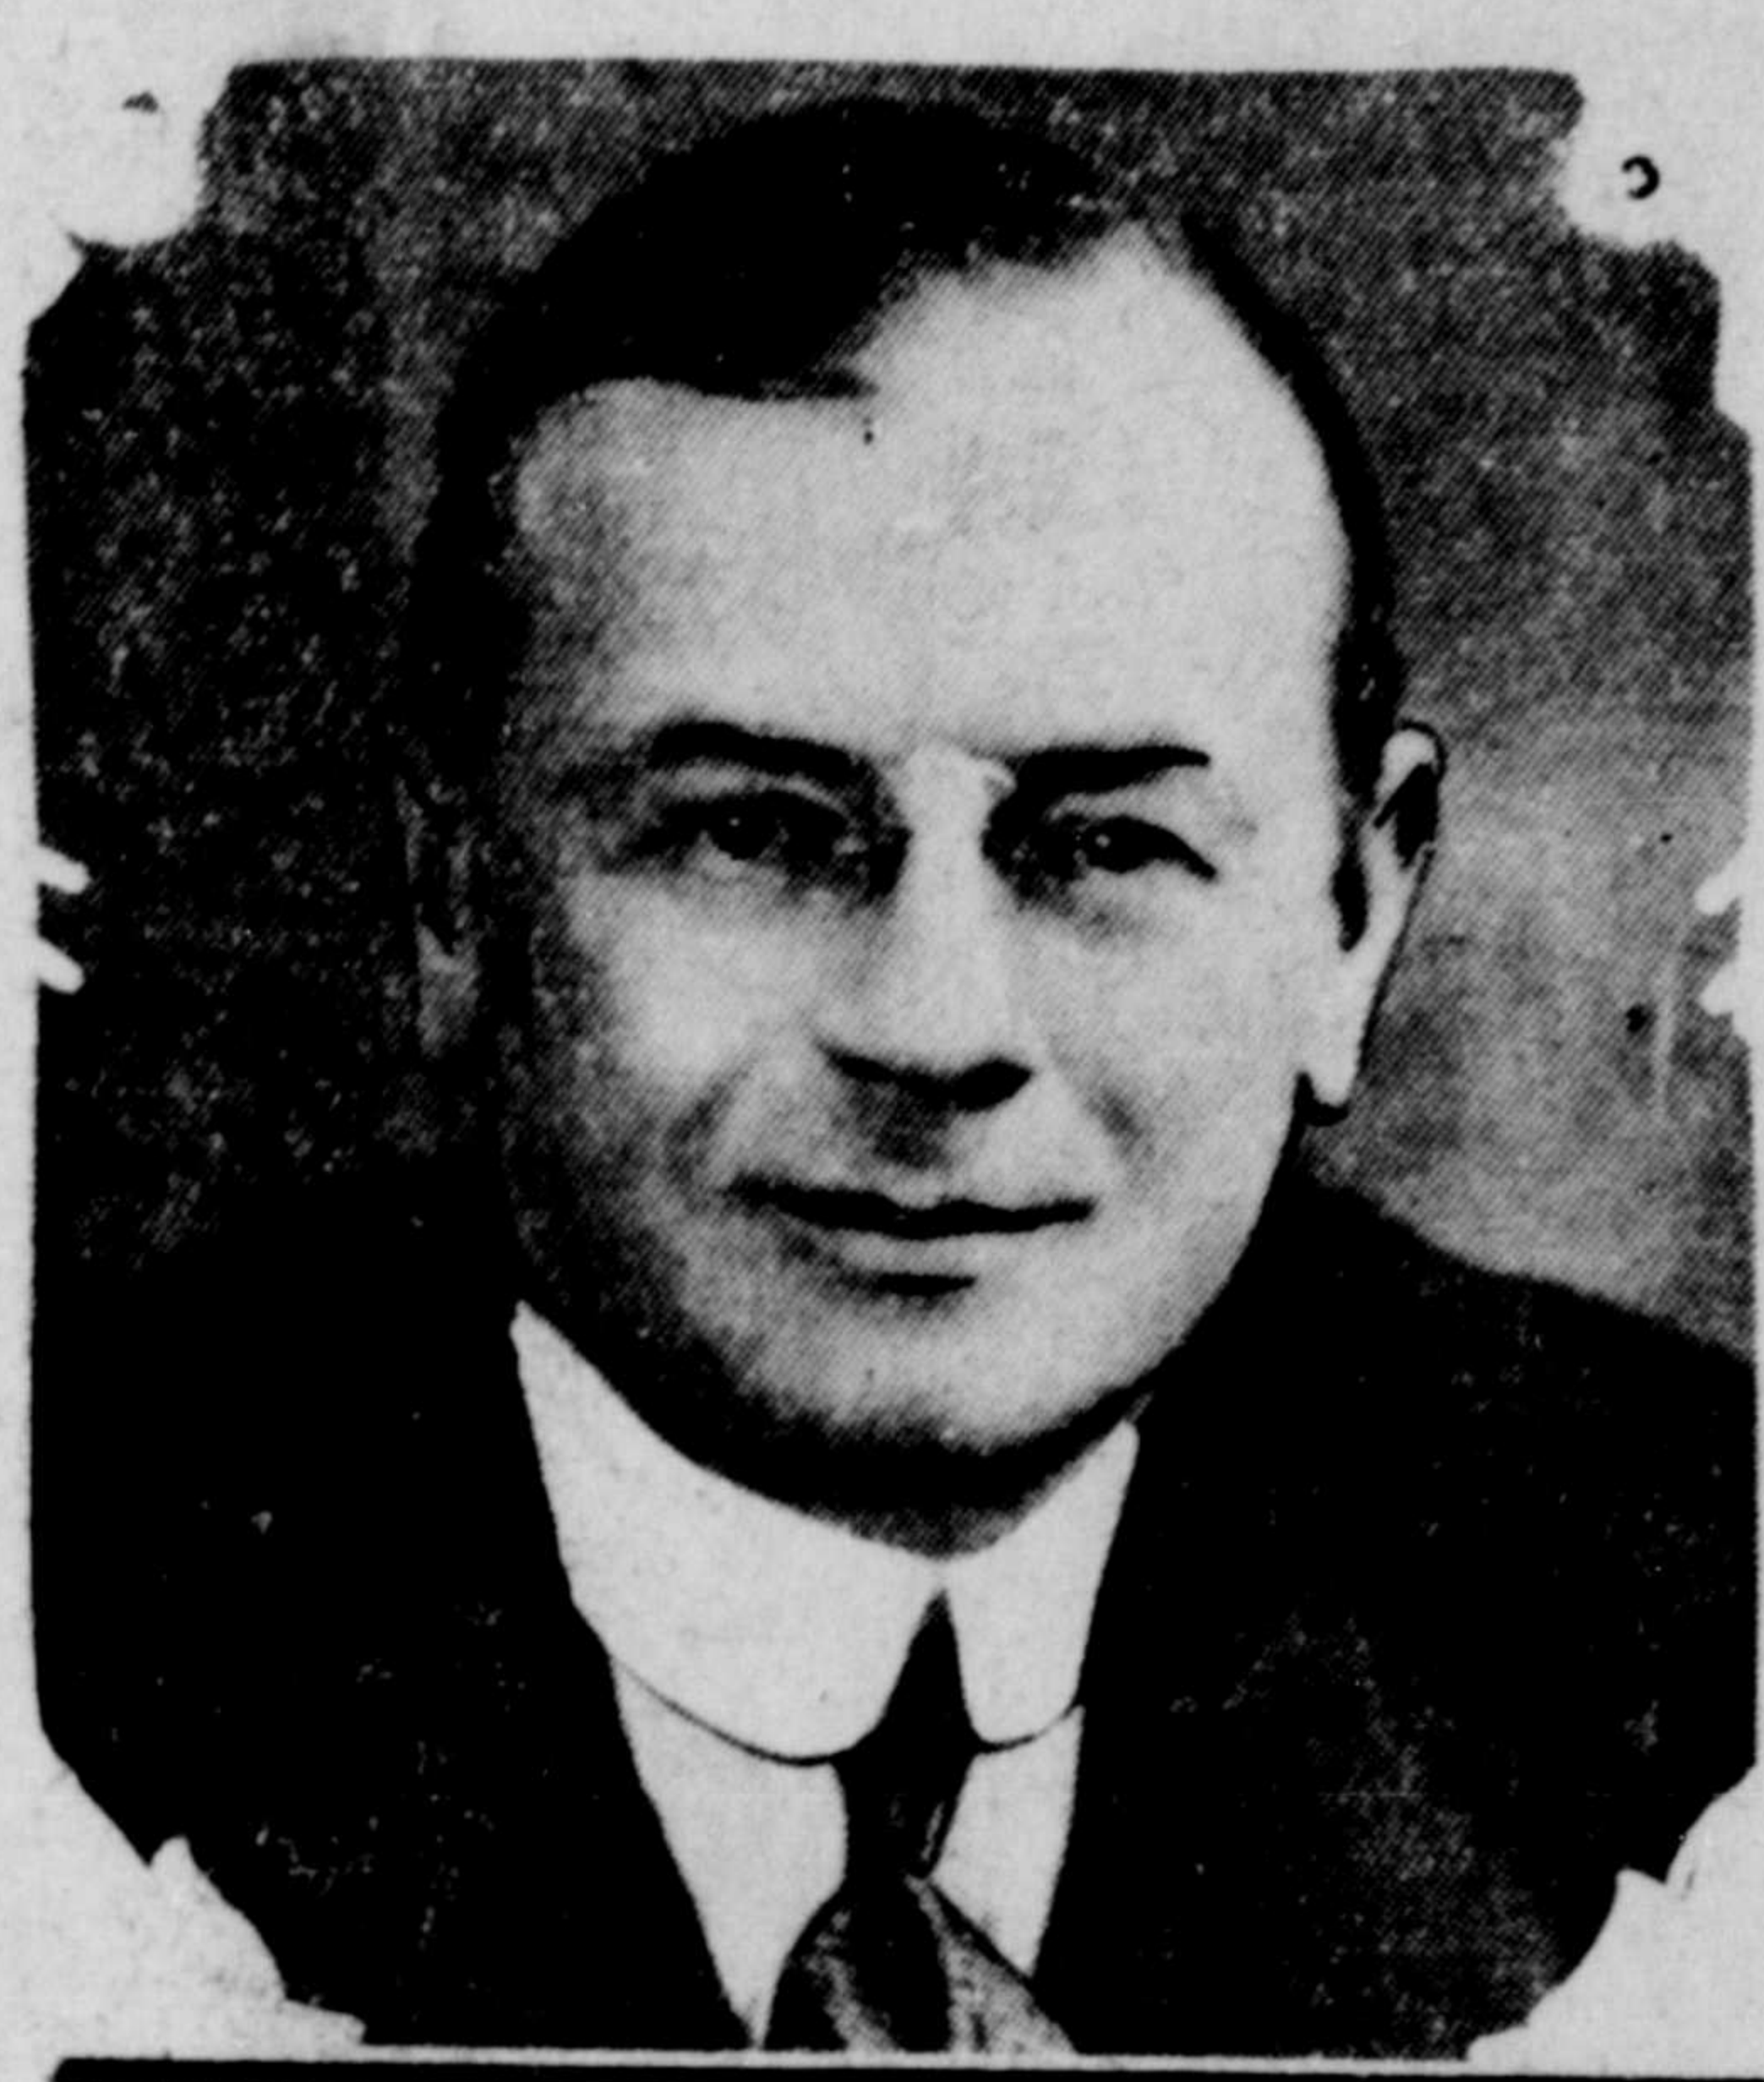

Judge Morrison threatened to put Walker out if the interruptions were repeated. Walker was not a witness.

Prosecutor Craig announced that bench warrants had been issued for David Patterson and Mrs. F. R. Stratton, who were summoned as crown witnesses but who failed to appear.

CUTTER SEIZES FISHING BOAT

Schooner Foremost Being Held at Ketchikan Following Conviction Against Her Captain

The American halibut schooner Foremost, well known in this part, is being held in Ketchikan following her seizure recently by the coastguard cutter Cygan. Her master and third part owner, Andrew C. M. Peterson, was convicted before Judge T. M. Reed in the United States divisional court on a charge of preventing a customs officer from taking liquor that was found aboard and of attempting to destroy the liquor. The vessel was taken by the Cygan on her return to Ketchikan from Prince Rupert last week. The request of Marcus Ness and S. A. Ness, owning the other two shares of the Foremost, that the vessel be released under bond so that she might pursue her occupation of fishing for halibut in order to pay large bills incurred in Seattle for supplies was referred to Washington for decision by Secretary Mellon.

A new photograph of Leopold G. M. S. Amery, Dominion secretary, who stated at Geneva that England would not be bound by her pledges to accept the league's decision in regard to Mosul unless the Turks also "toed the line."

Test Shipment of Grain is Expected to Arrive on Nov. 20 say Contractors

A test shipment of grain is due here about November 20 to go through the terminal grain elevator which is now rapidly nearing completion. By that time the machinery will be ready to handle the grain although it will probably be a while after that before the structure is finally completed by the contractors, Carter-Halls-Aldinger Co. Ltd. The poor weather that has prevailed during the past few weeks has rather hampered progress on the big job.

Prince Rupert Again Mentioned in Legislature as the Route for Grain out of Peace River District

(Special to Daily News)
VICTORIA, Nov. 12.—Opposing the extension of the P.G.E. as proposed by H. G. Perry of Prince George, A. McCreery, member of the Legislature for Vancouver, in the Legislature last night said he doubted that the Peace River products in any case would travel over the P.G.E. with its heavy grades and twisting course. The products might go to tidewater through Prince Rupert over the Canadian National Railway, he stated.

EMBARGO ON DAMP GRAIN IS PROPOSED

Vancouver May Have to Restrict Unlimited Quantities of Low Grade There

VANCOUVER, Nov. 12.—That an embargo against the shipment of unlimited quantities of "tough" and "damp" grain to Vancouver will be necessary if prairie shippers do not restrict the movement of this class of wheat, is expressed in telegrams sent from the grain section of the Vancouver Merchants Exchange to Winnipeg and Calgary exchanges.

No Winter Yet in Far North Where Volcano Bursts Into Activity

ANCHORAGE, Nov. 12.—Summerlike weather in the region followed an eruption last week of Mount Shishaldin, an active volcano on Unimak Island in the Aleutian archipelago, more than 600 miles southwest of here.

The rivers are remaining open, mountains for hundreds of miles north are smoking and the whole landscape remains green. Prospectors in remote sections are held prisoners by the open weather waiting for the rivers to freeze so that they may make their way out. Many are reported to be short of provisions.

All of Cook Inlet is affected by the phenomena. During the first ten days of November the minimum temperature was 30 degrees. Mount Shishaldin is 9,387 feet high.

WAS DROWNED AT COW BAY

Mrs. William Frost, Wife of Well Known Fisherman, Believed to Have Lost Her Life

It is feared that Mrs. William Frost, wife of a well known local fisherman, lost her life by drowning off the government floats at the mouth of Cow Bay early yesterday morning.

Her husband reported to the city police yesterday afternoon at 1 o'clock that he and his wife and another man named C. E. Land had been drinking and that while they were coming off the schooner Anna J. at Cow Bay, he fell in the water twice. He remembered his wife saying "Will, I will save you" and that was the last he recollected. He assumed that she had gone home but, on arrival at his house, she was missing. He hunted the town over but could find no trace of her and then came to the conclusion that she had been drowned about the time he fell in the water at Cow Bay. Thereupon, he reported the matter to the police.

Dragging operations were started early this morning at Cow Bay by City Police Constable George Crate.

Mrs. Frost, who was between 50 and 60 years of age and came from the New England States with her husband, was well known in the city. For some time she conducted rooms at 315 Second Avenue West.

DISABLED SHIP AT VICTORIA

Poleric Reaches Port in Tow of Salvage King After Being Battered

VICTORIA, Nov. 12.—The Salvage King reached port this morning towing the steamer Poleric which was disabled 400 miles off the coast of Vancouver Island. The vessel will go into drydock here for survey, prior to being repaired.

The Poleric was en route from Vancouver to the Orient with a cargo of wheat. During a gale that amounted almost to a hurricane, the rudder was broken and the cargo shifted, giving the vessel a heavy list. Two seamen were painfully injured.

VANCOUVER BYLAWS

VANCOUVER, Nov. 12.—The city council decided last night to submit bylaws on December 9, calling for an expenditure amounting to \$1,285,000 for various improvements.

HOCKEY LEAGUE OPENS NOV. 23

First Game to be Played at Vancouver Arena Against Portland, Ore. Team

CALGARY, Nov. 12.—The Western Hockey League opens its series of games for the winter on Monday, November 23, at Vancouver, when the Vancouver team plays Portland. The latter is the team recently taken over from Regina. This will be followed by a match two days later at Portland between the same teams.

Saskatoon will be at the coast at the end of the month, playing against Vancouver on November 30. The prairie team will then proceed to Portland on December 2.

Victoria does not get into the game until December 3 when it meets Vancouver at Vancouver.

FISH ARRIVALS

Over One Hundred Thousand Pounds Marketed Here Today at Lower Prices

Prices were lower this morning at the fish exchange when 114,000 pounds of halibut was marketed. Sales were:

American	Canadian
Zenith 44,000 to Pacific Fisheries at 16.10 and 6.	Mab 2,000 to Cold Storage at 15.40 and 6.
Akutan 24,000 to Booth Fisheries at 16.50 and 6.	Atl 5,000 to Cold Storage at 15.80 and 6.
Swan 4,000 to Cold Storage at 17.20 and 6.	
Daley 35,000 to Cold Storage at 15.40 and 6.	

DR. WRINCH IS SECRETARY

Committee on Agriculture Wants to Vise Minister's Bills in Legislature

(Special to Daily News)
VICTORIA, Nov. 12.—Dr. H. C. Wrinch, member for Skeena, was today chosen secretary of the committee on agriculture of which Dr. E. J. Rothwell of New Westminster is chairman.

Hon. E. D. Barrow, minister of agriculture, was rapped for not placing drafts of proposed agricultural legislation before the committee and it was unanimously resolved that the minister be asked to do this in future.

KILLED BY SHELL

PARIS, Nov. 12.—Three girls under ten years of age were killed on Armistice Day at Grys-salonge by a shell which they found in a field.

Low Grade Grain
Might Use This Port.

The damp and tough grades of grain which are not immediately marketable are filling up the elevators at Vancouver to such an extent that it is suggested an embargo may have to be placed on them. Possibly these grades could be handled at this port. The elevator is new and is not expecting very much business this year because of the late start. The cleaning and drying departments will be ready to operate before the end of the month and a million bushels of low grade grain might possibly be stored here and got ready for shipment. Possibly it might be worth while for the grain board to notify the Merchants Exchange at Calgary and Winnipeg that we have the accommodation here. At any rate the matter is worthy of consideration.

Either To Vancouver Or Nowhere Else.

The idea of a great many people in and around Vancouver is that if it is not of direct value to Vancouver it should not exist. There is but one place of any importance in the world and that is on Burrard Inlet. All roads should lead to it, all eyes be turned to it, all expenditures be made for the benefit of it. Nothing else in the world counts.

H. G. Perry of Prince George suggested that before finishing the P.G.E. to Prince George, the line should be built northward into the Peace River country. That would not at once benefit Vancouver as the grain would come out of the Peace River country to Prince Rupert. Hence opposition to it.

J. G. Sullivan, a C.P.R. engineer, has given his opinion that it should not be built because Vancouver would not get all the freight. Prince Rupert would benefit.

We are not advocating the building of the railway from Prince George into the Peace River country by the Provincial Government. It is a big undertaking and should be a Dominion work. But we object very strenuously to the reason given for opposing it.

Fishermen's Dock Most Desirable.

From time to time the Daily News has drawn attention to the need here for a fishermen's dock. Just now all they have is the small float built by the Provincial Government at Cow Bay, which is very much overcrowded and quite inadequate. The building of docks is not a Provincial Government work but should be undertaken by the Dominion. They control the waterfront and their work is to provide necessary facilities. The Provincial Government floats have served an excellent purpose and will still be useful even after other docks are built.

Fred Stork, the local federal member, having seen the elevator about completed, is now turning his attention to this work. He has asked for suggestions as to what course might be followed.

Most of the waterfront is owned by the Railway Company although the Provincial Government have part of it. While doubtless an arrangement could be made for the Dominion Government to take over and utilize part of the railway property, it would have to be such part as would not interfere with the plans of the company. In any deal it is probable the railway company would insist on the Cow Bay exchange which was authorized by the people of the city being implemented.

It is hoped that no obstacle will be allowed to stand in the way of having provision made for the fishermen, especially in view of the fact that Ketchikan, Prince Rupert's rival, is doing her utmost to cater to the business.

ARMISTICE DAY BANQUET HELD

Occasion Celebrated in Enthusiastic Manner With Touch of Solemnity Last Night

In an enthusiastic manner well befitting the occasion, Armistice Day was celebrated last night at a banquet in the St. Regis Cafe under the auspices of the Great War Veterans' Association. There were something over 100 persons in attendance and the program included five stirring speeches as well as a great musical program.

Before the festivities opened, the gathering rose and with bowed heads observed two minutes of silence for dead comrades. The "Last Post" was sounded by Bugler Bance followed by the "Beveille".

J. F. Hutchinson, president of the Great War Veterans' Association, presided and, in the course of an opening address, publicly thanked the children of the city schools for their magnificent contribution to the Poppy Day fund.

During the banquet, a collection was taken and the sum of \$24.80 was realized for the fund. The proceedings opened at 8.30 and closed at 11.30. The program of the evening was as follows:

Opening address, President J. F. Hutchinson.
Song, Rev. Walter Allen.
Address, Fred Stork, M.P.
Solo, C. V. Evitt.
Solo, Bob James.
Club swinging, Bob Arthur.
Song, Bill Murray.
Address, Mayor S. M. Newton.
Alouette by G. P. Tinker.
Duet, Wright Davies and Bandmaster Wilson.
Address, Archdeacon G. A. Rix.
Song, Bill Murray.
Address, Col. J. W. Nicholls.
Song, Bob James.

LADIES' MUSIC CLUB MISCELLANEOUS PROGRAM

Large Attendance at Meeting in Home of Mrs. George Bryant, Fourth Avenue

The Ladies' Music Club met yesterday at the home of Mrs. George Bryant, Fourth Ave. The program was a miscellaneous one arranged by Mrs. Ponder as follows:

Piano solo, Mrs. Hubert Ward, "Elegy" by Mollet.
Duet, Mrs. Larson and Mrs. McMillan, "Schubert's Serenade."
Song, Mrs. William Miller, "The Fairies."
Piano solo, Mrs. D. Wilton, "Pasdeanphores."
Song, Mrs. Larson, "A May Morning."
Song, Mrs. Fraser, "Slave Song."
Songs, Mrs. Jarvis McLeod (a) "Tis You, My Rosebud"; (b) "From the Land of the Skyblue Water"

Mrs. McLeod's first song was composed by S. F. Chamberlain, a brother-in-law of Norman Wall, government agent here.

There was a large attendance of members.

ROAD TO ELEVATOR NOW BEING BUILT

Connects with Graham Avenue Near Old Garbage Wharf Approach but Goes in Different Direction

Work on the road being built by the city to give connection with the grain elevator is now proceeding. The road, which is to be of timber mattress construction, with crushed rock surface, joins with Graham Avenue near the point where the old garbage wharf formerly branched off but comes east and will switch back through a natural draw coming out near the elevator at the base of the bluff. So far no arrangements have been made for the road to cross the railway tracks to come right to the elevator.

BURNING OLD BOAT.

The old steamer Jefferson, pioneer of the Alaska run and vessel that has called a number of times at Prince Rupert in the course of her career, is being burned at Seattle in order to recover the metal used in her construction. The Jefferson at one time was considered one of the finest vessels in the Alaska service.

Ten Years Ago in Prince Rupert

November 12, 1915.

The per capita expenditure of the province of British Columbia, \$32.30, is the highest for any province in the Dominion of Canada. Monticome comes next with \$10.52.

The American steamer City of Seattle went on the rocks at the mouth of Grenville Channel at 5:50 this morning and the passengers were brought in here this afternoon on the schooner Albatross and are staying at the Central Hotel. The steamer Princess May is standing by the City of Seattle which it is hoped will be floated soon.

PROHIBITION BROUGHT BETTER HOMES TO THE WORKERS OF AMERICA

Congressman Cooper Who is Also a Locomotive Engineer Tells of Value of Law to States

CHICAGO, Nov. 12.—Prohibition is making a capitalist of the worker, creating a general ownership of the means of production and solving a strife that once seemed perpetual in the opinion of Congressman John G. Cooper of Ohio, who addressed the national convention of the Anti-Saloon League here tonight. Mr. Cooper, who is a member

THE MAN IN THE MOON

IF you feel sophisticated but can't pronounce the word, you are drunk.

WHAT every girl knows: About everything.

THE net effect is what the lady badminton players try to gauge.

THE people who are free and unrestrained are Americans, French, Japanese and J. S. Cooper.

NOW we have the fishermen's wharf before us as our next political issue. Shall we have it or shall we do without it or shall we build it ourselves?

THE fisherman wanted a wharf to tie his boat when he came into port.

For years and years he vainly inquired.

But got an evasive retort.

But one day when he least expected to hear

Of any good things coming here,

He is told he can have whatever he likes.

Though the mayor of results is quite leary.

I have tried and tried and again I have tried

To build you a dock my good friends,

And just you remember how every December

That dock an election cry lends.

THERE seem to be a lot of people with two ears and only one tongue, but by the Lord Harry how they use that little tongue.

IF people told all they knew the world would be very little wiser and no better.

AT last people are stopping calling bobbed hair a fad. That means something. I wonder what it means.

THE other day I met two women with long hair and I really made me shiver to think how old fashioned they were.

THE main objection to drinking too much is that chaffeurs find it difficult to drive up two streets at the same time.

THE upper class is the one that can look and feel that way.

I Believe in Canada for the Canadians and yet I hate to scrub my own floor and cook my own hash.

WHATEVER YOUR SKIN TROUBLE

Heal It With Zam-Buk!

IF you have any local disturbance a dressing of Zam-Buk will quickly put your skin right. If more serious disease has already taken root there is no surer way of dislodging it from the tissues than by regular use of Zam-Buk.

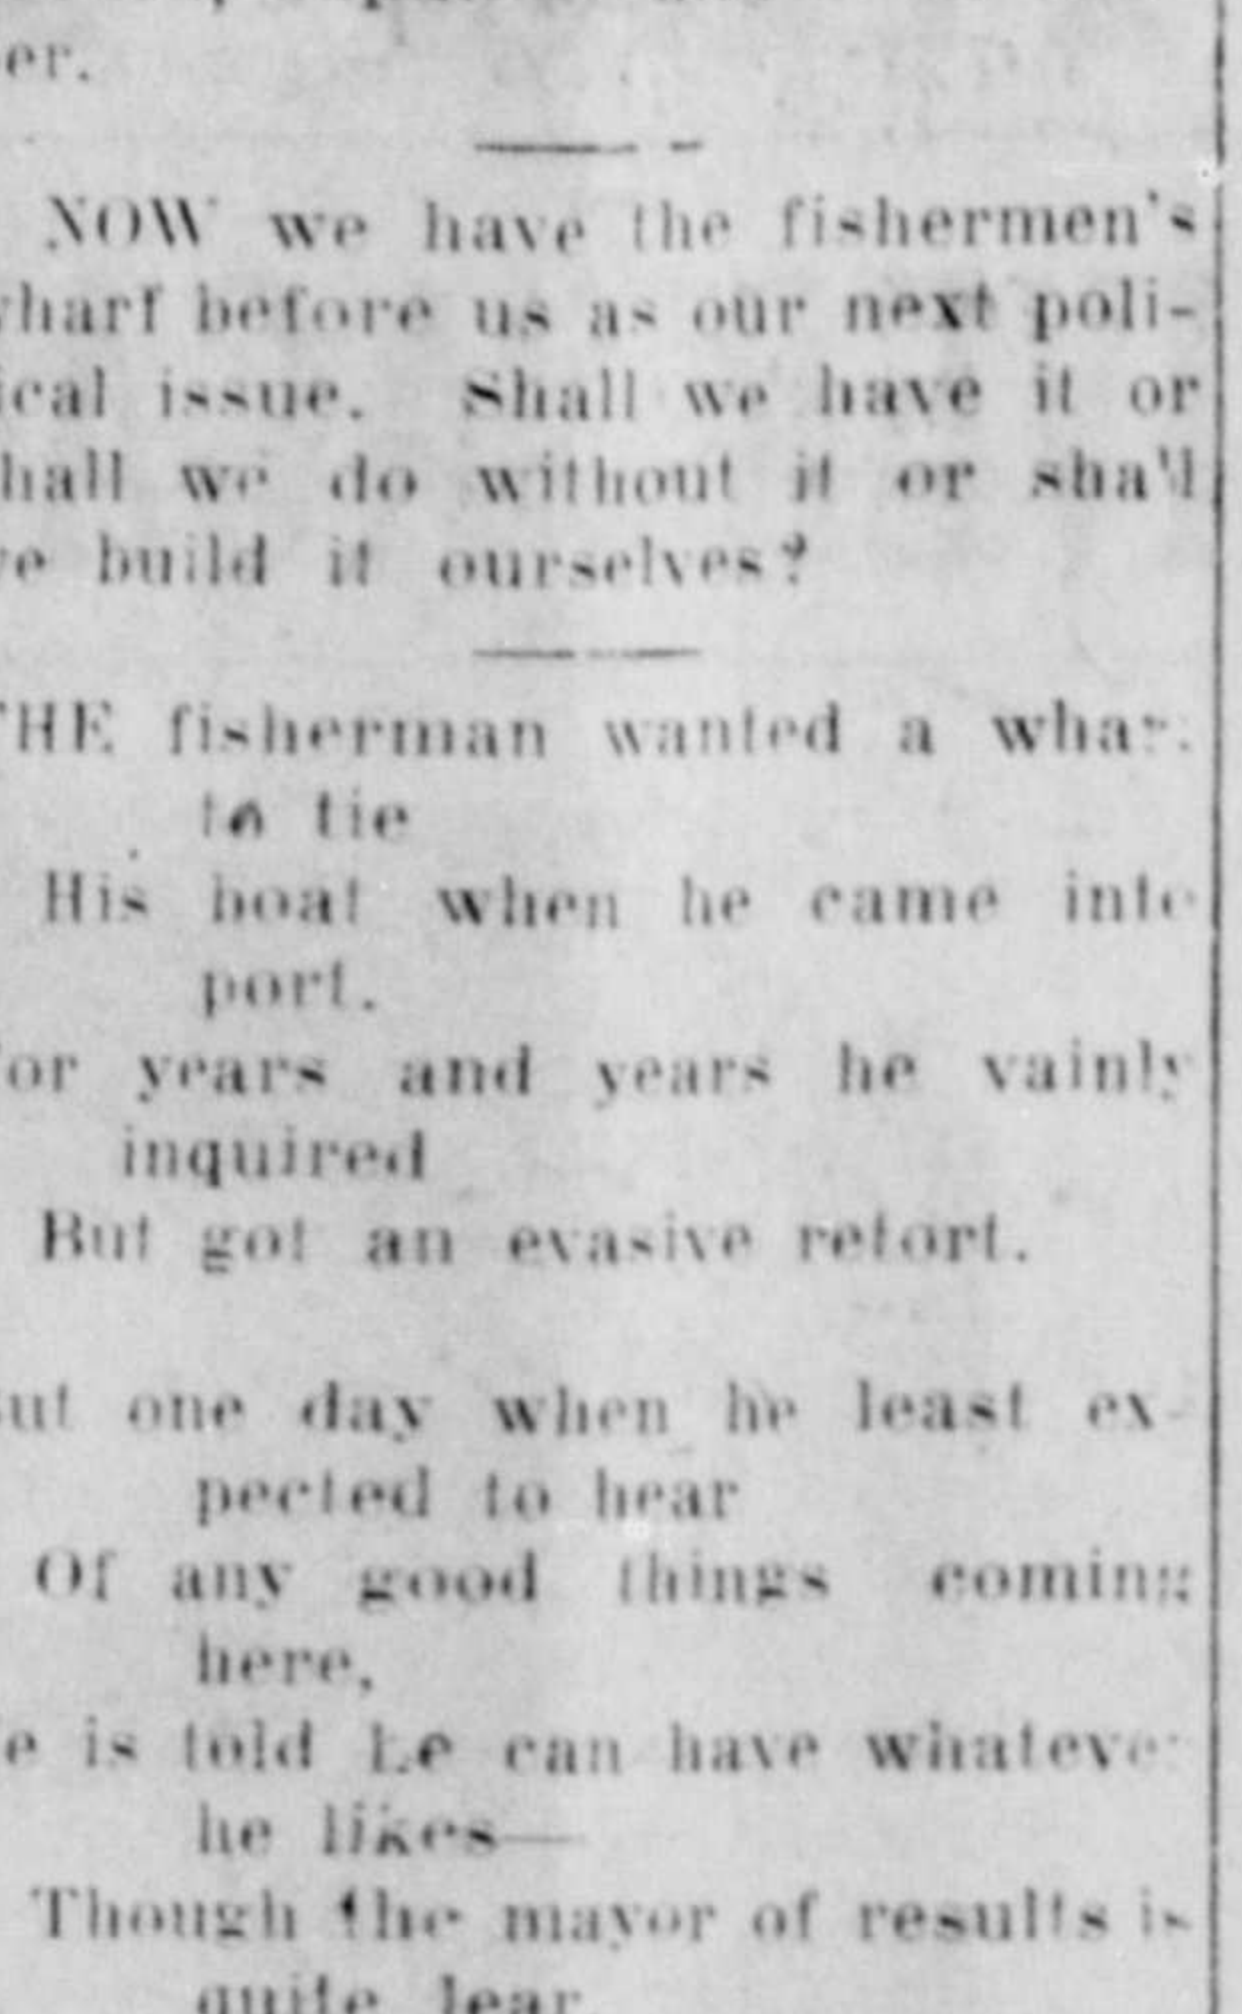

When applied to broken or diseased skin, Zam-Buk stops pain and prevents germ infection. It ends the burning irritation of eczema, draws poison and irritation out of ulcerated places and quickly purifies the ringworm-ridden scalp of a child. Also for cold sores, chilblains, frostbite, etc., Zam-Buk is a splendid remedy.

Zam-Buk's wide range of utility and its certainty of benefit are due to the rare properties of the herbal extracts from which it is prepared. Furthermore, Zam-Buk has the advantage of being absolutely free from the coarse mineral drugs and rancid animal fats found in ordinary ointments and salves.

IRRITATING ECZEMA. Mr. John Connane, of 19, Belvidere St., Boston, Mass., writes:—"I suffered from eczema for years. It broke out at intervals, and was very irritating and annoying. After a deal of experimenting I found a real remedy in Zam-Buk. This splendid balm subdued all irritation and when its use was continued the sores and blotches rapidly healed and disappeared."

Are the Pennies Blocking Your Way

Some women, even though they realize what a waste of time and what a tiring job washing is, still they struggle with washday because they think laundry service is beyond their names.

But if they'd only try our Thrift-T Service they'd know how economical laundry service can be.

Everything washed clean, your flat work ironed, wearing apparel just to iron—and the cost is only 5c per lb. and 1c per piece.

Get rid of washday and you'll have many new hours a week to use them as you wish. You'd like to have them of course, so don't let the pennies stand in the way.

Dr. and Mrs. Williams of Queensland, Australia, are visitors in the city in the course of a tour of Canada. They arrived from the East on last night's train and will sail for Vancouver on the Prince Rupert tomorrow morning.

At a meeting of the session and board of managers of the First Presbyterian Church last night it was decided to call a congregational meeting next Tuesday night for the purpose of taking steps to fill the vacancy in the pastorate left by the departure of Rev. Dr. H. R. Grant and to extend a call.

Alex. McRae, D. Med. Hunter and W. Wilkinson returned to the city yesterday afternoon after a nine day hunting trip to Poreher Island. They bagged some six or seven geese and a good number of ducks. Their return home was delayed a couple of days through the stormy weather prevailing outside the harbor.

The business of the Rupert Table Supply Company is the subject of a big front page spread in The Carnation News, the house organ of Carnation Milk products having a wide trade circulation in Canada and the United States. The article carries an illustration of the store with J. C. Gavigan and Geo. Arnott standing in the doorway.

Lee Yock, Chinese, was fined \$200 with the option of six months' imprisonment by Magistrate McGlymont in the city police court yesterday afternoon having pleaded guilty to a charge of supplying liquor to Indians. W. O. Fulton represented him as counsel. It was the fourth conviction of supplying liquor to Indians that has been recorded in the city police court in two days.

MARRIED WOMAN EATS ONLY BREAD AND MILK

"I could eat only bread and milk, everything else soured and formed gas. Since taking Adlerika I can eat anything without causing gas." (signed) Mrs. J. B. Manning, ONE spoonful Adlerika removes gas and often brings astonishing relief to the stomach. Stops that full bloated feeling. Excellent for obstinate constipation, often removing surprising amounts of old waste-matter you never thought was in your system. Ormes Limited, Druggists.

ANCIENT PARROT HERO IN HIS DAY

Is Now Seventy Years of Age and May Live Twice That Long

DENVER, Nov. 12.—"Pat" Callahan, 70-year-old parrot, has viewed many an exciting exploit of Western frontier history, but despite his natural prerogative he declines to relate any of his experiences.

If medals for heroism were distributed to parrots, "Pat" probably would have been eligible when, in 1875, he aided in routing a band of Indians who attacked a party of white men, one of whom was his owner. Disregarding a shower of lead, "Pat" flew over the heads of the Indians and screamed: "Give 'em hell!" His war cry, although an encouragement to the enemy, evidently disconcerted the red men. After several attempts to shoot the bird, they fled.

"Pat" lost two of his claws in another heroic act. The parrot and a canary were pets of the warden of Montana state prison. During a severe cold night the heating apparatus failed and the canary, suffering from the cold, flew about in search of a warm place. "Pat" lifted his wing and sheltered the canary. Two of "Pat's" claws were frozen off the next morning.

"Pat" was captured in Mexico in 1856 by Mr. and Mrs. Pat Callahan. Mrs. G. Floto, now his owner, said "Pat's" species sometimes live 150 years.

LET GIRLS LEARN CHESS TO STEADY THEM IS ADVISED

LONDON, Nov. 12.—Chess as a steady influence for girls who seek the excitement of a hectic life is urged by Mrs. Arthur Rawson, president of the Imperial Chess Club, in furthering her contention that teaching of the game should not alone be confined to boys.

Many English secondary schools are teaching boys to play chess on the ground that it is a splendid exercise in logic and mental training.

"Chess develops the power of concentration, ordered thinking and foresight, and above all, trains the mind to work logically," said Mrs. Rawson, who believes that with character thus developed there would be less dissipation among men and women.

Turning Leftovers into savory dishes

The French people—famous for thrift—used to say that they could feed six people with what the average family on this side of the Atlantic threw away.

It is almost inevitable that there should be things left from yesterday — yet the remains of roasts and steaks, the spoonfuls of vegetables, the food that has lost its taste, are no longer wasted, nor are the "scraps" turned into "stews."

The sprightly "OXO" CUBES with their supreme flavour of prime beef, have come to the rescue of those who want to be sensibly economical. Now you find "OXO" CUBES in thousands of homes, and the French have changed their ideas about our extravagant cooking.

Our Free Cook Book tells you how to do it

Many other attractive ways of utilizing left-overs are included in the new "OXO" COOK BOOK.

The recipes are simple and practical — the results well worth your trying. You will delight in the new dishes, too, that are economically made with "OXO" CUBES.

Write for a copy to One Limited, 256 St. Antoine St. Montreal.

It will be mailed to you FREE and postage paid.

BOSTON MEDIUM NOT TRUE SPIRITUALIST DECLARE INQUIRERS

Margery and Husband Believe Themselves Able to Communicate With Unseen World

(Nelson News)
From the synopsis printed of a report on an investigation of "Margery," the much-discussed Boston medium, by a large group of intelligent men for the most part connected with the Harvard faculty, it is evident that only one important conclusion was reached by them. They ended the inquiry, conducted with all the care and efficiency possible for them, with the conviction that in none of the many and curious phenomena or "manifestations" witnessed by them was there any evidence of anything either supernatural or even supernatural.

A minor conviction was that neither "Margery" nor her husband had been guilty of any conscious deception, and that both were sincere in the belief that the wife is used as a means of communication by one or more spirits—is, in other words, a true "medium."

The truth is that after all their labors the Bostonians have left the spirit problem exactly where they found it, with nothing at all new proved or disproved. That they would end right there was next to inevitable. Between science and spiritism there is a broad gulf fixed. Science deals with things that can be measured and weighed. Spirits, by definition, are beyond either. For all that, spirits may have a reality of their own, but it is one with which science cannot be concerned.

PRINCE CHARLES TO BE TIED UP AT DRY DOCK FOR WINTER

C.N.R. steamer Prince Charles, Capt. Neil McLean, will make her last trip at the end of this week before being tied up at the local dry dock for the winter. The vessel will arrive from Vancouver and waypoints at 3 o'clock Saturday afternoon, sail at 10 o'clock for Stewart and, returning here Sunday night, will be withdrawn from service. For the winter a weekly service will be carried out from Vancouver to Powell River, Ocean Falls, Prince Rupert, Stewart and Anyox by the steamer Prince Rupert and later by the Prince George.

The change of train service providing for three trains a week eastbound and westbound will also become effective next week.

HENRY FORD TRYING REVIVE OLD DANCES

Acts as Instructor to Old and Young at Cathedral Parties in Detroit

DETROIT, Nov. 12.—St. Paul's Cathedral hall, which has seen the election of two bishops and the settlement of many weighty diocesan problems of the Methodist Episcopal church, has become a Mecca for those who believe, with Henry Ford, in the revival of the old-fashioned dances.

With the hearty endorsement of Bishop Herman Page, the hall is being used twice monthly for classes of instruction in the almost forgotten steps; and there is being aroused an enthusiasm which Mr. Ford is hopeful will return the waltz, the gavotte,

the schottische and even the homely, boisterous quadrille to a parity with the Charleston.

Mr. Ford has been one of the most active participants at the Cathedral parties, acting as instructor to matrons and misses alike. Mrs. Ford, too, is showing a lively interest, and the two are among the most accomplished of dancers.

In The Letter Box

FISHERMEN'S WHARF.

Editor Daily News,
I am a firm believer in preparedness. In the matter of a Fishermen's shelter it is well to have a cut and dried proposal, bearing the stamp of approval of the Halibut Fishermen's Union, of the Halibut Boat Owners' Association and of all those who have the interests of the Fishermen and of this city at heart, but at the same time it does appear to be a pitiful exhibition of weakness and extreme political anxiety upon the part of a defeated leader, with half a cabinet and a minority party, such as is the case with Mr. King and his party, to approach the citizens of this community "with a view to arriving at some decision as to the requirements for a shelter and mooring location for fishing boats in Prince Rupert harbor in which case he (the member elect) would be pleased to urge upon the Government that immediate steps be taken to provide such a facility." I quote the words of the Daily News.

It is extraordinary to note how solicitous the government has suddenly become for the welfare of the fishermen.

Mr. Ewart, K.C., the Liberal legal adviser, is reported to have informed the Prime Minister that, pending the decision of Parliament when it shall meet, he must not make any appointments nor any expenditures other than those necessary to the ordinary carrying on of the routine business of the country. What could or would the government be able to reply to an application for the establishment of a Fishermen's shelter here in the face of Mr. Ewart's advice and of the Prime Minister's own official statement of November 3 that "in the interval until Parliament assembles it is the intention of the Government to refrain from making appointments beyond such as are essential for the proper carrying on of the public business."

Press reports from Ottawa say "Liberal workers are arriving here and demanding distillery licenses, railway charters, land purchases, appointments and, in fact, every kind of concession that a desperate party will make to avert defeat." Is this hollow promise of "urging upon the Government that immediate steps be taken to provide a fishermen's facility" along the lines of making desperate efforts to curry favor with the electorate in anticipation of an inevitable election.

GEO. G. BUSHBY, The Prince Rupert Gyro Club

FRENCH ADOPTING SOCCER FOOTBALL

PARIS, Nov. 12.—The extent to which soccer football has become an institution in France is shown in the participation of 356 clubs for the French Cup. In the opening matches, 3,058 athletes played football before total crowds variously estimated between 500,000 and 1,000,000 people. There were 114 teams entered in 1919.

SPORT CHAT

It is beginning to look as if there will be no league basketball in Prince Rupert this winter. In view of the success of the sport during the past few winters and the fact that there are a good number of players on hand this fall, it is to be regretted that the prospect now seems such but there are a number of difficulties which may yet, of course, be removed. In the first place, there seems to be no hall available for the games except the Fair Building which, under the conditions, is hardly the most desirable place for basketball. The Elks decided some time ago that their hall would not be used for basketball and it is also understood the auditorium is not available. There may be some games in smaller halls but no arrangements are under way for league games.

League basketball games will start in Anyox on November 16 and, with the opening of the season now close at hand, the various teams in the smelter town are making the best of the time in practicing up and getting into shape. The prospect is that a number of high class games will be pulled off during the course of the season. The officers appointed for the season are: President, W. Robertson; vice-president, Harry Goebel; secretary, A. Nickerson.

The Prince Rupert Billiard Parlor and the Canadian Fish & Cold Storage Co. first and second teams respectively in the second division billiard league standing, will meet in tonight's tournament. The teams will line up as follows:

F. Zeman (Billiard Parlor) vs. W. Long (Gold Storage).
W. Stickney vs. A. Harvey.
M. Andrews vs. J. May.
W. Mitchell vs. A. MacDonald.
R. Howe vs. H. Parr

Arrangements are being made both in Anyox and Stewart for the playing of badminton this winter. At Anyox a club has already been formed and orders have been sent out for equipment. The Gymnasium will be used for a court, certain hours being set aside mornings and afternoons for the players. At Stewart the Service Club has set aside two evenings a month for the playing of badminton during the winter.
