Plan Presents Now And Buy Them Soon.

This is the time to plan Christmas presents. By doing it well ahead of time it can be done intelligently and the rush of the festive season may be avoided.

As a rule people want to give a good many more presents than they can afford and the result is that much pruning has to be done. By making a list of those who are this year to be recipients and then pruning carefully it is possible to make a budget that will help in regulating the expenditures. Nobody will adhere faithfully to that budget but it is the intelligent thing to use it rather than to make purchases blindly without thought to what is to be bought for others.

Already the stores are beginning to get in goods suitable for Christmas and the late comers have nothing but what others do not want. It is important to keep in touch with the stores and to see the new goods soon after they are put on sale.

Art Of Buying Is Rather Difficult.

Buying is a difficult matter. Most people when they go into a store and look at goods, dislike leaving without making any purchase. Yet merchants would rather have their customers satisfied than have them take away some article which they do not like and which will prevent their going to the store again.

The best plan is to make a tour of the stores and look over the goods. Inquiry should also be made as to what is coming. Having surveyed the whole field, an effort should be made to pick those articles needed which are at present in stock and thus get the largest choice. Then later the list may be more easily filled up.

Many Make Own Gifts.

Many people make the gifts that they send to friends and these articles are often the most acceptable. Only a few can do that, however, so to make the gifts as personal as possible, and therefore acceptable the giver should consider well what are the tastes of the recipient.

There are those, and their name is legion, who give only such articles as are of interest to themselves and not the things their friends would like. It is difficult to get the point of view of the other person and that is the chief reason why giving presents is difficult. To give presents well is a rare art and only those who are endowed with the sympathetic touch and the spirit of unselfishness can do it successfully.

Can The Mind Control The Weather?

We have all heard of many of the wonderful powers of the human mind. We know that the late Archbishop of this diocese showed how mind messages could be transmitted almost any distance. Now comes a group of people who say they can control the weather by mental control. There are many who declare it has been done and is being done regularly of late on the Canadian prairies. Writing of what they are doing, one of their number living in Saskatchewan, says: "Every man, woman and child in the world has the power within himself or herself to make rain, to withhold rain, to ward off damaging frosts, to stop floods, to control winds and waves." The writer gives many instances of how farmers have caused rain to fall when it was badly needed on the prairies. The difficulty is that there must often be contrary influences at work. While one person wanted rain for his crops another would want sunshine for a wholly different purpose.

HOSPITAL BALL GREAT SUCCESS

Youth and Beauty of Prince Rupert at Annual Event Last Night

Much of the youth and beauty of Prince Rupert was in evidence at the hospital ball in the auditorium last evening. Dancing commenced soon after nine o'clock to the strains of Arthur's five piece orchestra and was kept up until a late hour. There was scarcely any intermission for supper, the music carrying on all the time much to the enjoyment of those present. The hall was decorated with seasonal emblems lending charm to the occasion.

The committee in charge of arrangements were Mrs. Frank Dibb, general convener, Mrs. Candow, Mrs. Kemp, Mrs. Arnold and Mrs. Pyle and they did excellent work. J. L. Christie and H. H. Little were cashiers, C. Elkins and Ald. McKechnie were on the door while James Thompson took supper tickets. L. W. Kergin made an efficient M.C.

The patronesses present were Mrs. Fred Stork, Mrs. D. G. Stewart, Mrs. S. K. Campbell, Mrs. L. W. Kergin, Mrs. West, Mrs. Reddie, Mrs. Cade and Miss Harrison.

During the evening a drawing took place for a beautiful tea cloth donated by Mrs. Goldbloom which was won by Sheila Stuart with ticket 236. Miss Harrison, lady superintendent of the hospital, drew the ticket.

MISS ONNOLLEE GREIG OF TERRACE BRIDE OF A TERRACE MERCHANT

Married Here Last Evening to Sam Kirkaldy by Rev. Evan Baker

TERRACE, Oct. 31. — A very quiet but pretty wedding was solemnized at the United Church parsonage last evening when Miss Isabelle Onnollee Greig, of Terrace, daughter of Mr. and Mrs. John Greig, Scotland, became the bride of Samuel N. Kirkaldy, son of Mr. and Mrs. John Kirkaldy, Sidney, Australia. Rev. Evan Baker of Prince Rupert officiated.

The bride was gowned in pale blue silk, trimmed with lace of exquisite pattern.

The witnesses were Geo. Anderson and Robert Bartlett, of the Bank of Montreal staff.

Mr. and Mrs. Kirkaldy will reside in Terrace, where Mr. Kirkaldy is a leading merchant.

SKIDEGATE

The Norwegian freighter Hanna Neilson is in the inlet loading one and a half million feet of first class spruce lumber from the mill at Queen Charlotte City. The Hanna Neilson is a nine thousand ton boat piloted by Captain Wearmouth, who is one of the pioneer skippers on the islands.

Jack McMillan, superintendent for the Kelly Logging Company at Logan Inlet, was in port with the tug Ray Roberts, Capt. Dass, skipper.

A farewell party was given to Captain Bert Hansen and his crew of the packer W. R. Lord at the home of Mr. and Mrs. Stevens and a very enjoyable time was spent. Amongst the guests were Dr. and Mrs. P. F. Size, Mr. and Mrs. G. D. Turner, Mrs. E. S. Richardson, E. C. Wiggins, C. Valley, George McRae, W. G. Rhinehart and Tommy Morehouse.

Mrs. A. Jones of Skidegate left with her little son Vernon for Prince Rupert.

Saimon trolling has fallen off quite a lot and most of the trollers are leaving for their homes.

The popular barber, Charlie Miller of Queen Charlotte City left on the Prince John for Prince Rupert on business. Before leaving he was planning to return on the same boat.

Captain E. E. Wiggins, skipper and owner of the fishing boat Q.C. Boy left for his farm at Tiel River after a very successful season trolling. Mr. Wiggins was high boat of the Skidegate fleet.

CITY POWER LINE MOVES

Electricity Will be off Tomorrow Morning While Change is Being Made — To Connect Elevator Soon

Notice is given today by the superintendent of utilities that the city electric light and power will be shut off for a few hours tomorrow morning while the supply lines are being switched permanently from their present route along Eleventh Avenue to a new route by way of the dry dock. The wire on Eleventh Avenue is to be used to complete the new connection with the dry dock. The change will provide access for all the city lines to the dry dock power plant which, under agreement, is now an emergency power supply source for the city.

Mr. Love stated this morning that the city's power would be turned on to the elevator on November 15. Switching equipment for the work involved had not yet arrived but is due here towards the end of next week. On the same day that the elevator is connected up, the city's electric light plant at Shawatlans Lake will be shut down for a couple of weeks for thorough overhaul and during that time the dry dock will supply both the city and elevator with power.

The dachshund continued to slump in popularity. The pre-war number was 232 and in 1924 it was 154. Registration the first eight months of this year totalled 147.

The dog population in the Kingdom is approaching the three million mark.

Light Landings

Extremely bad weather and scarcity of fish on the deep sea fishing grounds have been the prime causes of the light volume of halibut landings this week.

Also a number of both Canadian and American schooners have tied up for the winter preparatory to the close halibut season coming into effect on Nov. 15 and this action has consequently affected the landings.

However, prices offering on the Fish Exchange this week, in consequence of the shortage in fresh halibut supplies, have remained remarkably firm.

From Monday until yesterday noon the total fish marketed was 505,200 pounds a gain of 62,700 pounds over the same period last week.

Arrivals

Schooners marketing catches this week from Monday until noon yesterday included the following: American: Foremost, Allen, Ivanhoe, Trinity, Reliance I, Mariner, Commonwealth, Panama, Augusta, Tatoosh, Atlantic, Arrow, Levathian, Kodiak, Wizard and Rainier.

Canadian:—Cape Spencer, Livingston II, Mayflower, Cape Beale, Ternan, Mab, Pair of Jacks and Ingrid II.

Canneries Closed

The Skeena river canneries have now closed down entirely for the winter and both white and native crews have left for their respective homes.

premises for the winter months, are now on hand.

Schooners D.S.T., Capt. Jack Morrison, and Margalice, Capt. J. Christison have been taken up on the Dry Dock pontoons for a general looking-to prior to being tied up for the winter.

All Up Town

It would have paid the Whiff man just as well on Thursday morning to have gone up to the cemetery and endeavored to get some food for thought on the Saturday page by reading the tombstones as it did to go down on the regular waterfront beat.

Jack Lindsay has recently taken unto himself a swell new pleasure craft named Helena. The hull, which is built on regular coastal lines, measures 38 feet long and the width of beam gives ample room in the foreward cabin.

Canadian schooners Cape Spencer and Pair of Jacks are booked to go up on the Ward ways this week for general overhaul and hull painting.

Alex. McRae and D. McD. Hunter are contemplating taking a little ten day jaunt to surrounding islands in the hope of colliding with a deer or flying into a flock of feathered game desirous of being dashed to pieces.

Fine Logs in

Capt. Gunner Hanson, owner and skipper of the power boat Thelma II, has been doing some commendable work in the bush during the past week, having joined forces with N. M. McLean in securing logs for the construction work on the new P.R. Yacht Club float.

The Thelma II, will leave port over the week end and to tow to Oona River a scowload of lumber which is to be used in the construction of a new government float there under the direction of Capt. Johnson.

A Sticky Yarn

'Twas the good ship Eleanor Mae, That sailed the wintry sea, And the skipper had taken a wee little bottle, Just to bear him company.

Red was the label and snappy the cork, Of that cute little bottle of joy, But sad was the skipper and sadder the mate, When the label defined it was Gloy.

But the skipper had said he'd stick to the ship, As most honest skippers will do, The mate and the crew said of that we are sure, So they stuck him all up with the glue.

Louis Locker, the Poreher Island logger, arrived in port on Wednesday night for camp supplies including provisions and mechanical requirements.

A cargo of one hundred tons of cement arrived per the steamer Griffco for the Albert-McCaffery interests on Thursday consigned from the B.C. Cement Co., Victoria, B.C. This shipment is for local consumption.

Launches Busy

The public hire launches have been busily engaged this week transporting ballot boxes to various outside districts in the interests of the Federal election, polls for which were held on Thursday. Launch Joy Bird, Capt. Jack Cook, left port last Sunday with ballot boxes for Osland, Inverness, Haysport and Port Essington.

Launch Dixie Rupert was over to Port Essington on Monday with political speakers.

Power cruiser Leila R., flag ship of the P.R. Boathouse fleet, left port on Saturday last with ballot boxes for the Queen Charlotte Islands. As the boat has to make the entire round of the Islands it will be a day or so before she gets back.

It is with regret we report that Doc Clapperton, prominent member of the Provincial government wharf staff, was admitted to hospital on Wednesday. The gang look for Doc's speedy recovery and early return to duty.

Tugboat Wigwag, Capt. Claude Ketchum, left port on Sunday last for Massett and Port Clements in connection with election duty.

Tugboat Towena, owned and skippered by John Field, left port on Tuesday for Kitimaat with ballot boxes.

After hunting at Ridley Island over last week end Cecil Morrison and the Dutton Bros. bagged a deer and several ducks. Geese are reported to be coming in well in that district.

A Terrible Loss

Pete Solem, the man who originated the "b" in beer, suffered a terrible loss up town on Thursday night and doubtless the sympathy of the entire community will be extended to him. Pete, who has been known for some considerable time past as the greatest nautical optimist on the waterfront, from the fact that he always carried a corkscrew and could be relied upon in a tight corner, had been showing a marked interest in the local election results.

To get the very latest news on his favorite candidate he grabbed his best walking stick and hiked for the up-town district. Having arrived on the battlefield he was accosted by an old tillieum who whispered glad tidings in his (Pete's) ear. The importance of the business on hand overshadowed the election results for the moment and arm in arm they sauntered to a secluded spot in an endeavor to find a solution of the difficulty Pete, as usual, produced the goods and the deed was successfully accomplished. However, disaster stared Pete in the face yesterday morning when, putting on his best clothes from the night before and searching in all pockets, the terrible loss of the corkscrew was discovered.

The girl you leave behind you

Just stop a moment and think about the way she spends her day—that girl you leave behind you. While you are working she is at home working with her hands. Perhaps washing the same cups and saucers that she washed yesterday and will wash on many tomorrows.

Perhaps doing the week's washing. In YOUR work is variety—interest—growth; in hers only dullness—sameness—stagnation.

Talk it over with the girl you leave behind you. See how glad she will be to say farewell to wash day.

A fair trial of our family services will give your wife many new hours for her family and herself.

Have her phone The Canadian Steam Laundry and you'll be coming home to more cheerful welcomes from a fresher, happier girl.

SITUATION IN CHINA TODAY

Missionary Addresses Gyro Club at Victoria of National Revival in China

VICTORIA, Oct. 31.—"We must wipe out racial hatred in this country of ours. We must strangle it before it swamps us and face the facts as they are and give the Chinese a square deal. I would not call the Chinese heathens. I prefer the name non-Christians," declared Captain A. J. Brace, F.R.G.S., during the course of an interesting address on China at the weekly luncheon of the Victoria Gyro Club.

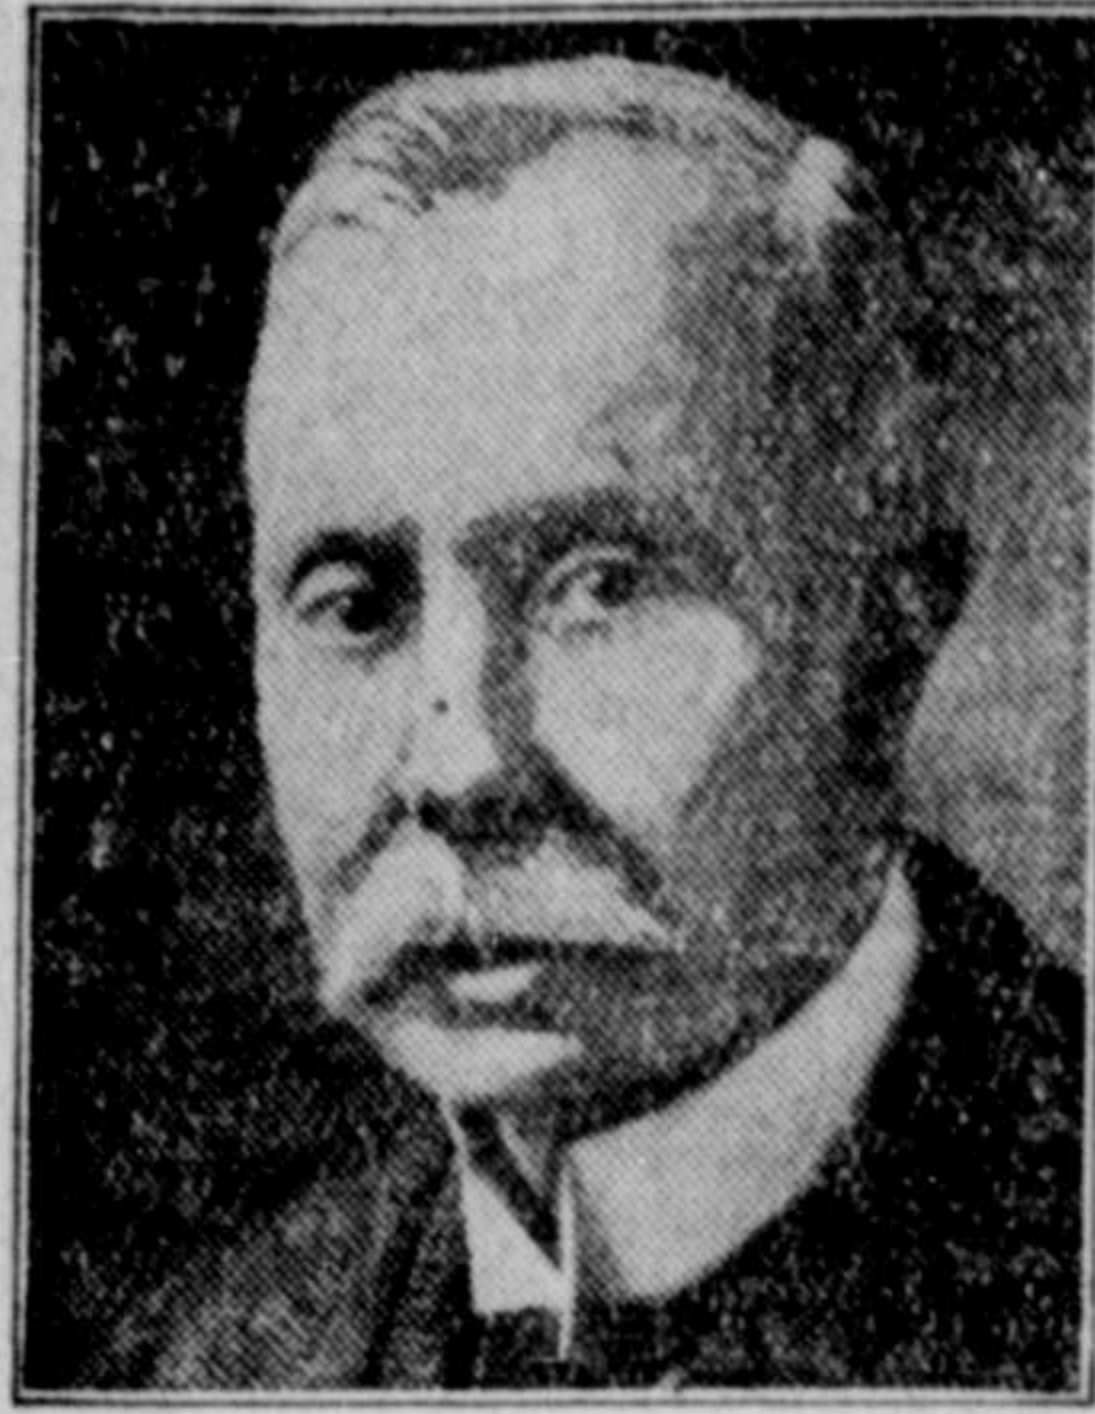

Captain Brace explained that the time of static in China was over and that nation was in flux. The recent war taught the Chinese two things, namely, self-determination and self-realization. They decided no longer to sign treaties at the point of the bayonet, as they had been forced to do in previous years. The students banded themselves together to resist, even at the cost of their lives, the exploitation of their country by outsiders.

The speaker declared that the Chinese demanded two things of all innovations in their country. "Is it true?" and "Will it work?" He stated that the great republic was being industrialized and quoted two instances to illustrate the difference between industries controlled by whites and those by people of the yellow race.

Captain Brace observed that one cotton firm in Shanghai controlled by whites secured one million dollars a year in profits by "sweatshop" methods. A body of young men formed the Commercial Press of Shanghai and now possessed 3,000 employees. It paid high wages, gave ample time for recreation, cared well

TORTURED BY A "DEAD" STOMACH

"Fruit-a-tives" bring relief from Chronic Constipation

MR. FRED LUDLOW

"For a great many years, I was a martyr to Constipation and Indigestion; nothing I tried ever did me any good. I was induced to try 'Fruit-a-tives' and they brought relief with the first tablet; and by taking this splendid medicine at regular intervals, I suffer no more. I CAN NOW EAT ANYTHING WITHOUT FEELING THE SLIGHTEST PAIN OR DISCOMFORT AFTERWARDS."

So writes Mr. Ludlow, a former U. S. Vice and Deputy Consul in Great Britain, and now of 161 West 36th Street, New York.

Thousands have been relieved of the misery of Constipation and Indigestion by "Fruit-a-tives", the famous natural remedy made from the concentrated and intensified juices of fresh oranges, apples, prunes and figs. 25c and 50c at all dealers.

TOWN OF HERRIN IS TRYING TO FORGET BLOODSHED SCENES

Gun Toters Have Been Eliminated, and Religious and Industrial Activity Are Revived

HERRIN, Ill., Oct. 31.—A sign in a store window reads: "Former Herrin tailor returned; firm under a new name."

It is a sign of the times in Herrin. Change the name and there would be few visible indications that here is the town which wrote its name in blood. They are returning to Herrin—the people who went away while the "war" raged—and the town is trying to heal its wounds. Ten widows, 28 orphans, and 13 dead men are hard to forget.

Among many reasons for the town's come-back these are outstanding: Elimination of the champion gun toters; a religious revival; a return of activity in the coal fields.

There are many other signs of regeneration. Bank deposits in two weeks this fall jumped \$50,000. Two chain stores have opened branch houses, one a grocery concern, the other a national music house.

At the beginning of this coal season, three banks were handling a monthly payroll of more than \$700,000. In 1924 there were 47 mines operating in Williamson county, producing almost 10 million tons of coal a year and employing more than 12,000 miners. In 1925 more than 20 mines closed. The mines are opening rapidly. Stores are starting up. Empty houses are being occupied.

It is estimated 200 families left Herrin during the interneeine strife. Property depreciated 50 per cent. There were bankruptcies, stagnation and despair.

THE MAN IN THE MOON

says:

I am thankful tomorrow is Sunday because it will give me an opportunity to rest after the election bust.

I have resolved that the next person who says "election" to me will get a punch right between the eyes.

Forget it, oh, forget it! The frightful time we've had. The thoughts of the election. Surely will drive me mad.

Think of the time I've squandered. In answering queries crazy. Of people who're too dense to think. Or too confounded lazy.

And the editor is worse than me, for when I ask him what he thinks of the result he just grunts or ejaculates something that sounds like pellmell.

Jake says he went to the hospital and had a real spiritual time. I think he talked to the fairies.

Jake went to the ball and there he met all the lasses who dance with a whirl!

He fell quickly for one and had lots of fun. And he says she's the right kind of girl.

BAD WEATHER HARD ON PRAIRIE CROPS

Situation in Southern Alberta is Particularly Discouraging Says George W. Morrow

After a business trip to the prairies which took him as far east as Winnipeg, George W. Morrow, former business man of this city and now identified with the National Biscuit Co. of Vancouver, reached the city on last night's train accompanied by Mrs. Morrow whom he met at Calgary. Mr. Morrow found conditions in certain parts of the prairies rather discouraging on account of the recent inclement weather which has prevented harvesting of the crops. Southern Alberta has suffered most and in five weeks there has been 28 inches of snow in that district. The greater portion of the crop has not yet been threshed there. There was a splendid crop about ready to be harvested and it is a sore sight to see it going to waste, he says. The situation in Northern Alberta and in Manitoba, where the greater portion of the crops have already been harvested, is of course much better.

Mr. and Mrs. Morrow will sail tomorrow night on the Prince Charles for their home in Vancouver.
