## OPEN REVOLUTIONARY TALK IN BRITAIN

### GOVERNMENT BUILDING ROAD FOR DUTCH SETTLEMENT QUEEN CHARLOTTE ISLANDS

#### Red Menace Grips Great Britain as Revolution Openly Discussed there

Secretary of Miners' Federation says he wants revolution with an objective ahead; stern measures proposed

PONTYPRIDD, Wales, Aug. 18.—A coal strike such as threatened Great Britain recently would have meant revolution, Secretary Cook of the Miners' Federation declared yesterday. "Revolution will come," said Cook. "I want a revolution that will have the discipline of an army behind it; a revolution that will not only have discipline but one organized with an objective ahead of it; a revolution understanding its goal."

On Sunday several warnings against the "red menace" were uttered from pulpits. Rev. W. A. Gough at St. Paul's Cathedral, London, urged that strong measures should be taken such as the re-enactment of treason laws to meet the situation.

#### MONEY POSTED ON BIG FIGHT

Dempsey's Manager Puts up \$25,000 as Pledge That Match Will Take Place

NEW YORK, Aug. 18.—Tex Beard, promoter, and Jack Kearns, Dempsey's manager, each posted \$25,000 this afternoon for the Dempsey-Wills fight.

Paddy Mullen, Wills' manager, expected to post a forfeit to the same amount that the fight would be held before July 4, 1926, and should Dempsey refuse to live up to the agreement the Athletic Commission ruled that the Mullen could claim the Kearns' forfeit.

Kearns was granted a licence for the match by the state of New York this morning.

Only Three Games Between Leaders in National League Result of Game

CHICAGO, Aug. 18.—While the Philadelphia Americans and Pittsburgh were playing an exhibition game yesterday, the Giants defeated Philadelphia Nationals and crept to within three games of the Pirates.

McGraw is now raiding the minor leagues, grasping at promising pitchers with which to bolster his hurling staff, which recently displayed signs of slipping.

Connie Mack is nursing the youngsters in his team in order to prevent them cracking in the home stretch.

#### FLOODS DAMAGE PART OF JAPAN

Typhoon Struck Osaka, Kyoto and Kobe and Communication is Interrupted

OSAKA, Aug. 18.—Several thousand houses were flooded when a typhoon struck Osaka, Kyoto, Kobe and the vicinity yesterday.

Telegraph and telephone communication was interrupted on a large scale but the damage to the railroads and shipping was slight.

#### SERIOUS FIRE EXTINGUISHED

Prompt Action at Oil Dock Prevents Serious Injuries on Point May

A rather serious fire that might easily have ended in tragedy took place yesterday afternoon at 4:30 on board the gas boat Point May. Capt. Charley Wallace, James McNulty, son of the local hardware merchant, was rather badly burned and was sent to the hospital and Capt. Wallace also had his hair burned and minor injuries.

It seems that the boat was taking gas at the Imperial Oil station when one of the tanks, not the one into which the gas was being poured, exploded and immediately there was a blaze. Alex. Rix, who was on the dock, promptly turned the hose on the blaze and it was extinguished before it had time to inflict more than superficial injuries. But for that prompt action the results might have been much worse.

The fire brigade was called but the fire was practically out before it arrived.

#### Mayor Newton Reports Officially on His Visit to Seattle to Give Evidence at Tariff Commission

The expectation already voiced by returning delegates that the halibut tariff conference in Seattle last week will result in a recommendation being placed before the President of the United States for a reduction in the present tariff was reiterated in Mayor Newton's report on the conference presented to the city last night.

The report of His Worship, who returned to the city yesterday after having attended the

"After attending the public hearings of the United States Tariff Commission at Seattle, with respect to the American duty on halibut, I wish to report my belief that the final outcome is likely to result in a reduction from two cents to one cent. This would meet the present Canadian duty of one cent.

"The Commission gave a most friendly and courteous hearing to the Prince Rupert delegation, which consisted of myself, representing the city; J. W. Nicholls, representing the Canadian Fish & Cold Storage Co.; J. H. Meagher, representing the Deep Sea Fishermen's Union; G. W. Nickerson, representing the Canadian Halibut Vessels Owners' Association, and John Dybhavn, representing the Royal Fish Co.

"The delegation urged equalization as a means of averting a possible closed port at Prince Rupert to American fishermen. Ketchikan Delegation

"A large delegation from Ketchikan, backed up by counsel, strongly opposed any lowering of the American duty, on the ground that it would prove detrimental to the American halibut fleet.

"This view was not shared by the Commercial Club of Petersburg, Alaska, however, as the latter urged the Commission to (continued on page six)

#### Building Road to New Dutch Settlement on Queen Charlotte Isds.

People are now arriving and being taken care of by Mr. and Mrs. Dave Rutten, formerly of Prince Rupert

The Provincial Government is making preparations for the new Dutch settlement at Oenda meadows by building a road from Iow Hill to that place. Already four miles of it is completed and very soon it will be possible for the settlers already there to get to the land and for the others who are coming to also find their new homesites. That is the information brought today by P. W. Anderson, provincial road superintendent, who has been there making an inspection.

Mr. Anderson says the colonization project at Oenda is an excellent one. There is a huge meadow containing about two thousand acres and other lands adjoining which will be settled by the Hollanders. It is close to the shore and was once a lake bottom. The lowest part of it is now sixteen feet above the highest tide so there is no danger of floods. It will have to be drained and then it will be capable of carrying a large population.

It is expected that from two hundred to two hundred and fifty settlers will arrive in all but they have to come gradually. Only a few are there now and most of them are working on the road. They are being looked after by Mr. and Mrs. Dave Rutten, formerly of Prince Rupert who are responsible for them that they do not become a charge on the community.

The plan of the new settlement is to go into mixed farming and to supply first of all the people who live on the islands with vegetables and berries. Mr. Anderson says that there are now ripe wild strawberries on the meadows as big as cultivated berries.

Some of the new settlers are expected to arrive on every boat and they will go on the land and get their homes ready for occupation before winter. Next year they will be producing.

The only help the Rutten's are getting from the government in bringing in the settlers is the building of the road to the land which they are to occupy.

VIENNA, Aug. 18.—Two are dead and a score of people are injured as a result of anti-Semitic riots attending upon the assembling here of the fourteenth congress of the world Zionist organization.

CAPE GRIZ NEZ, France, Aug. 18.—Gertrude Ederle, who began an attempt to swim the English Channel at 7:09 this morning was this afternoon forced to abandon the attempt after covering two-thirds of the distance. Adverse weather conditions were responsible for the failure.

OSLO, Aug. 18.—The newspaper Aften Posten states that Raold Amundsen is preparing a new airplane expedition for next summer. The flight is proposed to be made from Spitzbergen over the North Pole and the unknown Arctic regions to Alaska.

OTTAWA, Aug. 18.—Premier Mackenzie King had no statement to make in regard to a possible election, when seen after the cabinet meeting which lasted four hours yesterday. Mr. King added that no appointments had been made to any of the accumulated vacancies. "We had a delightful afternoon listening to a report from Hon. P. C. Larkin on the activity of the office in London," declared the premier.

A further meeting of the cabinet will be held this afternoon.

OTTAWA, Aug. 18.—Western Canada captured the trophy at the Dominion Rifle Association meet at Connaught ranges, which opened Monday. Machine Gunner H. Collings of Esquimalt garrison artillery won the Macdougall challenge cup and the D.C.R.A. bronze medal and \$20 in cash with seven shots at 200 and 500 yards.

VANCOUVER, Aug. 18.—Isabella Boa and Stanley Baigent, a young Vancouver couple attending a picnic at Bowen Island on Sunday, met death by drowning, the police now feel certain, following the finding of an overturned canoe last night. The couple were paddling Sunday afternoon on Howe Sound when they disappeared. Search for the bodies has so far proved unsuccessful.

#### MCDONALD WINNER I.O.D.E. BURSARY UNIVERSITY OF B.C.

VICTORIA, Aug. 18.—Alan James McDonald of Vancouver is the winner of the I.O.D.E. bursary, to be paid in four yearly instalments and tenable at the University of British Columbia. The bursary is to be awarded annually for the education of children of the men who paid the supreme sacrifice or were totally disabled in the war.

Mr. McDonald is a son of the late Lieut. James McDonald of the 72nd Seaforth Highlanders who was killed at Brocourt-Queant in 1918.

#### LAWYER DIES.

VICTORIA, Aug. 18.—John Patmore Walls, a well known solicitor, died here yesterday. He was born in 1842 in England and came here 46 years ago.

#### BELIEVED BOY WAS DROWNED

Willie Smith, Aged Seven, Thought to Have Lost Life at Mouth of Hays Creek Today

Willie Smith, seven-year-old son of Mr. and Mrs. William Smith, 614 Hays Cove Circle, is believed to have been drowned at the mouth of Hays Creek near the dry dock culvert between 12 and 1 o'clock at noon today.

It appears that Willie and his younger brother were fishing at the point in question when Willie fell in. According to the brother's story, he paddled around for a while in an effort to get out and then sank. The other boy then ran home to tell his parents and it was after 1 o'clock before the police were notified.

The water was about ten feet deep where the drowning is believed to have taken place and it seems likely that the lad may have been sucked through the culvert into the harbor outside. No body having been found, there is, however, a remote possibility that the boy may not have been drowned. On the city police station being notified, Constable Pofferton was at once despatched to investigate.

#### McAllister Gets Two Years in Penitentiary for Passing Number Worthless Checks in Vancouver

(Special to Daily News)  
VANCOUVER, Aug. 18.—Two years in the penitentiary at New Westminster is the price George McAllister has been ordered to pay after pleading guilty to fourteen charges of getting money under false pretences.

McAllister posed at wholesale houses here as a buyer for Prince Rupert firms. After lodging an order he would cash a small check.

Counsel for defendant said McAllister had a mania for issuing worthless checks while under the influence of liquor.

Defense counsel addressing the magistrate, J. A. Findlay, pleaded for leniency for the accused. He said he was well known in Prince Rupert and only was possessed of the mania for passing worthless checks when under the influence of drink.

**School Autumn Term  
Opening August 31**

We wish to announce the opening of the Autumn term in the Sprout-Shaw Schools of Commerce and Telegraphy in Vancouver on August 31 instead of on September 8 as previously announced.

There has been such a heavy demand for Sprout-Shaw students that we believe this action is necessary to assist the employing public. Up to date not only have all our graduates been placed but also all our students who, although they did not take their diplomas, approached anything like as near a proper stage of proficiency.

While, of course, it is wise to join early, nevertheless our courses are so arranged as to allow pupils to enter at any time.

Does Your Grocer Use Scales?

HE DOES!—Because you expect him to weigh your orders of bulk goods. If he didn't you would assuredly change your grocer.

The same thing is true with circulation. During the last few years Advertisers have not been satisfied to suppose they were getting a certain circulation...

They want the circulation measured by a standardized and unquestionable measurement.

The Audit Bureau of Circulations is the recognized authority for proving circulation. It is maintained as a co-operative organization...

A.B.C. reports place in the hands of advertisers, essential facts that have been secured and verified by a searching examination of the publisher's records

You don't need to buy Space by Guess!

You can get the full circulation facts on the Prince Rupert Daily News by referring to the last A.B.C. report which will be gladly furnished by request.
