TEN AIRPLANES ARE WRECKED IN STORM

VANCOUVER NEWSPAPER URGES PEOPLE THAT CITY TO EMULATE RUPERT

Destructive Storm on Atlantic Coast Caused Life and Property Loss

Seventeen seaplanes lined up for races broke moorings and ten of them were smashed

NEW YORK, Oct. 26.—Devastating wind storms struck the Atlantic coast Sunday, resulting in the death of at least 21 persons as well as inflicting heavy damage to homes and shipping. In Alabama 16 were killed and many injured while dozens of homes were levelled by the gale. Another storm swept the Atlantic and at Wolurn, Massachusetts, 500 houses were damaged. In Baltimore seventeen naval seaplanes, which had assembled for manoeuvres in connection with the Schneider cup races, broke from their moorings and seven of them were completely wrecked while others were badly damaged.

MORRIS FOUND GUILTY MURDER

Court Sentences Him to be Hanged on January 14 for Murder Capt. Gillis

VICTORIA, Oct. 26.—Charles Morris was found guilty of murder late Saturday in connection with the death of Captain W. J. Gillis on the liquor schooner Mary G. and was sentenced to hang on January 14. For the same crime Baker and Wash are under sentence to hang on November 4, although an appeal has been lodged with the supreme court of Canada following dismissal of their appeal by the B.C. Court of Appeals, the judges there being divided. Two of the five judges were for granting a new trial.

HOGCH KILLED MAN ON SUNDAY

Seattle's Police Say 45 Persons Have Lost Lives Drinking Denatured Alcohol

SEATTLE, Oct. 26.—H. Peterson, a laborer, died Sunday as a result of drinking a composition of denatured alcohol and soda water, which the police declare has killed 45 persons in Seattle this year. The police assert that bootleggers purchase denatured alcohol for 35 cents a quart from Japanese druggists, mix it with soda water or grape juice and rebottle it in half pints selling for a dollar each.

ELEVATOR BE READY NOV. 15

Boats Should be Able to Load at Plant by December 1

Installation of machinery at the elevator is going on daily and it is expected that everything will be in readiness to make a test on November 15, when grain can be turned into the bins, stated A. N. Chater, superintendent engineer this morning. The Grain boats will be able to load at the plant on December 1 for which there will be 4,000 feet of dock available. This will afford accommodation for the loading of two grain boats at a time.

OBJECTION TO FISH TRAPS

Petition Asking That no More Licenses be Granted is Largely Signed

ENDORSED BY STORK.

The following resolution which has been endorsed by Fred Stork, without any ifs or buts has been signed by 650 fishermen or those connected with the fishing industry in this district:

Hon. P. J. A. Gardin,
Minister of Marine and Fisheries, Ottawa.

We, the fishermen and citizens of the northern coast of B.C. do most emphatically protest against the practice of using fish traps or trap nets for the taking of Salmon.

It is abundantly plain that the extermination of salmon is in sight if the present practice is continued and as a result the livelihood of the fishermen will be destroyed. Traps are now operating in Canadian waters under the excuse that the American traps would receive the fish now being taken in Canadian traps if the Canadian traps were not operating.

We beg to advise you that by reason of a desire to practice conservation in Alaska the American traps in this area are now closed. The traps in the same locality owned by Canadian companies are still operating and we therefore request that the Canadian traps be closed at the earliest possible moment and that in future no trap licenses be granted to anyone in District Number 2, and that no license now in operation be renewed for any future year beyond 1925. We are your humble petitioners:
H. Striethorst and 650 others.

Seven Thousand Persons Said to Have Perished in Cyclone in Persian Gulf on Saturday

Pearl Fleet of 200 Vessels all Destroyed; British Naval Vessels Lost Boats and Minor Damage

KARAGHI, British India, Oct. 26.—Brief details of the disaster caused by a cyclonic storm in the Persian Gulf confirm the early reports of great loss of life and destruction of many small vessels.

Despatches to date say that seven thousand persons perished in the cyclone which was accompanied by an earthquake and other disturbances. The pearl fishing fleet was almost entirely swept out of existence, more than 200 vessels being sunk.

British naval vessels suffered minor damage in the storm such as the loss of boats.

The islands of Tamb and Henam were severely shaken and many acres of date palms at Basra were devastated.

TWO NATIONS ARE DEFIANT

Direct Negotiations Refused Before Meeting of League Today

PARIS, Oct. 26.—Mutual defiance marked the attitude of both Bulgaria and Greece today before the opening of the special session of the League of Nations council convoked to settle the new Balkan conflict.

Bulgaria refuses to enter into direct negotiations with Greece and the latter will not withdraw from Bulgarian soil, which she says, was invaded only in self-defence.

Emulate Prince Rupert says Vancouver Sun in Discussing Political Situation in South

VANCOUVER, Oct. 26.—Vancouver Sun, under the caption "Emulate Prince Rupert," says editorially: "The good citizens of Vancouver should come down out of the clouds of tariff controversy and for the next few days figure their politics in its dollars and cents relation to Greater Vancouver. What our citizens should do is to emulate the City of Prince Rupert. The people of Prince Rupert battle out their theories and controversies over a utopia until about one month before election. Then they get down to business, the business of politics, and work in with the government of the day. The result is that there is no city of its size in Canada which has secured anything like the political results that Prince Rupert has. They have a fine big courthouse that cost hundreds of thousands of dollars. They have two ministers in the cabinet (Vancouver has none). They had a three million dollar drydock a terminal grain point while years before Vancouver had one. Vancouver is omitted. The reason for this is that Prince Rupert has a Government elevator a grain elevator. How many of while Vancouver has not. What these things would they have if it was formerly a Government elevator at Vancouver is now controlled by the Harbor Board.

An advertisement issued by the Dominion Government and carried in newspapers on the prairies urges the use of Government elevators and Prince Rupert is prominently mentioned along with Prince Arthur and Halifax. Vancouver Province is taking exception to this advertisement and is using it for political purposes against the Government because Vancouver is omitted.

If on the basis of population Vancouver received a proportionate amount of government subsidy and political representation, we would really put this city on the map. Prince Rupert likes to play politics just like any one else but they have a happy knack of playing in with the government. Vancouver should emulate Prince Rupert.

CHALLENGE

The Liberal and Conservative candidates are hereby challenged to a joint meeting in either theatre building on Wednesday, October 28, instant. I shall accept any place assigned to me in speaking order with equal time with other candidates, and pay my full share of all expenses connected therewith.

A copy of this challenge has been delivered to the representatives of both candidates.

CHINA WANTS CUSTOMS LAWS

Wants Uniform System Outside of Control of Foreign Countries

PEKIN, Oct. 26.—At the opening of the Chinese customs conference today China appealed to the powers to restore her complete tariff autonomy and agree to the enforcement of a Chinese national customs law beginning January 1, 1926.

A large part of the customs revenue has been hypothecated in the past to cover loans made to China by foreign countries and also to cover the indemnity over the Boxer rebellion. The head of the customs service is a British subject and the revenue is paid into a foreign bank designated by the Bankers' Commission, who allot therefrom the payments secured by the revenue, the balance being then paid to the Chinese government.

MANY ARRESTS IN FIVE GAMBLING RAIDS

VANCOUVER, Oct. 26.—Seventy-five Orientals and forty whites were arrested in raids on five gambling houses at the week end.

Last Lap Of The Political Campaign.

This week sees the end of the political campaign. Just now we are on the last lap which closes with the election Thursday. People have had an opportunity of getting all sides of the big questions both from speakers and from press reports. The result is that the Liberals are still Liberal, Conservatives still Conservative and the wabblers will continue to wobble until election day.

There has been great activity shown by all groups. At one time it looked as if the Liberals might have been slipping a little but steadily they have won back until today there is little doubt in the minds of any how the election will go. It looks as if Stork will be elected to go to Ottawa and complete the work which he has set out to do.

That is as it should be. A second term is a reasonable thing to ask of the community. Skeena electoral district has been better served during the past four years than ever before in history. To make a change might prove fatal to our prospects.

Challenge To H. H. Stevens.

G. G. McGeer, champion of the freight rates campaign, who has been the butt of all Conservative speakers of late and particularly of his political opponent H. H. Stevens, has challenged Stevens to a public debate on the subject of freight rates. He is anxious to get at close quarters with his traducer knowing that he has the facts on this side and that an opponent is unable to face facts.

It is useless for Conservatives to come along at this late hour and claim credit for work on the freight rates when it is common knowledge that McGeer and Oliver were the chief provincial workers in the cause and when Premier Mackenzie King and his government have issued an order that rates be equalized. The victory is already partly won and it was McGeer and his associates who won it. If McGeer were to come here he would be given a great reception for it is known that he is the man largely responsible for the result.

Take A Lesson From The Sweepstake.

A little sweepstake on the election is being conducted on the waterfront. Each participant is allowed to guess what the plurality for the winning candidate may be and the nearest guess gets the money. Out of twenty guesses, seventeen gave varying majorities for Stork, three gave small majorities for Bushby but there was no one to bet on Nickerson.

Of course that little sweep had nothing to do with the election and yet it is an indication of what is going to happen Thursday.

People Often Misled During An Election.

During an election people are often misled. They talk mostly to people who are supporting the same candidate as themselves and by constantly asserting the fact they come to believe that their candidate is going to win. Constantly asserting something as fact is an aid to belief. This is true in religion as well as in politics. So it must be expected that the close party supporters of each candidate are likely to believe that their man will win. The difficulty is that the followers of two of them must be in error. Only one can win and two must be beaten.

STEWART GOLD STRIKE IS ONE OF RICHEST

VANCOUVER, October 26. — A sensational gold strike at the Emperor Mines at Stewart is reported by J. S. Cowper, secretary of the company.

A wire from Gus Seifert, superintendent in charge of the mines, says that a 4 1/2-12 foot vein of very high grade ore has been encountered at 300 feet inside the 600 foot tunnel, which was being driven in to test the main ore body. The new vein, of which nothing was known, was struck at 400 feet depth.

The main ore body has not yet been reached. Seifert's wire states that the vein uncovered is one of the richest ever struck in the north.

DR. CAMERON WILL PREACH HERE UNTIL ANOTHER APPOINTED

At the church services yesterday Rev. H. R. Grant announced that he had received a telegram from Rev. C. J. Cameron of Vancouver stating that he would come to fill the vacancy for a short time until the local congregation decided on a man to follow Dr. Grant.

Dr. Cameron is partially retired from the ministry.

POLITICAL PUNCHES

A Skidegate correspondent, E. C. Stevens, is strong for Nickerson. So are a good many other people. If he had not a good many backers he would not be in the field.

Mr. Stevens in a propaganda letter to the editor, urges that Nickerson is for the fishermen and that Stork is against them, which of course is incorrect. He also asks for less mud slinging when he must know there has been no mud slinging in this campaign so far on either side and there is no prospect of anything of the sort taking place. In the first place mud-slinging is poor policy and in the second place all three of the candidates are above that sort of thing.

You have to hand it to Nickerson when it comes to political sagacity. For the final meeting of the campaign he finds himself without a theatre in which to speak. Both theatres have been taken by the other parties for their final rallies. Not to be kept down by such a little thing as that he challenges either or both to a debate for that night and says he will pay his share of the cost of the theatre. That would give him a crowded meeting at a third of the ordinary cost and get over the difficulty of being shut out altogether. Here's to Nickerson when it comes to playing his hand.

Betting is still strong for Fred Stork. Every time a voter takes a look at the elevator, he strengthens his conviction that Stork is the only man for the Skeena district just now.

The story goes, and it is told on the authority of a good Tory, that Bob Gordon walked into the Conservative committee rooms and unrolling a wad of bills to the amount of \$500 suggested that any of those present cover it. They had been boasting that they were ready to cover any sum and here was the chance. After waiting awhile Bob rolled up the bills and returned them to his hip pocket, there being no takers.

FALL SERVICE OF STEAMERS STARTS

Prince Charles Completes Alaska Service and Sails for South
—Prince George is Tying up Here

Completing her last trip of the season to Alaska, C.N.R. steamer Prince Charles, Capt. Neil McLean, arrived from the north at 5:45 last night and sailed about midnight for Vancouver after taking passengers from the steamer Prince George which came in at 10:15 from Stewart. The Prince Charles will operate in the Vancouver-Prince Rupert-Stewart service until the middle of November and is due to arrive here from the south at 3 o'clock Saturday afternoons.

The Prince Charles brought a light passenger list from Alaska. Among those on board who continued south were L. S. Ferris, Ketchikan hotel proprietor, bound for Seattle; James Barnwell, United States cable operator at Ketchikan, bound for Seattle, and Capt. R. P. Roberts, Chief Engineer H. Hutchinson and Engineer H. Grace of the White Pass steamers bound for Victoria to spend the winter.

After spending the night at G.T.P. wharf No. 3, the steamer Prince George moved up the harbor at 9 o'clock this morning to the dry dock where she will spend the winter undergoing overhaul before she is placed in service again in the spring replacing the Prince Rupert which will then be tied up.

BOOTH SCHOOL WINS TROPHY

Rochester Shield Captured as Result of 1 to Nil Victory Over High School Saturday Afternoon

The fastest game of the entire Junior Football League season was the final which was played on Saturday afternoon between Booth School and the High School and which was won by the Booth School which thus captured possession of the Rochester Shield emblematic of Junior League championship. So lively was the pace set that several players were winded and knocked out during the progress of the match. The Booth School was value for its victory; the championship being at stake, a good deal of enthusiasm was manifested.

The High School won the toss and elected to play up hill. The Booth School pressed hard during the first of the game but the High School defence was on to its job. The Booth forwards were unable to break through and made one or two wild shots. The High School also made two or three breakaways but nothing in the way of scoring developed and the teams crossed over with no score having been made.

In the second half, the High School, playing downhill, kept up a stiff pace for about fifteen minutes and the Booth goal was in danger on several occasions. Grate in goal, with some nice saves, Donald and Kami, full backs, and Kelsey, centre half, however, managed to keep the ball out. When the High School commenced to weaken, the Booth School made some nice combinations and, about ten minutes before the final whistle, Jack Nelson broke away and, passing right through the High School defence, scored from close in.

On the whole, Booth School played the best combination although the weight and height of the High School players were factors to their advantage.

Jack Campbell refereed and the linesmen were Eddie Smith and Bronson Hunt.

Dry Dock and Great War Veterans are at present leading in the standing, both teams having two victories to their credit and no defeats against them.

It is quite likely that there will be another fishing schooner race next month between Canada and the United States. The last race was run two years ago and, as a result of some disagreement which attended it, it looked as if there might not again be an international race. However, the air has been somewhat cleared and negotiations for the race this year are about completed. If the race is held it is likely that the Blue Nose, Canadian holder of the Dennis Cup, and the Columbia will again meet.

SMITHERS

E. E. Orchard has been elected president of the Bulkley Valley Fall Fair Association. At the annual meeting of the Association last week a proposal was submitted by Telkwa that the Smithers Fair and Telkwa Barbecue should in future be continuous events in order to hold the crowds. The new executive will deal with the proposal.

During the past week Smithers audiences have heard addresses by all three candidates in the federal election — Fred Stork, George Bushby and G. W. Nickerson.

Dr. H. C. Wrinch, M.L.A. for Skeena, visited here last week to meet local citizens before proceeding to the session of the legislature. He was asked to press for completion of the road to Moricetown on the south side of the river and for reorganization of the Game Board.

PRINCE GEORGE

Work has been started by the provincial public works department on a bridge across the Mud River which will give the farmers of Mud River Valley direct connection with the Canadian National Railway at Chilako station.

The Prince George Club was raided by the police last week and J. C. Pidgeon, lessee, was placed under arrest on a charge of keeping a gambling house. The case was heard by Stipendiary Magistrate Milburn who fined Pidgeon \$100. The finding is to be appealed.

H. G. Perry, M.L.A. has been requested by the city council to protest the invasion of civic rights in beer parlor licenses. It is claimed that the provincial government, in granting such licenses, has invaded on the rights of the municipality.

SPORT CHAT

The International section of the English Football Association has accepted an invitation to send a soccer team to tour Canada next summer. The team will leave England in May and return about the middle of July providing satisfactory arrangements can be made.

Benny Ford, manager of California Joe Lynch, who lost a decision in a hot bout at Vancouver recently to Vic Foley, is making a protest about that battle. He claims that Lynch knocked Foley out in the third round and that the referee helped him up.

Vic Foley is figuring on going from Vancouver to California to spend the winter as there is said to be good chances of his getting a number of profitable bouts in the south. In the meantime, Vancouver fans are expecting to see Foley in action with Bobby Eber, Frankie Genaro or Abie Goldstein before long.

Teams will meet tonight in the Cribbage League competition as follows: Elks vs. Loyal Orange Lodge; Great War Veterans vs. Sons of Canada; Dry Dock vs. Prince Rupert Hotel; C.N.R. Mechanical Department vs. C.N.R. Operating Department; St. Andrews vs. Knights of Columbus; Moose vs. Cold Storage. The

AVE YOUR DIAMONDS RESET

Lots of people have diamonds in old settings which have no special beauty in themselves. This makes a person tired of wearing the one thing all the time and the ring or pin is just laid by like an old coat.

One of our new artistic mountings would make it a delight to look at your ring in its new dress and it is just as noticeable, and just as much worth while, as anything else you wear.

ELINOR GLYN YARN TONIGHT

"How to Educate a Wife" is Picture Being Shown Here at Westholme

Are you married? Do you want to be married? Or are you free and foot-loose? In any event, you cannot afford to miss the new Warner Classic, "How to Educate a Wife," which opens here tonight. It presents a novel angle of the eternal question, "To be—or not to be married!" Knowing that "How to Educate a Wife," had been written by the noted love psychologist, Elinor Glyn, of world fame, it is a picture of thrilling action and romantic charm. The whole performance, from beginning to end, is finely done and the plot so realistically human and appealing.

Being an insurance agent, with clients far and few between, was ruining the otherwise even tenor of domestic happiness. As is often the case, billing and eeling didn't pay for groceries, and the Todds faced the awful tragedy of losing their little nest unless money was forthcoming for a payment on the mortgage. It was then that Billy Breese, a friend of the Todds, pointed out the tremendous business possibilities of possessing a wife as charming as Mabel Todd. Her task was to interest diplomatically prospective male clients in herself first, then—well, then they would be very glad to do some business with her husband. Then the fun began. Mabel meets a former acquaintance, a wealthy Mr. Banks, with whom she starts a very exciting flirtation for the purpose of securing a heavy policy for her husband.

But friend husband far from being grateful, finds his arrangement a little too highly flavored to suit his taste and so it goes.

JACK LONDON PICTURE HERE

"Adventure" Being Shown Thursday Only is Stirring Tale of South Seas

The action of the story "Adventure" by Jack London which shows here Thursday takes place on one of the most isolated and savage of the Solomon Islands in the South Seas. For many weeks, David Sheldon, the young owner of a plantation, has been waging a desperate but losing battle against black water fever and ill fortune. The crops are a failure, a note is coming due, and the native workers have become rebellious.

One day, as he is on the verge of collapse, a ship belonging to Joan Lackland, a woman soldier of fortune, founders off the coast. In the company of two Hawaiian bodyguards, she makes her way to the plantation. Instantly realizing Sheldon's helpless condition, Joan puts him to

Notice of Intention to Apply to Lease Land.

In Prince Rupert Land Recording District, and situate at Newcombe Harbor, Pitt Island, about one mile northeast from the entrance to Petrel Channel, and about one mile southerly from the northeast corner of Lot 8033P. Wallace Fisheries Limited, of Vancouver, B.C., occupation cameramen, intends to apply for a lease of the following prescribed lands:— Commencing at a post planted about one mile in a southerly direction from the northeast corner of Lot 8033P; thence south 2 1/2 chains; thence west 6.00 chains; thence north 0.70 chains; thence easterly meandering along the high water mark to post of commencement, and containing 1.00 acre, more or less. WALLACE FISHERIES LIMITED, Applicant. Dated September 26th, 1925.

The Rt. Hon. W. L. Mackenzie King

Says "We will give the West Equal Treatment Impartial Justice"

THE WEST MUST COME INTO ITS OWN

Put your trust in men who believe in the West's future — men who in Canada's darkest hour held out hope—men who believed in developing the West.

Under almost insurmountable difficulties, Canada faces the world today on the wave of industrial prosperity. She has met every debt on its due date to her foreign creditors—her dollar is the highest in the world. And the West flourishes. In the last four years, since Mackenzie King took the helm at Ottawa, the West's port, Vancouver, has shown greater industrial development than in all her previous history.

This in the face of the cries of ruination and foreclosure from Meighen and Stevens in 1921. This in the face of the repudiation of Mr. Meighen by Canada's strongest Conservative journal, which styled his outlook at that time, "the whisper of death." And more than ever in the history of the West does the West need friends at Ottawa. Men who will stand in the councils of the nation afraid of no moneys interests, no combines, no section of their party or rival city of the Dominion.

Such men are the Liberal Candidates. They know they will have the support of the leader of Canada's next Government, the Rt. Hon. W. L. Mackenzie King. For he has said throughout the country that there must be justice for every section.

The Liberal Candidates are pledged to secure absolute equalization of freights for the West. If it is necessary to make this a national issue in the House of Commons at Ottawa, they will do it.

G. G. McGeer, K.C., Liberal Candidate for Vancouver Centre, said recently:

"There is one Court where we can secure lasting and final justice, and that is the GREAT COURT OF PUBLIC OPINION, the Parliament of Canada."

Vote Liberal, and you will bring about Western development and prosperity for all.

"Our Tariff must have due regard for all parts of the country in its present stage of development," said Mackenzie King recently.

The Liberal tariff is a tariff primarily imposed for revenue. This tariff, which is a tax, should be as light as possible on the people.

Premier King says, "Especially do we believe that the instruments of production essential to the development of our basic industries and the necessities of life should be taxed as lightly as possible."

SALLY IS COMING HERE AT WEEK END

Charming Heroine to be Seen at Westholme Theatre in Picture Friday and Saturday

Ziegfeld's "Sally" has left his tender care and now is in the movies. She will be seen here at the week end.

Colleen Moore is the new "Sally." She is altogether a charming and personable heroine, delighting her audience moments of hoydenish humor, much human interest and no little genuine drama. As a starring vehicle for Colleen Moore,

"Sally" truly exceeds even such successes as "Flaming Youth" and the recent "So Big." It provides this dainty First National star with the means of proving there is, apparently, no limit to her versatility.

First we discover "Sally" as the forlorn little inmate of a founding home. Then we see her as the drudge in the kitchen of the Elm Tree Inn. Quickly the action shifts and by a series of circumstances "Sally" is plunged into the vortex of a gay life as revealed at the lawn fete of a multi-millionaire.

Here is where we glimpse a new and different "Sally," gorgeous in her lovely raiment, impersonating a noted Russian dancer. There is a pretty love thread running through this screen version which is an adaptation made by June Mathis.

led and nurses him back to health. For the time being she quells the fire of rebellion smouldering among the savages.

Falls in Love

When Sheldon recovers, he promptly falls in love with her, but his attentions are met with indifference. Instead of marriage, as he suggests, Joan offers to go into partnership with him, and he finally consents to that arrangement. The girl soon proves her worth as a partner, for shortly afterward, Morgan and Raff, the unscrupulous money-lenders, arrive to demand payment of the note they hold against Sheldon.

Joan pays the debt, and then allowing herself to be drawn into a poker game by the two sharks, eventually wins back not only her own money but all of theirs, and incidentally gets the

stomp in which they came to the island. She then forces them to leave, warning them not to return.

A few days later, there arrives at the plantation an adventurer, one John Tudor, whom Joan had met in the course of her travels. Being a man who takes his fun where he finds it, the new-comer proceeds to make love to Joan. The girl slaps his face when he tries to kiss her. Sheldon a witness to the action, is highly amused. This infuriates Tudor who challenges him to a duel which Sheldon reluctantly accepts. In the struggle that follows, Tudor is seriously wounded.

Exciting Times

Sheldon leaves to get a physician, and during his absence, Morgan and Raff return, bent on getting revenge. To this end

they incite the natives to open revolt and together attack the house. During the battle, the house is set on fire, and Joan is captured and taken aboard the money-lenders' ship. Tudor manages to drag himself out of the burning building, and is discovered by Sheldon when the latter returns with a doctor. As soon as he learns what has occurred, Sheldon starts in pursuit.

Meanwhile, on board the boat, Joan defends herself as best she can. With the last bullet in her revolver she kills Raff. Sheldon arrives in the nick of time and succeeds in disposing of Morgan. Joan's bodyguard engages in a hand-to-hand fight with the native chief and both fall into the water where the struggle continues until the chief is killed. The picture closes, foreshad-

owing the marriage of Joan and Sheldon.

RESOLUTION IS SENT TO SLOAN

Approve Action of Minister in Curbing Wildcatting in District

VICTORIA, Oct. 26. — Mining interests of the Portland Canal District at present one of the most active sections in the matter of mining development in the province, are heartily in accord with the policy of the Honourable William Sloan, minister of mines, in his determination to curb the activities of the "wildcatting" and place the mining industry of the province upon a firm foundation.

Since the Minister of Mines inaugurated his policy of checking up the statements issued by a number of mining concerns by having his engineers examine properties the sale of stock in which has been promoted by concerns and individuals whose appeals to the public have not been based upon reasonable representations, he has been greatly praised for such policy. The Stewart Board of Trade is the latest public body to endorse the Minister's action.

At a recent meeting of that organization, the following resolution was unanimously passed and the action of the Board communicated to Mr. Sloan:

This Boy Gets Lesson

For obvious reasons we cannot give the name of the mother whose son brought home three cans of an eastern canned milk when she had sent him to get Pacific Milk. The boy is 18 and works in a local factory.

She writes that she made him go back and change it because he should realize that his own position depends upon others using Made-in-B.C. products. We admire this mother.

BULGER STORE BURGLARIZED

Entry was Made Saturday Night Through Door Panel—Articles to Value of \$100 Taken

Entry being made by taking out a panel from a rear door, the jewelry store of John Bulger was burglarized between 11:30 Saturday night and Sunday morning and goods to an estimated value of something under \$100 as well as change in the cash register was removed. In making entrance by removing the door panel, the thief or thieves barely missed setting off the burglar alarm. The fact that articles quite as accessible and of more value than those removed were left behind indicates that the job of burglary was disturbed before it was completed. In any case, a clean getaway was made.

The theft was discovered yesterday morning by Mr. Bulger, who immediately notified the police. Up to this morning no one had been apprehended in connection with the burglary.

LEIGH WADE TO FLY CONTINENT

U.S. Round-the-World Aviator Plans 24 Hour Flight From Frisco to New York

SAN FRANCISCO, Oct. 26. — Lieut. Leigh Wade, one of the United States round-the-world flyers, is planning a non-stop 24 hour flight from San Francisco to New York early next month in a giant Sikorski plane. The flight will be primarily in the interest of commercial aviation states Edward S. Evans, Detroit manufacturer and sportsman, who is financing the venture and who expects to make the flight with Lieut. Wade.

GRANBY SHOWS GOOD PROSPECT

Bank Loans Will be Pretty Well Cleared up This Year and Position Improved

NEW YORK, Oct. 26. — Bank loans of the Granby Company should be greatly reduced if not entirely cleared up this year so that 1926 will find the big copper concern in better financial position than has been the case since the war. Next year it should be in a position to again pay dividends after several years of recovery during which investors received no returns on their money.

The company has about ten years life in the developed reserves of the Hidden Creek properties. It has developed 5,640,000 tons of 1.81 per cent ore in the Allenby property, or sufficient for about eight years' capacity operation. There are good prospects of substantial additional ore being opened up in the Allenby property, which is practically virgin, but this is not at all certain with regard to the Hidden Creek properties.

JOSEPH MARTIN MAKES GETAWAY

Local Prisoner, on Way to Pen, Escaped from Steamer at Powell River

VANCOUVER, Oct. 26. — Joseph Albert Martin, who was sentenced at Prince Rupert last week to four years in New Westminster penitentiary for theft, made his getaway from the steamer Prince Rupert at Powell River on Saturday night.

Martin was in custody of Provincial Police Constable Martin of Anxox. The provincial police here have been advised that he escaped from the cell on the boat at Powell River. In court here, he bore the appearance of an experienced criminal and admitted having been convicted on three previous occasions. He was out on parole, it is understood, from a four to seven year sentence for burglary in Montana.

OTTAWA FIRE TAKES FACTORY

OTTAWA, Oct. 26. — Damage estimated at \$175,000 was caused by a fire which destroyed Rideau Street automobile factory and garage here early today. Scores of homes in the neighborhood suffered damage from smoke and water.

The blaze was fought in a terrific wind.

HALIBUT PRICES ARE STILL AT HIGH LEVEL

Nine Boats Sold Catches Totalling 163,000 Pounds at Fish Exchange This Morning

Fish arrivals this morning totalled 163,000 pounds, six American halibut schooners selling 136,000 pounds at the Exchange and three Canadians, 27,000 pounds. American fares were given the best prices for both first and second class fish, the prices being high all around.

FINED FOR HAVING PISTOL ON SABBATH

WINCHESTER, Va., Oct. 24. — Just as Gus Hill of Strasburg, was about to appeal a conviction in justices' court for having a pistol in his possession, the Commonwealth's attorney dug up an ancient law of Virginia which prohibited the possession of a pistol on the Sabbath no matter what the pretext. The statute had never been repealed. Hill's offense had been committed on the Sabbath, and the justice accordingly assessed a heavy fine.

"How to Educate a Wife"

Elmer Glyn's pungent play satire on jealous spouses. A smart satirical photo play of susceptible, suspicious husbands which presents an entirely new angle of a perplexing problem. A comedy with a twist in its tale. The story of a husband who trusted too much and of one who trusted too little. A decidedly different kind of love-drama presented with all the brilliance and sparkle for which the famous female philosopher of love is noted. Wistful woe and hustling husbands. Gavemen versus courtiers. Nuts and east.

The girl you leave behind you

Just stop a moment and think about the way she spends her day—that girl you leave behind you. While you are working she is at home working with her hands. Perhaps washing the same cups and saucers that she washed yesterday and will wash on many tomorrows.

Perhaps doing the week's washing. IN YOUR work is variety—interest—growth; in hers only dullness—sameness—stagnation.

Talk it over with the girl you leave behind you. See how glad she will be to say farewell to wash day.

A fair trial of our family services will give your wife many new hours for her family and herself.
