TREMENDOUS FLOODS CORDOVA, ALASKA PITTSBURG WON BASEBALL GAME TODAY LEAVING TOMORROW'S AS FINAL

Rainfall at Cordova Floods the City and Causes Big Landslide

Since first of month over 23 inches has fallen
and yesterday's quota over four inches

CORDOVA, Alaska, Oct. 13.—Water ran a foot deep in the main street of Cordova yesterday as the result of a heavy deluge of rain. Since October 1 the rainfall has been 23.7 inches. The Copper River and Northwestern Railway has been unable to move its trains from Cordova. The bank of the Copper River along which the line runs was eaten away. Yesterday four and a quarter inches of rain fell and families living in houses on the hillside are fleeing, fearing landslides.

CRITICISM OF SCHOOL SYSTEM OF VANCOUVER

Would Have Administration Responsible to Board; Choosing Teachers Criticized

VICTORIA, Oct. 13.—Drastic changes in Vancouver's school system is recommended by J. H. Putnam and Dean Weir of the University of British Columbia who were appointed by the department of education to conduct an investigation into it several months ago.

Among the changes advocated is the appointment of a school administration headed by a superintendent responsible to the school board.

The school board is criticized for failing to pay sufficient attention to the advice of the inspectors in choosing teachers.

Three issues, Bible teaching in the schools, uniform cost of text books and the salary scale of teachers is dealt with at length.

C.P.R. STEAMER RAN INTO DOCK

Shattered Part of Upperworks of Princess Margaret at Seattle Yesterday

SEATTLE, Oct. 13.—In a collision with the Bell Street dock while attempting a landing, the C.P.R. steamer Princess Margaret was considerably damaged but no one was injured. A heavy fog partly obscured the landing strip.

LITTLE NOMINATED FOR COMOX-ALBERNI

CUMBERLAND, Oct. 13.—David Little was nominated by a Labor meeting here yesterday to contest Comox-Alberni with the Conservative and Independent Labor candidates.

A. W. Neill was elected four years ago for the constituency and supported the Liberal policy at Ottawa. He is getting the Liberal support in the present election.

BRIQ.-GENERAL DIES

WINNIPEG, Oct. 13.—Brigadier-General H. N. Rutlan, C.M.G., died here this morning aged 77.

Sunday night while F. D. Peterson and his wife were eating lunch in their cottage on the hillside above the main ocean wharf, a landslide hit the place and the house was carried 150 feet down the bank and deposited in the street, cutting off traffic from the dock. Mrs. Peterson was slightly hurt.

MORE CONVICTIONS CANADIAN COURTS

Increase of Seven per Cent Over Former Year Is Shown by Statistics

OTTAWA, Oct. 13.—Canadian courts are drawing the net more closely round the criminal. That is one conclusion to be drawn from criminal statistics issued by the Bureau of Statistics of the Canadian Government.

The statistics cover the year ended September 30, 1924, and are a compilation of convictions and acquittals in the various provinces. They do not deal with the unsolved mysteries of crime, but with cases actually in court. They show that in the twelve months ended last September convictions for indictable offences as against the previous twelve months corresponding increased from 15,188 to 16,258, while at the same time acquittals decreased from 4,551 to 4,409.

Expressed in percentages, convictions in indictable offences increased by seven per cent, while acquittals decreased by six per cent.

Of the major crimes, there were 22 convictions for murder in the year ended September, 1924, as against 15 in the previous year; 4,558 convictions for burglary, house, warehouse and shop breaking as against 1,175; 146 convictions for robbery and demanding with menace as against 132 and 14 convictions for highway robbery, exactly the same number as a year previous.

FINDS GALENA AT VANARSDOL

Ore Assays \$207 a Ton and is Close to Transportation Facilities

PROPOSES TO SHIP ORE

W. E. Van Meter of Terrace and Arthur Clore of Copper City are Lucky Owners

TERRACE, Oct. 13.—What promises to develop into a real mine is a new discovery by W. E. Van Meter of a rich galena lead located on the hill opposite Newtown, Indian Reserve, at an elevation of approximately 2,500 feet.

What adds to the value of the find is its proximity to Vanarsdol Depot, the distance being not more than two miles and a half.

Mr. Van Meter is building a cabin close to the claim and intends to do development work with the idea of shipping ore at an early date. His last assay returns show gold 89.20, silver \$112.47, lead 882.65, and zinc 83, totalling in all \$207.32 per ton.

Associated with Mr. Van Meter in his discovery is Arthur Clore, Copper City.

Mining men who have looked over the ground speak of this discovery as the best surface showing they have ever seen in this part of the country.

Quite a number of claims have been staked in the vicinity of the discovery and already three other leads have been found all showing galena.

VANCOUVER ISLAND COPPER PROPERTY SOLD BY AUCTION

Debtors Holders of Sidney Inlet Company Buy Everything For \$75,000

VICTORIA, Oct. 13.—Offered or sale at public auction under an order of the court, the property and equipment of the Tidewater Copper Company, located at Sidney Inlet on the west coast of Vancouver Island, was knocked down for \$75,000 to Harry Keith, Henry Price and William Zigel of New York, acting for themselves and for certain others of the debenture holders.

THOMAS GILMOUR OF PRINCE RUPERT DIES

Local Man Who Was Gassed at Ypres in April 1915, Passes Away at Balfour

BALFOUR, Oct. 13.—Thomas Gilmour, 40 years of age, who joined the 30th battalion at Prince Rupert and was gassed at Ypres in April, 1915, died at the sanitarium here from war disability.

A. A. Cox, Vancouver architect, who has been here for the past week on business in connection with local building propositions, will return to Vancouver on the Cardena this afternoon.

G. E. Gulick, local manager of the Swift-Canadian Co., returned by the Cardena Sunday evening from a business trip to Vancouver.

J. A. Hinton sails this evening on the Cardena for Vancouver on a combined business and pleasure trip.

Pittsburg Beat Washington Three Runs to Two in Sixth Game of Series Causing Tie

PITTSBURG, Oct. 13.—The World Series is again tied up between the Pittsburg Pirates and the Washington Senators, the former having won the sixth game today by a score of 3 to 2. Washington started the scoring in the first when Goslin poked out a circuit clout with no men on. The Senators scored again in the second and Pittsburg tied up the score in the third with two runs off one hit and an error. The Pirates won the game when Eddie Moore made a home run in the fifth inning. Superb pitching by Ray Kremer for the Pirates was also a winning factor for Pittsburg.

It was Pittsburg's straight victory and the teams are now tied three all.

Washington used two pitchers and several pinch hitters in their efforts to stop the Pirates.

Washington . . . 2 6 2
Pittsburg . . . 3 7 1
Score by innings:
1 2 3 4 5 6 7 8 9
Washington 1 1 0 0 0 0 0 0 0—2
Pittsburg 0 0 2 0 1 0 0 0 0—3

The batteries were: Kremer and Smith for Pittsburg; Ferguson and Severeid for Washington.

First Inning
Washington—Moore juggled Rice's hot smash but threw him out. Smith threw Stan Harris out and Goslin hit a homer, his third of the series, into the right field stands. Kremer threw Joe Harris out at first. One run, one hit, no errors.

Pittsburg—Moore singled through Bluege on the first ball pitched. Carey sacrificed. Cuyler fled out to Rice. Moore followed second. Bluege threw Barnhardt out at first. No runs, one hit, no errors.

Second Inning
Washington—Judge broke his bat, securing another slashed out single to right. Bluege tried to sacrifice but forced Judge. Bluege scored when Peck doubled into right. With Severeid up, Kremer threw wild to catch Peck who went to third. Severeid and Ferguson fled out. One run, two hits, one error.

Pittsburg—Traynor shot a single over Stan Harris' head. Wright forced Traynor and McInnis fanned. Smith singled over second. Wright going to third. Kremer struck out on three pitched balls. No runs, two hits, no errors.

Third Inning
Washington—Rice lined out to Kremer who slugged the ball with his gloved hand. Traynor got Stan Harris' hopper throwing him out. Goslin fled out to Wright. No runs, no hits, no errors.

Pittsburg—Moore walked and Peck took Carey's grounder too late to get Moore. Both runners were safe. Cuyler sacrificed. Moore scored while Bluege was throwing Barnhardt out at first. Carey making third. Carey scored on Traynor's single over second. Traynor stole second and, on Severeid's wild throw, went to third. Bluege tossed Wright out. Two runs, one hit, one error.

Fourth Inning
Washington—Joe Harris fanned missing a vicious swing on the third strike by a foot. Judge also fanned swinging hard. Bluege cracked a single over Wright's head. With Peck up, Bluege was caught off first. No runs, one hit, no errors.

Pittsburg—McInnis fled out to Rice. Smith struck out missing a sinker by a foot. Kremer fanned for the second time. No runs, no hits, no errors.

Fifth Inning
Washington—Peck popped out to Traynor. Wright threw Severeid (continued on page six)

LOGGING AT ALICE ARM

Market Conditions Will Govern Next Year's Operations, J. O. Tretheway States

Whether or not the Abbotsford Logging Co. will return to the Alice Arm district next season to continue logging operations will depend on log market conditions, states J. O. Tretheway, head of the concern, who is a passenger going through to Vancouver on the Cardena today. This season's operations are about finished. Mr. Tretheway states, and there are a number of logs boomed in the water now awaiting sale. The Abbotsford Co. still has some two or three million feet of logs, mostly hemlock, to take out from crown granted limits.

MANSLAUGHTER COURT VERDICT

Man Who Struck Girl When Driving Car Is Found Guilty by Jury

VANCOUVER, Oct. 13.—Oppressive heat of the day last June when the ten year old Phyllis Martindale was struck by a car driven by Elmer Sutton, salesman, and was fatally injured, was the only explanation offered by the latter, who yesterday was found guilty of manslaughter by the assize court jury, which added a recommendation of leniency. He was remanded for sentence.

Slap In The Face For Premier King.
If the people of Skeena constituency were to elect anyone but Fred Stork at the present election it would be a slap in the face for Premier Mackenzie King and his administration, the people who gave Prince Rupert the elevator.

It is not suggested that the elevator was built to benefit Prince Rupert only. It was not built to benefit only the farmers of the Bulkley and Nechaco Valleys, although it will be of great benefit to them in spite of everything said by the opposition. It was built to benefit the farmers of the prairies, the farmers of the interior of British Columbia and the people of Prince Rupert and it will do all three. It so happens that Prince Rupert will benefit very largely because of the shipping that will come to this port. It will bring prosperity here and most Prince Rupert people realize it.

The elevator was not a sop to the Progressives or to anybody, but will fill a real need. We do not want any person to sneer at the elevator and its possibilities. We should object to its being spoken of as a sop to anybody. It is something we asked for and pressed for and eventually secured and we were ably backed up by many people in British Columbia, including Hon. Dr. King, Hon. T. D. Pattullo, Hon. A. M. Manson, Hon. Simon F. Tolmie, T. G. McBride, member for Cariboo, and a good many prairie members. These men were imbued with the national outlook and did not consider the elevator a sop to the Progressives but a national undertaking through which one of the national ports could be used for the benefit of Canada.

Canada Has Put Money In Elevator.

Canada has put her money in an elevator here. The work is almost completed and now the people of Prince Rupert are planning to do their part to see that the building given them in trust is used for the purpose for which it was erected.

Doubtless the move will be successful but in the meantime efforts are being made for political purposes to belittle the value of the elevator to this city and to make it out that the people who had it erected did it for the purposes of buying the support of the prairie Progressives or of the electors of this constituency. Some Conservatives claim it was the price of the Skeena seat and others the price of Progressive support. Each insinuation is a base one and unworthy of those who made it.

Turning Out Well To Hear The Speakers.

People have turned out well so far to the meetings of the candidates. Every meeting has been crowded. Doubtless the same thing will happen tomorrow night to hear the Liberal speakers in the Westholme Theatre. It is hardly necessary to urge this because people have already shown they are interested in the campaign.

A three cornered fight is always rather unsatisfactory because the winner may not have a majority of the votes. It is possible for him to be elected with only a little over a third of the total vote. In view of this it is suggested that people here should study well the situation and not be led away by personal inclinations.

Most of the Conservative leaders have shown by their attitude in the House of Commons that they are against us. Tolmie is the only man they can point to as having spoken for the development of this port. But Tolmie is only one out of many. Hon. A. M. Manson will have something to say about this tomorrow night, doubtless, and will clear up many difficulties for voters who are not sure what to do.

ROAD TO DOCK WILL BE BUILT

Difficulty in Finding Route is Worrying City Fathers Just at Present
PLANS ARE SUGGESTED

Having been advised by W. H. Tobey, C.N.R. superintendent, that the railway company could do nothing in connection with the matter of giving assistance in the building of a road to the elevator until a route had been definitely selected, the city council puzzled itself last night as to where a route would be found and finally decided to refer the matter to the board of works for report. In the meantime, members of the council will make an inspection of the location this week.

Ald. Perry said that about the only practicable route would be from Graham Avenue via the old garbage wharf. A road could be built there as far as the tracks but not across owing to the high bluff. The Eleventh Street route could not be used for it would interfere with trackage. Mayor Newton suggested an overhead by the Graham Avenue route but was advised by Ald. Perry that no landing would be available except right on the elevator which, of course, would not be permitted. Neither was a continuation of the ocean dock road practicable. Ald. McMorde suggested a connection from Graham Avenue west of the old garbage road. Ald. Perry pointed out again that no approach would be possible except by building a wharf. Ald. Casey stressed the necessity of a road to the elevator giving direct access to the plant for vehicles.

Ald. Casey also inquired what was being done in connection with the request for a road from the government wharf to the G.T.P. docks. Ald. Perry replied that the railway company still had the matter under advisement.

FRANK ANSWER FROM MINISTER

Mr. Pattullo Advises Council that Old Court House Block Will Not be Deeded to City for Park

Hon. T. D. Pattullo, minister of lands and member of the legislature for Prince Rupert, in a letter to the city council last night, made his position quite clear in connection with the request recently made by the council that block 21, section 1, the former court house site, be conveyed by the provincial government to the city for park purposes.

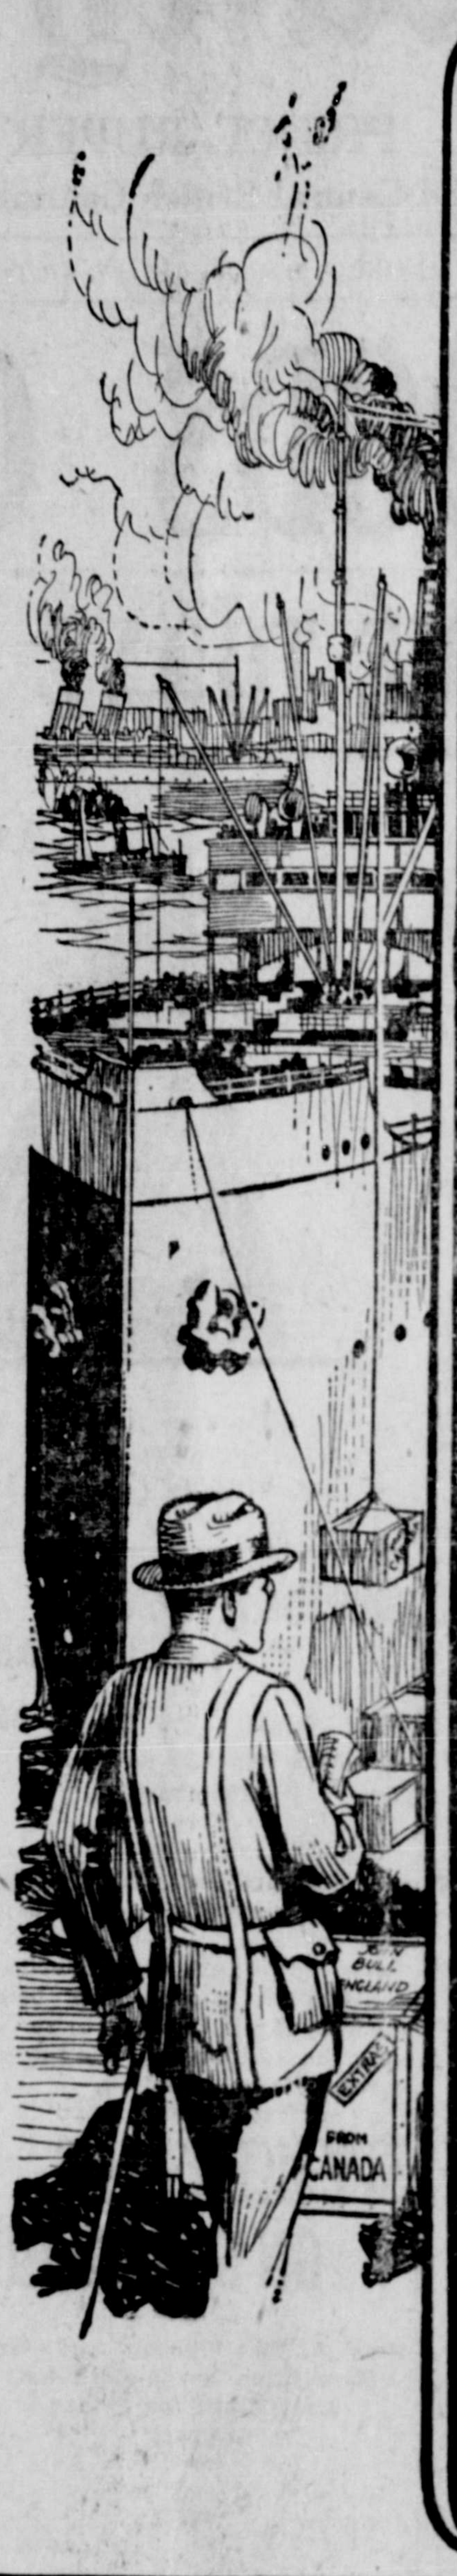

Mr. Pattullo pointed out that the original G.T.P. townsite scheme had made provision for park sites. If another park site was required in the heart of the city he suggested that the council ask that the C.N.R. grant a piece of land facing on Second Avenue. It was expected, continued Mr. Pattullo's letter, that the sale of Block 21 would go a long way toward paying for the provincial government buildings here. "It seems to me that the council has lost perspective in this matter and, personally, I may say that I have no intention of recommending that Block 21 be conveyed to the city for park purposes," concluded the letter. "The letter is, at least, frank enough," said Mayor Newton in ordering the communication filed.

CITY COUNCIL TO AID BOARD OF TRADE

Will Attend Meeting Tonight When Shipping of Grain Through This Port Will be Discussed

The city council was in receipt of a letter from the board of trade last night inviting the mayor and aldermen to attend the special meeting of the board tonight when ways and means for the direction of grain through the new elevator here will be discussed. The letter was filed with the suggestion by Mayor Newton that as many members of the council as possible attend the meeting.

His Worship thought that the taking up of this matter at the present time was a step in the

Quality

The most urgent requirement in Canada's Agricultural Products

CANADA produces every year large quantities of wheat, oats, barley, butter, cheese, bacon, beef, eggs, apples, potatoes, grass seed and clover seed that she cannot consume. Her natural outlet for these products is, of course, Great Britain—the one great consuming country of the world with an open market.

Unfortunately, nearly every other country with any surplus of food products seems to want to send its surplus to this same market. The keenness of the competition on this, our only market, and the energy and resourcefulness of our competitors began to impress themselves upon the Department of Agriculture some time ago, but it is only within very recent years that the real and only way to grapple with this problem has been discovered, or at least put into effect. This Department now believes, as do also most of the farmers of this country, that the "grading" of our agricultural products is the policy and practice that is seeing us through the struggle and will assure us of our rightful place on the British market.

"Grading" means the classifying of products, whether they be hogs, butter, cheese, eggs or anything else, into what might be called in a general way "BEST", "GOOD", "FAIR" and "POOR" classes.

These exact words are not used in describing the grades, but that is what is meant. The purpose served in grading is threefold—

- (1) **Educational.** When the producer sees the relative quality of his product he is spurred on to maintain that quality if it is the "best" or to improve the quality where necessary.
- (2) **Fair Play.** When products are not graded the inferior article for various reasons often brings as much as the superior article, and the credit and advantage of putting the superior product on the market is lost to the one who really deserves it.
- (3) **Facilitating Trade.** The dealer learns to have confidence in the article he is buying and buys more freely, because it is guaranteed by grading, and gradually everybody gets to know what the "best" article really looks like or tastes like. In short, grading brings about standardization and ensures to the producer the best price.

Canada now grades her cereals, grass seeds, hay, potatoes, apples, eggs, butter, cheese, wool and bacon hogs. The results have been in every case beneficial and in some cases quite markedly so, even though the grading system has been in effect in some cases for only two or three years, thus—

Cheese—Grading began April 1st, 1923. Canadian cheese the year before had fallen into such disfavour on the British market that New Zealand cheese was quite commonly preferred. Today Canadian cheese commands cents per pound higher than New Zealand.

Butter—Grading began same time as for cheese. The reputation of our butter was then indeed at low ebb. Canadian butter today, while not the best on the market, is rapidly improving in quality and gaining in reputation.

Hogs—Over two years ago the Department of Agriculture began to grade live hogs at the packing houses and stock yards. The 10% premium paid by the packers for "select" bacon hogs as against "thick smooths" as classed by departmental graders has done wonders to improve the quality of our hogs and develop the bacon industry.

Best Canadian bacon, which ordinarily was quoted two years ago from 10 to

18 shillings a long hundredweight below Danish, has gradually grown in the estimation of the British wholesale buyer until it is now quoted at only from 1 or less to at most 5 or 6 shillings per long hundredweight below the best Danish.

This improvement in price is, of course, due to quality and not to come about very gradually, the spread narrowing down by a shilling or two a month until now it is not at all a rare occurrence to see best Canadian selling on a par with the Danish article.

Eggs—Canada was the first country to grade and standardize eggs. These grades and standards apply not only to export, inter-provincial and import shipments, but also to domestic trading.

The basis is interior quality, cleanliness and weight. Standardizing Canadian eggs has established confidence between producer and consumer and between exporter and British importer, and has resulted in a greatly-increased demand for the Canadian egg both at home and abroad.

Other products might be mentioned where grading has worked to the great advantage of the producer and to the advancement of Canadian agriculture.

Already Great Britain recognizes our store cattle, wheat, cheese, eggs, apples and oats as the best she can buy.

It is for us to so improve our other products, particularly our butter and bacon, as to bring them also into this list of "the best on the British market" and consequently the highest priced.

Grading enabled us to do this for cheese, wheat, eggs and apples. Grading is helping us to do it for butter and bacon.

Quality Counts

Quality is thus the first objective for the Canadian export trade, and, then steady, regular supply. It is along these lines the Department of Agriculture is working by educational methods, and the result of this policy is seen in the growing volume of Canada's agricultural exports. Look at these figures:—

right direction. He had already taken the matter up when attending the Western Conference in Edmonton this summer and had been advised by Mayor Taylor and Ex-Mayor Gale of Vancouver and Mayor Blatchford of Edmonton that the grain commission would probably see to the shipping of grain through Prince Rupert. The recent visit of the commission to the city, however, had indicated that it would be necessary for the citizens to get busy on the matter. The meeting at this time was, therefore, opportune, and he suggested that as many members of the council as possible be present.

When I was a boy I heard a lot about the plague of Pharaoh but I could name a lot of people today that are just as bad.

SOME people say times are bad in Prince Rupert, but have you noticed the new autos coming to town?

MEIGHEN is not opposed to freight rates, the local Conservative candidate is not opposed to the elevator, Nickerson is not opposed to foreign cement and Stork is not opposed to being elected. There you are. It's all settled.

IF what the Conservatives say is true, they should support the King Government because Herbert Marler is one of their own stripe.

QUEBEC HAS BEST YIELD IN FIVE YEARS BUT WET HARVEST; PRAIRIE GRADES ARE GOOD

Earlier estimates of abundant crops throughout the Dominion have been fulfilled and yields, taken as a whole, are considerably better than for several years past, says the Bank of Montreal weekly crop report.

In the Prairie provinces harvesting operations were started earlier than last year and deliveries of wheat by farmers since the first of August have been more than double those of last year during the same period. Grades so far are better. The yield generally is considerably above last year's, but lower prices will partly offset increased yield and better grade.

Ten Years Ago in Prince Rupert

October 13, 1915. D. C. McRae of this city, who is attending the Panama-Pacific Exposition at San Francisco, writes a letter to the editor of the Daily News telling how the Grand Trunk Pacific Railway at the big Fair is bringing Prince Rupert and Northern B.C. to the attention of the American people.

The Trades & Labor Council passed a resolution last night opposing prohibition at the present time owing to the unsettled condition of the labor market.

Up to date, the Rocher Du Boule mine at Hazelton has shipped 325 carloads of ore from Tranville through Prince Rupert to the Granby smelter.

Gyro Club's Carnival and Dance for Playgrounds Is Proving Popular Affair

Continuous jitney dancing, a splendid hour's program of special entertainment and a multitude of special features continue to make the Gyro club carnival being held for two days at the Exhibition Hall one the most novel and attractive affairs that has been held in Prince Rupert for many a day. The carnival opened last night and will be continued this evening.
Merriment was rife at the initial night and a large crowd attended. There was something of interest for everybody and not a dull moment prevailed.
While dancing was in progress on the big centre floor, side shows were plying their trade in full swing. In the past the Gyros have set up some enviable records as entertainers and this carnival is no exception to the rule. While the idea of the club in holding the event, is to raise a substantial amount for their deserving playground fund, they have not stinted in outlay for the occasion and the result is that a show is being put on that has been seldom if ever rivalled in town.

Ambitious Affair
So ambitious is the scope of the affair that every one of the 35 or so Gyro members have been called into action to take charge and, in addition to them, numerous others, including members of the Rotary Club, are giving their assistance. The Gyrettes are also taking an active part in the affair.
The various stalls and the main building have been gaily decorated in the blue and gold colors of the club and further color is lent to the scene through the costuming of the Gyros and their assistants who are all decked out in blue and gold pierrot suits.
Apart from the straight carnival features which proved very popular last night and were well patronized by the large crowd in attendance, the program of entertainment which was rendered in the centre of the floor with the illumination of a spot light from the balcony while all the other lights in the building were extinguished was one of exceptional merit which might well have been presented on any concert platform.

Fine Entertainment
The first item on the program last night was the presentation of an entirely new dancing number by members of Mrs. H. O. Crew's junior dancing classes. The dance, "The Butterfly Ballet," was indeed a pretty one and those taking part were: Hilda W. Murray and Annie Gilchrist, principals; Edna Ireland, little flower girl; Marian Quinn, Audrey Tremayne, Nora Little and Enyd Morris, blue butterflies; Geraldine Mann, Joan Watt, Geraldine Cade, Mary Ellen Orme, Mary Bell Stiles, Betty Brown and Joan Crew, yellow butterflies. The little girls were arrayed in filmy frocks of Gyro colors and executed their movements with precision and grace. The number was met with vociferous applause. Mrs. J. A. Hinton was accompanist.
The second number was an exhibition of the Tango by Miss Laura Frizzell and Howard Frizzell. This, too, met with a great deal of applause.

Something New
The most unique act on the program was the exhibition of dancing, sword fighting, etc. presented by a party of nine Orientals assisted by a Chinese orchestra. Nothing like this has ever been seen in public before in this city and its novelty veritably brought the house down. The act presented a most weird aspect and was full of action and thrills. The presentation of Chinese attack and defence work with various formidable looking bludgeons was striking in more ways than one. No less unique

were the dances and the Chinese orchestra accompaniment.
The concluding item on the program was a splendid exhibition of step dancing by W. Van Buskirk after which the lights of the main hall were flashed on and the carnival continued.
Music for the dance was furnished by a large and melodious augmented orchestra under the direction of Charlie Balagano.
Again Tonight
The entire program will be presented again this evening with variations and, now that the excellence of the entertainment has been fully demonstrated, it is expected there will be a bumper crowd in attendance. The affair will open at nine o'clock and will continue, the management says, as long as the crowd wants to stay. The drawing for the \$175 electric washing machine will also take place this evening.
While the club appreciates the splendid support given last night, it is hoped even better support will be accorded so that the club may attain objective, namely sufficient funds for Westview and Seal Cove playgrounds.

MEMORY TESTS AT THEATRE WONDERFUL
Charles W. Hamley Gave Interesting Exhibition of His Powers Last Night
A crowd of people, which filled the Empress Theatre to capacity last night, listened to the lecture on the use of memory and viewed the demonstrations given by Charles W. Hamley, the memory expert.
Mr. Hamley gave an exhibition of the use of the memory and the power of concentration which greatly interested the large audience.
Among the tests displayed was a test of a thirty-six word shopping list given by the audience. The lecturer secured the services of a volunteer from the audience to assist him in work on the blackboard thus obviating any suspicions of trickery. Mr. Hamley then took a list of figures, mixed them up in one long line on the blackboard reciting them forwards and backwards, repeating the performance with

the shopping list. A demonstration was also given on the use of the calendar and souvenir calendars were distributed among the audience. The lecturer also gave dates of births and other historical dates asked. One of the most difficult memory tests undertaken by Mr. Hamley was the Knight's Tour, in which sixty-four numbers were marked on a chess board. Starting at a specific number, given him by the audience, the lecturer worked up and down the board without a mistake.

FUNERAL OF LATE F. W. BOHLER IS HELD AT TERRACE
The remains of the late F. W. Bohler, Kilsomkum rancher whose death occurred on Sunday in the Prince Rupert General Hospital, were forwarded by this morning's train to Terrace where interment will take place this afternoon. Mrs. Bohler, the widow, and Mrs. W. W. Noonan of Telkwa, a daughter, reached the city from the interior yesterday afternoon and accompanied the body back to Terrace today.

LEONARD WAIDE ON SUPPLYING CHARGE IN POLICE COURT
Leonard Waide appeared in the city police court this morning on a charge of supplying liquor to Indians. Taking of evidence was completed and adjournment was taken to give accused opportunity to submit further evidence if he so desires. The case is being heard by Stipendiary Magistrate H. F. McLeod and W. E. Fisher has the case for the defence with E. F. Jones, prosecuting.

MEMORY CLASS IS STARTING TONIGHT
Chas. W. Hamley starts memory training class in Mrs. Crew's Hall, 247 Second Ave., at 7 p.m. this Tuesday evening. Memory is the most important part of our education. Our education consists of remembering just three things—words, figures and experiences. There is not one thing that we undertake in this life but what our memory plays the most important part whether it be social or professional. A good memory can be yours. Now is your chance. Advt.

HARVESTERS COMING BACK FROM PRAIRIES
A number of the people who went to the prairies from here for the harvest are returning and this is to some extent flooding the labor market here. Some of them report having done well, while others, owing chiefly to broken weather, did not earn much more than the amount of their expenses.

PARKING BYLAW PASSES COUNCIL

Clause Prohibiting Standing of Cars on Sixth Street is Eliminated

The city's new Parking Bylaw was put through its first stages at last night's council meeting, the only change from the original draft being the deletion of a clause prohibiting the parking of cars on Sixth Street between Second and Third Avenues. There was considerable discussion on this clause. Mayor Newton was inclined to believe that, on account of the volume of traffic and the narrowness of the street, prohibiting parking on Sixth Street would be in the interests of the public safety. Ald. Brown concurred with this view. Ald. Larsen and Ald. McMordie expressed themselves as being opposed to the clause on the ground that it was unnecessary and traffic did not warrant the restriction. Even with cars parked on both sides of the street there was 24 feet clear left for passing traffic. Ald. McMordie pointed out. On motion of Ald. McMordie, seconded by Ald. McKechnie, the clause was struck out. Ald. Brown voting negative.

Regarding the corner of Second Street and Third Avenue, Mayor Newton reported that Chief Vickers had made arrangements with business houses there to park their cars in such a manner as not to interfere with traffic.

Other clauses in the bylaw passed without discussion make it unlawful for cars to park on Third Avenue between Fifth and Seventh Streets unless there is six feet clear space between them, for cars to park in front of public halls, fire stations, etc., so as to interfere with ingress and egress to and from such buildings, and for cars to stand within 25 feet of any fire hydrant on any street. An addition was made to the bylaw that cars be not allowed to stand within 25 feet of Orme's corner.

The penalty clause in the bylaw provides for fine not exceeding \$100 or jail term not exceeding two months for infractions of the bylaw.

SWINE CLUBS ARE ENCOURAGING THE BREEDING OF PIGS

Boys and Girls on Prairies Take Prizes and Will Continue Industry

WINNIPEG, Oct. 13. — More than 200 new swine breeders have been developed by the encouragement of boys' and girls' swine clubs in Manitoba, Saskatchewan and Alberta in the opinion of W. E. Watson, agricultural agent of the Canadian National Railways who has just returned to Winnipeg after visiting the two latter provinces in connection with the work the railway is doing in these boys' and girls' clubs. The club idea has also had the effect of stabilizing the swine raising industry in the districts where it has been taken up, upwards of 1,800 swine will be entered this fall in the boys' and girls' competitions which are taking place in Saskatchewan on October 30th and in Manitoba and Alberta in the week of November 2nd. The winners in these provincial competitions from points on Canadian National lines will go to the Royal Agricultural Exhibition at Toronto as guests of the Canadian National Railways and there they will compete against winners of competitions in all of the eastern provinces, the success of the western experiment last year having led to its extension to the eastern provinces in 1925.

In the three western provinces more than 200 bacon type sows are being retained by the youthful breeders as the basis of their entries in next year's competitions.

REV. W. PARSONS PREACHES FAREWELL

Presentation to Pastor of United Church and Wife by Sunday School on Their Leaving

TERRACE, Oct. 13.—Rev. W. J. Parsons preached his farewell sermon in Knox United Church on Sunday a.m. to a large congregation. Special music was furnished by the girls' choir. At the close of the Union Sunday School service in the afternoon, Rev. T. J. Marsh, of the Anglican church expressed the regret of the community in general and the Sunday school in particular at the departure of Mr. and Mrs. Parsons who have been such untiring workers among the boys and girls.

F. Fowler, secretary-treasurer of the Union Sunday School also eulogized Mr. and Mrs. Parsons' work in the Sunday school and then called on Miss Edna Dover and Master Fred Thomas who presented Mrs. Parsons with an ivory boudoir clock and Mr. Parsons with a fountain pen as a slight token of remembrance from the Terrace Union Sunday School.

Mr. Parsons replied expressing regret at leaving and wishing the Union Sunday School every success.

MISS ROSE DYE IS BRIDE OF GEORGE THAIN

Married at Vanarsdol Saturday and Will Live in Prince Rupert

TERRACE, Oct. 13. — A wedding ceremony of interest to friends in Prince Rupert as well as to many local friends of the contracting parties, was solemnized on Saturday evening at Vanarsdol by Rev. J. H. Young

TERRACE NOTES

Mrs. Higgs who has spent the last few weeks as a guest at the home of her brother, W. Alwood, Lakelse Valley, left on Saturday for Prince Rupert to visit her sister Mrs. J. Norrington.

Mrs. W. C. Sparkes returned on Friday from Hazelton where she went earlier in the week with her grandson, Howard Walsh, who was taken sick at her home here.

Mrs. C. M. Giggay returned on Saturday after having spent a few days in Prince Rupert.

Jas. Nelson has returned from Prince Rupert where he went to hear H. H. Stevens' address on Wednesday night.

Rawley Beecher of Lakelse Hatcherly spent the week end in town.

C. R. Gilbert returned on Friday from a business trip up the line.

Wm. Attwood left this last week for Hazelton where he has the contract for the installing of the plumbing and heating in the new Nurses' Home, being erected in connection with the Hazelton hospital.

A. E. Ralph, chief inspector of poles and piling for the C.N.R. was a business visitor from Prince George on Friday.

Chas. Lindstrom, Remo, was in town at the week end.

V. C. Notzal, high school principal and Geo. Griffin, principal of the public school, spent the week end at the home of Mr. and

Mrs. A. Y. Wilson, Remo.

The Misses Dobb, Andrews and Malott and Mrs. W. Burnett, spent Saturday at Lakelse Lake.

Miss O'Rourke, New York City, arrived on Saturday and will spend the coming week at the home of her uncle, George Keith.

Terrace friends of Dr. H. R. Grant, Prince Rupert, learned with great regret of his decision to accept the call which he received recently to the Fort William Presbyterian Church. He will be much missed around Terrace, which almost claims him as a citizen as he owns property here and spends a considerable part of his vacation each year at his ranch near town.

A. McKenzie, Edmonton, was a Terrace visitor this week.

T. Wallis, H. Godley, T. Holmes, R. L. Smyth, Vancouver, travelling salesmen, were registered at the hotel during the week.

The reception to be held by the Ladies' Guild of Knox United Church in honor of Mr. and Mrs. W. J. Parsons is to take place on Friday evening at 8.30, not on Friday afternoon as reported. A good program is being arranged and a general invitation is being issued to the people of the community to attend.

T. H. Scott and Wm. Carrigan returned on Saturday from a trip of inspection to the new discovery at Vanarsdol and express themselves as being very favorably impressed.

Miss Paddon of Quick is the guest of Mrs. Ernest Hoops for a few days.

A very jolly party was held at the home of Mrs. Howson on Friday last, when Mrs. Howson together with Mrs. Ticehurst, Mrs. Walker and Miss Noek as joint hostesses entertained a great number of their friends. Bridge and whist occupied the time until midnight when re-

freshments were served. Later dancing was kept up for an hour or two.

It is understood that an American mining company has taken over some properties on Grouse Mountain.

Dr. Paine accompanied by Thos. Heslip and Ed. Wilson have returned from a hunting trip. Although they missed getting much big game, they managed to bag a number of grouse.

Miss Lane of Quick spent the week end in Telkwa.

The root-crop is claiming the attention of the busy farmer just now and the great quantities of potatoes, carrots, beets and turnips are being put away for winter consumption.

The fine bright weather that has held good for so long this fall was interrupted by a couple of wet days last week, now, however it has turned colder, and many people are wondering when the snow will come.

Tommy Smith installed a radio set for Percy Sparkes in his home last week.

A most enjoyable harvest supper was given by the ladies of St. Stephen's church on Wednesday last. A dance followed, and although not very largely attended, was much enjoyed by those present.

STEWART

Large ore bodies giving promise of going to depth are being opened up by Pat Daly who is in charge of development work on the Big Missouri mine for the Standard Mines Corporation. A big development project being planned for the property includes a mill, tram and smelter.

Work for the season has been suspended on the Spider property by the B.C. Bonanza Co. of Vancouver but will resume in spring as early as there is sufficient crust on the snow to permit of machinery being taken in.

TEN GRIZZLIES SHOT IN NORTH

Eastman Party Secured Eighteen Black and Brown Bears in Cassiar

WINNIPEG, Oct. 13.—Bringing out with them one of the biggest combined "bags" of big game that have yet been taken this season a hunting party of Americans headed by R. L. Riley of Williamsport, Pa., passed through Winnipeg yesterday en route for their homes after a most successful hunt in the Cassiar district of British Columbia among the trophies taken were ten grizzly bears and a dozen blacks and browns, one of the grizzlies measuring over 41 feet in length.

The party of ten guns, together with G. E. Eastman of Kodiak fame, shot altogether 32 mountain sheep, 28 mountain goat, 16 cariboo, 12 moose, 10 grizzlies and 18 black and brown bears. "None of the members of this party ever visited such a wonderful big game country," declared Mr. Riley on his arrival at Winnipeg on today's Canadian National train. The party outfitted at Telegraph Creek, B.C., and spent forty days in the hunting territory, in that time penetrating hunting country which was unknown even to the Indian guides who accompanied them. With something like 400 pack horses and numerous dogs, which are also used for packing in places inaccessible even to the mountain pony, the party presented the appearance of a small army as it left Telegraph Creek for the interior. The hunting trip was made without accident or discomfort except for the loss

CRIBbage LEAGUE SCHEDULE OPENS

War Veterans, Orangemen, Dry Dock, Rupert Hotel, and Cold Storage Won Games

The first games in the schedule of the Cribbage League last night resulted as follows:

Elks, 11; Great War Veterans, 16.
Loyal Orange Lodge, 14; Sons of Canada, 13.
Dry Dock, 15; C.N.R. Operating Dept., 12.
Prince Rupert Hotel, 16; C.N.R. Mechanical Dept., 11.

Knights of Columbus, 11; Cold Storage, 16.

The season was officially declared open by G. W. Johnstone, president of the league, and, in the course of the evening, Mayor Newton presented to the dry dock team the F. G. Dawson cup which they won last season. The trophy for this year's competition, was received on behalf of the dry dock team by Mr. McAuley.

SPORT CHAT

Walter Johnson's pitching and Goose Goslin's hitting are again featuring the play of the Washington Senators in this year's World Series. Joe Harris also rises to the horizon of baseball fame as a home run hitter some what outshining Goose Goslin who has set up a record as far as home runs in the big series are concerned. Up to and including yesterday's game, Harris had made three circuit clouts in the series as compared to Goslin's, two. The Senators may have the brightest stars as far as the series are concerned. They certainly have timely hitters but perhaps the Pirates have the most effective all around team. That is why the Pirates, in spite of Johnson, etc., were considered favorites to win this year's series.

Forest Glenn Wright, whose fielding for Pittsburg is a feature of the series, was born in Archie, Mo., in 1902. He has proved a sensation at shortstop since he entered the major leagues with Pittsburg last year, coming from the Kansas City Blues. Today he is one of the club's most dependable hitters, having an average around .310. Last season, a recruit, he played in 153 games of the schedule, showing remarkable endurance for a first year man, and he has been in his position throughout the 1925 schedule. Wright started his baseball climb with independence of the Southwestern League in 1921 and then went to Kansas City of the American Association for two years before coming to the Pirates. He is one of the tallest shortstops in baseball, standing 5 feet, 11 inches, and weighing about 170 pounds.

"Sackcloth and Scarlet"

The greatest woman-picture of the year. The sack cloth of repentance versus the scarlet of love. Sackcloth, strong, fearless, unselfish. Scarlet, love-tossed, jazz-swept, reckless. The red ruin of love and the white angel of forgiveness. Does the woman always pay? Or is it sometimes the ones who love her? What every woman knows, and has never told. The story of two sisters whose lives and loves were strangely linked. Strong cast:
