## EXPLOSION ON AN EXCURSION STEAMSHIP

### PASSENGERS TRAPPED BETWEEN DECKS OVERWHELMED BY RUSH OF STEAM

#### Fear-Crazed Crowd Becomes Frantic When Boilers Burst; Many Are Killed or Injured

Victims were trapped on first and second decks and unable to escape from volumes of steam

NEWPORT, R.I., Aug. 19.—Today the naval hospital at Narragansett Sound presents the appearance of a shambles. One hundred excursionists are there, victims of a boiler explosion which occurred this morning on the steamer Mackinac bound from Newport to Pawtucket. Nearly thirty bodies are in the morgue.

The boilers burst when the vessel was opposite the naval station and the fear-crazed crowd, numbering 677 in all, became frantic. Many jumped into the water. The total loss in dead as reported this morning was 29 while many more are expected to die from injuries received.

A call to the naval station brought ships to the rescue promptly and the wounded were at once hurried to the naval hospital where their injuries were dressed. Many are so badly wounded that they cannot recover.

**BRITISH WILL SCRAP VESSELS**  
Economy Given as Reason for Reduction of Fleet of Destroyers

PORTSMOUTH, Aug. 19.—Fifty-four British destroyers will shortly be scrapped in accordance with a decision arrived at by the naval authorities. The reduction in that part of the navy is in the interests of economy, it is understood.

#### WOODWARD IS ON RAMPAGE

Thinks Hon. T. D. Pattullo Should Retire to Make Room for Vancouver Member

SAYS PLAYING POLITICS

Takes Issue with Premier Oliver Over Treatment Received by Cabinet

VANCOUVER, Aug. 19.—Charles Woodward, member of the Legislature for Vancouver, made public a letter written to Premier Oliver on August 8, which states: "Regret very much there should be any differences of opinion between you and myself" as he charged Oliver with making promises that had been unfulfilled.

After alleging a general neglect of Vancouver, in so far as cabinet representation is concerned, Mr. Woodward thinks it possible Hon. T. D. Pattullo and Mayor Taylor of Vancouver are "playing politics" in connection with the Vancouver watershed and the water problem generally and hints that it "might be necessary for Pattullo to retire from the cabinet to provide room for a minister from Vancouver," as he considers it unfair two cabinet members should come from Prince Rupert.

#### LABOR SCARCE IN THIS CITY

Harvest Fields Took 375 While Many are Needed Here

Since special low fares were put into effect ten days ago, 375 men have left Prince Rupert and the territory between here and Smithers for the prairie harvest fields. It is not expected that many more men will go although there may be a few stragglers. Last Saturday 34 men left, on Monday 28, on Tuesday 15, and this morning 20.

There is a labor shortage here now and the labor bureau is having difficulty in filling orders from the elevator and sawmill, etc. A big order for men on C.N.R. section and extra gaugs is partly filled and a few men are wanted for a logging camp near Swanson Bay. The camps up the line will be opening next month and men will be required there.

#### BIG RAFT OF LOGS DUE FROM ISLANDS

The second Davis raft of logs from the Kelley camps at Logan Inlet, Queen Charlotte Islands, to be delivered at the Prince Rupert Spruce Mill here is due here this week behind the Heate Straits Towing Co.'s tug Lorne, Capt. Lewis. The raft contains about a million feet of timber.

**GOLF CHAMPIONSHIP**  
CALGARY, Aug. 19.—Jack Cuthbert of Winnipeg yesterday won the Western Canada open and the Alberta golf championship.

A seaman at the firing for the King's prize at Bisley has a good wash with the aid of his chums.

#### Three Criminal Cases Before Adjournd Session of Assize Court Being Held Here Today

The first case dealt with at the adjourned session of the Supreme Court assizes which opened here today before Mr. Justice D. A. Macdonald was that of Rex vs. Faustino Pena, charged with attempt murder. On June 8 last on the wharf at Stewart it is alleged that accused attacked A. Garde with a jack knife and inflicted serious injuries on him by stabbing him in the neck and the back, the neck wound having been one-sixteenth of an inch from the jugular vein. Both men were members of the crew of the American steamer Curacao which at the time was lying at the Hyder wharf. The accused is a Peruvian and the man who was attacked, a colored British subject. The injured man was attended to at the time by the doctor at Hyder and was later taken to the hospital at Ketchikan where he remained a patient for some time.

#### SOCKEYE PACK 70,000 CASES

Total of all Varieties on Skeena is 208,000 Cases so Far

The sockeye pack on the Skeena River to the end of last week totalled 70,000 cases, the total for all varieties being 208,000 cases. Fishing for sockeye and pinks, as far as gill nets are concerned, will be over at the end of this week though seining may be continued for pinks, chums and cohoes.

Trolling is reported to be normal this week with boats in the district averaging from 30 to 50 cohoes per day. Gill net boats on the Skeena River are averaging 30 sockeye and 50 pinks.

#### TRUE BILL IN ASSIZE COURT

Faustino Pena Standing Trial This Afternoon on Charge of Attempted Murder

In the assize court this afternoon the grand jury returned a true bill against Faustino Pena, the Peruvian who is charged with attempted murder of A. Garde, colored, at Stewart on June 8. Defendant had no counsel so the judge appointed E. F. Jones to defend him. A plea of not guilty was entered.

#### Vancouver Will Get Minister in Oliver Cabinet says Sun and Gen. Odlum to be Chosen

VANCOUVER, Aug. 19.—One provincial cabinet minister for Vancouver within a month is practically certain, the Sun states today, following inquiry in Liberal circles as a result of the publication of the Woodward letter to Premier Oliver.

It is understood, the paper says, that owing to the strong possibility of a general election being called this fall, the appointment will be without portfolio for the time being at least in order to avoid the confusion of two election contests at the same time.

It is possible, according to the same authority, that two Vancouver members will be made ministers but General Odlum is understood to be the first man on the list for preferment and if two are chosen Captain Ian Mackenzie is likely to be the other.

#### INDIANS TRIED MURDER CHARGE

Alleged That They Caused Death of Another Indian at Kyuquot

NANAIMO, Aug. 19.—James King White and George Olear, Indians, charged with murder on August 6 last at a village on an island at Kyuquot Sound of an Indian named Louis Jamieson appeared before Magistrate Beaver Potts and were remanded for eight days.

It is alleged that the accused visited Jamieson's home and after a drinking spree a row started resulting in the death of Jamieson. Jamieson leaves a widow who was bereaved three years ago in a similar manner, her husband at that time, a man named Constance, being murdered by an Indian of the same tribe, who later committed suicide.

#### ALL IN READINESS FOR FREIGHT RATES CASE TO BE ARGUED

Premier Oliver Says Preparation Complete: McGeer Wires Board

VICTORIA, Aug. 19.—Completion of British Columbia's freight rates case based on legislation passed last session at Ottawa is now ready for argument, Premier Oliver announced yesterday. G. G. McGeer has wired the board of railway commissioners urging an immediate ruling or immediate argument of the province's claims for lower western grain rates.

"We are now ready to argue our claims any time," said Mr. Oliver.

#### MACMILLAN EXPEDITION NOT SUCCESSFUL YET AS RESULT OF BAD WEATHER

WASHINGTON, Aug. 19.—The Macmillan Arctic expedition has abandoned hope of carrying out the full exploration program over the polar seas this year owing to adverse weather conditions. Heavy ice blocked the path of the ship.

#### FISH ARRIVALS

Halibut arrivals and sales this morning were as follows:

**American**  
Sunset 30,000, at 10.30c and 5c to Pacific Fisheries.  
Spray, 20,000, at 11.10c and 6c to Gold Storage.  
Bravo, 8,500, at 11.10c and 6c to Allin Fisheries.  
Akatan, 30,000, at 10.20c and 5c to Booth Fisheries.

**Canadian**  
Johanna, 18,000, at 19.80c and 7c to Allin Fisheries.

#### HEAT WAVE IN MIDDLE WEST

Rain and Hail in Iowa and Illinois Causes Million Dollar Loss

CHICAGO, Aug. 19.—The middle west yesterday was gripped by an intense heat wave followed by severe wind and hail storms causing crop and property losses in Iowa and Illinois amounting, it is estimated, to a million dollars.

#### CHANNEL SWIMMERS AT CAPE GRIZ NEZ

GRIZ NEZ, France, Aug. 19.—The failure of Gertrude Ederle to swim the English Channel yesterday leaves the winning of this year's record open to the Swiss swimmer, De Mieville, who is here in readiness for the event. Lillian Harrison may make a fifth trial.

DAILY EDITION

Wednesday, Aug. 19, 1925.

Power Is King In Industrial World.

Power is king in the industrial world. The place that can offer plenty of cheap power is the one that will make progress. Just now power is the one thing that Prince Rupert lacks. There are plenty of waterpowers in the district but none of them are developed.

If the Canadian Pacific Railway officials or any other group is willing to put its money into a big power development scheme it should receive every possible encouragement from the people of Prince Rupert and doubtless would get it.

We want the power and we do not want to load the city down with debt in order to get it. If we are backed up to the wall we can probably do it but it would be better for a private company to harness the falls and sell us the power.

Woolen Industry Is Analyzed.

The Manitoba Free Press has an editorial article dealing with the woolen industry which should prove of interest in view of the persistent efforts of the manufacturers to raise the duty on woolen products. Following is what the Winnipeg paper says:

"The condition of the woolen industry is much to the fore in Canada, the United States and Great Britain. A number of Canadian woolen mills have closed in the last few months, claiming that they are unable to compete in the Canadian market against goods imported from abroad. There is a demand from the Canadian woolen manufacturers for increased protection by means of a higher tariff on imported woolen goods. At the present time the Canadian woolen manufacturer is protected against the outside manufacturer by a tariff duty running from twenty to thirty-five per cent.

"The British woolen manufacturer who enjoys no tariff protection, has a shut-down or lockout on his hands. Since July 24 135,000 British woolen workers have been out of work, due to the failure of the employers and employees to reach a wage settlement. The employers attempted to get the workers to take a wage reduction of ten per cent, which the workers turned down. The employers have now proposed a wage reduction of five per cent, which has also been unacceptable to the workers. The British manufacturer claims that the state of the industry makes it necessary for him to cut his costs in order to be able to carry on.

"In the United States, where the woolen manufacturer has the greatest protection of any industry in that country, the manufacturers claim that they are losing money and a ten per cent cut in the wages of the mill workers has been ordered. Under the Fordney-McCumber tariff of 1922, woolen goods entering the United States are taxed from twenty to forty-five cents a pound and there is an ad valorem duty of from forty to fifty per cent on top of that. It is perhaps safe to say that the woolen industry in the United States is just about as highly protected as any in the world. Yet the manufacturers are in difficulty and are cutting the wages of their employees.

"We have this situation, then; the woolen industry is in difficulty in free trade Britain; in Canada, with a medium tariff, comparatively, and in the United States with a sky-high tariff.

Buyers On Strike In United States.

"In a booklet sent to the Free Press by the Canadian Woolen and Knit Goods Manufacturers' Association, the claim is made that instead of the Canadian tariff having been lowered in 1922 and 1923 it should have been increased as was done in the United States. Yet with its high protection the woolen industry in the United States is experiencing a severe depression and is slashing wages. The reason for this, competent authorities in the U.S. point out, is that the high price of woolen goods in the United States put the prices of woolens so high that the buyers have gone on strike. The well-known worm, the consumer, has turned and has refused to pay the prices the retailers have been demanding. The retailer could, no doubt, do nothing else. It would seem that you can get a higher price for your goods through the aid of a tariff but there is no law to compel anyone to buy your goods. In the end the wool producer and the wool manufacturer are hanged on their own gallows.

"The Canadian woolen manufacturer is protected against the outside competitor by a duty running from twenty to thirty-five per cent. How much higher has this to be raised in order to preserve to him the Canadian market? Can the people afford to pay more?"

HUMORIST AND SEA SERPENTS

Winnipeg Editor Takes Fling at Story Published Locally About Alleged Monster

Information comes from Victoria that a long and remarkable sea monster had been observed disporting itself in the neighborhood of Queen Charlotte Islands; and this monster is said to have a strong resemblance to the celebrated sea serpent which used to appear regularly in the news columns in the summer weather when excitement was at a low ebb and the police department was on vacation says the Manitoba Free Press. The extraordinary burst of crime, however, in the larger cities of the United States and the incidents connected with the enforcement of prohibition have made space exceedingly tight in these latter days and the sea serpent has not been called upon for quite a while; consequently, now that it has swum into Canadian waters and curled its scaly coils in the full view of some good newspaper man, we bid it welcome as an old friend and are glad to see it looking so fit and like itself.

Graham Island Variety

This Graham Island sea-serpent, says John J. Van Valkenburg, looks like nothing on earth. It is of enormous length, is two feet thick, has a head as big as a pickle factory, and its nostrils are visible to the naked eye at five hundred yards, which is near enough. It has eyes like illuminated sugar barrels, and they stand out on its face like door-knobs. Altogether a distinctive and intriguing conformation. It is greenish-black along its back, with a black and yellow belly, and it dived beneath the waters when it was approached by boat, indicating that it has either a shy or a suspicious nature. Altogether a high-class sea serpent done in the best conventional style.

This B.C. serpent, as we say, is evidently a docile creature shunning human intercourse; in this it is not like one of its brothers of some years ago. He, too, was a large and homely monster, but with a spirit of his own. When photographers and prying strangers approached too close he used to detach his large and finny scales and flick them at the intruders with great speed and fair accuracy. He never actually made a hit on any of the newspaper lads, but several innocent bystanders were terribly upset and the flying scales knocked a number of skeptics and critics absolutely speechless who had been denying the animal's existence. That was a real good sea serpent, that one was, and sold millions and millions of newspapers in a season when everything resembling news had gone and died.

Punch, Personality and Pop

Ah, well, in this crowded age, when Chicago thugs and Arab Sheikhs battle each other for front page space, and prime ministers and wars in China are said to get a couple of sticks in the inside columns, the poor old sea snake hasn't much chance. So the fact that he has once again made the grade, via the Queen Charlotte Islands, shows him to be a serpent of punch, personality, and pep. We will be glad to hear more of him.

Ten Years Ago in Prince Rupert

August 19, 1915.

The annual flower show of the Prince Rupert Horticultural Society was opened in the Board of Trade rooms yesterday afternoon by Mrs. F. G. Dawson, vice-president of the society. Prominent among the prize winners were M. M. Stephens, W. J. Kirkpatrick, Mrs. T. McClymont, Mrs. Dawson, E. Van Gastel and Mrs. R. L. McIntosh.

A battered old hat, on a trip around the world, arrived here last night and is on exhibition in McCutcheon's drug store. It started from the Panama Exposition at San Diego and came here by way of New York. It will be sent from Prince Rupert to Alaska and will then go across the Pacific.

Word has been received from the prairies that it will be unnecessary to send more men from this city to the harvest.

Advertise in the Daily News

The Man in the Moon SAYS:-

GAUTHORNE'S are selling mouth organs. Doubtless anticipating a general election.

TOURISTS object to visit the prairies because at this time of year they hear nothing but news of the crop.

THE reason Prince Rupert people need to play tennis is because so few of them operate lawn mowers.

I AM happy again. I have just read that all the little potatoes have been ruined by the rain. Until that last chestnut appears annually I feel that the newspapers have not fulfilled their destiny.

I KNOW some people who are so down on their luck that they would be in danger even if they wore two pairs of braces and a belt.

SOME people run out of mot, v and with others it's just the opposite.

NO sooner will the vacation bills be paid than a five tube set will be needed to start the autumn. It's a hard world.

CANADIAN BACK FROM OLD LAND

Professor at Bristol University Visits Place of Birth on Prairies and Discusses Problems

WINNIPEG, Aug. 18. — The growing importance of Canada as one of the leading units of the British Empire was stressed by C. M. MacInnis, professor of colonial and economic history, at the university of Bristol, England, upon his arrival here on his way to Calgary, Alta., the place of his birth.

"To my mind nothing can stop the North American continent from becoming eventually the chief influence of the future, and I feel that in the years to come there is every likelihood of Canada becoming the centre of the British Commonwealth of nations, with the necessary political power transferred to her," he said.

Professor MacInnis graduated at Dalhousie and Oxford Universities. He lost the sight of both eyes as the result of wounds received during the war. This handicap did not prevent him from taking up his present position. He is the author of "The British Commonwealth and its Unsolved Problems."

"There may be some who would advocate that Canada should go forward as an independent nation, outside the British Commonwealth. I fail to see this line of reasoning, for the fact that Canada is within the Empire, appears to me one of the chief reasons of her strength," declared Prof. MacInnis.

"I wish," continued the visitor, "that Canada would consider more than she does at present, the advisability of taking a share of the responsibilities in the distant parts of the Empire. For that reason I would welcome more of the colonial services being thrown open to Canadians. The secretary for the colonies and overseas dominions is alive to this fact and I hope that it will materialize." He also emphasized the importance of the Pacific in the future affairs of the world.

ASSAILANTS OF POLICE OFFICER PLEAD GUILTY

Sentence on John Tartanville and A. Asselin is Reserved by Judge Young

John Tartanville and A. Asselin, charged with resisting arrest and assaulting a police officer in the execution of his duties on Comox Avenue early Monday morning, elected for speedy trial and pleaded guilty on appearing before Judge Young in the County Court yesterday afternoon. Sentence was reserved pending an investigation into the criminal records, if any, of the men. They were represented in court by L. W. Patmore.

## ARMCHAIRS FOR THOSE WHO RIDE IN AIRPLANE

Body is Buoyant and Watertight and Would Float is Dropped into Sea

LONDON, Aug. 18.—A single 560 horsepower engine airplane to seat 14 passengers recently completed its trials and will be used in the cross channel service. It has a large roomy cabin with wicker armchairs for the passengers who will have a constant supply of fresh air by means of special ventilation. Emergency exits are provided in the room should it be necessary for passengers to emerge in case of landing on the sea, in which case the wheels, axle and under carriage struts can be dropped by means of a lever in the pilot's cockpit. The body of the machine is watertight and buoyant and would float for several hours.

### WIRELESS REPORT.

8 a.m.

DIGBY ISLAND.—Foggy, calm; bar. 30.30; temp. 59; sea smooth. Steamer Anyox bound for Tacoma 617 miles from Tacoma at 8 p.m.; tug Lorne at Captain's Cove bound to Logan Inlet; steamer Griffco left Prince Rupert towing barge Franco at 9 p.m.

DEAD TREE.—Clear, calm; bar. 30.28; temp. 60; sea smooth. BULL HARBOR.—Clear, calm; bar. 30.10; temp. 58; sea smooth. At 11:50 p.m. steamer Prince Rupert off Ivory Island northbound; 8 a.m. Cardena at Bella Bella southbound.

Noon

DIGBY.—Clear, calm; bar. 30.25; temp. 65; sea smooth. DEAD TREE.—Clear; light northwesterly wind; bar. 30.28; temp. 75; sea smooth. BULL HARBOR.—Clear; fresh northwesterly wind; bar. 30.10; temp. 70; light swell; fog to seaward.

### DIVORCE GRANTED.

Decree absolute was granted by Mr. Justice D. A. Macdonald today in the divorce cases of Arthur M. Gorless vs. Florence Gorless of Southbank. Charles R. Sumner was cited as co-respondent. Milton Gonzales appeared on behalf of the petitioner.

Capt. T. V. Sandys-Wunsch, R.C.M.P. and Constables Neville and Martin are here to give evidence in the murder trials of the five Indians from the Liard River whom they brought out last fall.

Mrs. E. Darlington, who is to be domestic science instructor in the local public schools, arrived from Victoria on the steamer Prince Rupert this morning and is registered at the Prince Rupert Hotel.

Two colored women from Stewart were taken off the steamer Prince Charles on arrival of that vessel from the north this morning and are being held pending an investigation of allegations against them in connection with drug traffic.

Major J. A. Motherwell, chief inspector of fisheries, and John W. Allen, engineer for the department, arrived in the city from the south on the Malaspina this morning. Major Motherwell is to inspect the Lake Lakelse hatchery and also the propagation of trout at Lake Kathleen. He will be accompanied on his interior trip by John Dybbavn of this city.

### SALT LAKES SERVICE

Launch "23" will leave the Prince Rupert Boathouse on Thursday, Saturday and Sunday afternoons every half hour from 1 p.m. and on other week days every hour from 2 p.m. Launches, rowboats and canoes for sale or hire. PRINCE RUPERT BOATHOUSE. Phone 381.

### BRINGING UP FATHER

By George McManus

### TAX EXEMPTION FOR ELEVATOR

Company Asking Victoria for Privileges in Connection With Proposed Structure

VICTORIA, Aug. 19.—Tax immunity is being asked by the Panama Pacific Grain Elevators on an elevator it is proposed to erect at Ogden Point piers. A. J. Gibson, one of the directors of the company, stated here that the elevator would be ready to handle next year's crop provided the city voted in favor of tax exemption. They would employ from 100 to 200 men about the works.

The new elevator, according to Mr. Gibson, will have a capacity of from a million to a million and a half bushels and it is estimated that from ten to fifteen million bushels of grain will find its way through the elevator in the course of a year.

Transportation of the grain from mainland ports would take place at the rate of 125 cars a day when necessary by the Canadian National Railway ferries. Ships to handle these ferries will be put in at the docks.

The position of this city in regard to Puget Sound makes it easy for vessels from Seattle and Tacoma to complete cargoes here.

### CIRCUS ARRIVED ON STEAMER OTTER

Forty People and 32 Animals Will Participate in Show Being Held Here Today

C.P.R. steamer Otter, Capt. C. P. Kinney, arrived at the government wharf from the south at 2 o'clock this morning having on board 40 people and 32 animals of the Buller's Trained Animal Shows which will exhibit at the Acropolis Hill grounds this afternoon and evening. While it is not the first circus to visit Prince Rupert, it is the largest that has ever been here and will be the first at Kelchikan, Anyox, Stewart and Ocean Falls which points will be visited after here. The steamer Otter has been chartered by the company to handle the circus during its voyage in northern waters. The show is in charge of O. K. Smith general agent.

### MILLION DOLLARS IN MUSKRAT PELTS

REGINA, Aug. 19.—Discontinuance of the fall and winter trapping of muskrat in Saskatchewan is urged by eighty per cent of the correspondents of the provincial guardian. Recommendations have also been made to stop trapping of beaver south of the Churchill river.

Muskrat pelts are more valuable in the spring when the quality of the fur is better, than in the fall or early winter, with a result that prices are almost doubled for the spring catches. The standard of the furs shipped from Saskatchewan, it is held, will be considerably enhanced by the enforcement of such a law.

Saskatchewan trappers realized approximately \$1,927,912 during the last season. Muskrats were far in the lead with \$1,006,863, on a purchase price of one dollar a pelt. Total royalties collected by the province amounted to \$84,118, of which, \$50,343 was collected on muskrat pelts, \$6,083 on beaver skins, \$5,384 for coyote skins and \$5,190 on red fox pelts.

### URGES REVIVAL LACROSSE GAME

Writer in Quebec Newspaper Anxious For National Sport to Prosper

A writer in the Chronicle-Telegraph of Quebec urges a revival of lacrosse. He says:

Is lacrosse, Canada's national game, dead? If it is, is it not possible to revive it? Should Canadians, who sing "Vive La Canadienne" and "O! Canada," with such lusty voices and patriotism, not be able to help revive Canada's great national game?

These are the thoughts which are passing through the minds of a number of our leading sportsmen, and the Chronicle-Telegraph believes that it has struck a popular chord with the public in making an effort to re-instate this game as one of the most popular in our midst.

### Canadian Atmosphere

If Canadians are to cultivate a Canadian atmosphere and soul among her people they must learn to observe, celebrate and worship a national feast day, a national flag and a national game. Thousands of Americans are now crossing the border to see our country and our people. Why not put on that fascinating, interesting and exciting game of lacrosse which has come from the Indians, the first inhabitants of America, and make it an attraction for these visitors? But outside of this, why has lacrosse met an untimely death? We are informed by our sporting editor that one of the reasons is in the fact that lacrosse sticks became too expensive, rising from \$3.50 to \$15.00 a stick. We are also informed by others that the game became too rough and resulted in serious injuries to the players. This may be true in a sense, but both difficulties can be overcome. We have interviewed one of our local lacrosse manufacturers, at Lorette, and are informed that lacrosse sticks can be made extremely reasonable in price—in fact about \$1.25 to \$1.50 apiece. The rough play can be eliminated as it was in hockey by the imposition of strict and severe penalties. An appropriate athletic ground is no real drawback and there is no reason why the city should not be asked to provide the same.

### Set Example

If Quebec sportsmen will only put their shoulders to the wheel and revive this great national game, the example would soon be followed in other cities and towns of Canada. It should not be more expensive than skiing and it would provide an industry to Quebec which would give employment to many hundreds of workers in our midst, especially during the dull months of winter.

The Rotary, Kiwanis and many of our local clubs could be induced to get behind the movement and make it one of the most interesting sports in North America—a game that many of our visitors would go thousands of miles to see and hence would prove an added interest to tourists.

### CALLIES BEAT COLD STORAGE

Football Game Last Night was Exciting and Closely Contested Affair

In a good game that was contested with vigor all the way, the Callies last night defeated the Cold Storage in the third match of the Gilhuly Cup football series by a score of 4 to 3. Three times the Callies took the lead and three times the Cold Storage quickly equalized. The fourth and winning score for the Scots was made within two minutes of the end of the game. On the whole, the Callies had the best of the play but two of the Cold Storage forwards, Wiper and Norrington, were constantly effective and dangerous on the breakaways. They were the stars of the Cold Storage forward line.

The Callies had the grade in their favor in the first half and Scott opened the scoring, Wiper equalizing for the Cold Storage. The teams crossed over at half time one all.

Shortly after the opening of the second half, W. Mitchell, in side left, again gave the Callies a lead, which Norrington for the Cold Storage soon equalized. W. Mitchell scored again and Wiper equalized. The Cold Storage was awarded a penalty but E. McLean, the Scottish goalie, saved Erskine's shot and, just before the final whistle, W. Mitchell completed the "hat trick" of three successive goals by scoring the fourth and winning goal for the Callies.

The best crowd since the Dominion Day cup final attended the game.

G. Krause refereed, A. Clapperton and H. Worsfold were linesmen and the teams took the field as follows:

Cold Storage—A. Murray; S. Erskine and Dick Lamb; J. Sim, A. Macdonald and H. Carlson; S. Elder, A. Harvey, C. Wiper, D. Jack and G. Norrington.

Callies—E. McLean; J. Harris and M. Andrews; G. Mitchell, S. Currie and R. Woods; A. Mitchell, R. McDougall, D. Scott, W. Mitchell and W. Hamilton.

W.	L.	Pts.		
Callies	2	0	4	
S. of E.	1	3	2	
Cold Storage	3	0	2	0

### Sport Chat

Rogers Hornsby, manager of the St. Louis Cardinals, seems intent this year on establishing a new high mark for home runs in the National League. At the rate he has been going recently, he stands a good chance of exceeding his high mark of 42 during the 1922 season when he led Babe Ruth and all the other long distance clouters of both leagues. In discussing Hornsby's home run accomplishments, it has been an interesting fact that he has been slicing most of them to the closer right field fences this season. In the past, he made practically all his over the fence wallop the hard way—jagging them to the left and center-field barriers. The great St. Louis batsman is a strong finisher and it looks like the pitchers who oppose him from now on are in for some merciless treatment.

Now four full games ahead in the league standing, wise baseball betters are picking the Pittsburgh Pirates to win the National League pennant this year. Cincinnati is being figured for second place and the New York

Giants, third. The New York outfit is said to be about through—having lost its terrible driving power and its resistless machine like propulsion. It seems to be generally expected that the Pirates will not again do their annual tumble this year and that they will be able to keep on top until the end of the season. Though the Philadelphia Athletics are still leading the American League by a narrow margin, there seems to be a feeling that Bucky Harris' Washington Senators will emerge ahead of Connie Mack's young 'uns before the season closes. Anyway, honors this year seem to be assured for either of these two aggregations.

In charge of a party of provincial police officers headed by Sergeant Owen of Victoria, the Liard River Indians and other accused who are to have trial at the session of the Assizes opening today arrived from Okalla on the steamer Prince Rupert this morning. Sergeant Owen is accompanied on the trip by Mrs. Owen.

LIMITED VIEW OF CANADIANS

Writer Says They Lack Broad Vision Needed in Country Today

Bruce Hutchison, a young writer of much ability, who acted as special correspondent of the Victoria Times and the Vancouver Star during the past session of the federal parliament, writing a feature article on "Canada's Place in the Sun" says in part:

The Canadian people, busy with their own affairs and asking mostly to be left alone, haven't learned to look beyond their own boundaries yet. Parliament, busy with the Canadian people's internal affairs, and finding plenty there to worry about, hasn't developed an international viewpoint.

In other words Canada has grown to nationhood during the last few years much faster than it has grown in international understanding. Its viewpoint is internal. It has what psychologists might call an ingrowing complex.

When Canadians as a whole begin to think of their country as a sovereign nation with full power to decide its relations with all parts of the world they will create a new and powerful bond of sympathy among themselves; they will think of themselves as Canadians first, and as easterners or westerners afterwards.

But the old days have gone forever. For its own protection Canada as a whole must have a clearer understanding of its relations with the outside world. It must fix its place in the scheme of things more definitely.

When Canadians as a whole begin to think of their country as a sovereign nation with full power to decide its relations with all parts of the world they will create a new and powerful bond of sympathy among themselves; they will think of themselves as Canadians first, and as easterners or westerners afterwards.

Salmon River Section and Premier Mine Are Officially Reported on by Department

(By G. A. Clothier, Resident Mining Engineer)

The Salmon River section, with an area of about 60 square miles, lies up the Salmon River valley above the Alaska-British Columbia boundary line at about 13-Mile. It is reached by auto-road from Stewart to the Premier and trails branching from the main road in all directions.

About the usual amount of prospecting was done in the valley last year. Development, however, has not been nearly so active as in previous years, the epidemic of incorporation apparently having shifted to the Bear River section on account of the success of the Dunwell.

Several properties have, however, been under development in the upper valley — the Silver Crest, Eldorado, Cronholm-Bart-holf, Troy and several others; while the Indian, B.C. Silver Company, and of course the Premier have operated continuously.

The Premier disbursed \$1,700,000 in dividends last year, bringing its total dividends to \$6,550,000.

On the Alaska side of the boundary line several properties are developing well; the Riverside at 7-Mile has been equipped with a concentrator and is now on the shipping list.

Premier Gold Mining Co., Ltd. was incorporated in 1919, with a capitalization of \$5,000,000 at \$1 a share par value. It is a re-organization of the old Salmor-Bear River Mining Company, Ltd. organized by O. B. Bush in the early days of Stewart.

The first dividend, \$400,000, was paid in 1921 and up to the end of 1924 \$6,649,625 has been paid. Over \$15,000,000 worth of ore has been produced in that time.

This year (1924) 159,074 tons of ore was mined, of which 75,917 tons of first-class ore was shipped to Tacoma smelter, 21,132 tons of second class ore was shipped to Granby smelter at Anox, and the remainder, 61,965 tons was milled, producing 8,524 tons of concentrates shipped to Tacoma and Selby plants and 13 tons of precipitates shipped to the Selby smelter.

The total tonnage shipped was 105,586 tons, having a gross content of 139,288 oz. gold, 3,015,382 oz. silver, and 452,010 lb. lead, a total value of approximately \$4,898,927, figuring silver and lead at their average prices for the year, showing an increase of nearly \$700,000 over last year.

The increase in tonnage milled and shipped is due to improved mechanical efficiency; six Willey tables were added to the mill for cleaning concentrates and the driving mechanism of the aerial

Does Your Grocer Use Scales? HE DOES!--Because you expect him to weigh your orders of bulk goods. If he didn't you would assuredly change your grocer.

The same thing is true with circulation. During the last few years Advertisers have not been satisfied to suppose they were getting a certain circulation for their money; they don't want to be merely told, they want to know.

They want the circulation measured by a standardized and unquestionable measurement.

The Audit Bureau of Circulations is the recognized authority for proving circulation. It is maintained as a co-operative organization by the advertisers, advertising agencies and publishers who realize the necessity for businesslike methods in advertising.

A.B.C. reports place in the hands of advertisers, essential facts that have been secured and verified by a searching examination of the publisher's records

You don't need to buy Space by Guess!

You can get the full circulation facts on the Prince Rupert Daily News by referring to the last A.B.C. report which will be gladly furnished by request.

larlo. The main object was to bring in closer contact those persons occupying key positions, so far as the future of the country was concerned—the teachers.

The Sacrificial Table. Alfred—That young bride next door worships her husband, doesn't she? Ethel—Well, she certainly places burnt offerings before him at every meal.—Royal Magazine.

Impracticable. "This bag," said the eager salesman, "is all leather, solid leather, every inch of it solid leather." "My good man," replied his customer, "I want a hollow one, to put things in, you know."

REFORMED EPISCOPAL CHURCH WOULD ENTER THE UNITED CHURCH

VICTORIA, Aug. 19.—The reformed Episcopal Church has opened negotiations with the United Church of Canada with a view to amalgamating with that body. Bishop Brewng, head of the church in Canada has appointed a committee to go into the matter with a view to carrying out the scheme.

OLD PEOPLE HIDEBOUND MUST EDUCATE YOUTH

TORONTO, Aug. 19. — "It is useless to try to attempt to educate the grown-up people of Canada," said R. E. Howe, vice-president of the Teachers' Federation in an address here. "They are so hidebound in their political, religious and other views that a change is too much to expect. The only way out is to interest and educate our children nationally rather than provincially."

GRAIN SHIPMENTS THROUGH VANCOUVER HALF OF LAST YEAR

WINNIPEG, Aug. 19.—Figures on the grain movement through the port of Vancouver for the two years of 1923 and 1924 shows that for the year 1923 there were 54,725,348 bushels exported through Vancouver, and for the year 1924 there were 25,273,590 bushels.

**DROWNED BOY BODY FOUND**

**Little Willie Smith Fell into Deep Water When Standing on Culvert**

The body of seven year old William Smith, son of Mr. and Mrs. William Smith, Hays Cove Circle, who was drowned yesterday at 12.30 noon when he fell off the culvert on the dry dock embankment while fishing, was recovered in seven feet of water about 25 yards from where he fell in by City Police Constable Potterton and Dominion Constable Nutt at 4 o'clock yesterday afternoon.

As the tide receded, the body was noticed on the bottom by a man from the dry dock who was assisting the officers. Immediately it was brought to the surface artificial respiration methods were applied by P. B. Ashbridge, dry dock first aid man, and M. L. Stepp, U.S. customs officer. These proved ineffectual owing to the long submersion and life was declared extinct by Dr. J. P. Gade and Dr. J. A. West, who arrived on the scene on being notified.

According to Malcolm Smith, five year old brother, the boy was standing on the culvert when he overbalanced and fell in the water. Struggling for a while, he sank and the younger lad rushed home to tell his mother. It was thus half an hour before

**PRIME MINISTER WILL NOT COME HERE UNTIL AFTER ELECTION HELD**

VICTORIA, Aug. 19.—Premier W. L. Mackenzie King will not visit British Columbia this autumn, according to Hon. J. H. King, minister of public works, but he will be here next year. Should there be no election this fall several of the ministers will be on the coast for a visit. In any event Dr. King will be here again and will tour the province, holding meetings at all the important centres.

**DRYDOCK DELAYED.**

VICTORIA, Aug. 19.—The opening of the big drydock at Esquimalt will not take place until next year instead of in December as planned. The work will not be completed before that time.

**RIFT IN THE LUTE**

**Children of French Mother Object to German Stepmother With Disastrous Results**

WINNIPEG, Aug. 19.—After burying two wives, the second of whom was a Frenchwoman, G. T. H. Hoskins of this city took unto himself a third, a widow whose German nationality was obscured by her married name of Annie Goodman. Hoskins has three children, the widow one. The match was arranged with the assistance of a "marriage by mail" expert. The ceremony took place in May this year.

In police court Hoskins was charged by his wife with non-support and ordered to pay \$10 a week, which he said was an agreeable way out to him. It was pointed out that the marriage had gone well until one day Hoskins came home from work and discovered the children of his French wife fastened up in the cellar. They had crossed an imaginary Rhine, it was said, en masse and out for reparation. Resenting the discrimination shown Hoskins rebuked his wife, whereupon she answered back. The rift in the lute widened to a large rent, blood proved thicker than a marriage license, and the pair and their respective progeny split up and lived apart.

**TIMBER SALE X 7343.**

Sealed Tenders will be received by the Minister of Lands not later than noon on the 25th day of August, 1925, for the purchase of Licence X 7343, situated north of Separation Point, Toke Channel, C.R. 3, to cut 2,000,000 feet of board measure of spruce, cedar, hemlock, and balsam sawlogs.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

**TIMBER SALE, X 7342.**

Sealed Tenders will be received by the Minister of Lands not later than noon on the 20th day of August, 1925, for the purchase of Licence X 7342, to cut 1,180,000 feet of Cedar, Hemlock, Balsam and spruce on an area situated on Moses Inlet adjoining Milton River, Range 2, Coast District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

**TIMBER SALE, X 7208.**

Sealed Tenders will be received by the Minister of Lands not later than noon on the 20th day of August, 1925, for the purchase of Licence X 7208, to cut 459,000 lineal feet of Cedar, Pines and Piling on an area situated about three miles south and across river from Remo Station, Range 5, Coast District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

**IN PROBATE.**

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of the Administration Act, and In the Matter of the Estate of Jack Christoff, deceased Intestate.

TAKE NOTICE that by order of His Honor F. M. Young, made the 14th day of July, A.D. 1925, I was appointed Administrator of the estate of Jack Christoff, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified to me on or before the 30th day of August, A.D. 1925, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

STEPHEN A. WATTS,  
Official Administrator  
Prince Rupert, B.C.  
Dated the 30th day of July, 1925.

**EDMONTON MAY KEEP NON-RESIDENTS OUT OF HER HIGH SCHOOLS**

EDMONTON, Aug. 19.—At a meeting of the Edmonton public school board it was decided to notify all high school students attending in the city who are non-residents that the board will reserve the right to reject any applications for admission by non-resident students if their number exceeds that for which the board is able to provide accommodation under present conditions.

The action arose from a controversy which the board has been carrying on with the department of education regarding possible help from the government in the matter of collecting fees from non-resident pupils, which the latter has refused. In view of that fact, it was decided that it would be inadvisable at the present time to extend school accommodation to provide for the ever-increasing number of non-residents seeking to gain admission.

The action arose from a controversy which the board has been carrying on with the department of education regarding possible help from the government in the matter of collecting fees from non-resident pupils, which the latter has refused. **SEES VISIONS IN AIR DEVELOPMENT**

**Flying Ace Thinks Airships 3,000 Feet Long Will Travel 500 Miles an Hour**

KANSAS CITY, Aug. 19.—Edward Rickenbacker, former motor car racer and world war flying ace, delved into the future of air travel, in an address yesterday before the Advertising Club. Here are some of the things he forecast:

Airships 3,000 feet long, travelling on a trade wind 50,000 feet above the earth at 500 miles an hour.

Ocean crossing dirigibles giving one day service from New York to Paris.

Airplanes, carrying freight and passengers, flying across the United States in a day, regularly.

Dirigibles with a cruising period of a year.

Air-lines criss-crossing the United States.

**THREE CRIMINAL CASES BEFORE ADJOURNED SESSION OF ASSIZE COURT WHICH OPENED HERE TODAY.**

(continued from page one)

will be conducted by L. W. Patmore.

All the accused arrived from Okalla Prison in charge of police officers on the steamer Prince Rupert today.

The same jurymen who acted at the opening of the Assizes in June have been retained for this adjourned session.

On court convening after the arrival of Mr. Justice D. A. Macdonald from the south on the steamer Prince Rupert, His Lordship charged the Grand Jury in the various cases and asked that it return with its finding in the case of Rex vs. Pena at 2 o'clock this afternoon. The petit jury was also excused until that hour.

The Liard River murder cases were also put in the hands of the Grand Jury. The accused in this case are named Big Alex, Dan Loo, Jim Loo, Clem Loo and Edie, the last mentioned being a woman A161 or Moccasin is the name of the native whom they are charged with killing.

**GAME BOARD SITTING.**

VICTORIA, Aug. 19.—A session of the Game Board is being held here today. M. B. Jackson, president, for the purpose of considering what dates are desirable for the opening of game hunting in different parts of the province.

Prince Rupert, B.C.

**INVOICE No. A 1255**

All goods in this store bearing the above number, or a higher number, have been received into our stock since February, 1925.

**These Goods are subject to no special reduction**

25 per cent reduction is effective on any other lines in our store under our schedule of stock turnover twice a year. In other words any goods received prior to February 1, 1925, if not already sold, do not justify shelf room, and instead of being an asset are actually a liability.

**CUSTOMER'S PRIVILEGE**

It is the customer's privilege to demand a 25 per cent discount on all goods which do not bear a higher number than A1255 which covers every item on the first shipment of goods received on February 1, 1925, provided they pay cash for same. Credit accounts are not subject to a discount.

**OUR GUARANTEE**

No department in this store will be allowed to alter the invoice number on any article in this store in order to save the special discount for departmental showing.

**This Policy to be Maintained**

Next month we will announce the invoice number of the first shipment received on March 1, 1925. The 25 per cent discount will be then effective on all goods received in February.
