\$500,000 FIRE IN MONTREAL LAST NIGHT

PROGRESS OF RUPERT SHOWN BY TELEPHONE AND POWER INCREASES

Scenes of Terror When Residents Fled before Fire in Montreal City

MONTREAL, Aug. 25.—Sixty-one families were driven from their homes when an apartment house, twenty dwellings and an ice house and stable were destroyed by fire which swept a portion of the east end of the city last night. Aided by a strong wind the blaze quickly consumed the structures and in a short while completely destroyed the apartment house. It was one of the most disastrous fires in the city in many years.

Scenes of terror and confusion were witnessed as scores of residents fled from the flames while many others had to be carried from their homes.

The damage is unofficially estimated at half a million dollars.

DIED RESULT FALL ABOARD BIG STEAMER

Stanley Gibson Said to Have Stepped Into Open Hold of Prince George

VANCOUVER, Aug. 25.—Accidentally injured aboard the steamer Prince George while at her berth here shortly before she sailed last night for the north, Stanley Gibson of Cordova Bay, Victoria, steward in charge of the store room of the vessel, died later in the hospital.

Gibson is said to have fallen down the open hatch into the hold of the steamer and never regained consciousness.

HEART BALM NOT COMING

Plaintiff in Breach of Promise Against John The Finn Gets Even Break

VANCOUVER, Aug. 25.—Maude Munn is expected to break even in the expenses of the breach of promise suit against John Haahli (John The Finn), the Portland Canal miner, as a result of a judgment handed down by Mr. Justice Morrison, who awarded the costs of the trial and succeeding amendments to the original action to John The Finn and the costs of the action following the amendments to Miss Munn. It is estimated that Miss Munn's judgment for expenses will about equal Haahli's expenditures resulting from the "heart balm" case.

MATERIAL FOR WHARF IS HERE

Crescoted Piles and Lumber for Prince Rupert Feed Co. Brought North by Tug Cape Scott

Bringing crescoted piles and lumber for the wharf that is to be built east of Gow Bay on the waterfront for the Prince Rupert Feed Co., the Hecate Straits Towing Co.'s tug Cape Scott, Capt. Brown, arrived in port yesterday afternoon from North Vancouver. The timber was brought north on the scow G. of G. No. 11.

After disposing of the north-bound tow, the Cape Scott proceeded to the Prince Rupert Spruce Mill where she picked up two scows containing 500,000 feet of spruce cants which will be delivered at New Westminster.

SURF INLET MINE PAYING

Profits Larger Than Ever Because no Development Being Done There
 MAY LOCATE NEAR HERE

The mine at Surf Inlet is still being operated satisfactorily and profitably and the indications are that it will continue in this manner for several months yet announced Clyde A. Heller, president of the Belmont-Surf Inlet Gold Mining Co. Ltd., who was in the city today. Mr. Heller states that the profits from the mine are even greater now than they have been because little is being spent on development work.

Mr. Heller reiterated the statement that he made last year to the effect that the end seemed to be in sight at Surf Inlet. He declined, however, to predict when operations would cease there and expressed the belief that work would continue for some time. "One can never say when a mine is going to play out," he said, "and in the meantime it is being operated very satisfactorily and profitably." Mr. Heller admitted, however, that the company had been looking for some time for a suitable place in this district to which to move its present plant and organization at Surf Inlet. Nothing of a definite nature, however, had yet been decided upon, he said.

Mr. Heller returned to the city last night on the company launch Belmont after having spent several days visiting the Portland Canal region. Accompanying him on this trip was Charles G. Myers of Philadelphia, head of the Clinton Brush Co., one of the oldest concerns of its kind in the States, and Surf Inlet stock holder; F. H. Penn, manager at Surf Inlet, and Mrs. Penn.

Mr. Heller and Mr. Myers left for Philadelphia on this morning's train.

MOUNTAIN SANITARIUM STAFF QUARTERS BURN

Ten Thousand Dollar Fire Extinguished After Two Hour Fight

HAMILTON, Aug. 25.—A fire of mysterious origin imperilled the lives of scores of patients in Mountain Sanitarium this morning. The blaze was confined to the staff headquarters and was controlled after a two-hour fight. The loss is estimated at \$10,000.

While fifty members of the staff were at breakfast a patient observed flames from an upper storey and gave the alarm. There were many had cases in the nearby building but the patients preserved coolness in the face of danger and firemen from Hamilton prevented spread of the fire.

CHINESE WAR EASTERN U.S.

Tongs Fight and Number Are Killed as a Result in Various Cities

NEW YORK, Aug. 25.—A new Chinese Tong war broke out today in various cities a few hours after the burial of Lee Kuey Ying, mayor of New York's Chinatown. One man was killed here and several wounded at Boston. In Washington the police thwarted a plot to kill three people and arrested 33 Chinese. One man was killed at Chicago.

Ying was largely responsible for the recent truce between the Hip Sing and On Leong Tong.

Increase in Population and Industry Indicated by Phone, Light, Power

A steady increase in the population and industry of the city is reflected in the number of telephones now in use here and the number of electric light accounts being handled by the municipal utilities department. This summer has seen no reduction in the number of phones and light accounts as has been the case during the vacation season in past years. Instead there has been a substantial increase in both.

Telephones in use in the city today number 1,450 as against 1,320 at this time in 1924.

The utilities department reports that the power plant at Shawatlans is now carrying a steady load every day of from 1,100 to 1,300 kilowatts, whereas the average load last year was 500 kilowatts. The reason for this substantial increase in power consumption is due to the sawmill, elevator construction, Swift's cold storage plant, Somerville cannery and other smaller plants as well as a greatly increased number of accounts in private homes.

Conservative Leader Replies to Premier Mackenzie King on Question of Holding Election

OTTAWA, Aug. 25.—"The usual and accepted term for Parliaments in Canada has been four regular sessions. These four sessions are complete and what the country wants to know is, has this government the courage to go to the people or not?" So states Hon. Arthur Meighen, Conservative leader, in a statement to the Canadian Press, replying to Premier King's recent declaration that the government was not to be stamped into any dissolution of parliament.

The time for an appeal to the people came not while the session was on but after the session's work was done. The time is now, declares Mr. Meighen, in his statement.

Commenting on the Premier's declaration that members of the government had been exceedingly busy, the Conservative leader inquires what they have been doing. He states in this regard that immigration is diminishing while the exodus of citizens from the country continues. "Is another Petersen contract coming" asked Meighen.

CALIFORNIAN MADE DASH FOR LIBERTY

Escaped from Immigration officials at Victoria and Nearly Got Away

VICTORIA, Aug. 25.—Simon Paul, a citizen of the United States and a resident of California, tried to get into Canada by stowing away on the Emma Alexander which arrived here from San Francisco. On arrival here he tried to get ashore but was arrested and the intention was to take him home aboard the Dorothy Alexander just out-bound. Just as that vessel was pulling out he jumped ashore. Then he started to run for his liberty, but was followed by customs officers and they, with the aid of the city police, captured him and are holding him for the next boat south.

U.S. GOVERNMENT TO KEEP HANDS OFF OF ANTHRACITE DISPUTE

SWAMPSCOTT, Aug. 25.—It is indicated that the U.S. Federal Government will make no move to prevent suspension of the anthracite coal operations next Tuesday. At present there is sufficient fuel supply to meet the country's requirements.

British Residents of Hong Kong Ask Prem. Baldwin for Blockade

HONG KONG, Aug. 25.—British residents today cabled Prime Minister Baldwin urging a complete naval blockade of Canton and neighboring cities because of flagrant violation of treaties by the Chinese.

At Shanghai the French police seized arms and ammunition valued at \$46,000 and arrested a retired colonel of the British army, an American and a Frenchman, and apprehended a former German customs officer who had in his possession the sum of \$40,000, including some counterfeit money.

CANNERIES ARE NOW CLOSING

Balmoral, Sunnyside and Inverness Will Continue to Pack Fall Varieties

With the closing of sockeye fishing last Friday night, most of the canneries on the Skeena River ceased packing operations for this year. It is expected that the Balmoral, Sunnyside and Inverness will continue to pack fall varieties and the total pack may yet be considerably increased as a result. Cohoes are still running in good quantities while pinks are about through.

Salmon fishermen this season, it is admitted, have not done very well and the outlook for the winter is not encouraging. White fishermen especially will have to find further employment in order to tide them over the winter.

Queen Charlotte Island canneries and some in Rivers Inlet and the central division will continue packing fall varieties.

HELEN WILLS WINS AT TENNIS

Carries Off Tennis Honors in Both Singles and Doubles in One Day at Forest Hills

FOREST HILLS, Aug. 25.—After triumphing over Kathleen McKane of England 3-6, 6-0, 6-2 for the third straight singles tennis championship victory, Helen Wills returned to the courts yesterday afternoon and carried off the doubles titles with Mary K. Brown as partner, defeating Elizabeth Ryan and Mrs. May Sutton-Bundy 6-4, 6-3.

In the finals the winners of the women's titles were all Californians.

ROBBED TRAIN ON SANTA FE

Express Messenger Shot and Badly Wounded and Mail Sacks Looted

SANTA ANNA, Cal., Aug. 25.—An express messenger was shot by bandits who looted the mail sacks on the Santa Fe mail express and his wound may prove fatal. The robbers raided a combination mail and express car and made a clean getaway.

When the train arrived here the messenger was found lying in a pool of blood on the car floor.

The value of the loot has not yet been determined.

Women More Easily Swayed Than Men.

Women are not as practical as men but are more easily swayed by emotion. They can be attracted into any new cult or religion much more easily than men. Those men who are led away are mostly of the effeminate type. It is because they are something like women in many respects that they are easily swayed.

The story of the man, Clarke, in Vancouver who was able to go there and attract women to a new cult and to talk them into taking oaths of secrecy is an illustration of what is meant. It would be much more difficult for men to be so led away.

Women are religious by nature, emotional, and often they have more intuition than men. Because of the tendency to trust to intuition rather than reason and to be swayed by emotion instead of commonsense they become easy victims of men who would use them for their own purposes.

Women have only of recent years begun to think for themselves. They leaned so long on men that they have not yet attained that ability to deal with the facts of life instead of the fancies that distinguishes the male sex.

Value Of Shipping Grain From The Port.

The value to the port of a grain shipping trade is well shown in a small summary prepared in Vancouver showing that the port benefits to the extent of \$70,000 by each big grain ship that loads a full cargo there. If this is true, and we believe it is, it will pay Prince Rupert to spend a little money to go out for the grain as soon as the elevator is ready. It is perhaps a little early yet to be active in this connection but once we are ready for business, let us put our best effort into the work and get as busy as possible, seeing that nothing is left undone in the endeavor to bring the grain this way. Let every citizen be a missionary.

Vancouver is expecting 150,000,000 bushels. If Prince Rupert gets five millions the first year it will be a good start.

No Election For Some Time Yet.

Whether or not an election will be held this fall no one knows except perhaps Premier Mackenzie King. Just as present it looks as if another session will be held first and possibly the elections be postponed until next summer. Premier Mackenzie King would hardly give out an interview such as that published yesterday unless he intended to postpone the elections for some time.

Fishing Better Than Four Years Ago.

Either the conservation methods in force by the federal department of fisheries are very effective or the four year cycle of salmon is a myth. This year the sockeye catch on the Skeena River has been much better than it was four years ago. By continuing the present policy it may be possible to bring the catch higher still four years from now.

Keen Competition Between Districts.

There is likely to be keen competition this year for the district exhibit trophy at the fall fair. The fact that Francois and Ootsa Lake district is to be a competitor will put the others on their mettle.

The Queen Charlotte Islands seem to have dropped out of the running in this district prize competition. At one time they carried off all the prizes but they have not kept to the fore. The interior has beaten them out, apparently. It seems a pity that they have lost interest because they have the soil and the climate and all that is needed is the industry and the will to win.

PARKS BOARD IS GAZETTED

Powers of Local Body Set Forth in Act of Legislature Give Full Control

The current number of the British Columbia Gazette contains notice of the appointment of five members of the Prince Rupert Provincial Park Board and members of the board have been notified personally of their appointment to the position. They will have charge of the park surrounding the Salt Lake which was recently set aside and which is officially known as block 1, sub-lot A, of lot 1991, Range 5, Coast District. The members of the board are Dr. W. T. Kergin, Cyril H. Orme, Colonel S. P. McMorde, James H. Thompson, and H. F. Pullen.

The act of the Legislature under which they are incorporated gives them power to manage, regulate and control any provincial reserves or parks in that locality. It is a body corporate and politic and will hold office indefinitely until the members resign or are removed by the Government. They are to serve without compensation and no member of the board is allowed to be pecuniarily interested in any transaction relating to the parks or park property.

The board has power to pass bylaws for the regulation, protection and government of the parks and its approaches and can license those selling refreshments there or holding other concessions. It can impose penalties for infractions of park bylaws and the members of the board have all the powers of a justice of the peace in regard to the parks and the watchmen or officials appointed by them have the powers of police constables.

Any person injuring the trees or any park property or injuring any animal or bird there is liable on summary conviction to a fine not exceeding \$50, and such fines may be used for the general funds of the park.

DIVISION OF GAS TAX AMONG CITIES IS NOW PROPOSED

The city council decided last night to lend its support to a resolution from the Saanich district council urging that gasoline tax proceeds be distributed among the municipalities in a manner similar to that by which liquor profits are distributed.

In order to bring the question of the gasoline tax before the Union of Municipalities which had originally proposed it, the Saanich letter proposed a resolution that, whereas no portion of the gasoline tax was now paid over to the municipalities and, whereas the bulk of the tax was collected in the municipalities, the Union of B.C. Municipalities urge upon the government that a portion of the gasoline tax be distributed to the municipalities in a similar manner to which liquor profits are distributed.

Endorsement of the resolution was moved by Ald. Perry and seconded by Ald. Stephens, the latter stating that, in view of the fact that the gasoline tax had been opposed by Prince Rupert delegates to the Municipalities' convention, it would now seem proper to request that the whole or a major portion of the tax be remitted to the municipalities.

SURPLUSES SHOWN BY LIGHTING AND PHONES

Light Department Showed Profit of \$760.43 During July and Telephones, \$720.82

The superintendent of utilities reported to the city council last night a net surplus of \$760.43 through the operation of the light department during the month of July and a net surplus in the telephone department of \$720.82.

Figures for the operation of the two departments were as follows:

Electric Light	
Estimated revenue	86,332.88
Net surplus	760.43
Expense	5,672.45
Capital expenditure	7,680.43
Telephone Department	
Estimated revenue	83,577.00
Expense	2,856.18
Net surplus	720.82
Capital expenditure	757.83

There was a meeting in the City Hall yesterday of local fish buyers and the Board of Trade at which it was decided to request the provincial government to provide better accommodation for fish handling at the government wharf. Those present at the meeting were Mayor Newton Ald. Edge, J. R. Beatty, H. C. Nunan, H. Poole, Harry Sheera, William Shrubbsall and G. W. Morrow.

JUVENILE BOSTONIANS HERE AT WEEK END IN HIGH CLASS VAUDEVILLE

The New Juvenile Bostonians under the direction of Mrs. E. Lang, will present a high-class program of vaudeville at the Westholme on Friday and Saturday.

Mrs. Lang, whose name is a household word with the theatre-goers of Prince Rupert, has gathered around her a clever little company of all-round entertainers, which includes two of the original Bostonians, now grown-up young ladies, who, as kiddies, pleased Prince Rupert audiences in the early days of the city. The company also includes the Richardson twins, dancers, just off the Pantages circuit, and some of the Joy Babes who were here last year.

Mrs. Lang has arranged a select program of new songs, dances and comedy numbers, which, in conjunction with the photo-play, Mrs. Wallace Reid in

A recommendation from the utilities committee that the transportation of Fire Chief D. H. McDonald to Seattle next month to attend the Fire Chief's convention be paid by the city was adopted at last night's council meeting. Ald. McMordeie stated that the chief was willing to pay expenses of the trip other than transportation.

Miss Louisa Zarelli, daughter of Mr. and Mrs. D. Zarelli, sails this afternoon by the Gardena for Victoria where she will continue her school and musical studies.

Mrs. J. J. Carroll and her daughter, who have been visiting Mr. Carroll here for the past few weeks, will return on the Prince Charles tomorrow evening to their home in Vancouver.

Dr. J. D. Neville, district deputy of the Knights of Columbus paid an official visit to the local council last night and will return to his home in Vancouver on the Gardena this afternoon.

Reid McLennan left on yesterday morning's eastbound train to continue his studies at the Royal Military College, Kingston, Ont., after spending the summer vacation with his parents, Mr. and Mrs. J. C. McLennan, Borden St.

The preliminary trial of Alex Gallagher, who was arrested here last week on a charge of having taken a stolen boat from Hyder to Alice Arm, is proceeding in Stewart today before Magistrate Scarlett. Gallagher was taken to Stewart on Sunday night by Constable Islip.

JACK LEGGATT COMES BACK ON VISIT TO OLD RUPERT FRIENDS

Sees Much Improvement in City Since he Left Over Ten Years Ago

Jack Leggatt, who in the early days was wharfinger for the Grand Trunk Pacific Railway here, and Mrs. Leggatt are revisiting the city and are being welcomed by many old friends. They arrived in town on last night's train after a trip East and will proceed south tomorrow night on the Prince Charles.

Mr. Leggatt, who left Prince Rupert over ten years ago and has not been here since, notices a considerable improvement in the general appearance of the place, particularly as regards the streets. He is also confident that the construction of an elevator here will have a decided effect for the good on the future of the city.

Mr. Leggatt now is located at loco where he is identified with the Imperial Oil Co. A brother of Mrs. Leggatt, Jack Callum, is employed at the Prince Rupert Spruce Mill.

NATIVE CHILDREN TO SARDIS SCHOOL

Rev. and Mrs. G. H. Raley Will Have Party of Forty in Their Charge Leaving Here Today

Some forty children from Port Simpson and the Naas River will be taken south to attend the Co-qualteetza Institute at Sardis when Rev. G. H. Raley, principal of the school, and Mrs. Raley sail for the south on the Gardena this afternoon. More children will join the party at Butedale and Namu and still more will be leaving later in time to be present when the fall session at the school opens at the first of next month.

WANTS AN ESTIMATE LOCAL POPULATION

City Assessor Delegated to Make Rough Count of Number of People Here

Following a practice that is common in the East, the city council decided last night to add to the duties of the assessor next year the bringing in of an estimate of the city's population. J. C. McLennan was re-engaged assessor for 1926 at the same stipend as he received this year.

The suggestion that the assessor be asked to make an estimate of population was made by Mayor Newton who said it would be an advantage to have an accurate idea of the number of people actually living here. Mr. McLennan, he felt, would be willing to undertake this work without extra remuneration.

Ald. McMordie was not sure that such an estimate would be altogether satisfactory unless there was a house-to-house canvass. He was agreeable, however, to it being made. Ald. Stephens and Ald. Perry were also agreeable to the suggestion and the report from the finance committee recommending Mr. McLennan's appointment together with the mayor's suggestion, was adopted.

CITY COUNCIL MAKES GRANT TO BOYS' BAND

Sum of \$150 Voted Towards Starting of New Organization in Prince Rupert

A recommendation from the finance committee that a grant of \$150 be made in connection with the starting of a boys' band in Prince Rupert was adopted by the city council last night together with an amendment by Ald. McMordie that instruments purchased with this money bear the name of the city as instruments donated by various societies bore the name of those societies. The proviso was also made that, in case of the band breaking up, the instruments would be returned to the city.

WATER SURGE BLEW OUT JOINT IN MAIN

Repairs Effected Last Evening at the Corner of Third Avenue and Fourth Street

A water surge caused by the operation of the hydro-electric plant at Shawatlans Lake was responsible for the blowing out of a joint in the eight-inch lateral main at the corner of Third Avenue and Fourth Street yesterday afternoon. At 5 o'clock the water in this main was turned off while repairs were being made, this necessitating the cessation of operations at the elevator for a couple of hours. The break was discovered through the water flowing under Fourth Street and coming out below the Second Avenue embankment.

E. H. Pratt has left for Terrace where he will join the staff of the George Little Lumber Co.

After spending some time in hospital at Edmonton, T. G. Wren has returned home considerably improved in health.

William Burdette, who has been away from town for about two years, has returned to spend a couple of weeks visiting with his father, Owen Burdette.

PRINCE GEORGE

The city council has declined to meet the request of the Prince George Agricultural & Industrial Association that a guarantee be made by the municipality for the Association's bank indebtedness which amounts to about \$3,500.

Word has been received here that J. B. Daniell, former editor of the Prince George Citizen, has been seriously ill in Venice, California, but that he is now recovering.

The engagement is announced in Vancouver of Miss Constance Gifford of New Westminster to Herbert McGill Allan of the Bank of Commerce staff here.

The Prince George Hospital Association is seeking financial aid for the building of a nurses' home which it is estimated will cost about \$4,500.

Robert B. Carler of this city has arrived here from the south with his bride, who was formerly Miss Susan Elsie McLaughlin of Vancouver.

Sport Chat

Final arrangements have been made for a football team from Ocean Falls and a baseball team from Anox to come here during Fair Week but it is the desire of the Exhibition Board to have a second baseball team and it is not known yet whether it will come from Ketchikan or Stewart. The making of suitable transportation arrangements seems to be a difficulty as far as Ketchikan is concerned. On the other hand, Stewart is very anxious to send a baseball aggregation here for Fair Week and, if suitable arrangements cannot be made to have Ketchikan visit here, the team from Stewart will be brought to town for the occasion.

While the Football Association has all the trophies it can arrange competition for, the Baseball Association, since the Sons of Canada finally captured the Nickerson Shield in 1924, has not a single prize to offer. This probably accounts in a degree for the regular baseball schedule this year having been called off at a time when things were anything if not interesting. There is good baseball talent in town this season and probably will be next. It is to be hoped that in 1926 the local baseballers will have something more tangible to play for in the competition for city championship.

Curious Originator of Curious Cult on Bail in Vancouver has Lured Many Women to his Group

Man Said to be Preacher, Waiter, Mechanic, Inventor, Author, Doctor, Teacher of Strange Doctrines to Females

VANCOUVER, Aug. 25.—Police here are trying to find out if John Bertram Clarke, the middle aged preacher, waiter, mechanic, inventor, author, poet, pseudo-doctor and masseur, and the alleged "master of a strange cult, who was arrested here and who is now out on bail for \$1,000 for an indecent act, is a fraud, a lunatic or just a mistaken enthusiast.

Clarke binds his pupils by strict oaths of secrecy and already he has quite a large following in Vancouver and other surrounding places. Although operating here but three weeks he seems to have gathered around him a large group of women, many of whom believe is a "master teacher." He is said to be connected with wealthy families in this city.

Letters numbering several hundred seized in the raid on the office in the Vancouver block, from which Clarke operated, show that his "pupils" consist of married women, stenographers, school teachers and business women in cities from Seattle to Medicine Hat, Alta.

Pledges of Secrecy Advertisements in the classified columns of the papers asking for stenographers, and cards dropped at business colleges in the city asking them to send pupils for employment, formed Clarke's connecting link with the young girls he had enrolled in his "classes." For the older women he employed an advertisement asking for a woman "collaborator" in literary work. In both instances Clarke insisted on his "pupils" and collaborators signing pledges.

For the young girls the pledge used read as follows: "I, the undersigned, having access to the confidential business of J. B. Clarke, make to him a most solemn promise and oath that under no circumstances whatever will I reveal to any persons any of the secret knowledge, codes, or anything said or done by any person or persons in the office or elsewhere. I will not even allow the fact to become known that I have made this most solemn promise. I will do all I promise and keep every appointment I make with him and always come at the exact time promised."

Older Women The older women who were to "collaborate" with Clarke were required to sign the following agreement: "We, the undersigned immortals, hereby join our minds, souls and bodies with Perfect Infinite Love now and forever in a union that shall survive so-called death, that we may collaborate in writing and in all other desirable things that are possible and

is a "good mechanic and practical inventor." According to Clarke's instructions to his "pupils," when they have progressed in the cult they will find that "voices speak; music weird, thrilling and entrancing, sounds in the inner corridors of the mind; there are inner lights, visions and dreams; strange and intense emotions are aroused in mind and body, and the energy of the mind creatures within is well nigh overwhelming."

HAZELTON H. M. Wilson of Terrace has been given the contract for the erection of the nurses' home at the Hazelton hospital. The contract price is slightly under \$9,000. Work will be commenced immediately and the home is to be ready for occupation by November 15.

Strange Instruction The New Series of Advanced Instruction for Awakened Minds appears to be directed largely toward making Clarke's clients consider him in the nature of a demigod, judging from the character of the affirmation or belief, tacked on the end of the first lesson.

Writes Ode On Love One lengthy ode, entitled "Love Rule," by Clarke, gives the following axiom in its concluding lines: By doing even small things well That pleasure you in toil will find, Be it of body or of mind, And even "sin" will not you blight

When you excel in doing right. Evil, according to Clarke, does not exist, save relatively. "The assumption of evil," it is stated in one of his lessons in higher attainment, "is based on the belief that there exists or can exist in our universe an erratic or in-harmonious element or entity with such a nature that it is directly opposite to all order or progress and which has inherent sufficient dynamism to enable it to resist the operations of cosmological law. . . This evidently is the only legitimate meaning to the term "evil," and thus definitely it becomes clear to the rational mind that the existence of evil other than as a mere assumption without basis in reality, is logically absurd."

Claims to be Minister A certificate showing Clarke to be an ordained minister of the "Universal Church of The Master," organized in Washington, D.C., in November, 1908, and which authorizes Clarke to "solemnize marriages; officiate at funerals, and perform any and all rites devolving on a minister of the gospel" was found among the papers seized.

Another certificate from a Seattle firm declares that Clarke

from city and suburban points which showed that many women and girls in Vancouver were already taking "lessons" from "The Master."

HAZELTON

H. M. Wilson of Terrace has been given the contract for the erection of the nurses' home at the Hazelton hospital. The contract price is slightly under \$9,000. Work will be commenced immediately and the home is to be ready for occupation by November 15.

Mrs. MacKay and family will leave Hazelton about the first of next month for Calgary where they will make their permanent future home.

A train load of cedar poles was shipped from this district last week by the Hanson Lumber & Timber Co. It was the first train load of material to be despatched from here since the Silver Standard mine sent out a trainload of high grade ore in 1913.

George G. Bushby of Prince Rupert attended the Hazelton Flower Show last week.

Thomas Forrest of Skeena Crossing, who has been in the hospital for some time, left last week for Kamloops.

Miss Joy Ford, who has completed her nurses' training course at the Hazelton Hospital, is now recuperating from an operation for appendicitis and will leave shortly for her home in Armstrong.

SMITHERS

The driving of a 300 foot tunnel to fan rich surface showings at depth on the Harvey mine is just about completed.

J. C. K. Sealey is now able to be up and around again after a long and serious illness.

Burns Lake won a baseball game from Smithers here last

week by a score of 21 to 15.

Mr. and Mrs. James Fay have left on a motor trip to Vernon where it is likely they will locate.

Mr. and Mrs. H. G. Windt and family have left for Quesnel on a motor trip.

Mrs. E. S. Tait of Prince Rupert is visiting at Glacier Lodge, Lake Kathleen, with Mr. and Mrs. Olof Hanson.

Have you considered your home market? Buying at home is building your own town. If your home merchants prosper you will get a benefit somehow. First, he needs more help. He will employ someone living in the town; and it takes two to build a home. If you spend your money out of town naturally you are helping the other community. Visit our store and we guarantee satisfaction. You get more for your money and in return you get 5 per cent on each dollar. Our system has proved satisfactory to others. Why not try it? In 1923 we cashed over \$2,400 in tickets and in 1924 we cashed \$2,600. In 1925 (till July 31st, we cashed \$3,500 in tickets. It will pay you to spend your cash with us.

UNITED STATES ARMY GENERAL VISITING CITY

General and Mrs. George P. Scriven Here in Course of Canadian Tour

An interesting and notable visitor in Prince Rupert today is General George Percival Scriven, retired, of the United States Army, who is here with Mrs. Scriven in the course of a tour of Canada. Having visited Montreal, Toronto, the Nipigon country, Edmonton and Jasper Park before going to Douglas Lodge at Stuart Lake where they spent a very pleasant fortnight, General and Mrs. Scriven reached the city on last night's train and are guests at the Prince Rupert Hotel. Tomorrow morning they will embark on the Prince George to make the round trip to Alaska and, returning south, expect to spend some time at Victoria before going East.

General Scriven graduated from West Point some fifty years ago and has followed the profession of a military officer ever since. After having served in the Philippines in the Spanish-American war and later in China during the Boxer rebellion, General Scriven was made chief signal officer of the United States

Army which position he held until his retirement. During the Great War he saw active service under instructions from the President in the Balkans at Salonika and later in Albania. He is regarded as an authority on military matters and has been the author of several reports and magazine articles especially on Italy and Albania. He now makes his home in Washington, D.C.

SMALL BOY AGAIN IN POLICE HANDS

Further Complaints Laid Against Lad Who Was Yesterday Released on Suspended Sentence

Yesterday two small boys, who had been found guilty of breaking and entering, were released on suspended sentence by Magistrate McLymont. Later in the day complaints were laid that one of them had entered the store of George Ciccone and three other places since their first arrest. This boy was allowed to return to his home this morning pending his case again being proceeded with.

NEW SPECIMENS FOR MUSEUM COLLECTION

Salmon Eggs Showing Process of Incubation and Spear Head Among Latest Additions

One or two new specimens have recently been added to the museum collection at present stored in the Bank of Commerce building. Two series of glass tubes showing the gradual development of salmon from the egg to the fry were recently donated by Major Motherwell, chief inspector of fisheries. They show the incubation of spring salmon and chums.

The Gyro Club when levelling their Westview playground unearthed a spear head about four feet from the surface and presented it to the museum.

PREVENT INJURY TO PUBLIC MORALS BY A PENALTY ON REPORTS

LONDON, Aug. 25.—With the idea of "regulating the publication of reports of judicial proceedings in such manner as to prevent injury to public morals," Lord Darling has introduced a "proceedings bill" in the House of Lords. The bill makes it unlawful to print, circulate or publish any indecent matter or medical, surgical, or physiological details calculated to injure public morals, in relation to divorce or separation cases.

The penalty is imprisonment not exceeding three months or a fine not exceeding \$2,500, or both. The measure does not apply to the publication of matter in separate volume or series of law reports, or in technical publications intended for the legal and medical professions.

FARM TRACTORS ARE SELLING FREELY AND MORE MADE THAN EVER

CHICAGO, Aug. 25.—Tractors lead farm equipment sales throughout the first half of 1925 as shown by the Research Department of the National Association of Farm Equipment Manufacturers, which surveyed its officials who are heads of most of the 200-odd firms making up its membership and selling through some 21,000 dealers to the farmers.

Plow and tillage tool makers report the first half of the year ahead of 1924, and the tendency towards bigger equipment to eliminate man and horse labor is more marked than at any time in the history of the tractor's development.

DRYDOCK BUSY

Having completed the unloading of 600 tons of pea coal, C.G.M.M. freighter Canadian Voyager was taken on the dry dock early this morning for cleaning, painting and repairs.

The American halibut schooner Gladys has also arrived at the dock for repairs to a damaged stem as a result of a collision with another boat in Alaskan waters.
The Canadian halibut schooner Lysekil was taken up today for cleaning, painting and inspection.
