HUGE SUMS ARE LOST LIQUOR SMUGGLING

PRINCE GEORGE DISTRICT HAS BEST AGRICULTURAL DISPLAY AT EXHIBITION

Fifteen Million Lost by British Financiers In Liquor Smuggling

Most of Whiskey has been used up through drain on it through illicit traffic with States

LONDON, Sept. 10.—Fifteen million dollars is the estimated loss sustained during the past year by English financiers who despatched ships loaded with liquor intended to assuage the thirst of Americans. Available export liquor figures show a decrease of fifty per cent in the business. Many ships formerly engaged in the illicit traffic are now idle.

Englishmen generally welcome the stifling of the traffic as the huge drain of the past few years has almost exhausted the stocks of old whiskey, most of that available now being barely mature.

KING ANSWERS HON. A. MEIGHEN

Declares Expenditures of Country reduced Hundred Million Dollars During His Regime

GUELPH, Ont., Sept. 10.—Answering the charge of Hon. Arthur Meighen, Conservative leader, that the Liberal Government had no achievements as a result of their term of office, Right Hon. W. L. Mackenzie King, premier, in an address here last night, declared that his regime had reduced expenditures by \$100,000,000 during the past four years while the taxation was only 75 per cent of that formerly levied.

During the Liberal administration the railway debt had been increased by \$83,000,000, less than was added by the Meighen Government.

TORY POLICY ENUNCIATED

Conservatives Will Rise or Fall on Protection, Declares Meighen

WINGHAM, Ont., Sept. 10.—Hon. Arthur Meighen, leader of the Conservatives, declared yesterday that it was the proposal of the Conservative party to pin its faith on self-reliance and an unmistakable protective policy and, in the best interests of the country, put into effect a "Canada First" policy everywhere in agricultural and commercial life.

"A sound, strong and definite policy is the only means by which we can live and prosper," said the Ex-Premier.

OLIVER SAYS ORDER STANDS

Resolution of Three Non-participating Members Will Not Effect Freight Rates Victory

VICTORIA, Sept. 10.—The railway Commission's recent order equalizing westbound grain rates will not be affected by the resolution of three members of the board who did not take part in the judgment and British Columbia's victory will stand. This is the opinion of Premier Oliver.

TRACES OF LOST AIRPLANE FOUND

HONOLULU, Sept. 10.—Two life preserving jackets marked "United States Navy" have been picked up on the beach ten miles from Hilo. They are believed to be from the ill-fated seaplane PN-9 No. 1 which was forced down in the San Francisco-Honolulu flight last week. Two aviators' coats were also found.

CREERER NOT TO BE CANDIDATE AGAIN

Former Leader of Progressives Cannot Spare Time—Party to Contest Manitoba Seats

WINNIPEG, Sept. 10.—Hon. T. A. Creerer, former leader of the Progressives, definitely announced today that he will not be a candidate in the forthcoming federal election as his business demands all his attention. The Progressives announce that they will place candidates in all the rural seats of Manitoba and possibly in the city of Winnipeg.

PHILADELPHIA STILL HOPE FOR PENNANT IN BIG LEAGUE BASEBALL

NEW YORK, Sept. 10.—Breaking even with Washington in a four-game series, Philadelphia's pennant hopes have been revived, though Washington is still leading by seven games.

Pittsburgh was defeated by Chicago while the Giants were idle. Seven and a half games are separating the leaders.

CASH GRAIN MARKET FOR VANCOUVER IS TO COMMENCE OCTOBER 1

VANCOUVER, Sept. 10.—A cash grain market will start to function here on October 1, or before that date at the call of the board of grain commissioners.

BIG FIRE AT TAMPA
TAMPA, Florida, Sept. 10.—Fire in the plant of the Tampa Shipbuilding and Engineering Company last night destroyed the majority of the buildings, the loss being estimated at \$500,000.

BACON STOLEN BY BIG BEAR

Dunc. Munro Loses Breakfast Provision at Road Camp Number One

ALSO AT LARSEN CAMP

Bears are all right if they don't get away with the bacon, according to Duncan Munro, foreman of Number one construction camp on the new road across Kaien Island to Galloway Rapids. Bears have been hanging around that camp a good deal but the other night one broke into the camp larder and carried off the only slab of bacon they had. Happily they are within phone call of the city and P. W. Anderson sent out another slab which is being kept in a more secure place.

Several bears have also been seen around Number Two camp but Alderman Larsen, who is foreman there, has city authority to keep them out of the larder and so far there have been no depredations.

Shooting bear or any other game on Kaien Island is forbidden by law and anyone caught using a gun within its confines is liable to get into trouble with the police.

FELIX BATT TALKS SHIP OFF TAHITI

Six Thousand Mile Conversation Carried on Last night by Local Young Man

Felix Batt, who has just completed the installation of a new amateur radio transmitter, was last night in communication with U.S.S. Seattle of the United States naval squadron returning from a summer cruise to Australia and New Zealand. Her position was just off the island of Tahiti in the South Pacific, a distance of approximately 6,000 miles. Communication was established by code on a wave length of 38 metres and the power used was about the same as used for an ordinary 50 watt light. Station 5GT is located at the Kinslor home, 211 Eighth Ave. East. Associated with Felix are N. Kinslor and C. Insulander.

BAD WEATHER HURTING FAIR

Attendance to Building Holds Up Well But Sports Ground Gate Is Being Lost

In spite of the extremely inclement weather, attendance at the fair is holding up well, although the rain is causing the loss of the sports grounds' gates which were largely counted upon.

On Tuesday 228 persons paid admission to the Ketchikan-Prince Rupert football game, and on that night 668 persons (144 children and 524 adults) exclusive of season ticket holders, paid admission to the building. Last year 529 persons paid admission on the opening night.

The hall admissions yesterday totalled 862 persons (736 adults and 126 children) as compared with 971 on the second day of the fair last year.

The art display is proving popular, 254 persons entering the first night and 235 yesterday.

Terrace Close Runner Up for Coveted Prize; Francois Lake Third

The Prince George district carried off the Fair Board's cup for the best district display of agricultural products at the 1925 Exhibition but was given a close run by Terrace, Kitsumatum and Lakelse district. P. C. Black of Grand Forks, district agriculturalist, who judged these exhibits, awarded first prize to Prince George with a total of 860 points. Terrace had 825 points and the Francois Lake district, falling short in certain departments, was given 575 points.

Points were awarded as follows:

Mr. Black, in commenting briefly to the Daily News this morning on the district collection, said they were excellent exhibits which would compare most favorably with anything he had previously seen in any part of the province. The arrangement of the exhibits, he said, was particularly excellent, showing a great deal of taste on the part of those who had been in charge. The only criticism that Mr. Black had to make was that the stock and table vegetables were not segregated as they should be, thus making judging more difficult.

This is the fifth fair that Mr. Black has judged this year. Before coming here he officiated at the Woodpecker, Prince George, Smithers and Vanderhoof fairs. He will be here until next week when he will go to Terrace and later to Quesnel and Salmon Arm on his way back to his headquarters in Grand Forks.

BONDS OFFERED TO CANADIANS

Dominion Government Loan Being Raised in This Country Through Syndicate

TORONTO, Sept. 10.—The syndicate handling the new \$75,000,000 4 1/2 per cent loan announced yesterday by Hon. J. A. Robb, minister of finance, consists of the Dominion Securities Corporation Ltd., Wood, Gundy & Co., A. E. Ames Co. Ltd., National City Company, Ltd., the Bank of Montreal, the Royal Bank of Canada and the Canadian Bank of Commerce.

The bonds are being offered today to the public by practically every bond dealer and stock broker in Canada, as well as through chartered banks. In arranging for this long term financing in Canada rather than in another market the government has followed the policy that has been almost rigidly adhered to during the last several years.

The Victory Loans of 1917, 1918 and 1919 were planned for the Canadian market solely and the refunding loans of 1923 and 1924 were offered in the same manner.

Short Term Financing

Short term financing, such as one year note issues, have been placed in the United States and where the demand for such short term bonds is so strong that such borrowing is cheap. These short term notes, however, are of interest only to the large financial institutions and others who definitely require the return of their money within a very short period.

It is understood that the proceeds of the new issue will be used for refunding purposes, including the retirement of \$12,000,000 of tax free bonds which will fall due on December 1 next. In this manner also, the strict policy of retiring tax free bonds by the usual taxable issues is being followed. It is believed that the new issue should prove exceedingly attractive in Canadian investors. The maturity is fifteen years. In other words, these bonds run for the same number of years as did the 1934 maturity bonds when issued in 1919 and which have become so popular among investors of all classes.

Selling at Premium

The new bonds are being offered at 97.25 and interest at which the interest return is over 3.75 per cent. Because of the success of the 1923 and 1924 refunding loans, it is believed in financial circles that the present issue will be quickly snapped up. Investors who were fortunate enough to have purchased the 1923 issue of Refunding loan bonds have had the satisfaction of watching their bonds rise in value by more than four points, while those who purchased last year have also witnessed a substantial movement upon the price paid. It is a fact that all Dominion of Canada issues floated since the war are now selling at a substantial premium over the original issue price.

In considering the new loan another point upon which comment has been made is that new offerings of the highest grade of bonds have been scarce during the last few weeks and from all indications, the volume of new bond issues will be unusually light during the remainder of the year. No more Dominion government financing is expected and most of the provinces and large municipalities have already completed their requirements.

LIBERAL WIN IS ASSURED

Fred Stork, M.P., Highly Pleased with Election Prospects—Opened Campaign at Duthie Mine

"Never did the outlook appear brighter for the return of the Liberal candidate in Skeena riding than it does today," declared Fred Stork, M.P., who returned on last night's train after spending a fortnight visiting his constituents in the interior. He also attended the Smithers Fair and the Telkwa Barbecue, both of which he said were splendidly successful affairs.

Stating that his own trip was very successful, Mr. Stork says that a keen interest is already being taken in the Bulkley Valley in the forthcoming federal election.

At the Duthie mine, Mr. Stork fired the opening shot of the Liberal campaign by addressing a meeting of the miners. The member, together with a party of visitors, was taken through the Duthie mine, and all were amazed at the development there.

During his trip Mr. Stork covered thoroughly the territory around Smithers and Telkwa.

BUSHBY IS CONFIDENT

Conservative Candidate for Federal Seat Sure That He Will Be Elected After Interior Trip

Extremely confident that he will achieve a signal success at the polls in the forthcoming federal election, George G. Bushby, Conservative candidate, returned to the city last night from a trip to the interior, where, he declares, a wonderful reception was given him. Mr. Bushby attended the Smithers Fair and Telkwa Barbecue, acting, with Archie Knight and Hugh McLean, as a starting judge in the horse races at the latter point. Mr. Bushby also covered the country around Smithers and Telkwa rather thoroughly by automobile and states that he found there many old friends and supporters.

Mr. Bushby took an especial interest in the activities of the firm of Sealy & Doodson at Smithers, which recently conceived an idea for the marketing of the produce of the country. He found the firm well equipped with cold storage plants at Smithers, and interviewed both Mr. Sealy and Mr. Doodson, the principals.

Mr. Bushby announces that he is about to open a speaking tour, in the course of which he will cover the entire Skeena district.

EXPOSING WILD CATTERS COMMENDED BY PAPER

(Victoria Times)

In exposing the activities of "wild-cat" mining companies the provincial minister of mines is performing a useful public service. His intention to continue that policy should scare away from British Columbia those individuals who try to get rich quick at other people's expense.

This province is due for very considerable expansion in mineral production. It can deliver the goods. But the public is entitled to adequate protection against unscrupulous promoters. British Columbia has had all the black eyes of this kind that it can stand. Two or three victims very naturally lose a good deal of their sense of proportion and often blame the province for their experiences.

The salesman who is in such a hurry that he has scarcely a minute to breathe, who tells his prospective client that there is no time for investigation and that the "deal" must be concluded at once, should be watched. Often a night's sleep over his proposal will spoil his game. A prospect that will not stand reasonable inquiry is suspicious on the face of it.

W. F. Barry, general agent, passenger department, at San Francisco, arrived in the city on last night's train from Jasper Park and boarded the steamer Prince George to make the round trip to Alaska and south.

SCHOOL EXHIBIT IS EXCELLENT

Drawing Shown at Fair Commended by Judge, and Also the Manual Training Products

One of the features of the fair that always interests pupils attending school and the parents and friends of those pupils is the exhibit of school work, particularly of drawing. In this the Annunciation School participated as well as the public and high schools, and showed some excellent results.

Asked regarding the school exhibit, John Kyle, the judge, said he was glad to see so fine an exhibit. Some of the work was splendid, especially that from one particular school. He strongly urged that samples of this work should be sent to the provincial exhibition at New Westminster, where it could be placed in competition with similar work from the other schools of the province. He considered the design work particularly good, but nature drawing was not as well represented in the exhibits.

Mr. Kyle also judged the manual training and industrial exhibits. He spoke most highly of the work Mr. Ross is doing in the schools and urged that marine work should be encouraged, particularly with a view to encouraging interest in boat-building.

In the industrial department Mr. Kyle deplored the lack of entries. There were only one or two pieces in wood-working and two in sheet-metal work. He considered a night school would stimulate effort in these departments.

Prize lists in manual training department follows:

- Woodwork**
Grade 6—Roy Morrison.
Grade 7—Fred Dingwell, Honorable mention G. Minns.
Grade 8—F. Morrison.
Grade 9—J. Deane.
Grade 10—Bank of Montreal medal won for the class by N. Kinslor, H. Heilbronner, J. Sims, I. Katsuyama, Y. Katsuyama, J. Parker, C. Thompson, A. Cade, F. Richmond and A. Phillips, fomite of dining-room furniture.
- Drawing**

SCHOOL PLANTS ARE EXCELLENT PRODUCTS

The exhibit of school plants at the fair is an excellent one this year. These plants are procured for the pupils in the form of rooted slips early in the season, and are taken home and cared for by them. They include fuchsias, begonias and geraniums, and as a result of the distribution 87 plants are shown, all in bloom and showing excellent care.

Power boat Laura F., owned by George Frizzell, sank at the Frizzell wharf during the night, and was this morning raised and towed over to McNeiholl Creek by Capt. A. Swanson of the Prince Rupert Boat House with the launch "23," where she was beached. The cause of the boat sinking is not yet known, but it is surmised that her exhaust pipe was knocked off by a boat alongside, thus letting the water in.

Unveiling of Altar of Peace at Vancouver to be Broadcast by C.N.R.

VANCOUVER, Sept. 10.—An international audience will have the opportunity of listening to all addresses delivered on the occasion of the unveiling of "The Altar of Peace," the Harding memorial at Vancouver on Wednesday afternoon, September 16, at 2:30 o'clock, Pacific Standard Time, arrangements having been completed by the radio department of the Canadian National Railways to broadcast the music and the invocations at the ceremonies through CNRV, the most powerful station on the coast.

J. H. Moss, international president of Kiwanis, will unveil the memorial in the presence of the official representatives of the governments of the United States and the Dominion of Canada.

It is anticipated that a gathering of enormous proportions will be present to witness the ceremonies. In order that all may hear the address, special public speaking sets will be installed to carry the voices throughout the park, while the microphones will be connected by wire to Lulu Island, where the transmission of CNRV is placed, and from there broadcast to listeners located in both countries.

The memorial fund was raised by special subscriptions through Kiwanis and the memorial itself is the design of Charles Marega, a Vancouver sculptor. All necessary material was found in Vancouver and its vicinity, while the craftsmen were also residents of Vancouver.

WILL BE PARSON WHILE CAN STAND

Rev. John Pringle Becomes Mission Superintendent for Northern B.C.

SYDNEY, N.S., Sept. 10.—"I intend to stay in the active ministry of the Christian church as long as I can stand on my feet," declared Rev. John Pringle, D.D., former Moderator of the Presbyterian Church in Canada, and overseas army chaplain, in announcing recently his resignation to his congregation here in St. Andrew's Church, and stating his decision to take the post of mission superintendent for northern British Columbia, with headquarters at Kamloops.

Dr. Pringle is in his seventy-fourth year and came here seventeen years ago from the Yukon. There was hardly a dry eye in the church as the veteran minister expressed his regret at leaving the city where he had labored so long. He said that his ministry here had been a happy one, but the Western opportunity having presented itself he thought his duty demanded that he embrace it. He had often been asked why at his age he did not retire, but his nature was one which could not stand idleness.

When The Babies Are Cutting Teeth THE MOTHER SHOULD USE

During baby's teething time, the bowels become loose and diarrhoea, dysentery, colic, cramps, etc., manifest themselves; the gums become swollen, and cankers form in the mouth. This is the time when the mother should use "Dr. Fowler's," and, perhaps, save the baby's life.

Mrs. S. FRIZZELL

Third Avenue Prince Rupert, B.C.

Ten Years Ago in Prince Rupert

September 10, 1915.

City Clerk E. A. Woods has received word that E. H. Maynard, recently wounded at the front, has recovered from his injuries and expects to be in service again very shortly.

A novelty at this year's fair will be a fish restaurant conducted by Mr. and Mrs. William Shrubal with the assistance of the Canadian Fish & Cold Storage Co., the Atlin Fisheries, Rorvik Fish Co. and the leading hotels.

The police last night seized a Chinese lottery outfit at a Chinese resort on Third Avenue and, as a result, a number of Orientals who recently arrived in town from the south will appear in police court.

EVOLUTION NOTED IN NEWSPAPERS OF TODAY

One Hundred per Cent Added to Voting Intelligence by Present-Day Attitude

Premier Greenfield of Alberta says that Canadian newspapers sacrifice dignity for sensationalism, and hinder rather than facilitate government by their criticism, says the Vancouver Sun.

Premier Greenfield is unjust. The difference between newspapers of 50 years ago and newspapers of today is that old-time editors were interested in parties, while modern editors are interested in good government. In Horace Greeley's day, political parties could count on their newspapers through thick and thin. Today, except in isolated cases, political parties must
