INSANE IN BRITISH COLUMBIA ON INCREASE

TWO WOMEN FROM RUPERT COMPLETE LONG JOURNEY TO SOUTHERN GOAL

Minister Brings Up Serious Problem of Mental Defectives

VICTORIA, Nov. 19.—British Columbia is caring for in its mental hospitals and asylums one mentally defective person out of every 285 of population according to figures presented in the legislature by Hon. William Sloan, provincial secretary, who spoke on a resolution to authorize the appointment of a special committee to investigate the situation.

Mr. Sloan stated that the increase of insane in the province since 1872 had been out of all proportion to the increase of population until, in the present year, the condition had reached a most serious aspect.

GOVERNMENT IS TIGHT VICTORIA

Sign of Any Change in Spite of Political Fireworks and Opposition Newspapers

(Special to Daily News)

VICTORIA, Nov. 19.—The political situation here is not as bad as it is made to appear. A number of newspapers each session make it seem as if the government were tottering to a fall, but in reality there is no sign of such a condition. Everything is going well with the government. The Attorney-General has cleared himself from the mud thrown at him by a convicted criminal. People are realizing that the action taken by the government in refusing to hold the work on the B.C. University so that the buildings might be used this winter, was in the best interests of the province. In spite of the little gallery of Major Dick Burde, the government is not likely to be repudiated this session and there is no sign of a provincial election being within measurable distance.

NEW YORK, Nov. 19.—A loan of \$100,000,000 to the Italian Government for the purpose of insuring financial support for restoration of the gold standard in Italy has been arranged through a group of American banks headed by J. P. Morgan & Co.

TWENTY BOATS YET TO REPORT

Sales of Halibut This Morning Few Cents Higher Than For Yesterday

Slightly over twenty fishing boats have not yet reported and it is expected most of them will bring their catches here. The Sea Maid arrived too late today to sell and her catch will be offered tomorrow morning along with others that may arrive. Prices were a few cents higher this morning. All the boats were Americans, the detail of the sales being as follows:
Sunset, 25,000, at 13.20c and 6c to Allin Fisheries.
Omaha, 18,000, at 12c and 6c to Cold Storage.
Constitution, 15,000, at 12c and 6c to Cold Storage.
Rainier, 30,000, at 12.50c and 6c to Booth Fisheries.
Kanaga, 30,000, at 12.40c and 6c to Cold Storage.

Lady Hikers Reach Vancouver After Being Two Months on the Road by way of Prince George

Exactly two months on the road, Mrs. Sam Johnson and Miss Anna Rovik, hiking from here to Vancouver, reached their objective yesterday afternoon according to word reaching the city today.

Leaving here at 5 o'clock on the morning of September 18, the two ladies hiked it over the ties from Prince Rupert to Prince George, went south from there over the Quesnel highway and Cariboo trail to Ashcroft and resumed the journey from there into Vancouver on the C.P.R. tracks. Often they were offered lifts but these they did not deign to accept, standing resolute on the undertaking to walk the entire distance of about 4,000 miles.

Mrs. Johnson it is expected will return to Prince Rupert shortly though Miss Rovik may remain longer in the south.

TRIBUTE TODAY FOR THOSE WHO DIED ON VESSEL

Burial Service Read and Flowers Thrown on Water Memory of Submarine Crew

PLYMOUTH, Nov. 19.—An impressive tribute was paid by the Navy today to the memory of 68 officers and men who perished in the submarine M-1 a week ago. The fleet assembled at dawn at a spot off the coast of Devonshire where the submarine made the fatal dive and the burial service for those who die at sea was read after which wreaths of flowers were thrown upon the water.

KILLED MOTHER AND SISTER BEFORE SHE TURNED GUN ON SELF

BUTTE, Mont., Nov. 19.—Mrs. Madeline Borelli, 36 years of age, shot and killed her mother, Mrs. Charles Schmidt, 67 years of age, her sister 45 years old, and then turned the gun on herself, ending her own life, at the family home today. She recently suffered a nervous breakdown.

HAZELTON, Nov. 19.—Three suspects have been arrested by the provincial police in connection with the supposed murder of Matthew McLean, Hazelton Indian, who was lost from this place about a year ago and whose remains were discovered recently at Salvas, a coroner's jury later bringing in a verdict that deceased had met his death as a result of foul play.

ODD SHIPMENT NEW ZEALAND

Flies Sent from B.C. to Fight Destructive Pests in Southern Dominion

VICTORIA, Nov. 19.—Nineteen hundred lace wing flies in special boxes stored in a refrigerator aboard the big motorship Aorangi left last night for New Zealand where they will battle in park and pleasure grounds of the southern Dominion to protect oaks and other trees from the depredations of the green fly. The shipment was collected by entomologists from under the loose bark of the pine trees in the Okanagan district. The British Columbia flies it is expected will prey on the green flies and hold in check their destruction of the deciduous trees in New Zealand.

DOMINION BOARD OF TRADE NOW MOOTED

KLAN PLANS TO HOLD PARADE

Imperial Klazik Says Three Thousand Expected to Take Part in Vancouver

VANCOUVER, Nov. 19.—Major L. L. Powell, Imperial Klazik of the Kanabian Knights of the Ku Klux Klan, who is now in Vancouver after having been held up for about a week at the border, announces that in about a week or ten days there will be a parade of the new hooded order with something like three thousand taking part.

The Imperial Klazik stated that the Klan was now well established both in Vancouver and Victoria and branches were being formed in North Vancouver, East Vancouver, New Westminster and at two places up the Fraser valley. In Saskatchewan also seven or eight organizations are under way but so far there has been no invasion of Alberta.

As soon as the organization is ready, a permit for the big parade will be sought from the chief of police here and the Union Jack will be carried at the head of the line.

Lucky For Us We Had The Drydock.

It is lucky for the people of Prince Rupert that they are at present linked up with the drydock power plant else there would have been neither power or light in the city for days to come. Happily the connection was made a short time ago and there was no interference. The pumping plant at Shawatlans has also proved the means of keeping up our water supply.

Provincial Government Sufficient Majority.

On the first division of the session in the Legislature, the government had a majority of four, quite sufficient to enable them to carry on without difficulty.

The condition in the Legislature is very similar to that obtaining at Ottawa. The government is supported by a number of members who, while not nominally Liberals, are supporters of a Liberal policy. They realize that for the present government to carry on is far better than to bring about a change. They are one in aim and they vote together on important questions and it is probable they will continue to carry on for the next year or two or perhaps longer.

Must Make Hospital Safe Against Fire.

In an institution like the Prince Rupert Hospital, where many of the patients are unable to help themselves, it is necessary that every precaution should be taken against fire. If the water main on that street is not large enough, another should be laid. If fire drills are necessary they should not be neglected. The same is true of the schools and other public institutions, especially where there is more than one floor in the building. "Safety First" is the policy to be followed every time. It is so easy to be stampeded when something goes wrong. More people are killed from being trampled to death or otherwise injured through the wild scramble of people crazed with fright than from being actually burned to death.

Now and then when anything big happens to draw attention to the need, the authorities awaken to the situation and take action and then the danger is forgotten until some other tragedy or holocaust occurs.

Fines For Not Voting At Election.

A penalty was laid on those who failed to vote at the recent election in Australia. Any person refraining laid himself or herself open to prosecution in the courts and a possible fine of two pounds sterling or approximately ten dollars.

All democratic countries will follow with interest the results of this enactment. If people can be forced to go to the polls and vote, will it have a good effect on government or a poor one? Will the votes of those who do not care what happens be a good influence in the country? We have our doubts. If a person is not interested enough to go to the polls without being driven, he is hardly likely to give an intelligent opinion on matters of government.

LARGER WATER MAIN NEEDED

Hospital Board to Take Matter up With City Authorities—Sewer Line Needs Repairs

The urgent need of a larger water main leading to the hospital being installed by the city was referred to in the report of the house committee which was presented to the hospital board at its regular monthly meeting last night. The committee recommended that the matter be taken up at once with the city authorities and, in compliance with this recommendation, the executive committee was delegated to interview the Board of Works.

Speaking to the point, President S. K. Campbell explained that there was only a three inch main leading to the hospital at the present time, this also supplying all Fifth Avenue with water. He felt this was inadequate and feared that it would give an ineffectual stream of water should fire break out. The board should not let up in presenting the seriousness of the situation to the city especially in view of the fact that the hospital board itself had already gone to considerable expense in the matter of reducing the fire risk at the hospital through replacing gasoline sterilizers with electric, rewiring the building in conduit and building new fire escapes, etc.

The house committee also reported that repairs were needed on the sewer line leading from the hospital to Cow Bay and recommended that this matter too be taken up with the city. The freestone bearing the sewer line, it was stated, was in danger of collapsing. The sewer line was originally built by the hospital but last year was taken over by the city.

The house committee submitted figures in connection with a filing cabinet for the x-ray department and the board authorized the purchase of same at a cost not to exceed \$70. Leo Vaughn suggested that the cabinet should be of Canadian manufacture.

The house committee further reported that the front door of the hospital had been repaired, that a drain pipe in the nurses' home needed repairs, that the heating of the ward beneath the case room needed looking into, and that Miss Harrison required more shelving accommodation as well as other minor matters. Repairs where necessary were authorized by the board.

GARDEN AT NURSES' HOME IS PROPOSED

Mrs. R. L. McIntosh Submits Suggestion in Making Gift of \$50 to Hospital Board for Purpose

As a small acknowledgment of the care and kindness that had been extended her while a patient recently in the Prince Rupert General Hospital, Mrs. R. L. McIntosh presented to the hospital board at its meeting last night a check for \$50 which she suggested might form the nucleus of a fund to establish a garden on the Nurses' Home grounds.

Expression of appreciation for the gift was made by President S. K. Campbell and other members of the board and, after some discussion as to ways and means of meeting Mrs. McIntosh's suggestion, it was decided to leave the matter in the hands of Miss Harrison, lady superintendent, for organization. The benefit to be derived from having a garden at the Nurses' Home was generally acknowledged. The board also passed a vote of thanks to Mrs. McIntosh for her generous gift.

MARY PICKFORD IS DIRECTOR OF BANK

LOS ANGELES, Nov. 19.—Mary Pickford, the famous movie actress, has recently been appointed a director of the Federal Trust & Savings Bank here. It is suggested that as Mrs. Douglas Fairbanks is now engaged in making a picture in which she appears as a ragged urchin, she may possibly appear at the bank meetings in that garb to save time of changing.

RAISED \$2,000 TO SAVE ANCIENT TREE

SEATTLE, Nov. 19.—Washington's oldest inhabitant, a cedar tree 2,300 years of age, has been spared the ax through the generosity of nature lovers of this state. It stands 200 feet high, is 58 feet in circumference, and 18.4 feet in diameter.

The Washington Natural Parks Association raised \$2,000 by popular subscription to buy the monarch, together with 20 of its companions, which stand 35 miles from here. The land occupied by the grove will be set aside as a state park.

VALUABLE FOXES FROM P.E. ISLAND

MONTREAL, Nov. 19.—One of the most valuable shipments of silver black foxes ever handled has been moved by the express department of the Canadian National Railways from Prince Edward Island to Toronto. The animals which numbered 200 and all of pure bred stock, have a gross value exceeding \$500,000, the individual value of the animals ranging from \$1,000 to \$5,000.

FIGHTING PARSON IS IN VICTORIA HOSPITAL

VICTORIA, Nov. 19.—Rev. F. L. Stephenson, widely known among soundboughs of the Yukon gold rush of 25 years ago as the "fighting parson" of the Klondike, is confined to the hospital here for treatment.

ANNUAL BAZAAR MOOSE LEGION

Affair Was Closed with Dance Last Night with Great Crowd Present

The annual bazaar of the Moose Lodge and Ladies of the Mooseheart Legion, which is known to have been a great financial success but for which definite financial returns cannot yet be announced, came to a close with a big dance last night at which some 500 persons were present. Music was furnished by Arthur's Orchestra and, during the supper hour, selections were played by Miss Irene Morrison. Gillis Royer was master of ceremonies and T. D. Elliott and Mrs. P. Wingham were at the door. The affair came to a close at 3 o'clock this morning. The refreshment committee consisted of Mrs. Charles Edwards, Mrs. P. J. Ryan, Mrs. A. Strachan and Mrs. Ed. Unger.

One of the features of the evening was the drawing of lucky tickets for the grand prizes by Mrs. Thor Johnson and for the raffles various little girls and boys.

Winners were as follows:

Was Nearly Crazy From Headaches

Miss K. Brill, 579 Redwood Ave., Winnipeg, Man., writes:—“I was troubled with such severe headaches that sometimes I was nearly crazy with them.”

One day a friend told me about, and advised me to use

so I tried it, and it has done me a world of good. I just took two and a half bottles, and I haven't had a headache for a long time, now.”

RUPERT MAN STAR MCGILL

Arthur Manson, Son of Former Member, Has Envious Reputation as Athlete

It will be of interest in local sporting circles to know that Art Manson, who received his early education in this city and who as a youth had an enviable reputation as an all round athlete, is one of the star football players of McGill University. For four years he has played on the McGill Senior team and he figured prominently in the big games that were played with Toronto University early this month. In one of the games McGill was beaten by 9 to 2 but local friends of Art Manson, and they are still many although he has been away from here for many years, will doubtless agree that it was none of Art's fault. He played as a middle wing in the big games.

A program of one of the games has been forwarded to the Daily News office by Jack Edwards, who left Prince Rupert for Montreal this year, whose address is 436 Canada Cement Building, and who sees Art quite often. Jack, in his letter, says in part: “Art is very popular in McGill and is very active in sports. He will be through this year.”

Art's picture appears both individually and in group in the program which says he is “famed for his line plunging.” In another place the program says: “Bozo” Manson—playing his last season at middle wing for the red and white. Works harder than a soap box salesman in Russia. A great favorite with the more subtle sex, being forced to carry a club to beat ‘em off.”

SPORT CHAT

People sometimes forget that there is a good big game hunting district just north of Vanderhoof which can be reached a whole lot more easily than the far famed Cassiar region. There have been a number of moose taken there by local residents this fall. Prince Rupert hunters used to visit there but none have done lately.

IF the Knights of Pythias beat the Great War Veterans in tonight's game in the Men's Whist League they will share top place with the St. Andrew's Society providing the latter team loses to the Sons of England. The other two matches of the evening will be: Moose vs. Knights of Columbus and Sons of Canada vs. Odd-fellows.

With no basketball in prospect for the winter, it looks like a quiet season is coming up for the sporting public at large. The fact that the basketball games cannot be played here because there is no place in which to play them speaks multitudes on behalf of the necessity for a regularly constituted gymnasium and athletic hall. It is probably Prince Rupert's worst need at this time and should be the objective for the next organization in the city that wants something on which to devote its energies for the public good.

The Junior Football League season will be formally closed with a banquet in the St. Regis Cafe on Friday night. The feature of the evening's proceedings will be the presentation of the Rochester Shield to Booth School Junior League champion team. Members of the other two teams

FIRE DRILL AT GEN. HOSPITAL

Recommendation of Lady Superintendent is in Hands of House Committee

Pointing to the recent fire at the Prince Rupert Spruce Mill as an example of what might happen if a conflagration broke out in the hospital, Miss Jean Harrison, R.N., lady superintendent, in the course of her monthly report to the hospital board last night, urged that steps be taken to organize the hospital staff against such an emergency. Miss Harrison suggested that a list of the staff should be made and that various members should be assigned to take certain posts in the event of fire. This would help to prevent panic and was a course that was adopted in most hospitals. Miss Harrison suggested that fire drills might also be held and that the fire fighting equipment in the hospital should be regularly inspected. Members of the board agreed with the suggestions and the matter was referred to the house committee to deal with.

Miss Harrison asked that something be done in connection with the path from the nurses' home to the hospital which was in such a condition that nurses could not use it without getting their feet wet. This was also referred to the house committee for attention.

Reporting generally on the conduct of the hospital, Miss Harrison's report stated that the month of October had been a very busy one with as high as 61 patients in the hospital on two occasions and an unusually large proportion of very sick cases. It had been necessary to put extra beds in two wards and use the library as a private ward. Miss Harrison acknowledged donations that had been made to the hospital during the month and also announced that the Workmen's Compensation Board during its recent visit here had been extended the use of hospital facilities for its work.

CHARLEY'S AUNT IS COMING TOMORROW

Famous Farce to be Shown in Picture at the Westholme for the Week-end

The screen version of the internationally famous farce "Charley's Aunt," by Brandon Thomas will be the feature attraction here tomorrow. Syd Chaplin has the title role and the supporting cast is composed of players of wide repute.

As a stage play "Charley's Aunt" has already grossed over three million dollars and holds the money-making record for the stage. It has been produced in every civilized country in the world which, in addition to giving it an international reputation, has established it as a play with the basic qualities of farce comedy that can be appreciated and understood in any language.

"Charley's Aunt" was first produced at Bury St. Edmunds in Suffolk in 1892 with W. S. Penley starring, and was then brought to London, playing first at the Royalty Theatre and then at the Globe where it ran continuously for four years, a total of 1466 performances. The fame of Charley's Aunt spread far and wide and seven touring companies started out through the provinces. Several companies are still touring with it in England, and each year it is put on in London where it is one of the "draws" of the holiday season.

Some of the great stage stars who have played in "Charley's Aunt" were the original W. S. Penley, who is said to have made a million and a half dollars out of it; Lyn Harding, Brandon Thomas, Miss Nina Boucicault, Junian Royce, Reeves Smith and A. E. Matthews. It was first played in America by Girardot. The Christies gave this picture an especially elaborate production and it is said to be the funniest feature that the screen has offered this season.

FINE PROGRAM BOOTH SCHOOL

Parent-Teacher Meeting Was Well Attended and Enjoyable and Instructive Time Spent

Those seventy or more persons who attended the parent-teachers' meeting last evening enjoyed a most interesting and diversified program.

The business of the evening was quickly disposed of, Mrs. Arnott occupying the chair in the absence of Mrs. Spencer who has sickness in her home and to whom the meeting extended a vote of sympathy.

A committee was appointed to purchase a couch for the Borden Street School, it being pointed out to the meeting that there was no couch at this school on which to place a child who might be taken sick during school hours.

The first item on the program was a song by Mrs. MacMillan, accompanied by Miss Marsh.

Following this T. S. Wilson delighted the audience with a song and recitation.

The feature of the evening was an illustrated talk on Honolulu and the Hawaiian Islands by Miss Rothwell. As each of the views of these wonderful islands was flashed on the screen Miss Rothwell made the audience feel that they were standing beside her seeing these tropical islands in reality.

The meeting then adjourned to the basement where Mrs. Darlington had on display the hats made by the girls in the second year High School millinery class.

Refreshments were served by the ladies of the association.

DIET KITCHEN AT HOSPITAL NEEDED

Report of Miss Helen Randal, R.N. on Recent Inspection is Presented to Board

The need of a diet kitchen in the local hospital as a requisite in connection with the proper conduct of the training school was again referred to by Miss Helen Randal, R.N., registrar of the Graduate Nurses' Association of British Columbia, in her report on her recent visit of inspection to the hospital which was presented to the board last night. President Campbell concurred with the suggestion and the matter was referred to the house committee for the purpose of ascertaining if a location in the building was possible and, if so, to make an estimate of the cost.

Miss Randal's report also referred to the fact that plaster in the Nurses' Home was cracking and recommended that this defect be remedied. J. H. Thompson, chairman of the house committee, stated that the building was settling and suggested that the matter of making repairs might be left over until the building had finished settling.

In the course of general remarks, Miss Randal's report stated that she had found things in good condition at the hospital. The board was fortunate, Miss Randal stated, in having Miss Harrison as lady superintendent and she hoped that she would prove as successful as she gave promise of being.

HAZELTON

Miss Mary MacKenzie of Morissetown was a guest of Mrs. C. H. Sawle here last week.

Last week three cars of high grade ore were shipped by Duke Harris. One carload, from Four Mile mountain, went to Anox and two carloads from the Silver Cup to Trail.

The weather in the district is still exceptionally mild and, so far, there are few signs of winter.

Mrs. E. McCutcheon of Detroit, who trained for a nurse in the Hazelton Hospital, has forwarded a check for \$20 to be applied to the fund for the furnishing of the Nurses' Home. Contribution to the fund now total \$1,939.50. The objective was \$1,800.

Mrs. George Benson has left for Vermillion, Alberta, where she will visit with relatives.

The Man Who Talked at Random

HE sat in the window-corner of the Pullman's smoking compartment, and breathed fatly and uttered large opinions in a suety voice. It grew late, as so often it does; and he put the quietus on a discussion with the ponderous statement:

"I don't read advertisements. They have no effect on me at all. I'd never miss them if they stopped printing 'em."

Then he glanced at his advertised watch and sought his lower birth.

In the morning the ad-skeptic contorted himself out of his advertised pyjamas into his advertised underwear, drew on his advertised socks, adjusted them with his advertised garters, got into his advertised clothes, laced his advertised shoes and added himself to the congestion in the wash-room.

There he shaved with an advertised razor, using advertised shaving cream; brushed his teeth with an advertised toothbrush and advertised dental cream, washed with advertised soap, and brushed his hair with an advertised brush. Buttoning his advertised collar on an advertised button, he neatly knotted his advertised tie, gave his advertised suspenders a tug or two, and finished dressing.

Let us leave him there, this man who never reads advertisements!

Everything worth using is advertised. Everything that isn't, rarely is.

Read the advertisements for value's sake

BURNS LAKE

W. B. Purser of Maidstone, Sask., was a visitor here last week. He is looking over the territory with a view to locating a large body of farmers who wish to come West. He was favorably impressed with the Cheslatta district, south of here.

Rev. W. R. Ashford, on returning from Vancouver last week, was accompanied by his parents, Mr. and Mrs. J. H. Ashford and his sister Miss Annie May Ashford.

R. C. Stanyer has returned to this district from a trip to Wainwright, Alberta.

Chicken thieves have been busy here lately and William McKenna and Andy Ruddy are advertising to the effect that the people who raided their chicken houses will be prosecuted unless they settle promptly for the birds stolen.

VANDERHOOF

Olney Reil and S. P. Gilbert are building two boats for the public works department, one to be sent to Miworth and the other to Isle Pierre.

Harold Wheelend Smith and Miss Katherine Maud Huffman, both of Fort St. James, were married last Tuesday morning by Rev. R. T. McFarlane.

Mr. and Mrs. Harold Averill left last week for Chilliwack.

Miss Kathleen Matthews has arrived from Vancouver to take charge of the public school at Fraser Lake.

John Roberts of Engen was fined \$50 in the police court here last week for unlawfully pointing

Are the Pennies Blocking Your Way

Some women, even though they realize what a waste of time and what a tiring job washing is, still they struggle with washday because they think laundry service is beyond their names.

But if they'd only try our Thrift-T Service they'd know how economical laundry service can be.

Everything washed clean, your flat work ironed, wearing apparel just to iron—and the cost is only 5c per lb. and 1c per piece.

Get rid of washday and you'll have many new hours a week to use them as you wish. You'd like to have them of course, so don't let the pennies stand in the way.

P. Burns & Co. Ltd. shipped a carload of cattle from this district to Prince George last week and will ship another carload next month.

The Vanderhoof Board of Trade has already asked J. A. Fraser, M.P.-elect for this district, to endeavor to have an experimental farm established in this district.

On a hunting trip last week in the Greer Valley country, Archie Stewart and Ed. Simonson shot and killed two moose. Francis Micks also killed a moose in the same valley a few days ago.

HOSPITAL FINANCING

Board Decides to Institute Endowment Fund by Taking Out Life Insurance

Hospital receipts for the month of October were \$6,571.99 and disbursements, including capital expenditure and operation, totalled \$5,363.50 according to the report of the finance committee submitted by the chairman, J. L. Christie, to the hospital board last night. The cost per hospital day, it was reported, had been \$3.18 and there had been 1575 hospital days.

In connection with future hospital financing, H. W. Birch, managing secretary, suggested the advisability of forming an endowment fund by placing life insurance on certain individuals with the hospital as the beneficiary. President Campbell agreed with the suggestion stating that he believed it a sound business principle. At some future time the necessity of building a new hospital would arise and it was not too early to look to the future and, if possible, make preparations. The board decided to authorize the finance committee to take out \$2,000 insurance as an initial step.

CAPTAIN KIDD, PIRATE

William Kidd, a Scotchman born, was a shipmaster and shipowner who in 1695 was living in the town of New York. In that year the Earl of Bellmont, governor of Massachusetts Bay, placed Kidd in command of a privateer with special permission to suppress piracy. However, Kidd turned pirate himself, and incidentally had a private battle with his gunner Moore, in which he hit him on the head with a bucket and killed him. When Captain Kidd returned to Boston in 1699 he was arrested and sent to England for trial at the Old Bailey prison. Here he was convicted of the murder of Moore. As the case also had political sides, Kidd was tried for piracy. He denied the piracy charge, and put up a plausible defense, but the odds were against him, and he was convicted of that crime. Captain Kidd was hanged at Execution Dock, London, on May 23, 1701. Part of his treasure is supposed to have been buried at Gardiner's Island, N.Y., and never to have been recovered.—*From The Mentor.*

KU KLUX KLAN SEEMS FUNNY TO CANADIANS

People in This Country do Not Care to Dress up Like a Spook and Act Like Fools

(Vancouver Sun)
One big reason why Canadians will not rally very strongly around the fiery banner of the K.K.K. is because they are Canadians. The next reason is that they will resent the interference of foreigners in their domestic affairs. The third reason is that they have a sense of humor. Canadians do their fighting in the open. They do not subscribe to the venomous and verminous habit of prowling around in a bedsheet.

Canadian justice does not need to be supported by any masked order. If these foreign organizers have the secret of law enforcement up their sleeves, why did they not do something with their countrymen Sowash, Baker, Morris, Stone, Johnson, et al., before Canada had to go to the expense and trouble of hanging and lashing them?

"Klazies," "Klazies," and all the rest of the gibberish strike Canadians as funny. They see no reason for dressing up like a spook and acting like a darn fool to do something they can do at the polls in the open.

However, this invasion of K.K.K. organizers is probably fair enough. Canada sends United States bootleg liquor which is often not so good. Why then should we deny our neighbors the pleasure of trying to bootleg a little spurious justice in to us?

RED PROPAGANDA IN WINNIPEG SCHOOLS

Mimeographed Publication is Read and Passed on by Youths of Prairie Capital

WINNIPEG, Nov. 19.—Young boys in the Winnipeg schools are spreading red propaganda by means of a mimeographed sheet, which they are publishing and distributing, according to the Free Press. Three numbers have been issued so far in connection with the "Pioneer Patrols," an organization of lads who are being educated along soviet lines. The lads are divided into patrols such as the Karl Marx Patrol and Lenin Patrol.

The publication is opposed to capitalism and also against religion, and each reader is urged to be a bolshevist. The children are urged to pass the papers along to their school fellows.

POWERFUL RADIO MUCH BETTER THAN FEEBLE

Big Sets are Just as Easy to Work as Small Ones and do Not Need as Careful Tuning.

LONDON, Nov. 18.—Listeners with limited experience are generally rather nervous when they first handle a multi-valve set. The very size of the receiving apparatus, the complexity of the wiring within the cabinet, the number of controls and the powerful nature of the reproduction obtainable from even distant stations give them the feeling that the operation of the instrument demands far more skill than they possess. Really there is nothing that need cause nervousness for the big set, if designed, as most standard modern receiving sets are, with a view to stability and simplicity of operation, is much easier to work with than the small set. Unless the range is comparatively short, a small set has usually to be "pressed" a little in order to obtain reasonable signal strength, while to pick up distant transmissions it must be

brought to such a sensitive condition that skilled handling is required if it is to be prevented from bursting into oscillation. With the large receiver one has in hand an ample margin of power, which means that for broadcast reception there is no need to work near the point at which oscillation occurs. Stabilizing devices of various kinds can be used and control can be so simplified that even a novice may pick up all the stations within the range of the apparatus and tune them to good strength with ease. The most types of commercial receiving sets have, in fact, been made almost "fool-proof."
It is always an easy matter to find and tune in a powerful transmission; where the beginner, and sometimes also the old hand, is apt to fail is in searching for a less powerful signal. A strong transmission can be heard over a fairly large range of control settings. The weaker the transmission, and the greater the distance from which it comes the sharper will the tuning be. Often the faintest movement of the knob suffices to bring in such a signal or to reduce it to complete silence after it has been found.
