EUROPEAN SECURITY PACT SIGNED TODAY

DENSE FOGS IN SOUTHERN PART OF THE PROVINCE HOLD UP SHIPPING

Pact of Security is Signed by Germany, France and Belgium; Britain and Italy Guarantors

LOCARNO, Oct. 16.—Just as the armistice ending the war made history, so treaties were adopted yesterday which promise to be historic. At Locarno yesterday Germany and the allied powers approved the text of a Rhine pact of security designed to make impossible the reopening of the great war.

The pact, which will be initiated today or Saturday pledges its signatories, France, Germany and Belgium not to attack or invade one another's territory and to abstain from war.

Great Britain and Italy stand as guarantors of this agreement and promise to throw their forces against any of the three parties which violates its terms.

Later Despatch
LOCARNO, Oct. 16.—The pact was initiated as "correct" late this afternoon by delegates to the conference, which then adjourned.

DUTCH VESSEL STILL ASHORE BENTINCK ISD.
VICTORIA, Oct. 16.—The Dutch steamer Eemdyk, ashore at Bentinck Island, is still held fast with every prospect of remaining so for some time. Officials of the Pacific Salvage Company say that as the vessel struck at high tide much of her cargo will have to be lightened before she can be pulled off. Until the thick fog blanketing the coast lifts they say little can be done in the way of salvage work.

TRUSTEES ASK LAW CHANGED
Would Have Teachers Give Same Notice as Trustees but Turn Down Compulsory Exams.

VICTORIA, Oct. 16.—A proposal to establish compulsory writing on high school entrance examinations by High School pupils was defeated at yesterday's session of the B.C. School Trustees Association convention. Further did delegates deliver a suggestion that examinations be held at different seasons depending on climatic conditions of the various districts of the province, as advocated by the Kamloops members, who said the summer heat was a great handicap to students writing on the tests there.

A resolution was passed asking for an amendment to the school act requiring teachers to give same notice of resignation to school boards as was imposed upon the latter.

MANSON HEARD AT TERRACE

Attorney General and Fred Stork Given Good Reception at Meeting Last Night

TERRACE, Oct. 16.—There was a large crowd out to hear Hon. A. M. Manson and Fred Stork speak here last night, the chair being taken by E. T. Kenny. Mr. Manson was in good form and made an excellent impression. Liberals here are much encouraged as a result and predict a good majority in this district for the Liberal candidate.

BIRTH.
A daughter was born to Mr. and Mrs. A. S. Dunbar, Allin Avenue, on October 14.

CANADIAN FISH ARRIVALS HEAVY ON MARKET TODAY

Canadian fish arrivals predominated in the offerings at the Fish Exchange this morning and, as a result, there was a big drop from the high record mark yesterday. Bids, however, were satisfactory, averaging 15.5c and 6c. There was only one American boat.

Arrivals and sales were as follows:

| American | |
|---|--|
| Sitka, 28,000 lbs., at 16c and 7c, to the Canadian Fish & Cold Storage Co. | |
| Canadian | |
| E. Lipsell, 9,500 lbs., at 15.5c and 6c, to the Booth Fisheries Canadian Co. | |
| Alken, 5,000 lbs., at 15.1c and 6c, and Nautilus, 8,000 lbs., at 15.3c and 6c, to the Booth Fisheries Canadian Co. | |
| Kaiken, 17,000 lbs., at 15.5c and 6c, and Allin, 1,500 lbs., at 15c and 6c, to the Canadian Fish & Cold Storage Co. | |
| Pair of Jacks, 13,000 lbs., at 15.5c and 6c, to the Allin Fisheries. | |
| Rose Spil, 6,000 lbs., at 16c and 7c, to the Royal Fish Co. | |

COUNTY COURT

Edwards vs. Manson Case Settled in Favor of Plaintiff With Consent of Defendant

Judgment in favor of the plaintiff with consent of the defendant has been given by Judge Young in the County Court in the case of Emma Edwards vs. Bert Hanson. The claim was for \$97 covering room rent and money loaned.

The case of A. J. Prudhomme et al vs. Frank McDonald, in which claim for \$127 covering loan and room rent is made, has been adjourned sine die.

Permanent Grain Committee is Appointed and Will Include the Mayor and Chairman of Finance

Announcement was made this morning of the personnel of the permanent grain committee representing the city council and the board of trade. Representing the city will be the mayor and the chairman of the finance committee, the present incumbents of those offices being S. M. Newton and George Casey. The other members will be M. P. McCaffery, Olof Hanson, S. D. Macdonald, J. W. Nicholls and J. H. Pillsbury.

The work of the committee will consist chiefly in considering ways and means of getting grain to go through this port so that the new elevator may be utilized to the fullest possible extent.

It has been proposed that the sum of \$10,000 be raised, half to be provided by the city and half by private subscription for the purpose of engaging a good representative who shall go out after the business. This suggestion is simply tentative and will be considered by the committee. The committee will choose its own chairman.

GRAND BANKS FLEET HOME

Record Catch Made This Year Amounting to 27,482,000 Pounds

LUNenburg, N.S., Oct. 16. The grand banks fishing fleet of 70 vessels from this port completed the season's work with a catch of 245,373 quintals or 27,482,000 pounds, an average of 3,505 quintals per vessel, the largest catch per vessel on record.

The high liner was the schooner W. E. Knick with a total of 5,000 quintals.

LOT OF MONEY NEEDED TO KEEP UP P.G.E.

VICTORIA, Oct. 16.—Between two and three million dollars will be necessary to keep the Pacific Great Eastern Railway in first class operating condition during the next few years, according to estimates of the government engineers now completing a survey of the condition of the road.

LONDON, Oct. 16.—The King and Queen and other members of the Royal Family and thousands of spectators greeted the Prince of Wales on his arrival at Victoria station this afternoon.

FIRE ON WATERFRONT AT 'FRISCO YESTERDAY

SAN FRANCISCO, Oct. 16.—A fire which swept the wooden extension of Pier 40 on the waterfront endangered three ocean going vessels and did damage to the extent of \$55,000 yesterday.

This morning the fire department had a call to the residence of Mrs. Olof Hanson, Taylor St., where fire broke out in the kitchen. Slight damage was done to the woodwork. Had it not been for Mrs. Hanson's presence of mind, there might have been more serious results.

Vessels Unable to Leave Docks Because of Fog at Vancouver, Seattle, and Many Other Ports

VANCOUVER, Oct. 16.—This port is fogbound. Passenger line schedules are badly dislocated between Vancouver and Victoria. The Empress of Russia was held up for a full day in clearing for the Orient.

The steamer E. D. Kingsley, en route here from Seattle went ashore yesterday afternoon in Howe Sound and is expected to be floated at high tide.

SEATTLE, Oct. 16.—Enveloped by a murky fog, which grows denser as the hours pass, the whole north Pacific coast is suffering from partial paralysis of its transportation system.

With several ships aground in the fog, sailings have been cancelled by a dozen different steamship companies and liners stand fog bound at their piers at Seattle, Victoria, Vancouver and other ports.

WESTERN TOUR OF MACKENZIE KING

(Ottawa Citizen)
Apart from the outcome of the present election, Premier Mackenzie King's present tour through the West may help to lay the foundations of a rejuvenated Liberal party such as Laurier led to victory in 1896.

When Mr. King took office in 1921, he had comparatively few lieutenants of cabinet caliber who could be described as young Liberals. The able ministers were, for the most part, veterans of a former Liberal administration, men who dreamed of the glories of the past rather more than looking forward with freshness of Liberal vision to the new crusades ahead.

The counsel of the elder statesmen has doubtless been of great value in the first years of Liberal administration since Laurier, but the elder statesmen are dropping out. Some have retired, others are ready to retire. It has always been apparent that Premier King would welcome new recruits who might even bring some of the leaven of western radicalism into the Liberal party.

It is probable that the premier's present tour will have an important bearing on that leavening process.

Do Not Believe In Betting On Elections.

While we do not believe in betting on elections, it is impossible in a city like Prince Rupert not to hear occasionally how the odds are going. From a casual survey of the situation it is clear that there is plenty of money being offered on Fred Stork but very few takers.

We think betting on elections is a risky thing, generally, and that people who bet on such events are foolish, unless they have money to lose. Yet the betting is a pretty good indication of how things are going and just now they seem to be going strong for Fred Stork.

Realize Need Of Returning Government.

The people who are supporting Fred Stork are doing so in some cases because they think he is an excellent representative and has made good, particularly in securing the erection of the elevator at this port. People also realize that in voting for him they are voting for a continuance of the Liberal government in power and against the high tariff wall of the Conservatives.

The Mackenzie King government has shown itself friendly to Prince Rupert whereas the opposition leaders, with one solitary exception, have shown themselves distinctly hostile. The question then resolves itself into whether we shall vote for our friends or our enemies.

Some people complain that our friends have thrown us down. Even if this were true it would be better to trust to them than to play right into the hands of those who are avowedly hostile. As a matter of fact, however, the Mackenzie King government is today being criticized in the East because it has been too friendly to Prince Rupert.

Education Report Needs Much Study.

The education report recently submitted to the government and made public by them will need a lot of close scrutinizing. Members of the provincial legislature especially will need to study it and not to accept everything set forth therein. After all it is the government that is going to be responsible for changes in the educational system and not the members of the commission.

Another thing to remember is that the members of the commission are university men and the public schools are not institutions preparing children for the university but for the business of life. Very few ever reach the university and many never go to high school.

It is not the intention to criticize it here just now but simply to draw attention to its importance and to the need of going slowly in initiating changes.

Debating Valuable For Young People.

With the initiating of the winter activities of the churches, fraternal organizations and others it is well to consider whether debating might not be included in the program. It is a great thing for people to learn to speak in public. It is one of the most valuable means of expression and of influencing public opinion. Often in life people are called on to propose a toast, to make a presentation, to reply to a toast or to advocate or defend some line of policy and to be able to do it effectively is worth a great deal. When a man is young is the time to learn.

WELL KNOWN COUPLE WED

Marriage Took Place Last Evening of Miss May Reid and John Frew

Quiet but interesting to a wide circle of local friends was the marriage of Miss May Reid, daughter of Mr. and Mrs. William Reid, 241 Seventh Avenue West, and John Frew, son of Mr. and Mrs. J. Frew of Steveston, Scotland, which was solemnized at 8.15 last night by Rev. Dr. H. R. Grant at the residence of the bride's brother-in-law and sister, Mr. and Mrs. R. Davie, 236 Fifth Avenue East. There were present only relatives and immediate friends of the contracting couple.

The bride was charming in a turquoise blue satin dress with silver bandeau and carrying a bouquet of Ophelia roses. Miss Catherine Irvine made a winsome bridesmaid in pink satin trimmed with radium lace with silver bandeau and bouquet of pink carnations. The bride was given away by her father and R. Davie supported the groom.

The groom's gift to the bride was a fitted out dressing case, to the bridesmaid, a pearl necklace and to the best man, gold cuff links.

After the ceremony, a wedding supper was served for about twenty guests. S. D. Macdonald proposed the toast to the bride and groom which was responded to by the groom. Music and singing was then enjoyed until the happy couple proceeded to the steamer Prince Rupert on which, being given a send-off by a large group of friends, they sailed to spend a honeymoon visiting in Portland and other southern cities. The bride went away in a fawn cloth dress with fur trimmed wrap and hat to match.

Mr. and Mrs. Frew will return to the city in a few weeks and will take up their residence in the Summit Apartments. Both bride and groom are well known and highly popular in the city. Mr. Frew is accountant in the office of the C.N.R. general superintendent and Mrs. Frew has also been connected with the local C.N.R. staffs for some time.

GOOD RECEPTION AT POINTS IN SOUTH

Fred Stork Was Pleased at Support he is Being Given, Especially at Bella Coola

Fred Stork, who left for the interior yesterday, was in the city only a short time, a schedule of meetings having been arranged for him along with Hon. A. M. Manson.

While in the south he visited Ocean Falls, Butedale, Swanson Bay and Bella Coola. A good meeting was held at Hagenborg where E. Brynildsen presided. The meeting at Ocean Falls, which was addressed by Hon. A. M. Manson and Mrs. Smith commenced at nine o'clock and closed at half past ten.

Mr. Stork is well pleased with his visit to the south and is looking to see outside points do even better than Prince Rupert on polling day. He will return to Prince Rupert for a meeting in the near future.

LEONARD WAIDE OFF TO OKALLA

Local Labor Leader Will do Six Months in Southern Jail for Supplying Indians With Liquor

Leonard Waide, leader of the I.W.W. in this city, who was convicted this week on a charge of supplying liquor to Indians, was taken south last night on the Prince Rupert to serve six months at Okalla Prison. Elwood Bard was also taken south to do six months for vagrancy. City Police Constable George Crate is escorting the prisoners on the trip.

IN THE LETTER BOX

QUESTION OF TARIFF

Editor, Daily News:

The third paragraph of your first editorial Tuesday says Mackenzie King believes in low tariff, but realizes that a moderate tariff is necessary to pay the war debt.

Consider the Ford automobile. The American Ford Company sells its touring car for \$290.00 at Detroit, Mich., where it is made. The Canadian Ford Company sells its touring car, exactly the same as the American Ford in construction, for \$445.00 at Ford, Ontario, where it is manufactured. The difference in price, then, is \$155.00, which the Canadian purchaser has to pay on this side of the line over what the same car sells for in the United States.

Now this \$155.00 does not go to the government for the payment of our huge war debt, nor for any purpose whatever. It goes directly from the pocket of the Canadian purchaser into the pocket of the Canadian Ford Company of Ford, Ontario. A tariff that raises the cost of a car from \$290.00 to \$445.00, 53 per cent, cannot be called "moderate." How do you square these facts with the question you ask in your last sentence? Is not the big Ford Company of Canada making a fortune at the expense of the common people? This company made over 100,000 cars in 1924. The Mackenzie King tariff is so "moderate" that it enabled the company to take from the Canadian people over fifteen million dollars more than a normal profit.

G. H. ARNOLD.

Union steamer Catala, Capt. A. Johnstone, arrived from the south at 11:30 last night and sailed for Anyox and the Naas River. The vessel is scheduled to sail from here on her return south at 10 o'clock tomorrow morning.

SEINING FOR PAST SEASON

Good Money Made Off Queen Charlottes But Mainland Locations a Failure

That seining operations off the Queen Charlotte Island coast have proved to be very successful this year, the seiners having experienced a more remunerative season than for years past, but that the seining off the mainland coast has been a failure, was the opinion expressed to The News this morning by Jack Bradbury, who with his partner Don Yelf, has been operating the seine boats Bethune, Reveille and Tip Top in island waters this season. The big run has been in chums while pinks have been pretty scarce and the canneries have packed considerable of this variety of fish this year for which remunerative prices have been paid to the fishermen.

The canning season for these varieties of fish is practically over now and all the canneries, with the exception of the Millard and New England cannery at Gumsheva, have closed down for the year. It is expected the two canneries now operating will close down at the end of the week.

The majority of boats constituting the local seining fleet will operate around Vancouver Island to supply the fall and winter market with salmon. The boats of the N.M. & R. Fish Company are already in the south as are also the Reveille and Tip Top, while the Bethune, Capt. J. Bradbury, left port yesterday to join other boats of the Bradbury and Yelf fleet.

All boats will return north in the spring to engage in the herring fishing.

HARDSHIPS ENDURED BY U.E. LOYALISTS

W. S. Fisher Tells Rotary Club of Terrifying Experiences of Early Settlers in New Brunswick

At the Rotary Club luncheon yesterday Walter S. Fisher recounted some of the experiences which the United Empire Loyalists went through in the days following the war of 1812. Many of them settled near St. John and Fredericton in New Brunswick and the first winter was spent in tents without proper food and clothing. The conditions there were almost unbelievably hard, especially for people who had left comfortable homes in the New England states.

Mr. Fisher is himself a descendant of the U.E. Loyalists and the Fishers have been very prominent in the life of the province of New Brunswick.

PRINCE CHARLES TO TAKE VANCOUVER RUN

C.N.R. Alaska Boat Will Take Place of Prince George It is Expected

Having awaited the arrival of the Prince Rupert from the south, C.N.R. steamer Prince Charles, Capt. Neil McLean, sailed at 11.30 Wednesday night on her last trip of the season to Alaska ports. The Prince Charles will return here from the north next Sunday night and, while definite instructions as to her future movements have not yet been received locally, it is expected that she will relieve the steamer Prince George in the Vancouver-Prince Rupert-Stewart service the week after next. The Prince George has some repairs to be made.

MANY QUALIFIED AT COURT OF REVISION

One Hundred and Thirty-five People Got on Federal Voters' List in This Man-ner

Norman A. Watt, revising officer for the federal election voters' list, announces that 135 persons qualified by appearing personally before him at courts of revision held during the past few days. The last of these courts closed Wednesday night and those who are not already qualified to vote at the election will not have the opportunity of doing so now.

Rt. Hon. W. L. Mackenzie King

Premier King has said:---

"I promise the West Impartial Justice and Equal Treatment"

His famous Order-in-Council is concrete evidence that he means to carry out this policy. The order reads:

"The Committee are of the opinion that the policy of equalization of freight rates should be recognized as being the only means of dealing equitably with all parts of Canada, and as a means of encouragement of industry and agriculture, and the development of export trade."

Contrast this policy with the statement of Mr. Meighen, which his followers---the Conservative Candidates---will be compelled to support by reason of the pledges of the Conservative Candidates in the East. Meighen said:

"There has been a measure of relief for the West by means of equalization of freight rates, which is utterly indefensible."

There you have the policy as it will be applied to the West, of the two parties who now ask your endorsement.

The policy of the Liberal Candidates is to populate the West. Population will come where it is profitable to live. Open Canada's natural trade routes to the world's markets, for the tremendous natural resources of the West. Equalize freight rates Westward, and you will have

turned the key that unlocks the door to prosperity.

A definite example of what these discriminating rates are costing the West --- as they affect the fruit growers of British Columbia --- is found in these figures:

From Grimsby to Montreal, it is 390 miles and the rate is 95c. per 100 lbs.

From Vernon to Calgary, it is 340 miles and the rate is \$2.40 per 100 lbs.

The same discrimination is applicable to all lines of Western production. This is startlingly evident when you ascertain that in the six years previous to 1921, the West contributed \$174,000,000 net profit to the Canadian Pacific Railway --- while the East, with its greater population, contributed but \$81,500,000---less than half.

You must decide whether the man you send to Ottawa shall be controlled by the Canadian Pacific Railway and the interests of the East---who for narrow, selfish reasons are antagonistic to the West---or, whether you will send a man to support a leader in the person of Rt. Hon. W. L. Mackenzie King, who believes he is serving the best interests of the whole Dominion by giving impartial justice and equal treatment to the West
