## BIG INTERNATIONAL GATHERING STANLEY PARK WITNESSES HISTORIC EVENT

### Memorial of International Good Will Was Unveiled at Vancouver Before Vast Throngs of People

VANCOUVER, Sept. 16.—The Harding memorial of peace and amity was unveiled at Stanley Park yesterday afternoon in the presence of vast throngs of people. The event was featured by an address delivered by J. H. Moss, president of the Kiwanis International, who brought a message of goodwill.

Mayor Taylor, who had declared the afternoon a civic holiday, reciprocated the sentiments expressed by the visitor. Greetings were voiced by Hon. Dr. King, representing the Canadian Government, Premier John Oliver, representing British Columbia and other provincial premiers.

### BRITISH TRADE IS SALVATION SAYS PREMIER

#### Mackenzie King Opens Campaign with Urge to Liberal Policy of Improved Trade

AMHERST, Sept. 16.—Premier Mackenzie King opened his maritime campaign last night here with an urgent plea for the development of "overseas trade." "Build up trade with British markets. That's the thing to build up the maritime provinces. Our policy should be developed in order to build up this part of Canada," he declared.

### MASSET TIMBER CO. LOGS SOLD

#### Four Million Feet to be Taken South on British Pacific Transport Co.'s Barges

The old stock of logs belonging to the Massett Timber Co., whose mill at Buckley Bay has been closed down this year, has been sold to the British Pacific Timber Products Co. Ltd., and will be removed to Vancouver and other markets in the south for cutting. The deal involves about 4,000,000 feet of logs which are being thus disposed of before they commence to deteriorate, there being no sign of an immediate resumption of operations at Buckley Bay. The logs will be taken south on the log carrying barges Bingham, Black Wolf, and Biscayen, the first being due at Massett Inlet about September 24 and the others following soon after.

### PRICE IS SET CONVICT HEADS

#### Bloodhounds and Police Searching For Six Convicts Who Escaped at Seattle

SEATTLE, Sept. 16.—The price of one hundred dollars a head, dead or alive, is the price set on each of six convicts who escaped jail here yesterday. Bloodhounds, police and citizens are searching the bush country north of Seattle and bloodshed is feared as the men are known to be armed and they are desperate characters.

Before escaping the men secured four revolvers inside the prison and forced the jailers aside.

Julius Johnson was fined \$25 in the city police court this morning for intoxication.

### ACTIVITIES ON Q.C. ISLANDS

#### Heavy Run of Chums Reported and Canneries Working Overtime There

#### LOGGING CAMPS BUSY

According to word brought to the city by the steamer Prince John last night, 67 whales have so far been taken at the Naden harbor station and 144 at Rose Harbor. This is considered average for Naden Harbor but low for Rose Harbor. Indications are, however, that by the end of the season both plants will have done as well as in past years.

A heavy run of chums has just commenced around Skidogate Inlet and Moresby Island and the canneries and salteries are operating in full swing, the Lockport and Lagoon Bay canneries having been working overtime this week to handle the amount of fish brought in. In the Massett Inlet vicinity, the chum run has not started in full force yet.

E. H. Simpson, manager of the Langara cannery at Massett, is about to put in a small portable sawmill at Massett to cut lumber for local demands. The machinery for the plant is going over from here on the Prince John tonight.

The Sitka Spruce mill at Queen Charlotte City is cutting lumber steadily and the Kelly logging camps in the vicinity of Logan Inlet are running as usual. When the Prince John was there the new steel log carrying barge Drumrock, belonging to the Heate Straits Towing Co., was being expected at any time to take on a cargo of logs for delivery to the Prince Rupert Spruce Mill.

### FISH ARRIVALS

#### Catches Marketed at Halibut Exchange this Morning Totalled 150,500 Pounds

Halibut fares sold at the Fish Exchange this morning totalled 150,500 pounds, four Canadian boats selling 26,500 pounds and the balance being from six American vessels.

Arrivals and sales were as follows:

American	Canadian

Arfow, 25,000 pounds at 12.6c and 6c, and Wabash, 8,500 pounds, at 14.3c and 6c, to the Canadian Fish & Cold Storage Company.	Selma, 13,000 pounds, at 15c and 6c, to the Royal Fish Co.
Ivanhoe, 16,000 pounds at 13.1c and 6c, and Helen Payne, 7,500 pounds, at 14.1c and 6c, to the Booth Fisheries Co.	Marguerite, 3,500 pounds, at 12.1c and 6c, to the Atlin Fisheries.
Cedric, 15,000 pounds, at 13.9c and 6c, to the Royal Fish Co.	

### LITTLE GIRL DIED AT HOSPITAL TODAY

#### Four Year Old Daughter of Mr. and Mrs. Harry Jackson Passed Away

The death occurred this morning at the General Hospital of Florence Mary Jackson, four years and four months old, daughter of Mr. and Mrs. Harry Jackson of 936 Second Ave.

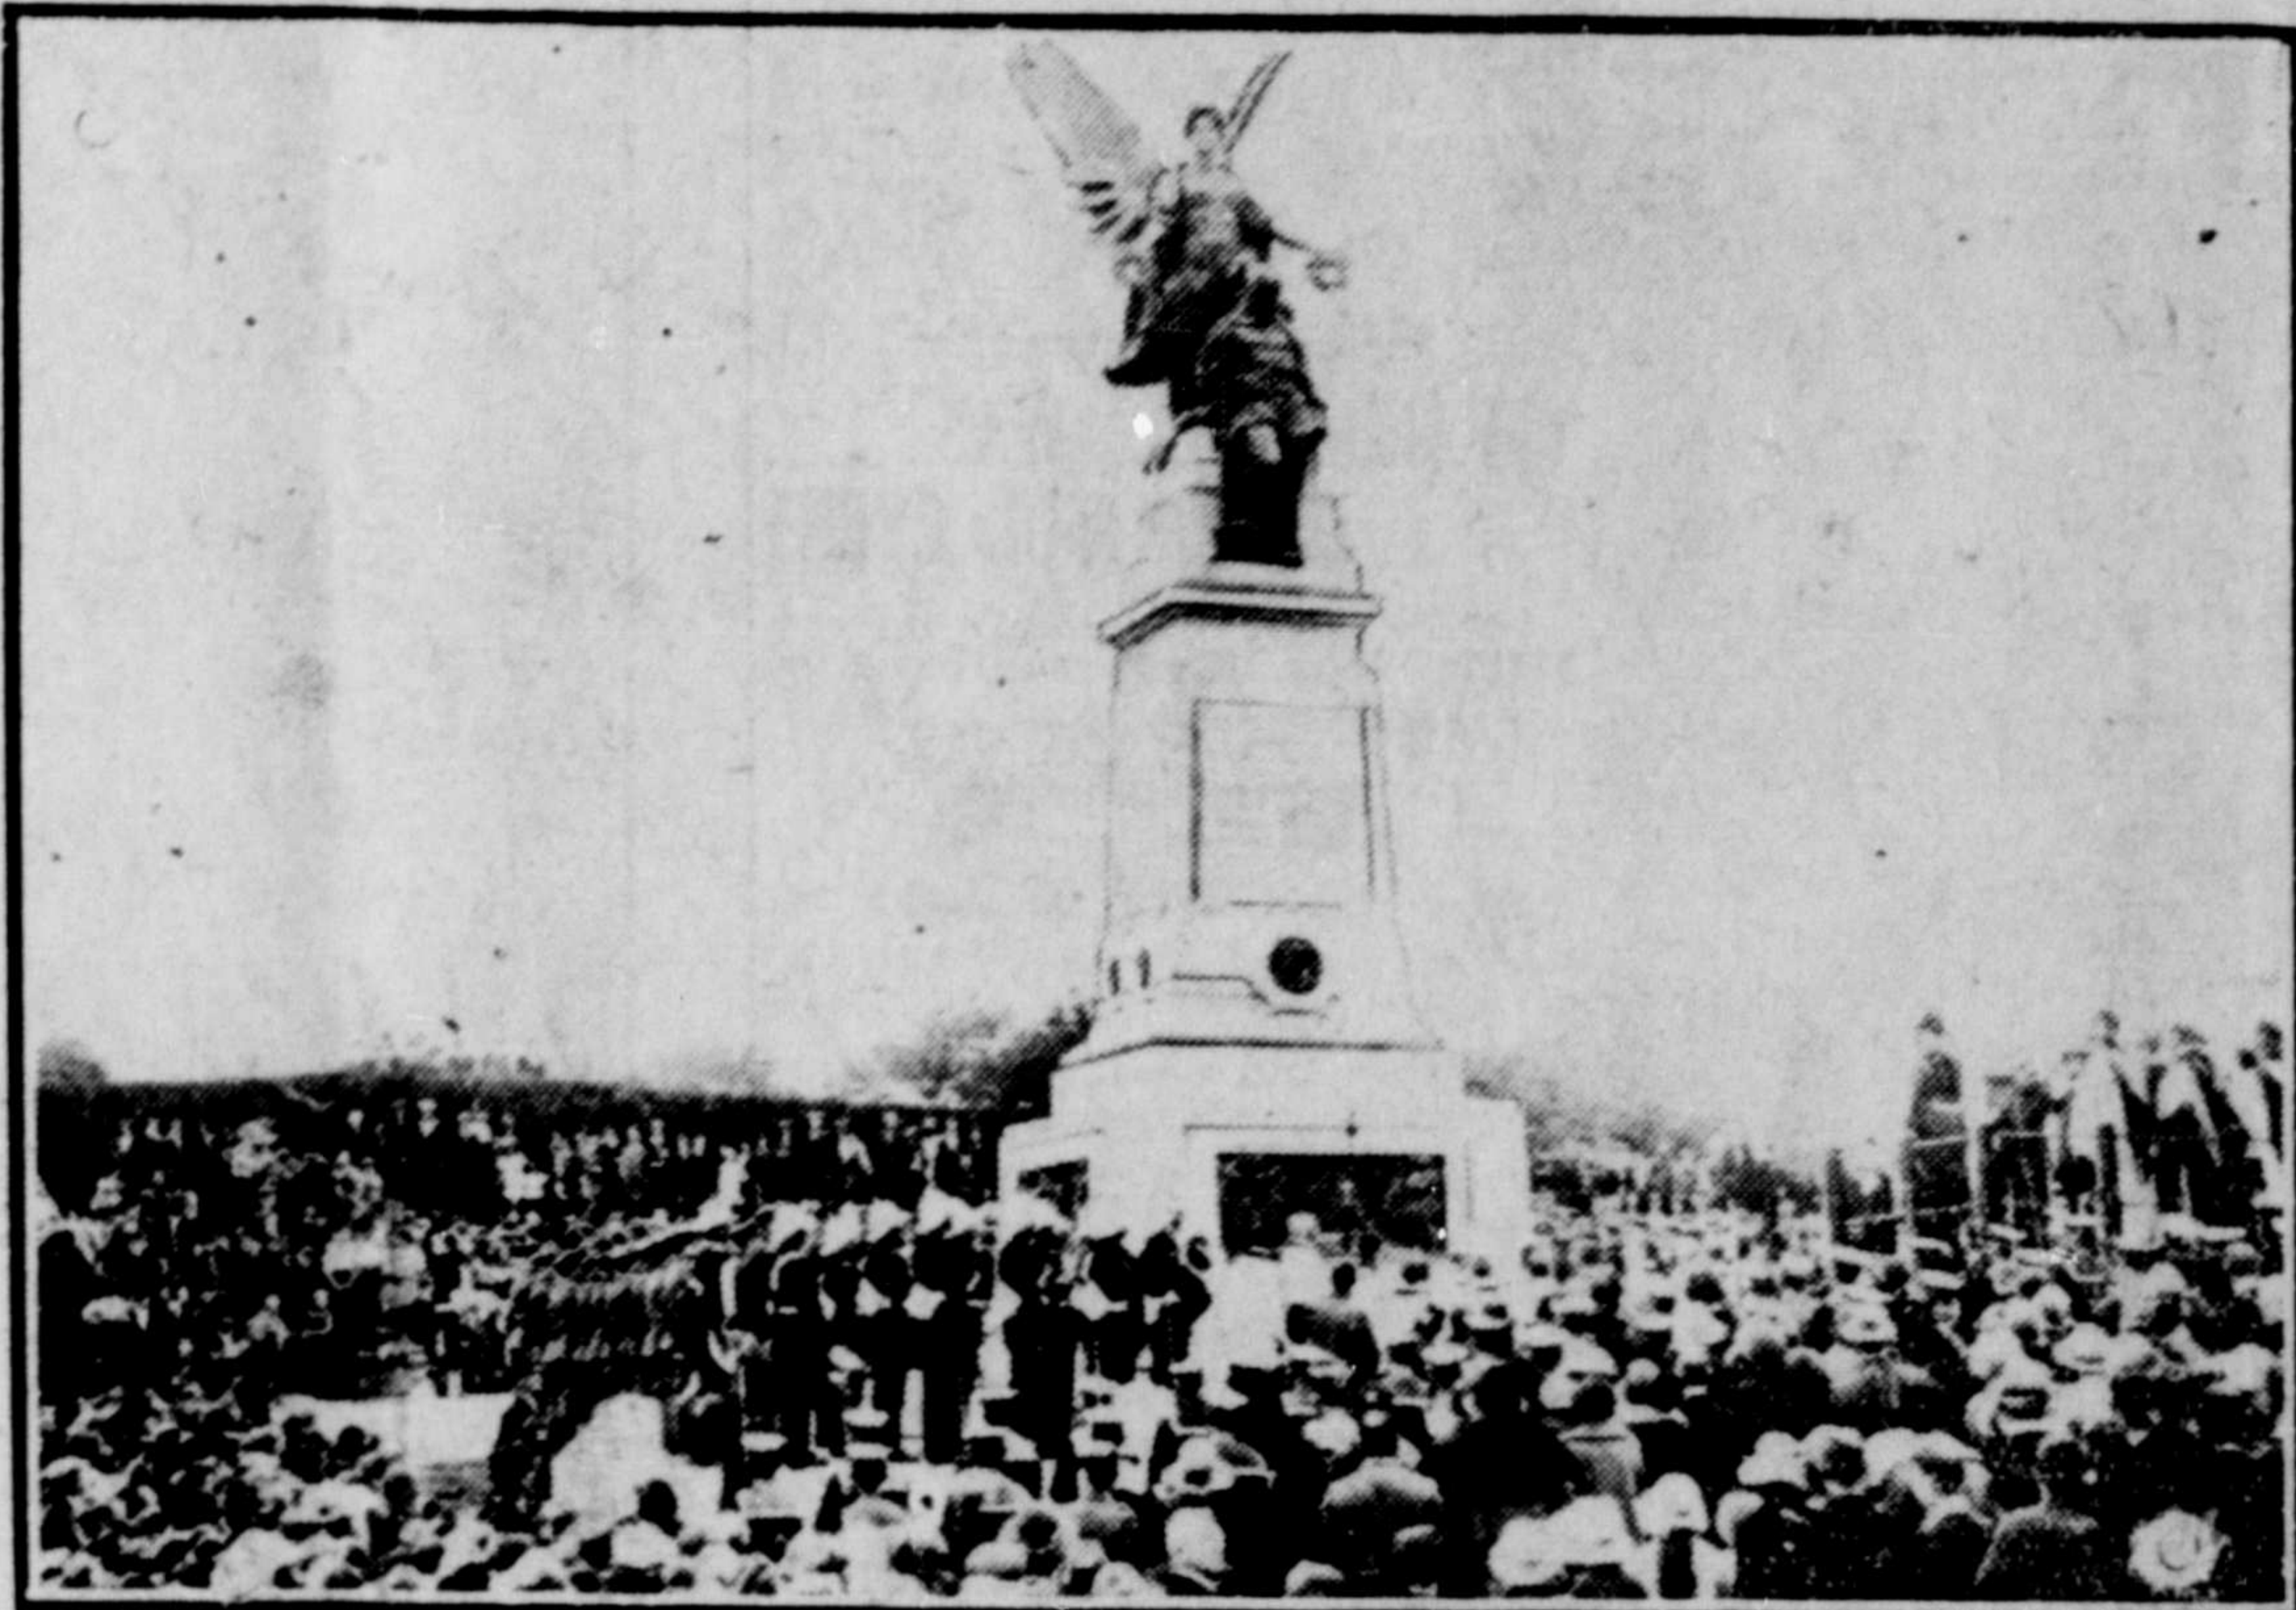

Mr. and Mrs. Jackson are well known here and much sympathy is being expressed with them in their bereavement.

### KILLED WHEN STRUCK BY AUTO, VANCOUVER

#### Car Ran Amok When Brakes Gave Way and Man Was Struck and Dragged 30 Feet

VANCOUVER, Sept. 16.—Struck by an auto, which careened down Cambie Street yesterday afternoon when the brakes gave way, George Lovelock, 35 years of age, a laborer, was dragged more than 30 feet and sustained injuries from which he later died.

### EXPERIMENTING SAVING GOLD

#### Cyanide Process Being Tried Out at Massett on Black Sand

Whether or not the cyanide process for the recovery of gold from the black sands of Massett Inlet is a practicable and economic proposition will be definitely established about September 26, when a month's trial run through the plant recently established there will have been completed according to Charles T. Cabrera, mining engineer, engaged in the project, who is a visitor in the city today.

Mr. Cabrera expresses great satisfaction with the work as a result of daily assays and he himself is confident of success. This work which Mr. Cabrera has been interested in for the past year or so has been watched with interest by the mining world and its success or otherwise may mean a great deal industrially.

Principals in the project, besides Mr. Cabrera, are John Tretheway and John Tough, Toronto capitalists. The latter as a prospector was responsible for some important mining discoveries in Ontario.

Mr. Tretheway or Mr. Tough or possibly both are expected here about October 3 on their way to the Queen Charlotte Islands to inspect operations. About the time of their visit it is expected that definite statement will be made as to the results of the work now in progress.

Mr. Cabrera has seven men employed in the work at the present time.

### NEW SPECIMENS FOR MUSEUM

#### Local Collection in Bank of Commerce Building Gradually Increasing

At a meeting of the museum board held yesterday afternoon in the Bank of Commerce building plans for extension of the collection was discussed and active steps taken looking to the raising of some necessary funds and the securing of further specimens.

Several new donations were received among them being a fine model of H.M.S. Egeria, the British naval survey ship that surveyed a great deal of this coast and prepared charts for the use of navigators. This was made by the coxswain of the ship and some time ago came into the hands of Miss DuVernet who presented it to the museum.

The skull, recently pulled up in Hecate Straits off Tow Hill, by Ted Shrubbsall was found to be that of a porpoise. The nose projection, which was seven inches long, had much the appearance of the bill of a bird and most people who saw it thought it must be that of a bird. Canon Rushbrook identified the skull and promised to donate a similar one to the museum.

Three sets of birds' eggs were donated by a person who collected them. There was a set of two loons' eggs, a set of two glaucous winged gulls and a set of guillemot's eggs. These had been carefully blown on the side and will be ticketed. Miss DuVernet has undertaken to put labels on all the articles in the collection.

Already the first show case is nearly full of specimens and more space will be required soon.

### PRINCE MAROONED CHILEAN MOUNTAINS

#### Track Blocked by Landslide in Andes Which Barely Missed Train

SANTIAGO, Chile, Sept. 16.—The Prince of Wales is at Los Andes, the Chilean terminus of the trans-Andes railway where he returned after a journey to the Argentine yesterday. The route was blocked by a landslide, which barely missed his train. It was caused by a heavy snowfall in the mountains.

### KETCHIKAN CAMPAIGN AGAINST RATS WAS LED BY YOUNG LADY EXPERT

#### War on Rats Has Been Proceeding Here, Miss Helen Caldwell, who has been campaigning throughout Alaska against the vermin has been leading the campaign here.

Mayor Torry issued a proclamation ordering a rat killing week and the citizens, particularly the businessmen, have co-operated well with the result that the city is pretty well clear of them. The method used was somewhat similar to that at Juneau and other cities, barium carbonate being laid in the runways. The rats when they have taken the poison all make for water so they do not die in their holes.

### PRINCE GEORGE WOMAN IS ARRESTED IN CITY

#### Provincial Police Pick up Mrs. Arthur Bellos Who Failed to Answer to Liquor Selling Charge

Having failed to appear in Prince George where she was charged with selling liquor, Mrs. Arthur Bellos, alias Grace Ryan, was arrested here last evening by the provincial police and is being held awaiting escort back to Prince George where the case against her will be proceeded with.

### WALKER WINS NOMINATION

#### Will Lead Democratic Party for Mayorality of New York Representing Tammany

NEW YORK, Sept. 16.—James J. Walker was this morning leading Mayor Hylan by eight thousand votes for the democratic nomination for mayor of New York, returns from yesterday's elections show.

Walker is the nominee of Governor Smith, the dominant head of the party in the state of New York. He is backed by all the forces of Tammany Hall but the Hearst press and it is believed he will yet run as an independent, thereby probably electing a Republican.

The result of the nomination is looked upon here as somewhat of a knockout blow for Hearst as a political boss. During the campaign Governor Smith stated that Hearst had the nerve of a Bengal tiger to be loafing in the splendor of his palatial estate on the coast and attempting to dictate the politics of New York.

### FEAR SALMON BE DEPLETED

#### Ketchikan Commercial Club Urges Restriction of Fishing in Fall

KETCHIKAN, Sept. 16.—The following message of warning of the danger to the fisheries of the district was sent to Henry O'Malley, commissioner of fisheries, by the president of the Commercial Club of Ketchikan:

"At well attended Commercial Club meeting held today I was authorized to inform you that the bays of this district are well filled with pink salmon. Preservation of the fish supply and best interests of industry forbids taking and canning these pinks. After full discussion it was the consensus of opinion you should be advised several canneries intend operating this fall season, so it is hoped you will use your good offices to discourage taking and packing pinks now on way to spawning beds; also that unusual effort be made to maintain the stream watchmen."

### FOREST FIRES NOT BAD HERE

#### This Region Has Been Singularly Fortunate this year, District Forester Reports

With the fire season now about closed and little hazard expected from now on, P. S. Bonney, district forester, reports that Prince Rupert district has been singularly fortunate this year as far as damage from forest fires during the year and cost to the department in combating them has been concerned. While other districts in the province have had heavy losses and the cost of fighting them has been exceptionally large, Prince Rupert district has had 183 fires, this season—none of them very serious, the co-operation of the public has been good, damage to timber has not been great and the cost to the department of keeping the situation in hand has been about \$12,000.

Whispers Of Death Injuring Canada.

Every time a politician tries to make it out that conditions in Canada are bad, he is injuring the country. One of the most active of the blue ruin orators is the Conservative leader who is trying to show that higher tariff is necessary.

In spite of the howling politicians and the newspapers that support them, the credit of Canada is better today than it ever has been, her securities and the securities of her industrial concerns are growing in value. People are anxious to lend money to the country and it is noteworthy that the recent bond issue was snapped up almost at once by Canadians.

What we want today instead of whispers of death is a little more life and enthusiasm.

Big Power Scheme May Not Be Visionary.

The people of the state of Maine have set themselves the task of carrying out a huge power scheme, which it is thought will revitalize the whole of the state and also bring prosperity to the part of Canada bordering on the Bay of Fundy. The plan is to dam Passamaquoddy Bay and Cobscook Bay and to form a pool with 100 square miles of water with a dam 4,000 feet long and 70 feet high. The wall will be provided with three gates. Another lower pool will have 50 square miles of water and will be enclosed by a wall 2,400 feet long. The power houses are to be on a dividing wall, which is 3,600 feet long.

The gates of the upper pool are to be opened only during rising tide while those of the lower pool are to open only during falling tides. This will keep a supply of water in the upper pool while the lower will be constantly emptied. The fall of the water from the upper pool through turbines into the lower pool will afford a continuous downfall, whether the tides are rising or falling.

Similar Condition Exists Right Here.

While there is little similarity in the location of the pools a similar scheme might be carried out here. A dam would be built across the Shawallans narrows just beyond the sawmill. Other dams would be built at Butze and Zenardi rapids, all having gates to admit or stop water passing through. At high tide the big pool behind Butze rapids would be filled from the Zenardi end and at low tide the basin between Butze rapids and the sawmill would be emptied and the gates closed. Then the water from the big inner pool would flow into the outer and provide a continuous flow one way at Butze rapids where the power house would be.

Glacier Bay Important To Canada.

A short item which appeared in the press a few days ago escaped the attention that it deserved, says the Vancouver Star. It was the announcement by an engineer of the B.C. provincial government that by the gradual recession of a great icefield at the back of Glacier Bay, the panhandle of Alaska had been cut, and Canada had acquired a new ocean port, on her own soil to the northern interior.

Had such a discovery followed closely the Alaska boundary award, it would have been hailed with national jubilation. Had it transpired during the Klondike and Allin rushes, its significance would have been widely appreciated. Yet its importance to Canada is still of the first order. Coming at a time when the gold placers of Cassiar are promising a revival of old activities on the creeks of that district, the discovery mentioned is most opportune. If duly authenticated, and taken advantage of, it permits Canada an independence in gaining access to her own fields which will rob Wrangel of its tactical value and Alverstone's decision of its sting.

Whatever Canada may have to complain of in the past in regard to the lack of co-operation of arbitrators, she can have nothing but praise for Nature. The latter, in her noiseless, relentless, but ceaseless processes has been gently mocking the deliberations of the pundits, and the high sounding deliverances of puppetmen. She has heard our lament. She has brought relief. Nature is with us. Canada is on the side of the angels.

PRESENTATION MADE WIRELESS OPERATOR DEAD TREE POINT

Gifford Gray Recipient of Valuable Gifts Before Leaving Queen Charlotte Islands

SKIDEGATE, Sept. 16. — A farewell party was given at the school at Dead Tree to Gifford Gray who has been in charge of the Dead Tree wireless station for the past seven years. A large party went from Queen Charlotte and Skidegate and spent a most enjoyable time.

A presentation was made of a large Haida totem and a carved slate tray from the residents of the East coast, Tleil, Club Bay, and Sandspit and an address was read in which the citizens thanked Mr. Gray for all the courteous acts done during the seven years of faithful service on the island.

Before the party separated all expressed personal regret at his leaving and Auld Lang Syne was sung. Mr. Gray goes to Winnipeg.

VERANDAH TEA WAS DELIGHTFUL EVENT

Affair Took Place at Home of Mrs. S. Dawson for Baptist Church

A very successful verandah tea and sale of home cooking was held at the home of Mrs. S. Dawson, Hays Cove Circle, yesterday afternoon under the auspices of the Baptist Ladies' Aid. The weather was delightful and a large number of ladies called during the afternoon the affair thus realizing a substantial sum for the work of the church. Mrs. Dawson, assisted by Mrs. E. G. Turner, received the visitors. Mrs. Robinson poured and Mrs. Ivanson had charge of the tea tables. Mrs. H. J. Foss was in charge of the home cooking. Mrs. Bert Morgan was convener of the tea, ably assisted by Mrs. Geo. Johnston. Mrs. J. S. Macdonald acted as cashier. During the afternoon Mrs. J. P. MacMillan and Mrs. E. G. Turner sang solos, accompanied by Mrs. Rolfe Walker at the piano.

PITY there are not some more political parties so we could have some more federal candidates in this riding.

IF there were only more cherries, there would not be so many birds after the one.

CHAUNCEY Depew says reading newspapers keeps him young. Now please don't all come in with your subscriptions at the same time. The office is small.

SOME people paint the town red and others put carmine on their cheeks.

THE way to reform the Senate would be to send newspapermen there.

JAKE says "How do you get that way?"

IF playing cards were just a matter of holding hands, I know several shiks who would be gambling all the time.

I WAS remarking that a dollar did not go very far just now, when Jake speaks up and says it goes a darn sight farther because he notices that it never comes back.

Ambling Along With the Trail Riders

1. Chief Buffalo Child Long Lance. 2. Lunch on the Wolverine Plateau. 3. One of the Guides. 4. On the Wolverine Plateau with Tumbling Glacier in the background. 5. Chief Louis Arbel with his Kootenay Indians.

The Official Ride of the Trail Riders of the Canadian Rockies, commenced this year on the morning of August 8th and ended at Wapta Camp on the night of the tenth. Over a hundred members participated. They rode across country between Marble Canyon, on the Banff-Windermere Highway, to the Bungalow Camp at Lake Wapta.

The Riders, among them a number of prominent society people, scientists and artists, all travelling on horse-back, blazed a new passage across the Wolverine Plateau. Six countries were represented: Canada, the United States, Australia, France, the West Indies and England. The artists, of whom there were six, made sketches of the virgin scenery along the route of the newly discovered trail.

Seven Indians were in the party, six being Kootenays under Chief Louis Arbel, while the seventh was Chief Buffalo Child Long Lance who gave a lecture on the Indian Races of Canada to the Canadian Club of Montreal during the winter, and is rapidly becoming famous as an authority upon Indian affairs.

The artists included Leonard Richmond, R.B.A., and A. L. Leighton of England; Carl Rungius, Belmore Browne and Richard M. Kimbel, of New York, and R. Palenske of Chicago. Paris was represented by the Duc de Nemours, who recently purchased a ranch near Calgary.

This was the second annual Ride and Pow-wow of the organization. On the morning of August the eighth, motor cars conveyed the Riders from

Lake Louise and Banff to the point of departure on the Banff-Windermere Highway. Their guides and horses were in readiness and the party immediately mounted and the Ride commenced. The trail led up Tumbling Creek, past Tumbling Glacier and on the Wolverine Plateau where lunch was served. The ride then proceeded along the Plateau with the Wolverine Falls, Mount Helmet and the Washmawapta Icefield and Waterfalls on the left, giving the riders a view of the Ten Peaks on the right.

That night camp was pitched on the Goodwin Plateau and before retiring the campers gathered around the fire for the usual sing-song, in the shadow of the cliff which rises sheer six thousand, five hundred feet above its valley.

On the second day the ride led down to Goodwin Creek and up McArthur Creek, past Lake McArthur. That night was spent of the shores of Lake O'Hara, the camp there being placed at the disposal of the Trail Riders by the Alpine Club of Canada. The day ended again with a sing-song. On the third day, August 10th, the final ride was made from Lake O'Hara to Wapta Lake, where the expedition was concluded with a Pow-wow, sing-song and pale-face dance at Tippi Camp. It is expected that another ride of a similar nature will take place next year as the undertaking impressed those who took part as one of the most enjoyable outings they have experienced. Not only does the Ride provide an uncommonly pleasant holiday for sportsmen from Canada and the United States, but it also serves the excellent purpose of making the scenery and the fishing and hunting facilities of the Rockies known abroad.

SKATING CARNIVAL AT RINK LAST NIGHT

There was a large crowd at the Auditorium last night when the first of the winter season roller skating carnivals was held. Expert instructors were on hand to teach beginners and quite a number of people joined the rink classes to learn the exhilarating art. Music was furnished, and judging from the large number participating in the sport last night roller skating has again become very popular.

PRETTY WEDDING AT QUEEN CHARLOTTE'S

Farmer at Southeast Harbor Takes Bride from New York City SKIDEGATE, Sept. 16.—A very pretty wedding took place at the home of Mr. and Mrs. N. Schafer at Southeast Harbor when Miss Lulliknaw of New York City became the bride of Gus Ross, an old timer here who has a farm at Southeast Harbor. Rev. J. Gillett, Anglican missionary officiated. A banquet provided by the ladies along the coast was served and big parties from Skidegate Mission and Queen Charlotte attended the wedding. The young couple will live at Ocean View Farm.

STALWART GUARDSMAN WINKED AT FRENCH GIRL WHO GAZED HARD

LONDON, Sept. 16.—London is full of tourists from practically all countries and most of the overseas visitors never fail to be interested in the stalwart guardsmen on duty at the Horse Guards headquarters in Whitehall. Some stare at them deliberately and one French girl refused to believe one motionless figure was alive. She stood alone and gazed harder, then suddenly joined her English friends looking somewhat flushed. She explained that the soldier was real after all—he had deliberately winked at her.

### YOUR CANCELLED CHEQUE IS A RECEIPT

If you pay each account by cheque on the Bank of Montreal the man who gets it automatically signs a receipt when he endorses the cheque to get his money from the bank. He can not cash your cheque without first signing his name on the back, thus acknowledging payment.

It is because of this method of doing business that payment through your bank is the sure, safe, economical way. You need not even call to pay a bill. Just mail your cheque to the person to be paid.

ANALYSIS OF GRANBY MADE BY DEALERS

New York Brokers Compare Its Position With That of Other Companies

NEW YORK, Sept. 16. — The Granby Consolidated Mining, Smelting and Power Company and its prospects are discussed in the weekly analysis of Cameron, Michel & Co., stockbrokers, in which the company is compared with two other companies, Calumet & Hecla and Ray Consolidated. The stocks of all are selling around \$13 to \$16 a share.

Bonds Outstanding Granby is the only one of these three companies which has bonds outstanding ahead of the stock. Bonds, which amount to \$3,929,000, are followed by 344,799 share of stock.

Large Production Granby is producing right now at the rate of slightly over 10,000,000 pounds of copper annually, at a cost of 9 1/2 c a pound, before depreciation.

Hidden Creek The Hidden Creek properties of Granby had developed at the end of 1924, 8,469,870 tons of 2 per cent ore, in addition to which there was developed 1,587,070 tons of 1 per cent ore and 500,000 tons of probable ore carrying 2 1/2 per cent copper.

Appears Cheapest At first glance, therefore, Granby appears the cheapest stock of the three, with Calumet & Hecla second and Ray Consolidated third, but other factors must be considered which have an important bearing on the

question. Calumet & Hecla's conglomerate lode, which provided practically all of its past success, is practically exhausted with the exception of taking out the backs, old pillars, etc., together with some small stretches of commercial ground.

Excellent Possibilities Including Allenby, Granby has such a relatively large capacity output per share of stock issued, that under favorable metal and operating conditions the company should be able to clear off its bonded debt and return sizeable share earnings.

SPORT CHAT There were plenty of deer low down according to the first "mowich" hunters of the season who were out at the end of last week.

portunities came to finish. He can fight, however, and can take punishment. Reddick was slow and missed with his vicious right uppercut several times.

Booth School football team will meet the High School on Saturday afternoon resuming the school-football league series of games. Next week it may be possible to play two games.

lengthen the life of the property and make good the facilities already provided and capitalized. Allenby is estimated to contain more than 5,610,000 tons of ore averaging 1.84 per cent copper, or a lower grade than in the Hidden Creek, but known to be amenable to concentration.

Work has been closed down for the winter on the property of the Outland Silver Bar Co. at junction of the Salmon and Chickamin glaciers. F. C. Outland, head of the company, who has been directing operations, has gone south but will be back in the spring to resume work.

Another shipment of Porteur-Idaho ore, amounting to about ninety tons, will go out on the next ore boat.  
Frank Riva and James Douville have completed the season's work on the Montreal group of claims lying on the Naas slope three miles east of the Bear River glacier. Good ore, principally galena and iron sulphides, is reported.  
Mrs. Rothnie has returned to her home in Vancouver after having spent six weeks here visiting with her daughter, Mrs. H. D. Roschfort.  
R. T. Crosby, manager of the Bank of Montreal, will shortly move his residence to the Grant Mahood residence on Eighth Street which has been purchased by the bank.  
Damage to the extent of about \$150 was done to the residence

of William Hanson, Fifth Street, by a fire which was quickly extinguished once a chemical extinguisher was applied to it.  
The Bayview Mining Co. has taken an option from William Dann and associates on the seven claims of the Thompson group lying north and east of the original Bayview property.  
A public meeting will be held here on October 2 to consider the question of incorporating Vanderhoof under the Village Act.  
The following Vanderhoof men were elected delegates to attend the Liberal nominating convention in Kamloops on Wednesday: E. B. Smith, A. J. F. Rae, E. C. McGeachy, R. G. McCorkell, H. C. Ludwig, L. R. Dickinson and Cecil Hartley.  
A farewell dinner was given in the Nechako Hotel last night for W. M. Blackstock, retiring manager of the Bank of Commerce, who is leaving for Vancouver.  
Mrs. E. F. W. Heath and family have returned home after spending a vacation in Vancouver.  
The wedding took place here recently of Miss Ora Olive Peberbat and Wilfrid Harry

rhindress, well known residents of the Mapes district.

Capt. Jack Hann of the seine boat Beatrice H. came in recently after seining all summer at Love Inlet. He is now seining here for dog salmon.

E. G. Gruehy of Vancouver is the new teacher for the Dufferin Pattullo school at Skidegate. Miss I. L. Richardson has taken over the Lawn Hill school again for this term and Miss M. Walker of Vancouver is the new teacher for the Queen Charlotte school.  
The seiners reported a good run of Chums in the inlet here and at Gushewa Inlet. Capt. Lew Collison of Skidegate turned in 16,000 last week and reported that all the boats did well.  
E. S. Richardson of Tlell came in here with a load of beef from his farm. He reports that they put up 80 tons of hay and 60 tons of ensilage this year. He also says that they are pestered with pheasants which have increased greatly the last two years.  
Mrs. G. D. Pitt Turner was appointed Liberal delegate for the east coast of Graham Island and Mrs. E. C. Stevens for Skidegate and Moresby Island but neither were able to attend, so they wired Jimmie Bacon to represent them at the Prince Rupert convention.

NOTICE IS HEREBY GIVEN that the reserve existing over Lot 1819, Range 4 Coast District, is cancelled.

# Are You Strictly Up-to-Date?

EVERY day new inventions appear to save you time, money and effort. All the time new comforts, new conveniences and new pleasures are being thought out for your individual benefit.

Do you know about them? Are you up to the minute on this vital news?

The advertisements bring you information of all this progress. Read them and you will know about the very things that concern you most—things that have a very direct influence on your life and that of your family.

The advertisements tell you where to get these things, how to get them and how much to pay. For advertising is a daily directory to wise buying.

Don't rob yourself of the benefits that come from regular and systematic reading of the advertising columns. Advertising is altogether too important to be missed. Read it every day.

It's a profitable practise
