MESSAGE OF MEIGHEN TO SKEENA RIDING

HUNDRED CARS OF GRAIN A DAY NOW ROLLING INTO VANCOUVER BY C.N.R.

Mr. Meighen's Message to the Skeena Riding

The following letter has been received by the Conservative candidate from his leader in the present campaign:
On train, October 8, 1925.

Dear Mr. Bushby:
The greatest regret I have in respect of this Western tour has been the fact that the committee in charge of same found it utterly impossible to arrange the route so as to include a visit to Prince Rupert. On previous occasions it was not possible for me to go so far north, and I had quite made up my mind to go this time, even at the sacrifice of two or three days, but my strong personal desire in this regard was over-ruled.

Will you be good enough on my behalf to convey to the people of Prince Rupert City, and, as well, of the entire constituency, the assurance that the Conservative Party in Canada, and myself as its leader, follow with the keenest interest the development of the Prince Rupert Port and of the entire northern and central British Columbia. Prince Rupert is one of our young Canadian cities, and as such rightly demands of the Parliament of Canada to be considered in all matters of public policy and of federal administration.

While opposed to wasteful expenditures anywhere, whether in Eastern Canada, Western Canada, or Central Canada, we thoroughly realize the needs of the younger portions of our country and the necessity of governmental co-operation with the people of these districts in overcoming the difficulties they encounter. Our only desire will be to give such co-operation in the most effective manner, that is, in a manner which will get the best actual results for the people and for the districts concerned.

The part you have played personally as a citizen of the Prince Rupert constituency is well known throughout the country in general and I shall look forward with confidence to your return as member of the Federal House of that constituency on the 29th of this month. You may absolutely depend, and those who support you may absolutely depend upon the most sympathetic and practical co-operation with you in all your efforts on behalf of your constituents in Skeena riding.

Yours very sincerely,
(Sgd.) ARTHUR MEIGHEN

GILLIS MURDER CASE PROCEEDS

Morris Admits Much of Stromkin's Evidence But Claims Was Asleep in Boat
VICTORIA, Oct. 24.—The defense of Charles Morris who is on trial charged with the murder of Captain Gillis of the liquor schooner Beryl G. during a hijacking raid, told on the witness stand last night that he admitted the substantial truth of Stromkin's evidence. He confessed that he was a member of the hijacking party as the witness had said up to the night of the murder but swore he was partly drunk when the party boarded Stromkin's boat at Cadboro Bay the same night and had gone to sleep immediately and did not awaken until about six next morning when the boat was a few miles from Anacortes.

ORE CARRIER IS ON ROCKS

Motorship Fairbanks, Outbound, Piled up on Bishop Point Last Evening

WILL FLOAT SOON

Proceeding out after having been in port yesterday afternoon discharging cargo, the motorship Fairbanks, Capt. McDonald, engaged in carrying palladium concentrates between the Salt Chuck Mine, Alaska, and Prince Rupert, ran on the rocks on the high tide at 6 o'clock last evening at Bishop Point in Mellakla Passage just outside of Metlakatla. The vessel, which was empty, was going at full speed in the dark and the impact tended to slide her up further. The result is that it will probably be next Wednesday before the tide will be high enough to float her off. The vessel listed over but sustained little damage and the crew is standing by.

Capt. Alfred Swanson, with the Prince Rupert Boat House boat Leila B., went out to the scene of the stranding and spent the most of the night there ready to give assistance if possible. He went out again this afternoon and will probably pull the boat off when conditions are favorable. She is believed to be in no danger.

The Fairbanks arrived in port from the north at noon yesterday and discharged 500 sacks of ore for transshipment East over the Canadian National Railway to Irvington smelter, New Jersey.

Pretty Young Girl Turns Bandit and Ties Up Taxi Driver Taking Cash and Car

VANCOUVER, Oct. 24.—Jack Singleton, taxi-driver, was held up last night by a pretty young girl and her escort whom he had driven out to Point Grey. They frisked away six dollars, which was all the money he had, marched him to a vacant lot, tied him to a tree with his hands fastened together and then left him and drove away in his car.

Singleton broke away from the tree and a resident of the district loosened his hands. He then notified the police who found the taxi abandoned in the downtown section of the city this morning.

Over Hundred Cars of Grain Daily are Being Delivered by National Railway to Vancouver

WINNIPEG, Oct. 24.—More than fifty thousand grain cars containing a total of 68,400,000 bushels of grain have been loaded at Canadian National points in the western region up to midnight October 22, according to the weekly grain figures issued today by the Canadian National Railways. Of this total 2,636,000 had been delivered at Vancouver, where daily deliveries by the G.N.R. are now in excess of 100 cars. At this date last year 700 cars had reached Vancouver.

Total loadings since the opening of the 1925 grain year on August 1 are more than twice those of the same period in 1924 and show an increase of more than three thousand cars over the loadings of the 1923 period.

While deliveries at Vancouver have shown a tremendous gain those at the head of the lakes also show a substantial increase over the 1924 figures. During the week 5,141 cars were delivered at the lake port against 3,910 in the same period of 1924. Shipments from the lake ports were 50 vessels containing 13,374,000 bushels against 46 vessels with 10,393,000 bushels in the corresponding week.

Growing Grain In The Interior.

C. E. Whitney Griffiths, a director of the United Grain Growers, who has just visited the interior, says that most of the farmers at Wistaria are growing grain and that on one farm 1,400 bushels of wheat was threshed this year.

Now that there is an elevator here, the farmers of the rich interior valleys will have an opportunity to get busy and see how much wheat they can ship here.

Mr. Whitney Griffiths has done the district a service by drawing attention to this. He is not a politician and he has his standing as a representative of the farmers' institutes and the United Grain Growers to protect.

Manson Tells Of Interior Prospects.

Hon. A. M. Manson declares that Fred Stork will get a good majority in the district he knows. He is willing to speak freely for everything east of Hazelton and that is the bulk of the vote east from here.

Hundred Cars Of Grain Daily.

Four years ago no grain was being exported through Vancouver. Today over one hundred car loads a day are being shipped to that port by the Canadian National Railways.

Prince Rupert will also get business before very long and the time will come when a large proportion of the grain will go out by western ports.

Seven years ago, when the writer came to Prince Rupert, Hon. T. D. Pattullo remarked: "There is one thing I should advise you to go after strong and that is ocean shipping."

Tugboat P.R.T., Capt. Harris Kerr, of the Bushby fleet left port on Thursday morning with three empty scows in tow for Georgetown to bring down two scow loads of lumber for local consumption.

Interesting Engine

The installation of the 20 h.p. Hein (Dutch) heavily counter balanced diesel engine, on the 4-cycle system, in the new Havy moller halibut schooner, which has just been completed at the McLean yards will be watched with great interest among local skippers of fishing schooners and owners of power boats generally.

Torpedo Shotgun

Capt. McEwen and chief officer Bill Hammond of the Cold Storage mechanical staff, have recently won fame and misfortune at Seal Cove with a new type of hunting torpedo. The two tillicums were angling for shrimps one day when a crab climbed the anchor chain in an effort to attack the craft and caused a lot of unrest.

Perhaps doing the week's washing. In YOUR work is a variety—interest—growth; in hers only dullness—stagnation.

Not Advertised Here
the first place, the calling
tenders was not advertised

in the local papers, and many
who would have put in a bid had
no chance to do so.
Secondly, those who were in-
vited to submit samples were
specifically advised that a union
blanket only would be considered,
that is a mixture of cotton and
wool.
It would appear that an all
wool blanket was selected, or the
board has paid an exceedingly
big price, as the figure, we un-
derstand, exceeded by practically
\$2.00 each, the bid of some of
the local houses.
Will any sane person contend
that it is good business to an-
tagonize the business men of
this city? When the nurses' home
was erected, did the Hud-

son's Bay Co. or any out of town
concern contribute a nickle? Do
they buy tickets for Hallowe'en
dances or help furnish the
children's ward? We venture to
say they do not. Therefore it
seems poor business on the part
of the officials to go out of their
way to put business in their
hands, and earn the enmity of
local business in so doing.
Yours faithfully,

WINNIPEG, October 16, 1925

TO THE RAILWAY WORKERS
OF CANADA.

Dear Sirs:

*I am credibly informed that a whispering campaign
is being carried on in the endeavor to misrepresent my views,
and the attitude of the Conservative Party, towards the Can-
adian National Railway System and the Canadian Pacific
Railway Company.*

*In order that there may be no doubt in your mind as
to where I stand on railway amalgamation, I give you my
personal assurance that I have never given the slightest sup-
port to it, and I will oppose, either in office or in opposition,
Parliament dealing with the question of amalgamation, unless
as an issue to be placed squarely before the people at a future
election for their decision.*

*Increased population and traffic, and not amalgama-
tion, are needed to solve Canada's Railway problem. My
railway policy is bound up with a reasonable and stable pro-
tective tariff, bringing with it prosperity and increased rail-
way earnings, thus assuring regular full time employment for
Canadian railroad workers, as against short time now pre-
vailing in many branches of the railway service.*

With my best wishes for a prosperous future,

*I am,
Yours very truly,*

GEORGE HERE ON LAST TRIP

Will Tie up on Return from Stewart; Ship's Parrot a Puzzler

C.N.R. steamer Prince George, Capt. Harry Nedden, arrived from the south at 12:45 this morning having been delayed a couple of hours coming up the coast on account of fog near Vancouver and through having heavy freight cargoes to discharge at Powell River and Ocean Falls. The vessel will sail at 10 o'clock tonight for Stewart and, on returning from there tomorrow evening, will be laid up here for the winter. Her passengers will be transferred to and go south on the Prince Charles which will replace her for a few weeks in service.

A question of moment on the Prince George today is the problem of what is going to be done with the ship's parrot now that the boat is to be tied up for the winter. This is causing a good deal of worry to such dignitaries aboard the ship as Capt. Harry Nedden, Chief Engineer Alex Munroe and Purser Jack Crawford. These gentlemen would be glad to hear from any of their friends who might feel inclined to give a versatile and erstwhile homeless polly a home for the winter. The bird has all the usual accomplishments of a parrot and can swear like a trooper when called upon. Third Engineer McWhirter, who will be aboard the George while she is tied up here, is not to be trusted with the parrot, his colleagues say.

GRIMEAN VETERAN TELLS THE STORY

BROUGHT BACK TO HEALTH BY "FRUIT-A-TIVES"

MAJOR GEORGE WALKER

"I am a veteran of the Crimean War and Indian Mutiny, having served under Lord Roberts. Fierce hand-to-hand fighting and continual exposure left me a great sufferer from Rheumatism, so much so, that my legs swelled up, making it impossible for me to walk. My bowels were so constipated that I was in terrible shape until I began to use "Fruit-a-tives". They relieved me both from Rheumatism and Constipation. Today I enjoy perfect health—no more Rheumatism or Constipation."—Geo. Walker, Chatham, Ont.

"Fruit-a-tives" contain in tablet form, the concentrated juices of luscious fruits—Nature's own remedy for Constipation and its painful consequences. "Fruit-a-tives" overcome all intestinal troubles in a way no other medicine can. At your dealers. 25c and 50 cents a box.

On November 15. After that date there will be no supply for fresh fish for three months and naturally the demand is now good. Prices both for Canadian and American fish averaged over 20c and 8c this morning.

Arrivals and sales were as follows:

SEATTLE, Oct. 24.—Captain Louis Lane of the whaler Gunnar, which was destroyed by fire following the explosion of a gun, who has arrived here, says he is through trying to do business with the Russians. WILL ATTEND FIRST CONFERENCE UNITED CHURCH, VANCOUVER

District Pastors and Lay Delegates Going South to be Present at Meeting in Wesley Church

Rev. G. G. Hacker, pastor of the United Church here, leaves tomorrow night on the Prince Charles for Vancouver where he will attend the presbytery meeting of Prince Rupert district which will take place next Friday afternoon and the first conference of the United Church of British Columbia which will open on Saturday and continue until the Thursday following. Both meetings will be held in Wesley Church at Vancouver.

In past years the conference of the Methodist Church and the presbytery meeting of the Presbyterian Church have taken place in May each year but the meeting of the United Church is being held earlier this year so that matters may be arranged that will be placed before the general conference which will be held in the east next summer. There will be no general redrafting of ministers at this year's conference, the only work to be done along this line being the filling of pulpits now vacant. One of the features of the Vancouver meeting will be the presence of Dr. George Pidgeon of Toronto, first moderator of the United Church of Canada.

The delegates from this district to attend the conference will be as follows:

- Smithers—Rev. George Turpin.
- Topley—Rev. Gerald Switzer.
- Hazelton—Rev. A. C. Pound.

NORMA TALMADGE

"The Lady"

The throbbing life-story of a little dancing beauty who won noblemen with her twinkling toes. Just listen to Polly, the girl with the glad eye—who dreamed of being nice—talking like nice people—reading the books that nice people read—being a lady—dreaming and hoping for the chance—and, in the end, in the depths of despair realizing that it is the heart that makes a lady.

Norma Talmadge presents a story that lifts you with one bold sweep into the heights of emotional drama and holds you by compelling and cumulative tension. She portrays the life of a little ballet dancer with a delicacy and a surety of touch that make the character breathe with the breath of life. Strong comedy relief.

Many striking settings. Superb cast.
