Premier Issues Writ for Slander Against Ontario Conservative

Newspaper publishing report assumes responsibility and relieves Colonel Hatch from stigma

HAMILTON, Ont., Oct. 27.—Acting under instructions from Premier Mackenzie King, Henry Carpenter, a Hamilton lawyer, sued a supreme court writ against Colonel Arthur Hatch of Hamilton, who is charged in the document with slandering the Prime Minister by reason of a statement credited to him at a recent meeting of Conservatives.

The statement credited to Hatch in the published report as to the effect that he declared that Hon. Mr. King, when the real war broke out went to the United States and there applied for and secured papers which made him an American citizen.

The newspaper which carried the reported statement, which is credited to Hatch but denied by him, has published a statement in which is assumed responsibility and declares that "It satisfied itself after careful inquiry that Hatch didn't make the statement attributed to him."

SEES VISIONS OF MUCH GOLD

Barrington Thinks Cassiar Destined to Become Great Producing Centre

SEATTLE, Oct. 27.—Millions of dollars in dust and nuggets will in the next few years be taken out of the Cassiar district of British Columbia, which is destined to become one of the greatest gold producing centres on the continent. This is the opinion of Captain Sydney Barrington, veteran Stikine River mariner, who says that \$25,000 panned there during the past summer is nothing but a sample of what the district contains.

NOTICE TO ELECTORS.

Mr. Bushby, Conservative candidate, has accepted the challenge to a joint meeting on Wednesday night, if the Liberal candidate will also accept. Failing a joint meeting of all the candidates he has invited me to address the electors from his platform, which I shall accept unless a joint meeting is arranged.

Interior Farmers Will Ship Grain Through Elevator Here

Delegate to Convention at Terrace tells of Quantities of Grain Raised in Bulkley and Nechako Valleys

TERRACE, Oct. 27.—At a convention of the farmers' institutes of Central British Columbia with H. A. Swain presiding the question of shipping grain to the elevator at Prince Rupert was discussed and it was decided to render every assistance possible.

The matter was introduced by G. E. Whitney Griffiths of Victoria who said he had been approached by C. P. Riel on behalf of the Prince Rupert Grain Board, asking that the assistance of the convention should be given to help in securing the routing of grain through the Prince Rupert elevator.

Various delegates expressed approval of the suggestion, Dr. Bamford moving a resolution that active steps be taken to render all the assistance possible to the project of securing that the new elevator should be used to its utmost capacity at the earliest possible moment.

W. B. Kerr spoke of the quantities of grain produced in the Bulkley and Nechako valleys, and added that the Prince Rupert elevator would not be of much use to the settlers there until the government got busy with a boat service on Francois Lake, as they could not haul the grain sixty miles and make any profit on it.

Mr. Turner, Smithers, seconded the resolution which was unanimously agreed to, as was a resolution urging the government to institute a boat service on Francois Lake.

MOTORSHIP FAIRBANKS ABOUT TO BE FLOATED

Outfit of Prince Rupert Boat House is at Scene of Stranding to Pull Vessel off Rocks

It is expected that the ore carrier Fairbanks, which went on the rocks in Mellakatla Passage at the end of last week, will be taken off this afternoon or tomorrow morning. Capt. Alfred Swanson, with the gas-boats 23 and Myfanwy and the dredging outfit of the Prince Rupert Boat House, has been at the scene of the stranding since noon yesterday awaiting a favorable opportunity to pull the Fairbanks off.

MARTIN MADE BOLD ESCAPE

Local Prisoner Broke Lock of Steamer Cell and Walked Ashore at Powell River

(Special to Daily News)

POWELL RIVER, Oct. 27.—

Calmly walking across the gangplank of the steamer Prince Rupert on to the dock here and acting as if he were an ordinary passenger disembarking, Joseph Albert Martin made his getaway on Saturday night from the custody of Provincial Police Constable Smith of Anyox who was taking him to New Westminster to start a four year sentence for theft imposed by Judge F. McBeth Young of Prince Rupert.

Martin had been locked in the prisoner's cell on the steamer but, during the absence of his escort, he managed to detach a heavy metal fitting from the lavatory equipment and, reaching through the bars of the cell door, he smashed the lock and, immediately on the ship being made fast to the wharf, he went ashore and disappeared under the cover of night. It is believed that he made for the open country back of this town.

Provincial Constable A. C. Sutton of Powell River immediately organized a search party but yesterday afternoon Martin was still at large.

232 MILES AN HOUR IN SEAPLANE RACE AMERICAN WINNING

BALTIMORE, Oct. 27.—Lieut. James Doolittle of the United States army yesterday won the international Schneider trophy seaplane race. Capt. Rupert Broad of Great Britain was second. The other three entrants were forced down.

CONFlict OVER WHALEN BONDS

Further Application For Postponement of Sale of Assets of Company

VANCOUVER, Oct. 27.—Conflict between holders of the first and second debenture bond holders in the bankrupt Whalen Pulp and Paper Mills Ltd., was foreseen as the result of an application for postponement of the sale of the firm's assets made yesterday by Knox Walkem on behalf of the holders of the bond issue.

Alexander Smith, representing a large proportion of the first debenture holders, announced that he will oppose the application.

The Royal Securities Corporation of Montreal, it is understood, have made an offer for the Whalen assets, which would satisfy other claims but only partially protect the holders of the bond issue.

Each issue is for four million dollars.

GOVERNMENT SELLS SHIPS

Eight Disposed of to Canadian Buyers Formerly Operated on Lakes

MONTREAL, Oct. 27.—Eight government merchant marine ships, formerly engaged in trading on the Great Lakes, have been sold, it was learned officially today. Six were purchased by James Playfair Company for use on the run between Canada and Cuba which is to be inaugurated November 15, and two by N. M. Patterson, a Fort William grain dealer.

The prices paid for the vessels has not been published.

Two Days Yet To Think It Over.

There are but two days left in which to think over the issues in the present campaign. They are issues which affect the nation but it is this little bit of the nation in which we are primarily concerned. How will the election affect us?

Four years ago we fought a similar election and it was then, as it is today, a question as to which was better for Prince Rupert, Liberal or Conservative. We, as a constituency decided that we wanted a Liberal member supporting a Liberal administration. It succeeded and, while we did not get everything we expected, we got the first fruits of the policy in the erection of the elevator here, making this a real ocean port instead of a coasting port.

The way people voted four years ago was the turning point in the history of the city. It put her in the path of progress.

Liberals Built Elevator Here.

Everyone knows it was the Liberal government that built the elevator here. It is useless and childish to say it was the Progressives. True the Progressives supported the policy or it would not have been carried out, but even so, many Progressives voted against the elevator. The Liberals, on the other hand, voted to a man in favor of the work.

Now the elevator is almost completed and the Dominion Liberal Government is advertising it through the prairies as one of the terminal elevators of their system. By December it will be ready to handle cargoes.

Electors must remember that this elevator cost over a million and a quarter dollars and it is built in such a way that additions can be easily made without disturbing the workroom.

Stevens claims to have secured the first elevator for Vancouver and since that time Vancouver people have backed him. Stork got the first elevator for Prince Rupert and since he has delivered the goods, Prince Rupert can hardly do anything else but back him. To do otherwise would scarcely be decent.

Possibly four years from now conditions will have changed and we shall want one of the other men. They are both capable of acting as our representatives.

Vancouver Is Seeing Prince Rupert More.

Vancouver sees Prince Rupert more than formerly. This little city is often in the public eye in the south, more according to her population than any other place in the Dominion of Canada. We must continue to make a stir. Keep things moving all the time. Let the people of the country know that we are here and that we are prepared to do business with them.

Our representative who is gone to the prairies will do a lot of good publicity work as well as try to secure business for the elevator. He will help place the city on the map and it is hoped he may be successful in getting the business we need.

HOW THE TARIFF PROTECTS INFANT INDUSTRIES

Editor Daily News—
I wish to draw your attention to the following statement published in the Toronto Financial Post of October 16, which is a very good example of how the tariff operates in protecting our infant industries at the expense of the consumer:

Incorporated in 1904 and operating in 1905 with a capital of \$125,000, the Ford Motor Company of Canada has in twenty years distributed to shareholders in cash and stock dividends a total of \$20,176,238. In addition, stock issued as dividends at \$7,000,000 is now valued around \$35,000,000. No more striking illustration of the marvellous growth of Ford could be asked than this. In the language most easily understood by investors, a stock holding of \$100 has in the period referred to received about \$11,000 in cash dividends, and in addition stock bonuses which have a market value today of approximately \$21,000, a total of \$35,000 on the one \$100 share. Following is a summary of the company's dividend record:

	Per Cent
1905	8 7,488 6
1908	12,500 10
1909	31,250 25
1910	125,000 100
1911 500 p.c. stock and	750,000 100
1912 33 1/3 p.c. stock and	500,000 20
1913	100,000 10
1915	1,100,000 110
1916 600 p.c. stock and	6,000,000
1917	350,000 5
1918	350,000 5
1919	2,450,000 35
1920	1,050,000 15
1921	2,100,000 30
1922	2,100,000 31
1923	1,050,000 15
1924	700,000 10
1925	1,400,000 20

Is there any assurance that if the Conservatives are returned to power this duty will not be increased or at any rate allowed to remain on the statute book? Does the taxpayer in this country desire that a party shall be returned to power whose policy is to raise the tariff or one whose policy is to lower it?

Yours truly,

CONSUMER.

DEFENDS NICKERSON.

Smithers, B.C.
October 25, 1925.
Editor, Daily News,
Prince Rupert, B.C.

Dear Sir:

You have published letters from various persons supporting the candidature of Fred Stork in this election. Will you be fair enough to publish this letter in support of his opponent Mr. Nickerson?

The whole campaign against Nickerson in this part of the riding consists in saying that he has no chance to win. You have made a great display of reports of meetings held by the Attorney General and Fred Stork in the Interior, and the extravagant boasts of victory made by them. But you have not published one word about the series of magnificent meetings which Nickerson had along the line during the past week.

You say that the meeting addressed by Fred Stork and Hon. Mr. Manson in Smithers was very large and responsive. It was large but it was the most hostile that Manson ever had to face in this Liberal stronghold. So constant and numerous were the interruptions that Mr. Manson lost his temper and resorted to personal insulting remarks about the objectors. Two days after the Manson-Stork meeting Mr. Nickerson was greeted by one equally as large and instead of being hostile was very enthusiastic. The Liberals of Smithers expressed open regret afterwards that they had nominated Stork instead of Nickerson. Right now many of the leading men in the Stork following here are on the fence as to which they will vote for—Stork or Nickerson. They now know that Stork cannot possibly win but hesitate to swing over to Nickerson in order to defeat Bushby.

Splendid Receptions

Nickerson had splendid receptions at his meetings throughout the week in Hazelton, Evelyn, Duthie Mines, Telkwa, Round Lake, Houston, Burns Lake, Southbank and Ootsa Lake.

Prince Rupert, B.C.

The country polls are nearly all going to Nickerson and outside of Smithers Mr. Stork is certainly going to be the low man of the three. Even in the Manson stronghold of Burns Lake most of the Liberal party executive members are supporting Mr. Nickerson and he may get a majority there. If the predictions about the result on the Coast are as far out as those you have published on the probable result here, Stork cannot hope to save his deposit.

The whole issue in this campaign is—are we to get better representation for Skeena at Ottawa in the next House. The abject failure of Mr. Stork is recognized on all sides. Are, then, sufficient of the Liberals going to vote for him because he is the official nominee and thereby make it possible for Bushby to defeat Nickerson? These two are running a neck and neck race in the Interior. It depends on the Coast vote. If the people of Prince Rupert, Anyox, Ocean Falls and Stewart split up, then Bushby may win. Otherwise it is quite possible that they will elect Bushby and in a close Dominion contest put Meighen into power, the very thing they most seek to avoid.

Party Prejudice

Away with the party prejudice and disregard the party labels. Nickerson is the best of the three candidates. Vote for him and C.N.R.

Yours truly,
L. S. McGILL.

UNITED CHURCH IS GIVEN LOTS BY CITY AT SPECIAL RATE

On recommendation of the finance committee, the city council decided last night to sell tax sale lots 19 and 20, block 18, section 7 to the United Church for \$50. The undertaking is that the church will erect on the lots a public gymnasium, failing which it will be required to pay the full price of \$200 or the lots will revert to the city.

Mayor Newton and Ald. Casey spoke in favor of making the sale explaining in the course of their remarks that the gymnasium would be conducted on an unenominal basis, would cost about \$2,000 and it was intended to have the services of an instructor in connection with it. The hall will also be used for Sunday School purposes in the east end of town.

FARMERS' INSTITUTE TERRACE CONVENTION

Gathering Last Week Dealt With
Matters of Interest to Farmers of Interior

TERRACE, Oct. 27.—The annual convention of delegates representing farmers' institutes in Central British Columbia was held in Terrace, representatives being present from most of the institutes concerned. H. A. Swain, Terrace, was elected chairman and H. Halliwell, Terrace, secretary.

Dr. R. C. Bamford, of Endako, a member of the advisory board to the Department of Agriculture, addressed the convention and commended the excellent relations between the Skeena and Bulkley district and the Prince George district which he represented, and urged that co-operative activity between the two districts should be encouraged in every possible way by the two districts assisting each other to solve their problems. There were immense problems to solve in the area, and he felt that it was necessary to keep urging upon the government the necessity of securing to the settlers in Central B.C. the means of living by encouraging the developing of their natural resources. If they did that there would not be so much trouble to find markets for their produce. But it was necessary for them as farmers to exert themselves so as to win the respect they were entitled to.

J. W. Turner, Smithers, complimented Dr. Bamford on the value of the various suggestions he had put forward, and on the motion of W. B. Kerr, Wistaria, it was agreed to put the appreciation of the convention on record.

H. L. Frank, Terrace, was chosen to represent the district on the advisory board, with W. B. Kerr, Wistaria, as alternative.

A resolution asking that assistance be given to young farmers and farmers' sons in remote places to take the course in agriculture at B.C. university was referred to the advisory board.

No action was taken on a suggestion from Cedarvale that small contracts be opened to settlers for highway work and Mr. Whitney Griffiths promised to obtain information re a suggestion from the same district that farm labor should be paid for by the hour and a minimum wage fixed for the same.

TAX ON ORIENTALS

A suggestion that a tax be put on produce grown by others than British subjects was turned down as being out of order, but a similar resolution substituting the word "Orientals" for the term "others than British subjects" was approved.

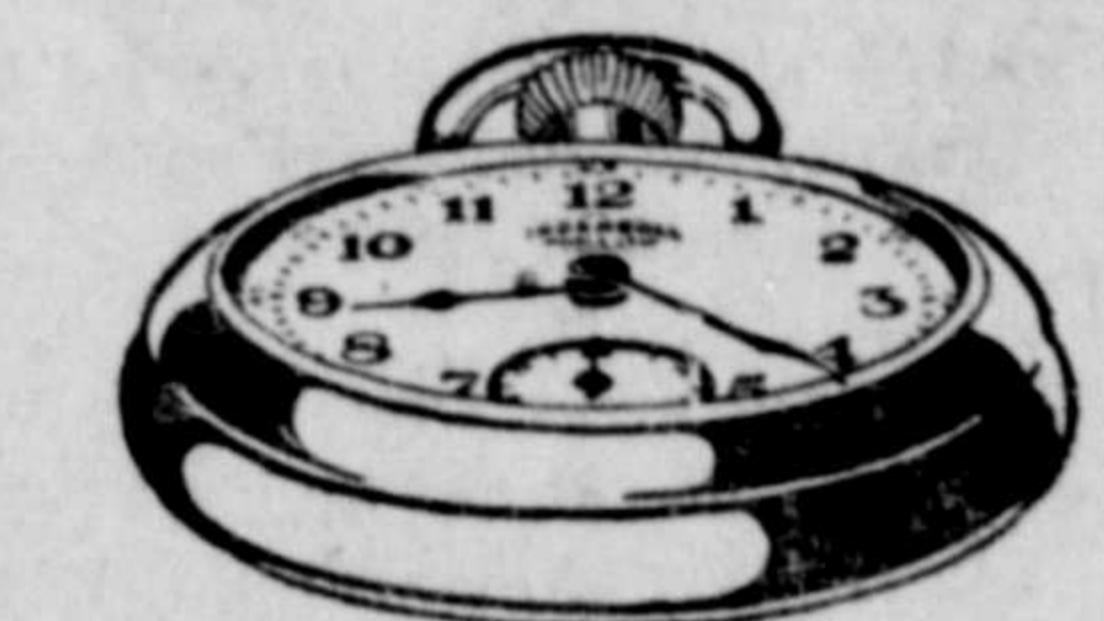

A resolution protesting against the granting of a rebate on powder used in clearing land for agricultural purposes to others than members of farmers' institutes where such bodies exist, was withdrawn after the position was explained by Mr. Whitney Griffiths.

Whitney Griffiths addressed the meeting at considerable length, recounting many of the advantages and improvements which had been obtained through the activities of the farmers' institute movement throughout the province. He outlined the position with regard to the marketing of produce successfully, the production of seed, the rapid improvement in the egg situation, and many other kindred subjects, and was accorded a very warm vote at the conclusion.

It was decided to set up a district association to facilitate intercourse between the various

MR. AND MRS. SUNDAL ENTERTAIN AT BRIDGE

Terrace Event Proves Very Enjoyable With its Novel Features

TERRACE, Oct. 27.—Twenty-four guests enjoyed the delightful hospitality of Mr and Mrs. O. T. Sundal on Friday evening when they entertained at six tables of bridge. Highest scores for the evening were made by Mrs. Geo. Little and L. H. Kenney. Delicious refreshments were served by the hostess, assisted by Mesdames Aldous, Little and Dover. After coffee each guest was given a paper on which a good joke or witty saying was printed. These were read aloud and were very mirth-provoking. All agreed it was one of the most sociable evenings ever enjoyed here.

Mrs. Aird of Pacific was in town on Saturday.

Dr. H. G. Wrinch, M.L.A., of Hazelton, was a business visitor from their tour of the interior.

Pat Galvin of the Naas River, who brought a number of cattle here as to the whereabouts of J. over the trail from the Naas to

M. M. Stephens arrived from Rupert on Saturday to do his bit toward furthering the Progressive candidate's campaign. He returned to the city on Sunday.

Col. S. P. McDermie, L. W. Patmire and Hon. T. D. Pattullo, returned to the coast on Sunday after having upheld the Liberal standard at the joint political meeting on Saturday night.

George G. Bushby, Conservative candidate and his campaign manager, W. W. Wright, Prince Rupert, were passengers on Sunday's train returning to Rupert from their tour of the interior.

A. Olson, Prince Rupert, spent the week end at his home here.

J. A. Morris, Prince Rupert, was a business visitor at the week end.

STEWART

Anxiety is expressed for John Grant, who arrived early this month from Terrace, and who has not been heard of since he left Stewart for Hyder two weeks ago. A thorough search has been made but no trace of the missing man has been found.

OFFICERS FOR BULKLEY FAIR

E. E. Orchard Heads Organization for Coming Year With Strong Support

SMITHERS, Oct. 27.—The annual meeting of the Bulkley Valley Fall Fair Association was held in the municipal office on Tuesday night. In contrast to former years there was a good attendance at the meeting and it was possible to conduct the business of an annual meeting without the need of a postponement.

While the financial report did not show a very large cash profit covering this year's fair, it did show that the receipts had covered the expenditures in addition to taking care of the numerous improvements made to the grounds and buildings.

J. J. McNeil and a delegation from Telkwa were at the meeting and requested the co-operation of the local body in an effort to make the Smithers Fair and the Telkwa Barbecue in the nature of a continuous celebration, and it was suggested that the fair dates if possible be set to follow the Barbecue which is held on Labor Day.

Officers were elected as follows:

Hon. president—Dr. H. G. Wrinch, M.P.P.

President—E. E. Orchard.

Vice-president—George Oulton.

Vice-president in charge of livestock—J. W. Turner.

Exhibits—S. H. Hoskins.

Sports—G. H. Gazeley.

Entertainment—Al. Finnerty.

Finance—Charles Reid.

Directors—D. D. Munro, J. J. McNeil, J. P. Wheeler, F. Ockleshaw, L. B. Warner, Mrs. W. F. Boyer, Mrs. N. P. Moran, Mrs. George Wall.

GLENTANNA WEDDING IN OLD TIME STYLE

Unbounded Hospitality Shown to Whole Neighborhood to Celebrate Event

SMITHERS, Oct. 27.—The farm home of Mr. and Mrs. John Lapadat, Glentanna, was the scene of a joyous affair on Thursday evening when their eldest daughter Mary became the bride of Lauri John Hill of Althion, B.C. The Rev. J. B. Gibson officiated at the ceremony, the bride being attended by Miss Majorie Roberts with the groom supported by J. Howard Birnie. The guests included all the neighbors of the surrounding district as well as a large number of friends from Smithers.

The wedding feast which started immediately after the ceremony was carried out along lines seldom attempted nowadays. A long table with seats for thirty was arranged in the large room, and was kept laden with an abundance of good things until nearly midnight while about 150 of the guests dined and made merry.

The Glentanna school house is just across the road from the Lapadat home and this was brought into use as a dance hall and the happy crowd enjoyed dancing until four o'clock in the morning.

SMITHERS

Mrs. D. F. Haff entertained a number of her lady friends at Bridge on Thursday evening. There were five tables playing with the honor of winning the first prize going to Mrs. Chas. Reid, and the second to Mrs. J. Clavering.

W. B. Shakespeare, the Continental Life Insurance Company's inspector of B.C. Agencies was a business visitor in town last week.

The first snow of the season fell in Smithers early Saturday morning but disappeared again before night, the surrounding hills have however been under the white mantle for several days and it looks as if the winter season will soon come in.

The home of Mr. and Mrs. Macmillan was the scene of a happy gathering on Thursday night when over two score of friends gathered and spent the evening dancing and merry making. This is the first of a series of dances under the auspices of

Dock, C. N. Operating, K. of
C. and Moose Winners
Last Night

The outstanding game of the Cribbage League fixtures last evening was the match of the two Canadian National teams, the Operating Department beating the Mechanical Department by a score of 20 to 7.

Other results were as follows: Elks, 13; Loyal Orange Lodge, 14; Great War Veterans, 11; Sons of Canada, 13; Dry Dock, 17; Prince Rupert between than and its seems like-

ly that local billiard fandom in general will follow their activities during the next few months with a good deal of enthusiasm.

The next second division tournament will be on Thursday night between the Prince Rupert Billiard Parlor and the Prince Rupert Fish Co.

The teams in the first division billiard league tournament this evening will meet as follows:

Col. S. P. McMordie (Great War Veterans) vs. George McIlroy (Prince Rupert Billiard Parlor) 3 p.m. at Vets.

Sergeant H. H. Jebson vs. Charles Balagno, 11 p.m. at Billiard Parlor.

Fred Pyle vs. Don Brown, 8 p.m. at Vets.

Percy Tinker vs. Frank Aldridge, 8 p.m. at Vets.

W. J. Nelson vs. W. Stickney, 8 p.m. at Billiard Parlor.

The first tournament of the season of the first division billiard league will take place this evening between the Great War Veterans' Association and the Prince Rupert Billiard Parlor. The teams seem to be well matched and the various games from that of the first men down will be watched with interest. The only two teams in the league this year, the Billiard Parlor and the Vets have all the best talent in the city pretty well corralled between them and its seems like-

MESSAGE FROM LOST HAYSPORT

Bottle Picked up Down the Coast Relates to Fate of Missing Auxiliary Schooner

Jarvis McLeod, collector of customs, has been advised that a bottle message was recently picked up in Kilkane Inlet in Pierce Canal by David Cordila of Gardner Canal purporting to have emanated from the schooner Haysport No. 2, which was supposed to have been lost with all hands on board in Millbank Sound last January while on her way from Vancouver to Skagway with a cargo of explosives for the Yukon. The message, which states that the Haysport was wrecked with no escape from drowning of the crew, has been taken to Vancouver by Mr. McArthur, manager of Butedale Cannery, to whom it was given by Cordila.

FEWER FATALITIES IN MINES OF B.C.

Only Five in First Nine Months of this Year, a Record for This Province

VICTORIA, Oct. 27.—According to official figures issued by Hon. William Sloan, minister of mines, the present year to date has shown the smallest number of fatalities in the coal and metalliferous mines in the province in the last quarter of a century. For the first nine months of the present year there were five fatalities compared with eight in the same period in 1924 in coal mines, while in the metalliferous mines the total fatalities for the nine months this year were three compared with six in the same period last year.

The above is a most favorable showing and is due in very great measure to the care with which the mining regulations of the province are being enforced, the improved conditions under which the miners are working conse-

quent upon the careful system of inspection carried out by officials of the department, and the readiness with which the mining interests comply with the department's requirements in the matter of safety appliances, etc.

Fatalities Fewer

Ever since his advent to office as Minister of Mines, Mr. Sloan has aimed at making the mines of British Columbia as safe as it was possible for the workers and the greatest care has been exercised in the enforcement of the regulations. In this work Mr. Sloan has met with ready support from the mine owners with the result that the annual toll of fatalities has been steadily decreasing until today British Columbia's mines rank at the top as regards protection for the workers. The record is one of which Mr. Sloan is justly proud
