POLITICAL LEADERS DEAL WITH SITUATION

FISHING BOAT IS ON ROCKS IN HEcate STRAIT WITH SIDE STOVE IN

Should Not Elect Men Who Supported a Fake Government Says King

EDMONTON, Aug. 11.—"Every single man who supported prime minister who usurped office by trying to put over a government does not deserve to be returned. I say, a man will do that will do anything," declared W. L. Mackenzie King, leader of the Liberal party and premier until recently defeated at Ottawa, in a speech at Wetaskiwin yesterday afternoon.

Mr. King appealed for a truce on personalities in the present party warfare. In castigating the Conservatives, he said that during the last few days of the session not one Conservative member had the courage to stand up in the House and say that the existence of the Meighen Government was fair or constitutional.

"My resignation had nothing to do with the vote of censure," declared Mr. King in his speech last night here. "The question of a possible vote of censure was never mentioned in conversations between His Excellency and myself."

AINES MURDER TRIAL GOES ON

Evidence of Unnatural Relations between Father and Daughter is Excluded

EDMONTON, Aug. 11.—After a long argument occupying more than a day in the full court, Justice Jones ruled yesterday that could not now admit evidence of "strange unnatural relations" between Wallace Aines, father of his daughter Sylvia, for whose murder he is being tried. The trial was adjourned until Aug. 18 when Prosecutor Colvin said he would have to make plans for the presentation of the testimony.

The lawyers said the evidence could may be introduced later if the prosecution lays a proper foundation to show it might support a motive for the crime.

LEPHANTS TO BE ROUNDED UP

Elephant on the Way to Search for Three Big Animals

NEW DENVER, Aug. 11.—"Cheerful" Gardener, elephant trainer, arrived here yesterday morning by airplane from Wichita en route to Cranbrook circus in rounding up the three roaming southern British Columbia forests. The three missing animals are valued at nearly \$20,000 apiece. Gardener was on scouting through the woods.

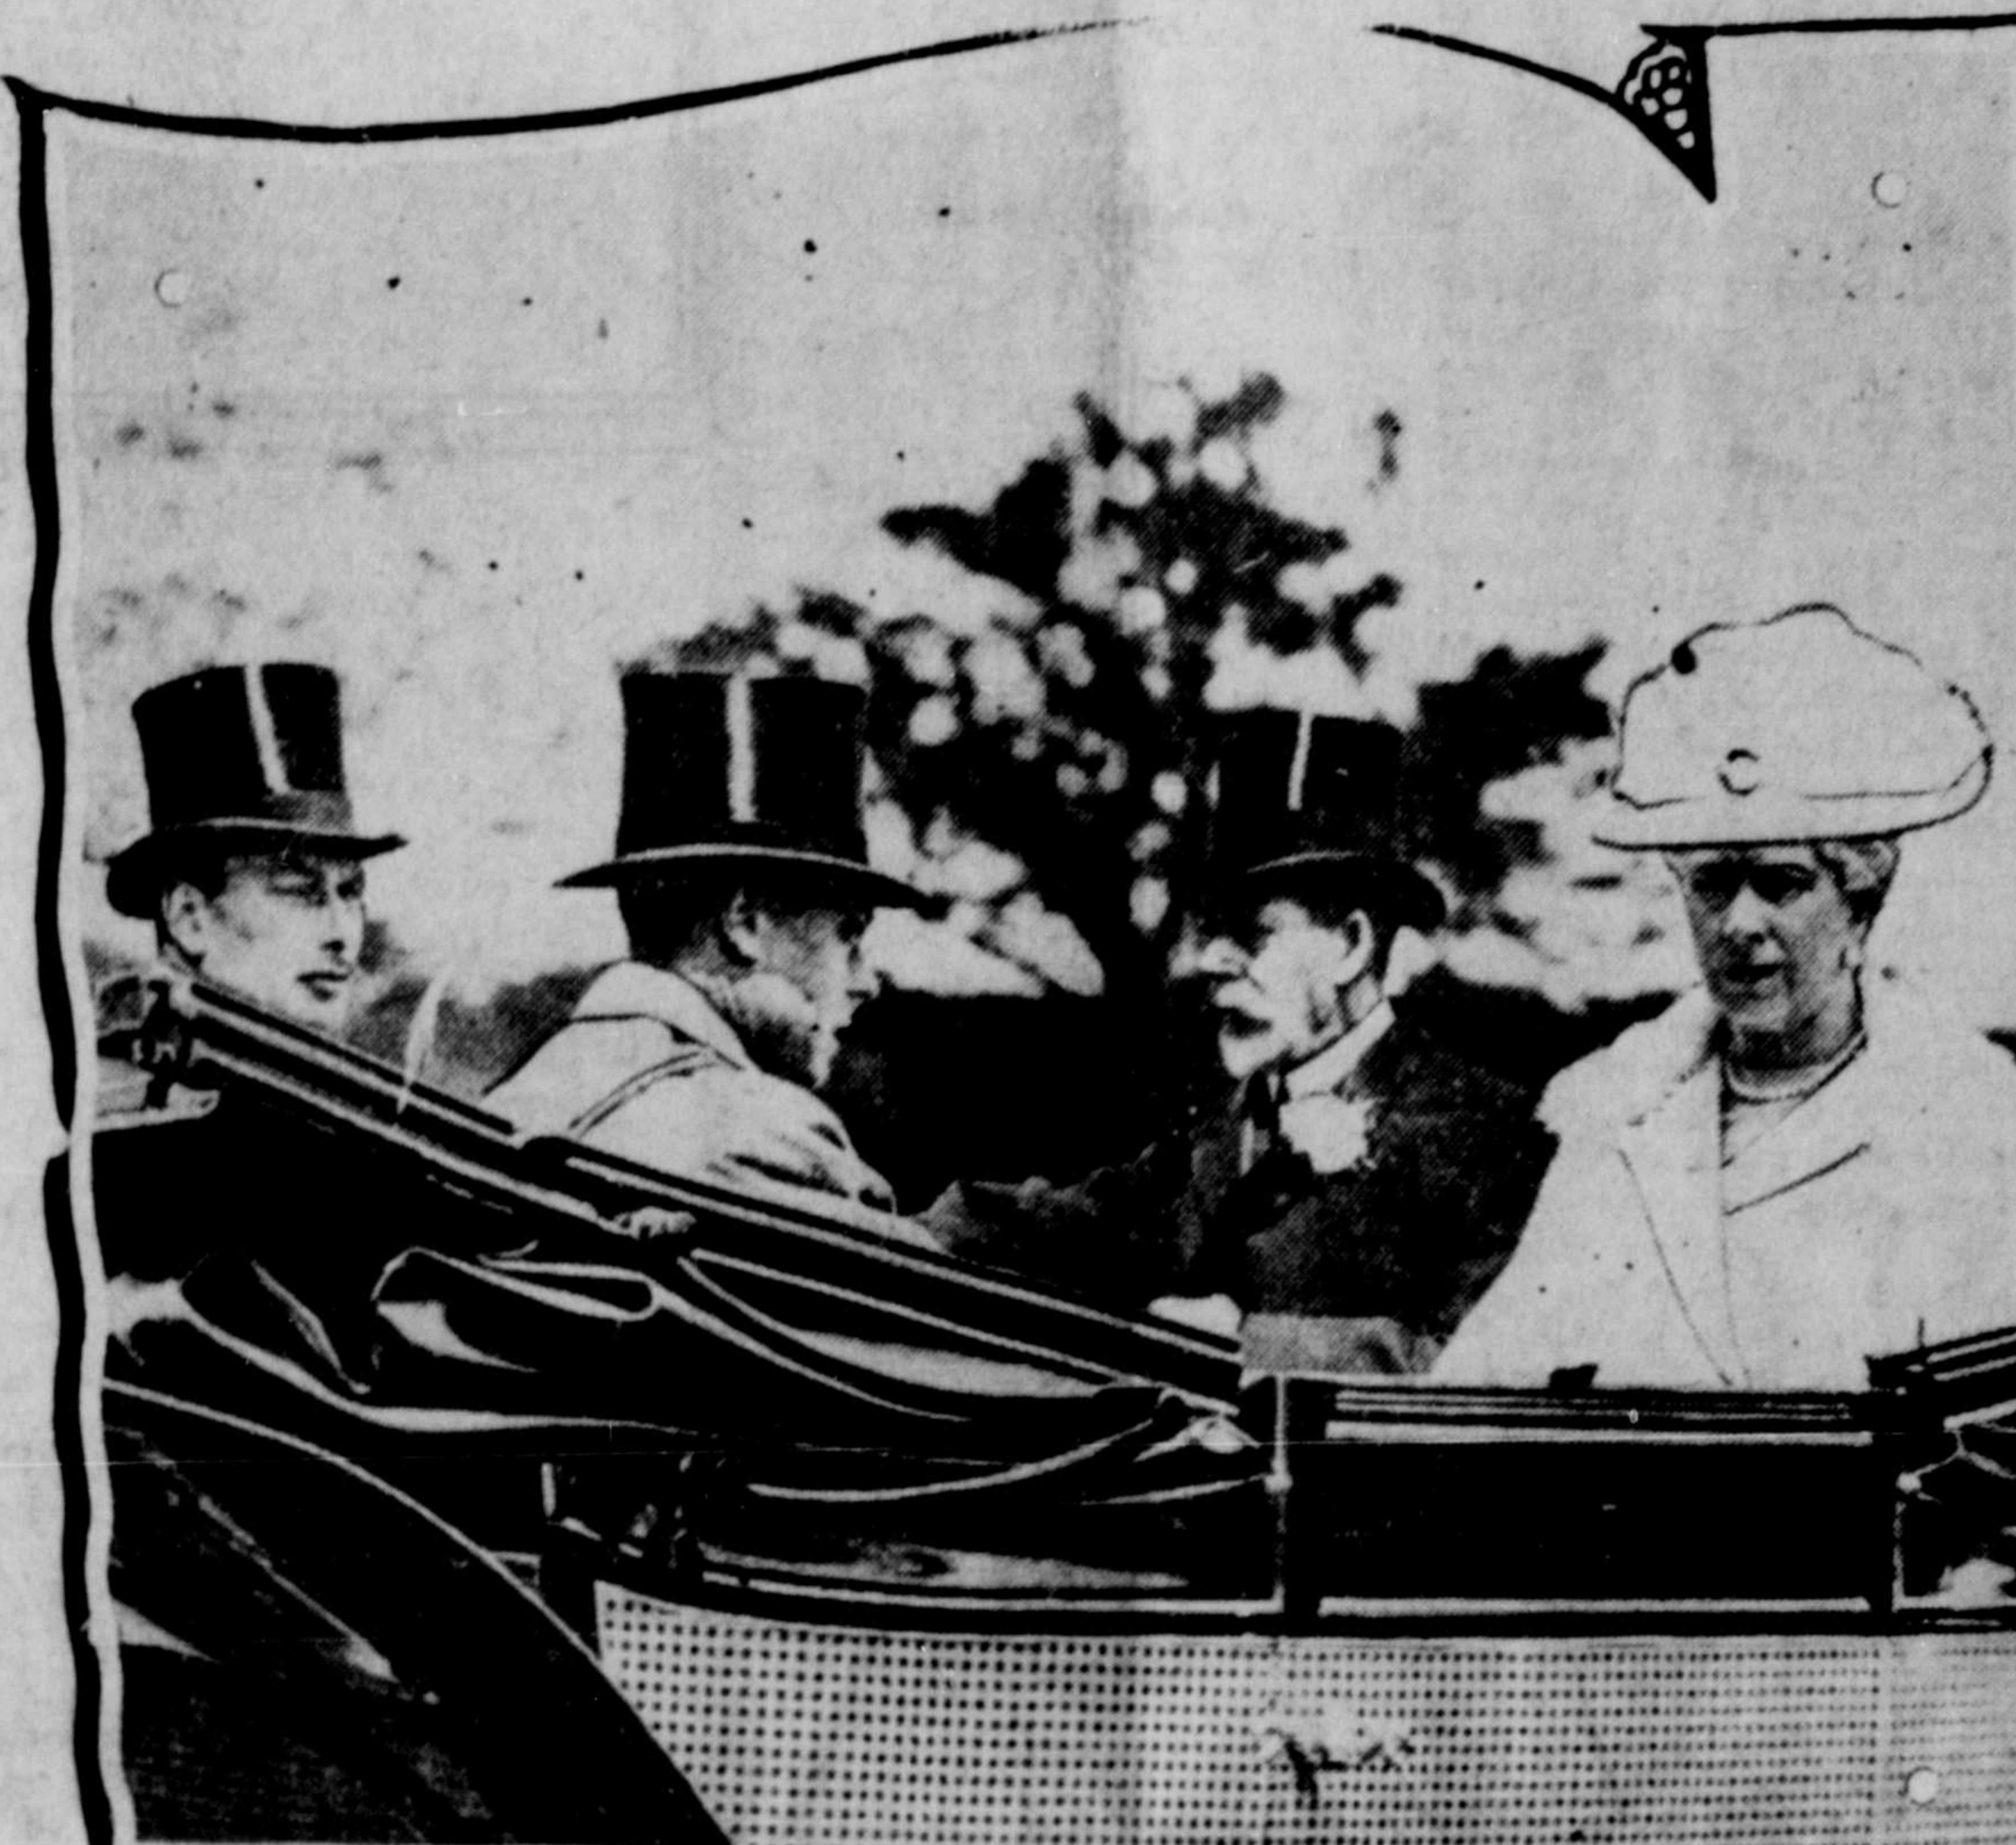

PROSPECTOR OUT OF DOCK

Arrived at Noon for South to Load Cargo

C.G.M.M. freighter Canadian Prospector, Capt. A. Thomas, came off the pontoons at the dry dock this morning and sailed at noon for Victoria, Union Bay, and Vancouver to load cargo for European points, after undergoing cleaning and painting, and repairs to the hull.

Capt. McKernan will pilot the vessel down the coast.

YANKEES LOST TO DETROIT

Fifteen Western Games Thought to be Crucial Test of Team That is Ahead of Field.

NEW YORK, Aug. 11.—The fifteen games in the west are widely regarded as a crucial test, leaves the New York Yankees well ahead of the game in the American League and practically assures them the pennant. They can lose half the remaining forty games and still come out on top. Yesterday Detroit beat the Yankees in a seven inning affair.

A home run by Williams with one on in the eighth inning enabled St. Louis to defeat Boston, while Philadelphia had to go eleven innings to down Chicago.

WHEAT PRICE DOWN TODAY

WINNIPEG, Aug. 11.—Heavy selling this morning forced the price of wheat down as much as four and a half cents but before the close of the market it had strengthened, finally closing out at two and a half cents lower than at the opening.

HEAVY SELLING STOCK MARKET

Price of Big Industrials Again Decline at Close of Today's Business

NOTICE TO LIBERALS OF SKEENA RIDING
The Liberal committee rooms, 303 Third Ave., next to the Electric Bakery, will be open every afternoon and evening until election day.

Bear traders renewed their attack on the stock market just before its close today and large quantities of United States steel and General Motors as well as Dupont were unloaded, the stocks in each case declining several points below yesterday's close.

Seine Boat on Rocks with Cargo of Salmon in Strait; Crew of Six Men Taken Off

The 65-foot Japanese seine boat Shushima III, a six man boat, bound from Massett to Sunnyside Cannery with a cargo of 18,000 pounds of salmon, ran on the Hammer Rocks in Hecate Straits on Monday night in a dense fog. The salvage corps of the Prince Rupert Boathouse left port last night aboard the Leila R., to render aid to the vessel, assisted by the lighthouse tender Newington, Capt. H. Ormiston, which had been ordered to the scene by Capt. Saunders, of the Digby Island Marine station, no tug being available in the harbor and life and property being at stake.

Upon arrival at the scene of the wreck it was found that the crew had been taken off by a passing fish boat. The wrecked boat has her side stove in. Owing to the heavy swell running last night and this morning it was impossible for the salvage corps to get aboard the Shushima and it was found necessary to return to port this morning for a load of empty drums with which the vessel will be filled in an effort to float her when the sea calms down. The salvage corps left port at 10:30 o'clock this morning with the necessary drums and it is expected the vessel will be floated during the day.

A report from the finance committee recommending that the penalty for delayed payment of taxes be fixed at 10 per cent with no additional penalty was adopted at the council meeting last night. The penalty for delayed payment of taxes was originally 10 per cent with an additional payment of 5 per cent for long delayed payment.

G.P.R. steamer Princess Charlotte, Capt. C. C. Saintey, is due in port at 3 o'clock this afternoon from Skagway, Alaska, and will sail for Vancouver at 6 p.m.

NANAIMO, Aug. 11.—The city council has reached an agreement with the government to undertake the policing of the city commencing September 1 on consideration of \$6,500 annually in addition to half the amount of the fines collected.

The public is cordially invited to attend

PUBLIC MEETING
in the Westholme Theatre
SATURDAY EVENING, AUGUST 14
Right Hon. Arthur Meighen
Premier of Canada, and other Speakers.
Overflow Meeting in Boston Hall

Meighen Comes Out for Higher Protective Duties on Everything

DELORAIN, Man., Aug. 11.—"We shall revise our tariff through and through as it has never been revised in twenty years," said Premier Meighen in a speech here last night. Both ridings returned Progressives at the last election and Mr. Meighen had bitter criticism for Manitoba Progressives, whom he characterized as a "servile annex of the Liberal party."

Mr. Meighen said he would give every Canadian industry a chance, giving it an opportunity to its own market, which every Canadian industry has a right to have. "The Conservative party stands where it has always stood, for a moderate tariff, a tariff definitely protective on all production, agricultural and everything else."

5 PER CENT INCREASE IN POPULATION

Twenty Electoral Districts in the Prairie Provinces Will Show An Advance.

OTTAWA, Aug. 11.—An average increase of nearly five per cent in the population of twenty electoral districts in Manitoba, Saskatchewan and Alberta, compared with 1921, is shown by figures of the quinquennial census of the three prairie provinces taken on June 1.

The total population of these twenty districts is given at 803,826, contrasted with 735,308 in 1921.

EMULATED THE NORSE VIKING

Captain Folger and Three Companions Crossed Bergen to Boston in 42 Foot Boat

AT END OF PROVISIONS

Were Caught in Ice Pack Off Labrador Coast for 21 Days and Ran Into Hurricane

BOSTON, Aug. 11.—Once in nine hundred years is enough to sail the viking course from Norway to North America, Captain Gerhard Folger is convinced. The captain and three Norse companions reached here last evening in a forty-two foot sailing boat after a 6,400 mile journey which started at Bergen on May 23. They had their fill of adventure. They were the first to make the perilous voyage since Leif Erikson, after whom they named their craft, but are now willing to rest on their laurels.

When picked up, the hardy adventurers had one salt fish, one pound of coffee, four potatoes and two gallons of water left. Several times on the voyage they had narrow escapes from icebergs and were caught in a pack of ice off the Labrador coast for 21 days and as a climax ran into a terrific hurricane.

SHOT HIS WIFE, THEN HIMSELF

Murder and Suicide is Verdict of Coroner's Jury in Haddon Case.

VICTORIA, Aug. 11.—Murder and suicide while temporarily insane was the verdict of a coroner's inquest on the bodies of Mr. and Mrs. Gerald Haddon, who were found dead with bullet wounds in their bodies at their home, Deal Street, Oak Bay, last Sunday. The jury found that Haddon had shot his wife and later committed suicide.

WHEAT YIELD ESTIMATE LOW

Government Bureau Changes Its Preliminary Figures Very Materially

OTTAWA, Aug. 11.—Canada's total wheat yield is estimated at 316,960,000 bushels for the present year, a decrease of 31,666,000 from the last estimate given out, according to the crop report issued by the Dominion bureau of statistics this afternoon.

Today's estimate is based on the preliminary reports of fall wheat.

NO TRACE OF WRECKED MEN

Lady Laurier Speeding to Scene off Coast of Sable Island

HALIFAX, Aug. 11.—No trace was found of the 26 members of the crew of the wrecked fishing boat Sylvia Mosher which went on Sable Island. Six empty dories were found on the beach but it is believed the crew may have succeeded in getting away in the remaining dories.

The Lady Laurier is now speeding to the scene of the wreck.

DAILY EDITION

WEDNESDAY Wednesday, Aug. 11, 187.

Boost your town and the town will boost you.
Knock your town and you'll get the knocks back.

Meet Mr. Meighen
And Treat Him Well.

Let us all go out and meet Premier Meighen and treat him generously. He is the Premier of Canada, although it is thought by many people he will not be premier long. However, for the time being he holds that office and Liberal as well as Tory will try to let him see that Prince Rupert people are liberal and not hide bound.

Meighen is said to be a clever debater, although not a magnetic speaker like Mackenzie King. He must be a big man or he would not be leading a great party. However much his political foes belittle him, he is no weakling. He is a worthy opponent for Mackenzie King and if his present incumbency of office should be short, he is young enough to stage a later comeback.

We have often urged Prince Rupert people to be tolerant and not to take their politics too seriously. Here is an opportunity to show how big we can be. Let us welcome Mr. Meighen as if we were all Conservatives. We do not have to vote for him.

Fusion Candidates in Large Numbers.

Fusion candidates who are pledged to support the Government of Mackenzie King are being nominated in many constituencies. This means an increased Liberal support and a larger majority for the Liberal Government when it is re-established. At any rate that is the opinion of many who are trying to size up the situation from an unbiased standpoint.

There is no good reason why people with Liberal trend of thought should oppose each other and thus let Conservatives get elected by a minority vote.

Inconsistent Position of Premier Meighen.

Premier Meighen is an apt political speaker and unless his addresses are analyzed they are likely to mislead. According to the telegraphed report yesterday he urged higher tariff, a stable protective tariff; and then if the manufacturers raise the prices he would take the tariff off.

Mr. Meighen is a humorist undoubtedly and is making fun of the people. He is laughing at them or he would not say such things. How could a tariff that was liable to come off any day be stable protective tariff? It is the very opposite of stability. Mr. Meighen knows that he and his cohorts roared their heads off because Mackenzie King reduced the duty on motor cars and he also knows that reducing the duty reduced the price.

Increasing the duty increases the price and decreasing the duty decreases the price. It always has been so and there is no reason to think there will be any change now.

China to Use More Wheat Flour.

China will use twenty per cent more wheat flour this year than last, according to a prominent Chinese miller. This wheat is being purchased in Canada and will go out through the western ports. Doubtless some of it will pass through Prince Rupert. This will be good business for us. Every increase in consumption of flour in the Orient gives us more prospective business.

SALMON PACK AHEAD OF 1925

Pinks Running Well in Skeena River Just Now; Cohoes Taken by Trollers

In the Skeena and Nass Rivers the run of pinks started off well last week and is much improved over the run for the corresponding period last year. The run is continuing satisfactorily.

Sockeye fishing has fallen off considerably, the run of this species not having been so good as was expected.

While a few coho are running, it will be the latter part of the month before this run is at its height.

Cohoes are being caught in numbers off Dundas Island, Warke Canal and North Island waters where fishermen are now trolling for them.

A comparison of the total packs for the period ending August 7, as against the corresponding period last year shows an increase. In the Nass River district a total of 692 cases, including all classes of fish, has been put up in excess of last year's pack to date.

In the Skeena River the total pack is 40,019 cases in excess of last year's pack and in the Central Division, which includes Bella, Namu, Buteida and Lowe Inlet the pack this year to date is 610 cases ahead of the corresponding period last year.

In the Kimsquit district, where one cannery is working less this year, namely the Kimsquit cannery, the pack this year is 3,508 less than for the corresponding period last year.

A comparison of the total packs for weeks ending August 7 with last year's pack for the same period is given below:

Nass River		Cases	Cases
		1926	1925
Sockeye	11,349	12,178	
Spring	5,639	4,322	
Steelheads	102		
Cohoes	1,941	635	
Pinks	36,091	26,796	
Chums	7,382	16,981	
Total	61,603	60,912	

Skeena River		Cases	Cases
		1926	1925

Total	24,266	27,774	

In The Letter Box

LOOKING EASTWARD

Editor, Daily News:
I see you are echoing the "Sun" in stating that the Conservative party always "looks eastward" etc. They did not look eastward when they built the first railway across Canada against strong Liberal opposition. They looked westward when they built the first grain elevator in Vancouver; "Stephen's folly" the Liberals called it. If this elevator had not been built the western grain route would not have been proven by now; and certainly it paved the way for our own elevator, Mr. Editor. Why don't you adopt a national and not a narrow sectional viewpoint in your editorials?

CITIZEN.

PRIZES ARE OFFERED FOR BEST LIMERICKS

Any Phase of Political Situation
May be Dealt With by
Rhymesters

Only one limerick came in to the office in time for publication today in response to the offer of prizes in yesterday's issue. There was not time for many as people usually want a good deal of time to think about such things. The prizes are five dollars first and three dollars second.

There are a number of people interested in the political situation who might try their hands at this and in doing so advance the cause of their particular party. Here is the first contribution:

A political leader named King Had a bout with a governor named Byng.

Said the Gov. "You get out, Or get one on the snout," and now they have King on the string.

Rules of Contest

The rules of the contest follow:

Each verse should be written on a separate piece of paper and signed by the author, not for publication but as a guarantee of good faith. Only the names of the winners will be published.

The verses must, as far as possible, be perfect limericks. No other class of verse is admitted.

Many of the verses will be published but not necessarily all.

Verses should be mailed to "Contest Editor," Daily News or to be left at the office.

THE MAN IN THE MOON

says:

A little larvia seems to go a long way.

When you hear the man in the restaurant calling for colder ice you can bet he's hot stuff.

Send your collars to the laundry and they are either lost, stolen or frayed.

Clubs have been suggested for engaged couples. Of course married people have plenty of rolling pins, cut glass, etc., handy.

These are the days when the telephone in a plumber's shop gets a rest.

There once was a Con, named J.C.,

Who stood for complete liberty;

But when counting the vote,

It got the Con's goat

For the total read one, two and three.

Some girls are so scared of a bee that they'd willingly take a taxi to get away from it.

Some men I know don't have to blow out the light to be in the dark.

Did you ever see a publicity man lost for words to write.

A motor car recently overturned at an airplane display. It was evidently jealous when seeing the planes looping the loop.

I hear that the English girls are regaining their lovely complexions. They must have recovered their compact from the lost property office.

The sequel to reckless driving "In Memorium."

A Scotsman recently changed a silver dollar into one cent pieces and said it was as good as going for a holiday because he felt better for the change.

There is no market for an apparatus which will teach girls to swim in one lesson. Most girls like the old fashioned method of learning which lasts throughout the season.

The Tories have a piano in their committee room. They say it's to play the funeral march on the evening of election day. Whose funeral?

August 11, 1918.

Henry Doyle, of Mill Bay, in the city.

Hon. William Manson and H. Stevens, M.P., will leave this morning for the interior, where

Norman Shortt returned on
the Prince George this morning
from a holiday spent in Vancouver.

Catholic Women's League.—
Bridge, whist and dance, Thursday,
August 12, Catholic Hall at
8:30 p.m. 188

Dan Jabour returned to the
city on the Prince George this
morning from a business trip in
the south.

Accounts to the total of \$14,
987.96 were passed for payment
at the meeting of the city coun-
cil last night.

A bylaw appointing H. A. Mc-
Lean city building inspector was
finally adopted at the city coun-
cil meeting last night.

It was reported here this
morning that the Banks Island
buoy had gone adrift and the
steamer Newington has been de-
spatched to investigate.

Kenneth Yule, representing the
Dominion Casket Company, Van-
couver, is visiting with Mr. and
Mrs. Frank Morris, Second
Street. Mr. Yule will return
south on Thursday.

Mrs. H. S. Parker is opening
new premises, next Kirkpatrick's
Store on Sixth Street next week
with a full line of Ladies'
Ready-to-Wear, Watch for open-
ing announcement.

Joe Reid was fined \$300 in
the city police court this morn-
ing by Magistrate McGlynn on
a charge of keeping liquor for
sale or as an alternative three
months' imprisonment.

A recommendation from the
board of works that the city
build walks to the Nurses' Home
at the cost of \$100, and that the
hospital board pay the cost, was
passed at last night's council
meeting.

W. E. Mack, of the Royal Bank
staff, will sail this afternoon on
the steamer Prince George to Ketchikan
on a holiday trip to Ketchikan. Upon
his return he will be transferred to
Vancouver in the service of the
Royal Bank.

G.N.R. steamer Prince George,
Capt. H. Nedden, carried 175
round-trip passengers this morn-
ing for Skagway, Alaska. The
boat left Vancouver with a total
complement of 230 passengers.
Passengers to the number of 55
went east by train for stop-over
at Jasper Park.

Mrs. Lawrence Lawlor has re-
turned from a three months'
holiday visit in Boston where
she attended the wedding of her
sister. She reports the weather
very hot and uncomfortable and
is glad to be in Prince Rupert
again. She is at present the
guest of Mrs. G. Whatman.

G.N.R. steamer Prince George,
Capt. H. Nedden, docked at 11:30
o'clock this morning from Van-
couver en route to Ketchikan
and Skagway, Alaska, for which
points she will sail at 4 p.m.
Passengers debarking here in-
cluded Mr. and Mrs. R. Davie,
Mrs. C. P. Riel, Dan Jabour, Mr.
and Mrs. V. D. Casley, and Nor-
man Shortt.

Prince Rupert lost their first
game at Ocean Falls yesterday
by the score of 6 goals to nil.

Mr. and Mrs. R. Davie and
family returned to the city on the
Prince George this morning
after holidaying in Vancouver
and southern cities.

Mrs. C. P. Riel returned to the
city this morning on the Prince
George after visiting her mother,
who has been dangerously ill
but is now much improved in
health, in Winnipeg.

VIC FOLEY IS COMING

Dave Thomson, manager of the
fair board, has received a letter
from J. A. Foley, father and manager
of Vic Foley, Canadian light-
weight boxing champion, who is
to meet Jack Newman on September
15 in the Exhibition hall in a
championship bout, to the effect
that the arrangements for the
fight between Vic and the fair
board are entirely satisfactory.

Vic Foley and J. Newman will
arrive in the city a few days prior
to the fight to enable both men
to do a little preliminary training
work prior to the bout.

KETCHIKAN MILL IS SHIPPING LUMBER

Working Ten Hour Day in Order
to Fill Order for Export to
New York.

The Ketchikan Spruce Mills to-
day went on a ten-hour working
schedule, to prepare for the big
shipment of lumber it will send
direct to New York on the freighter
Commercial Guide, which out-
side of possibly some battleships,
is the largest vessel so far to come
to Alaskan waters, says the
Ketchikan Chronicle.

Hereafter the first whistle at
the mill will blow at 6 o'clock in
the morning and work will be
commenced at 7 o'clock. The
noon hour will be from 12 to 1
o'clock, and the day's work will
end with a whistle at 6 p.m.

The Commercial Guide will ar-
rive here between August 25 and
September 1, and will load 1,500,-
000 feet of lumber here and a
like amount at Wrangell for ship-
ment direct to New York City by
way of the Panama Canal.

Besides the 3,000,000 feet of
lumber, the Commercial Guide
will have available space for 2,000
tons of canned salmon, about 55,-
000 cases, and several local can-
neries are figuring on shipping
this amount of their product di-
rect to the eastern shore by the
big freighter. If arrangements
are not made for the shipment of
salmon from Ketchikan, the bal-
ance of the Commercial Guide's
cargo will be taken aboard at
Seattle.

HELUM SOLIDIFIED TRANSPARENT MASS

LEYDEN, Holland, Aug. 10.—
For the first time helium has
been solidified into a transparent
mass by Professor W. H. Keesom
of Leyden University, successor
of the late Professor H. Kamer-
lingh Onnes, Nobel prize-winner
for physics, who succeeded in li-
quidifying helium but was unable
to solidify it.

Prof. Keesom's experiments in
placing helium under high pres-
sure, first in metal, then in glass
tubes has now resulted in produc-
ing the solid substance.

FISH ARRIVALS

Three American and four
Canadian boats marketed a total
of 67,000 pounds of halibut on
the Fish Exchange this morning.

Of this total the Americans
landed 22,000 pounds and the
Canadians 45,000 pounds. Ameri-
can caught fish averaged 16.4c
and 10c to 11c, and Canadian
caught fish 14.9c and 10c for
first and second class catches
respectively.

Following were the arrivals:

American
Valorous, 9,500, and Eastern
Point 5,000, to Booth Fisheries,
Jack, 7,500, to Pacific Fisher-

ies.

Canadian
Dolphin, 19,000, to Allin Fish-
eries.

Gibson, 7,500, to Booth Fish-
eries.

Rosespit, 16,000, to Pacific
Fisherries.

Brant, 2,500, to Canadian Fish
& Cold Storage Co.

LOG OUTPUT MUCH LARGER THAN IN 1925

To End of July This District Is
Over Ten Million Board
Feet Ahead.

Over ten million feet more logs have been scaled this year to the end of July than to the end of the same month last year. The total this year is 59,174,522, as against 48,863,909 last year. The scale for the month was 13,205,871 board feet, in addition to about seventeen thousand linear feet of poles and piles and over one hundred thousand ties.

For July the cut of hemlock exceeded that of spruce, although for the year it is not as large by over four million feet. Details of the July scale follows:

Douglas fir	1,996,171
Red cedar	2,443,529
Coast spruce	3,124,133
Interior spruce	529,005
Hemlock	3,437,363
Balsam	1,653,278
Cypress	285
Jackpine	6,002
Alder	115
Cottonwood	45,990

Piles and poles measure in July were less than last year. They are measured in linear feet, ties counted individually and pulpwood, fence posts, shingle bolts and cordwood are scaled by the cord. Details follow:

Spruce poles	8,475
Hemlock poles	8,926
Cordwood	1,860
Shingle bolts	10
Fir ties	439
Hemlock ties	1,638
Pine ties	110,727
Fence posts	45
Pulpwood	297

FUNERAL TODAY OF L. L. DUTTON UNDER BIBLE STUDENTS

A funeral service for L. L. Dutton, who died suddenly at his home on Taylor Street on Sunday afternoon, was solemnized in the E.C. Undertakers' Chapel at 10 o'clock this morning under the auspices of the International Bible Students' Association, of which deceased was an active member. The remains left on this morning's eastbound train for interment at Kitwanga. The following sent floral tributes:

The Prince Rupert Ecclesia; Mr. and Mrs. J. S. Anderson; Mr. and Mrs. D. Orchard McLeod; Mr. and Mrs. J. A. McRae; Joe Lindsay, International Brotherhood of Electrical Workers, Local Union No. 34; Mayor Newton, Mr. and Mrs. Alex. McRae; Mr. and Mrs. J. J. Little; Captain Archie, Mr. and Mrs. O. B. Utterstrom, Mr. and Mrs. R. E. Eyolfson, Mr. and Mrs. Jack Ratchford, Public Works Department employees, Trades and Labor Council.

BARGE TO BE USED ON MACKENZIE RIVER

Will Be Built at Vancouver and Taken to McMurray in Knock-down Condition.

EDMONTON, Aug. 11.—Marking a distinct advance in far northern transportation along the Mackenzie River, and one which will mean much to the people because in future all seasonal rushes of traffic will be expeditiously handled, L. Romanet, general manager of the Alberta & Arctic Transportation Company, a department of the Hudson's Bay Company, let a contract at \$20,000 for the construction of a new unit that will more than double the freight capacity of the S. S. Distributor and naturally increase the passenger accommodation.

The new vessel is an immense barge 140 feet in length with a 36 foot beam, and all housed and bigger than the Distributor itself with which it will be linked. It is in fact a steamship without a steam plant, although it will be equipped later with two 90 h.p. gas engines and power plant that will cost \$10,000. This power will be used on occasions when it may have to cut loose from the Distributor on Great Slave Lake, due to storms and also when it moves about the Mackenzie River delta and the Arctic coast.

Big Carrying Capacity

To be built at Vancouver by George Askew, contractor to the Hudson's Bay Company, it will have a carrying capacity of 300

BRINGING UP FATHER

By George McManus

tration.

Prince Leopold, Crown Prince of Belgium and namesake of the late monarch, addressing the Congress said that the present situation of the native population in the colony was bad, "the death rate excessive and infant mortality, in particular, frightfully high."

King Albert was equally plain-spoken and appears to have taken an attitude which would make Belgium the natural setting for a conference in which all the great colonizing powers will be unoffically represented.

GRAIN SHIPPED OUT BY E. D. & B. C. LINE WAS 3,426,887 BUS.

EDMONTON, Aug. 11.—Nearly three and one-half million bushels of grain was shipped out from the north country last season, final figures compiled by the E.D. & B.C. railway, covering the crop year ended July 31, indicate. The exact total is 3,426,887 bushels, made up of 2,331,420 bushels of wheat and 1,095,467 bushels of other grain.

While exceeding by a considerable margin shipments during the 1924-25 crop season, this season's figures fall short of the 1923-24 total, which showed 3,828,298 bushels shipped. In the crop season 1924-25, shipments totalled 2,894,323 bushels, while in 1922-23, shipments of only 788,500 bushels were recorded.

During the month of July, 1926, 55,614 bushels of grain were shipped, with a few thousand bushels still in store at elevators along the line.

**BELGIAN CHANGE IN
REGARD TO CONGO IS
LEADING TO REFORM**

King Albert and Prince Leopold Both Favor Criticism of Present Situation Africa.

In the intermediate Foothills League the R.C.N.V.R. and the High School will go to the mat tonight. Both teams are out to win and it should be a ding-dong game. In their last game against the Y-Macs, the naval boys were forced to play with two reserves and one man short which was a serious handicap. However, it is expected a full team will be in the field tonight and will show some good football. It is said the High School are rarin' to go. The following team will be fielded by the R.C.N.V.R.:

BRUSSELS, Aug. 11.—High Belgian authority has paved the way for the meeting in this country in September of the International Conference on the Christian Mission in Africa. Not so long ago diplomatic considerations would have made any discussion of the African problem unacceptable to Belgium, but Leopold II and the ongoing atrocities are not so sensitive an issue of late, and royalty and the Colonial office alike have made gestures which indicate that the forthcoming conference will be welcome. Its sessions will be held at Le Zoute, a seacoast town, for a full week, September 14 to 21.

Self-criticism regarding African colonial policy went to great lengths at the Second Belgian Colonial Congress, which met in the city on February 6 and 7. The outspoken way in which some of the defects or failures of Belgian colonization were exposed evoked severe criticism from Nationalists, but the critics had royal encouragement and got away with their strictures on the adminis-

tration.

DETROIT, Mich., Aug. 11.—After producing and distributing more than 14,000,000 of his famous automobiles, Henry Ford has come to the front with an "air flivver."

Rumors of experiments with a baby airplane, were confirmed when Mr. Ford, on his sixtieth birthday, gave a successful demonstration of the tiny monoplane, a product of his laboratory. Self-criticism regarding African colonial policy went to great lengths at the Second Belgian Colonial Congress, which met in the city on February 6 and 7. The outspoken way in which some of the defects or failures of Belgian colonization were exposed evoked severe criticism from Nationalists, but the critics had royal encouragement and got away with their strictures on the adminis-

tration.

Designed by Otto Kappenberg, young German engineer employed in the Ford experimental laboratories, the ship is powered by a three-cylinder air-cooled motor. The pilot sits about midway of the wing, which is placed along the top of the fuselage. It has a wing spread of 22 feet, is 17 feet long and weighs 350 pounds. It is planned to replace the motor with a three-cylinder engine which will bring the weight down to about 310 pounds.

EDMONTON, Aug. 11.—The season's record for the largest trout caught in Cold Lake was shattered when A. Parsons caught a monster trout weighing 36½ pounds. The record had previously been held by R. E. Austin, a Calgary man, who had a 34-pound trout to his credit.

The total catch up to August 4 amounts to 30,650 pounds. This is the information forwarded to R. T. Rodd, local fisheries inspector, by J. K. Johnston, overseer at the lake. This total has all been caught by anglers, no

American exports to that country were \$25,962,000, as compared with \$52,610,000 for the corresponding six months last year, while imports were \$7,976,000, as compared with \$6,169,000. "Import figures for this year, however," the report continued, "do not include manganese ore, estimated at about \$4,000,000 and furs estimated at \$1,500,000."

WASHINGTON, Aug. 11.—For the six months ending June 30 last, American trade with Soviet Russia showed a turnover of \$33,939,000, a decrease of 48 per cent from that for the same period in 1925, the Russian Information Bureau announces.

American exports to that country were \$25,962,000, as compared with \$52,610,000 for the corresponding six months last year, while imports were \$7,976,000, as compared with \$6,169,000. "Import figures for this year, however," the report continued, "do not include manganese ore, estimated at about \$4,000,000 and furs estimated at \$1,500,000."

BOIVIN NOT GUILTY SAYS V. PROVINCE

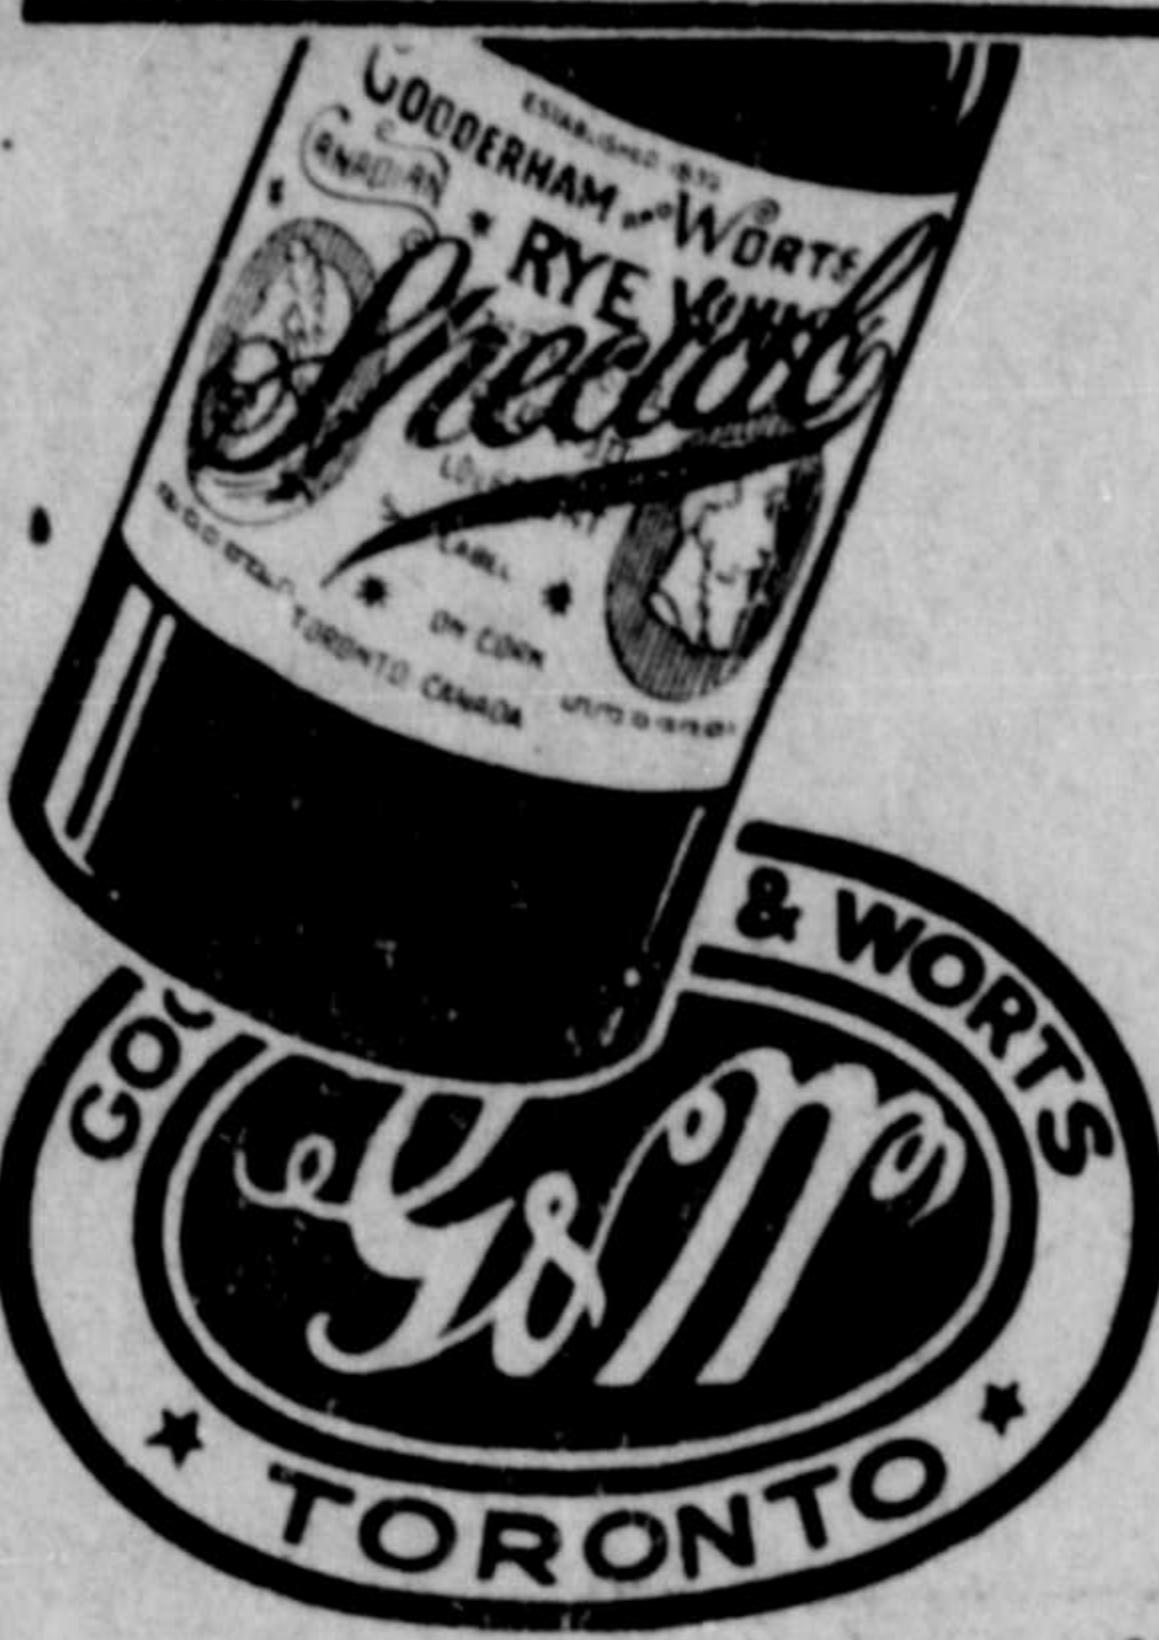

Newspaper Editorialy Declares,
Though Mentioned By Stevens,
Minister Was Without Stain.

The Vancouver Province says: The death of Hon. G. H. Boivin, minister of customs in the MacKenzie King ministry, will throw a pall, for the moment, over the election activities of both parties. Mr. Boivin was a central figure in the contest, and his sudden passing, tragic in the extreme as it was, can not but have its influence upon the balance of the campaign.

Mr. Boivin's department was most in the lime-light during the past session of Parliament, and he was the only member of the King government specifically mentioned in the Stevens amendment to the customs committee's report. But it was plain, during the debate, that though the Conservatives spoke strongly against the minister, they had a good deal of sympathy for his position, and Mr. Meighen even went so far as to express his regret at the necessity of voting against him. The motion in which he was named was a motion of censure. But there was no suggestion that it

reflected in the slightest degree in the minister's personal honor or integrity. And no one ever seriously believed that Mr. Boivin had anything to do with the customs scandals. He came into office at an unfortunate time, and had to bear the weight of the sins of the government and of his predecessor. That was all. His motive in interfering with the course of justice in Moses Assize case was clear enough—to aid his party—and he himself attributed his mistake to inexperience.

Mr. Boivin was one of the youngest as he was, one of the ablest members of the King ministry. There is no doubt, he was one of the principal hopes of the Liberal party, and, had he lived, the incident of the customs scandal need not have proven any serious barrier to his progress. Both Liberals and Conservatives will be sorry to learn of his death.

It is not a mere hobby, either. She takes it in grim earnest, because that is the way she makes her living. A demure young woman, Miss Sullivan holds down the job of secretary to C. P. Dodge, fight promoter. The job means something more to her than transcribing his letters and looking after the office routine. She has made it her business to learn all about match making, pugilists and managers. So well has she learned her lessons that she is perfectly capable of taking prompt action in an emergency.

Proof of this was given a while ago when Mr. Dodge had a long siege in a hospital. That was before he came to Worcester. He was associated with the Crescent Club at Lowell and his illness came in the midst of a busy season. Boxers and managers were worried, but Miss Sullivan rose to the occasion. She went right ahead with all arrangements, closed deals with managers and dealt tactfully with the fighters. The bouts went on as usual. Miss Sullivan has become an expert in judging the merits of individual boxers.

The pack is completed so far in Central Alaska and westward. The Bristol Bay area it is stated will show a most satisfactory pack.

Seattle, Aug. 11.—Alaska advises report cessation of the fishing of pink salmon. In the Ketchikan district fifty per cent fewer pinks than last year have been packed. Reds are reported running heavily.

The pack is completed so far in Central Alaska and westward. The Bristol Bay area it is stated will show a most satisfactory pack.
