WALLACE FISHERIES SELL TO B.C. PACKERS

SALE OF P.G.E. AND LAND GRANT TO AMERICAN INTERESTS PREDICTED

Would Encircle Globe in 25 Days by Flying and Sailing Combined

MOSCOW, Feb. 27.—Linton Wells, writer and traveller, and Edwin Evans, wealthy Detroit man, plan to circle the globe in less than 25 days, using a combination of flying and fast steamship travel. Negotiations with the Soviet government have commenced with a view to securing permission for the party to cross Russian territory.

Wells and Evans expect to start from New York on June 1, flying to Victoria, B.C. At that point they will meet the Empress of Russia as she is steaming out from Vancouver to the Orient and will leave her at Hakodate, Japan, taking another boat for Vladivostok.

The two men propose to fly from Vladivostok to Moscow and thence to Gherbourg, where they will catch the big transatlantic liner Mauretania for New York. Failing accident or undue delay they would in that way encircle the globe much more quickly than has ever been done before.

GARDINER WILL BE PREMIER OF SASKATCHEWAN

REGINA, Feb. 27.—Hon. J. G. Gardiner, minister of highways, has been chosen by Liberals here as premier of Saskatchewan in the cabinet of Premier Dunning, who recently accepted the position of minister of the railways and roads in the Mackenzie King administration.

New Ministers

REGINA, Feb. 27.—Premier Gardiner and his cabinet have been sworn in. The cabinet members include all the old members and two new ones, Thomas Davis of Prince Albert, who becomes minister of municipal affairs, and William Patterson, member for Pipestone, who gets the post of provincial treasurer.

EFFORT MADE TO OUST KLAN

Shaughnessy Heights Residents Object to Headquarters Being in their Locality

VANCOUVER, Feb. 27.—The aristocratic residents of Shaughnessy Heights are offended because the Ku Klux Klan continues to use a house on Matthews Avenue for headquarters of the organization. It is claimed that to do so is contrary to the terms of the Shaughnessy Settlement Act. A meeting was held the other day in the Prince of Wales school at which the matter was discussed and it was decided to take the matter up with the municipal council of Point Grey, in which municipality Shaughnessy Heights is situated, with a view to having the obnoxious use of the house rectified.

STEWART CASE IN DISPUTE

Action Brought in Connection With Prince John Mining Company Properties

VICTORIA, Feb. 27.—Eighteen mining claims in the Portland Canal district are the stakes at issue in an action brought against the Prince John Mining Company by the Victoria Improvement Company in the Supreme court yesterday. The dispute involves the transfer of the properties through C. M. Mackenzie, manager of the defendant company, was adjourned until next Wednesday.

WATER MAIN WASHED OUT

City Power Plant Out of Commission Until Middle of Next Week at Least

SLIDE BROKE PIPES
Water Being Pumped from Shawatlans Plant Today and Light from Dry-dock

The torrential rains of the past two days having brought down a slide which washed out three lengths of 45-inch pipe on the water main about midway between the power plant at Shawatlans Lake and the north fork, the city's power plant is again out of commission and electricity is being supplied by the dry dock while water is being pumped into the Aeropolis Hill reservoir by the emergency pumping station at Shawatlans Lake. It is expected that repairs will have been made to the pipe line and power service restored from the city plant by Thursday.

The slide occurred about 9:25 last night as it immediately that the line was broken by a couple of large trees coming down with the washout, the water pressure was lost and the lights throughout the city went out. Immediately preparations were made to hook up with the dry dock and at 11:15 electricity from that source was turned on.

This morning the Shawatlans Lake pumping station started pumping water into the reservoir.

A crew of men was sent out today to repair the pipe line, the work being in charge of J. Lambie, chief engineer of the power plant. City Engineer H. A. McLean went out to the scene of the trouble soon after it occurred.

Due to trouble on various lines caused by yesterday afternoon's storm, there was fluctuation of the light and power service in various parts of the city and Dighy Island had no light from the city from yesterday afternoon until this morning, the gasoline plant on the island having been put in operation during the night.

RAIN TODAY AT TWO POINTS IN DISTRICT

The Dominion Government Telegraphs weather report at eight o'clock this morning stated that rain was falling at Anyox and also at Terrace. There was a strong wind at Burns Lake and at no place was it very cold. The report was a brief one as follows:

Terrace—Rain, calm; temperature, 40.

Anyox—Rain, calm; temperature, 40.

Hazelton—Part cloudy, windy; temperature, 44.

Smithers—Part cloudy, south-east wind; temperature, 44.

Burns Lake—Part cloudy, strong wind; temperature, 37.

NEW AMERICAN FISH BOAT VISITOR HERE

Nordic, Capt. Conrad Eines, Discharging 30,000 Pounds of Halibut After Maiden Trip

The new American halibut schooner Nordic of Sitka registry is in port today discharging 30,000 pounds of fish, the fruits of her maiden voyage to the halibut banks. The vessel is of the large seine boat type and is diesel powered. Her owner and skipper is Conrad Eines. She sold to the Booth Fisheries Co. at whose dock she tied up this afternoon.

HALIBUT SALES 223,000 POUNDS

Over two hundred thousand pounds of halibut was marketed here today at prices ranging from 10.60c to 12.10c for first class and six cents for second. The boats were:

American	
Radio, 40,000, to Pacific Fisheries.	
Nordic, 30,000, to Booth Fisheries.	
Ihona, 13,000, Hazel H., 44,000, to Royal Fish Co.	
Foremost, 50,000, Raouid Amundsen, 42,000, to Cold Storage Co.	
Resolute, 43,000, to Adlin Fisheries.	
Canadian	
Livingstone, 17,000, and Prosperity A., 7,000, to Cold Storage.	

Charles Folsom, who has been instrumental recently in the organization of a co-operative halibut marketing concern here, is contemplating leaving in about a fortnight's time for Seattle. Mrs. Folsom has already been in Seattle for some time.

THE LAMP of maintenance and remembrance, lit by the Prince of Wales in London, which was brought to New York by Rev. William B. Lusk, Ridgefield, Conn., rector for the first United States branch of the H., to be located in New York.

B. C. Packers Propose to Take Over Wallace Fisheries it is Announced Vancouver Today

VANCOUVER, Feb. 27.—One of the largest deals in the history of the British Columbia fishing industry is a proposal to merge the B.C. Packers Limited with the Wallace Fisheries Ltd. It is announced that by taking over the Wallace interests, the B.C. Packers, which at present operates approximately 30 canneries, will acquire additional plants on Queen Charlotte Islands, Vancouver Island, Skeena River, Naas River and Rivers Inlet. Aemilius Jarvis, the Toronto financier, who is interested in the B.C. Packers, has been here during the past two weeks in connection with the transaction. The amount involved is not made public.

FOREST DREAM ARRIVES SAFE

Is Badly Battered But Gets Into Adelaide After Being Given up as Lost

VANCOUVER, Feb. 27.—The barkentine "Forest Dream" which sailed from here last October with a million feet of lumber for Mauritius and which was given up as lost, arrived at Adelaide, Australia, in a badly battered condition as a result of weathering a succession of storms.

VACCINATION CONTROVERSY

NELSON, Feb. 27.—There is a controversy raging here as to whether pupils attending the schools must be vaccinated or not. Dr. Arthur, city health officer and provincial health officer for the schools, warned pupils that they must not go to school unless they were vaccinated and the school board takes the stand that they are the supreme power and have taken steps to enforce it.

The matter has been taken up with the authorities at Victoria.

FRESH FISH IS SHIPPED HERE

Motorship Bellingham, Making First Visit in Several Months Brings 92 Boxes

Making her first call here in several months, the motorship Bellingham, Capt. Anderson, arrived in port at 9 o'clock last night from Ketchikan with 92 boxes of fresh halibut for transshipment East over the Canadian National Railways to the United States market. The fish was unloaded at the ocean dock and the Bellingham returned to Ketchikan this afternoon.

The Bellingham and the Noreo are expected to be frequent callers at this port during the coming season with fresh fish for shipment East, the Ketchikan fish houses having come to the conclusion that it is more advantageous for them to ship their fresh fish East via this port than sending it south to Seattle on the steamers. The move, it is expected, will have the tendency to increase the volume of fish handling at Ketchikan and, at the same time, it will probably increase the traffic over the C.N.R. from this port.

Both the Bellingham and the Noreo are owned by the Strong interests of Ketchikan.

Offer is Expected from American Interests for Pacific Great Eastern

VICTORIA, Feb. 27.—"United States capital is behind a concrete proposal for the purchase of the Pacific Great Eastern railway and the development of the adjacent land grants set aside by the Legislature at the last session," says the Victoria Times, according to reports received in the city from apparently authoritative sources.

It is understood that the interests which desire to get hold of the government owned line will make their proposals known to Premier Oliver and his cabinet within a few days.

It is thought here that an inkling of the offer must have become known to some of the Ottawa members who recently objected in the House of Commons to a sale being made to American capitalists. Premier Oliver at that time announced that all capitalists were alike to him, or something to that effect. He intimated that he was quite prepared to part with the road to anyone, pointing out that even the C.P.R. was owned very largely in the United States.

VANCOUVER AND 'PEG POSTMASTERS ARE IN CITY ON TRIP NORTH

Thomas C. Bower, postmaster of the city of Winnipeg, is a visitor in the city today having come north on the Cardena this morning in company with F. E. Harrison, Vancouver postmaster, who went through to Anyox. Both will return south on the Cardena tonight. Mr. Bower is registered at the Prince Rupert Hotel.

ATLANTA NEGRO IS CHAMPION

NEW YORK, Feb. 27.—Toger Flowers, the Atlanta Negro, won the world's middleweight championship by outpointing Harry Greb of Pittsburg in a fifteen round bout here last night.

CANADIANS ARE CONVICTED OF RUM RUNNING

Captain and Crew of Pescawha Found Guilty and Sentence Deferred

PORTLAND CANAL, Feb. 27.—Captain Robert Pamphlet of the Canadian schooner Pescawha and all other defendants on trial charged with conspiracy to violate the liquor laws, were found guilty.

Jacob W. Oille, charged with being the leader of the gang handling liquor smuggled in from the Pescawha, was also convicted.

The defence is allowed thirty days to prepare a bill of exceptions and to ask for a new trial should they wish to do so. Sentence probably will be deferred for one month.

The Pescawha was the schooner that answered a call from a vessel in distress, ran in near shore and saved the lives of American sailors and then was seized for liquor smuggling.

LEAGUE CAUSES CONTROVERSY

Sir Austen Chamberlain Insisting on Being Given Free Hand at Geneva

LONDON, Feb. 27.—Divergent views on the proposal to increase the number of permanent seats in the council of the League of Nations is causing much political gossip, the situation being referred to in some quarters as amounting to a cabinet crisis, one section of the press hinting that Sir Austen Chamberlain will resign unless given a free hand at Geneva.

Geneva despatches this morning state that the British dominions will launch a movement to have a non-permanent council seat allotted to them each in succession, as a result of the controversy.

HOCKEY GAMES LAST EVENING

VICTORIA, Feb. 27.—Edmonton and Victoria both won games last night in the Western Hockey League. The Victoria team beat Portland here by a score of four goals to one and at Edmonton the home team held Calgary scoreless during the three periods while making two goals themselves.

DAILY EDITION Saturday, Feb. 27, 1926.

Railway Earnings Are Increasing.

The railway earnings this year are much higher than last and it is to be hoped they will still improve so that the C.N.R. will be able to pay its operating expenses and also do something toward paying interest on the bonds. Until the line pays five per cent profit or thereabouts, it cannot be said to be paying its way.

The increase this year is largely due to the good crop on the prairies which not only provides good business carrying grain to the terminal points but also gives the farmers money with which to buy or to travel. In any case the railway gets its share of the crop money.

Feeling Optimistic About Elevator.

If F. G. Dawson feels optimistic about the operation of the grain elevator, there is no need for anyone else to worry. He has been east and to the prairies and he knows more about the prospects than anyone else. He says he feels sure we shall have plenty of grain coming this way next season and doubtless he speaks from information he has secured.

General Improvement All Along Line.

Throughout Canada, speaking generally, there is a revival of business conditions, consequent largely on the good crop of last year and partly on renewed faith in Canada and her future. In Prince Rupert business is largely seasonal and every year we may expect things to be a little quiet in February and March. From that time on improvement is seen with the peak in September. There is no reason to think this year will be much different from others. The variation will come next year if grain vessels begin to come here, for in that case the shipping will to a large extent offset the off season in the halibut fishing industry and the seasonal quiet times will be at an end. However, we must not think that all quiet times are over. The history of all western towns is that they make marked progress, sometimes amounting to a boom and then there is a lull. Possibly we might find one of those forward movements on our soon. During such times improvements are made in the city, new buildings go up and realty values are enhanced. We ought to be about due for a move soon.

By All Means Sell If Opportunity Offers.

By all means sell the Pacific Great Eastern Railway, if opportunity offers. If there is an American company willing to take the risk, it should be given the opportunity. We are developed largely by American capital in this province and we are glad to have that development. In the Pacific coast states there are people who have plenty of money awaiting investment and the people who have the cash understand western conditions and are willing to take a chance on the west. If, as is charged, we send our young men to the States, it is only fair that they reciprocate and send their money to help develop our country. We need it. We have the undeveloped resources and we can get the people if the country is prosperous.

Our advice to Premier Oliver, if it were asked, would be to make the best possible bargain but to sell and do it as quickly as possible while the prospective purchasers are in the humor. We do not want the P.G.E. If they want it, let them have it.

MINES CHAMBER SMITHERS MET

Hon. Wm. Sloan Accepts Invitation to Deliver Address; Census of Claims Being Made

SMITHERS, Feb. 27.—A general meeting of the Omineca Branch of the B.C. Chamber of Mines was held in the Municipal office Thursday evening with a good attendance of members and President L. S. McGill in the chair.

The organization has been increased by nine members since the last meeting and good progress has been made with the numerous plans for the development of the district as inaugurated at a former meeting.

For the instruction of the prospector 20 samples of typical minerals and 21 samples of rock have been obtained from the department of mines at Ottawa. These samples will be used by the District Mining Engineer D. Lay in a series of lectures of instruction for prospectors this coming spring. Snow-cases are to be made so as to place the samples on exhibit.

Census of Claims

The work of gathering a complete census of all the claims in the district is being continued and those present were urged to try and make the census as complete as possible.

A letter was submitted from Hon. Wm. Sloan, minister of mines, complimenting the members on the forming of this branch and accepting the invitation to address the organization some time this summer.

Several inquiries for mining properties received by the B.C. Chamber of Mines from various points in the United States were passed on to this branch and read out to the members at the meeting.

LATE MRS. BARBER IS LAID TO REST TODAY

Obsequies Took Place from First Presbyterian Church, Rev. Dr. C. J. Cameron Officiating

The funeral of the late Mrs. A. H. Barber, mother of Mrs. Peter Black, took place this afternoon with a service at 2 o'clock in the First Presbyterian Church, interment following in Fairview Cemetery. Rev. Dr. C. J. Cameron officiated and John E. Davey presided at the organ. Pallbearers were Thomas Black, James Black, C. L. Youngman, D. Glennie, A. R. Sinclair and B. E. James. There were a number of mourners and friends in attendance to pay their last respects to the memory of deceased.

Flowers were sent by Mr. and Mrs. John Dybbavn, Mrs. George B. White, Frank Stevens, Miss Mayo B. Larkin, Mr. and Mrs. Jarvis McLeod, Mr. and Mrs. L. O. Larsen, Alex. Yule and Old Friend, Mr. and Mrs. Peter Black and family, Mr. and Mrs. James Black, Mr. and Mrs. Frank Clapp, Mr. and Mrs. W. Christison, the Big Bay Lumber Co., Norman Short and mother, Harold Shaw, C. L. Youngman, R. E. James, E. L. Davis, Mr. and Mrs. Hart, Archie Sinclair, Prince Rupert Transfer & Taxi Co., Mr. and Mrs. D. Glennie, Mr. and Mrs. Jack Wells.

Ten Years Ago in Prince Rupert

There was great jubilation in local Liberal headquarters last night when word was received of the Vancouver by-election result which showed M. A. MacDonald, Liberal, to be elected over C. E. Eisdall, Conservative, by a majority of over 4,000. Short speeches were delivered by Fred Stork, W. T. Kerkin, G. R. Naden, L. W. Patmore, M. P. McCaffery, F. H. Mobley, A. M. Manson, H. F. McRae, Olof Hanson, Walter Shaw and others. The victory of Mr. MacDonald is taken as an indication of the way things will go in the next provincial general election.

The schooner Gifford, selling 14,000 pounds of halibut here today, received the highest price ever paid at the port, 7 1/2c per pound. Other arrivals of the day are Sumner, 17,000 pounds; Madeline J., 10,000 pounds, and Margalice, 4,000 pounds.

INDOOR PICNIC AT GYMNASIUM

Girls of Intermediate Class Have Novel Respite to Athletic Work

Yesterday afternoon the girls of the intermediate classes of the Rupert East Gymnasium held an indoor picnic, about twenty girls taking part.

They met after school hours and found their gym nicely warmed for the occasion. After playing many games and swinging from bars and rings, basketball, and relay races carrying small beans on knives, were the cause of great excitement. The ball teams captained by Ida Boddie and Muriel Vance played a strenuous game with Ida's team the victor.

Of the bean relay races, the first teams, captained by Muriel Vance and Jean Wilson, ran very half-heartedly, Muriel's team being easy winners.

The second race was better run, Evelyn Philip's team managing to beat Muriel's by a slight margin.

Lunch on Floor

About half time, the girls had much fun imagining the floor of the gym was a nice green patch of sward. They put paper table cloths on the floor, laid out their supplies upon the improvised table covers, then sat around their floor table and ate their luncheon.

Rev. G. G. Hacker, who has worked for four years to put the gym at Rupert East, came out to pay a friendly visit and give a helping hand. Everybody present voted the indoor picnic a great success.

THE MAN IN THE MOON says:

FIRST there were the new year resolutions and then the lenten resolutions to break. Thank goodness there are no more before next year.

BE mine sweet maid And let who will be single. We'll marry in the month of June When nature's all atingle.

Pythian Sisters and Knights, please meet on Sunday, February 28, at Lodge at 7 p.m. for Church Parade to Lutheran Church.

G. Chambers, manager of the Naas Harbor cannery, arrived in the city on the Gardena this morning from Vancouver where he has been spending the winter.

Not enough members being in attendance to form a quorum, the annual meeting of the Canadian Club, called for last night, was postponed until next Friday evening.

A meeting of the Prince Rupert Billiard Association will be held in the G.W.V.A. rooms on Sunday, February 28, at 2.30 to arrange for championship games. All interested are requested to attend.

Archdeacon G. A. Rix leaves on this evening's train on a trip to Eastern Canada on business in connection with the arrangement of finances with a view to the appointment of the bishop for the diocese of Caledonia to succeed the late Archbishop Du Vernet.

C.P.R. steamer Princess Beatrice, Capt. Thomas Cliffe, arriving from the south at 7 o'clock this morning, proceeded at 8.30 to Ketchikan (Alaska), on board 100 tons of Vancouver Island coal for that port. The Beatrice will return south direct from Ketchikan without calling here.

Miss Janet Lee, R.N., who recently completed training as a nurse in the local hospital and will join the graduate staff, will return on the Camosun tomorrow night from a brief holiday trip south. She will take the place of Miss M. Hebben, R.N., also a recent graduate, who leaves next week for California.

Major Van Tausk of the Alberta Department of Agriculture has been a visitor in the city for the past couple of days in the course of a trip to the Pacific Coast for the benefit of his health. He arrived from Edmonton on yesterday morning's train and sailed this afternoon aboard the Princess Mary for Vancouver. He is a member of the Edmonton Gyro Club.

Union steamer Gardena, Capt. J. A. Findlay, which is replacing the Catala for a couple of weeks in the Prince Rupert-Anxox and cannery route, arrived from the south at 4.30 this morning and sailed for the north at 6.30. The vessel is due back in port tonight southbound. The Catala is now undergoing annual overhaul and inspection in Vancouver but will be back in service the week after next and the Gardena, which has completed overhaul, will return to her regular run on which the Camosun has been relieving.

GWYL DEWI SANT.

A social will be held at the L.O.D.E. Hall, Fifth Avenue on Monday at 8 p.m. to celebrate St. David's Day. All Welsh people invited.

ANNOUNCEMENTS

Westholme Theatre, March 2 and 3, Prince Rupert Players Club presents a new joyous comedy "Wedding Bells."

Children's Colds

Are best treated externally. Check them overnight without "dosing" by rubbing Vicks over throat and chest at bedtime.
VICKS VAPORUB

FREE AT LAST OF KIDNEY TROUBLE

ILLNESS ENDED BY "FRUIT-A-TIVES"

"I have been troubled for some years with dyspepsia, liver trouble and kidney trouble, from which it was impossible to get relief until I started taking 'Fruit-a-tives,' which had been recommended to me by a relative. Before taking this wonderful Fruit Juice remedy it was impossible to carry out my daily work, but now, thanks to 'Fruit-a-tives,' I am free from those ailments, and able to do my household duties without pain or fatigue."—Mrs. Thomas Evans, R. R. No. 1, Everett, Ont.
The remarkable medicine, "Fruit-a-tives," made from intensified fruit juices and tonics, has more than 20 years of success to recommend it. It can always be depended upon to give positive relief from pain in the Back, Rheumatism, Lumbago, Neuralgia and Headaches, which are due to improper action of the kidneys, stomach and bowels. Sold everywhere, 25c. and 50c. a box.

Harold Sostad of the Engineer Mine was a passenger bound for Vancouver aboard the Princess Mary which was in port this afternoon.

H. C. Numan, manager for the New England Fish Co. at Ketchikan, was a passenger aboard the Princess Mary this afternoon going through to Seattle on a business trip.

The failure of the fishing boat Arctic to arrive in port today for the sale caused some talk that the boat might have got into difficulties. The weather was bad and some of the other boats had a hard time making port. It is expected that she ran for shelter or returned to Ketchikan.

R. G. Cunningham, well known Port Essington businessman, arrived in the city on the Gardena this morning from Vancouver. He is just back from a trip of several months' duration to Great Britain and the Continent, having returned via the Panama Canal to Vancouver aboard one of the Royal Mail Packet Line's motorships.

VANCOUVER TOWERS BEAT NELSON HOCKEY

VANCOUVER, Feb. 27.—Nelson amateur hockey team went down to defeat here last night in their first game against the Vancouver Towers the score being Towers 5, Nelson 0.

BURNED TO DEATH WHEN LEFT IN HOUSE

QUEBEC, Feb. 27.—Left alone in the home which was destroyed by fire, three children of Edward Beaulieu of Esort were burned to death last night.

DEPORTED MAN FOR STEALING SUPPLIES

EDMONTON, Feb. 26.—"The groceries you stole from William Garruthers' cabin might have made all the difference between life and death to him," said Judge Taylor in the criminal court on Tuesday when passing sentence of four months' hard labor on Richard T. Hudgins, who pleaded guilty to a theft of some clothes, foodstuffs, tools and a pair of snowshoes from a trapper's cabin at Pelican Portage last August.

His Honor added that he was amazed that any man in the north could bring himself to commit such an offence, and elicited the fact that the prisoner had only been in the country a month when the crime took place.
His Honor recommended that he be deported back to the U.S. on completion of his sentence.

Church Notices

Presbyterian Church

Get your seats at Orme's now for "Wedding Bells," first time ever produced west of Chicago, after a two year run in New York.

F. G. Dawson yesterday met the grain committee of the Board of Trade and told of having discussed the local elevator situation with grain men on the prairies and in the east and stated that he hoped for good results. He had nothing definite to report but gave reasons why he was optimistic. The members of the committee present besides Mr. Dawson were M. P. McCaffery, chairman, M. M. Stephens, C. H. Orme, G. W. Nickerson and H. F. Pullen.

C.P.R. steamer Princess Mary, Capt. C. C. Saintley, having been delayed in Alaskan waters on account of heavy freight business and stormy weather, arrived from the north at 12.30 noon and sailed at 2 o'clock for Vancouver. Among the vessel's passengers from here for the south were F. A. Porter, Mr. Eastman, Mr. Rumball, Major Van Tausk, J. L. Taylor, J. W. Morrison, W. McKibbin, R. Littler, Mr. Peterson and Mr. and Mrs. Sorenson. The vessel had 46 passengers on board from Alaska including five for Prince Rupert: Peter Cameron of this city; Mr. and Mrs. Samuel Davies of Kaasaan; Michael Hircok of Juneau, and George Smith (Salvation Army) of Winnipeg.

GRAIN MOVEMENTS FOR DISCUSSION

Invitation Sent to Board of Grain Commissioners to Have Representative at Vancouver

VANCOUVER, B.C., Feb. 27.—Agenda outlined for the forthcoming conference of the Western Canada Development and Unity League, to be held here in March, will give prominence to questions relating to the western grain movement. Permanent organization and the adoption of a constitution and bylaws will also be taken up.

Among grain matters to be discussed will be the question of an appeal board for Vancouver, the permit system, embargo on western shipments of wheat, the Canada Grain Act, the amount of rough wheat treated in Edmonton, Calgary and Vancouver, grading of grain and comparison of Canadian and United States methods; manner of dealing with screening and dockage; the benefit of having mixing elevators in Vancouver.

An invitation has been sent to the board of grain commissioners to attend the convention, or, failing that, to be personally represented by someone authorized to discuss the important questions affecting the whole western grain movement.

MUSKRAT FARMING AT CAROL LAKE, ALBERTA

Large Tract of Land Purchased and 500 Rats Already on the Place

EDMONTON, Feb. 27.—The extensive farming of muskrats is to be undertaken for the first time in Alberta by the Bruce Farming Company Ltd. Dr. P. A. Herrington, managing director of the company, says that land has been taken over at Carol Lake, near Ashmont, will this purpose in view.

Included in the 15 quarter section that comprise the property of this syndicate is the old Campbell farm that was being operated while Edmonton was still a frontier town. In addition, other lands have been secured from farmers in the neighborhood and from the soldier settlement board, with the result that the Bruce farm will completely encircle the waters of the lake.

Nucleus for Colony
 In this lake there are some 500 muskrats already, Dr. Herrington states. These will be stringently protected and none of them will be marketed for at least a year. This protection, along with well-built community houses and the natural food of the animals, is expected to bring about an increase that will be from three to four times in excess of that of the fur beaver in its wild state.

VISITORS ENTERTAINED AT DANCE LAST NIGHT

Interesting Event in Elk Home Not Marred by Absence of Electric Light

A dance was held in the Elk Home last night by the Prince Rupert High School in honor of the visiting basketball teams from Anyox. There was a good attendance of young people and the fact that, during the early part of the proceedings the electric light were out, did not prevent any one from having a good time. Candles were used in the emergency, giving the hall the moonlight effect which is always

MORESBY ISD. WANTS PROVINCIAL OFFICER

Police Inspector States That Botlegging Situation Has Been Well in Hand There

Referring to the despatch published in the Daily News yesterday stating that a petition was being circulated at Skidegate asking for a clean-up of bootlegging there, Acting Inspector William Spiller of the provincial police stated this morning that the petition was instead asking that a provincial police constable be stationed on Moresby Island. The inspector added that the bootlegging situation is being attended to there by the authorities, there having been a number of raids by Liquor Board operators during the past four months resulting in several convictions at Lockport and Queen Charlotte City under the Government Liquor Act.

In The Letter Box

Editor, Daily News.

There is quite a lot of hypocrisy in this phrase of the Aldermen: married men only. They are merely considering the vote under the guise of a feeling heart, and the merchants are quite aware of this duplicity but back them up for business reasons.

Now I would ask these people both aldermen and merchants to forget business and votes for once and be really honest and sincere. I would ask that the single men be given two weeks work in order to start them out. They have stood a long spell of idleness, yes and want, and have not complained.

In conclusion I would say that there are lots of the employed married men, in no need of charity whatsoever.

SINCERITY.

SMITHERS

Mrs. D. F. Hatt entertained a number of her lady friends at a luncheon on Wednesday afternoon following which a couple of hours were spent at bridge.

Mr. and Mrs. C. L. Dimock entertained at bridge on Tuesday evening the play being followed by dainty and appetizing refreshments. The prizes were won by Mrs. George Wall and Mr. Boswell.

The Vanderhoof - Smithers hockey game was followed by a dance in the Town Hall at which the boys from the Nechako town

EXAMINATION FOR THE POSITION OF ASSISTANT FOREST RANGER

These examinations are for the purpose of filling present vacancies and to select candidates to qualify for future vacancies and increases in staff.
 Assistant Forest Rangers.
 Assistant Forest Rangers are required during the first season of each year in this period to examine all applications for work in the forest service. The appointment is made each year on a satisfactory service in view of the examination. The salary is \$100 per month for the first year and \$120 for the second year. Training expenses are also paid.
 Qualifications for Candidates.
 Candidates must be British subjects, residents in British Columbia for a minimum year, of good character, good physical condition and able to speak English. They should have experience in fighting, possess the ability to apply work and handle men, and have knowledge of the Forest Act.
 The examinations are partly written, partly oral and are designed to test the candidate's ability along the above lines. All statements made by applicants as to experience, education and fitness are subject to verification by the examining board.
 Preference is given to returned soldiers with the necessary qualifications.
 The examination will be held at the places and on the dates named below. Each intending candidate should apply to the District Forester of his district for application forms and for information regarding the hour of the examination and the building in which it will be held. The application forms should be filled out, filled out and mailed to the District Forester in time to reach him at least 10 days before the examination.

 BULGER & CAMERON LIMITED.

WATERFRONT WHIFFS

Halibut season opens more auspiciously for fishermen---herring and salmon run starts ---operation of Prince Rupert Cannery

For the fishermen at least, the halibut season has opened more auspiciously this year than it did last. Up to yesterday the arrivals had not been so heavy as they were a year ago eleven days after the season had opened and the consequence was that the market was able to absorb the catches at prices remunerative to the operators of the fleet. Toward the end of the week prices showed the tendency to drop and there was still danger that a lot of fish arriving all about the same time might have a still lowering effect. The first "sensational" bids, did well and, as in all other things, it was a case of the "devil take the hindmost."

Up to and including yesterday morning's sale, a total of 338,700 pounds had been landed at this port. Of this, 62,200 pounds was from Canadian bottoms and the balance from American. The highest price of the week, 16.9c and 9c, was paid on Wednesday to the American schooners Brothers, 9,000 pounds, and the Augusta, 12,000 pounds. The highest Canadian price, 16.1c and 10c, was given the Ringleader, also on Wednesday.

Arrivals during the week up to yesterday noon were:
American—Adeline, 2,500 lbs.; Majestic, 27,000 lbs.; Rainier, 40,000 lbs.; Brothers, 9,000 lbs.; Alliance No. 1, 9,000 lbs.; Onah, 3,500 lbs.; Augusta, 12,000 lbs.; Glacier, 8,500 lbs.; Eureka, 6,000 lbs.; Yellowstone, 18,000 lbs.; Chelsea, 33,000 lbs.; Thor, 36,000 lbs.; Columbia, 40,000 lbs.; Brisk, 35,000 lbs.
Canadian—Ringleader, 3,000 lbs.; Helen, 1,500 lbs.; Swin, 2,000 lbs.; Lysekil, 28,000 lbs.; Cape Beale, 17,000 lbs.; Cape Swain, 4,000 lbs.; Brandt, 2,200 lbs.; Mayflower, 3,000 lbs.; Mab, 1,500 lbs.

The American schooner Ivanhoe arrived on Wednesday with 35,000 lbs., but went on to Seattle, having received an attractive offer from that port.

To Augment Service

It is heard along the waterfront that the Canadian National Coast Steamship Services will use the motorship Lillehorn this year in freighting along the coast as the whaler Gray was used a couple of years ago. With the anticipated expansion of the lumbering and fishing industries on the Queen Charlotte Islands during the coming season, heavy freight traffic will arise there making it necessary to supplement the Prince John in the service. Capt. Dan McKinnon, chief officer of the steamer Prince Rupert, is now skipper of the Lillehorn which was brought to the coast recently from the Old Country under charter to the B. L. Johnson-Walton Co. The vessel is now being used in freighting between Ocean Falls and southern ports.

The new halibut schooner Helen, Capt. Chris Hovmuller, which was built at the McLean ways here during the past winter.

USE AND STORAGE
TAKE NOTICE that Los Angeles Lumber Products Company, whose address is Messrs. Ladner & Cantelon, Rogers Bldg., Vancouver, B.C., also Box 97, San Pedro, California, U.S.A., will apply for a license to take and use 500 cubic feet per second, and to store 75 thousand acre feet of water out of the Am River which flows southerly and drains into Massed Inlet, about one half mile easterly from Buckley Bay. The storage dam will be located at the outlet of Am Lake or at a point below the said outlet to be determined after surveys are made. The capacity of the reservoir to be created is about 75 thousand acre feet, and it will flood about 3,800 acres of land. The water will be diverted from the stream at a point about the location of the storage dam, namely the outlet of Am Lake, and will be used for power and industrial purposes upon the land described as Lot 1414, Queen Charlotte Islands District. This notice was posted on the ground on the 19th day of February, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Water Recorder at Prince Rupert, B.C. The date of the first publication of this notice is February 23, 1926.

NOTICE TO CREDITORS

There will be a meeting of the creditors of the Prince Rupert Cannery at the offices of the undersigned, Royal Bank Building, Third Avenue, Prince Rupert, B.C., on Monday, February 22nd, 1926, at 10 o'clock in the forenoon.

DATED at Prince Rupert, B.C., this seventeenth day of February, A.D. 1926.

good ride for their money. A little pale under the gills, the officers were able to come ashore as soon as the vessel arrived and endure a taxi ride over the Prince Rupert streets which, though nothing to brag about, are a little smoother than Beate Straits when a good old southwester blows up.

After having experimented for some years with a couple of boats from the south that have been pawned off on them for use in the district, it is said that the provincial police officers are expecting word from the seat of authority and wisdom at Victoria that they may be furnished with yet another vessel. The present boat is a good enough one in the right place which, however, is not waters adjacent to Prince Rupert in such stormy days as these. The Adanac was meant for inside waters and not for Beate Straits so is not by any means adequate for the strenuous work that the police are called up to handle. The Whiff man heeded the Attorney General in all his glory when he was here recently but the only statement he is able to make following that interview is that Bill Spiller may get a new boat next week or century of any time hereafter.

New Seine Boat

N. M. McLean will start construction next week of a new seine boat for Sunnyside Cannery. The vessel will be 45 feet long with 11 feet beam and will be powered with a 20 h.p. Frisco-Standard engine. The boat is to be ready for use by April 15.

Jeff Lambly was in port at the end of this week from Lewis Island with the "O Baby" taking on a cargo which consisted principally of provisions for the chicken ranch.

The Canadian halibut schooner Inez H., Capt. H. Ness, left port at the end of this week on her first trip of the season to the halibut banks. Capt. Ness delayed his departure so that he might return to port with his catch between the bunches and thus get the benefit of better prices. Rough weather came up, however, and held him up a little more than he had figured on. He left for the banks by way of the Kitkatla fox farm where he is picking up his halibut gear and another man for the crew.

It was learned on the waterfront this week that the Millard interests are negotiating for a lease on the Prince Rupert Cannery with a view to operating it this year. The principals of the Millard Company are not in town just now and no confirmation of the report was obtainable from the office of the Canadian Fish & Cold Storage Co.

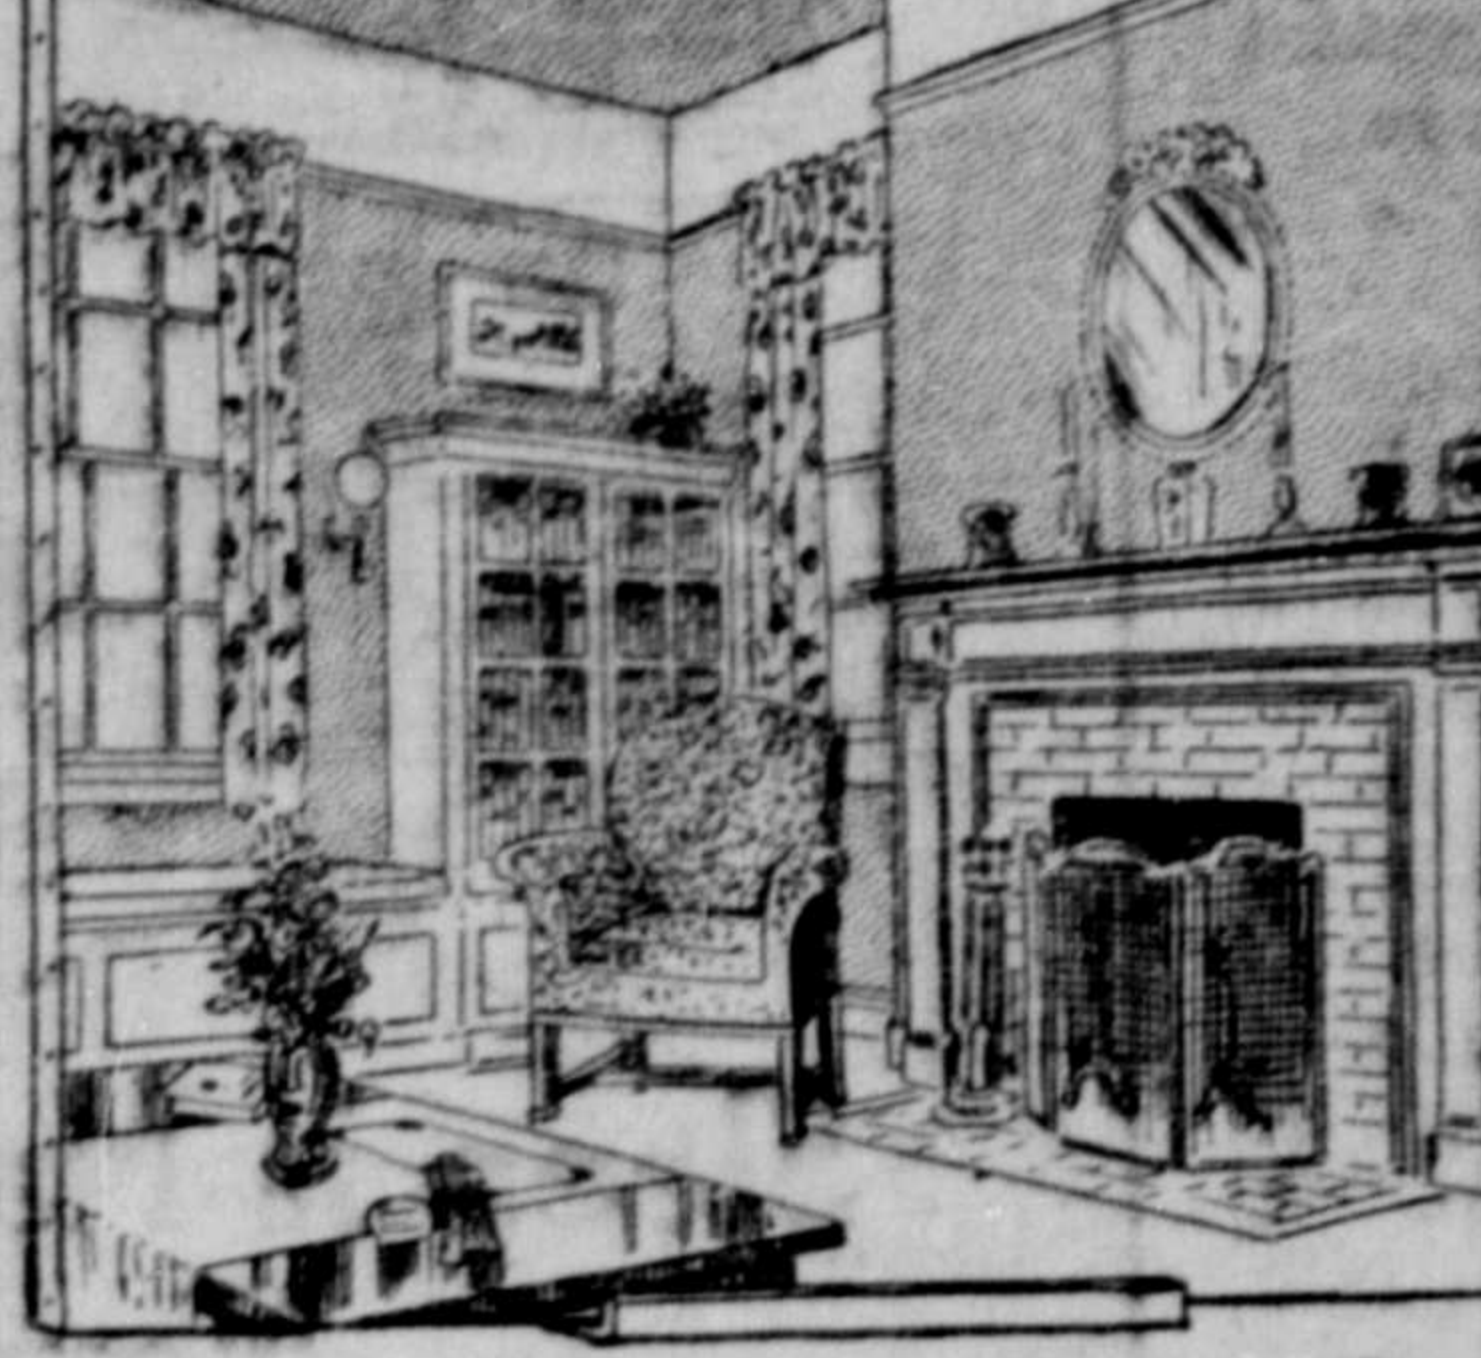

The first fresh herring of the season reached port this week from Butler Cove, Stephens Island, where seining is now going strong. The Bethune, Capt. Jack Bradbury, was here on Monday with twenty tons which was disposed of principally to the halibut vessels for bait purposes. On Thursday the M. R. Lord, Capt. Bert Hanson, Chief Engineer Tommy Moorehouse, and Cook Horace Tattersall, arrived with 35 tons which was caught by the Watt & Gammon outfit for the Canadian Fish & Cold Storage Co. Both vessels returned to Buller's Cove immediately after they had discharged.

Coastwise Steamship & Barge Co.'s freighter Marmion, Capt. Cameron, arrived in port early in the week from Anxox and, after unloading 5,400 gallons of benzol at the Prince Rupert Boat House, moved up to the dry dock where she is now receiving minor repairs and annual inspection before returning north to resume her flux or carrying service between Maple Bay and Anxox.

A Rescue Stunt

Miss Pete Teemany and a party of young friends figured as the rescuers and Capt. Alfred Swanson as the rescuer in a waterfront incident last Sunday. Along about noon Pete set out in the pleasure boat Nadine for the Salt Lake and a little later a real good blow came up. Her father, the genial doctor, became quite alarmed and rushed down to the Prince Rupert Boat House ructions Thursday morning, and commandeered Capt. Swanson and the Pachena. Shortly up to form and came right after the Pachena with the Na-through, giving the officers and dine in tow, returned to this side their slant-eyed captive a real

Walls that reflect good taste

THAT note of perfect harmony—prized by all women of good taste—is easily and economically achieved in the home by using beautiful Alabastine tints on the walls and ceilings. Alabastine walls express the artistic sense of the owner. Other wall finishes absorb or reflect light while Alabastine is luminous and diffuses light. Alabastine walls blend charmingly with the furnishings, giving a quiet, agreeably mellow effect of luxury and distinction. Write for our Stencil Catalogue and Booklet "Homes Healthful and Beautiful." The Alabastine Co. Paris, Limited, Paris, Ontario.

CHURCH'S HOT OR COLD WATER

father's peace of mind.

If you have indigestion and want to get rid of it, the best way to go about doing it is to bite the cook's false teeth. That is the lesson that has been learned by the seining crew of Gammon & Watt's herring outfit that is now operating at Butler Cove. Tom Watts, the chief mulligan mixer of said outfit, had the misfortune to lose his artificial molars the other day, and since that occurrence the crew has been enjoying a fare of Eno's fruit salts, jelly powders, cheese and other soft delicacies such as Tom can masticate. Tom has been too busy to come into town to have a new set of tombstones erected so it looks like the boys will be on forced diet for a while longer at least.

Fat and fit, Jim Lee, the popular manager of the Atlin Fisheries, returned home this week after his three months' sojourn in the Old Country.

It was the first time in fifteen years that Jim had been home and he spent two weeks under the parental thatch at Fraserburg near Aberdeen. He also took the opportunity to look the Old Land over from end to end and, by motor and train, he went from the north of Scotland where ice and snow was the order of the day to the south of England at Bournemouth where around Christmas flowers were in bloom and the populace was disporting itself on the bathing beaches.

In spite of the fact that Jim returned from Liverpool to Boston, aboard the steamer, Carmania on which incidentally the alleged moral-lacking Countess of Cathcart was a passenger, in the midst of the big storms on the Atlantic, he says that, in the course of his entire trip, there was not a day that, as far as real, rotten weather was concerned, could compare with last Thursday afternoon in little old Prince Rupert.

Crossing the continent on the way home, Jim says there was snow all the way from Boston to the Rocky Mountains, clear ground being again in evidence as the Pacific coast was approached. Boston, Montreal, Winnipeg, St. Paul and Winnipeg were among his points of call in the course of the homeward trip.

Speaking of conditions generally in Great Britain, Jim said:

Her Face Was Covered With Large, Red Pimples

Miss Greta Carlisle, 23 Leonard St., Banford, Ont., writes:—"A short while ago, my face was completely covered with large red pimples, and it seemed that it was almost impossible for me to get rid of them, as nothing I took seemed to do me any good. One day I noticed an advertisement of

and I will never regret the day I bought it, as, now, my face is entirely cleared up of blotches and pimples of every kind." For the past 47 years B.B.B. has been put up only by The T. Milburn Co., Limited, Toronto, Ont.

that business was picking up well except in shipbuilding and the allied trades. The country, from his observation, seemed to be over populated but, if the coal mining industry were restored to a healthy basis and shipbuilding were resumed, he was of the opinion that conditions would come rapidly back to normal.

Jim saw no Prince Rupert people during his trip and says that he did not have any experiences out of the ordinary.

Offer Rejected

The offer of 3c for halibut and 2c for black cod by the New England Fish Co. to fishermen for the operation of the trawler New England, was rejected by 44 to 5, this representing the vote at Prince Rupert, Ketchikan and Seattle it was announced this week at the Deep Sea Fishermen's Union headquarters here. The most of the vote was polled at Prince Rupert where the result was 25 to 4 against acceptance.

The Canadian Fish & Cold Storage Co.'s tender Grier Starrett is again in operation with the 45 h.p. semi-deisel Fairbanks-Morse engine which replaces the 40 h.p. Union engine that has now been installed in the Prince Rupert Boat House hunting cruiser Leila R. With the new motor, the vessel now turns up a good speed of ten miles per hour. The boat is skippered by Capt. Dahl with Billy Cummings as chief engineer and will be used this season as a packer for Dundas Island, Skeena River and the Queen Charlotte Islands.

The Chief Zibassa, on which a number of valuable adjustments have been made during the winter by Chief Engineer Tommy Moorehouse including the installation of an electric starter and touching up the governor and the timer so that the vessel can run at any speed from half a mile up, is awaiting the installation of a new clutch before going into service this season buying and packing salmon from the Queen Charlotte Islands.

SMITHERS WON HOCKEY MATCH

Score of Two to One Against Vanderhoof on Bad Piece of Ice

SMITHERS, Feb. 27.—Another game of hockey was played here Wednesday when the Vanderhoof team tried conclusions with the local boys and were handed a defeat 2 to 1. As usual Manager Davidson had prepared a good sheet of ice the night before and which still looked nice when he opened the gates to let the teams on to limber up. It was soon found however that the warm winds prevailing during the day had played havoc with it and in a short time it became so cut up in spots that the players had a hard time to hold their feet in these places.

L. B. Warner acted as referee. The first period and most of the second was stubbornly contested but the speed artists did not have a chance to extend themselves as it meant a spill in one of the slushy places or over-skating the puck. The heavy going told on the players and when the second period ended with the score one apiece, it was agreed to just continue the game until the first goal was scored. After a minute or so of play in the final frame the Smithers forwards broke away and managed to put through the deciding goal.

Teams were: Smithers—S. Robinson, goal; N. Kilpatrick, C. Warner, Jiggs Graham, J. Silver, E. Dawson, W. Orchard and J. DeVoin. Vanderhoof—S. Daly, C. Steele, W. Lee, J. Johnson, P.

Sleep is Nature's Nerve Restorer

"THAT may be very true," you say, "but that is just the trouble I cannot sleep." Without such aid as Dr. Chase's Nerve Food affords you are doomed to physical bankruptcy.

By using this treatment and taking as much rest as possible you will very soon find yourself on the highway to health. But a little patience is necessary. A condition which has been years in developing cannot be overcome in a day. Of one thing you can be certain and that is that with each dose of the nerve food you are supplying to the blood and nerves the elements of nature which are essential for the restoration of the human system. Dr. Chase's Nerve Food, 60 cts., all dealers or The Dr. A. W. Chase Medicine Co., Limited, Toronto 2, Canada.

HALF MILLION POUNDS FISH

Only About Half as Much Land- ed This Year as Last in February

Hallbut arrivals at this port from the opening of the season at the middle of the month, up to today, have totalled 561,700 pounds—475,700 pounds from American bottoms and 86,000 from Canadian. The total is little more than half that for the same period last year when 1,116,600 pounds had been landed here by this time. The condition today, however, is much more satisfactory for on February 28, 1925, the local halibut market was glutted with hundreds of thousands pounds of halibut which the market could not absorb. Bad weather of the past few days may have been to some extent responsible for the fact that the catch has been comparatively small but it is more likely that landings of catches have been better arranged by the fishermen themselves so as to avoid the bunching of arrivals and another market glut like that of last year.

BISHOP HERE IS PROBABLE

Funds Coming in Well so Far and Prospects are Sufficient Will be Raised

Caledonia diocese itself has more than reached the financial objective set for it in connection with the endowment fund with a view to appointing a new bishop to succeed the late Archbishop Du Vernet and prospects are favorable that by next September sufficient funds will have been obtained to warrant the General Synod executive sanctioning the election of a new bishop for Caledonia stated Archdeacon G. A. Rix this afternoon.

Archdeacon Rix will leave this evening for Toronto and will spend the next two months in Eastern Canada carrying on a campaign for the diocese under the auspices of the Missionary Society of the Church of England in Canada.

After Easter Archbishop De Pencier, Bishop of New Westminster, will go to England to carry on a campaign for the same purpose under the auspices of the B.C. and Yukon Church Aid Society.

O. B. Smith, formerly an official of the Granby staff at Anyox, was a passenger on board the Princess Mary this afternoon bound for Vancouver after having spent several months in the Altn district.

RUPERT WINS BASKETBALL

Lights Going Out Prevented Second Game Being Completed at Exhibition Hall

GOOD PHYSICAL DRILL
Much Favorable Comment on Work of Local Girls' Team Last Night

The first of the series of games between boys and girls of the Prince Rupert and Anyox High Schools took place last night at the Exhibition Hall. There was a large crowd in attendance despite the bad weather and two splendid games were played, although the lights going out prevented the boys' game being finished.

Good shooting on the part of the Prince Rupert girls and the combination of the Anyox players featured the girls' game which was won by Prince Rupert by a score of 16 to 7.

The teams and scoring were as follows:
Prince Rupert—Laura Frizzell, 6; Evelyn Dalby, 2; Vera Smith, 6; Helen Sim, 2; Ada Mingszohr.
Anyox—Jeanette Morley, Julia Calderone, 4; Annie McLachlan, Thelma Deeth, 1; Margaret O'Neill, 2; Bonnie Chapman.

In the boys' game, the local players were ragged at the beginning but near the end of the first half they picked up and the score at half time was 16 to 11 in Prince Rupert's favor. In the two minutes of play in the second half before the lights went out Perry Baisler got another basket. The game was then called off with the score standing 18 to 11.

Prince Rupert—Alex Mitchell, 2; Perry Baisler, 7; Yoshi Katsuyama, 1; Clarence Thompson, 5; isa Katsuyama, 3.

Anyox—Theodore Asimus, 4; Eddie Clay, 1; Johnie Lazorek, Stuart McLachlan; Ted Swanson, 9; Austin Lindgren.

Eddie Mann refereed both games and William Mitchell acted as linesman.

Physical Drill

Between the two games there was an exhibition of physical drill and tableaux by twenty girls of the Prince Rupert High School under the direction of Alex Mitchell. The girls were dressed in the white High School middies with blue collars and cuffs, black tie and the High School crest on their right arms. They presented a neat appearance on the floor and the turn evoked a great deal of favorable comment. The girls taking part were: Jean Grieve, Winnie Thomson, Laura Frizzell, Evelyn Dalby, Mary Dowther, Ada Mingszohr, Lillian Roberge, Catherine Irvine, Virginia Riel, Margaret Kergin, Muriel Miller, Helen Sim, Aleita McKinley, Chrissie McLeod, Christina Nuech, Julia Walters, Mary Nutters, Lucy O'Brien, Vera Smith and Ruth Gillies.

The entire performance including the drill and two games will be repeated tonight and, with weather improved, a bumper attendance is expected.

RIFLE SHOOTING.

The following scores were made by the marksmen of the North B.C. Regiment Rifle Association on the Market Place miniature range last evening:

M. M. Lamb	97
H. Floyd	93
R. Davidson	93
H. B. Eastman	90
W. Davies	89
F. Russell	86
A. Hunter	83

The failure of the electric lights about 9:30 prevented other men who were in attendance from shooting.

The difference between a young preacher and an old one, said Dr. Moffatt, is that the young preacher wonders why people do not come out to hear him; the old preacher, why they do.

ARE YOU WEARING The Right Shoe?

Up till a recent date, the shoe trade has been devoting its energies to the improvement of quality and style of shoes, never giving any consideration to the feet. But now, a new leaf has been turned and the manufacturers are going hand in hand with science. They now understand that

The Shoes are to Fit the Feet and not The Feet to Fit the Shoes

That is why you find that the demand for a scientifically made shoe such as the Arch-defender Shoe, is increasing every day, as well as scientific appliances for the relief of foot ailments, as Dr. Scholl's.

With that aim in view I decided to learn more about the feet and have concluded a special practical course that enables me to give you an absolute satisfaction in shoe fitting as well as relieving you of your foot ailments, if you have any.

Yours for Scientific Shoe Fitting
