CONSTITUTIONAL QUESTION LOOMING LARGE

WORK TRAIN ON C.P.R. SWEEPED OFF TRACKS BY SLIDES NEAR REVELSTOKE

Mackenzie King Characterizes Present Political Situation as Violation of People's Rights

OTTAWA, July 7.—In a statement yesterday, Right Hon. W. L. Mackenzie King again stated the issue with Hon. Arthur Meighen on the constitutional status of the present government.

The statement of what Mr. King described as "temporary government" that the procedure followed in the dissolution of Parliament last week was exactly the same as that proposed by Mr. King himself when he sought dissolution four days earlier is untrue, Mr. King says, and adds that if it were true it would not alter the fact that it was Mr. Meighen's duty himself to advise the Governor General, now that he had taken office.

TWO BATHING FATALITIES

Young Man Drowned at Penticton and Woman at Kelowna; Both Non-Residents.

PENTICTON, July 7.—John Robson, 26 years of age of Brandon, Manitoba, although unable to swim, left the house at which he was visiting here early this morning to go bathing in Okanagan Lake, and half an hour later his body was found floating in ten feet of water near the government wharf.

Mrs. Byron Waddell, wife of the manager of the Vancouver branch of a milk manufacturing firm, was drowned at Kelowna while swimming.

B. C. LEADS IN FISH VALUES

Production in Canada Makes Big Gain Over Previous Year

OTTAWA, July 7.—Total value of the fisheries production in Canada for the year 1925 was \$17,926,892 compared with \$14,534,235 in 1924. The figures represent the value of fish marketed in British Columbia as first among the provinces, with a product valued at \$22,414,618. Value production in the Yukon and on the prairies was \$2,420,458, in Nova Scotia \$10,213,087, New Brunswick \$4,798,589, Ontario \$3,436,412, Quebec \$3,044,919 and Prince Edward Island, \$1,598,419.

BODY OF LAD ON THE BEACH

Remains of Donald Hays Discovered by Natives at Maude Island, Skidegate Inlet.

SKIDEGATE, July 7.—The body of Donald Hays, the lad who was drowned last May 24 was found Monday at the end of Maude Island washed up at high water. One of the natives of the district noticed the body when out picking berries. Government Agent Barge was at once notified.

A brother is working at the Sitka Spruce Mills here.

COLONEL ROY DIED IN QUEBEC LAST NIGHT

QUEBEC, July 7.—Colonel George Roy, 47 years of age, former director of artillery at Ottawa and acting commanding officer of the Quebec military district, died suddenly last night.

LORD ALLENBY'S TATTERED FLAG

Emblem Carried at the Head of Troops Presented to Maple Leaf Club, Regina.

REGINA, July 7.—It is only a tattered and worn flag, but because it was the little Union Jack that fluttered bravely at the head of the troops led into Jerusalem by Field Marshal Viscount Allenby, it is a precious souvenir to the Maple Leaf Hotel here.

The flag was brought from the Holy Land by Rev. Edward King, Cornwall, England, chaplain with the British Expeditionary Forces. Mr. King came to Canada in 1919 on a visit to Regina and on that occasion presented the historic flag to Bishop McAdam Harding. The latter subsequently gave the flag to the Maple Leaf Club.

BOB DUNLOP WAS WRECKED

Lost "Old Nick" and Had to Tramp to Port Over Mountain Without Food.

SKIDEGATE, July 7.—With his boat, the "Old Nick," a total wreck, Bob Dunlop, a salmon troller, arrived at Hippo hungry and sore after a hike over the mountains. It was Tuesday of last week when a storm hit the boat when trolling off the west coast. The engine went out of business and the craft was soon driven on the rocks. Almost by a miracle Bob managed to gain shore. He then set out afoot without food for Hippo Harbor, where he was given a hearty welcome by his friends. He says the next boat he gets he'll name "St. Peter."

AIRMEN HAVE STORMY TRIP

Reach Ketchikan from Vancouver After Many Days Enroute

KETCHIKAN, July 7.—Roy Davis and Russell Merrill, who left Vancouver June 27, in an airplane, arrived here yesterday after storms and engine trouble had delayed them on their voyage. They will change motors here.

Fears had been expressed that Davis and Merrill were lost. They are on their way to Bristol Bay to scout for fish in connection with the canneries in that district.

The first plane which set out to do the work was wrecked in Quatsino Sound in the Northern part of Vancouver Island and the airmen lost their lives.

FLOODS IN JAPAN.

TOKYO, July 7.—Heavy rains in western Japan caused the death of 30 people and destroyed 1,500 homes.

Spanish Ambassador to the United States, Senor Juan Riano, kissing the Ring of Cardinal Reig, Casanova on his arrival for the Chicago Congress.

ELECTION DATE TO BE ANNOUNCED BY MEIGHEN JULY 16

OTTAWA, July 7.—Hon. Arthur Meighen will open his campaign here on July 16, when he will address a mass meeting and will announce the date of the general election.

LOGGER DIES AS A RESULT OF FALL AT QUEEN CHARLOTTE CITY

George West Was Being Sent to Pr. Rupert on Mission Boat When End Came.

SKIDEGATE, July 7.—George West, a well known logger, died as the result of a fall from a bridge at Queen Charlotte City. Failing to recover consciousness after the accident, he was picked up by the mission boat Thomas Crosby but before the boat left Sandspit for Prince Rupert, Mr. West died. He was accompanied by Nurse Turner of Skidegate. Mr. West was always a great favorite with the children of Queen Charlotte City and was well and favorably known everywhere.

AMERICAN ADMIRAL TO VISIT VANCOUVER

Commander in Chief of Pacific Fleet to Go There on Flagship Seattle.

VANCOUVER, July 7.—Mayor Taylor was advised yesterday that Admiral Robinson, commander in chief of the United States Pacific fleet, would visit Vancouver on board the flagship Seattle during exhibition week, from August 7 to 12.

R. O. Lewis, who arrived this morning on the Prince John from the Queen Charlotte Islands, will sail this afternoon for Vancouver aboard the Princess Alice.

DISCUSSION OF GOVERNOR AND POWERS

Imperial Conference To Take Up Question of Byng's Recent Action.

LONDON, July 7.—The Daily News political correspondent states that Baron Byng's action in refusing dissolution to Mr. Mackenzie King will be brought up for discussion by one of the Dominion premiers at the Imperial conference in October. The delicate constitutional issue will then arise, the correspondent states, and the position and powers of the Governor General will be discussed with freedom for the first time by the Dominion representatives themselves.

THREE MILLION ARE DELAYED

Subway Strike in New York Cause of Much Delay to Business People.

NEW YORK, July 7.—More than three million people found their trips to and from business lengthened by upwards of two hours this morning as a result of the strike Sunday of subway workers who were joined to some extent by employees of the elevated lines.

DROWNED IN RIVER WHEN OUT SWIMMING

KAMLOOPS, July 7.—Pietro Helsanto, 54 years of age, an Italian section hand employed by the Canadian National Railways in the Blue River division, was drowned while swimming in the North Thompson River north of here.

LIBERALS ARE OPENING FIGHT

Will Make Constitutional Question Issue of the Present Campaign.

MEIGHEN ABSOLUTE

OTTAWA, July 7.—Liberals are preparing to press the campaign on constitutional issues. If returned to power they have, it is understood, two proposals to offer. The first is a fall session of parliament for the voting of supply and the second the appointment of commissioners to examine the constitutionality of the acts of the Meighen administration.

The constitution question, it is intimated, will be the keynote of the Liberal campaign. Liberal headquarters this afternoon issued a statement declaring that Meighen "constitutes now all that can be designated as the government of Canada in whatever pertains to Canada's domestic, imperial and international affairs and responsibility."

WEST IS WHISTLING SAYS FRANK YEIGH

WINNIPEG, July 7.—"The west is whistling instead of whispering," declared Frank Yeigh, of Toronto, on his arrival here after an extensive tour of Western Canada.

The westerner, Mr. Yeigh asserted, was a human thermometer with a temperature that rises and falls with the fluctuations of the weather or the state of the wheat market.

"Winnipeg Grain Exchange is the westerner's pulse and his heart beats are regulated by the tale that the thrasher reveals. A normal pulse and a steady heart action, are conducive to whistling," Mr. Yeigh said.

"To an easterner, this feeling acts as a salutary tonic. Everywhere in the west the sound of a hammer is heard and the old-time buoyancy seems to have returned and hope is springing more hopeful in western human hearts than for many years past."

OSSINING PRISON SURGEON IN CITY

Dr. Squire Has Officiated at 168 Executions Including That of Charles Becker.

An interesting visitor in the city today is Dr. Squire, head physician of Ossining Prison in New York state, who with Mrs. Squire is making the round trip to Alaska on the steamer Prince Rupert. Dr. Squire has been 26 years at Ossining Prison and has had the gruesome task of officiating at 168 executions. Charles Becker was one of the men whom he examined after he had been electrocuted for murder.

TRAIN SWEEPED FROM TRACKS

One Car Went into Illicillewaet River 700 Feet Below C.P.R. Line.

TWO BIG SLIDES

Veritable River of Water, Mud and Debris Poured Across Railway.

VANCOUVER, July 7.—Carrying hundreds of huge boulders, weighing from two to three tons each, a veritable river of water, mud and big timbers poured across the Canadian Pacific tracks at Lauretta, fourteen miles east of Revelstoke, late last night and early this morning when two large slides came down. An engine and four cars of a work train were swept from the tracks and it is feared one went into the Illicillewaet River, but it is believed that there was no one in the car at the time. It fell about 700 feet.

FORMER HERO LOSES MATCH

Detroit Continues Losing Streak When Trimmed by St. Louis Yesterday

NEW YORK, July 7.—Joe Bush, hero of the world series in 1923 between the Athletics and Giants, recently dropped by Washington, pitched the first game for Pittsburgh yesterday against Chicago, but lost as Blake, the Chicago recruit, held the world champions to four scattered hits.

The Cincinnati Reds required eleven innings to defeat Grover Alexander, pitching for St. Louis. Despite numbers by Fothergill and Heilmann, Detroit continued its losing streak, St. Louis trimming them 5 to 2.

National League
Chicago 3-2, Pittsburgh 0-3, Cincinnati 5, St. Louis 2, Brooklyn-Boston postponed.

American League
St. Louis 5, Detroit 2, Cleveland 2, Chicago 9, Boston-Philadelphia postponed.

TESTIMONIAL TO LAPOINTE

Proposal to Raise Fund For Him By Liberals in Recognition of Services.

OTTAWA, July 7.—Plans are under way, it is understood, by which the Liberal party will present a testimonial to Hon. Ernest Lapointe, former minister of justice, in recognition of his services to the party as acting leader of the government during last winter. It is proposed to raise a fund for him of \$100,000 and invest it. In support of the project it is argued that Mr. Lapointe is not wealthy and is in poor health.

ACTING MINISTERS HAVE NOT RESIGNED

OTTAWA, July 7.—"The report is ludicrous and calculated to stir up mischief," declared Premier Meighen, when commenting on a rumor that the acting ministers had resigned, leaving the government of Canada vested in Lord Byng acting on the advice of Mr. Meighen.

Must Adapt Ourselves to New Conditions.

In the interior of British Columbia when the market for timothy hay failed, the people did not sit back and bewail their fate. They got busy and raised timothy seed and will make money. Constantly the world is changing and we have to change with it and adapt ourselves to the new conditions. Also we can take it all with a spice of humor.

Pretty soon grain will be flowing through the port of Prince Rupert and we shall have to adapt ourselves to the new conditions. We shall perhaps be disappointed in some respects and in others we shall find our hopes more than satisfied.

When it was decided to clean up Prince Rupert, a lot of people who did business with the illicit traders grumbled, but they have to adapt themselves and go out after the legitimate business. Some of them are already doing that.

Keep out of the rut and saw wood all the time. There is no time for a busy or successful person to bewail his lot or to grumble at conditions in his town. The grumbling employer will soon go out of business and the grumbling employee should be fired. What business people need is courage and optimism. What the city needs is more of the men who do things and keep cheerful, and fewer of the long-faced crew who bemoan their fate and refuse to take advantage of the benefits that offer themselves.

Two Classes of People in City.

In every city of this class there are always two kinds of people. There are those who have a stake in the city and who always speak well of it and try to help it along. There are, on the other hand, the floaters who come in to take more or less temporary positions and who see no good in the place, watching only for an opportunity to escape on the first possible occasion. The way to get rid of the latter is to induce our own young people to take the positions that offer.

It is well to impress upon those who come to the city that for the time being this is their city and they are expected to try to help it along and not be always deerying it.

Political Situation in Skeena Riding.

There is always satisfaction in a contest. Probably there will be a political contest in this district and it will be better than letting the constituency go by default. It will, if nothing more, give people an interest in the problem of government and educate them on the political issues. It is not good for people to let things go without an effort to change them if they feel that the change will be beneficial.

Just now it will be necessary to elect a representative to the Ottawa House of Commons. Fred Stork has been the representative for several years and it is for the people to say whether they consider he has done his duty there. Some think he has not so they will try to elect some other person. In the choosing there is benefit. We learn to do by doing.

Get Rich Quick Aim is Disastrous.

Some years ago in one of the British Columbia cities, there was a bright boy who was born an organizer. He was able to get other boys together for a common object. Unfortunately he was not always honest and he used his power for his personal benefit. A few weeks ago a telegram from the United States said that he had been committed to jail for a criminal offence. He was too much imbued with the desire to make easy money.

Yesterday two young men were sent to the penitentiary for having bogus money in their possession. They wanted to get rich quick without working for it and the result was disastrous to them. So it usually happens. The old British motto was "what we have we hold." Let our Canadian motto be "what we have we earn." It is the best motto for anyone in any country under any conditions.

How well they wear

Shoes shined with "Nugget" Polish wear longer, because "Nugget" keeps the uppers soft and pliable and prevents the leather from cracking.

"NUGGET" Shoe Polish

Black-Tan-Toney Red-Dark Brown and White (Neutral) for light colors.

LICENSE BYLAW IS DEALT WITH

Council Decides to Reduce Charge For Peddlers of Produce and Fish From \$50 to \$10.

The new license bylaw was finally reconsidered and adopted by the city council last night with the insertion of an amendment that peddlers of farm produce and fish originating in this district pay a license of \$10 every six months and peddlers of manufactured articles, etc., pay the original \$50 license. The amendment to this effect was moved by Ald. Casey and seconded by Ald. Larson. Those voting in favor of it were Ald. Casey, Ald. Larson, Ald. Brown and Ald. W. J. Greer, while Ald. Stephens voted against it. Ald. Jos. Greer, Ald. Perry and Ald. McKechnie were not present.

Arguments for and against the amendment, similar to those submitted last week, were repeated. Ald. Casey felt that some consideration should be given producers of the district who sought to dispose of their production in the city. All the members of the council were similarly disposed, but Ald. Stephens believed that, since the city solicitor had given his opinion that to classify the peddlers might invalidate the whole section of the bylaw in question, the bylaw should provide for a \$50 license fee for all and, if any consideration were to be given to certain people, it might be taken care of in the administration of the bylaw. Other members of the council felt that it would be unfair to leave such responsibility in the hands of the treasurer. Mayor Newton was in favor of any measure that would give the producers of the district a more ready access to the Prince Rupert market. After considerable discussion, Ald. Casey's amendment was carried on the division as stated above.

Another amendment reducing the license fee of "other businesses" not particularly specified in the bylaw from \$10 to \$5 was also carried before the bylaw was finally adopted.

BOOK COUPONS ARE VALUABLE

Local People Unwillingly Become Owners of Valuable Residential Property in New Jersey.

At least two persons now resident in Prince Rupert own valuable lots in New Jersey that up to a short time ago they did not know anything about.

About the year 1912 a book-agent canvassed the city of Regina selling for 880 sets of books entitled "History of Famous Characters and Events." With each set of books was given a pair of warranty deeds for lots in New Jersey subdivisions called Jamesburg Park and Helmetta Park. Nobody thought the lots of any value until, just the other day, after fourteen years of silence, tax bills started to arrive. Further investigation has elicited the information that these lots, previously considered valueless, are now in the centre of a beautiful residential suburb of New York, with all modern improvements and where costly houses are now being erected.

COMPLAINT AGAINST CHARGE FOR GARBAGE

Letter of A. H. McPherson Filed At Last Night's Council Meeting.

Stating that it was just "another way of torturing a poor man to death," A. H. McPherson had a letter before the city council last night protesting against the monthly charge of 25c for garbage collection. Mr. McPherson stated that he did not see his way clear to pay the charge as, on the promise of the mayor and four aldermen that a sewer would be built on Eighth Avenue, he had installed \$400 worth of plumbing. Mayor Newton stated that all he knew of the promise referred to was that last year he had told residents of Eighth Avenue that there was little chance of getting the sewer then but there was a possibility it might be put in this year.

Alderman Casey explained that financial necessity had actuated the imposition of the charge for

garbage collection and if it had been necessary to enact such a measure it seemed to him that it was necessary to enforce it, however unpopular it might be. He moved that the communication be filed and, Ald. Brown seconding, the motion carried.

THE MAN IN THE MOON

WOMAN'S hair is beautiful but it does not look well in the butter or soup much less in the hash. Poets have raved over it and writers of doggerel have written drivel about it. Listen!

WOMEN'S hair, beautiful hair. What words of praise I utter! But oh, how sick it makes me feel To find it in the butter.

A Well-informed person would be one who knew the real inside dope on this constitutional question.

WHEN a woman is single she wants to be married and when she is married she wants to be single.

THE girl who invented the Charleston must have been some knock-kneed person who was disgusted with the short dress fashion.

YOU never find out who is the boss in the family until you decide it is the woman.

IT is possible for a man to die of old age but not probable.

BECAUSE a man has his pants on it no argument that he is pantsing.

IF you cultivate the land you may raise a crop. If you cultivate an acquaintance you may raise a loan.

I WOULD try a reducing diet only I cannot afford to buy a new suit of clothes and new collars.

ANY person who grumbles at Prince Rupert weather after this deserves to have to live in Vancouver.

JAKE says he guesses he'll vote Liberal unless the Tories come through with a better price than they have offered so far.

I'M ready to bet my last two bits that if the Meighen Government is returned to Ottawa they'll spend more money than did the Mackenzie King-Forkud combination.

I ALWAYS thought Prince Rupert people were brave. Now I hear there are several ready to lead the forces against Fred Stork at the Federal election.

YOU put a slip of paper in the ballot box and all you get back is a tax demand slip. It's worse than investing in real estate.

THE happiest day in a man's life is the day before he is married. No Jake, I'm not a pessimist. Just a factotum.

THINGS are not as bad as we think they are. We might have had to live with some of those people who never stop talking.

THE weather is too hot to work at this time of year and in winter the days are too short. It's pretty hard on the work.

WORK boys work! Don't ever try to shirk. For even if the weather's hot, You'll find it good to work a lot, And not be like a Turk.

WHERE PRINTERS GO WHO UNABLE TO WORK

Printers have for many years led the way in trades union organization. Tonight and tomorrow night there is being shown at the Westholme pictures of a beautiful home established for those incapacitated for work.

And it is a splendidly equipped home in all that pertains to the health and comfort of the in-

Mix it Fresh for every meal

Mustard is like tea—it is at its best when freshly made. But where tea requires boiling water to develop its flavour, Colman's Mustard needs only cold water to liberate the essential oils which add such zest and flavour to food.

When you serve Mustard with bacon, ham or sausages for breakfast—with cold meats for lunch — with roast beef or pork for dinner, mix it fresh for every meal and mix it only with cold water.

Colman's Mustard is a real aid to digestion because it stimulates the salivary glands and promotes the flow of the gastric juice in the stomach.

TERMINALS WON FOOTBALL GAME

Defeated Moose 4 to 1 in City Championship Match Last Evening

Glorious weather prevailed for the Mobley Cup City Championship football game between the Grand Terminal Club and the Moose, which was played last evening before a large crowd of spectators.

Play was fast and interesting on resuming although both sides kept the ball in the air far too much. Dickens had had luck with a splendid shot from 30 yards out which struck the bar with Campbell well beaten.

A large audience last night attended a costume concert staged by Miss Aileen Ferfuce, assisted by James Hamilton Howe, pianist.

Editor, Daily News. In the interest of sport I would like to give publicity to the following occurrence at last night's football game:

BASEBALL TEAM RETURNS HOME

Lost Three Games, But Came Close to Winning Third of Series. The Prince Rupert baseball team returned to town at 5 o'clock last night on the power boat P. R. T. from Ketchikan where it was defeated in the three games of the Fourth of July series.

Rupert was loaned the Mitchell brothers battery for the occasion and was leading part of the game. The second game on Monday, with Schenkler and Balfour comprising the Prince Rupert battery, resulted in a 13 to 1 score.

The third game, also on Monday, ended in a 5-4 score. With Lambie in the box for Prince Rupert, the locals were ahead 4-0 and it looked as if the game was on ice until the field went to pieces in the fifth inning and the Ketchikanites wrested victory from a seeming rout.

All the players, together with Harry Love and George R. Tite, returned to town last evening. They had a rainy eleven hour trip north on Saturday night, but the return was made in twelve hours under ideal weather conditions.

Excuse my making suggestion but there are a lot of us Americans here and we ought to be considered in the newspapers, even if we are aliens.

SPORT CHAT

Stewart had the best celebration in its history on Dominion Day this year. At 6 o'clock in the morning, the town was awakened with a salute of 21 dynamite explosions.

In The Letter Box

FOOTBALL. Editor, Daily News. In the interest of sport I would like to give publicity to the following occurrence at last night's football game:

POLITICAL NEWS.

Editor, Daily News. Judging from your editorial I suppose we are to be treated to the usual electioneering tirades and boasts and reports of speeches and political editorials that make newspapers unbearable.

CALF MOOSE BOTTLE FED

Prospector Went Without Milk to Try to Save Wild Creature.

FORT WILLIAM, July 7. — An interesting story of how an orphan calf moose was adopted and reared by two prospectors in the Woman Lake district of Northern Ontario, is told by William Carvell, of Cobalt, Ont., who recently returned from the north.

Proceeding by canoe up a small stream which runs into Woman Lake, the two prospectors noticed a baby moose near the edge of a slough. They returned a few hours later and the animal was still there. On investigation, the body of the mother was found partly submerged in the water. The cow had been shot through the head.

According to Mr. Carvell, the calf permitted the prospectors to caress it. A teapot with a cloth tied to the spout and a mixture of condensed milk and water, was called into service. The calf readily adopted this strange contraption as its foster mother. The party returned the next day and pitched a tent near the spot where they found the orphan moose. It welcomed their arrival by running bleating toward them.

For two weeks the calf followed the prospectors all over the surrounding country. The men did without milk themselves but their supply eventually ran out, and gruel made from flour and water was resorted to. Seemingly this concoction did not agree with the calf, as it refused to touch it. The baby moose was found dead one morning near the spot where its mother had been killed.

Mrs. G. H. Munro and family left yesterday for Terrace where they will spend the summer vacation, having taken the residence there of J. H. Thompson of this city.

ADVERTISED PINKS AND SOLD THEM ALL

Ketchikan Man Tells of Result of Recent Campaign of Cannery

KETCHIKAN, July 7.—Gratifying indeed are the results of the advertising campaign being put throughout the country by the pink salmon packers of South-eastern Alaska, according to Victor Elfendahl of the Sunny Point Packing company who has been one of those instrumental in inaugurating the campaign.

National advertising is expensive and the \$200,000 used for purchasing space in the national periodicals of the country has been found inadequate but nevertheless a step in the right direction. In some of the middle western towns where a check up has been made it is found that the sale of pink salmon has increased 300 per cent.

One of the big factors to overcome has been that red salmon, selling at the grocery store for 10 cents a can is considered a superior product, as the pink salmon ordinarily demands but about half that amount.

For General Good It is the aim of those now engaged in the advertising campaign to see that that product shall be a credit, that all the adverse, hurtful cheap propaganda of destructive politicians may be discredited, and that the money spent for bringing the product to the attention of the public may be for the general good of the industry and of Alaska.

In the current issues of leading household magazines are some of the salmon advertising in colors, with appetizing recipes accompanying them. These will be followed by others in the next issues.

Demand Increases Since the start of the advertising campaign, the demand for pink salmon has increased so materially that all the surplus stocks are being cleaned up and

there will be none on the market when the new pack is ready for distribution.

Mr. Elfendahl is in hopes that the demand for pink salmon will continue to such a degree that the prosperity of everybody connected in any way with the industry may reap the harvest.

CLAIM FOR INJURY TO LEG IS REJECTED

Alex McLeman Asks City Council About His Demand for \$1,000

Alex McLeman, who broke his leg several months ago when he slipped from a sidewalk, was informed at last night's council meeting that the city was not disposed to meet his claim of \$1,000 for injuries sustained.

Just as the meeting was about to adjourn, Mr. McLeman rose to ask what had been decided with respect to his claim. It was nearly eight months since the accident had occurred. He claimed that the city was responsible and, if his demand was not met, he was going to take legal action.

Mayor Newton told Mr. McLeman that his case had been considered by the finance committee and it had been decided that the claim of \$1,000 was unreasonable. The matter had been finally left with the solicitor to deal with.

Ald. Casey qualified the mayor's statement with the information that the matter had been left with the city solicitor to inform Mr. McLeman that his request could not be met. The advice of the solicitor was that the city could not be held liable. Mr. McLeman had been offered \$100 by the council, not because the city deemed itself liable but merely to assist him in his misfortune. Mr. McLeman had seen fit to reject that offer. He was now at liberty to take any action he saw fit.

PROTEST AGAINST PAVING BORDEN ST.

City Council Receives Communication from Agents of A. De Bernis, Owner of Section 5 Property

Agents of A. De Bernis, owner of lots 5 and 6, block 14, section 5, had a communication before the city council last night protesting against the proposed paving of Borden Street on the grounds that the estimated cost was excessive and that the work was not strictly necessary. The letter stated that Mr. De Bernis had invested extensively in Prince Rupert property and that he was holding on with difficulty. The communication was referred to the Board of Works.

MOVIE DIRECTOR IS ENTHUSIASTIC ABOUT JASPER PLAYGROUND

Irving Cummings, After Finishing "The Country Beyond," Will Return in Winter.

VANCOUVER, July 7.—Claiming that film companies can find unequalled scenic locations for the next ten years in Jasper National Park, Irving Cummings, noted film director of Hollywood, stated today that Canada should be proud to tell the world of the attractions which the playground offers. He advances the view that once the wonders of the park are known, film directors seeking new locations will utilize the many beautiful spots there.

Mr. Cummings has just finished filming Curwood's Canadian story "The Country Beyond" with a company comprising some of the well known stars of filmdom. They are the pioneer picture company to exploit the wonders of the park as locations, and Mr. Cummings claims nothing elsewhere in America can touch the scenery. It required a 100 pack horse train on a three day hike to transport

the equipment and baggage to Maligne Lake, where a camp was made for ten days.

Mr. Cummings intends to return next winter to direct a snow picture in the glaciers.

BOBBED HAIR NOW ADOPTED BY COURT QUEEN OF ROUMANIA

BUCHAREST, July 7.—All Rumanian society women are hobbling or shingling their hair and even Queen Marie is being urged to follow their example.

She would like to do so, but the king refuses to allow her to clip her beautiful chestnut-brown tresses, on the ground that it would ill become one who has to wear a crown. The Queen, however, has allowed her ladies-in-waiting and her daughters to fall in with the prevalent fashion if they so desire.

Some of the barbers of Bucharest have closed their doors to men on the ground that their profits from shaving and hair cutting are little or nothing compared to what they are able to charge the ever growing number of women who desire their hair bobbed, banged, shingled or dyed.

CAR REACHED NORTH FINALLY WRECKED

Piled Up on Rocks of Hudson Bay on Way to Barren Lands.

WINNIPEG, July 7.—The fate of the first automobile to be taken into the so-called barren lands of northern Canada, was a sad one. "Eskimo" Harris, who is a well-established trader in the country northwest of the Hudson Bay, shipped a small car along with his freight several months ago. He intended to use the car in his travels between the widely separated posts among the Eskimos.

After untold hardships, Mr. Harris got the car to Port Nelson and adapting the motor to a whale

boat, set out for Fort Churchill further up the bay.

When within a few miles of his destination a storm arose and despite every effort, the craft was wrecked and piled up on the rocks near the old fort. Harris escaped without serious injury.

LAND REGISTRY ACT.

Sections 182 and 227. IN THE MATTER of application No. 1349 for the cancellation of a charge, AND IN THE MATTER of an Agreement or Option to Purchase, dated the 12th December, 1912, and registered the 6th January, 1913—on application received the 3rd January, 1926, as No. 710D, between GEORGE T. KANE, of the First Part, and GORDON C. EMMERSON of the Second Part, covering the following property:

Lots seven (7), eight (8), nine (9), ten (10), eleven (11), twelve (12), thirteen (13), fourteen (14), fifteen (15), and sixteen (16), block one (1), and lots nine (9), ten (10), eleven (11), and fourteen (14), block seventeen (17), of District Lot number six hundred and forty-one (641), Range five (5), Coast District, Map 850.

Satisfactory proof of breach of covenant and re-entry and recovery of possession by the vendor or owner of the lands, subject to the above Agreement or Option to Purchase, having been filed in this office.

TAKE NOTICE that an application has been made to cancel the registration of the above mentioned Agreement or Option to Purchase, and which is registered in Register of Charges Volume 19, Folio 197, as No. 710D, and that in support of such application has been produced a declaration of GEORGE THOMAS KANE dated the 29th October, 1925, and a declaration of STANLEY WALTER TAYLOR, dated the 20th November, 1925, proving the breach of covenants and re-entry and recovery of possession as aforesaid, IT IS MY INTENTION, after the expiration of thirty (30) days from the service of this notice to cancel the registration of the option to purchase or Agreement upon the register and thereupon the estate of the purchaser in the land described in the said Agreement or Option to Purchase, shall cease and determine, unless you shall take and prosecute the proper proceedings to establish your claim, if any, to the said lands or to prevent such proposed action on my part.

DATED at the Land Registry Office at Prince Rupert, B.C., this First day of June, A.D., 1926.

H. F. MacLEOD, Registrar of Titles. To Gordon C. Emerson, Esq.

MINERAL ACT.

Notice of Application for Certificate of Improvements. Mineral Hill Group, consisting of Mineral Hill No. 1, Mineral Hill No. 2, Mineral Hill No. 3, and Summit Mineral Claims, situated in the Skeena Mining Division of No. 1 District on the south-eastern end of Iron Mountain, Kitimat Valley, Lawful holders, W. J. Goodwin, Free Miner's Certificate No. 92911C, Charles E. Moore, Free Miner's Certificate No. 3197C.

TAKE NOTICE that I, Charles E. Moore, Free Miner's Certificate No. 3197C, agent for the owners, intend at the end of sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action under Section 83 of the Mineral Act must be commenced before the issuance of such Certificate of Improvements. Dated this 17th day of April, 1926.

WATER NOTICE

Use and Storage. TAKE NOTICE that J. M. Ruffner, whose address is Atlin, B. C., will apply for a license to take and use 70 C. F. S. and to store 42 C. F. S. of water out of 4th of July creek, which flows south westerly and drains into Atlin Lake, about 6 miles north of Atlin.

The storage dam will be located at or near the foot of a chain of small lakes. The capacity of the reservoir to be created is about 1250 million cubic feet, and it will flood about 2900 acres of land, including the lakes. The water will be diverted from the stream at a point about and below the proposed dam about 5 miles westerly of west line of 4th of July Mineral Claim, and will be used for power for mining purposes upon the mines, described as Atlin Silver-Lead Mines and Ruffner Groups of Mineral Claims.

This notice was posted on the ground on the 16th day of June, 1926. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Atlin. Objections to the application may be filed with the said Water Recorder or with the controller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 2, 1926.

J. M. RUFFNER, Applicant.
