Coroner's Jury Hears Evidence and Declares Foul Play is Apparent

Story of search for the body of Miss Loretta Chisholm told last night and prisoner present to hear witnesses

After hearing the evidence submitted to it yesterday afternoon and last evening, the coroner's jury inquiring into the death of Loretta Chisholm, the Port Essington school teacher, whose dead body was discovered Monday, declared that in its opinion the deceased came to her death as a result of foul play on the part of some person or persons unknown. H. B. Rochester was spokesman for the jury.

The inquest opened early yesterday afternoon when the evidence of Dr. L. W. Kergin was heard in regard to the condition of the body when he made a post mortem examination. This clearly showed signs of violence but that death came finally as a result of choking from moss stuffed into the mouth and throat. After hearing the evidence the court adjourned.

Receiving word later that witnesses were on their way from Port Essington, Deputy Coroner Farnock again called the jury for eight o'clock last evening and soon after ten the verdict had been reached. The jurymen were H. B. Rochester (foreman), R. Moore, G. H. Arnett, L. M. Fuller, R. McNaughton and S. E. Parker.

Provincial police inspector Spiller stated that it was proposed to submit only sufficient evidence to allow the jury to determine the cause and place of death.

First Witness

Donald McKay, the first witness, at present residing at Port Essington, stated that he had assisted in the search for the missing school teacher. He told of the efforts they had made on the Sunday afternoon and evening but without success. Very early on Monday morning the search was continued and eventually they had found the body lying on the muskeg face downward and with the lower part of the body only partially clothed. Part of the clothes below the waist had evidently been torn off. One gum boot was off but both gloves were on. It was about six o'clock in the morning when they found the body. They had found bloodstains on the trail and this had given them the clue as to where to look for the body. Also they could see where the body had apparently been dragged through the bush.

Police Sergeant Alex. McNeill, who is in charge of this police district, described in some detail the place where the body was found and where it was evident a struggle had taken place. It was about a mile and a half from Port Essington. He also produced a piece of timber four or five feet long on which blood stains were seen. It was a heavy timber and seemed too large to have been used as a bludgeon. Also the police sergeant produced a hair pin which he found in the ground buried about five inches in the muskeg at the place where the blood stains were found. Apparently the body had been dragged 17 feet into the brush. He found the missing gum boot in a thicket of brush close by.

Charles A. Moore, a resident of Port Essington told of finding the body after a long search. He felt the body to see if life was

SECRETARY OF RED CROSS IS SENT TO JAIL

WINNIPEG, May 28.—Percy Anghurst, a former accountant of the Red Cross Society, who pleaded guilty to two charges of forgery and theft involving \$20,000, was sentenced to four years' imprisonment yesterday. It was testified that he forged the minutes of the society 39 times, giving himself power to write checks.

SHOWED FILMS NORGE SEATTLE

Company Winning Race Came Out by Dawson and Skagway and Alert Bay

SEATTLE, May 28.—Photographs of the Norge were displayed here last night for the first time in the United States. They arrived here with moving pictures of the News Reel Company which beat the rival company into Seattle by less than 24 hours.

The victorious firm proceeded from Teller to Dawson and Skagway. The competitor took the films from Fairbank to Seward to connect with the Seattle boat.

An airplane which left here in the morning picked up the films on the winning boat at Alert Bay and sped to Seattle. The loser of the race arrives today.

BALDWIN URGED TO DRASTIC ACTION IN BRITISH COAL STRIKE

Limit Put on Amount Household May Purchase Each Week Beginning Today

LONDON, May 28.—The effect of the coal strike is becoming so serious that the greatest pressure is being brought to bear upon Premier Baldwin to take drastic action to enforce peace. The department of mines announced that starting today householders can secure coal only by official permit limiting the purchases to 100 pounds each two weeks.

J. Shade Stevans, federal income tax officer, sailed last night for Ocean Falls on official business.

WATER SCALP LLOYD GEORGE

William Thomson Criticizes Liberal Leader for Being an Ishmael

EDMONTON, May 28.—Sir William Thomson, postmaster general, who was civil commissioner during the general strike, sharply criticizes Lloyd George, whom he referred to as "Ishmael," his "against every man."

William said Lloyd George had in his tent during the initial upheaval while Lord Oxenbould did his best in support of the Government during a period. Government during the had reserves of power upon then to the public and headed still, Sir William declared, and if it had been necessary the United States Government would have been able to with every conceivable country.

COME TAX IS REVISED

Announcement Made that Double Taxation will be Avoided Under Amendment

OTTAWA, May 28.—When the tax bill comes before the next week it will have included a clause to protect small serial corporations from double taxation. Mr. Boivin announced last night, when the resolution amending the war tax act is under consideration. The clause, he said, will give to these corporations opportunity of making their option by paying their taxes as joint stock companies or individual partnerships. The minister estimated that 25 to 30 per cent of those who paid income taxes last year would not under the new provision, incomes of six thousand and the reduction would amount to \$5,100,000.

ELECTION FOR ALBERTA JUNE

Campaign Already off to Real Start in Provincial Contest on Prairies

OLD PARTIES ACTIVE.

Opening up of Peace River to Play Active Part in Present Campaign

EDMONTON, May 28.—A general election for the province of Alberta will be held on June 28 with nominations on June 18 is officially announced. Writs have been issued and the campaign is now off to a real start. Premier Brownlee opens the campaign at Cardston Wednesday next and is scheduled to speak at about a hundred meetings in the next few weeks.

The present government, representing the farmers of Alberta, came into power in July 1917. At that time Hon. H. Greenfield was chosen Premier and he held office until last fall when Hon. J. E. Brownlee, attorney general and provincial secretary, was chosen to lead the Government following serious dissensions which resulted in Mr. Greenfield's retirement.

Candidates have already been chosen for most of the constituencies of the province, it having been understood that an election would be called soon. One feature of the present situation is the rejuvenation of the old parties throughout the province. Both Liberals and Conservatives have been particularly active and no one can predict with any degree of certainty what will be the outcome of the present contest.

One of the big issues in the election will be the opening up of the Peace River country and the disposition of the Government railways.

DYNAMITE EXPLOSION.

STOCKHOLM, May 28.—Seven persons, six of them girls, were killed and ten slightly injured in an explosion at a dynamite factory at Grangesberg yesterday.

Joseph Sankey Arrested Charged with Murder of Miss Loretta Chisholm

Joseph Sankey, aged 22, Port Simpson Indian, who was arrested by the provincial police last Monday on suspicion in connection with the killing of Miss Loretta Chisholm at Port Essington on May 23, appeared before Splendid Magistrate H. F. McLeod this morning and was formally charged with the murder. No evidence was taken and the case was adjourned until June 2.

Sankey was arrested Monday within an hour and a half of the time the provincial police were notified of the murder. Since that he has been detained on suspicion and was present in custody during the inquest last night at the Court House although he was not required to give evidence.

The prisoner is a comparatively small man with a rather shifty appearance, darker than the average Indian but not in any way outstanding. While the police are not making any statement in regard to the case it is understood they have considerable evidence against the man, mostly of a circumstantial nature and they are still working on it.

Woman Declares She Drank 408 Bottles of Beer and 12 of Hard Liquor Less Than Three Weeks

CRESTON, May 28.—Holding by her sworn testimony what is believed to be an unchallenged record of consumption of liquor in the Kootenay district, Mrs. Nellie Langlois was found guilty by Magistrate Mallandane in the police court at Kitchener, ten miles west of here, on a charge of keeping liquor for sale.

The records of the Government Liquor vendor showed that during the first twenty days of this month Mrs. Langlois purchased 408 bottles of beer and 22 bottles of whiskey and when her residence was raided only 140 bottles of beer and ten bottles of hard liquor was found.

Arraigned in court Mrs. Langlois swore that in less than three weeks she personally consumed 268 bottles of beer and twelve bottles of hard liquor. Refusing to credit the woman's self-admitted capacity for liquor consumption, the magistrate imposed a fine of \$400 and costs.

DAILY EDITION Friday, May 28, 1926.

Civilization's Veneer is Not Very Thick.

Modern civilization seems to be little more than a veneer and beneath is all the coarse wood needing only a crack in the outer covering to give it an opportunity to show itself. We pride ourselves on our development but reversions to type are so numerous that it is difficult to realize that they are reversions and not part and parcel of our civilization.

Those whose duties lead them to study of the lower emotions of humanity sometimes become overwhelmed with the depravity that is so often manifest that they are apt to become cynical and often lose faith in the ultimate destiny of the human race.

Supremacy Of All Lower Orders.

It seems to be part of the plan of development of the universe that a race or group has to advance as a whole and cannot get very far in part. Take the human family as an example. There has been an intellectual development in the white race especially in the English speaking part of it. When as a whole it is compared with the yellow race as a whole it has a decided advantage and even greater over the black race. This can be said without any suspicion of boasting, for we have little to boast about.

As soon as the race shows signs of unusual development, there is a slackening in reproduction and the result is that the lower groups will in time overwhelm the higher. Nature seems to object to advancement of one section of the army without constantly whipping up the rear and retarding the advance guard. The human army must advance as a whole if it is to advance at all.

Peace Propaganda Must Be General.

One of the signs of advancing civilization is the tendency toward the abolition of war. Yet, it is impossible to think of total disarmament until the lower groups have been imbued with the peace idea as well as the higher. Here on the Pacific Ocean we have Japan as the dominating influence and there is little yet to indicate that Japan is imbued with the peace idea. It is even seen that other nations, including the British, are rather inclined to fear the military tendency in that country. True, there is a counteracting socialistic tendency there which may in time develop and spread and bring about an amelioration of the danger. Japan is officially showing a disposition to fall in line with the peace movements of the other nations but while British people are losing that sense of patriotism which in the past has made the nation great, the Japanese are developing it rapidly, much as it was developed in Germany during the two decades before the war.

Patriotic Spirit Is Greatest World Force.

A really patriotic nation is almost unbeatable when accompanied by intellectual and physical development. Today Japan is probably the most patriotic nation in the world. She is very rapidly developing intellectually, and physically her men rank second to none. The men in the Japanese army and navy are clean, wholesome men. When the sailors reach port they do not rush off to the red light district and the beer halls and debauch themselves. They retain their manhood and are proud for the honor of their country, their army, their navy, and their other institutions.

Hear a few hundred young Japanese cadets sing their national songs and you can at once realize that these are to be leaders of an unbeatable nation. The sentiment of love of country for which they are ready at any time to die, pours forth as from the lips of one man and the reaction on themselves is wonderful. They feel themselves great and unbeatable and such sentiment carries any nation a long way.

How Solve Problem That Faces Us.

How are we to solve the problem that faces us. Here on the Pacific we are particularly interested in it. All we can do is to deal with the nation that is our neighbor in such a manner as to win her respect and through our influence to bring about such a sentiment in favor of co-operation and world peace that the military danger may gradually disappear.

MUSICAL DAY ROTARY CLUB

Number of Vocal and Instrumental Numbers Please Members at Luncheon

Yesterday was a musical day at the Rotary luncheon. Two visitors to the city, Miss Jane Sugden and Basil Roberts of the Walter Bates Lyric Quartette, each sang a couple of songs much to the enjoyment of the gathering. The Balagno brothers gave a duet on violin and piano and Will Balagno also played a violin solo, their work as usual being particularly appreciated.

It was reported that the Knights of Pythias had decided to put on a whist drive and dance in aid of the Boys' Band in the Boston Hall.

The club endorsed the recommendation of the directors that a delegate be sent to Denver to attend the annual convention of Rotarians. It is probable that Sid Johnson will represent the club on that occasion.

President C. H. Orme announced that George Bryant had accepted the position of chairman of the program committee for this year.

BUILDING HIGHWAY OUT OF KETCHIKAN

Contract Let For Extension of Road on Tongass Narrows to Cost \$107,000

KETCHIKAN, May 27.—Construction of three and one-half miles extension of the Tongass highway, to cost \$107,000 has been started by the Seims-Carlson Company of Juneau.

The company's bid for the swamping and grading of the stretch of road has been accepted by the Portland office of the bureau of public roads. Carlson arrived here on the steamer Suquamish, bringing supplies for the work.

Employment of 100

More than 100 men will be employed on the new project for a period of probably five months, Mr. Carlson says, and if the road work at Hyder is awarded to his company, Ketchikan will be made the headquarters for their work in the district.

Some of the grading machinery is now on hand here and the remainder is on the way.

CONCRETE PAVING FOR KETCHIKAN IS ABOUT TO COMMENCE

KETCHIKAN, May 27.—Concrete paving of one block each on Main and Grant streets will be started as soon as practicable, the city council have decided.

Petitions signed by nearly every property owner in the two blocks were filed with the council

and after some discussion a resolution was adopted, accepting the petitions and stating that the work would be commenced immediately, as soon as statutory requirements have been fulfilled.

Owners Refuse to Sign

It had been hoped to pave Main street from Grant to Pine Street at this time, as well as the other two blocks. Owners of abutting property on Main Street, however, would not sign the petition.

No estimate of the cost of the contemplated paving is available but the council was informed that it would in all probability not exceed \$5 per square yard.

FLU ATTACKS NUMBER OF NFLD. FISHERMEN

ST. JOHN'S Nfld., May 28.—Fishing operations along the southwest coast have been held up on account of a "flu" epidemic which has reached such proportions that appeals for help have been sent to Hon. J. B. Bennett, Colonial Secretary, who at once started a movement for relief. Much difficulty was experienced in getting doctors near the adjacent villages to go to the most seriously situated communities which were Rose Blanche, Lamaline, Burgeo and LaPoile. A doctor and two nurses were sent out from here but the majority of the physicians along the southwest coast were so busy in their own communities that they could render little assistance to the more isolated settlements.

ALASKA'S FORMER GOVERNOR TO LIVE CALIFORNIA HE SAYS

LOS ANGELES, May 28.—Former Governor Scott C. Bone of Alaska, announced here today he had decided to make his residence in California after spending the winter here.

He declared that Alaska is heavily handicapped "by a chaotic system of administration." He asserted that President Coolidge touched the key to Alaska's troubles in condemning bureaucracy in his Virginia speech.

"Up there are innumerable bureaus which produce a complicated and expensive administration," said Bone. "It is a case of bureaucracy mad. The system is so strongly entrenched that efforts to bring co-ordination are successfully resisted." "However, in spite of this, Alaska is progressing."

Mrs. Norman Dagleish and daughter of Second Avenue, Westview, have left for Terrace where they will spend the next month.

CANADIAN TEACHERS TO PAY EUROPE VISIT

WINNIPEG, May 28.—Canadian teachers will make a tour to Great Britain and France this summer, under the auspices of the Overseas Educational League, starting July 7 and ending August 21, it is announced here by Major F. J. Ney, secretary of the organization. Originally it was planned to hold a cruise of the Mediterranean this summer, in the course of which places of historical and biblical interest would be visited. This, however, has been cancelled for the time being, in order to permit of arrangements being made to allow of New Zealand and Australian teachers joining the tour.

GRAY-HEADS AND NOT YOUTH IN NIGHT CLUBS

Young Man About Town no Longer Exists in England

LONDON, May 28.—Gray-heads, or heads that would be gray if nature had not been assisted, are so numerous in London night clubs that newspapers generally agree with the statement of the late Sir Squire Bancroft that the "young-man-about-town" no longer exists in England.

The Kit-Cat and other well-known London night clubs are the haunts of the middle-aged and aged. Practically none of the dancers is really young. This is true of the women as well as the men.

WORK OF SYNOD IS COMPLETED

Expression of Confidence Passed in Administration of Diocese by Archbishop Rix

Appreciation of the work of Archbishop Rix as administrator of the diocese of Caledonia and an expression of confidence in him was passed by standing vote of the synod yesterday before adjournment was taken.

The Archbishop was empowered to send a representative east to gather funds for the endowment in order that a bishop may be appointed. Rev. E. Hodson of Ocean Falls will be released for a lengthy period from his charge at Ocean Falls in order to undertake the work.

The synod expressed thanks to the press, to Rev. Mr. Hodson for his sermon and to Rev. Mr. Ashley for his work as clerical secretary. Thanks were also extended to Prince Rupert people for their hospitality during the synod. Miss Davis and Miss West were also officially thanked for their work in connection with the Ridley Home.

A resolution of regret was passed at the loss sustained in the diocese by the death of the late Archbishop Du Vernet. Sympathy was also extended to Mrs. McGoskie on the death of her husband.

The question of the appointment of a Bishop will be taken up at the Provincial Synod on the return of Archbishop De Pencier from England, and the matter will be fully decided at the meeting of the general board of the Missionary Society of the Church in Canada.

At the conclusion of the gathering members of the synod were entertained at a buffet lunch by Archbishop and Mrs. Rix.

FOURTH FOOTBALL GAME OF SERIES GOES TERMINALS

Stuart Shield Annexed by New Club Result of Match With Moose

The fourth game of the Stuart Shield football series between the Grand Terminal Club and the Moose was witnessed by a poor crowd of spectators, due to the dismal weather prevailing. The Terminalists had the good fortune to go on the field with the series practically cinched, as both the Cold Storage and their present opponents had already tasted defeat at their hands and only one point was needed to annex the Shield for the present season.

Sam Currie won the toss for the Moose and elected to kick down hill. It was obvious from the start that the Moose were a much improved team, and their opponents were penned in their own half for a considerable period. Howe, in the Terminalists goal dealt successfully with numerous shots. He was a trifle lucky in getting a brilliant header from Max, and this player shortly after headed through from another corner.

Almost immediately after the kick-off the Terminalists equalized through W. Mitchell. After a period of midfield play, Walters gave Terminalists the lead from a breakaway. The score stood at 2-1 in their favor at the interval, when the Moose were decidedly unlucky to be in arrears.

On the resumption the Terminalists immediately attacked, and Wiper scored after some pretty work by De John. After a spell of even play Wiper put the Terminalists further ahead with a nice cross shot. This ended the scoring, Terminalists running out winners by four goal to one.

The Moose were by no means beaten on the run of the play, but the opportunities of the Terminalists proved to be the deciding factor. Rain fell almost throughout the match.

TROUT FISHING MAN ON WAY TO RUPERT

Rod and Gun Editor of Newspaper Coming to Examine Possibilities of Sport

WINNIPEG, May 28. — V. B. Gray, Rod and Gun editor of the Cleveland Plaindealer, is in Winnipeg today on his way to the Pacific coast on a fishing trip in the interests of his newspaper. Mr. Gray, who is accompanied by his wife, is considered to be one of the foremost authorities on fishing and hunting in the United States. In addition to his newspaper work he is a regular contributor to the more important outdoor magazine in the States and he is also one of three directors of the league of Ohio sportsmen, an organization devoting its energies to the conservation of fish and game very largely through the introduction of bills through the legislature for their

PROTECTION, ETC.

This organization has a membership in excess of three hundred thousand and is probably the largest of its kind in the world.

SURVEY OF PARK

On his present trip Mr. Gray will make a fishing survey of a number of the streams and lakes in Jasper National Park before proceeding to Stuart Lake, north of Vanderhoof, B.C., where he will fish for Rainbow and Lake trout which assume a very large size in that district. At Stuart Lake he will be the guest of the proprietor of Douglas Lodge, E. G. Hayes. From there he will go to Prince Rupert, with probably a side trip into the Lakelse country and thence down the inside passage to Vancouver, where he will engage in a variety of fishing and if time permits will also visit Vancouver Island.

SPORT CHAT

At a meeting on Wednesday night of representatives of the Prince Rupert Tennis Club, Canadian National Railway Employees' Tennis Club and the First North B.C. Regiment Tennis Club it was decided to hold in the near future a city championship tennis tournament which will be open to all the members of the three clubs. Those attending the meeting were W. Cruikshank and E. W. Marquette, representing Prince Rupert Tennis Club; W. H. Tobey and A. R. Nichols, the Canadian National Railway, and J. E. Wilson and F. Russell, the regimental club. E. W. Marquette was chosen chairman of the meeting and W. Cruikshank, secretary, and in their hands was left the matter of completing arrangements for the tournament, same to be reported upon at another meeting to be held next Friday when the dates for the various divisions of the tournament will be set.

There will be five separate events — men's and women's singles, men's and women's doubles and mixed doubles. Two of these events will be played on the courts of the Prince Rupert Tennis Club, two on the Canadian National courts and the fifth on the regimental court. The trophy for the men's singles will be the handsome cup recently presented by Max Heilbroner and for the ladies' singles W. H. Tobey has offered to present a cup. The committee will raise funds to provide suitable awards for the three doubles events. At the meeting Wednesday night hearty votes of thanks were tendered to Mr. Heilbroner for the cup so generously presented and to Mr. Tobey for his offer which will be accepted.

The Grand Terminalists will make their first appearance of the season in the baseball league tonight playing against the Gyros Club. A good game it is expected will ensue, fully up to the record set by the close and keenly contested game of Monday between the Gyros and Natives.

In the fourth game of the season in the Junior Football League, Booth School, at present leading in the standing, will meet the High School at the Aeropolis Hill grounds tomorrow afternoon. The players for the two teams will be selected from among the following:

- Booth School — Lawrence Pierce, F. Cameron, J. Currie, B. Thurber, T. Kelsey (captain), R. Nelson, H. Crate, F. Dingwell, H. Dickens, J. Nelson, J. MacKay, G. Sakalana, T. Bussanich, O. Wingham and W. Cross. High School — George McLean, R. Stalker, Bill Murray, W. Colison, Bobbie Irvine, Willis Hill, Allan Cross, Joe Scott, John Comadina, J. Bryant, Sam Murray and Gordon Veireck (captain).

RINGLEADERS ALL SURRENDER

Give Themselves up Following Visit Paid by Police Squad, and are in Jail

ST. JOHN'S, Nfld., May 28.—(By Canadian Press.)—How a posse of 20 men, headed by a local police inspector, invaded a community of 1,000 and secured the ringleaders of a gang of 80 which had recently marched on Harbor Grace, a neighboring village, beaten up the Government's Poor Relief Officer, Alexander Squires, father of Sir Richard Squires, a former premier of the Dominion, ransacked his office and terrorized the countryside generally, was told with the arrival here of the alleged culprits in charge of their captors.

Consternation
While there is a certain amount of destitution in the outports during the winter months, calling for relief by the government, Newfoundland is rarely called upon to deal with a situation precipitated by direct action. The news that a considerable portion of the able-bodied male population of Upper Island Cove had invaded the neighboring village of Harbor Grace, demanding food, and on being refused had committed depredations, was received with something akin to consternation. But response to the challenge made against constituted authority was prompt. A special train was immediately made up and a police inspector heading a squad of four or five police officers was despatched to the scene. This force was augmented en route and by the time Upper Island Cove was reached the expedition had grown to 20 men.

Surrender Made
The officers of the law were met on the outskirts of the village by the fomenters of the trouble and a palaver ensued. The villagers were given 48 hours in which to deliver up the ringleaders. The police then retired to Harbor Grace. Well within the time limit set four men trudged over the ridge separating the two communities, crossed the harbor by ferry and surrendered. They were immediately brought to St. John's and are now in jail here awaiting trial.

The residents of Upper Island Cove received \$19,000 in relief during the winter of 1925. They received relief fortnightly throughout the past winter. On April 29, 140 families received the usual relief. It was following this distribution that a visit was paid to Harbor Grace and upon the relieving officer refusing to hand out additional supplies that the depredations occurred.

100,000 MUSKRAT PELTS ARE TAKEN

THE PAS, May 28.—With the spring muskrat season over, traders and trappers are fast returning from their trapping grounds with their catches. It is estimated that the total catch will run about 100,000 taken from the swamps of the Saskatchewan river, basin tributary to The Pas. With the prevailing price, more than \$150,000 will be the net proceeds from this industry for the past season.

MANITOBA SEEKING TO GET ITS RESOURCES

Premier Bracken Plans Early Trip to Ottawa

WINNIPEG, May 28.—The Provincial Premier, John Bracken plans to visit Ottawa shortly and discuss with the Federal Government Officials the matter of turning over control of the natural resources of Manitoba to the provincial government. At present jurisdiction of these resources is vested in the Dominion government, the province receiving an annual sum in lieu of actual control.

The Premier also will take up other provincial questions with the federal authorities. He will support the plea of a delegation which is now in the capital regarding soldier settlement lands, advocating that the Soldiers' Settlement Board pay arrears of taxes on land which has reverted to it. The Premier also will press the matter of controlling companies selling stock and
