## RADIO MESSAGE---LONDON TO MARS

### NO PERSONAL DEFENCE BE GIVEN BY AIMEE McPHERSON

#### Psychologist Files Message for Mars in London Radio Office

LONDON, October 28.—Due professional gravity was maintained by officials of the Central Radio Office last night when Dr. Mansfield Robinson handed in a businesslike seriousness, a message for Mars, some forty-two million words long, and asked the rate. The message was prefixed with three "Ms" and Dr. Robinson said was the call for Mars. The receiving clerk asked what the message was to be transmitted in and Dr. Robinson replied "no language." The message was accepted for transmission by Britain's most powerful radio station at Hilmorten, the sender being charged "long distance rate" of thirty-six cents per word. The clerk informed Robinson that he would be unable to guarantee delivery but the doctor agreed to take the risk. It is not known whether the message reached its destination as no reply has been received. Dr. Robinson, who is versed in psychological research, claims to have previously had pechical communication with the Martians.

#### BOATS COMING FOR THE RACES

BEER TO BE USED IN CHRISTMAS ADVERTISING ON WAY SOUTH NOW

WARD, Oct. 28.—Fifty-two Alaskan and 190 reindeer, the former to be used to take part in the races and the latter to be used in Christmas advertising stunts, are en route to the States on the steamer "The Vessel" loaded yesterday at Robson on Kodiak Island before sailing.

#### ALL LEAVE ON FRIDAY

YUKI MARU WILL GO FROM HERE FOR HAMPTON ROADS, VIRGINIA. FOR ORDERS

Progress has been made in the loading of grain on the Japanese steamer Yefuku Maru at the elevator here she will go to Hampton Roads, Virginia, for orders. Unlike the Yefuku Maru, the Yefuku Maru is a light coal burner. She is carrying 100 tons of coal to take her on to Hampton Roads.

#### ATTEMPT MADE KIDNAP WOMAN

J. BAKER OF NORTH VANCOUVER SCREAMED AND MAN CAME TO HELP

VANCOUVER, Oct. 28.—Screaming at the top of her voice, Mrs. J. Baker of North Vancouver thwarted an alleged attempt to kidnap her early today by young men in a touring car. The men forced to the curb the motor Mrs. Baker was driving alone on the second narrows bridge while driving home. Attracted by the cries, a pedestrian came to the assistance of the men who fled in their car.

#### G RACES ARE RUN OFF TODAY

GRAC CAPTURES JOCKEY CLUB AND MONEYMAKER TAKES DEWHURST STAKES

NEWMARKET, Oct. 28.—Lord Rosebery's Brongrac won the Jockey Club today. Old Glommen was second. The Wolf third. Five horses ran in the famous Dewhurst Stakes were captured by Moneymaker. Knight of the Garter was second and Mario, third. Six horses started.

#### AIR DEFENCE IS CONSIDERED

IMPERIAL CONFERENCE TAKES UP IMPORTANT SUBJECT AT TODAY'S SESSION

#### RESEARCH PLANS LAID

Interchange of Information and Sending out of Special Investigators

LONDON, Oct. 28.—The main section of the Imperial Conference did not meet yesterday but today began consideration of the subject of empire air defence.

The conference committee of research at yesterday's meeting stressed two points which they planned to follow. The first was that there should be a full interchange of results of research as between Great Britain and the Dominions and the second that investigators should be sent out to keep in touch with research work throughout the empire.

#### PROGRESS MADE WITH HARVEST

C.P.R. REPORT INDICATES MUCH OF GRAIN IS THRESHED ON PRAIRIES

WINNIPEG, Oct. 28.—Substantial progress was made with threshing in Saskatchewan and Alberta during the past week, according to the crop report issued by the agricultural department of the C.P.R. Owing to frequent showers and snow flurries, no work of any account was carried on in Manitoba.

The weather throughout Alberta has been favorable for threshing, with the exception of parts of the Edmonton division where further rainfall was experienced. Showers were reported in other sections of the province, but were not sufficient to cause a suspension of operation.

Threshing is now general and from 75 per cent of the wheat and 65 per cent of the coarse grains have been put through the machines. The returns on the whole are running higher than originally estimated and the grades are turning out better than anticipated, and while there is a depreciation through discoloration, the loss from sprouting is small.

From 10 to 15 per cent of the fall plowing has been completed in the Edmonton, Dunvegan and British Columbia Railway district. Threshing is from 50 to 75 per cent completed. The crop is turning out exceptionally well as a yield. The quality is generally satisfactory, although there is a fair percentage of tough grain.

#### RACE TO SAVE SHIP OFFICER

INJURED SECOND ENGINEER OF CANADOLITE DIED FIFTEEN MINUTES AFTER SURGEON ARRIVED

LOS ANGELES, Oct. 28.—William Townsend, second engineer of the British tanker Canadolite, owned by the Imperial Oil Company, is dead as a result of injuries sustained when he fell through an open hatch into the engine room. Although in the race to get a surgeon aboard the Canadolite before Townsend died, the liner Venezuela won by fifteen minutes, the doctor was unable to save the officer's life. Townsend was injured Wednesday when the ship was 400 miles from here bound for Montreal. The appeal for medical aid was sent broadcast by radio and the Venezuela picked up the message and put about and made for the Canadolite.

#### COMMENCED LAYING NEW PACIFIC CABLE

BAMFIELD, Oct. 28.—The cable ship Dominia today commenced laying the shore end of the new Pacific Cable between this station and Fanning Island.

LEFT TO RIGHT—General von Seeckt, whose resignation was accepted by President von Hindenburg. Lt.-Gen. Heise may succeed him.

#### MANY MORE REGISTERING

NUMBER OF HOUSE OR LICENSE HOLDERS QUALIFIED FOR CIVIC ELECTION IS 268

That a much keener interest is being taken in civic affairs this year than last is indicated by the fact that so far there have been 268 registrations of householders and license holders as compared with 53 at a similar date last year. In fact the figure is nearly up to last year's total of 224. Registrations of householders and license holders will continue to be taken until Saturday night at 9 o'clock. City solicitor Jones will remain in his office each evening until then between the hours of 7 and 9 for the purpose of receiving registrations.

#### FOUR KILLED WHEN AUTO STRUCK BY A TRAIN IN ONTARIO

MILTON, Ont., Oct. 28.—Four persons were killed and one seriously injured when the C.P.R. train from Toronto to Guelph struck an auto east of the station here. Among the dead are A. Couch of Montreal, George Kipp of Hamilton and A. E. Jones of Hamilton. Mrs. Jones who was injured may die.

#### SEA HARVEST WAS WORTH LARGE SUM

OTTAWA, Oct. 28.—Canada's sea harvest during the month of September is valued at \$3,942,557, and was an increase of 12,000,000 pounds over September 1925. On the Pacific Coast the halibut catch increased while the salmon catch was less.

#### HOUSEHOLDERS AND LICENCE HOLDERS

Those wishing to get on the 1927 Voters' List are required to file their applications with the City Clerk during the month of October.

#### HALIBUT SALES

Five Boats Arrived Today of Which Four Were Americans

Five boats, three of which were Americans, sold their catches today on exchange, prices ranging from 14.50c to 15.70c for first class and 8c and 9c for seconds. The arrivals were:

AMERICAN  
Foremost, 23,000, to Atlin Fisheries.  
Seattle, 20,000, to Booth Fisheries.  
Marmot, 23,000, to Cold Storage.  
Littuya, 13,000, to Pacific Fisheries.  
CANADIAN  
Verma, 2,500, to Cold Storage.

#### MUCH GRAIN COMES COAST

WILL TAKE TWO OR THREE MONTHS YET TO FILL EDMONTON ELEVATOR

EDMONTON, Oct. 28.—There has been a wonderful volume of business to the coast this year, and figures recently given out showed that Montreal had lost 20,000,000 bushels of business for the season up to October 11, as compared to 1925, while the coast had made that much gain. Much of the grain had to be dried this year, and when the coast facilities were jammed, the government elevator plant here was brought into action more than a week ago.

All grain from this city, and most all from Calgary has been sent west. It is estimated that the present embargo will be lifted within a week.

The grain trade of this district will be but slightly affected by the grain embargo put on the port of Vancouver by the railways.

"It will take two or three months to fill the Edmonton elevator," said the manager this morning. "We can dry all grain that comes here for inspection and store it."

#### CHILD BURNED NEAR KAMLOOPS

DIED IN HOSPITAL AS RESULT OF INJURIES WHILE LEFT WITH EIGHT YEAR OLD SISTER

KAMLOOPS, Oct. 28.—Left in charge of his eight year old sister while the parents who are Indians, went to the store a few miles away, Mary Jane Tomma, four years of age, was seriously burned when her clothing ignited by fire used in salmon curing operations on the bank of the South Thompson River about 60 miles East of Kamloops and died in the hospital here early today.

#### Evangelist Aimee McPherson Will Not Testify in Her Own Defence Nor Will Her Mother

LOS ANGELES, October 28.—Mrs. McPherson and her mother, Mrs. Minnie Kennedy, will not testify in their own defence at the preliminary hearing of the charges of criminal conspiracy brought against them in connection with the disappearance of Mrs. McPherson and the kidnapping story she told on her return to Douglas, Arizona, the attorneys for the defence indicated when they announced that the defence testimony would be completed late today.

At least three and perhaps five witnesses for the defence remain to be called.

The prosecution attorney said he did not anticipate calling any witnesses for rebuttal of testimony.

#### EDUCATION COUNCIL PLANNING MEETING VICTORIA IN 1928

VICTORIA, Oct. 28.—Tentative plans to hold the next biennial conference of the National Council of Education in Victoria and Vancouver in April, 1928, were made by Major Fred Nef, the executive secretary, while in the city for a brief visit.

It is the intention to centre the discussions at this conference around education and its relation to leisure, with particular reference, to the arts, the drama, motion pictures and literature. Efforts will be made to bring delegates from as far afield as the Antipodes and the Orient for this conference, and a special invitation will be extended to Sir Rabindranath Tagore, the great Hindu poet and philosopher to address the conference.

While in the city Major Nef met the members of the local committee of the Council of Education and also conferred with Hon. J. D. MacLean, Dr. S. I. Willis and B.C. Nicholas of the provincial executive concerning plans for the conference.

In addition to the list of speakers for the National Council of Education, already announced, which includes Alfred Noyes, the poet, and the choir of the Chapel Royal Windsor, Major Nef announced that, in keeping with the adoption of bilingualism in the council, a leading French-Canadian, Dr. Marchand would probably come during the season to talk on folk music and songs in Old Quebec.

#### TRAIN COLLISION IN NEW BRUNSWICK

Four Laborers Were Killed When C.N.R. Freight Hit Work Train This Morning

MONCTON, Oct. 28.—Four laborers were killed and two were injured in a head-on collision this morning of a Canadian National freight and work train at Belanger, thirty miles west of Edmundston.

#### OPPOSITION TO QUEEN MARIE

UKRAINIANS OF MANITOBA OBJECT TO HER BEING ENTERTAINED BY THE GOVERNMENT

WINNIPEG, Oct. 28.—A protest against the Government of Manitoba being a party to a public reception to Queen Marie of Rumania was lodged with Attorney-General Craig by a delegation representing the Ukrainian population of the province, who claimed that Rumania was mistreating a million and a half Ukrainians under their rule.

The delegation introduced by D. Yakimishin, M.L.A., claimed that Rumania had violated the treaty of Versailles, depriving the Ukrainians of the rights of freedom granted to minor states by the treaty.

#### HEN IS WORTH WEIGHT IN \$\$

LAYER FROM UNIVERSITY OF B.C. BEATS WORLD RECORD

ACASSIZ, Oct. 28.—Hen No. 6, in a white leghorn pen, entered by the University of B.C. egg laying contest held at the experimental farm near here from November 1 until October 31, had up to today laid 348 eggs since the competition commenced, thereby establishing a world record. She produced an egg a day for 200 consecutive days.

The previous egg laying records included 342 annually by a New Zealand hen in 1923; 347 by an Australian in 1924, and a hen at Puyallup, Washington, last year established a record for this continent of 335.

#### QUEEN MARIE IS IN CANADA

REACHED OTTAWA THIS MORNING AND WAS WELCOMED BY WILLINGDON AND ROBB—SPEAKS AT LUNCHEON

OTTAWA, Oct. 28.—Queen Marie of Rumania was welcomed to Canada today by Lord Willingdon, governor general, and Hon. J. A. Robb, acting premier. After the reception at the train, the royal visitor was taken to Rideau Hall where she was welcomed by Lady Willingdon who later accompanied the queen to a Women's Canadian Club Luncheon. The queen replied briefly to Mayor Balharrie's address of welcome from the city.

#### McPHERSON IS DEAD IN SOUTH

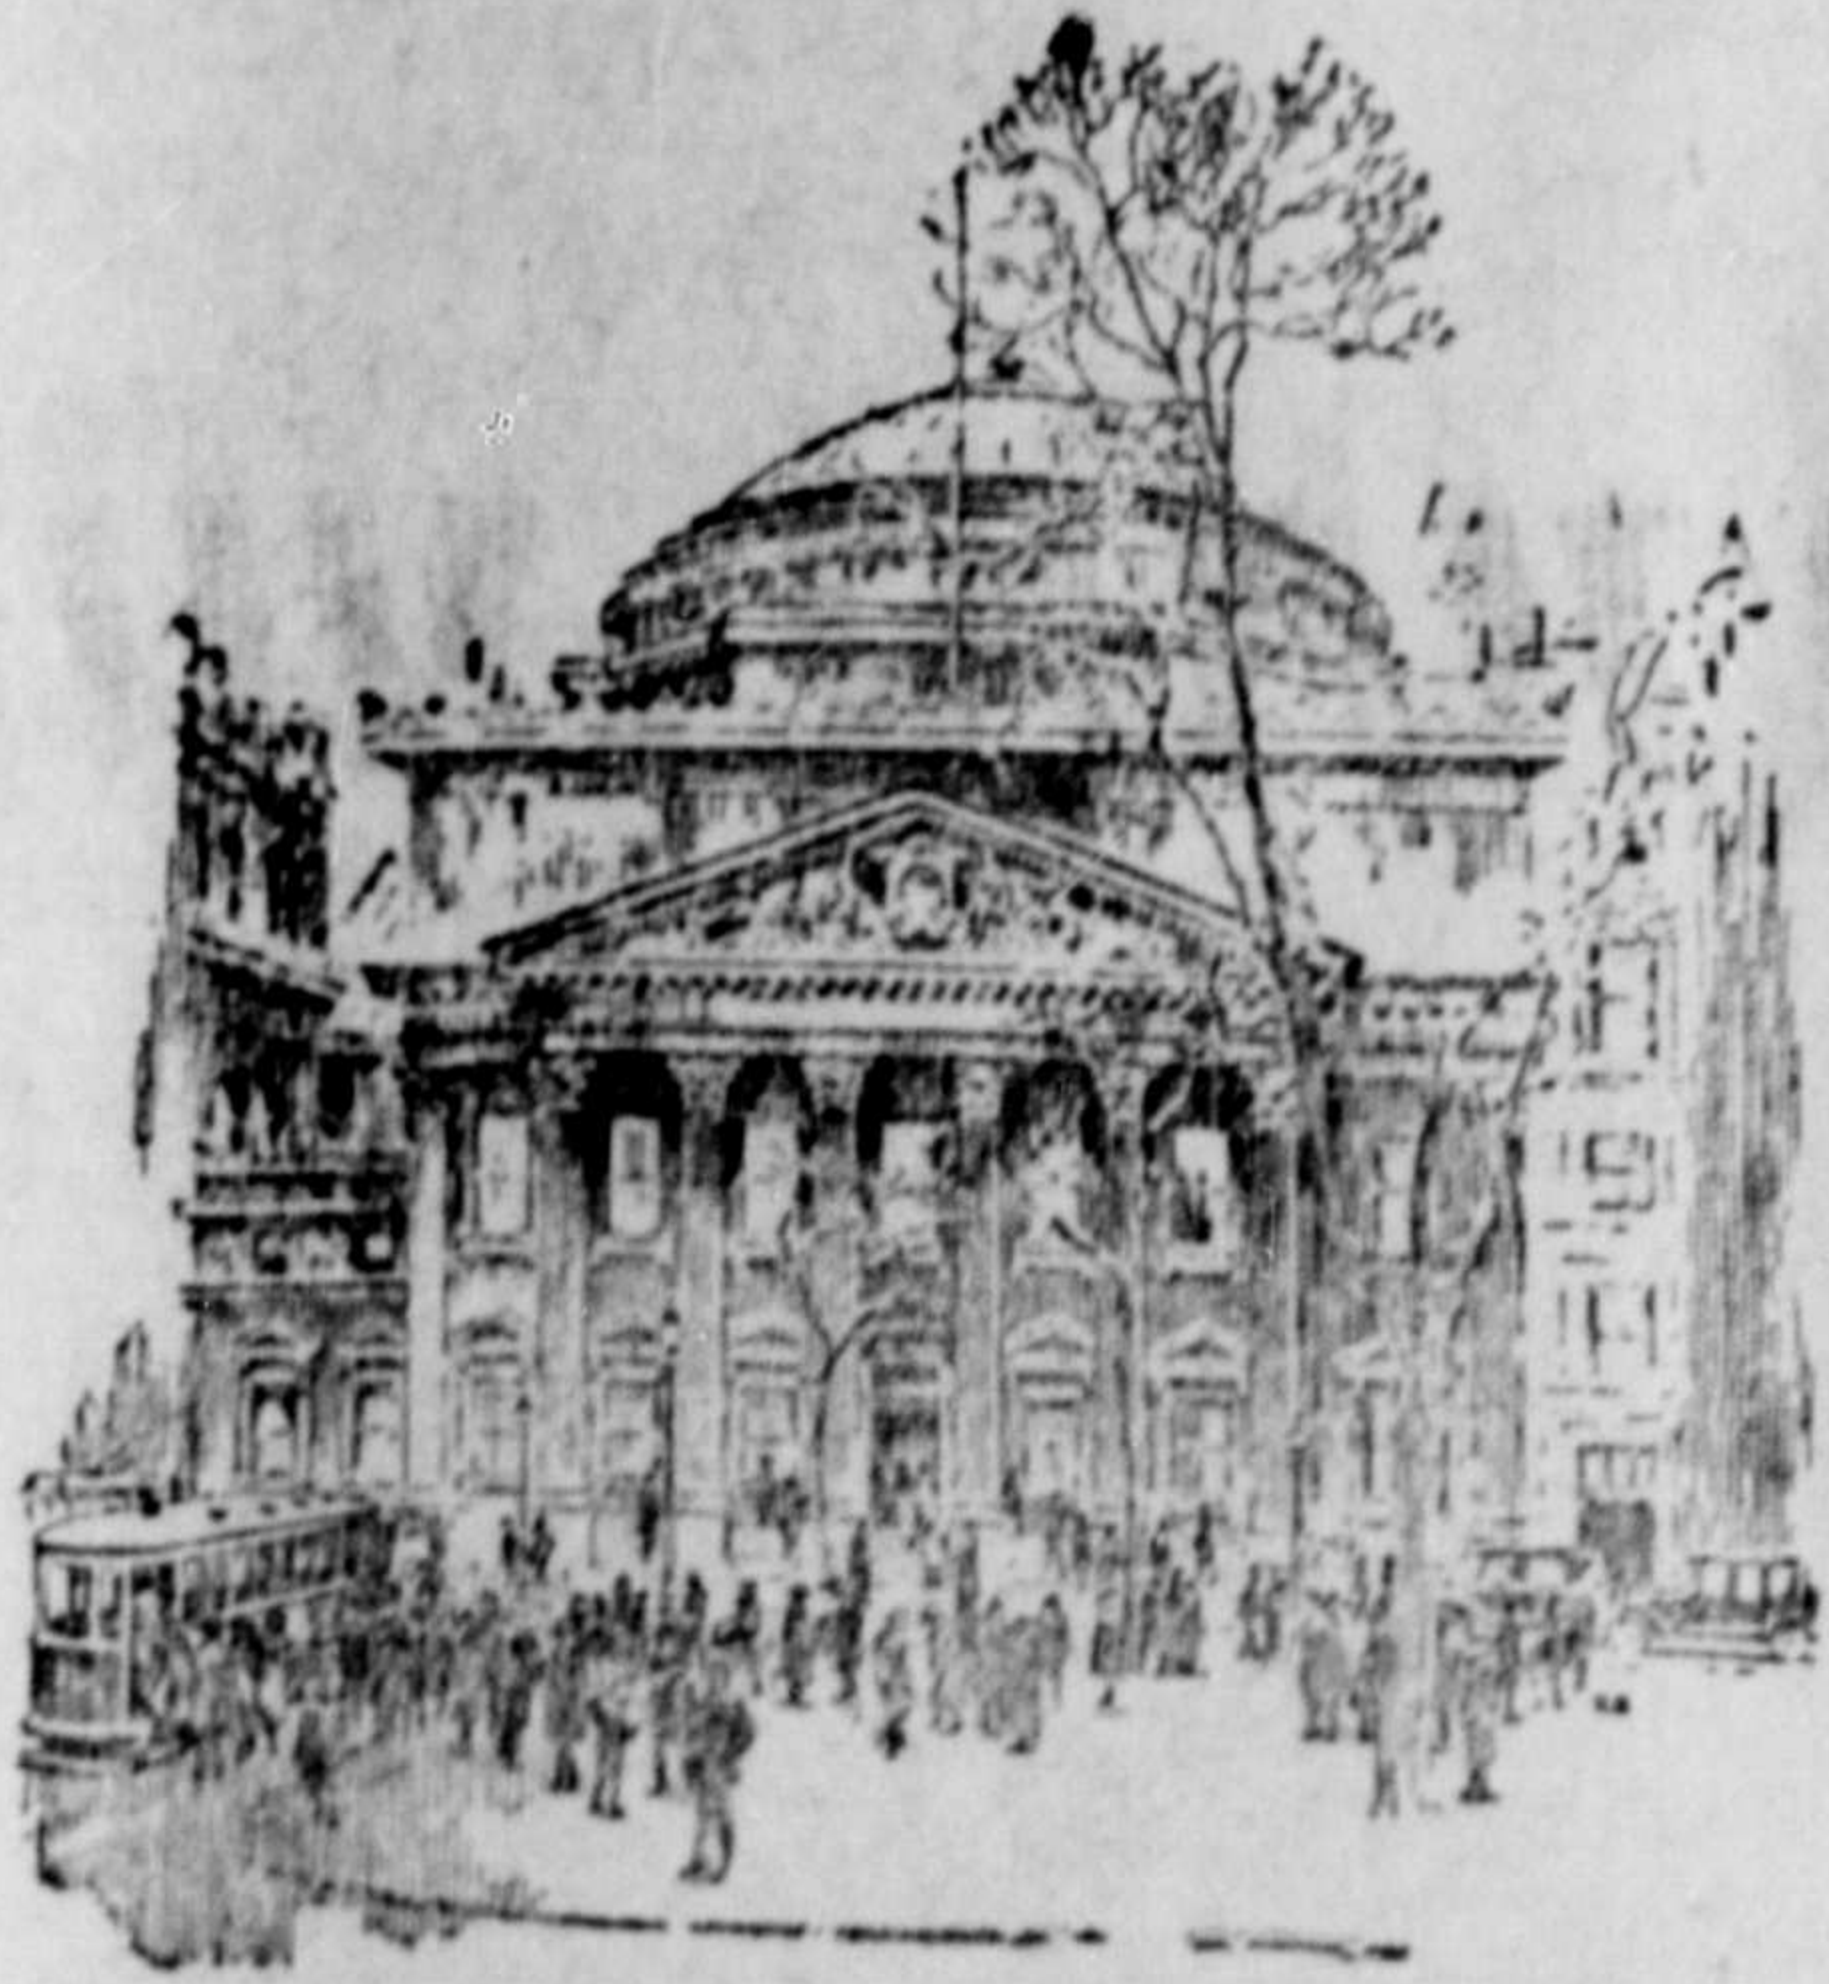

FORMER POSTMASTER AND M.P. SUCCEEDED THIS MORNING TO HEART FAILURE

MONCTON, New Brunswick, Oct. 28.—E. G. MacPherson, former postmaster of the city and Liberal representative of Vancouver in the federal house, died suddenly at his residence here this morning. Heart failure was the cause of death. The late Mr. MacPherson, who was a very popular citizen, contested Vancouver South in the 1925 election.

### CANADA'S MOVIES DO GOOD WORK

CANADIAN GOVERNMENT HAS SUPPLIED WORLD WITH AUTHENTIC PICTURES OF DOMINION'S OPPORTUNITIES AND WEALTH

OTTAWA, Ont., Oct. 28.—(By Canadian Press.)—Not the least important function of the Canadian Government has been to correct, both at home and abroad, the erroneous impressions gained and sometimes spread by poets, novelists, disgruntled immigrants and transient Munchausens. Even today there are people who cannot dissociate Canada from the Royal Mounted Police, polar bears, lawless goldrushes, thieving furtraders and the rest of the inaccurate picture so frequently drawn by those who know and care nothing about the Dominion.

In 1917 the Canadian Government realized the instructive value of the cinematograph camera and decided to go into the motion picture business. There then came into being as a branch of the Trade and Commerce Department the official Motion Picture Bureau, which has since rendered good service by depicting to the world, more clearly than in words, the wealth, opportunity and scenic beauty presented to the intending immigrant. Like the prophet of old the work of the Bureau is less known and appreciated in Canada possibly than any one of a score of countries.

On the principle that people do not appreciate fully that which is given them free of charge, the Bureau has conducted its campaign abroad in direct competition with the commercial cinematograph film, and has done so with great success. Canadian films have been accepted by foreign exhibitors on their own merit; in Great Britain particularly there is a steady demand of them. Not only have they attracted immigrants, but in several instances they have attracted valuable trade. For instance a film on road-making in Canada was being shown some years ago in South Africa when a member of the audience was so impressed by the efficiency of Canadian road-making machinery that he asked the Bureau to put him in touch with the makers, and a substantial order followed.

Practically all the Departments of the Dominion Government in Ottawa have at one time or another availed themselves of the Bureau, on which increasingly heavy calls are being made.

The tremendous value of the film as a medium of national propaganda is being realized by other nations of the world, which are following Canada's example. At the present time sixteen nations, headed by Great Britain, are trying to break the dominion of the film-world held by the United States, and the matter is of such importance as to merit discussion at the Imperial Conference in London. Perhaps Imperial action will be taken on a lead set by Canada nearly a decade ago.

Spanish alcohol, when successfully smuggled across the Bidossou river here, where the ancient kings of France met to settle their differences, could be sold at an immense profit ten years ago. Now, with the peseta worth more than five times as much as the franc the risk is greater than the profit.

### AMERICAN JOCKEYS ON FRENCH TURF

PARIS, Oct. 28.—The race for second honors on the French turf for 1926 is a neck and neck affair between the American jockeys Frank Keogh of Kentucky, and Matt McGee of Sheephead Bay. Semblat, the crack French jockey, has such a lead in the number of winning mounts, that he is practically certain to repeat his 1925 success.

Keogh is inclined to take on weight and finds it more and more difficult to ride in handicaps on horses carrying light imposts.

# COAL PRODUCED THIS PROVINCE NINE MONTHS

### MINISTER OF MINES ISSUES STATEMENT OF OUTPUT DURING 1926 TO END OF SEPTEMBER

VICTORIA, Oct. 28.—Coal production in British Columbia for the nine months of the present year totalled 1,659,676 long tons compared with an output in the corresponding nine months in 1925 of 1,777,965 long tons, a decrease for the present year of 119,287 tons, according to figures compiled by the Department of Mines and issued today by Hon. William Sloan, Minister of Mines and Provincial Secretary. In all the chief coal mining districts, with the exception of the Nicola-Princeton section where a slight increase over 1925 was reported, decreases have been registered in volume of output this year as compared with last year.

Vancouver Island collieries produced an aggregate of 900,055 tons in the nine months ended September 30 last as against 1,006,368 tons in the corresponding period of 1925, a decrease of 106,313 tons. The East Kootenay district containing the collieries at Coal Creek and Michel, of the Crow's Nest Pass Coal Company, and the Corbin Coal Company's collieries at Corbin, produced 635,026 tons as against 653,752 tons in 1925. The output of the Nicola-Princeton collieries was 122,847 tons compared with 116,898 tons in the nine months period in 1925.

#### WINTER DEMAND

The advent of the winter season has resulted in speeding up work in some of the Island collieries which have been working longer time within the past month or two to prepare for the seasonal demand. A feature of recent developments in the coal trade, too, has been the receipt by the Canadian Collieries (Dunsmuir) Limited, of orders from the Argentine for coal which hitherto have gone to the Old Country, but because of strike conditions there have been diverted to this coast. The detailed figures of production for the nine months this year as compared with those for the same period in 1925 are as follows:

## INTERFERENCE WITH POLICE AT VICTORIA SAYS NEW CANDIDATE

VICTORIA, Oct. 28.—Following close upon the withdrawal of James Adam as a candidate for the city Police Commission, Andrew McGavin, of 509 Cornwall Street, has stepped into the breach, assuring a three-cornered fight with Commissioner Stansland and Walter Hall the other candidates.

In announcing his candidature Mr. McGavin said that he stood for no directing of the policy of the police by the commission. "There is too much interference with discretion of the police force. The policy is changed too often. No sooner have the police settled themselves to working under one policy than a new one crops up. Best results can only be gained by allowing the police to use their own discretion. This is what has made the English police forces so reliable. They are allowed to use their own discretion in handling cases. We laymen have no right to tell a policeman how to run his own business. We can only handle situations as they arise. Our police force is tied hand and foot by policies laid down by the police commissioners, who know little of the actual operations of the police department and the various circumstances that have to be overcome not only by the force itself, but by individual policemen sent out to handle cases. How can we expect the police to act in the best interest of the public in handling cases when their efforts are limited by policy."

## OLD LADY TRAVELS AROUND THE WORLD

TORONTO, Oct. 28.—(By Canadian Press).—An interesting visitor to the city the other day was 70-year-old Mrs. Dobson, of Edinburgh, Scotland, who is making a tour of the world unaccompanied. She says she likes to travel in the daytime in order that she may see the country through which she is travelling.

## IMPROVEMENT TURNOVER TAX PLAN IS MADE

VICTORIA, Oct. 28.—Adjustments in the proposed new British Columbia Turnover Tax on gross business income were announced at the Taxation Department. They are designed to relate the proposed levy directly to actual profit and to remove the objection that this would take no account of whether a business is making any net income from its operations or not. Under the adjustments proposed, it was stated, this relationship would be created and the tax made much fairer.

#### PLAN IS EXPLAINED

These changes in the tax, which are expected to make it more acceptable, were outlined in a statement issued officially as follows: "As a result of the recent discussion, although the fact has been generally accepted that a minimum tax alternate to the tax on net income is necessary in this Province, and also that the principle of the business turnover tax is superior to that of personal property, nevertheless there still seems to be a feeling that, to be really satisfactory and acceptable from principle of equity, the tax should be a standpoint of the generally recognized principles of equitable taxation, it should bear a suitable relation to net profit.

"Now in order to accomplish this desirable result, the department proposes to make what might be termed a compensating adjustment, over three-year periods, against any tax on net income which is payable in those years.

#### ADJUSTMENT OUTLINED

"To illustrate how this works out: the profits in some lines of business fluctuate from year to year, and for a couple of years the profits may not be sufficient to bring their tax on net income up to the minimum amount payable under the gross tax and accordingly they would be assessed the minimum. But the third year they may earn a substantial profit, making the tax on net income considerably in excess of the minimum payable on the gross. What we propose doing in such a case is to allow as a credit against the income tax payable in the third year, the amount paid in excess of the minimum for the two previous years, provided it does not bring the total for the three years below the minimum.

"This places the tax on an absolute

basis of net income with a minimum based on gross. This, of course, is a considerable concession and one which did not apply under the personal property tax, but the department desires to make this tax one that will be generally recognized as sound and equitable."

#### OPPORTUNITY OF PROFIT

Taxation officials explained that to be subject to the gross turnover tax a business must have been afforded an opportunity to make a profit. With the new adjustment in effect, they said, the tax would be as closely related to actual profit as it could be.

Leading bond dealers of Victoria and Vancouver conferred with officials of the taxation department to find out the precise effect of the new turnover tax on their business and were satisfied that it would be equitable. It was explained to the bond men that they would be taxed on gross profits not on total sales as they are classed as brokers.

their jurisdiction and the provincial governments will be urged to discontinue cadet training in the public schools and substitute a course in physical training. The women of the W.C.T.U. will also make a study of peace movements and ally themselves with any activities that tend to develop peace sentiment.

The provincial government will be asked to urge the federal parliament to enact legislation making false registration of men with female companions as man and wife, a criminal offence.

## CATHOLIC LADIES HOLD TEA TODAY

Event Taking Place This Afternoon at Home of Mrs. F. W. Leeper, First Avenue West

A silver tea to aid the forthcoming Catholic Bazaar is being held this afternoon by the Catholic Women's League at the home of Mrs. F. W. Morrissey are pouring with Mrs. Wilfrid Gratton and Miss Virginia Riel assisting. Vocal solos will be rendered by Mrs. F. W. Allen, Mrs. J. J. Muldon, Miss McNeill, and Miss Charlebois with Mrs. Kenney accompanying. A French doll is to be raffled.

## SPORT CHAT

British Columbia cities have had their glimpse of Canadian rugby as it is played in Eastern Canada and they like it. Several years of preliminary were required to put the game on a solid footing in Vancouver, graduates of Eastern universities where Canadian rugby is played being the moving spirits in the effort. This season, however, a league has been established, with teams representing Vancouver, the University of British Columbia and Victoria. All he matches so far played have been well attended and, as the rules of the game become more generally known among followers of amateur sport, it is expected that interest will increase. No difficulty has been experienced by any of the teams in mustering plenty of material to make up the teams.

C. C. Pyle the pioneer promoter of tennis reveals that in six engagements of the professional troupe headed by Suzanne Lenken and Vincent Richards 41,000 spectators have paid \$83,000 to see the international stars twinkle. Approximately half of these totals were compiled in the opening two appearances of the players at Madison Square Garden, October 2 and 3, but Pyle declared he was also gratified by the results of engagements in Boston, Baltimore and Philadelphia.

When Dr. Otto Peltzer, crack German middle-distance runner who defeated Nurmi, refused \$50,000 to turn professional, he seems to have received more publicity than his exploits on the track accorded him. His choice to remain as teacher of economics and gymnasium instructor in the public schools of Wickersdorf, Thuringia, at \$75.00 per month is the reason of numerous comments by sporting writers on both continents.

Efforts are being made to have the finals for the Allan cup, emblematic of the Amateur Hockey Championship of Canada, played this year in the West. It is argued that each year the West has been compelled to send teams East to compete and this has cost considerably in both time and money. This year, as there will be no professional hockey on the coast, more attention will probably be paid to amateur games. In the last few years considerable interest has been created in amateur hockey on the coast. Some of the amateur contests on the Lower mainland

## NEW JERSEY TOWN SCENE OF THE TRIAL

HALL-MILLS MURDER CASE WILL BE SOLVED IN COURTHOUSE AT SOMMERVILLE, NEW JERSEY

### HIGHLIGHTS IN CASE

SOMMERVILLE, N.J., Oct. 28.—The courthouse here where the Hall-Mills murder trial will be held next week is at the centre of town, and the room in which the trial will be held is fifty by fifty-five feet. It has a seating capacity, including galleries, of 270 and about one half of the length of the room is required for the judges' bench and other courtroom furniture and for the seats for reporters.

Two hundred and fifty newspaper representatives, including Mary Roberts Rinehart, Billy Sunday and Theodore Dreiser are expected to report the trials. There are seats for ninety reporters in the courtroom. The basement of the courthouse will be crowded with special wires to newspapers while other floors will be utilized to their full capacity for similar purposes. The Associated Press leased wire will be installed in a room opening into the courtroom proper, from which it will be possible to follow all the proceedings.

Sleeping accommodations were at a premium a month before the trial. Three New York newspapers rented houses which they are operating as clubs for the accommodation of their men. A number of others engaged suites of three and four rooms in private homes. Both hotels are over-sold, and the same is true of a new rooming house opened recently. Rent has been paid for five or six weeks on some of the rooms in order to hold them for the trial season.

Two possible candidates for governor will oppose each other at the trial. Both are state senators and one was acting governor for a week: Alexander Simpson, special prosecutor, is frequently mentioned as the next Democratic candidate. He is a resident of Hudson county, the stronghold of Jersey democracy.

### STORMY TIME IN WASHINGTON

EXPECTED UNLESS ADMINISTRATION YIELDS TO DEMANDS FOR TAX REDUCTIONS WASHINGTON, D.C., Oct. 28.—(By John Shure, Canadian Press Correspondent).—Unless the administration yields to the demands for a further reduction of taxes at an early date, it looks as if there would be a stormy time in Congress this winter over the tax reduction question.

that the administration now admits the surplus for the current fiscal year will be well in excess of \$185,000,000. The Democratic leaders charge the administration is trying to delay tax revision until just before the presidential campaign of 1928, in order that the President can then take credit for a lowering of taxes at a time when it will gain him votes.

Whatever be the reasons for the delay of the administration in assenting to tax reduction, it looks as if the problem would be made one which will give the Republican leaders much embarrassment. This will be the case if the administration persists in refusing to lower taxes and the public keeps on demanding that taxes be lowered. Democratic chiefs in Congress and some of the Progressive Republicans plan to keep stirring up tax relief through the campaign. Not only that but they plan to keep airing it continually through the coming short session. This will, it is expected, prove highly troublesome to the administration and the Republican leaders, who apprehend it will strike a responsive chord in the hearts of the public.

### FRASER VALLEY GETS REDUCED LIGHT RATE

New Policy Being Adopted by B.C. Electric in South VANCOUVER, Oct. 28.—(By Canadian Press).—Reduced lighting rates for both residences and stores are promised by

the Fraser Valley in the immediate future. Current will be charged one rate until a certain amount is taken, and then at a much lower rate. The amount of current to be taken at the first part of the rate will be gauged by the floor area of the house. The amount to be charged at the first rate is about the amount a normal home or store would use. There will not only be a lower rate per kilowatt hour for the first step but once the normal amount of current is used all additional current, such as for household devices in the home and signs, windows lighting and so forth in the store, will be at a very low rate.

### MAN WHO HITS HIS WIFE IS COWARD IN OPINION OF JUDGE

VANCOUVER, Oct. 28.—"Under any provocation," said Judge Cayley in County Court "a man who hits his wife is a coward." The husband in the case pleaded that he had been threatened with a stick in the hands of his wife. He then picked up the frying-pan, intending to throw the contents, some potatoes, on her. The wife alleged that injury had been done the frying-pan itself and the husband was committed on the charge—"actual bodily harm." "I advise you, madam, to make the best of your position," said his honor to the wife. "In married life one of the parties has to give and take. Unfortunately this court is no place to settle

**LINK WITH OLD HALIFAX**

MRS. ROBERT McMURRAY, WHO DIED IN MONTREAL RECENTLY, LOVED TO TELL OF GIRLHOOD DAYS

HALIFAX, Oct. 27.—A link with the Halifax of nearly a century ago passed away with the death in Montreal recently of Mrs. Robert McMurray in her 93rd year. As a child she came to Halifax with her parents from England, and until about thirty years ago she resided in this city. Mrs. McMurray loved to tell of the Halifax of her girlhood and her memory was exceptionally clear. She remembered the days of the cholera plague when in Halifax, as in London years earlier, teams rattled through the streets at night to collect the bodies of those who had died, and men knocked at doors crying, "Bring out your dead."

Mrs. McMurray's home was on the

present site of the Institution for the Deaf and Dumb on Göttingen Street. In later years her father returned to England but Mrs. McMurray had married at the age of 19, Robert McMurray, a leading drug goods merchant. On his death she went with her children to Montreal where she remained until her death. Two daughters and a son survive, and until her death the family was represented there by four generations.

**EXPECTED TO FIND COW TOWN**

THOUGHT TO FIND TRAPPERS AND HUNTERS AND CANOES ARRIVING FROM NORTH AT EDMONTON

MONTREAL, Oct. 28.—Edmonton proved to be a great disappointment to Duke Dimitri de Leuchenberg, Comte de Beauharnois, seigneur of New France. The Duke is a former Czarist officer and was persecuted and wounded by the Soviet adherents.

In Montreal on his way to Bavaria, describing his experiences in Edmonton, Duke Dimitri said: "After my summer in the Rockies I went to Edmonton, because I had understood that it was a real wilderness place. I had visions of seeing the trappers and hunters of all kinds coming in by canoe. I was all excited to see everything and I certainly was disappointed when I found that Edmonton was a fine modern city like all the rest."

Since visiting this city he had evidently heard of Aklavik, Tree River, Coronation Gulf, and the many other scenes of Arctic activity, for he goes on to say: "However, I've found out since where these real trappers' towns are. Next year I am going to visit and make up for the disappointment this summer."

The Duke is a great admirer of the Canadian Rockies.

"I do not think there is any comparison between the beauty of certain spots in the Canadian Rockies and some of the places I have visited in Switzerland," he said. "The mountains of Canada have a natural wildness that isn't found in Switzerland for there the influences of men are everywhere apparent. To me this spoils the real beauty of the scenery."

Duke Dimitri said he would probably make his home in Canada.

**LADY RHONDDA DOES BUSINESS LIKE ANY MAN**

WOMAN WHO FORMERLY OWNED GROUNDHOOG COAL FIELDS WAS TRAINED BY FATHER

LONDON, Oct. 28.—Lady Rhondda, who inherited the Groundhog coal leases of northern British Columbia from her father, and who has visited Prince Rupert and other cities of the Canadian west, is a director of great companies, an active worker in societies for the betterment of women and also a peeress. Society, in the popular use of that term, has no attraction for Lady Rhondda. She has always been too busy to fritter away her time, but she is never too busy to lend a hand in any movement for the betterment of women.

**CODE OF RULES FOR SWIMMING CHANNEL**

LONDON, Oct. 28.—A Channel Swimming Association is being formed in England to draw up a code of rules governing channel swimming. Alfred Jones, founder of the Webb Memorial at Dover, pointed out that all recent successes have been achieved by swimming from France to England, while only two persons, Sullivan and Burgess, have rivalled the feat of Captain Webb in swimming from England to France.

He suggests a world's channel swimming trophy be offered to the one who succeeds in swimming from England to France under the proposed code of rules, and that the trophy be held until captured by another aspirant.

**DOES NOT FEAR PARLIAMENT**

Asked if she intends to stand for Parliament, she replied that she "hoped to get into the House of Lords on my rights as a peeress."

"But do you not find the politicians, particularly reformers, are lost when they get into the House of Lords?" I believe that women will be able to influence progressive legislation even in the House of Lords, and we are preparing a vigorous agitation to get the Peeresses Bill passed next session," Lady Rhondda answered.

In addition to heading the Peeresses in their battle against traditions, Lady Rhondda is very active in the movement to get the ballot for all English women on practically the same terms that men have it. She is not a political speaker, although she appears occasionally on the platform, and is strictly non-partisan in her political work.

As an opponent of protective legislation for women engaged in industry, Lady Rhondda thinks men and women should be equally protected. Fathers as well as mothers should be protected as the health of both parents has a great effect upon children born to them, she declares.
