BAD GALE STRUCK THE COAST LAST NIGHT

PROTEST MADE AGAINST MACKENZIE KING GOING TO IMPERIAL CONFERENCE

Gale Struck the Coast During Night and Boats on Skeena River Sunk

HAYSPORT, September 21.—A big gale struck this part of the Skeena last night whipping the water into big seas so that it was almost impossible for any small boats to live in it. Several fishing boats were sunk and others had to run for shelter. One of the Sunnyside boats that was here sunk and several are reported at the mouth of the river.

At noon today there was still a brisk gale blowing and boats are keeping all into shelter.

WARKE CANAL, September 21.—The gale struck the mouth of the canal last night shortly after midnight and gave the boats quite a dusting. At Cance Pass the Chinese restaurant was driven ashore and turned over on its side. A number of trolling boats are reported in trouble.

PREMIER AND TORIC MINE

CONSIDERABLE SIGNIFICANCE ATTACHED AT ALICE ARM TO RECENT VISIT OF BERT F. SMITH AND PARTY

(Special to Daily News)
ALICE ARM, Sept. 21.—While Bert F. Smith, assistant manager of the Premier Mine at Stewart, had nothing to say for publication following the recent inspection of himself and party of the Toric mine when an extensive examination of the property was made and many samples obtained, the visit is taken here as being of considerable significance. The party, it is believed, would not have made such an inspection unless the Premier Company had either an interest in or an option on the property, the existence of which would depend on the results obtained from the assays.

RENE FONCK AIRPLANE IS DESTROYED

TWO ASSISTANTS KILLED WHEN MACHINE CRASHED THIS MORNING

WESTBURY, N.Y., Sept. 21.—Attempting to hop off on a non-stop flight to Paris this morning Rene Fonck's machine crashed. His two assistants were killed and the machine was destroyed.

CLEANING UP RUPERT'S SUPPLY OF FRESH MILK

Many Cattle in the Interior Slaughtered Owing to Prevalence of T.B.

Following recent tests made in the Bulkley Valley a large number of cattle have had to be slaughtered owing to the prevalence of tuberculosis. The tests were made following a general cleanup in the Fraser Valley where many cattle were slaughtered in an effort to rid the herds there of the disease.

Prince Rupert cattle are now free from the trouble and the cleanup in the interior makes sure that the imported milk is also free from germs.

WOULD TAKE OVER UTILITIES SERVICE

A. C. R. YULL Comes From Vancouver to Continue Investigations for International Utilities

Coming here instead of E. W. Bowness, the first engineer on the ground, to continue investigations on behalf of the International Utilities Ltd. of New York with a view to taking over the electrical light and power service of the city, A. C. R. Yull, Vancouver electrical engineer, arrived in the city last night from Prince George. Mr. Bowness, who was here some weeks ago, is now in Edmonton.

ONLY CANADIAN BOATS WITH HALIBUT TODAY

Nothing but Canadian boats sold halibut today at exchange, the prices varying from 16.80c to 17.50c for first class, with 9c and 10c for seconds. Arrivals were:
Ternen, 15,000, to Royal Fish Co.
Ingred H., 10,000, to Booth Fisheries.
Athl, 6,000, to Cold Storage.
S. A., 900, to Cold Storage.
Imperuse, 9,800, to Booth Fisheries.

BIRTH

A daughter was born at the General Hospital Sunday evening to Mr. and Mrs. Ed. Jenner, Eleventh Street.

Mrs. D. R. Willemar will be a passenger on the Prince Charles tomorrow from Massett to Vancouver.

Hon. Mrs. Montague, as Queen Elizabeth at a masque commemorating Magna Carta, held at Rummymed recently. She is wearing an actual dress and jewels worn by the queen. Master Brian Montague as page.

Ore Shipment from the Patterson Mine Brought Good Returns to Owners

Work has recommenced on it and shipments will be made during winter; adjoining claim being developed

Work has just recommenced on the Patterson Mine at Surf Point on Percher Island and will be continued all winter. An adjoining claim known as the IXL owned by A. E. Wright of this city is also being developed and probably ore will be shipped from it this year.

The owners of the Patterson Mine are well pleased with the returns from the ore they shipped a month or two ago to Anyox smelter. The ore was not sorted yet it brought \$55 a ton, giving enough to pay the cost of production as well as the cost of building bunkers and other work at the mine. In future, however, the ore will be carefully sorted before being shipped in order to lessen the cost of smelting. It will probably be sent to the smelter in sacks.

The owners of the mine complain that they are badly handicapped owing to the difficulty of getting powder at the mine. Only occasional powder shipments are received in town and no stock is kept here so that it has to be ordered a long time ahead. It is suggested that it would be a great benefit to the community if powder were stocked here.

TROLLERS HAD A GOOD CATCH

WARKE CANAL FISHERMEN AVERAGED FIFTY TO BOAT AND GOT 85 CENTS EACH FOR THEM.

C. B. Flewin of the firm of Flewin & Brown, fish packers of Bull Bay, Warke Canal, arrived in the city this morning on the Taplow with a cargo of salmon, mostly cohoes. He says that yesterday was the biggest fishing day of the season. High boats averaged fifty cohoes each for which they were paid 85 cent a fish. This brought good returns. Today it was too windy to do much.

Mr. Flewin says the cohoes should run for another couple of weeks and next month should see some good results from springs.

SNOW STORM IN ALBERTA

HARVESTING OPERATIONS STOPPED AND WEATHER IS COLD TODAY

CALGARY, Sept. 21.—The entire province of Alberta is in the grip of a snow storm accompanied by cold weather. Harvesting has stopped and the workers are in a sorry plight.

A NEW TELEPHONE LINE TO HAYSPORT

The Canadian Government Telegraphs have just completed a new telephone line to Haysport and this gives a much better service than heretofore when the telegraph line was used. It is as easy to talk with people at that point as in Prince Rupert.

HIS DROWNING IS SUSPECTED

CLOTHING OF DAVID A. FINN IS FOUND IN BOAT DRIFTING IN CATALINA CHANNEL

CATALINA ISLAND, CAL., Sept. 21.—Searching parties are out today looking for David A. Finn, wealthy Canadian member of the Sans Souci Club, Hollywood, who is believed to have been drowned in Catalina Channel. A boat containing Finn's clothing was found drifting in the channel and a passport was found in a pocket showing that he came from Canada four years ago. A brother, I. Finn, is head of the Bradshaw Agency Ltd. in Canada. Finn is thought to have come here from Prince Rupert.

TO BE TRIED AT ASSIZES

LEE FUNG COMMITTED FOR TRIAL THIS MORNING ON CHARGE OF ATTEMPTED MURDER

Lee Fung, Chinese, charged with the attempted murder of Bow Hung at Captain's Cove recently through striking him on the head with an axe, was committed for trial by Stipendiary Magistrate H. P. McLeod this morning and will be held in custody until November when he will be tried at the Supreme Court Assizes. There were five witnesses at the preliminary, Chinese and police.

The prosecution was conducted by S. W. Taylor of the city and M. B. O'Dell of Vancouver, the latter being brought north to appear on behalf of the injured man. W. O. Fulton appeared for the defence.

WIRELESS REPORT

8 a.m.
DIGBY ISLAND.—Clear, calm; barometer, 30.04; temperature, 52; sea smooth; 8 p.m. spoke steamer Gray at Naden Harbor discharging cargo; 9 p.m. steamer Amur left Prince Rupert for Granby Bay; 8 p.m. spoke motor-ship Lillehorn, Queen Charlotte City for Port Clements, 100 miles from Port Clements.

Radio Telephone Operating in Arctic Regions is Successful Reports Hudson Bay Steamer

VANCOUVER, Sept. 21.—Twelve hundred miles distance was spanned in what is believed to be the first long distance telephone conversations carried on from the Arctic Ocean, it was learned on the arrival of the Hudson's Bay Company's fur trading steamer Baychimo with a cargo valued at a quarter of a million dollars here yesterday.

Sailing in the western Arctic in July, connection was established with another company's vessel the Bayruper near the northern entrance to Hudson's Bay and successful conversations carried on between officers of the two ships on two successive nights.

The Baychimo, which left here in the spring later than usual returned well ahead of her scheduled time.

DROWNED FISHING OFF BOWEN ISLAND

VANCOUVER, Sept. 21.—While changing positions in a rowboat in which they were fishing off Bowen Island, west of here, capsized and Peter Ollrich, 59 years of age, was drowned, while two companions made their way to shore.

NURSE IS LOST IN MOUNTAINS

ALL HOPE OF FINDING MARY WARBURTON, THE LADY HIKER, IS GIVEN UP

PRINCETON, Sept. 21.—All hope of finding Mary Warburton, the nurse who was lost in the Hope Mountains, has been abandoned, and the searchers announced today that they will give up looking for her. The latest signs of her found were tracks which it is thought were made about September 10. The footprints were very close together indicating that she was very weak, it is said. She was headed toward Paradise Valley, one of the wilder districts in the Tulamen Mountains. Miss Warburton, who was 57 years of age, left Hope to hike to Princeton over the mountain trail. All traces of her have been obliterated by recent snowfalls.

Protest Against Attendance of Mackenzie King at Imperial Conference Comes from Ontario

OTTAWA, Sept. 21.—In a statement issued today Senator Hardy, president of the Ontario Liberal Association, declared that Canada was in an extraordinary position regarding the Imperial Conference and protests against the Premier's proposed attendance at this year's sitting. The statement sets forth that Premier King had two gruelling elections and six months session of Parliament which was even more exacting. "I respectfully submit," he stated, "that it is neither fair to Mr. King or to the country to urge or permit his attendance at the conference."

CHINAMAN IS FINED \$300

LUM YING FOUND GUILTY YESTERDAY OF SUPPLYING LIQUOR TO INDIANS

Lum Ying, Chinese, was fined \$300, with the option of six months' imprisonment, in the city police court by Magistrate McClymont yesterday afternoon for supplying liquor to Indians. Lum Ying pleaded guilty and the witnesses against him were two natives and Constables Watkinson and Merklind. E. F. Jones, city solicitor, conducted the prosecution and Milton Gonzales acted for the defence.

MIAMI DEATH LIST LARGE

MIAMI, Sept. 21.—The death list from the hurricane of the last week end numbers four hundred with five thousand injured.

The property damage amounts to approximately \$100,000,000 and fifty persons are missing.

RACED WITH TRAIN AND LOST BUT ONLY CAR WAS SMASHED

WINNIPEG, Sept. 21.—Percy Bradley, 546 Chalmers Street, driving an auto attempted to beat a train to the Chalmers Street crossing of the Canadian Pacific railway. He failed in the attempt. The locomotive struck the car with great force, smashed it, and carried it 40 feet along the right of way before hurling it into the ditch.

Although the car was a total wreck when the engine got through with it, Bradley escaped with only slight bruises and cuts, and was practically uninjured, the reason for which cannot be explained by the physician called to attend him.

Be Sure To Say "SALADA" GREEN TEA

It is by far the most delicious. Ask for it.

DAILY EDITION

TUESDAY, SEPTEMBER 21, 1936.

HUNTING ACCIDENTS BEING REPORTED.

Already the first crop of hunting accidents is being reported. We read of men being shot in mistake for deer, of guns going off with their muzzles pointed at someone with disastrous results. In Prince Rupert, so far, we have been free from this sort of thing this year, but it is well to remind ourselves that the danger is always with us unless we are careful.

It seems as if a good many who go hunting should not be doing it. They have little realization of the danger to other people. It is with a view of lessening this danger that this warning is issued.

ARE WE AS CLEVER AS OUR FOREFATHERS?

With all our boasted advancement we often wonder if people today are as clever as they were in the days of our grandfathers. Yesterday we published a reminiscence of a family that sheared the wool from a sheep, spun the wool into thread and made a suit of clothes from it all in a very short space of time. It is pretty safe to say that no family in Canada could do that today. The art has been lost through the withdrawal of the need. So in many other respects have we become less clever. Some "fishing" people in Ontario, were unable to harness a horse and had to call on a lady who learned the art in the days when horses were the only means of travelling. Gradually we are learning new things but we are at the same time forgetting the old, and sometimes the things we learn are not as useful as the ones we lose.

FLORIDA DISASTER A TERRIBLE ONE.

Florida, the place that attracted the whole world until recently, has suffered a terrible setback. A hurricane blowing more fiercely than anything we have ever known here razed buildings and carried in the seas so that they overwhelmed them. Many lost their lives and others are ill or injured. It is a terrible disaster and one in which we can sympathize.

Many Prince Rupert people were talking of going to Florida to live. They heard of the balmy breezes and the sunshine and sea bathing and all the attractions of a semi-tropical climate. But with all these delights come dangers. Probably no such disaster has overtaken any place since Galveston was partly destroyed. The winds seem to have whipped themselves to fury as they contemplated the life of ease the people there were living and they swept down on the city of Miami and the other cities of the coast and partly destroyed them.

LONG DISTANCE PHONE FROM ARCTIC OCEAN.

Gradually distance is being conquered and physical obstacles overcome by various means of communication. Today we announce that it is possible to telephone with the Arctic regions by means of radio and carry on a conversation. This is the first time it has been done and it is a feat that only a few years ago would have been ascribed to the work of the devil. Today we look for the beating of previous records in all lines of modern endeavor and nothing surprises us. Some day we shall possibly talk to people on Mars and learn of the life they lead and their hopes and aspirations.

PRESS COMMENT ON ELECTIONS.

The election figures, which we publish this morning, make a fairly effective comment upon what the people of Canada think of Mr. Meighen, his shadow government and his performance in seizing office and exercising autocratic power without the sanction of either parliament or people, says the Manitoba Free Press.

In many respects yesterday's results are quite decisive—notably in revealing, in a form that the most obtuse partisan mind can take in, the attitude of the people of Western Canada towards certain vital issues.

Is it too much to hope that the protectionist fanatics in the East who have been determined to exploit the West in the supposed interest of greater industrial expansion will now understand that they have not power or money enough to put over their policy? They will never have a more aggressive or abler advocate than Mr. Meighen. They can note with advantage what the West did to him and his candidates yesterday.

FINE EXHIBITS FROM SCHOOLS

COMPLETE LIST OF WINNERS IN BOYS' AND GIRLS' COMPETITIONS AT FAIR

The exhibits submitted by the children of the various schools in the city as usual proved a feature of the Exhibition this year. There were a large number of entries and some very commendable work was exhibited. Particularly was this noted in the manual training section where it was amply demonstrated that the boys are making splendid progress in a practical way under the capable instruction of Donald Ross, manual training director, in the public schools.

The complete list of winners in the school competitions is as follows:

KINDERGARTEN

Paper cutting—1, Betty Brown; 2, Kathleen Fortune.
Freehand paper cutting—1, Ted Mills; 2, Geraldine Mann.
Paper folding—1, Mary Ursula Boerig; 2, Marie Balgno.
Paper tearing—1, Howard White; 2, Lenora Millard.
Mat weaving—1, Mary Helen Orme; 2, Lenora Millard.
Card sewing—1, Geraldine Mann; 2, Ellen Moore.
Coloring with crayon—1, Philip Williamson; 2, Lenora Millard.
Freehand drawing with pastel—1, Ted Mills; 2, Betty Brown.
Construction work—1, Ted Mills; 2, Joan Watt.

GRADE I

Freehand paper cutting of object—1, Stuart Moore; 2, Malcolm Smith.
Freehand paper cutting, illustrating song or story—1, Grade 1, Gordon Street; 2, Booth Memorial School.
Paper folding—1, Grade 1, Borden Street; 2, Grade 1, Booth School.
Pencil drawing—1, Gwilym Hughes; 2, Margaret McLachlan.
Pastel or crayon drawing in mass—1, Dora Arney; 2, Grade 1, Seal Cove School.
Coloring with crayon—1, Alice Warwick; 2, Donald Blake.
Individual project, book or models—1, Grade 1, Borden Street; 2, Fred Baker.

GRADE II

Freehand pencil drawing from object 1, Severino Dominato; 2, Engward Wick.
Painting of flower, fruit or leaf—1, Bobby Leeper; 2, Bobby Leeper.
Free hand from nature—1, Wilfred North; 2, Kenneth Arnott.
Ruler design in square or border, colored—1, Frances Stegwig; 2, Annie Byrne.
Imaginative scene in color—1, Joe Naylor; 2, Annie Byrne.
Pastel or crayon drawing in mass—1, Graham Collison; 2, Grade 1, Seal Cove School.
Individual project, book or models—1, Ruby Lee; 2, Grade 2, Booth School.

GRADE III

Freehand pencil drawing from object—1, Sam Yee; 2, Peggy Steen.
Painting of flower, fruit or leaf—1, Carl Reich; 2, Earl Mash.
Freehand from nature—1, June Armistead; 2, Victor de Marco.
Ruled border in color—1, Edna Gillies; 2, Helen Hampton.
Design in color in square, rectangle or triangle—1, Sam Yee; 2, Ruby Lee.
Lettered alphabet or verse in capitals—1, Spiro Postula; 2, Billy Williscroft.

GRADE IV

Freehand pencil drawing from object—1, Rosario Mazzoli; 2, Lewis Cromp.
Painting nature specimen—1, Shirley McEwen; 2, Yolanda Dominato.
Freehand from nature—1, May Wong; 2, Rosario Mazzoli.
Panel decorated with freehand curves, colored—1, Muriel Rogers; 2, Kazu Kanaya.
Diaper pattern, colored—1, Yolanda Dominato; 2, Verner Nelson.
Lettered panel—1, Yolanda Dominato; 2, Grade Mungobri.

Shaded freehand pencil drawing from object—1, Jack McRae; 2, Ernest Elliott.
Painting of flower, fruit, twig or vegetable—1, Simone De Fontaine; 2, Evelyn Edwards.
Freehand from nature—1, Simone De Fontaine; 2, Emmel Hudema.
Conventional design from nature in color—1, Theodora Postula; 2, Victoria Rudge.
Geometric design, colored—2, Dorothy Dunge.
Border decorated with straight or curved line motifs, colored—1, Joan Eytelson; 2, John Murray.

GRADE V

Object based on cylinder, shaded—1, Ottorino Antonello; 2, Garfield McKinley.
Nature drawing in color of flower, fruit or leaves—1, Grade 5, Borden Street; 2, Grade 6, Borden Street.
Freehand drawing from nature—1, Bernice Colbourne; 2, Rosa Montesson.
Border decorated with conventional leaf or symmetrical motifs composed of curved lines—1, Ottorino Antonello; 2, Grade 6, Borden Street.
Straight or curved line design in square or triangle, colored—1, Grade 6, Borden Street; 2, Grade 6, Borden Street.
Rectangular panel, decorated with symmetrical motifs, colored—1, Marian Morgan; 2, Grade 6, Borden Street.
Lettered panel—1, Bernice Colbourne; 2, Ottorino Antonello.

GRADE VII

Cylindrical object, in light and shade—1, Viola Johnson; 2, Elmer Stevens.
Group consisting of two objects, shaded—1, Mary Hudema; 2, Jimmy Lee.
Nature drawing in color of flower, fruit or leaves—1, Mabel Ivarson; 2, Mary Mazzoli.
Butterfly or other insect from nature, colored—1, Agnes Roberge; 2, Edna Un-

ser.
Freehand drawing from nature—1, Tom Kelsey; 2, Jimmy Lee.
Border decorated with symmetrical motifs, colored—1, Muriel Vance; 2, Mary Mazzoli.
Square or circle decorated with conventional leaf, etc., colored—1, Muriel Vance; 2, Rose Wesch.
Diaper patterns, colored—1, Mary Mazzoli; 2, Allie Vance.
Geometrical design in hexagon, colored—1, Muriel Vance; 2, Audrey Wrathall.
Lettered panel—1, James McNulty; 2, Agnes Roberge.

GRADE VIII

Freehand drawing of objects based on type models, shaded—1, Rose Fortin; 2, Charlie Wright.
Group of type models, shaded—1, Myra Kinsler; 2, Rose Fortin.
Nature drawing in color of flower, fruit or twig—1, Winnie Bunn; 2, May Ness.

Freehand drawing from nature—1, Charlie Wright; 2, Leslie Murdock.
Butterfly or other insect from nature, colored—1, Marjorie Blance; 2, Margaret Sievert.
Border or panel from historic ornament, colored—1, Nicie De Marco; 2, May Ness.

Border or panel with conventional spring flower, colored—1, Victor Thomas; 2, Ida Boddie.
Equilateral triangle decorated with symmetrical motifs, using straight or curved lines, colored—1, Annie Boddie; 2, Yvonne Terrien.
Diaper Pattern, colored—1, Fred Dargwell; 2, Brenda Allen.
Lettered panel—1, Rose Fortin; 2, Kathleen Beale.

SEWING—GRADE VI

Best pot holder—1, Nora Rudderham; 2, Betty Capstick.

GRADE VI or VII

Hand made garment—1, Dorothy Stiles.

Hand sewn tablecloth—1, Muriel Vance; 2, Olive Munro.

GRADE VIII

Two-piece set of underwear, showing machine and hand work—2, Sheila Stuart.
Cotton dress—1, Connie Morgan.

HIGH SCHOOL—FIRST YEAR

Wool dress—1, Victoria Kriekesky.

COOKING—GRADE VII

Dozen tea biscuits, plain—1, Viola Johnson; 2, Mabel Ivarson.
Dozen rock cakes—1, Evelyn Pierce; 2, Mary Hudema.

GRADE VIII

One loaf homemade bread—1, Annie Smith.
Box of candy, 4 kinds—1, Muriel Vance.

HIGH SCHOOL—FIRST YEAR

Best iced cake—1, Frances Tremayne.

HIGH SCHOOL—SECOND YEAR

Three kinds canned vegetables, 1 quart each—1, Frances Tremayne.

MANUAL TRAINING SECTION

Best piece of woodwork, prie set of tools—1, J. Deane.
Best drawing, prize set of drawing instruments—1, R. Collison.
Bank of Montreal medal for the most distinctive individual project in exhibit—1, A. Stiles (yacht).

THE MAN IN THE MOON

Now that the summer is nearly over, let us talk about coal.

Jake says he does not like to talk of unpleasant things, so he excuses himself from all fuel discussions.

Heaven is a place where coal and wood are not required. And anyone who talks of fuel is very quickly fired.

The English channel is a place where people easily get in the swim.

It is stated that Roosevelt knew when he had nothing to say. Unhappily Roosevelt is dead and he seems to have few successors.

Liberals are still wondering what happened around these parts on September 14, and every one has a different story to tell.

One of the English lords who come in for so much contempt in these modern days, suggests that if the workers would invest their savings in industry instead of squandering them on strikes they would soon control what they now fight.

There was a funeral the other day at which the tariff question was decently buried but to be resurrected until next election day.

Laugh a little now and then. It lightens life a lot. You can see the brighter side just as well as not. Don't go mournfully around, gloomy and forlorn. Try to make your fellow-men glad that you were born!

It was Carlyle who said that for one

For Colic And Cramps Pains In The Stomach THERE'S NOTHING TO EQUAL

It has been in use for the past eighty years; its action is pleasant, rapid, reliable and effectual, and relief comes promptly. Be sure that you get "Dr. Fowler's" when you ask for it. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Why millions of women look for this Gold Seal—
More than a trade mark! More than a guarantee! The Gold Seal pasted on every Congoleum Gold Seal Art-Rug stands today in the minds of millions of women for floor-covering of proved satisfaction.
These women realize that it is utterly impossible to tell the quality of felt-base floor-covering simply by looking at it. But with the Gold Seal as an unfailing guide, even the most inexperienced buyer can easily and confidently select the brand whose service record has been winning and holding the confidence of housewives for many years.

Made in Canada—by Canadians—for Canadians

man that could stand prosperity there were one hundred who could stand adversity.
But Carlyle did not weather life very well so he is not much of an authority.
It was a farmer paper published at Saskatoon that got off this little verse during the late lamented election campaign.
There was a young fellow named Meighen,
Who spent most of time disagreeing;
He'd have more chance of power
If he weren't quite so sower,
Rather more like a real human being.

Ten Years Ago in Prince Rupert

September 20, 1916.
With the change of power in provincial-political affairs, it is hoped that an attempt will be made to break the cannery combine by allowing the smaller interests to get cannery licenses.

The annual Prince Rupert Exhibition was opened yesterday at 1 o'clock. The Kitimaat band is in town to provide music for the occasion.

The Railwaymen's Association has elected officers as follows: President, Frank V. Foster; Vice-president, Walter McLeod; secretary, treasurer, William McNeil; executive committee—Len Bell, T. McManamon, Mr. Reid and T. Williams.

FAVORITE BOOK.

She's really literary—
A little bit, not very.
Her stock of books is something very small.
In the summer at the shore
She has use for one, no more,
It's the one that's marked "Engagements"—
that is all.

A CLERICAL HUMORIST

This limerick on the Einstein theory was composed by the Bishop of Chelmsford.
There was a young lady named Bright,
Who'd travel much faster than light,
She started one day
In a relative way,
And came back the previous night.

PRECAUTIONARY

Maid in English lodging house—The bathroom lock is broke, sir; y'd better wear yer bathing suit.

LUX - for Lace Laundering

Whether the lace be an individual piece, or a part of a complete garment, doily or drape, Lux will launder it—and the silk, or cotton with it, beautifully and safely.

No shrinking, no discolouring, no wrinkling. Lux cleanses and re-beautifies—safely.

For your protection

There are imitations of Lux. Always buy Lux in packages, it is never sold in bulk.

Lever Brothers Limited, Toronto

Here and There

The financial statement of the Canadian Pacific Railway issued at Montreal for the seven months of 1926 ending July 31st, shows the large increase in the net profits of \$6,691,301.52 over the net profits for the first seven months of 1925. The gross earnings were \$101,826,207.11, as compared with \$96,343,867.75 for the first seven months of 1925.

Unofficial estimates prepared by the authorities of the Department of Commerce, Washington, estimated that Americans visiting Canada this year would spend approximately \$190,000,000. This estimate was intimated to be very conservative and that it was more than likely that the amount would exceed the \$200,000,000 mark.

Announcement was made recently over the signature of E. N. Todd, freight traffic manager, Canadian Pacific Railway, of the appointment of D. A. Wanklyn as Industrial Commissioner of the Railway, with offices in Montreal. Mr. Wanklyn replaces Graham W. Curtis, who has resigned, to fill the position of general manager for Montreal Rail and Water Terminals, Limited.

Otto H. Kahn, chairman of the board of directors of the Metropolitan Opera Company, accompanied by a party of internationally known financiers of New York, visited the National Exhibition at Toronto recently. Mr. Kahn, who is perhaps the leading art and music patron of the United States, addressed a luncheon of the directors of the Exhibition on September 2nd, the day of the Exhibition, which was set aside as "Music Day."

It is understood that purchases in Canada of 5,000 railway cars may result from the visit of the engineering expert, Mr. Vandergulcht, and the Transport Commissariat's representative, Mr. Baronsky, who have been delegated by the Soviet Republic to investigate the possibility of securing this number in Canada. They have also been instructed to make a study of the organization of the Canadian railway shops and the repair methods in general.

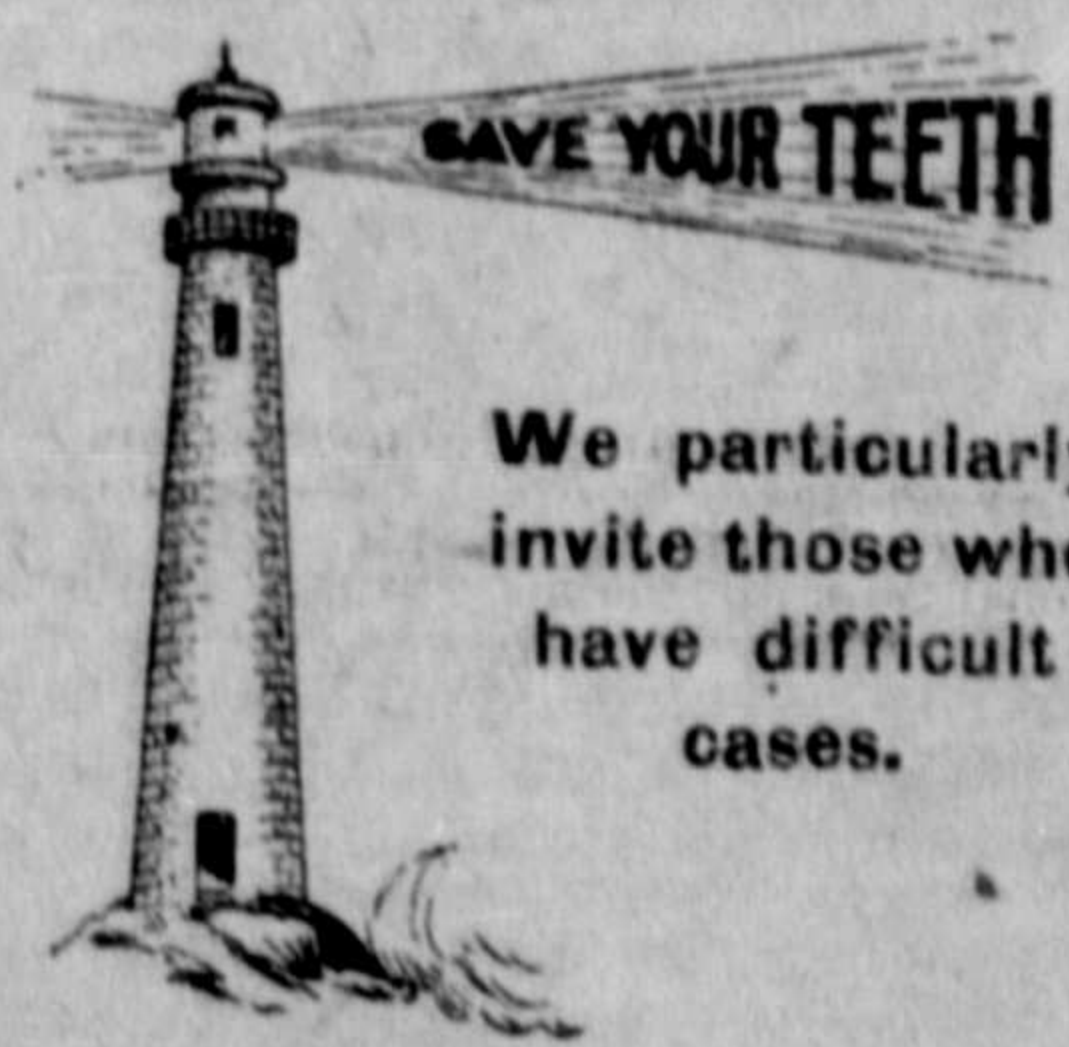

Three wolf cubs were caught recently near Lake Doucille in Northern Ontario by Arthur Beauvais, well-known driver of the Chateau Frontenac dog team at Quebec, and will be trained by Beauvais for the harness. He is confident that by mingling the wolves with huskie puppies for several months they will lose some of their wolfish nature and make an attractive addition to the Chateau team. Beauvais states that, while wolves have endurance, they have not the "heart" of a huskie dog.

Two world's swimming records were established at the Crystal Gardens swimming pool at Victoria recently, when Ethel McGarry, of New York, swam 880 yards in 12 minutes and 41 seconds, or nine seconds better than the previous woman's record for this event; and when Agnes Gerahy, also of New York, clipped five and two-fifths seconds off the previous record for 200 yards, by completing the distance in three minutes and 12 and three-fifths seconds.

Celebrating the change in name of the historic Dominion Express Company to that of the Canadian Pacific Express Company, a street parade in Montreal was held September first, the day of the change in name, consisting of every description of Express vehicle, new and old. Sam Nightingale, a driver of 30 years' service, headed the parade seated in a wagon of 1800 vintage, and hauled by "Babe," a horse that has been in constant service with the Company for 19 years. Similar parades were held at Toronto, Winnipeg and Vancouver.

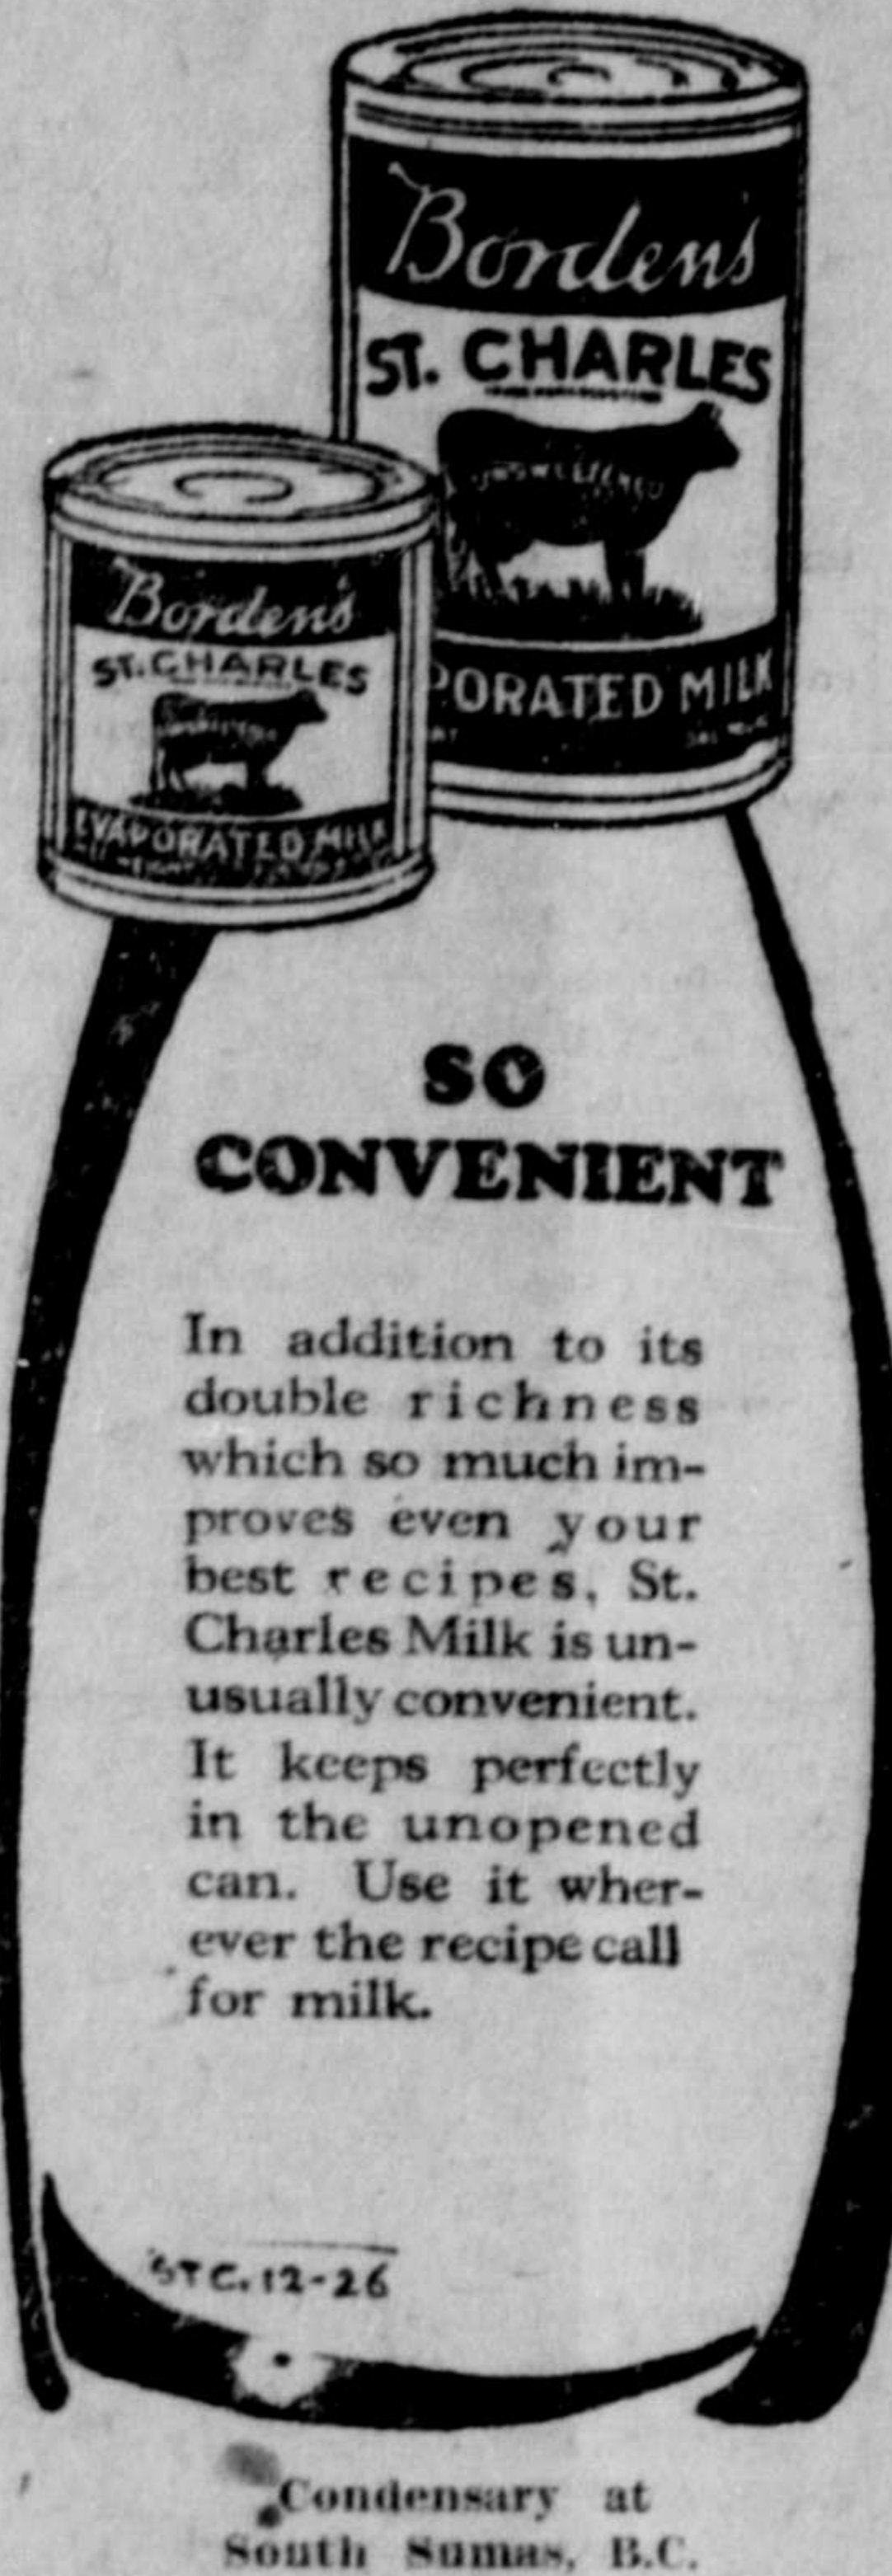

Ray Worlock returned to the city on yesterday afternoon's train after a business trip to the interior.

George Wilson returned on yesterday afternoon's train from Terrace where he spent the week-end.

Andrew Sevid was fined \$25, with the option of thirty days' imprisonment, in the city police court this morning for drunkenness.

Jarvis McLeod and two daughters returned to the city on yesterday afternoon's train from Reno where they spent the week-end.

Mrs. F. H. Du Vernet and daughter, Miss Alice Du Vernet, returned to the city on yesterday afternoon's train from a trip to the interior.

Mr. and Mrs. Frank Rice came in on the Cardena this morning from Alice Arm where Mr. Rice has been engaged for the summer in mineral survey work.

Mr. and Mrs. Fred Ritchie returned to the city on last night's train accompanied by Mr. and Mrs. Davis and Mrs. Law of Seattle who are visiting with them here.

Powerboat Taplow, Capt. C. B. Flewin, arrived in port this morning from Port Simpson and Wark Channel. Mr. Flewin reports a poor trolling season at Wark Channel.

The herd of sixteen milch cows at Woodcock belonging to W. C. Little has been government tested for tuberculosis and found free. His barn is also certified sanitary and free from that disease.

Miss Beth Barrett and Miss Saunders of the Port Simpson General Hospital nursing staff arrived in town this morning from Port Simpson to visit for a few days with Miss Molly Cross, Fourth Avenue West.

Mrs. V. M. Yelton, who has been paying an extended visit to her parents, Mr. and Mrs. E. H. Mortimer, Fifth Avenue East, will sail Thursday night by the Prince Rupert on her return to her home in California. She is being accompanied to Vancouver and Victoria by her brother Richmond.

C.P.R. steamer Princess Louise, Capt. Arthur Slater, will arrive at 4 o'clock this afternoon from Alaska and will sail at 5:30 for Alert Bay and Vancouver. Passengers booked to sail from here on the vessel include Mr. Bradbury for Silverton; W. C. Daniel and Mr. Shikatani for Vancouver, and L. L. Bolton for Seattle.

John Flewin, returning officer for Skeena riding in the federal election, came in from Port Simpson this morning. Mr. Flewin states that ballot boxes were not taken into the Porter's Landing and Gold Pan Creek polls on account of the small number of votes at those points. The only two polls remaining to be heard from are Kitimaat and Rivers Inlet.

Miss Chrissie McLeod, the little girl who drew the winning ticket by which Marguerite Durant won the car at the fair, has received a present of \$25 from the winner for her services. The Boys' Band also received a present of \$25 and the Salvation Army got a substantial donation. Miss Durant sold the car to Fred Rifford for \$50 less than she was offered for it.

BRITISH COLUMBIA

The Mineral Province of Western Canada

TO THE END OF DECEMBER, 1925.

Has produced Minerals as follows: Placer Gold, \$77,663,045; Lode Gold, \$122,808,459; Silver, \$74,111,397; Lead, \$89,218,907; Copper, \$197,042,647; zinc, \$39,925,947; Miscellaneous Minerals, \$1,594,387; Coal and Coke, 273,948,953; Building Stone, Brick, Cement, etc., \$44,905,886; making its Mineral Production to the end of 1925 show an

Aggregate Value of \$920,919,628 Production for Year Ending Dec. 1925, \$61,492,242

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HON. THE MINISTER OF MINES
Victoria, British Columbia.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports covering each of the six Mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Important billiard meeting in City Hall tonight at 8 p.m. All interested please attend.

Mr. and Mrs. Frank Clapp will sail Thursday night for Los Angeles on an extended holiday trip.

Licensed hotel at Usk, B.C. for sale as going concern; completely furnished. Snap to right party. Apply Rupert Table Supply Co.

Annual meeting Prince Rupert Badminton Club in Daily News rooms, Wednesday evening at eight. Election of officers and plans for season.

Mrs. E. Hellman won the percolator offered at the Exhibition by the Canadian General Electric Co. for the greatest number of points in the plant and lower section.

Stamped pillow cases, regular \$2.00 or \$1.50, 20 per cent. discount on all fancy work goods. Ladies wool hose \$1.00 per pair. Miss I. Smith, Beautician, Second Ave.

M. B. O'Dell, Vancouver lawyer, who came north to prosecute in the case of Lee Fung, charged with attempted murder, will return to Vancouver on the Cardena this afternoon.

F. J. Fraser, geologist for the Vancouver Chamber of Mines, is returning south today after having made the round trip to Anxox, Alice Arm and Stewart on the steamer Cardena.

R. E. Allen has arrived in the city from Vancouver to resume his duties as district forester. Mrs. Allen and family are also here and they have taken up their residence at 433 Fifth Avenue West in the house formerly occupied by Inspector Acland and family.

BUSINESS HAS INCREASED VERY GREATLY OF RECENT YEARS AND PROMISES WELL.

PR. RUPERT MENTIONED

Figures Show What Has Been Done Since Last Pre-war Year

(By H. R. McMillan in "Harbor and Shipping")

In order to obtain a more concrete view of the trade growth which Canada has attained during the past decade, let us review the foreign trade of Canada with Pacific countries, taking the last pre-war year ending March 31, 1914, for comparison with the year ending March 31, 1925. It is obvious that the Pacific coast is the gateway through which the major portion of Canada's trade with these countries would pass, therefore the full significance of the following figures should be noted.

	Pre-War Year Ending Mar. 31 1914	Year End- ing Mar. 31 1925
Exports to		
British India	47,000	4,056,000
Straits Settlements	231,000	1,645,000
Hong Kong	1,882,000	1,709,000
China	478,000	7,838,000
Japan	1,589,000	22,046,000
Dutch East Indies	20,000	1,473,000
Philippines	60,000	318,000
Australia	4,705,000	12,035,000
New Zealand	1,935,000	15,079,000

Total \$11,312,000 \$66,199,000
Without giving detailed figures as regards our imports from the above-mentioned countries it may suffice to state that the total importations into Canada have grown from \$14,821,000 in 1914 to \$28,423,000 in 1925, just double.

Government statistics regarding Canadian trade with countries other than those bordering the Pacific do not disclose what proportion passes through our Pacific Coast ports, and therefore it is useless quoting figures relating to Europe, South America or Africa, but we all know that our trade with those countries has increased since the Panama Canal route became available, as we shall observe when dealing with specific commodities.

NEW MARKET

There is one "new market" which has come into being during the past year, and that is the importation in our own country, Western Canada. Formerly it was impracticable to bring in merchandise from Europe via the Pacific Coast in competition with shipments via the Atlantic Coast and rail across the continent. Not only has the Panama Canal opened up to us the markets of Europe, the East Coast of South America, the Atlantic Coast of the United States and Canada and the West Indies as markets for our export products, but in increasing degree Western Canada is utilizing the Pacific Coast ports for importation from those countries. We are thus broadening our import markets as well as our export markets, which is a healthy and encouraging condition.

In this necessarily brief review of the underlying facts regarding the growth and widening of trade and markets, it has been impossible to do more than show that a real expansion is under way attributable to logical economic cases and not merely an artificial or temporary inflation.

GRAIN

The story of our export trade in this staple commodity is confined to the past few years. While there were a few experimental shipments in government ships in 1917, our commercial export of grain did not begin until 1921, during which season we shipped 800,000 bushels. In the five following crop-years shipments have been eight million, 19 million, 54 million, 25 million and 53 million bushels. Shipments up to the record year 1923-24, were made through one elevator of 14 million capacity, but since then our elevators have been added to and the capacity now is six million bushels. The high-pressure record of the 1923-24 season has not been repeated. Despite the fact that we now have greater elevator capacity and more loading berths, less grain has been moved than during the 1923-24 season. This has been due to definite reasons. The 1924 crop was small and market prices were high. The Orient will not buy wheat when prices are high, and thus our shipments to that market fell from 15 millions in the previous season to three million in 1924-25. The following year, the season just closed, shipments to the Orient rose again to 20 million bushels. Our total shipments for the past season were, however, restricted from another cause, viz., the heavy damage to the Alberta crop by rain and snow, rendering necessary the drying and re-conditioning of a large proportion of the crop, for which process our facilities at Vancouver were inadequate to permit the movement of as large a quantity as would have been the case had the grain been dry.

CAN HANDLE 100,000,000 BUS.

Under normal conditions, that is to say, with a crop normal as to quantity, condition and price, Vancouver is now equipped to handle 100 million bushels without undue strain, and there is now in addition the elevator at Prince Rupert which can handle probably 25 to 26 million bushels.

Canadian hard wheat is now well established in the Orient, and provided the market price is maintained at competitive rates, shipment to that market should increase year by year. This

Baston Peak, Rampart Range, in Jasper National Park, which has to date been climbed by more than 30 members of the Alpine Club. Altitude over 9,000 feet.

statement should, however, be qualified with the remark that with comparative price so great a factor, we shall probably see a considerable variation in the annual shipments to that market.

Shipments to Europe will be effected by ocean freight rates, but there is little reason to anticipate that freights will at any time be so high, relatively as to wipe out the advantage of the westward route so far as Alberta crop is concerned.

Grain export is a trade entirely new to Vancouver during the past few years, but already we are the third grain port on the continent, and last season we shipped 22 per cent. of the total Canadian export of wheat, or 76 per cent. of the Canadian wheat shipped from Canadian ports.

Vancouver now ranks well as a grain port in the matter of charges and despatch and has entirely dissipated the poor record of the earlier years of grain handling.

With the trend of wheat-growing ever westward, we can anticipate a constant improvement in our grain exports for many years to come.

FLOUR

Our principal market for flour is China, to which country we shipped 608,000 barrels during 1925, out of a total of \$10,000; Japan taking 80,000, Norway, 5,000 and the U.K. 50,000. We may regard the Orient as our principal market in the future, shipments to Europe from Canada going principally via the Atlantic Coast ports, and they will continue to do so until such time as the Canadian milling centres move westward.

Flour export is new business for Vancouver. In 1912 only 4,000 barrels were shipped in all, and by 1920 this had grown to 100,000, rising each year to present proportions. The growth is continuing, and for the first six

months of 1926 we find the shipments amounted to 681,000 barrels as against 238,000 the corresponding period of last year.

Canadian Trade Commissioner Cosgrove, writing from Shanghai recently, says: "Competent observers believe the increase in Canada's exports of flour to China will be maintained, as Chinese customers have found that better and more satisfactory results are obtainable from Canadian flour than from the native variety."

LUMBER

Spectacular as has been the rise and growth of our exports of grain and flour, both of which are new lines of trade for Vancouver, one is apt to lose sight of the fact that our exports of lumber—our oldest export commodity—have been undergoing an equally remarkable increase during the past few years.

The Pacific Northwest, the region embracing Oregon, Washington and British Columbia, contains a vast stand of commercially valuable timber, which has for the past thirty years or more been drawn upon to supply a part of the needs of countries bordering the Pacific for softwoods, and to a very small extent shipments were made farther afield. With the denudation of the forests of the Eastern portion of the continent and subsequently those of the middle west, the source of supply shifted to the pine forests of the Southern States. These in their turn are approaching depletion, and in consequence the Pacific Northwest is beginning to fill the demand formerly satisfied by those regions.

The effect of this process is seen on a cursory examination of the figures showing the exports during the past twenty years.

TERRACE

Mrs. Percy Skinner of Usk was in town on Friday.

L. H. Kenney returned on Friday after a short business and pleasure trip to Prince Rupert.

Miss Oral Cassells spent the week-end with friends in Pacific.

Thos. Peddie, principal of Prince Rupert High School, spent the week-end with his family here.

J. K. Gordon returned on Saturday from Prince Rupert.

Miss Agnes Desjardine and Miss Yvonne Cote returned on Saturday after having spent several days at the Prince Rupert Fair.

Terrace exhibitors at the Prince Rupert Fair have every reason to feel proud of the results having made practically a clean sweep in the vegetable and fruit sections. Among those exhibiting and winning prizes were Mrs. F. W. Bohler, Billy Bohler, Jas. Lever, Thomson & Hamlin, Lanfear & French, L. H. Kenney, E. T. Kenney, Joe Cook and W. J. Kirkpatrick.

W. Ross Thomson who was in Rupert all last week with the Thomson & Hamlin exhibits returned home on Saturday.

Mrs. W. H. Burnett and the Misses Mallott, Easthope and Peters spent the week-end at Kalam Lake.

R. Farnum and J. M. Hoar were in from Kalam Lake Mines on Sunday.

S. Armstrong and A. A. Todd were visitors from Anyox on Saturday.

Harvest thanksgiving services were

held in both churches here on Sunday, in the morning Archdeacon Rix of Prince Rupert conducted services in the Anglican church and in the evening the United Church service was in charge of Rev. W. Allan. Both churches were very appropriately decorated and special harvest festival music was rendered.

The severe frosts of the last few nights have struck down practically all the flowers in the district much to the disappointment of everyone and especially those who were planning on exhibiting their blooms at the fair this week. Especially on Friday night the frost was very severe for this time of year, and only the most hardy of the plants are left.

The farmers are busy at present picking fruit, digging potatoes and housing vegetables of all kinds.

Tom B. Marsh came down from Cedarvale on Sunday and returned on Monday.

The many friends of Rev. T. J. Marsh will be very pleased to know that his health and eyesight are very much improved since going south. Mrs. Marsh also is in much better health and enjoying her visit in the east very much.

Montana capitalists are negotiating with a view to carrying on development work on an extensive scale on mineral claims near Decker Lake at present owned by D. M. Gerow, R. H. Gerow, William Reid, J. McLean and George Culp.

A. R. Boivin, M.L.A. of Portage La Prairie, Man., was a visitor here last week accompanied by Mrs. Boivin and daughter. Mr. Boivin is to establish a large tie camp at Decker Lake and expects to take out about 75,000 ties there this winter.

Miss Grace Woodworth returned to her home in Winnipeg last week after having spent a fortnight visiting here with Mr. and Mrs. Sidney Godwin. Miss Woodworth is a daughter of J. S. Woodworth, M.P. of Winnipeg.

The marriage took place recently at the home of Joseph Cross, Ootsa Lake, of Miss Lucille Leona Cross and Cecil Arthur Bennett. Mrs. Eva Zebzey and

William Ellison were the attendants. Mr. and Mrs. Bennett are taking up their residence at Ootsa Lake.

Rev. Fennell, who has been in charge of the United Church mission at Ootsa Lake, returned on Wednesday to Saskatoon.

Grier Starratt, formerly of Stuart Lake, was a visitor here last week and left for Ootsa Lake where he will size up the possibilities of establishing a tourist resort.

Emulation looks out for merits that she may exalt herself by a victory; envy spies out blemishes that she may lower another by a defeat.—Colton.

WATER NOTICE

Diversion and Use

TAKE NOTICE that H. D. Kyle, whose address is Wrangell, Alaska, and Telegraph Creek, B. C., will apply for a license to take and use 2,000 miner's inches flow of water out of Brooks Gulch, which flows easterly into Dease Creek. The water will be diverted from the stream at a point about two miles up the stream from its mouth into Dease Creek and will be used for hydraulic mining purposes upon bench placer claims known and described as leases No. 120 and 121. This notice was posted on the ground on the 23rd day of July, 1926.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Telegraph Creek. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parkland Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in the local newspaper.

The date of the first publication of this notice is September 14th, 1926.
H. D. KYLE, Applicant.

LAND ACT

Notice of Intention to Apply to Lease Land.

In the Recording District of Prince Rupert and situate on north shore of an unimproved bay on South West Coast of the Island, about one mile east from Bluff Point.

TAKE NOTICE that E. Rousseau, of Lower Park, a vice of British Columbia, occupation, and City Manager, intends to apply for a lease of the following described lands:

Commencing at a post planted on the shore of a unnamed bay on the south-west coast of Pitt Island, about one mile east of Bluff Point; thence north twenty chains; thence east twenty chains; thence south twenty chains, more or less, to High Water Mark; thence following high water mark westerly to point of commencement, and containing eighty acres, more or less.
DATED July 30th, 1926.
E. ROUSSEAU, Applicant.

LOCAL RAILWAY FIRE BRIGADE NEARLY WINS

ONLY BAD LUCK PREVENTED IT IN LOWERING RECORD FOR ENTIRE SYSTEM YESTERDAY

"The fire brigade in the local C.N.S. yard is one of the best on the entire system and it was only a matter of bad luck at which I was just as disappointed as the team itself that prevented it from lowering previous records on the system in the competition drill yesterday," stated A. H. G. Freemantle, Canadian National fire prevention inspector, following the holding of the drill here. The competition was for the regional cup put up by the insurance department of the C. N. R. which is competed for annually, the winning team, of which in each region goes to some neutral point to compete for the cup offered for the whole system.

Last year the London team, in winning the championship of the system, made the three movements of the drill in 72 3-5 seconds. On Saturday last the local team, in an instructional drill, made the phenomenal time of 67 3-5 seconds but in the competition yesterday it met with bad luck through getting the water too quickly in the third movement and the time went up to 93 1-5 seconds. "It was an accident that might happen any time but I was horribly disappointed as I had hoped the splendid Prince Rupert team might capture the cup," said Mr. Freemantle.

With J. W. McAuley, locomotive foreman, as fire chief the local team consists of Thomas Priest, captain, R. T. J. Rose, C. Rose, R. Yates, H. Wilson, A. Leaper, E. Tulloch, J. McCandless, J. A. Teng, H. R. Hibbard, H. Clark and H. Elliott.

Judges of the competition were Mr. Freemantle and Fire Chief D. H. McDonald of the city brigade. The time keepers were J. W. McAuley and D. Newman, C.N.R. assistant supervisor of fire protection for the western region.

INDIAN PRIZES ARE AWARDED

MASSETT AND METLAKATLA SEEM TO HAVE TAKEN MOST OF WINS EXCEPT IN SCHOOLS

Prize winners in the Indian sector at the 1926 Prince Rupert exhibition were as follows—

Best made Indian root basket—1. Mrs. Walter Samuels (Masset); 2. Elizabeth Stanley (Masset); 3. Mrs. Ed. Russ (Masset).

Best pair of towels—Rita Leask (Metlakatla).

Best crocheted baby bonnet—Helen Haldane (Metlakatla).

Best crocheted tea cloth—1. Rita Leask (Metlakatla); 2. Selina Adams (Masset).

Sofa cushion, crocheted—1. Florence Alexander (Masset); 2. Selina Adams (Masset).

Best pair knitted socks—Mrs. Peter Haldane (Metlakatla).

Best knitted sweater, ladies—Selina Adams (Masset).

Best embroidered bedspread—Mrs. Henry Prevost (Metlakatla).

Best pair moccasins—Francis Delise (Morietown).

Best collection of vegetables, 2 kinds—Mrs. Peter Haldane (Metlakatla).

Best collection of vegetables, 6 kinds—Mrs. Peter Haldane (Metlakatla).

Best collection of potatoes—Mrs. Peter Haldane (Metlakatla).

Best display of cut flowers—Mrs. Peter Haldane (Metlakatla).

Best 2 loaves of bread—Mrs. Haldane (Metlakatla).

Best jar of jam—Mrs. P. Haldane (Metlakatla).

Best jars of bottled fruit—1. Mrs. Helen Haldane (Metlakatla); 2. Mrs. Peter (Haldane, Metlakatla).

Example of smoked colichans—Mrs. P. Haldane.

Best specimen of shall fish—Mrs. P. Haldane.

CANCELLATION OF RESERVE

NANCY ANN IS BUSY VESSEL

CARRYING CARGOES OF BEER WHICH DISAPPEARED BEFORE REACHING DESTINATION

KINGSTON, Sept. 21.—All kinds of rumors have been floating around the streets of shipments of beer and whiskey to the United States from Kingston Harbor says the British Whig in a recent issue. A boat known as the Nancy Ann is said to have made several trips here recently and to have cleared for United States ports with cargoes of liquor.

"This interest reached a high pitch yesterday, when it was noted around the city that the Nancy Ann, which cleared with a cargo of six from Kingston last Thursday morning, had been seized by the United States authorities.

Reported Seized

"Many people are asking about Canadian National car No. 102797, which arrived in Kingston on Tuesday, Aug. 31. This car was loaded with beer for export. On Wednesday night the Nancy Ann, a fast motor boat came into Kingston Harbor and on Thursday, Sept. 2, this boat cleared for Rochester, N.Y., with 125 bags of beer. The beer never reached Rochester. What became of it is not known. The boat was reported to be coming back Saturday for another load, but it did not arrive, having been seized at Sackett's Harbor, N.Y., for clearing from Kingston without registering.

WHAT BECAME OF BEER?

"What became of the beer is a question of interest. Was it transferred to another boat while crossing the lake or was it landed at some private cove, eventually to be brought back into Canada?"

"Every one knows that this smuggling of liquor into the United States has been going on for some years, and it is generally suspected that much of the liquor that clears from United States ports never gets there, as is the case of the latest cargo of the Nancy Ann, but by some devious route finds its way back into Canada."

STRENUOUS WORK

Visitor—Do you give your dog plenty of exercise?
Farmer—Oh, yes. He goes for a tramp now and then—Winnipeg Tribune.

IF SHE'S PRETTIER

A young woman sent a dollar for a recipe: "How a Girl May Keep Her Youth." The answer she got for her money was: "Never introduce him to another girl."

THE RING

Snitter—This ring I offer you is a symbol of the love I bear for you. It has no end!
Mabel—"It is also a symbol of the love I bear for you—it has no beginning!"

Fall birds will begin to move south now that the cooler weather is here. Humming birds have been very common in Prince Rupert of late and may be seen feeding on the honey from the nasturtiums which are blooming profusely.

WOMEN WERE BOSSES INSTEAD OF MEN IN NEW WORLD BEYOND

Flin Flon Copper Mine Was Named After Man Who Discovered Bottomless Pit

WINNIPEG, Sep. 21.—How the Flin Flon, northern Manitoba's copper mine, got its name was related at the annual meeting of the Mining Corporation held here recently.

A party was paddling down the lake on which the Flin Flon discovery was made. A book was found on the shore containing the story of a Chinese named Flin Flon, who discovered a bottomless lake. Flin Flon invented a boat in which he made a trip to the bottom of the lake, the story says. His journey took him into a new world, where women were bosses instead of men. This did not suit Flin Flon and he made a hasty return to the surface of the earth, with the women chasing him with sticks.

A few days later when Hannell's party discovered the historic break which has now become Flin Flon mine—one of them said: "This looks like the place where Flin Flon came up."

So they called it "Flin Flon" and Flin Flon it was incorporated.

To Cheer Creditors

Alaska paper: Harry L. writes us that he has left town to accept a job elsewhere, but will return in the fall, at which time he will repudiate his just debts, dollar for dollar.

Her Preference

"I notice, Miss Dakollay, that you seem to like the beach better than you do the piazza."
"Yes, I prefer being burnt by the sun to being roasted by the gossips."

Friendship Ceased

Little boy (from next house)—Please, may I have my arrow?
Lady—Yes, with pleasure.
Where did it fall?
Little boy—I think it's stuck in your cat!—London Opinion.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B. C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 5,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 10 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING ACT

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, cowboys and travellers, up to 100 head.

WE ARE OFFERING

A MODEL MODERN OPTICAL PARLOR

A GRADUATE EXPERIENCED REGISTERED OPTOMETRIST

TO SERVE YOUR EYE NECESSITIES

It is the great difference in the results obtained from correct methods of examination for defects; the careful attention to filling the prescription and the details so necessary in correct frame fitting that causes our patients to discriminate in favor of glasses fitted in our Optical Parlor. We use modern methods. We try to give courteous service. That's why you will feel so much at ease when you are deciding on a frame that will exactly suit your particular liking.

REMEMBER—No case presents perplexities to one qualified in the Science of Refraction.

Consult our Optometrist as you would a friend. The advice will be just as reliable.
