ADMIT U.S. IS THEIR LIQUOR MARKET

GRAIN LOADING ON PRAIRIES FOR THIS PORT IS RESUMED

Consolidated Exporters Make Frank Admission That United States is Their Liquor Market

Acting Manager describes corporation's business system and names principals--sensational evidence is adduced from special investigator

VANCOUVER, Dec. 8.—That the Consolidated Exporters of British Columbia are engaged in the business of selling liquor to be consumed in the United States was frankly admitted to the Royal Commission investigating the Department of Customs yesterday by R. Swanson, acting manager of the company, who explained that his organization was a consolidation of a lot of British Columbia export houses. The liquor was sold to the United States by coastwise shipments, shipments in bond, and transit shipments. There were nineteen companies in the Consolidated Exporters, the capital stock being \$1,200,000. Officers of the company named by Swanson were as follows:

CHARGE AGAINST TEACHING STAFF

FULL INVESTIGATION OF FIRE DRILL EXERCISES ORDERED BY BOARD

EDMONTON, Dec. 8.—Charges that pupils at the McDougall public school have been forced to march out in biting zero weather, hatless and coatless, were made by School Trustee Joseph Adair at the board's final meeting of the year. Mr. Adair said that the alleged harsh treatment of the pupils occurred when fire drills were held. The pupils quickly lining up and leaving the building while the temperature was around the zero mark.

FULL INVESTIGATION
As a result of the complaints a full investigation is to be made by board officials.

It was also charged that pupils are forced to play outside during the recess periods, while teachers huddled up to a radiator to keep warm.

TAX REDUCTION IS FORECAST

SPEECH FROM THRONE ON FRIDAY EXPECTED TO INDICATE LESS TAXES; ANNOUNCEMENT ALSO EXPECTED ABOUT PRINCE OF WALES' VISIT

OTTAWA, Dec. 8.—It is generally assumed that the speech from the throne which will be delivered on Friday may forecast tax reductions. Finance Minister Robb and Premier King during the election campaign both stated that if returned to power tax reductions would follow. It is also understood that the premier will make an announcement concerning the visit of the Prince of Wales and Premier Baldwin next year, and the new program of the Canadian National branch lines over a three-year period, it is understood will be announced.

IMMIGRATION ON INCREASE

SO FAR THIS YEAR IS SIXTY PER CENT GREATER THAN IT WAS IN 1925

OTTAWA, Dec. 8.—Immigration to Canada during October totalled 10,013 or an increase of thirty per cent over October, 1925. For the ten months of the present calendar year, immigration has amounted to more than 122,000, being an increase of sixty per cent over the same ten months last year.

CIVIC ELECTION SOUTHERN CITY

CHIEF INTEREST IS IN MAYORALTY CONTEST BETWEEN MAYOR TAYLOR AND AID, WORTHINGTON

VANCOUVER, Dec. 8.—The number of voters going to the polls in various parts of the city to vote for mayor and aldermen and on the money bylaws was well up to average at noon today. Though both candidates and their committees are claiming victory, general opinion is that the mayoralty contest between Mayor Taylor and Aid. Worthington will prove to have been a close one when ballots are counted tonight. The third candidate for mayor, Louis Rubinstein, is not expected to be much of a factor in the contest.

Mayor Taylor, who seeks re-election, is a pioneer journalist of the city. For many years he was editor of the old "World" newspaper and it was he who was responsible for the building of the Tower Building, now known as the Bekins Building, at the corner of Pender and Beattie Streets. He holds the record for length of service as mayor of this city.

Dr. G. H. Worthington, the other principal in the contest, for several years was in active practice as a physician and surgeon in the city and now controls a chain of drug stores and is said to be wealthy. He has been alderman for several years and has devoted his time pretty fully of late to municipal affairs.

Louis Rubinstein, the third mayoralty candidate, has several times been a candidate for the mayoralty but never as yet got very far toward the realization of his aspirations along this line.

WERE ADRIFT THREE MONTHS

SIX YOUNG SAILORS OF ORIGINAL CREW OF TWELVE RESCUED NEAR MANILA

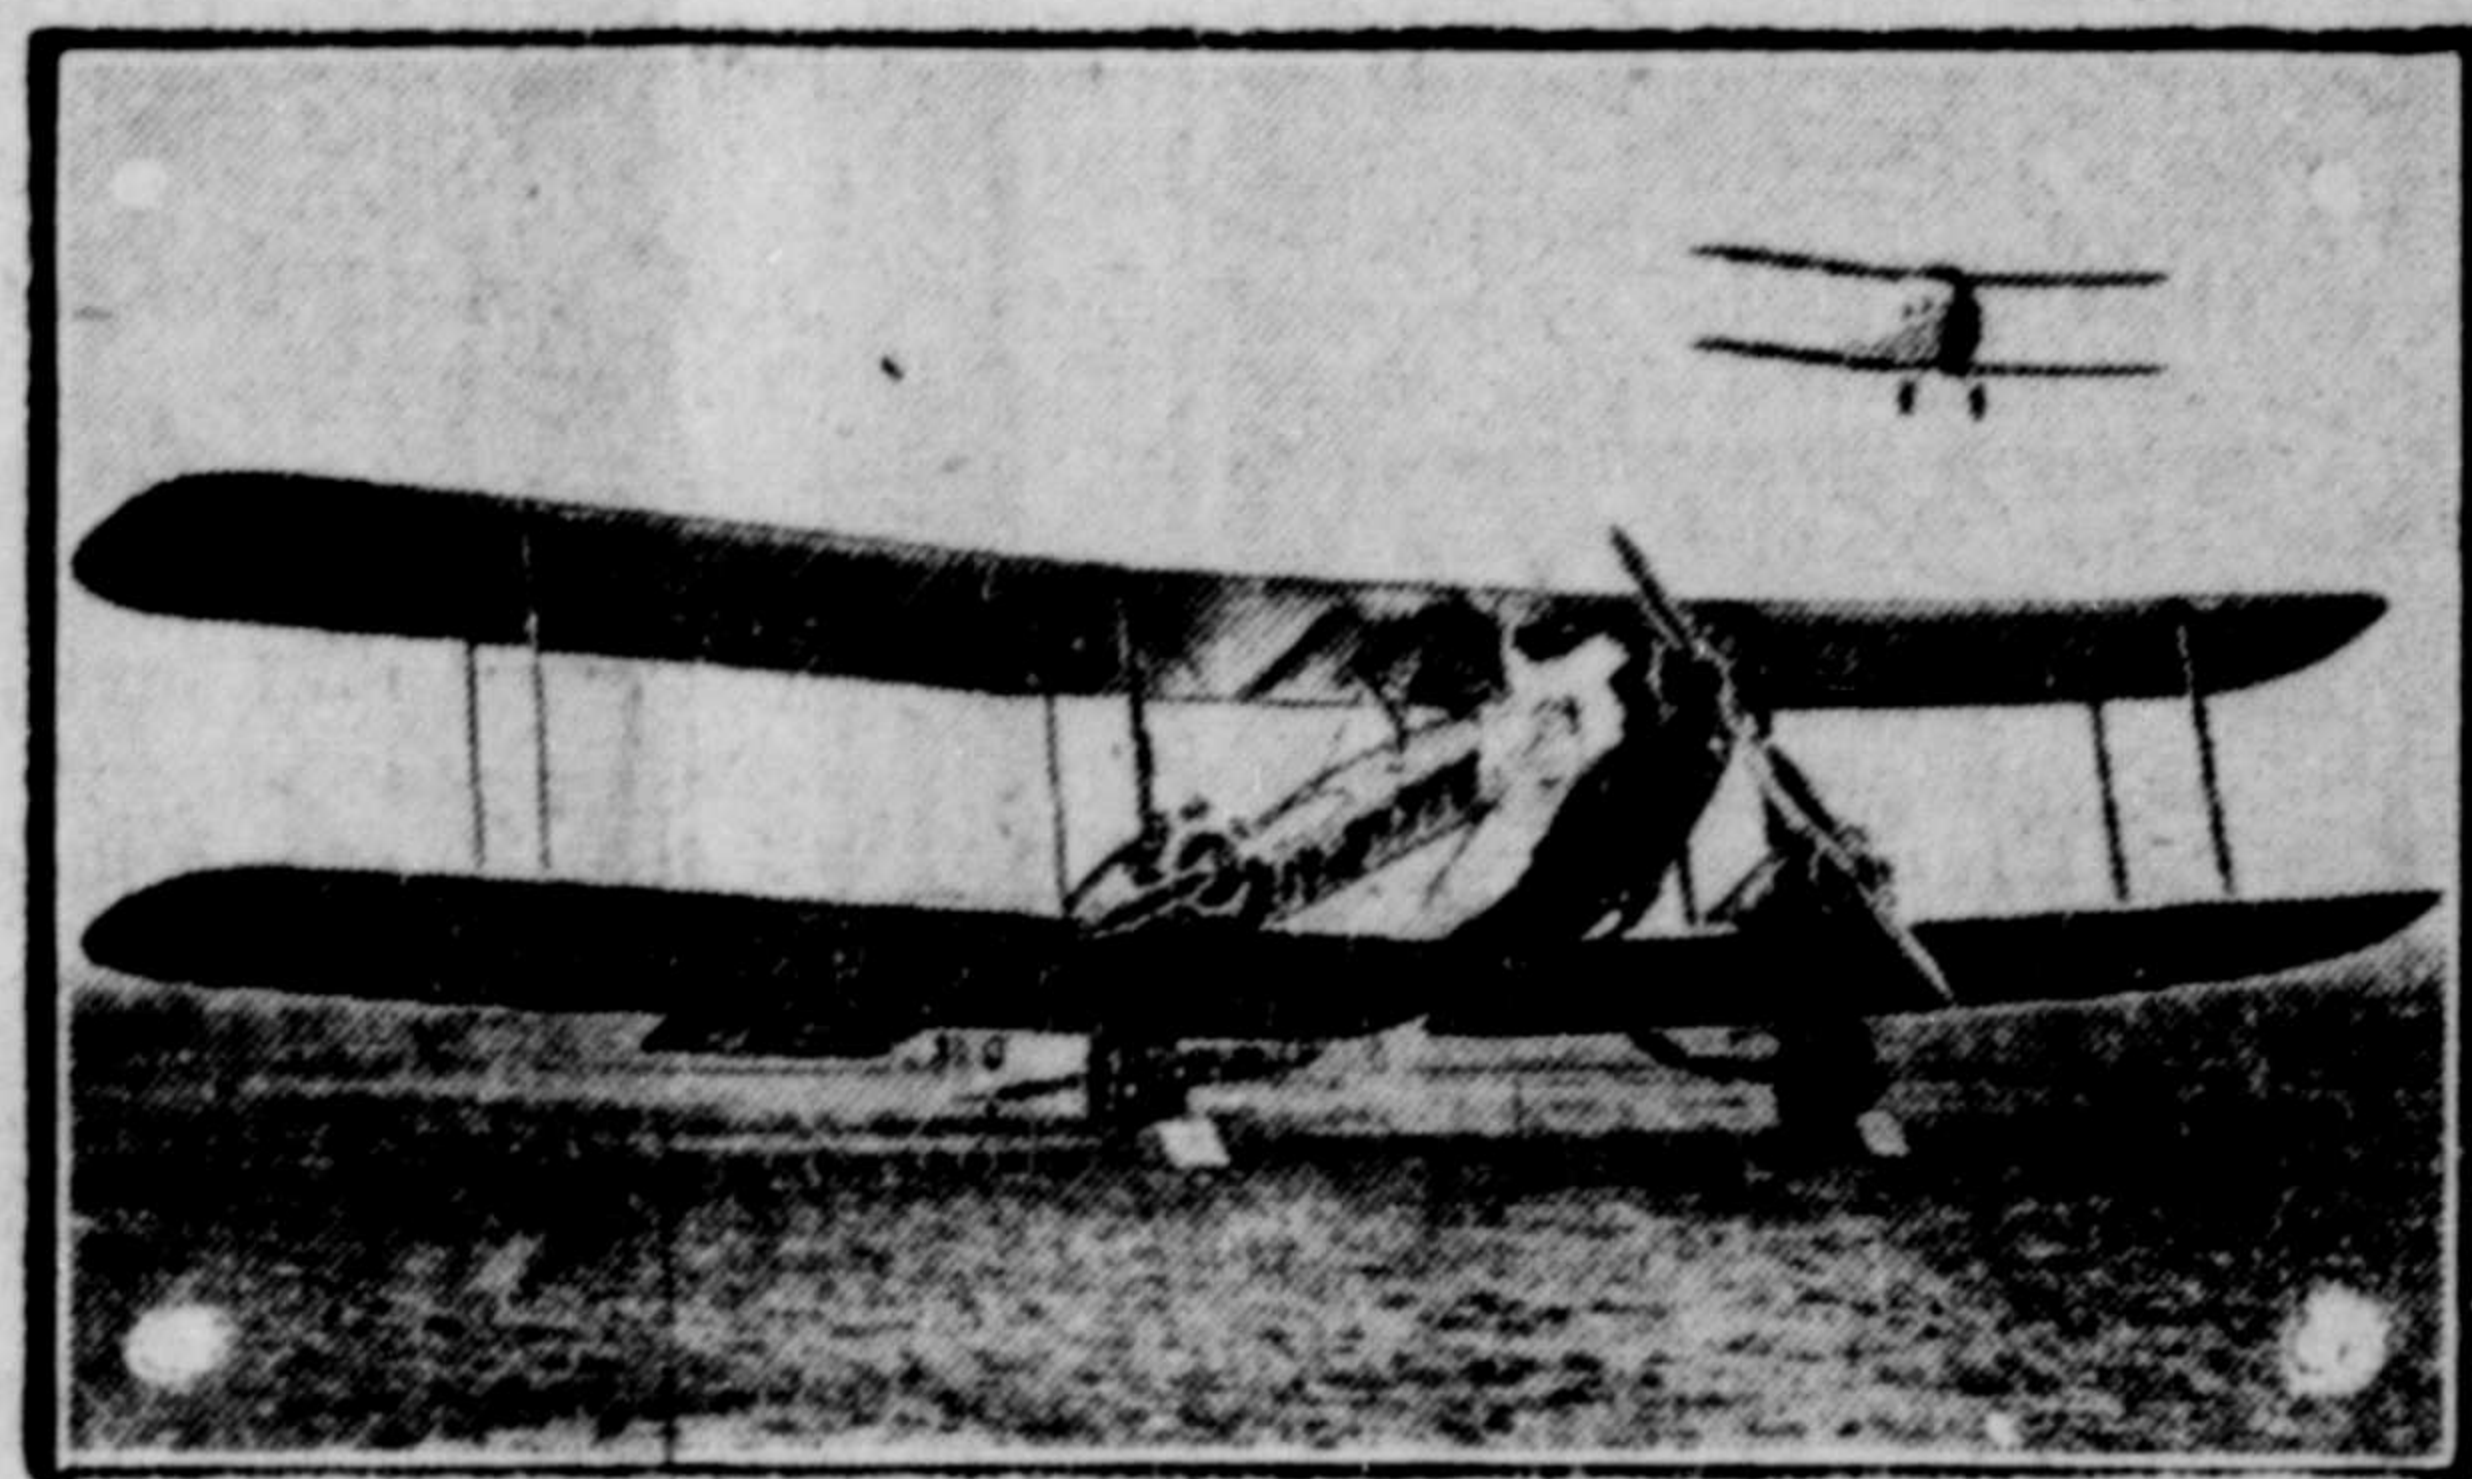

MANILA, Dec. 8.—After drifting in a disabled motorboat for more than three months on the south seas, six young sailors of an original crew of twelve from the Celebre Islands, a British possession south of here, were rescued by the steamer Shuraco off the coast of Mindanao Island. On a return trip from the island of Siuu, the little craft's engine broke down in a heavy gale and the boat was blown twelve miles off its course. Six men died of starvation when the food supply dwindled to nothing but rice.

CONSOLIDATION OF MINING PROPERTIES AT STEWART EXPECTED

A consolidation of mining properties in the Stewart district under the name of the L. & L. Consolidated Mines, Limited, has been carried into effect. The merging of properties takes in the L. & L. Glacier Creek Mines, Ltd., the Rush-Columbia and some other claims that lie beside the holdings.

The announcement is made by Gillespie, Hart & Todd of Victoria who are agents for the company, that in consequence of the consolidation the work will be prosecuted looking to the opening up of the property in a commercial way.

The directors of the company are John Hart, former minister of finance; Principal W. K. Beech, of the Vancouver Technical Schools; W. A. Webb, of the Western Fuel Company; Capt. Joseph Mayers, of New Westminster; Mr. Ray P. Castle, of Victoria.

DE HAVILLAND HERCULES, type of airplane to be used in the new British air service. The over-all span is about 800 feet and the length 55 feet 6 inches. Fourteen passengers will be accommodated and the speed will be about 130 miles an hour. Sir Samuel Hoare will fly to India in this machine.

LOOKS LIKE ACCLAMATION

NO ONE SEEMS ANXIOUS TO CONTEST MAYORALTY IF PRESENT INCUMBENT CHOOSES TO RUN AGAIN

There are many who believe that should Mayor S. M. Newton again let his name go in nomination, he would be unanimously re-elected as chief magistrate of Prince Rupert. Several prospective candidates are understood to have been approached to contest the mayoralty but there are few who relish the prospect of getting in a contest with one who, judging from past years, seems to be a sure winner. In fact, it seems very likely that there will be no contest for the position next January unless His Worship should decline to again accept the nomination. There have, however, been some names mentioned as being possible mayoralty candidates including those of Col. S. P. McMorde, Aid. M. M. Stephens, Aid. George B. Casey and Ex-Mayor M. P. McCaffery.

On the council board, Aid. Brown, Aid. Casey, Aid. McKechnie and Aid. W. J. Greer are due to retire. There will likely be some of them seek re-election.

The retiring school trustees will be H. B. Rochester, S. D. Johnstone, and W. O. Fulton, all of whom will probably be candidates for further service on the board.

Olof Hanson returned to the city yesterday on the train from the interior.

UNEMPLOYED BESIEGE CALGARY CITY HALL

Mayor Webster Denied Single Men Relief—No Disorder Arises

CALGARY, Dec. 8.—Three hundred unemployed men marched to the City Hall yesterday afternoon and demanded relief. Mayor Webster refused help to the single unemployed men. There was no disorder.

PREMIER KING BACK

OTTAWA, Dec. 8.—Premier King and his party returned this morning from London where they were attending the Imperial Conference. They landed at New York yesterday.

A Harvard Club has been formed, at Geneva with 15 members, some of whom are connected with the League of Nations.

Important Development in Freight Rates Case Being Heard by Board in Ottawa

OTTAWA, December 8.—An important development in the freight rates case now before the Railway Commission, occurred when counsel for the provinces of Alberta and Saskatchewan filed a petition with the federal government praying the governor-general-in-council to cause to be rescinded a ruling of the board which the petitioners claimed seriously prejudiced their case.

In October last year these provinces applied to the board to compel the railways to put into effect a tariff which had been ordered by the board reducing rates on grain and flour to the Pacific ports within Canada for export, the rates to be similarly proportioned to distance as such grain and flour would carry moving eastward for export and further to adjust the eastbound rate which it was said was one to five cents in excess of the tariff authorized by the board. The effect of these excessive charges, it was alleged, gave the railways approximately two million dollars a year more than they were entitled to under the tariff approved by the board.

In February a divided judgment was rendered by the board, three feeling that the matter of freight rates west of Port Arthur should be dealt with independently of the general rates investigation and the other three holding that it should be dealt with as a part of the case. As a result the application was refused.

A SPECIAL MEETING
of the
CANADIAN HALIBUT FISHING VESSEL OWNERS' ASSOCIATION
Will be held in the City Hall on
WEDNESDAY AT 8 P.M.
Business—To consider proposition to insure all boats belonging to the Association.
All members please attend. Also boat owners desiring to become members.
D. LARSEN, President.

Three Freighters Are Now on Way to Prince Rupert to Load Wheat

"K" line steamer Kifuku Maru is due here from Orient on Friday---Ypres in tonight and Yseric tomorrow

A fourth grain ship coming to load at this port this week will be the "K" line freighter Kifuku Maru which is due from the Orient Friday afternoon. Advice of this boat's charter to this port came yesterday afternoon to the Northern Shipping Co. Ltd., local agents. The vessel will load full here, after being lined at the dry dock for the United Kingdom or continent.

Somewhat similar in size and build to other boats of the "K" line which have been here this fall to load grain, the Kifuku Maru is 385 feet long with beam of 51 feet and depth of 36 feet. Her gross tonnage is 5837. The vessel is a fairly new one, having been built by the Kawasaki Dry Dock Co. Ltd. ("K" line) at Kobe, her home port.

The big Suzuki freighter Ypres Maru, Suzuki, will arrive this evening from Japan and, after passing quarantine and customs inspection in the harbor, moves up to the dry dock for fumigation and lining. She will probably get down to the elevator about the end of the week.

The next boat coming here is the Bank line freighter, Yseric, due tomorrow morning. She has been lined in Vancouver and will immediately go on berth at the wharf.

The Meigen Maru, Capt. Sugiyama, completes loading this evening and will clear immediately for the United Kingdom or continent.

There will be at least three boats in the harbor at the same time this week to load grain. Should the Meigen Maru be slightly delayed, there would be four.

LOADING RESUMED
Loading of grain at prairie points for this port has been resumed it was stated at the railway offices this morning. Thirty-five cars are expected to arrive from the interior today.

JIM POSTULO SAYS HIS IS GOING TO PUT UP NEW THEATRE

Prince Rupert may look for the construction of another theatre and opera house in the spring according to James Postulo who plans the formation of a company to build on his property at the rear of the present post office. The building, it is planned, will be 120 feet in length and 60 feet in width and will face on Seventh Street. The structure will be of concrete and will be fire proof and will be finished in the most modern style to cater to the demands of the modern theatre-goer.

AMERICAN STEAMER CRASHES INTO DOCK

Twelve Coolies Lost Their Lives at Shanghai Yesterday When Boats Hit by President Cleveland

SHANGHAI, Dec. 8.—While clearing for Hong Kong yesterday, the liner President Cleveland crashed into a wharf, overturning and wrecking several junks and sampans in which twelve coolies lost their lives. The liner was only slightly damaged but several of the wharf pontoons were smashed.

ITALY REPUDIATES SECRET DIPLOMACY

ROME, Dec. 8.—Emphatic denial is made this morning regarding the report that the recent pact signed by Italy and Albania contains a secret military clause amounting virtually to a protectorate by Italy over Albania.

BACK FROM LONDON
OTTAWA, Dec. 8.—Premier King, Hon. E. Lapointe and Hon. Vincent Massey returned to the capital this morning from London. The Premier had nothing to say until after the cabinet meeting this afternoon.

MAN SLASHED IN FAIRVIEW

ERNEST LOUIE, VANCOUVER, HAS DIFFERENT STORIES ABOUT HIS WOUNDING TUESDAY MORNING

VANCOUVER, Dec. 8.—Retracting his first story of having been slashed with a knife in the hands of an unknown assailant who robbed him of \$15 and left him unconscious in the Fairview district early yesterday morning, Ernest Louie told the police yesterday afternoon that he was stabbed by a former rival for his wife's hand whom he refused to name.

When Louie was admitted to the Vancouver General Hospital shortly after midnight suffering from severe lacerations one of which was dangerously near the heart, he said that he had walked ten blocks from the scene of a struggle with a hold up man.

Later, however, the injured man told a detective that his assailant was a Greek war time comrade who had been an unsuccessful suitor for the girl in Cardiff, Wales, where both resided after the Armistice and where Louie was eventually married.

SHIP ASHORE; 8 LIVES LOST

SCHOONER ELLAM RUDOLPH IS DRIVEN ON ROCKS AT BROOK COVE, NEWFOUNDLAND

ST. JOHN'S, Dec. 8.—Eight lives were lost when the schooner Ellam Rudolph was driven ashore in Brook Cove at the height of Monday night's storm. It was learned yesterday when Duke Blackwood, son of the vessel's owner, who succeeded in making shore, reached Catalina. The schooner left here on Monday for Green's Pond, shortly after sailing into the storm. The wife and child, Eleanor Blackwood, and the master of the schooner planned to sail on the schooner but, at the last moment, decided to return home by train.

INVESTIGATION ALLEGED BRIBE

COMMITTEE WILL PROBE STORY THAT SENATOR GOULD OF MAINE WAS PAID \$100,000 BY CANADIAN OFFICIALS

WASHINGTON, December 8.—Investigation of the story that Senator Gould of Maine was paid \$100,000 by New Brunswick officials some years ago in connection with a railroad contract was ordered by the Senate yesterday. The resolution offered by Senator Walsh of Montana directing that the Senate elections committee conduct the inquiry was adopted with the approval of Senator Gould himself.

DAILY EDITION.  Wednesday, Dec. 8, 1926

PRINCE RUPERT'S WEATHER BETTER.

While most places on the continent have suffered inconvenience and damage from unfavorable weather this fall and winter, Prince Rupert, the so-called place of rain and storms, has been fortunate in having even better weather than usual in these last few boisterous months. Even as close at Seattle high wind caused considerable damage only a week ago. Records of the past few years culminating in most favorable conditions here this fall would indicate that an improvement, for some reason, has come about in regard to local weather.

PRINCE RUPERT GETTING PUBLICITY.

A prominent local business man, and incidentally not a member of that political party which is charged sometimes with "boosting" this town too much, said recently that Prince Rupert has become better advertised and her progress has been more discussed in the past six months than during the whole period of her previous existence. This has been due to the port taking its place on the map as a depot for world commerce. The city is thus gaining a great deal indirectly in addition to what material benefits there may be in connection with the operation of the elevator here.

LOOKING TOWARD CIVIC ELECTION.

It might seem time-worn advice to suggest that, now the municipal elections are in sight, the best timber possible should be put in the field for election to civic office next month, but the next year may really see much opportunity for Prince Rupert which might mean great things if it were properly availed. In fact there should be capable people in charge of the city's affairs at all times particularly when the general atmosphere of the country is on the upgrade as it is now.

IF YOU LOVE LIFE, WALK!

The words of David Pawis, Ojibway Indian guide from the province of Ontario, as taken down by a Times-Star writer: "You are too fat. You Caucasians ride too much. You don't walk enough. If you love life enough to keep it, walk—walk—walk." After reading this succinct sermon, we turned to another page in the same issue and found the following: "Recently, on Fifth Avenue, New York, a parade of business and professional men revealed an unusual number of men who did not know how to walk. The corpulent body with thin legs, the weak-back type, the tense and wasteful, out-of-step model were illustrative of civilization on wheels." Standing and striding, not sitting and riding, men meet and are judged by Mother Nature, goddess of health, guardian of life. — Cincinnati Times-Star.

ENJOYABLE WHIST DRIVE AND DANCE

Held Last Night in Metropole Hall by Loyal Orange Lodge with Assistance of Ladies.

A very enjoyable whist drive and dance was held last evening in the Metropole Hall by the Loyal Orange Lodge. A good sized crowd was in attendance. Winners at whist were:

Ladies' first Mrs. C. W. Thompson, ladies' second, Mrs. C. H. Davis, men's first, J. A. Teng; men's second, W. Rothwell.

After cards, refreshments were served and dancing was indulged in until midnight.

Duncan Munro was master of ceremonies and Jack Munro presided at the door. The committee in charge of the event consisted of Mrs. J. Munro, Mrs. Brewerton, Mrs. V. Houston, Mrs. Lodge. A good sized crowd was in attendance. Winners at whist were: Cameron and J. A. Teng.

LOCAL AMATEURS SCORE SUCCESS

FINE PRESENTATION OF MRS. TEMPLE'S TELEGRAM—WILL BE REPEATED TONIGHT

A really splendid entertainment was the three-act farce "Mrs. Temple's Telegram" which was presented last night in the Westholme Theatre to a large audience by the Prince Rupert Players' Club for the benefit of the Gyro Playground Fund. Of that light character which ever proves acceptable, the play afforded some three hours of solid amusement and, with each member of the cast carrying out his or her role in acceptable manner, the play went over strong and the success of last night should draw another crowded house at the second showing this evening. Indeed the nine members of the club participating in the presentation, many of them making their debut on the local stage, manifested histrionic talents that were surprising but accepted with much appreciation.

The heaviest role of the evening, that of Mrs. Jack Temple, the leading lady, was sustained by Miss E. K. Mackay in a manner that left little to be desired. From her first pyjama clad appearance in the morning to the last act in the evening, Miss Mackay performed her part in a most capable manner.

Jack Temple, the leading man, was represented by Sydney Hunter who also displayed considerable talent in his first stage appearance. The role, while not the heaviest, was one of much importance and was creditably carried out.

The heaviest men's role was that of Frank Fuller taken by Jim Palmer. Throughout the play Palmer was ever on the scene as Jack Temple's adviser and he displayed an aptitude and cleverness that should be capable of great development.

John Brown and Mrs. Brown, the parts of which were taken by George Pearson and Miss Nora Rivett respectively, were the character roles of the evening and they could hardly have been imagined to have been in better hands. These two were the grotesque birth producers and their performances of roles, that on many occasions prove trying, were splendid.

Mrs. Frank Fuller, represented by Miss Louie Fisher, was a winsome bride and her "compromise" with Jack Temple was effectively portrayed in Miss Fisher's well known and popular manner. Miss Virginia Riel, as a willow flapper, was the charming fiancée of Capt. Sharpe whose part was taken capably by Dick Howe.

Harold Ponder appeared to advantage as the voluble and ubiquitous butler.

COSTUMING A FEATURE.
The costuming was one of the features of the play. Under the direction of Mrs. David Thomson and Miss Etanda Marsh the ladies appeared in a galaxy of stunning creations which had been loaned by Mrs. H. S. Parker's ladies' ready to wear. Furniture was loaned by G. D. Tite.

Again responsible for a splendid production with local talent was A. A. Connors, the director, whose indefatigable efforts brought the play to a point approaching perfection. W. H. P. Fleming was business manager and George Mitchell, stage manager.

One of the most important duties of the evening devolved upon the prompter, Miss Violet Cameron, whose services on the few occasions they were required was promptly at her post behind the scenes.

Users were Misses Agnes Donaldson, Lillian Worfold, Frances Cross, M. McGuire and M. Shields. H. F. Thompson was cashier and R. V. G. LePine, chairman of the Gyro Club's committee, presided at the door.

ATHOL FRASER IS GONE EAST

PICTURESQUE OLD PIONEER GOES TO HIS FORMER HOME IN ONTARIO IN QUEST OF RE-NEWED HEALTH

Prince Rupert today lost one of its oldest and most picturesque pioneers on the departure of Athol Fraser for Horning's Mills, Ontario, where he will join his people in the hope that the change will be beneficial to his health which has not been of the best lately. It is probable that he may remain in the East, and his familiar appearance will be missed by the community generally and more particularly by his legion of friends in city and district.

Of a most active nature in his younger days, Mr. Fraser has been a world traveller. He went to Australia to engage in a railroad contract and returned home by way of the Suez Canal thus making the globe circuit. In British Columbia he worked at various times on the construction of the two transcontinental railways and in mining and logging camps. Coming to Prince Rupert in 1906, before there was any trace of a city, he was engaged in survey and clearing of the townsite and also in harbor soundings. As a permanent remembrance of his name Fraser Street was so called in his honor.

There will be many friends in Prince Rupert who will wish him an immediate restoration to his former rugged health and, ultimately, his return to Prince Rupert.

SUCCESSFUL BAZAAR HELD ON SATURDAY BY TERRACE W.A.

TERRACE, Dec. 8.—Despite very unfavorable weather conditions, the Women's Auxiliary of the Anglican Church held a very successful bazaar on Saturday in Progress Hall. A varied display of fancy work, plain sewing, knitted goods, etc., testified to the interest and untiring efforts of the ladies, while the home-cooking and candy booths were as usual laden with a great variety of tempting-looking supplies.

A white elephant booth was a novel feature this year. This proved quite an attraction and helped swell the funds considerably. The tea tables were very well patronized all afternoon.

Mrs. Marsh, W.A. president, opened the sale and welcomed the guests.

Ladies in charge of the booths were as follows:

- White Elephant—Mrs. A. W. Robinson.
- Fancy Work—Messdames Gilbert, H. E. Smith, Halliwell and E. M. Smith.
- Cashier—Mrs. W. H. Burnett and Miss Deacon.
- Candy—Mrs. Frost, Mrs. Nash.
- Home Cooking—Mrs. Carr, Mrs. H. King, Mrs. Sims.
- Cashier—Mrs. W. R. Thomson.
- Tea Tables—Mrs. Fowler, Mrs. Chapman, Miss Halliwell.
- Kitchen—Mrs. H. M. Willson and Mrs. G. Hamlin.

As usual the unsold articles will be sent to Pacific where they will be disposed of by Mrs. T. H. McCubbin.

Ten Years Ago in Prince Rupert

DECEMBER 8, 1926.
Over \$260.00 was raised at the Anglican Church bazaar which was held yesterday.

"The next smelter will be in Prince Rupert" was the cheerful announcement made at the Board of Trade meeting yesterday by W. P. Hinton.

The fourth annual ball of the G.T.P. Ballwaymen was held last evening in their hall on 2nd Avenue. There was a very large attendance and the hall was most tastefully decorated for the occasion.

Arrangements are now under way for the building of a temporary station on the dock for the accommodation of train and boat passengers.

F. G. Dawson yesterday suggested to W. P. Hinton of the G.T.P. that more reasonable freight rates be put in effect.

Would Sit Up Most of Night

In bed nerves would twitch and jerk so he could not sleep

This letter gives you some idea of how distressing nervous ailments become. It also points to the best method of restoring exhausted nerves. Mr. E. P. Schoolcraft, Clarenceville, Que., writes: "I suffered for three years with my nerves. I tried most everything, but without relief. I could not sleep at night, my nerves were so unstrung. I would twitch first one leg and then the other. Some nights I would sit up most of the night, unable to sleep. I became so bad that I could not sit still. I bought a box of Dr. Chase's Nerve Food, and felt slightly better by the time I had taken it. When I had used a full treatment I was an entirely different man—I felt better, slept better and worked better."

An Amusing Letter

From An American Doctor
—With a Moral

"During my tour of Western Canada I was introduced to your Beef Extract and found it to be the second best drink out there. I believe you will forgive me when I place the good old drinks of our by-gone days at the head of my list, but I find your product an excellent thing for the 'morning after'."

Original letter in possession of Bovril Ltd., Montreal.

THE MORAL IS, "BOVRIL PUTS BEEF INTO YOU"

To Every Reader
Quite a lot of discussion took place in our office concerning the publication of the above letter, but we concluded that the good sense of the general public would understand that the letter is, in its own way, a tribute to the remarkable restorative properties of our world-famous Fluid Beef, Bovril, which is a wonderful "pick me up".

tlemen's nugget pin, value \$15.00.
Bent's Closing Out Sale.

A. C. H. Gerhardt, managing director
of the Homestake Consolidated Mining
& Development Co., who has been on
a visit of inspection to the company's
mine, the Toric, at Alice Arm, will be
a passenger for the south on the
steamer Prince Rupert Friday morning.

D. J. Bergin, locating engineer for
the provincial department of public
works, arrived in the city from the in-
terior on yesterday afternoon's train
and is a guest at the Prince Rupert
Hotel. Mr. Bergin recently made a re-
cognisance of a possible route for the
highway between here and Terrace.

Mrs. H. Turtle and Mrs. R. Schiller
of Bella Bella have arrived in the city
to pay an extended visit to their uncle
and aunt, Mr. and Mrs. J. W. Collier,
Waterfront, also Mr. and Mrs. Lind-
stead, Eighth Avenue, and other friends.
Mrs. Turtle and Mrs. Schiller expect
to remain over the Christmas holidays.

W. E. Baillie, chief engineer of the
steamer Prince Rupert, who has been
here for the past couple of weeks in-
specting overhaul work on the Prince
John at the local dry dock, will return
to Vancouver Friday morning. The job
on the John completed, the vessel will
go off the pontoons tomorrow morning
and will be laid up at one of the piers
there.

WANT EXHIBITION GAME LADIES' BASKETBALL

At a meeting of the executive of the
Prince Rupert Basketball Association
last night it was decided to permit in-
termediate players to participate this
season in as many senior games as they
wished without prejudicing their status
in the intermediate games. Next year
the new executive will decide the status
of each player on his record whether
he should be registered as a senior or
reinstated as an intermediate player.

The executive also decided to get in
touch with the Provincial Basketball As-
sociation in reference to a proposed trip
of local players to Vancouver for a se-
ries of games, with the possibility of
games at Ocean Falls and Powell River
en route. As the trip is a rather extend-
ed one it was felt that the Provincial
Association might be in a position to
make certain financial guarantees which
would assist a local aggregation in mak-
ing the trip.

The matter of having a ladies' team
visit the city was also discussed, and
the secretary has written to ascertain if it
is not possible, in case of Edmonton and
Vancouver meeting in either of the
above cities, for the team to come by
way of Prince Rupert for an exhibition
game.

WEEKLY NEWSPAPER FLOURISHES IN NEW QUEBEC MINING TOWN

QUEBEC, Dec. 8.—(By Canadian Press)
—Rouyn, one of the most-talked-of
mining towns in Canada, and one that
is growing more quickly than is gen-
erally known, has a newspaper. It is
called the Copper-Gold Era, and the
story of its birth together with the diffi-
culties experienced in publishing the
second and third issues is full of ro-
mance.

The Copper-Gold Era is published
weekly on a duplicating machine, and
contains eight pages, size 9x15 inches.
The paper name and date line are printed
at Kirkland Lake, these being sent
to Rouyn where the balance of the issue
is produced via the typewriter-duplica-
tor method.

According to the leading editorial pub-
lished in the second issue of the Copper-
Gold Era, Rouyn has during the past
20 months grown in population from
300 to 2,000, with prospects pointing to
a much more rapid growth next year.
It will not be long, therefore, before
the publishers find it necessary to in-
stall up-to-date newspaper equipment.

The staff is composed of John M. Mc-
Keenan, mining and general editor; C.
T. Baker, business manager; T. Rennie
Peterson, sub-editor; and W. H. O.
Chapman, special representative.

ENGAGEMENT OF FORMER LOCAL GIRL ANNOUNCED

Miss Thelma Knight, daughter of Mr.
and Mrs. J. C. Knight, Will Marry
California Man on December 30

Local friends will be interested in
the announcement of the engagement of
Miss Mary Thelma Laura Knight, only
daughter of Mr. and Mrs. J. C. Knight,
formerly of this city and now residing
at 613 Eighth Avenue East, to George
Howard Irving of Sacramento, California.
The wedding will take place in Chown
United Church, Vancouver, on December
30, at 8 p.m.

LAND ACT.

NOTICE OF INTENTION TO APPLY TO LEASE LAND.

In Prince Rupert Land Recording Dis-
trict of Prince Rupert, and situate at
Nesto Inlet, Queen Charlotte Islands.
TAKE NOTICE that John Dybhavn, of
Prince Rupert, B.C., occupation manager,
intends to apply for a lease of the fol-
lowing described lands:

Commencing at a post planted on the
south side of Nesto Inlet, about one
mile from its head; thence south 6
chains; thence west 16 chains; thence
north 6 chains to shore; thence east 16
chains, more or less, following the shore
line to point of commencement, and
containing 7 acres, more or less.
JOHN DYBHAVN, Applicant.

Dated November 23, 1926.

NOTICE.

TO WHOM IT MAY CONCERN:
This is to verify that I have caused
an investigation to be made by my Soli-
citors at the office of the Provincial
Public Works Department, Prince Rup-
ert, respecting the truth of certain
slanderous reports that have been cir-
culated concerning my personal integrity,
while acting in the capacity of Road
Foreman for the Provincial Government
on Graham Island. This is to notify the
public that such reports have been found
to be absolutely without foundation and
to advise those who are responsible
therefor that if the same are not dis-
continued forthwith, such persons will
be prosecuted to the full extent of the law.
Dated the 8th day of December, 1926.

Anyox Will Soon Be Biggest Copper Producing Centre in World; Production Increasing

During the present year the production of copper at the big Anyox plant of the Granby-Consolidated Mining, Smelting & Power Co. has been steadily rising each month. With the completion of the additions at the concentrator and the sintering plant in the near future the production will be further increased, and Anyox will still be able to boast as being the largest copper producing camp in the British Empire.

Additions to the concentrating mill will be completed and in operation in January, 1927. These additions will give the mill a capacity of 3,000 tons of ore per day. The mill is the last word in ore concentration. It is up-to-date in every respect, and equal to any on the continent.

The recently installed machinery at the sintering plant is now being tuned up, and will be in constant operation before the end of the year. The operation of the enlarged plant will eliminate the shipping of concentrates to Tacoma, as heretofore, all concentrates after going through the sintering plant will be smelted locally.

STEADY RISE

Steadily month by month, during the present year, the production of copper at Anyox has risen. During the first quarter of the year, the production per month was 3,130,296 pounds with an average cost per pound of 9.240 cents.

During the second quarter the monthly production was 3,173,011 pounds, at an average cost of 8.495 cents per pound.

The third quarter, which terminated on September 30, showed a monthly production of 3,394,013 pounds, produced at an average cost of 7.550 cents per pound.

The average cost per pound of copper produced includes all operating and general expenses, with deductions for precious metal values and the usual smelter credits. This cost excludes credit for miscellaneous income earned and also excludes charges for bond interest and depreciation.

VALUE OF COPPER

The value of copper produced in the first quarter was \$1,314,724.60. In the second quarter the value dropped to \$1,368,732.52, although a much larger tonnage was produced this was due to the drop in price of copper from the level of the first quarter.

During the last quarter the value of ore produced showed a decided increase, being \$1,409,532.46.

Although the ore tonnage showed a considerable monthly increase, operating expenses were materially reduced, which achievement reflects great credit on the organizing ability of the management and the loyalty of the staff. It is also a source of pleasure to the stockholders who have now waited a number of years for a change from an ebb tide of adversity to a flood tide of prosperity.

During the present year the Allenby plant has also increased their ore ton-

nage each month. At the present time 65,000 tons of ore is being mined and milled each month, and this tonnage will be increased.

AT ALLENBY

During the third quarter, Allenby milled 174,251 tons of ore, producing 4,641,584 net pounds of copper, as compared with 163,949 tons milled and 4,374,177 pounds of copper produced during the preceding quarter. These operations returned a profit of \$116,335.96 for the third quarter and \$86,633.11 for the second quarter, with copper carried at 14c per pound.

Ore production from the Outsider and Gokesh mines near Anyox remains the same.

In a recent interview with the Herald, Chas. Bocking, vice-president and general manager, stated that operations at Anyox and Allenby were quite satisfactory. The plants had been operated continuously throughout the year, without any mishap whatsoever. The only cloud on the horizon at the present time was the recent drop in the price of copper and silver. He hoped that the price of these metals would quickly show an improvement, but at the present time it is difficult to forecast the future.—Alice Arm Herald.

FAMOUS MUG-UP IS CHRISTENED AT JAP INLET HOME

JAP INLET, Dec. 7.—The "Mug Up," late of Cow Bay fame, recently celebrated its official opening in the new surroundings of Jap Inlet as the residence of Capt. Ouse, when a large gathering assembled for a surprise party at the residence of O. L. Murray, and moved en masse to the attack at about 8 p.m. Mrs. O. L. Murray was the organizer, and great credit is due to the ladies who were present for the excellent fare provided. The host was taken completely by surprise, and the party was in every way a success. Entertainment was provided by music, both vocal and instrumental, as well as orchestral, and by dancing, etc., to which a slight list to starboard lent itself to perfection and added much to the fun of the evening. The square dances were called in great style by Capt. Billy Hanson. The party eventually broke up about midnight after a most enjoyable evening, amid musical honors which were suitably acknowledged by the host.

ALICE ARM

J. Peacock was here from Anyox last week making plans for a winter's program of development work on the Success mining property in which he is interested.

Bob Kaye, after having spent the past few months at Stewart, returned here last week.

There was good ice on one of the lakes above town to the west last week-end and Alice Arm skaters took full advantage of it. There was also the first fall of snow last week. The local rink will be flooded as soon as the weather gets a little colder.

Arrangements are being made for new quarters here for the Government Telegraph office. For many years, the old log cabin under the hill has housed the local "flicker."

Active development work has started on the Red Point property which was recently bonded by Victor Spencer and associates. Supplies for the winter have been packed in and fifteen feet of the projected, 350 foot tunnel has already been driven.

STEWART

The long tunnel on the Sebakwe property, which is now in about 1100 feet, has penetrated the northern extension of the great B.C. Silver ore body. The ore is quartz-porphry formation carrying ruby and native silver in very high values.

Word has been received of the death recently in Nelson of Mrs. Caroline Daly, mother of Pat and Jim Daly of

this district. She was a hardy pioneer woman and lived to the grand age of ninety years.

TERRACE

A. Goodenough of Smithers was a business visitor here on Saturday and left for Prince Rupert.

Mrs. A. Y. Wilson of Remo was the guest of Mrs. T. J. Marsh over the week end.

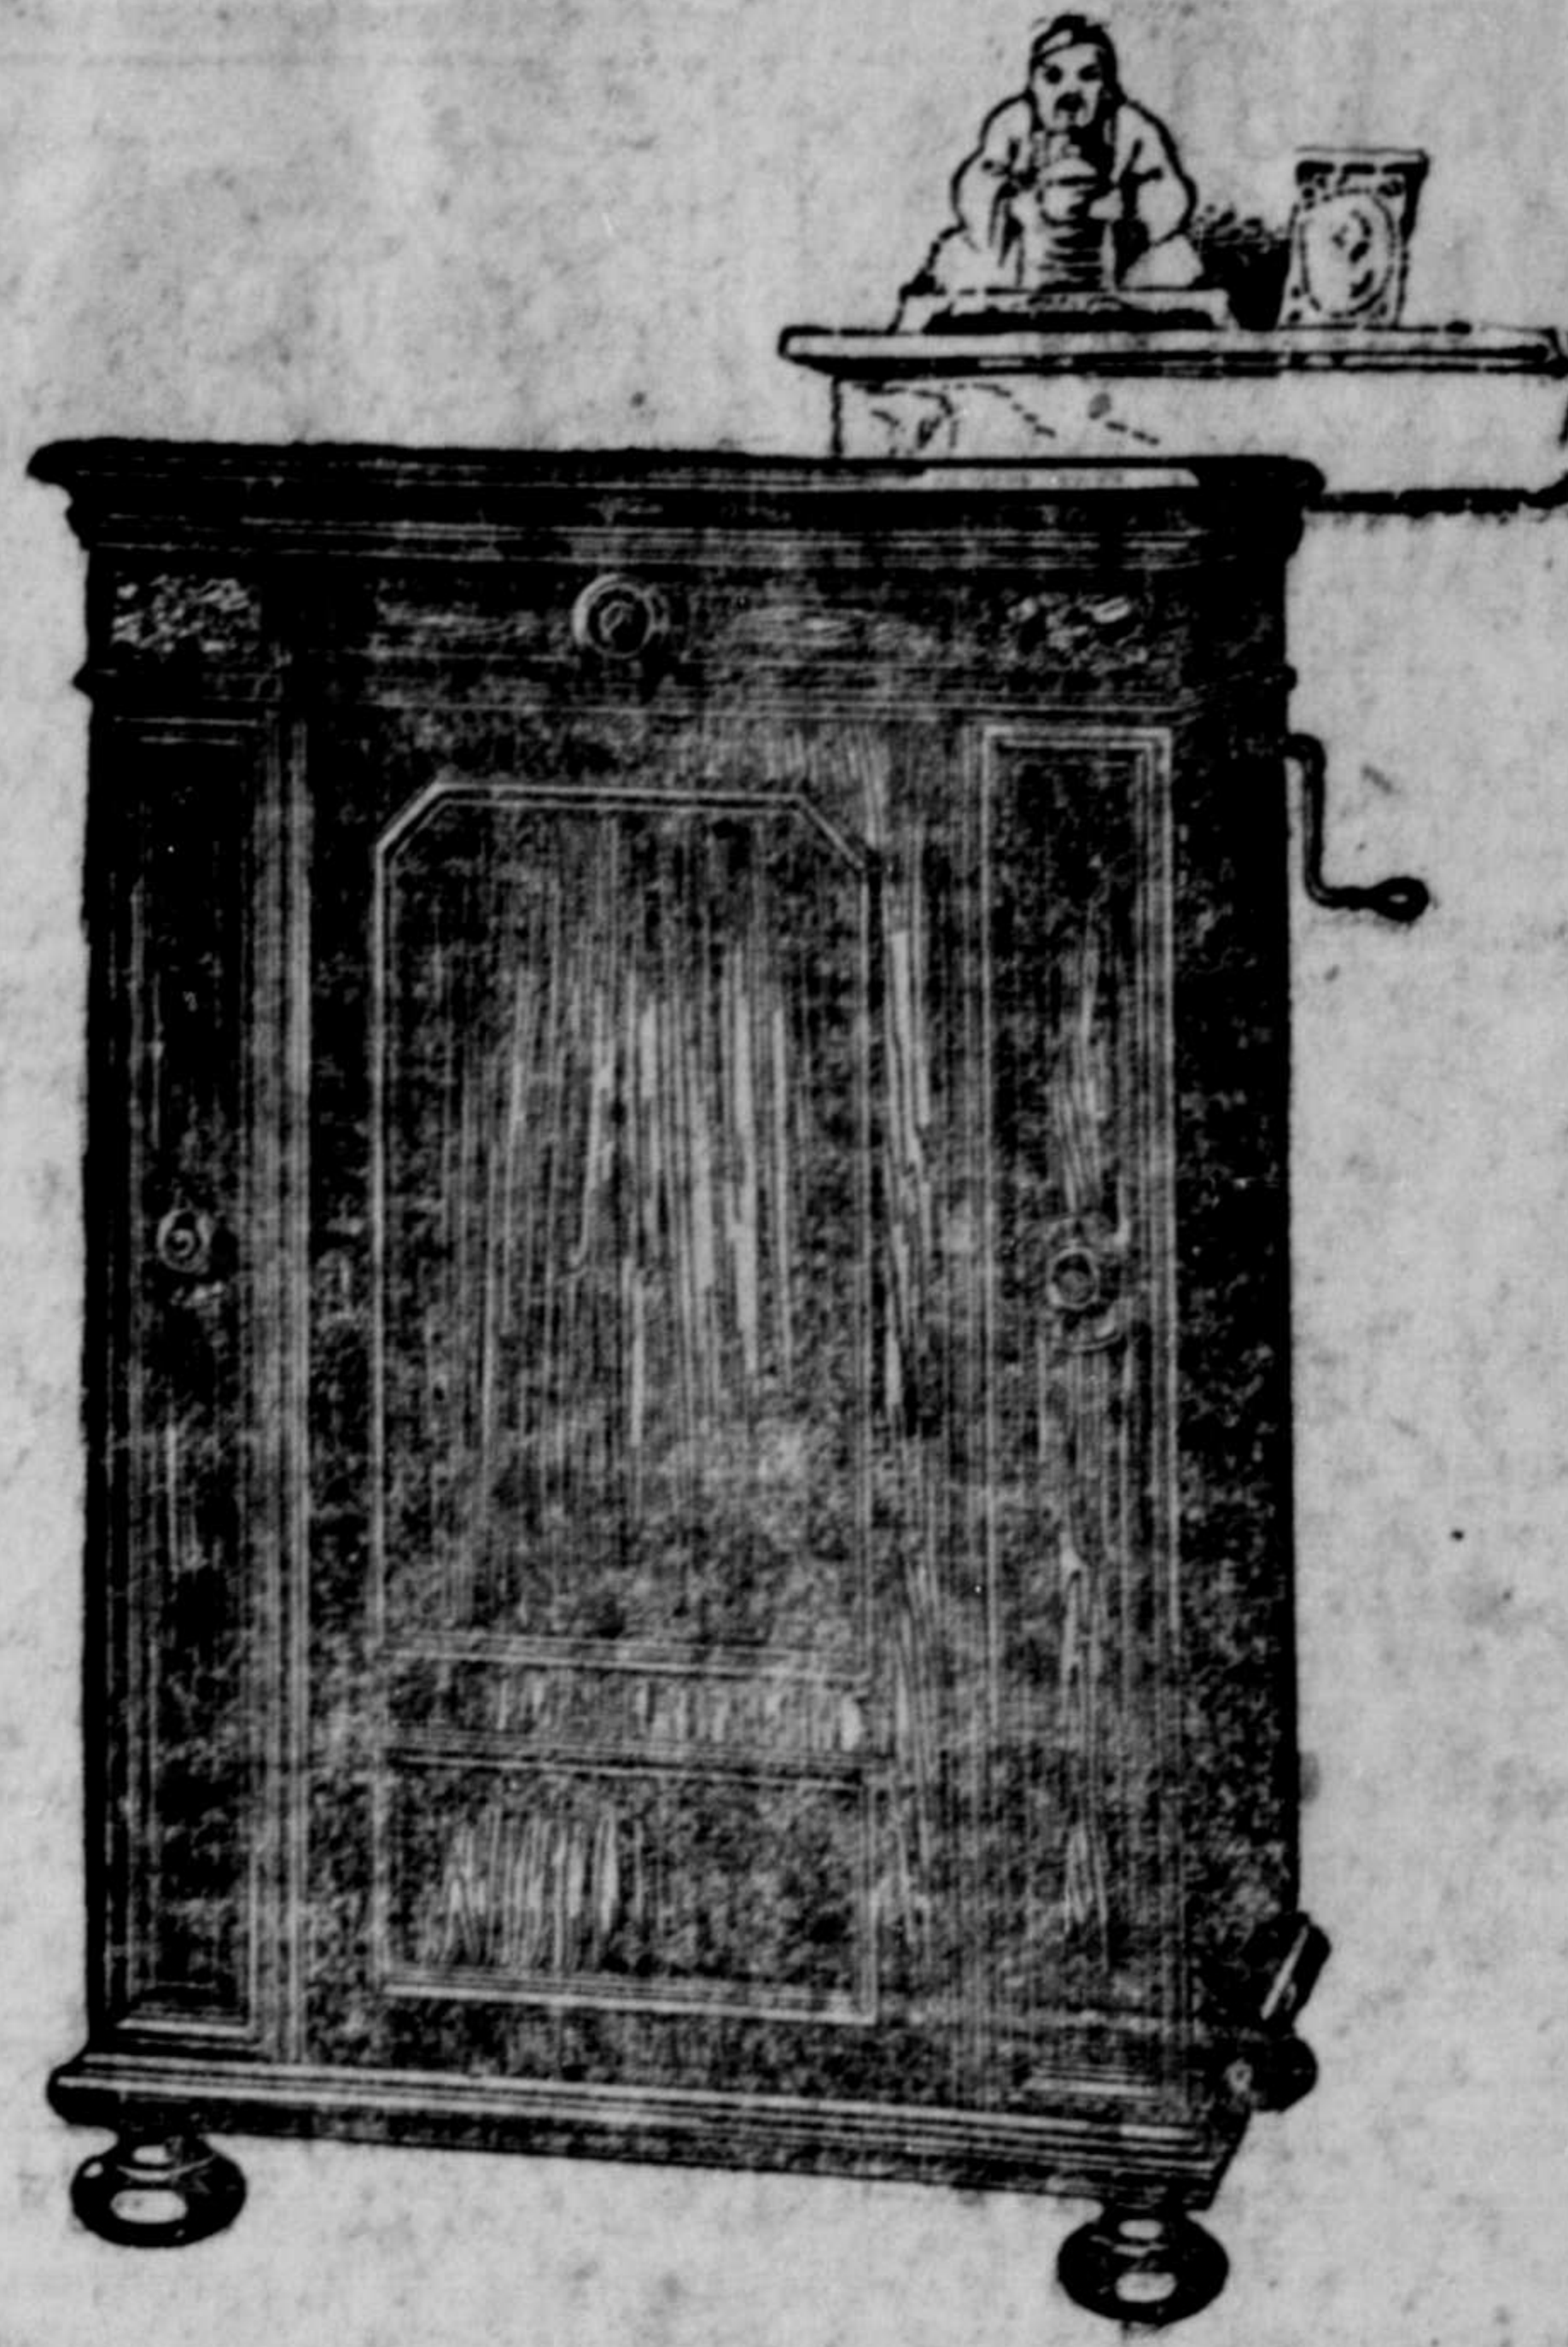

R. Cory returned on Saturday from Lakelse Hatchery where he has spent the past three weeks. C. Hearn, hatchery manager, spent the week end in town with him.

O. Gendron came in from Kalum Lake on Saturday.

Constable S. Service left on Sunday for Prince Rupert, having in his charge Julius Peterson, a logger, from Little's camp, whose actions this last week would appear to indicate that he was mentally unbalanced.

A group of amateur Stewart players put on the farce "Where's Dooley?" at Stewart on Friday night and at Premier last night. The play was excellently staged, the cast including Mrs. G. C. Andrew, H. C. Marvin, Rev. A. W. R. Ashley, Mrs. M. J. Esterly, Mrs. R. T. Crosby, Mrs. James Morrice, Mrs. H. P. Gibson, G. C. Andrew, P. S. Jace and J. W. Wilson. Music was furnished by an orchestra consisting of Mrs. W. Jancowski, J. P. Scarlett and Victor Durant.

WATER NOTICE

DIVERSION AND USE.

TAKE NOTICE that Gosse Packing Company, Limited, whose address is Vancouver, B.C., will apply for a licence to take and use 100,000 gallons per day of water out of Unnamed stream, which flows northwesterly and drains into Captain's Cove at head of Captain's Cove. The water will be diverted from the stream at a point about 700 feet from mouth and will be used for commercial and domestic purposes upon the land described as Lot 1253, Range 4, Coast District. This notice was posted on the ground on the 4th day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is November 19, 1926.

GOSSE PACKING COMPANY LTD. Applicant. By J. F. Strang, Agent.

WATER NOTICE.

DIVERSION AND USE.

TAKE NOTICE that John Dybhavn, whose address is P.O. Box 1700, Prince Rupert, B.C., will apply for a licence to take and use 4,000 gallons per day of water out of an unnamed creek which flows northerly and drains into Nesto Inlet, about one mile from the head of the Inlet, on its south shore. The water will be diverted from the stream at the natural outlet of a small lake, about 450 feet from the mouth of the creek, and will be used for domestic and industrial purposes upon the 7 acres of land described as unsurveyed land for which lease is applied. This notice was posted on the ground on the 23rd day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is December 1, 1926.

INDIANS PUT BIG KICK IN PRUNE JUICE
SUMAS, Dec. 8.—Prune juice brew, diluted with fly tox, produces a beverage with a real "kick," but the flavor could stand improvement, according to evidence given by Sumas Indians in Sumas court, when Indian Agent A. O. N. Daunt imposed a \$200 fine or four months in Okalla jail on Walter Harris, white rancher, charged with supplying liquor to Indians.
Prune juice is a light summer beverage, Harris stated in defense. He did not know how the fly tox got mixed with it. An Indian woman said she was intoxicated by the juice given to her by Harris.
Ambrose Silva, of the same reserve, was given one month on a charge of disorderly conduct while under the influence of the juice.
Constable T. J. Browning, dominion police, prosecuted. Agent Daunt, in passing sentence, intimated that Harris was being dealt with leniently, as the department is determined to stop liquor reaching wards of the crown.
Last year an Indian from the same reserve admitted in court that he drank embalming fluid which he secured from an undertaker's establishment.

GRAIN MIXING UNDER CONTROL
WINNIPEG, Dec. 8.—Traders with commitments to fill on this market are busy engaging cargo space and arranging for grain at Vancouver. Though not officially closed as far as insurance rates are concerned, it was announced on the exchange that no more grain boats would attempt to go down the lakes this winter. Fifty cargo grain ships trying to make their last trip are tied up at different points by the ice.
To prevent anything approaching mixing on the Pacific, which has always been opposed by the grain trade as detrimental to grades and quality of grain going out over the Western Route, the board of grain commissioners has made stringent regulations for observation by elevators of every description at Vancouver and Prince Rupert that are drying tough and damp grain. They may deduct 3 1/2 per cent from the volume to cover loss in drying, but no elevator shall be permitted, under the board rules, to issue dry out-turns for a larger quantity of grain than it actually dried.
Statements must be filed with the board by such elevator showing receipts and out-turns, the board has in mind in these stringent regulations, the trade claims, the numerous cases in several big mixing houses at the lake head, where millions more of Nos. 1, 2 and 3 grades were turned out than were taken in, the obvious result of unfair mixing, which meant deterioration of the Canadian quality in foreign markets.

MINING CONCERNS PAY DIVIDENDS
SMELTERS AND PREMIER IN FIRST FIVE
Two British Columbia mining companies, Consolidated Mining & Smelting Co. and the Premier Gold Mining company, stand among the first five dividend payers of 1926.
Consolidated leads all Canada this year, paying \$4,816,614 to its shareholders. Premier's payments are totaling \$1,600,000 to the close of the year or 32 per cent a share.
Here is how the leaders stand:
"Smelters" \$4,816,614
Hollinger 4,478,800
Int. Nickel 3,748,845
Dome 1,906,668
Premier 1,600,000
Hollinger's dividends this year are exactly equal to those last year.
International Nickel last year resumed common dividends and paid out on preferred and common stock \$2,074,451 last year. In the first three-quarters of 1926, \$2,911,143 has been paid. Another 50 cents a share is coming on the common.
Smelters this year has paid \$1.50 in regular dividends and two bonuses, \$5 and \$3, making in all \$9.50 a share. Dome is distributing 50 cents a share quarterly.

NOMINATIONS FOR GYRO OFFICERS IN COMING YEAR, 1927
The Prince Rupert Gyro Club at its regular monthly business luncheon today nominated as follows for 1927 office bearers, the elections to take place next month:
For President—Eddie Mann and Bob Robertson.
For Treasurer—Charlie Mills, Norris Pringle, Morton McLachlan, Lionel Holtby and Ralph Le Pine.
For Secretary—Roy Nichols, George H. Tite and Bill Cruickshank.
Two Directors—Ralph Le Pine, Bill Nelson, Frank Dibbs, Charlie Balagno, Lionel Holtby, Dave Balfour, Bill Tobey and Norris Pringle.
The club appointed Roy Nichols to act as secretary during the approaching absence of Bill Cruickshank.
Lionel Holtby and Claude Kirkenhall were named auditors to close the 1926 books.
Glen McMillan and Norman Freeman were elected to membership and Claude Kirkendall was initiated today.

WATER NOTICE.
DIVERSION AND USE.
TAKE NOTICE that Department of Public Works of Canada, whose address is Ottawa, will apply for a licence to take and use 3,500 gallons per day of water out of unnamed stream, which flows eastwardly and drains into Dodge Cove on the east side of Digby Island, B.C. The water will be diverted from the stream at a point about 100 feet west of the northwest corner of Lot 36, subdivision of part of Lot 1993, Range V., and will be used for domestic purposes upon the land described as Dodge Island. This notice was posted on the ground on the 22nd day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is November 24, 1926.
