WASHINGTON ARMS AGREEMENT IS UPSET

CUSTOMS REPORT DEBATE IS STILL IN PROGRESS; VOTE EXPECTED TONIGHT

Commons Rose at One O'clock This Morning with No Division Yet

OTTAWA, June 25.—The debate on the customs report continued until 1 o'clock this morning, when the House adjourned without dividing. It is understood that an agreement has been reached to take the vote tonight.

The amendment of J. S. Woodsworth, Labor member for Winnipeg, yesterday came at the end of a speech that was witnessed by many stormy scenes. The effect of the amendment would be, if adopted, to strike from the Conservative amendment all words following the preamble and to make other amendments to the terms of the customs report.

G. E. BOARD IS CONFIRMED

Herland, Manson, Blake Wilson, Kitchen and Spencer Are Directors of Railway.

VICTORIA, June 25.—According to a statement issued yesterday by Premier Oliver, the lieutenant-governor "has been pleased to approve the recommendation of the executive council appointing Hon. Dr. W. H. Sutherland, minister of public works; Hon. A. M. Manson, attorney general; W. J. Blake Wilson, Willard Kitchen and Christopher Spencer of Vancouver, directors of the Pacific Great Eastern Railway."

Premier Oliver added that the retirement of Hon. J. D. McLean, minister of finance, from the board was purely voluntary on his part. "There has never been the slightest dissatisfaction with his work as a director," Mr. Oliver said.

MOUNTAIN IS BEING UPSET

Blaster Responsible for Toppling Over of Peak Near Cordova, Alaska.

CORDOVA, June 25.—That a mountain near here is being literally toppled over by the pressure of a heavy glacier at its base is reported by Henry Watkins, who is here to investigate the reported eruption of a volcano two miles from the Copper River and northwestern railroad. The mountain had the appearance, Watkins said, of having been blasted with dynamite and there was a crack 100 feet long, 3,000 feet deep, and six inches to two feet in width made through a shift in the ice caused by the glacier's pressure.

LEUT VOLCANO IS IN ERUPTION

Issuing from Mt. Shishaldin, Report Officers of Steamer Starr at Seward.

BRISTOL BAY SALMON

SEWARD, June 25.—Officers of the steamship Starr, which arrived here yesterday, reported Mount Shishaldin on Unimak Island of the Aleutian group in eruption on Friday. A steady glow was seen from the peak with flares of fire resting forth at intervals. The volcano is 9,387 feet high. The Starr also reported large catches of salmon in the Bristol Bay district.

BELLOS CASE IN LIMELIGHT

Prince George Man is Appealing Conviction on Charge of Having Used Club

VICTORIA, June 25.—While Arthur Bellos, Prince George miner and fur buyer, is serving a two-and-a-half year term in the penitentiary, the appeal against the sentence imposed at the Prince George Assizes last year will probably go over until the next sitting of the Appeal Court in Vancouver, it having been sent to the bottom of the list.

Since Bellos was convicted on a charge of clubbing Richard Brotherson in a Prince George Hotel on June 28 last, the proprietor of the establishment, who is now married to Bellos, filed an affidavit charging Sam Limberstos with striking Brotherson. The new affidavit supports the claim that members of the jury said they would convict Bellos regardless of the evidence.

PLANE LEAVES FOR ISLANDS

Lieut. J. A. Reece Hopped Off at 10 O'clock This Morning.

Lieut. J. A. Reece, who arrived in port by airplane Wednesday night from Victoria en route to Naden Harbor whaling station, hopped off for the final lap of his journey from the Digby Island marine station at 10 o'clock this morning. Lieut. Reece will be engaged during the summer in the combined operations of "spotting" whales for the Consolidated Whaling Corporation and patrolling the waters in that district in the interests of the fisheries department.

SHERIFF SAYS CRIME SOLVED

No Further Mystery in Connection With Killing of Sylvia Gaines, Says Starwich.

SEATTLE, June 25.—Matt Starwich, sheriff, announces that he has solved the mystery surrounding the slaying of Miss Sylvia Gaines on the shore of Green Lake on June 18. "I have solved the murder and there is no more mystery," he said. "I have proved that the 'fiend' theory in the case is pure bunk." Beyond this, Starwich refused to make public any details until the coroner's jury meets this afternoon.

Chief Detective Tennant of the city force still insists that the girl was murdered by a "bestial man" who escaped from the city after the crime.

OREGON SAWMILL IS DESTROYED BY FIRE

Plant of L. B. Menefee Lumber Co. at Rainier Is Wiped Out By Flames.

PORTLAND, June 25.—Damage estimated at \$250,000 was caused through a fire which destroyed the L. B. Menefee Lumber Co.'s mill at Rainier. Beside the mill, the flames partly destroyed the docks and burned about 500,000 feet of lumber.

MANAGER OF WHEAT POOL HERE MONDAY

To make arrangements for the operation of the Prince Rupert elevator which his concern has leased from the federal government, George Melvor of Calgary, manager of the Canadian Co-operative Wheat Producers Limited, better known as the wheat pool, will arrive here on Monday from Vancouver. He will spend a few days in the city and will proceed east from here.

B. C. BONDS SELL WELL

This Province Gets Highest Price Paid in Canada This Year.

VICTORIA, June 25.—A syndicate headed by Dillon, Read Co., of New York, and associated Canadian banks and bond dealers, were the successful bidders for \$8,000,000 worth of provincial bonds. Two million of two-year four per cent bonds brought a bid of 98.85, yielding 4.59 per cent, and a six million issue of 30-year 4½ per cent serials brought 95.85 yielding 4.79, the best price secured by any provincial government in Canada this year.

C.P.R. steamer Princess Charlotte, Capt. C. C. Saintex, arrived from Vancouver at 10 o'clock this morning en route to Skagway, Alaska, with a full complement of round trip tourists. The steamer sailed for the north at noon.

Limitation Principle of Naval Strength is Condemned at Geneva

GENEVA, June 25.—The underlying principle of the Washington naval agreement was knocked overboard at yesterday's conference of naval experts on disarmament when the nations of Continental Europe, almost en bloc, under the leadership of France and Italy, voted eleven to six that the principle known as the comparison of naval strength of the various nations by taking into account total tonnage of various types of warships "was not fair to all the nations." The British, Chilean, American, German and Dutch delegates abstained from voting.

Hudson Bay Trading Schooner Baymaud, Formerly Amundsen's Maud, Here Enroute to Arctic

With decks packed tight and hatches full of supplies, incidental to an eighteen month's voyage in the Arctic Ocean, the historic Hudson Bay Company's 400 ton, three masted auxiliary motor schooner Baymaud, Capt. Gus Foellmer, formerly Amundsen's exploration ship Maud, arrived in port at 8.15 this morning and tied up at the Ocean dock for the purpose of letting off an engineer who is returning to Vancouver after completing certain work on the ship. The schooner, which carries a crew of fourteen men, will remain in port until tomorrow morning, when she will leave for Dutch Harbor going direct from there to Point Barrow en route to Coronation Gulf and points eastward. The schooner will arrive at Point Barrow in good time to take full advantage of the breaking of the icefields there. At present no vessel can enter the western Arctic from Bering Sea until the ice barriers at Barrow are driven back by the warmer winds of (continued on page five)

LABOR MEMBERS DISTURB HOUSE

Session Has to be Suspended on Account of Persistent Interruptions.

SAKLATVALA BACK

Hindu Communist, Just Out of Jail, Gives Members Some Amusement

LONDON, June 25.—Persistent interruption by Labor members during the course of the parliamentary debate on the motion to revoke the British trade agreement with Russia resulted in the suspension of the sitting.

The debate was featured by the sudden appearance of the Hindu Communist member, Saklatvala, who came direct to parliament from prison where he had served time as an outcome of seditious utterances in a speech at Hyde Park just previous to the general strike. He was received with cheers by the Laborites. Saklatvala defended the sending of Russian funds to help the miners, comparing it to the sending of missionary funds to India and China for religious purposes. He created amusement when he stated: "I hope the House will pardon me for my lapse through my prolonged stay in a semi-socialist institution where I was fed and taken care of on a community basis and on a much better scale than the poor miners receive."

H.M.S. Curlew, Coming Here July 19 for Five Days, Last Visited Port Three Years Ago

H. M. S. Curlew, which is to spend from July 19 to July 23 at this port, was last here during the summer of 1923. The vessel is a light cruiser of the 8th Cruiser Squadron, North America and West Indies, and has a complement of approximately 370 officers and men. Her speed is 30 knots and her armament consists of five 6-inch guns, two 3-inch A. A.'s and four 3 pounders. During the war the Curlew was attached to the Harwich forces and saw her share of fighting in the North Sea, covering thousands of miles on patrol duty.

Through the courtesy of Lieut. R. P. Ponder, officer commanding the Royal Canadian Naval Volunteer Reserve here, the following list of officers on the Curlew has been obtained for publication:

- Captain.—H. D. Bridges, C.V.O., D.S.O.
- Lieut.-Commanders.—H. B. Jacob, S. A. Pears (gunnery officer) and F. B. Leigh (navigating officer).
- Lieutenants.—P. S. Smith, R. H. S. Rouse, H. J. W. Grant.

- Pay. Mid.—P. C. Kennett.

COHO RUN AT DUNDAS EARLY

High Boat this Week Had 80 Fish—Springs are Not very Plentiful

The coho run at Dundas Island is starting unusually early this year while springs are not very plentiful. The result is that the fishermen are now concentrating on cohoes and are changing their gear from spoons to spinners. The cohoes are being taken by the canneries while the springs sell on the local market. The coho run does not generally start until about July 10, but this week the high boat at Dundas Island had 80 fish.

EAT FISH AND LOSE GOITRE

Vancouver Doctor Recommends Diet For Prevention of Common Affliction.

VICTORIA, June 25.—"Eat more fish" was the secret for the prevention of goitre as summed up by Dr. W. B. Keith of Vancouver at the session yesterday afternoon of the Canadian Medical Association in convention here. He said that a study of the disease showed that certain races, notably the Indians of the Pacific Coast and the natives of Japan, suffered very little from goitre. Both peoples were dependent for their food mainly on sea products and their diet was thought to be chiefly responsible for their freedom from this affliction. People in goitre countries, Dr. Keith said, should be taught the importance of eating sea fish, clams, oysters and the like.

Prince Rupert is Logical Airport.

Vancouver is advancing her claims to being established as an air port. Perhaps it would be even more fitting for Prince Rupert to make such a claim. With flying machines coming ever and ever into more common use, particularly when it is desired to get into remote parts of the world such as Alaska and the Yukon, Prince Rupert must be a stopping off place for such expeditions. In fact, there has not yet been an airplane come up the Coast, bound for a destination beyond this port that has not stopped off at Prince Rupert. There has never been a direct flight from Puget Sound to Alaska. All ships so bound have stopped here and the probability is that they will have to continue to do so. Prince Rupert is a logical aviation centre and has a claim equal to that of any other place in Canada to being established as an air port.

Teachers Have Great Influence

The field of activity of country school teachers is not bounded by their schools. They easily set the tone of the society around them. No one is engaged upon a nobler mission, for their task is with the fresh souls which take and retain so readily the form given them. It is they who, with the mothers, mould society as it will be tomorrow and, in our districts, their influence may be felt beyond measure.

Getting After New Business

The progressive business firm finds that it needs to be constantly making for itself new friends, and creating a new circle of customers. If it just depends on satisfying those who have previously bought its goods, it is likely to see its trade diminished. Population changes more rapidly now than formerly, and if a firm has a certain list of customers this year, it can expect, as a result of all the changes that naturally occur, that a considerable proportion of those customers will not be on the list in a year or two.

Also, people are changeable in their habits, and unless a very energetic effort is made to hold old customers, by advertising and other legitimate methods, a number of them will go elsewhere, attracted by the various inducements that are offered them.

People are not much inclined nowadays, as formerly they were, to trade at just one place, or a few places, right along year after year. They are quick to get the idea, if some firm seems to be hustling a little harder to please the people than its competitors, and no feeling of habit or sentiment of loyalty is apt to hold them if they think they can do better by going elsewhere for something they want.

By an active campaign of advertising a firm can keep making new business friends to make up for those who drift elsewhere. It does not take elaborate persuasion to win such few customers in these times.

People are ready to go to any place of business where the spirit of enterprise and hustle seems to prevail. A firm that makes it a regular practice to advertise, even if it does not take any great amount of space, will have a constant stream of enquirers entering its doors, who will more than make up for old customers lost.

LOCAL MEN MAY GO ON CRUISER

Members of R.C.N.V.R. Being Given Opportunity to Cruise on H.M.S. Curlew

That ratings of the local unit of the Royal Canadian Naval Volunteer Reserve will be allowed to embark for a cruise aboard H.M.S. Curlew for periods of from 14 to 22 days is the information received by Lieut. R. P. Ponder, commanding the local unit. Men availing themselves of this opportunity, if their application is accepted, will join the ship from the Royal Canadian barracks at Esquimalt. Transportation will be provided from Prince Rupert together with the pay of their rating from time of departure from headquarters here until their return.

The following periods are laid down:

- Period A.—July 15 to August 1, 22 days.
- Period B.—Aug. 5 to Aug. 16, 12 days.
- Period C.—Aug. 17 to Aug. 25, 8 days.
- Period D.—Aug. 26 to Sept. 9, 15 days.

Applications must be received by the Senior Naval Office at Esquimalt by July 1 for period A, and must be received at local headquarters by June 29, as names will be forwarded by telegram.

OLD HIKER, WHO WAS HERE TWO YEARS AGO, IS HEARD FROM AGAIN

W. H. Chapman, the 77-year old man, who was here a couple of years ago hiking 16,000 miles for a wager of \$5,000, has again been heard from. The Ashcroft Journal of June 19 reports his arrival there as follows:

W. H. Chapman arrived in Ashcroft on Tuesday after walking from Milwaukee, Wis. He is on his second lap of a 16,000 mile hike for which he is to receive \$5,000 in cash put up by some agency of an American magazine. The hike is the result of a bet between two Milwaukee millionaires that he could not walk the distance in five years. He has till July 1928 to complete the journey, and he is two years ahead of himself. He will receive an extra \$1000 if he reaches Vancouver by July 10 this year. Chapman is 77 years old. He left Milwaukee on May 27, 1924, and has tramped via St. Louis, New Orleans to Jacksonville, Florida, then north through North Carolina to West Virginia, Indiana, Ohio, entering Canada at Fort Francis, then through Winnipeg, Brandon, Regina, Moose Jaw, Calgary. He has a pass signed by C. Murphy, general manager of the C.P.R., permitting him to walk the right-of-way from Golden to Vancouver. He called on the government agent and the C.P.R. agent here securing their signatures as proof of the visit. He went on to Spences Bridge.

JOE PRINCE FINED \$300 FOR KEEPING LIQUOR FOR SALE

Joe Prince was fined \$300 in the city police court yesterday afternoon for keeping liquor for sale at the Cove Bay lunch. Evidence against Prince was obtained in a raid made recently by the city detachment of the provincial police. A quantity of liquor was found which for sale but for private use. The court, however, did not accept this version and the accused was accordingly convicted by Magistrate McLymont. The prosecution was in the hands of E. F. Jones, city solicitor, while Milton Gonzales appeared for the defence.

LONG SCHOOL VACATION ON

Closing Exercises Took Place Yesterday in Booth and Other Schools

The long summer vacation for teachers and pupils of the high and public schools starts today and sessions will not be resumed until the first week in September. The usual exercises have marked the closing proceedings at most of the schools. In a few days the most of the teachers will have left for their annual vacations.

Yesterday afternoon closing exercises were held in the Booth School. A large number of parents availed themselves of an invitation to visit the various class rooms where work was in progress, or class programs were being given.

Each room had displayed a great volume of the work of the class in drawing and writing, while, in line with modern educational practice, class and individual projects occupied a prominent place among the exhibits. The auditorium was occupied by classes engaged in learning geography by means of an illustrated lesson. Parents as a whole commented on the great amount and excellent quality of the work shown.

VISITORS ARE ENTERTAINED

Local Rotarians were Hosts to Ketchikanites at Cabaret Dinner Last Night

The local Rotary Club entertained the visiting members from Ketchikan club at a cabaret supper in the St. Regis Cafe last night. The event was largely attended and proved a fitting conclusion to the pleasant two day visit of the northern Rotarians who returned home on the Princess Charlotte this morning. The dinner opened with the singing of "O Canada" and "America" and, in the course of the evening, there were solos by Mrs. Anderson, Mrs. S. D. Johnson, J. E. Davey and Dr. H. C. Carruthers of Ketchikan as well as community singing.

REGATTA WAS BIG SUCCESS

Waterfront Was Centre of Interest Yesterday for Yacht Club Affair

The second annual regatta staged by the Prince Rupert Rowing and Yacht Club yesterday was a decided success. The weather was ideal and a large crowd of adults and children were on hand early to enjoy the hospitality of the club and witness the races. The various events went off smoothly and were keenly contested. The Boys' Band, under bandmaster Wilson, rendered selections during the afternoon and evening. Delightful refreshments were served in buffet style to the visitors under the supervision of Mr. and Mrs. George Richmond, St. Regis Cafe. The officials and members of the club worked with a will and their combined efforts resulted in the regatta being voted by the many visitors one of the most enjoyable sporting events ever staged in the city.

The races resulted as follows: Gas Boat Races—Cruiser handicap for Suka cup.—1. Inlander (Don Crerar); 2. Colifer (F. W. Allen). Open boat handicap for Yacht Club cup.—1. Busy Bee (Joe Scott); 2. Nadine (Dr. Tremayne). Speed boat race, open to all.—1. Mig (Dr. H. L. Alexander); 2. Poinsettia II (R.E. Benson). Relay Race.—Four boats to flotilla.—Wyle leading, Dr. J. A. West's flotilla won. The members in the winning flotilla included Louis Amadio, N. Dagleish and Syd Thompson. Rowing Races—Mixed doubles.—1. Miss Gwen Palmer and Fred Kergin. 2. Mr. and Mrs. C. A. Kirkendall. Men's doubles.—1. Kirkendall and Starr. 2. Hill and Fred Kergin. Ladies' Singles.—Mrs. C. A. Kirkendall. 2. Mrs. F. W. Allen. Men's singles.—1. W. Watt. 2. Fred Kergin.

The officials responsible for the success of the regatta included Alex. McDonald, president and general convener; John Lindsay, vice-president; Alex. McRae, secy.-treasurer; Dr. W. T. Kergin, George Rorie, R. E. Benson and Dr. J. P. Cade. The regatta committee comprised Dr. J. P. Cade, chairman; Geo. Rorie, official time keeper; R. E. Benson, judge and starter; Dr. W. T. Kergin, competing boats; John Lindsay, chairman of course; Alex. McRae, entertainment and publicity; J. H. Thompson, Olof Hanson and Percy Tinker, judges. Shep. Thompson, caretaker, rendered yeoman service during the day. Lumber for the erection of the band stand was contributed by Albert & McCaferly and the refreshment tent was loaned by the Lipsitt-Cunningham Company.

NATIVE SONS LEAD LEAGUE

Defeated Gyros in Close Game by Score of 3 to 2 Last Night

By defeating the Gyros in a keenly contested Senior League baseball game last night, by a score of 3-2, the Sons of Canada climbed to the top of the league. It was a good game throughout and the large crowds of fans in attendance got full value for their money. In the first innings Balfour and Farquhar, for the Sons, hit Schenker for a two bagger followed immediately by the Gyros scoring two runs in the same innings. Lambie pitching for the Sons, did good work. The fielding and support by both teams was excellent throughout the play. Joe Scott umpired the game.

Following were the teams: Sons of Canada.—Balfour c; Lambie p; V. Menzies 1b; Farquhar 2b; W. Mitchell ss; H. Menzies 3b; Ratchford cf; Clapp, lf; Gurvich rf. Gyros.—McKdown c; Schlenker p; Frizzell 1b; George Mitchell 2b; Morand ss; Haveland 3b; Tulloch cf; Hill lf; Skinner rf.

BRINGING UP FATHER

SPORT CHAT

The Gold Storage and Moose, finalists in the Dominion Day Cup series, will have another go at it this evening when they meet in the opening game of the Mobley Cup or city championship soccer schedule. In view of the close manner in which these teams have been running lately, the match tonight gives promise of being a very interesting one, with speculation rife as to who will get the thin edge of the wedge in for the city title. The Moose will line up the following team: Gawthorn; Skinner and Murray; Mitchell, Currie and Hunter; Hodgkinson, Macindewar, Gurvich, Baker and Tinker; reserves, White, Hamilton and Maek.

What a scramble there is in the National League! The sixth place team is just three and one-half games out of first place, and the team on the third rung is a game and a half off the leaders. What a contrast between the National and the American! In the latter the rocketing Huguenots are nine games ahead of their nearest rivals, the White Sox, while in the Heydler wheel there are only ten games between the top team and the tail-enders. It's the greatest race the National League has seen in years.

MISS MITCHELL AND R. HOWARD WIN IN TENNIS TOURNAMENT

Following were the results of the final games in the Prince Rupert Tennis Club tournament last night: Ladies' Singles—Miss Mitchell beat Miss Riel 7-5; 6-0. Men's Singles—R. Howard beat A. H. Carmichael 6-8; 6-3; 6-3.

CROP OUTLOOK ON PRAIRIES IS GOOD SAYS F. G. DAWSON

Prospects are for a bumper wheat crop on the prairies this year, states F. G. Dawson, who returned home yesterday afternoon following a trip to Montreal where he attended a meeting of the directors of the Canadian National Railway. There was a heavy two-day rainfall recently which was particularly timely in the southern prairies, where it was badly needed.

OVERLOADED GASBOAT CAPSIZED, RESULTING IN DROWNING OF MAN

The body of August B. Norlin, who was drowned at Port Clements on June 12, when a gasoline boat capsized, has not yet been recovered. Norlin, who had a ranch at Fort Fraser, was employed as a pipe fitter at the Port Clements sawmill. He had been taking a load of pipes to the Shannon Bay cannery for lathe work and, on his return, almost in front of the Port Clements wharf the cargo on the small boat shifted and the boat was over. Nothing further was seen of Norlin who was unmarried and about 55 or 60 years of age.

Donation of \$1,000 to Endowment Fund Announced—Officers Elected

The Caledonia Diocesan Board of the Women's Auxiliary continued its sessions yesterday opening with the Holy Communion service at which a helpful and inspiring address was given by the Ven. Archdeacon Rix.

This was followed by a business session, at which the address of welcome to visiting delegates was given by Dr. Eleanor Lennox, M.D., Mrs. Marsh of Terrace replying. Other business was then proceeded with and the meeting adjourned at 4 p.m. for luncheon and balloting for officers of the board for the coming year.

At 2.30 the session was resumed, when a very able and instructive address was given by the president, Mrs. Rix. This was followed by a splendid address from Dr. Cartwright, L.L.D., president, Toronto Diocesan Board, on the aims and objects of the W.A. organization, after which general business was dealt with, closing with many hearty votes of thanks to all who in any way had contributed to the success of the fifth annual meeting of the Diocesan Board.

The meetings were presided over by the president, Mrs. Rix, who carried them through in a most successful manner.

Donation Made
Dr. Cartwright announced to the meeting that the Toronto Diocesan Board was presenting a legacy of \$1,000 (which had been left to them) to the Bishop's Endowment Fund, this action being the result of a most eloquent and earnest appeal from the Ven. Archdeacon Rix, when in Toronto.

The following officers were elected for the coming year:

- Honorary president—Mrs. Du Vernet.
- President—Mrs. Rix.
- First Vice-president—Mrs. McGoskrie.
- Second vice-president—Mrs. Hill.
- Secretary—Mrs. Holtby.
- Treasurer—Mrs. McIntosh.
- Sec.-Treas. (Girls)—Mrs. Homer.
- Sec.-Treas. (Juniors)—Mrs. Parkin.
- Sec.-Treas. (envelopes)—Mrs. Bazzett-Jones.
- Sec.-Treas. (thank-offering)—Mrs. Orchard.
- Sec.-Treas. (Dorcas)—Mrs. W. E. Collison.
- Sec.-Treas. (Literature)—Mrs. Goodsell.
- Sec.-Treas. (prayer parl)—Miss Davies.
- Living Message Editor—Mrs. D. Allen.
- Sec.-Treas. "Little Helper"—Mrs. Tobey.
- Delegates to the Dominion Annual meeting—Mrs. McGoskrie, Mrs. Orchard, Mrs. Andrew, Mrs. Mackie, Mrs. Holtby.

HUDSON BAY TRADING SHOONER MAUD, FORMERLY AMUNDSEN'S MAUD, HERE ENROUTE TO ARCTIC.

(Continued from Page One).

summer. Towering hills and mountains of ice, following ice hummocks, biting snowstorms, frozen seas, ice-locked harbors, polar animals, and sudden death are not strangers to the Maud, which has made many visits to the land where men are men, and where they live by the law of self-preservation, force, pluck and endurance.

The schooner, which succeeds the Lady Kindersley in the Hudson Bay Arctic service, has had a romantic history. She was built in Norway to the specifications of the famous explorer, Captain Amundsen, and put in commission in July, 1918. Captain Amundsen's plan was to put her in the ice in the vicinity of the New Siberian Islands, with the hope that she would be carried across the Arctic Sea to Spitzbergen. Conditions were, however, unfavorable to the scheme and for three successive winters she was forced to spend her time wintering on the Siberian coast. In 1921 she proceeded to the Pacific Coast for repairs, which were completed at Seattle, where she also took provisions. In those days the schooner was known as the Maud.

The exploration of the unknown regions within the Arctic Sea was always a fascination to Captain Amundsen, but H. U. Sverdrup, who was in charge of the scientific work on the expedition, states that it was never thought possible that the vessel would be carried from the New Siberian Islands across this area, as the course taken by the Jeannette wreckage was directly past the pole and away from the unknown area. The expedition was intended rather as one with the object of making scientific observations.

Real Adventures
In July 1922, Captain Amundsen handed the command of the party over to Captain Oscar Wisting and left the schooner with the intention of organizing an expedition to cross the Arctic Sea by air.

It was after his departure that the adventures of the schooner really commenced. On July 29, 1922, the schooner left Point Hope under her new commander and arrived at Herald Island on August 3. This marked the stopping of any attempt to progress further under the schooner's own power, and for two years, until August 9, 1924, she drifted as a unit of the ice-pack.

Captain Wisting, speaking of his adventures, stated that the prevailing northerly winds prevented the schooner from drifting across the Polar Sea north of De Long Island, and carried them instead backwards and forwards in their ice prison. In 1924 the schooner again commenced to drift west-northwest, and on August 9 had brought her north of the New Siberian Island, where she succeeded in clearing the ice. If she had remained in this region it is likely she would have drifted across the Polar Sea, but he had orders by wireless from Captain Amundsen to abandon further efforts to make the attempt, and instead return to Nome, Alaska.

Difficult Return
The homeward progress was very slow, as at Cape Baranov, 40 miles east of the Kolyma River, attempts to find a passage through the ice barrier failed and the ship's company resigned themselves to spending another winter in the Arctic. From September 5, 1924, until July 13, 1925, she was locked in the grasp of the pack.

Danger was ever present. In October 1923, she was caught in a jam of ice between converging floes. These came together, crushing the ice raft before its advance until it stood as high as the schooner's masts, forming a boundary line with the Maud in the center. The fact that the schooner ever came out is due only to her form of construction and her innate strength. For two hours the crew waited for death, but the only damage the schooner sustained was a certain amount of straining.

Locked By Ice Walls
On another occasion conditions were even worse. In May, 1924, the ice raft broke and the floe on one side of the ship receded, but a huge wall of ice remained frozen to the side of the Maud. In June the schooner was jammed between a floe and masses of ice pans, and the frozen wall attached to the ship prevented the
