Alberta Liberals Hope For Close Co-operation Alberta and B.C. Ports

**C. Bowen Until Recently Leader of Liberal
Group in Legislature of Neighboring
Province Speaks at Theatre
Tonight**

To secure the closest possible co-operation between Alberta and British Columbia in order to forward their common interests the aim of J. C. Bowen, until recently leader of the Liberal group in the Alberta legislature, who arrived in the city yesterday afternoon and who will be the principal speaker at the public meeting to be held in the Westholme Theatre this evening.

Seen last evening Mr. Bowen stated that he was particularly pleased to see the elevator facilities provided here by the late Liberal government and to know

ELL OVER PRECIPICE

**Branches of Trees Broke Fall of
Big Creature, But Snapped

GRANBROOK, Sept. 4.—In good physical condition after a month of foraging for herself in the mountain of the southern interior, the circus elephant, Myrtle, which escaped here about August 6, is believed to be lurking in the heavily wooded section of the county six miles south of Granbrook where she was discovered by a band of searchers.

Myrtle's whereabouts was discovered Thursday by Abel, an Indian tracker, who followed the trail for several days from a point where the big creature fell down a 40 foot precipice, the descent being broken by trees, the heavy branches of which snapped off under the weight.

Abel tried to attach a rope to a chain which is still around the animal's neck, but she became enraged at the attempts and immediately charged the Indian, who was forced to flee for his life.

CROP AFFECTED BY THE RAINS

**In Some Parts of the Prairies It
Is Improved and in Others
Not So Good.**

OTTAWA, Sept. 4.—Canadian crop conditions to the end of August, according to a report issued today by the Dominion bureau of statistics show the effects of recent rains both beneficial and harmful. Some very high wheat yields are reported in Manitoba and Saskatchewan and yields generally will be better than expected the first of the month. In Alberta rains are likely to reduce the quality of the grain. The British Columbia fruit crop is a record one and it is expected the potato crop will not be as heavy as expected.

Washington State Penitentiary Partly Destroyed by Fire and Convicts Enjoy Partial Liberty

WALLA WALLA, Sept. 4.—Fire broke out in the Washington state penitentiary at 5.30 last evening and was not under control until 9 p.m. Nearly 1,000 convicts are under heavy guard in the prison's recreation yard.

Members of Company F of the National Guard were called out to prevent any outbreak among the prisoners. The main buildings, including the cell houses and the dining hall, was a total loss. Other buildings were not seriously threatened. It was reported that some burning object had been

threw a convict into the ventilating fan and from this the flames raged to cell wing number three and swept the full length of the building. The convicts were marched to the prison yard under strict guard. They seemed to take the entire episode as a great lark and they spent their time yelling, singing, playing ball and cavorting generally.

VANCOUVER, Sept. 4.—Taking issue with Hon. H. H. Stevens, who is reported as stating at New Westminster Friday that "Premier Oliver had claimed to be the only man who could run the P. G. E. Railway" and that Oliver had cancelled an agreement by which the G. T. P. was to take over the line, Hon. John Oliver last night declared:

"That is a falsehood. I never made the statement alleged. The agreement has not been cancelled. It is still on the statute books but never became operative because the line had never been connected up. When the G. T. P. was taken over by the National lines that line had another outlet to the coast and the thing simply became inoperative."

Miners Agree to Discuss Wage Reductions in Great Britain and Negotiations Again Open

LONDON, Sept. 4.—The Government has decided to make another attempt at negotiations for a settlement of the miners' strike. Secretary Cook of the Miners' Federation having sent a letter to the Government which is interpreted as constituting a sufficient basis to justify further efforts being made to bring about a solution of the controversy. Developments are expected Monday.

Cook announces on behalf of the Miners' Federation the readiness of the men to enter into negotiations for a national agreement with a view to reduction of labor costs to meet the immediate necessities of the industry.

This is considered the most important development since the strike started because it is the first time the miners have agreed to discuss wage reductions.

The cause of the strikers has been weakened somewhat during the past few days by the steady return of workers in the midland counties, where 20,000 are now working.

ings took place in the Boston Hall
and P. J. Solem, noble grand of
the local lodge, was in the chair.**

The address of the evening was given by Grand Master R. A. Perry in reply to the toast to the Grand Lodge which was proposed by H. M. Doggett. The toast to the Rebekah Lodge was proposed by Mayor Newton and Mrs. Jack Boddie, noble grand, replied, Miss E. M. Earl proposed the toast to the visitors, G. Overhill responding. During the proceedings, a delightful program of music was dispensed. This consisted of violin selections by Dr. R. E. Elyofson and Albert Woods, songs by J. McLean and C. G. Minns; instrumental selections by C. G. Minns, Sid Thomson, R. E. Elyofson and A. Woods, piano solos by Mrs. Hamilton Douglas of Seattle, and community singing. Those acting as accompanists were W. Vaughan Davies and Sid Thomson.

The proceedings broke up about 1:30 this morning.

Foley tipped the scales at 120 pounds. The two boxed a ten round exhibition bout, the decision being a draw.

PENNANT RACE IS VERY CLOSE

NEW YORK, Sept. 4.—Babe Ruth batted his forty-first home run of the season in the second game against Philadelphia which the Yankees won, but dropped the first, giving them a lead of five and a half games for the pennant.

The National League race tightened up somewhat yesterday with St. Louis sporting a bare five-point lead over Cincinnati and Pittsburgh again threatening only ten points back of the leaders. Errors aided Cincinnati to defeat St. Louis, while the Pirates fanned Chicago in a tight tenning affair.

The New York Giants turned on the helpless Boston Braves, hammering four pitchers for 23 hits and scoring five runs in the fourth and twelfth innings.

AN EXTRACT FROM MEIGHEN'S SPEECH

The following is an extract from a speech delivered in Montreal on September 1 by the Hon. Arthur Meighen as reported by Canadian Press:
"Mr. Meighen denied the rumor he was present at a political picnic in North York, when a Conservative speaker was said to have suggested that immigrants of the first generation be denied Canadian franchise. Mr. Meighen said that he did not consider himself bound by any but the settled and expressed policy of his party. The Conservative party, he said, was ready to welcome all good citizens to Canadian shores."

Enjoy the Holiday Forgetting Politics.

Monday is a holiday and Prince Rupert people will enjoy it in the usual manner. It is suggested in this connection that we all try to forget the political contest for that day and enter into the holiday spirit without any thought of what is going to happen to the candidates for political honors. A rest will be good for everyone.

Labor Day is intended to be a holiday devoted exclusively to those who work. Prince Rupert people all work so they can enjoy the day, knowing that they have earned it and that, as members of the working class, they will feel the day is their's.

Political Meeting in Theatre Tonight.

Liberals in the city are taking advantage of the visit of J. C. Bowen of Edmonton, one of the Liberal leaders of that city, to hold a meeting here tonight in the Westholme Theatre at which it is announced both Mr. Bowen and Mr. Stork will speak. This is the first occasion Mr. Stork has had of meeting the electors here and of addressing them and doubtless everyone will wish to hear him and also to hear the visitor who is said to be an excellent speaker.

Mr. Bowen brings a message from the Alberta capital to British Columbia's newest port, a message of brotherhood. He says that each is necessary to the prosperity of the other and he hopes to see much closer relationships established in the near future. That too, we can assure him, is the desire of Prince Rupert people. We are to do business with Edmonton soon and we want to know the people there better and to try to establish mutual relations that will redound to the benefit of both that city and this.

Will Mr. Bowser Still Continue His Story.

W. J. Bowser, former premier of British Columbia, has been going through the country telling humorously about the manner in which liquor is being shipped out of Canadian ports consigned to South America and returning in a few days for more. He used this as an argument against returning a Liberal candidate. Now it is shown that the shipments are going on as before with H. H. Stevens as minister of customs. Will Mr. Bowser continue to tell the same tale and to infer that this is the work of the Liberals? He probably will, for he will do anything that he thinks will deceive the electors, but it is our duty to try to enlighten them as to the sort of campaign the Tories are carrying on and we intend to do so. We suggest just now that all these political statements be taken with a grain of salt and their truth or falsity be investigated.

The new Kispiox road has been completed to James Dean's place and finishing touches are now being put on by the gang.

E. A. Goddard, who has been for several years on the Omineca Herald staff, has left for Vancouver to enter Normal School.

Mrs. George D. Parent and sons left last week for Montreal where the boys will resume their studies.

Miss Francis Willan has left for Vernon where she will reside with her uncle, Rev. W. H. Willan, and attend High School.

Paddy Greagh, owner of the Brian Boru property on Rochede Boule mountain reports the discovery of another silver, lead and zinc showing one mile southwest of the Brian Boru.

Mrs. Hugh A. Harris leaves today for Vancouver where she will spend the winter months. Last Saturday evening a surprise party was given in her honor.

Mrs. C. H. Sawle and Miss Jean Burns left today for Vancouver. Mrs. Sawle will holiday and Miss Burns will enter Columbian College.

Mrs. C. H. Sawle last week received word of the death of her brother, Richard Lamb, at Emo, Ont. Deceased, who died of injuries sustained when he was knocked down by an automobile, was 45 years of age and leaves a widow and large family.

J. C. Brady, Conservative candidate, spoke here on Monday and Fred Stork, Liberal, held forth on Tuesday.

PRINCE GEORGE

The promoters of the Prince George pulp and paper project addressed a luncheon of the local board of trade last week. They were unable to state anything definite as to when the undertaking might be commenced but they expressed the belief that something might be done before long. The investment might amount to thirty million dollars.

There are 1488 names on the voters' list for Prince George division of Cariboo constituency. This is a gain of over 200 as compared with the list for the last federal election.

For the purpose of co-operative selling and buying, the Prince George Co-operative Exchange is being formed by the members of the Farmers' Institutes of Prince George, Woodpecker, Mud River and Salmon River.

Judge Robertson and family have returned to their home in the city after having spent several months at their summer home at Fraser Lake.

It is expected that the central interior of the province may benefit in the way of added settlement as a result of the visit here last week of Lord Clarendon, under secretary of state for the Dominions and chairman of the British government's overseas settlement board.

Dr. R. W. Alward, E. A. Carney, A. McE. Young and T. S. Baxter, the latter of Vancouver, have been touring the district giving campaign speeches in support of John A. Fraser, Conservative candidate for Cariboo riding.

Mayor Taylor has returned to the city after a three weeks' motor trip through the southern portion of this province and Washington and Oregon.

Miss C. Woland Merrill, honorary secretary of the Queen Mary Needlework Guild of Canada, who is travelling through the west, gave a very interesting address to the ladies of Prince Rupert on the work done by that society.

TERRACE

Miss Mary Wilson, daughter of Mr. and Mrs. A. Y. Wilson, Remo, who has attended public and high school here for several years, left on Monday for New Westminster where she will spend the next year in school.

Mrs. Honore Cote left on Monday for Prince Rupert.

Mrs. Robert Haney went to Prince Rupert on Monday for a short holiday.

H. C. Crawford, manager of the Stuart Lake Fish Hatchery, was a business visitor in town at the beginning of the week.

Mrs. Percy Skinner of Esk spent Monday at the home of Mr. and Mrs. W. C. Sparks.

W. E. Cunningham of Camden Ark., is spending a few days in town in the course of a holiday trip through B.C.

C. A. Welbourne of Giscombe was a business visitor here early in the week.

A pleasant social evening was spent on Monday at the home of Mrs. J. K. Frost when the B. F. Bridge Club entertained in honor of Mrs. J. Morse Hatt who is leaving this week end. During the evening Mrs. Hatt was presented with a very pretty luncheon set in Roman cut work by the members of the club and regret at her departure expressed. Several games of bridge were played and refreshments served by the club members.

Myrtle is still in the woods, old dear.

"Now you have her and now you don't" is the name of the latest elephant song.

It is suggested that British Columbia should advertise elephant hunting as one of her big game sports.

Myrtle is like some of the other ladies—rather dangerous.

I should like to suggest that Brady try to secure Myrtle to take the place of Mr. Bowser as a travelling companion. She would not be any more dangerous.

DRINK FOWLER'S ZEM-ZEM

The Delicious Grape Beverage

Bottled Under Authority by the BEAVER BOTTLING WORKS - PRINCE RUPERT

Proper ageing makes healthful beer

AMONG the measures taken in the plants of the Amalgamated Breweries to assure that the beer made for the people of British Columbia is of the purest and most healthful character there is a factor not often brought to the attention of the public.

That is proper ageing, under the most favorable conditions known to the science of brewing. The stability afforded the brewing industry in British Columbia by the legal, above-board and Government Controlled sale of beer, by the glass in licensed premises and by the bottle in Government Stores, affords the Amalgamated Breweries an opportunity to maintain an ample and sufficient reserve that is allowed to mature slowly and naturally.

The ageing of beer in the plants of the Amalgamated Breweries completes the physical and chemical processes that the malt and hops undergo in the course of brewing and is among the reasons why the people of British Columbia are provided with beer of high quality.

Pure and healthful beer is the product of the finest materials plus the utmost care, and most elaborate and scientific equipment is required. In its making it is absolutely sterilized, and prolonged filtering leaves it crystal clear and a delight to the eye. Then comes the ageing that removes every trace of the rawness often found in beers that are too "young," and that makes it bland and digestible—really a pre-digested liquid food, high in nourishing qualities.

The valuable sugars, proteins, mineral salts and organic phosphorus compounds are united in close and homogeneous union, and, most important of all, fermentation is totally ended, leaving the alcoholic strength low—4.25 per cent. as provided for by law—and just sufficient to stimulate the digestive system in the most favorable manner.

Visitors are welcome at all times to inspect the model plants of the Vancouver Breweries Ltd., Rainier Brewing Co. of Canada Ltd., Westminster Brewery Ltd., Silver Spring Brewery Ltd., and the Victoria Phoenix Brewing Co. Ltd., where the beer supplied to the people of British Columbia is made.

Bushby to Operate Trawler---Union Oil Station to Open September 15---Halibut Boat Changes Hands

The trawler Geo. E. Foster, belonging to the Canadian Fish & Cold Storage Company, has been chartered by the Rupert Marine Products Limited and is expected to be out on the banks next week to catch scrap fish for the reduction plant.

September 15 is the date set for the new oil station of the Union Oil Co. on the waterfront, immediately east of Cow Bay, to open for business.

Four 20,000 gallon tanks have been erected on the hill south of the railway tracks and have been connected up with piping to the wharf.

The wharf is just about completed, the laying of the decking now being in progress.

On the tank side of the track has been built a 26 by 30 corrugated iron garage for the accommodation of two trucks and beside it will be a loading post to which there will be connected pipes for the filling of a tank truck with bulk oil for local delivery.

This will comprise the establishment for the present but there is plenty of room left for expansion, which the company hopes will be necessary before long.

The tanks will be filled by using the pumps on the tank boats which supply the plant and gravity will take care of the loading onto boats at the wharf and from the loading post.

The pumps on the tank boats which supply the plant and gravity will take care of the loading onto boats at the wharf and from the loading post.

About twenty-five men, all local, are being employed on the construction of the station.

R. J. Kenmuir, district sales manager for the Union Oil Co., paid a visit of inspection to the plant during the week and will be back about the time of the opening.

One of the members of the Vancouver office staff will become manager of the station and should be here within a week's time to assume his duties.

The stairway approach from the foot of McBride Street to the government wharf is to be rebuilt by the provincial department of public works.

Measurements were taken this week, an examination showing that the underpinning was pretty well rotted away after many years of service, making rebuilding a more economical plan than continuing repair work.

Taking north a winter supply of liquor for the thirsty residents of the Telegraph Creek district, the Prince Rupert Boat House power boat 28 (Leila R) sailed again for the Stikine River last Saturday night with a consignment of Christmas cheer and cold cure.

The vessel was under command of Capt. Alex Saint with Corp. Van Dyk, game officer, accompanying as representative of the provincial police.

The Leila R. was expected back today. Considerable interest was taken in diving operations at the government wharf on Wednesday afternoon when the Princess Charlotte was in port.

While in Ketchikan harbor, the Charlotte backed into a derelict fish trap with the result that both her propellers became entangled with chicken netting to which was attached concrete weights.

Bill Shelim and Rolf Walker donned their diving suits and, with Capt. Swanson tending them, were able to loosen the entanglements from the ship's wheels, but it will take docting to remove them altogether.

sage while coming into port with a catch of halibut Tuesday afternoon. The Chelsea hit a rock on a falling tide and for some six hours was stuck up in a rather precarious position, but the rising tide floated her off, not, however, before the captain took considerable alarm and sent in to town per the M T 3 for assistance.

Laurie Lambley took the 23 out with a pump scow but the Chelsea floated without its use and came into port under her own power.

Repairs to the keel and keel shoe were effected and the vessel got away to the banks again today.

The Prince Rupert Boat House gravel scow was on the dry dock at the end of this week for cleaning and painting.

Toodie Changes Hands

The well known local halibut schooner Toodie changed hands this week, the vendor being Art Oswald and the purchaser, James Leask.

It is the first boat to be owned by the latter although he is a well known local fisherman. Capt. Oswald sold the vessel having been advised that his health would be benefited if he would forego the rigors of the halibut game for a while.

Accordingly, he has joined the employ of the Canadian Fish & Cold Storage as skipper of the packer W. R. Lord in place of Fred Walters, who has gone to the Zibassa.

The Toodie, which left for the banks on Tuesday for the first time under the new ownership, is a 15 foot four man boat, powered with a 20 h.p. Standard gas engine. She was built in Seattle about ten years ago, then being known as the Speculator.

For the past eight years, however, she has operated under Canadian registry as the Toodie. Called away on account of the serious illness of his father, Capt. Harry Ormiston, popular master of the lighthouse tender Newington, left for Victoria at the end of last week.

His many friends hope that his father's health may soon be restored and that the skipper may return to his duties without delay. During the absence of Capt. Ormiston, Capt. Joe Peterson of the Birnie is in command of the Newington and Chief Officer Gillespie of the Newington is at the bridge of the Birnie.

The Newington went out on Wednesday with stores for Langara lighthouse, returning here at the end of this week. The halibut schooner Mary M. Christopher, Capt. Alf Jacobsen, which is under charter to the South Bay cannery in Skidegate Inlet for packing purposes, came in on Tuesday and, after taking on supplies, returned to the Islands Wednesday night.

After having been packing for the Port Edward cannery under a thirty-day charter, the halibut schooner Onome, Capt. Dave Ritchie, resumed halibut fishing this week. The cannery tender Allford B. was in port during the week for supplies.

The Whiff Man called on Ray Love this week but Ray Love is so busy talking politics just now that there is little time left for business or newspaper interviews. If Ray's confidence and oratory would win this election, one of the candidates might just as well forget any further aspirations for honors at Ottawa.

vatives even held Mike McCaffery up and tried to tell him what was best for the country. Mike, however, told them he was from Quebec and they would have to show him. They were still going strong several hours after starting but Mike was still unconvinced.

If the candidates knew how hard some of their supporters were working for them they sure would feel they owed them more than a debt of gratitude. There is lots of talk and supporters of both sides say there is nothing to it, but, as usual, September 14 will show up a lot of lies or bad judgment.

The schooner Westerner, which has been trolling, returned to the halibut fishing game this week.

Thieves at Work

Ted Shrubbsail reported the loss of two skates of gear from the schooner H. and R. at the Cow Bay floats Wednesday night, the suspected theft being reported to the police.

The value was about \$40 or \$50. Ted would not mind so much losing any ready person the gear but he says it sure upsets his plans, to say nothing of his peace of mind, to have it removed without notice.

The managers of a number of the canneries on this part of the coast have been using speed boats this season so as to better patrol their districts.

Two of the Canadian Fishing Co.'s speed boats are capable of making 24 knots per hour. The boats have been designed to withstand rough weather and have proven of incalculable value in making hurry-up trips, as managers are often called upon to do, to out-of-the-way places.

Halibut landings at the port during the past week (Saturday to Friday inclusive) totalled 538,500 pounds of which American vessels landed 446,500 pounds and Canadian, 91,900 pounds. The high price of the week for American fish was 48c on Tuesday when there was little offered while the high Canadian price was 16.5c on the same day.

First class American fish went as low as 14.1c on Friday while the Canadian low was 14c on Saturday. Second class fish, both American and Canadian, averaged around 9c. Boats landing catches during the week were as follows:

American—Pioneer, 38,000; J. P. Todd, 9,000; Hilda, 12,000; Foremost, 55,000; Columbia, 47,000; Reliance, 8,000; Chelsea, 18,000; Urania, 27,000; Blanco, 8,500; Sentinel, 24,000; Fairway, 17,000; Resolute, 50,000; Allen, 18,000; Portlock, 33,000; Tyeo, 15,000.

Canadian—Scrub, 14,000; Toodie, 5,000; Ruth, 2,500; Marguerite, 4,000; Iris, 4,400; Bayview, 8,500; H. and R., 1,000; Margaret, 20,000; Agnes B., 5,600; Gibson, 4,000; Bingo, 4,500; Mayflower, 7,000; Nautilus, 6,000; Cayceor, 6,000.

Halibut landings to date for the season at this port total 19,077,800 pounds of which American bottoms landed 15,493,600 pounds and Canadian 5,384,200 pounds.

SPORT CHAT

It is being planned, weather permitting, to play the next game in the city championship baseball play-off between the Gyro Club and the Native Sons of Canada tomorrow afternoon.

Fans will be looking forward to a better exhibition than that of Thursday night. Players are expected to play and not to stall and conduct like Thursday night does not popularize the game.

The Trades and Labor Council may, as usual, be expected to give a good day's sport entertainment on Labor Day with races and the usual features.

In past years, the council has lined up a good program and fervent prayers are now being offered up to the weather man to do his part in making the celebration this year again a complete success.

The Gilhuly Cup football, series, between the Moose and Grand Terminals, has been having a hard time getting started but an interesting contest between these two teams for the last silverware of the season is expected.

Of the soccer trophies already captured two—Stuart Shield and Dominion Day Cup. The Moose, however, took the Mobley Cup, significant of league championship. The next regular football night is Thursday of next week.

One of the features of the Labor Day celebration program will be a football match between members of the Junior League under the team names of Corinthians and Nomads. The two teams will be made up as follows:

Corinthians—Pierce (Booth), Stiles (Borden), Cameron, Thurber, Currie (captain), R. Nelson (Booth), Irvine (High), Dickens (Booth), Hunt, N. Gurdich (Borden) and Comadina (High).

Nomads—A. Gross, Murray, Stalker (High), Rodgers (Borden), Kelsey (captain) (Booth), F. Morrison, E. Smith, Wicks (Borden), Viereck, H. MacDonald (High), and Hatchford (Booth).

Reserves—Dan Morrison and Angus MacDonald. Shirts will be provided but players will have to bring their own knickers, boots and stockings. The Corinthians will report to J. S. Wilson and the Nomads to Jack Campbell.

"Silence" was the watchword when Bob Fitzsimmons stopped Jim Corbett in 14 rounds at Carson City, Nev., March 17, 1897. Billy Madden, master of ceremonies, warned the 5,000 persons present that no unseemly shouting would be tolerated.

Hear the voice of the master: "You will please keep order. If there is any excitement or shouting it will only interfere with the men. Please remember that there are ladies present."

WINNING THE ASHES IS EXPLAINED BY A CANADIAN PAPER

(Ottawa Citizen)
Reports from Britain concerning the victory of England against Australia in the fifth test match go to show that the entire nation was stirred as never before by this first triumph of the home-land cricketers since 1912.

One report describes graphically the scenes in London last Thursday night following the winning of "the Ashes" by Britain. After the game, it is said, "there was the wildest excitement in the city, restaurants and cabarets remaining open long after the legal midnight hour," while "crowds on the streets shouted and made merry."

To many Canadians, talk of "the Ashes" is somewhat mystifying. "The Ashes" are the only symbol of victory in these great biennial tests. They are contained in a little urn and are made by burning one of the wicket stumps used in the matches. The symbol was presented to Lord Darnley in 1882 when he took an English team to Australia for the first time and defeated the "Downunders."

The idea of "the Ashes" came from a cartoon published in the Sporting Times earlier in the same year. The cartoon depicted the death of English cricket after the Australians had won, and it was titled: "The Ashes Will Be Removed to Australia." "The Ashes" have gone back and forth many times since then, with Australia slightly in the lead in total victories. But English cricket, as proven, is far from being dead.

ROTARY CLUB HEARS TALK ABOUT TAXES

New Turnover Levy Suggested for the Province Would Replace Personal Property Tax.

Before the Rotary Club Thursday afternoon, Walter Fisher, provincial tax collector, outlined to the members the proposed new tax which it is suggested may take the place of the present personal property tax. He stated that the provincial government was anxious to secure the views of the business people in regard to this and would welcome suggestions with a view to having them incorporated as a part of the law.

Mr. Fisher said it had been objected to the property tax that it was inequitable. Still he personally thought it would be a serious matter to eliminate a tax until mature consideration had been given the matter and until proper ways and means of replacing it had been discovered.

Property Tax
The main objections to the personal property tax were that often the tax increased as the business decreased for the reason that larger stocks were left on hand. Some merchants, through the nature of their business had to carry ten times as great a stock as others with a larger turnover and larger profit. Often the tax on business conducted by Orientals and others was inadequate to the amount of turnover and lastly the tax was collected at a time of year when it could least be afforded and sometimes at the end of an unprofitable year.

Mr. Fisher then went on to show the impracticability of operating under a net income tax and outlined the proposed turnover tax which was to operate in connection with the income tax much as the personal property tax does today. It was to be a base minimum tax on which collections would be made monthly. The merchant would have to show his gross turnover and turn in a remittance on it. At the end of the year the net income would be declared and if a profit was shown it would be subject to the income tax and the collections made monthly would be credited on it. Only one tax would be payable.

The collections would be made at the rate of a dollar on every thousand of turnover for merchants. On professional fees and brokers' commissions the collection would be half of one per cent and on transportation, cartage and towing one quarter of one per cent.

If the tax were substituted for the personal property tax and was levied only on those paying today,

TRUTH! Arm yourself with it now and banish sickness from your system. Get this masterpiece health volume—"The Fast Way to Health"—and let its simple, understandable language help you cure yourself. If you are fortunate enough to be well and healthful let it tell you how to keep well for the rest of your days.

Dr. Frank McCoy's famous book is not the result of theory or guesswork. It is a volume of health truths derived from practical experience with thousands of serious cases of disease. Its information is based upon facts and not fancies. Indeed, Dr. McCoy in his book cites chronic cases which were given but a few days to live. He explains how 38 serious diseases can be cured—cured by the suffering individual—ravaging diseases like Diabetes, Rheumatism, Tuberculosis of the Lungs, Bright's Disease, Asthma, Bronchitis, Female Genital Derangements, Anaemia, etc., etc. He deals exhaustively with the rearing of children from birth—with diet and its paramount importance to your daily welfare. His famous book is a family book, because it includes men, women and children in its scope of health truths and cures.

Remember, also, that the book, apart from its valuable advice, is supplemented by Dr. McCoy's daily health talks in the Vancouver Sun. As a reference for the daily talks the book is truly a family health treasure. Do not deny yourself and family this wonderful book. Fill in the coupon and get your copy at the special mass production price of One Dollar.

The Fame of Dr. Frank McCoy

Dr. McCoy is undoubtedly one of the outstanding physicians of the present age. His advice is sought by hundreds of thousands of sufferers—in Europe, the United States and Canada. Millions read his daily health talks. As a result Dr. McCoy's daily correspondence reached formidable proportions. His book, "The Fast Way to Health" was the imperative result. No other medium could possibly satisfy such a tremendous demand. The "SUN" is now publishing this famous volume on a mass production basis, thus making it available to everyone—rich and poor alike—at the ridiculously low price of \$1.00 per copy.

Remember \$1.00 only!

GET YOURSELF A FUR COAT AT GOLDBLOOM'S

Wm. Goldbloom's whole stock of fur coats is being offered for sale and he's got some beauties. And Goldbloom gives a guarantee with every coat he sells, except electric seal, which neither he nor anyone else will guarantee. This has been proved in past years. He guarantees you perfect satisfaction or your money refunded.

There is a great bargain in a Hudson's Bay Seal Coat with sable trimming at \$265. Or if there should be no coat you would like, you can consult the wholesale furrier's catalogue, choose your own style, and Goldbloom will only charge you ten per cent over the wholesale price. Goldbloom will give you a square deal.

MEIGHEN DENIES

Editor, Daily News:
On Thursday, September 2, in your editorial you say:
"Prince Rupert people who were born in the United States, Norway, Sweden, Denmark, France, Belgium, Italy, Greece and a dozen other countries would not be allowed to vote if some of the Conservatives had their way."

Some Conservatives here object to being tied up to a policy of that kind but it must be remembered that when George Wright made his address at Lennox in which he said he would restrict the ballot to those born in Canada or the British Isles, Premier Meighen and three other ministers were on the platform with him and they took no exception whatever to it as good Conservative policy.

I have the following telegram from Hon. Arthur Meighen which is self explanatory:
"On Train, Quebec, Que., Sept. 3, 1926."
"C. H. Orme,
"Prince Rupert, B.C.
"Was not present where Wright spoke. Never heard his speech or heard of it but for weeks after. Not responsible for Mr. Wright's utterances nor has Conservative party any sympathy therein."
"ARTHUR MEIGHEN."
Please be fair enough to publish this letter as it gives the lie direct to your above statements.

I am, yours very truly,
CYRIL H. ORME,
President of Skeena Liberal-Conservative Association.
