POLISH REBELLION IS COMPLETE SUCCESS

MEMBERS OF BRITISH UNIONS OBJECTING TO ACTION OF THEIR EXECUTIVES

London is Riding Once More Following Strike

Legal action may likely follow unconstitutional action of union executive in unlawfully expending funds

LONDON, May 15.—Among individual trades unions the aftermath of the general strike promises to be serious and far reaching. Groups of members of several unions already contemplate appealing to the law courts against the course of their executives in embarking on a strike unconstitutionally and thus expending the union funds unlawfully.

LONDON, May 15.—John Bull having first had a good rest to relieve his surplus energy went back to work today with a somewhat rueful one. John's offspring did not this morning as he had been doing for the past eleven while the head of the family was having his scrap. Loomillions of wheels began turning again, trams, buses and showing their paces in bringing people to business and one thing was largely true in the provinces with a major—the services almost reaching normal.

UNITED CHURCH ALLOTS FUNDS

Prince Rupert Expected to Contribute \$4,000 and Two per cent for Columbia College

\$150,000 FROM B.C.

VANCOUVER, May 15.—An allotment of \$150,000 as British Columbia's share of the United Church maintenance and extension fund for 1925 was accepted yesterday by the provincial conference in session here. Prince Rupert presbytery's share of this amount is set at \$200 but in addition to this the district is asked to contribute two per cent of the amount for the upkeep of Columbia College at New Westminster, the delegates agreeing to follow this line of action throughout the province.

WESTERN GRAIN SHIPS FEWER

VANCOUVER, May 15.—Fewer ships are carrying grain cargoes this season advances showing a decline of the season in sight. During the past week, boats going with grain cargoes were: 100 worth to Hampton Roads under 164,412 bushels. Canadian Freighter for Avonmouth 37,333 bushels. Canadian Steamer for Antwerp 441,306 bushels. Canadian Ranger for United Kingdom and European continent 97,972 bushels. Canadian steamer for Hull 149,324 bushels.

CHANGE OF VENUE IS ASKED BY McRAE IN TRIAL OF LIBEL CASE

VANCOUVER, May 15.—Mr. James Macdonald announced today he would give a decision on a motion by General McRae's application for a change of venue from Nanaimo, for the trial of a libel case brought against him by Hon. William Sloan in which \$50,000 is claimed.

NEW LIGHT PROMISED FOR SHRUB ISLAND METLAKATLA PASSAGE

SLUGGING SPREE OF BABE RUTH

Veteran Batter Keeping in Lime-light Enables Yankees to Beat Cleveland

NEW YORK, May 15.—Babe Ruth continued his slugging spree yesterday, banging out his eleventh homer of the season with one man on and thus enabled Yankees to defeat Cleveland two to one.

By hitting three pitchers hard and stealing five bases, Detroit turned back Boston in the third inning, the Red Sox completing a triple play.

Washington used four pitchers in futile efforts to stop St. Louis.

TO HOLD MEETING IN PRINCE GEORGE

Local C.N.R. Officials Leaving For Interior on Today's Train

A divisional meeting of Canadian National officials will be held in Prince George next Monday with representatives in attendance from various divisional points as well as representatives from some of the departments at Winnipeg. The following, going from Prince Rupert, will leave here on today's train: W. H. Tobey, F. W. Leeper, A. R. Holtby, A. Haines, R. A. Harlow, A. L. Holtby and J. Frew.

Boys' Band of Prince Rupert Conducted by Visiting Expert and Given Present of Cash

The Boys' Band of this city became enriched to the extent of \$135 as a result of the visit here of the members of Gizeh Temple. The visitors, particularly the members of the Shrine Band, displayed keen interest in the work being carried out among the boys and a collection was taken up for the benefit of the band. Yesterday afternoon, the money was turned over by Mrs. James W. Hudson, wife of the potentate, to R. V. G. Le Pine, chairman of the local committee, for presentation to the band.

Yesterday afternoon, in the course of a street parade, the Boys' Band was taken under the wing of the Shrine Band and during the march alternated in the playing of selections. The boys were delighted to be under the baton of Edward E. Leason, conductor of the band. Noble Leason, who in addition to being director of the band, is the recorder for Gizeh Temple, expressed great interest in the work among the boys and directed complimentary remarks to the Rotary Club which had been instrumental in its formation and particularly to Bandmaster Wilson for the splendid results that had already attended his efforts with the boys.

Buried Treasure from Cariboo Said to Have Been Discovered New Westminster by Old Timers

VANCOUVER, May 15.—A curious story of buried treasure from the Cariboo coming to light at New Westminster is being told and the Sun, of this city, under a New Westminster date line, has the following in regard to it: "Persistent rumors of treasure trove in the Royal City are passing quietly among a select party of old-timers, who refuse to deny or confirm reports of gold nuggets, buried sixty or seventy years ago by sappers of the British army valued at \$200,000 to \$300,000 purloined and buried by the sappers." According to the story the gold came from the Cariboo country all traffic for which at that time passed through New Westminster. This gold is said to have been encased in an old well, the location of which was described in an aged document that time passed through New Westminster. EMPIRE SHOPPING BEGINS ON MAY 24 APPEAL TO MAYORS

VICTORIA, May 15.—An appeal for support for Empire Shopping week from May 24 to May 31, was issued last night by Lieut. Governor Bruce. The plea is directed specifically to the mayors of all British Columbia towns who are urged by His Honor to take the lead in encouraging the purchase of Empire made goods.

Mr. and Mrs. George Clothier returned to the city on the Prince John this morning after having spent the past fortnight on the Queen Charlotte Islands where Mr. Clothier was on his annual inspection trip as resident engineer for the Department of Mines.

MINERS WAIT FOR ACTION

Proposals Will be Submitted to Local Districts Before Conference Moves

LONDON, May 15.—A conference of miners' delegates was called this morning and adjourned shortly after gathering until next Thursday. No decision was reached concerning the government's proposals for settlement of the dispute. Between now and Thursday the proposals will be submitted to the various districts.

Military Revolution in Poland Was Successful

Marshall Pilsudski is now in complete control in Warsaw and Polish capital is quiet following heavy fighting

LONDON, May 15.—The military revolution in Poland appears to have succeeded, according to advices reaching here today. Marshal Pilsudski is not only in complete control in Warsaw but advices received in the Polish capital indicate that a majority of the troops throughout Poland have joined his cause.

The coup has been far from bloodless, according to reports, but the accounts of the number of casualties is vague. One report today stated that 200 persons were killed and 2,000 injured in Warsaw during the fighting Thursday and Friday.

Developments outside of Warsaw are still obscure. Fighting, which commenced in Warsaw Wednesday ended late Friday with the capture by the rebels of Belvedere Palace, in which members of the government sought refuge. The situation is declared quiet now.

GOLD FOUND ON HIGHWAY

Dredge at Work Tearing up Ground For \$1,600 a Day in Precious Metal

SEATTLE, May 15.—On probably the most valuable stretch of state highway in the northwest which lies 14 miles north of Meadium on the old Yellowstone trail, where motorists once sped over the highway, a huge electrically operated dredge is now tearing up the roadway, and scooping gravel worth more than \$1,000 a day in gold.

The dredging is being done in the old Slave Creek district, the old find of 40 years ago and which it is said was abandoned by both whites and Chinese in order that they might hasten northward when the Klondyke strike was announced.

CROOK STOLE AWAY QUIETLY

Left Officers Sitting in Room While He Went Upstairs and Kept Going

WINNIPEG, May 15.—Paul Pola, the notorious crook confidence man escaped from immigration officials while awaiting the commencement of a trip east for deportation. Pola had just completed a term in the penitentiary for a \$7,530 swindle and prevailed upon the officers to take him to an old rooming house where he wished to secure prized personal belongings. The officers sat down in the front room and permitted Pola to go upstairs. That was the last seen of him.

STERLING IS AGAIN AT PAR

NEW YORK, May 15.—Sterling exchange sold at gold par, 4.86, this morning for the first time since 1914 but failed to arouse much enthusiasm on the stock market, which was featureless at the opening but renewed selling of motors and rubbers sent several of these to a new low level for the year. The decline ranged three to five points.

K. E. Lindsay of the C.N.R. superintendent of car service's office, Winnipeg, arrived in the city on last night's train and will leave today with local officials to attend the divisional meeting in Prince Rupert.

Many Newspapers Discussing Author.

Many newspaper editors and reviewers have been discussing Sinclair Lewis of late and particularly his refusal of the Pulitzer prize of \$1,000.

We rather incline to the idea that Lewis was ashamed of his own efforts and knew that the Pulitzer committee was making a mistake in awarding him the prize, hence he refused it.

What Was Reason? Toronto Globe Asks.

The awards for 1925 of the Pulitzer Prizes in literature have been announced, and Sinclair Lewis, who won the \$1,000 given for fiction on the strength of his novel, "Arrowsmith," has declined to accept the money.

Both Hits And And Kicks.

"Sinclair Lewis, it will be remembered, gained quite a wide celebrity as the author of "Babbitt." Why, no one ever could explain. It was a dull book, filled with dull representations of dull characters.

New York Sun Does Its Bit.

"In this way he got, no doubt, what he wanted—advertising; but a more sensitive individual would have winced rather than glorified at the disgust and aversion with which the sensible papers of the United States treated his utterances.

"A generation ago every American hamlet had a village atheist, as well as a village idiot. Until yesterday, when the news came that Sinclair Lewis had 'defied the Deity' in a Kansas City church, we had believed that the roaring atheist of yore had become rarer than the idiot, or in many cases shared a single identity with that unfortunate.

"And that is the writer who was awarded a prize for the book which 'best presents the wholesome atmosphere of American life and the highest standard of American manners and manhood!'"

FALLACIES OF HIGH TARIFF

Number of Claims Made by Advocates Answered by Anyox Writer

(By D. J. Sullivan, Anyox, B.C.) Tariff protection is masqueraded as a means by which imports may be regulated, and the markets controlled, when in reality it is a conditional subsidy that differs from a straight bonus only because the beneficiary makes the collection.

A tax on imports (tariff) like other taxes, is a price-increasing factor, the effect of which depends on the question of price control of the article upon which it is placed.

Tariff Sets Price

This tax establishes a price level for imported articles which are subject to duty, but does not control the price of the home products, consequently it does not restrict importations. For any articles not on the prohibited list can be imported over any tariff, and importations for resale can be made when the price of the home product is equal to or greater than that of the imported article.

Effects of Duty

Importations may be controlled, with or without a tariff, when the prices of the home products are kept below those of the imported articles, for it is this principle that protects the market and not a tax on imports—tariff. The American shoe industry is protected by the price of shoes, and not by a tariff, for shoes are on the free list there.

The cost of production is an old "saw," and may be anything especially when the consumer is compelled to pay it; for there is no standard by which it can be properly measured.

Designed as a Lure

When the price of an article upon which a tariff has been placed cannot be controlled, the consumer escapes the penalty and the subsidy cannot be collected, therefore those who swallow the bait of tariff protection should assure themselves that they can control the prices of their products, for if not, protection is a sop designed as a lure for raising the subsidies to those industries wherein they never fail to collect.

such as butter, eggs, etc., virtually competitive selling prevails from the Atlantic to the Pacific wherein there are thousands of scattered producers, and for this reason control of production, which is essential to successful marketing, is impossible.

Only Sane Course

The only sane course for producers who cannot control the prices to pursue, is to insist on a straight bonus on their products, or a substantial reduction of invisible taxes, to which the high cost of living, production, and marketing can be traced and which the collectable subsidy (tariff) on the finished products, is the principal factor.

If the tariff were increased from 3 to 8 cents a dozen on eggs and from 4 to 12 cents a pound on butter to agree with American rates and was collectable, the consumer would have to donate 8 cents for every dozen of eggs, and 12 cents for every pound of butter purchased, and pay tribute proportionately to all subsidized industries.

Excise Duty

A tariff should be levied for the purpose of increasing the prices of imported articles, so that the home prices could be kept at a level low enough to secure the bulk of the trade, and yet with profitable returns, or for revenue, therefore, an Excise tax should be levied on the products of subsidized industries when the prices exceed say 15 per cent of the declared value of similar articles, imported under the lowest tariff schedule.

That a high tariff is necessary to protect wages and to maintain a high standard of living is a protectionist claim. While it may be admitted that the collectible subsidies are divided with the workers by increasing the wage scales, the public, and not the industrialists, pay the increases.

Effective Answer

An answer to that argument is: that the Canadian goldminers are working in competition with the Kafirs of the Witwatersrand; that the copper producers are competing with the natives of the Belgian Congo; that the fishermen and the producers of the forest products have as rivals in the markets, those of the same callings in other parts of the world; that the producers of wheat, live stock, etc., must openly compete with those of other countries, and in each case their incomes are virtually regulated by the market price of the product, based on supply and demand, upon which their work is expended, and not like those of the protected industries, by a tariff subsidy.

SHRINE BALL FINE AFFAIR

Splendid Arrangements and Wonderful Music Conspired to Make it Notable Social Event

Due to the splendid arrangements for the event that had been made by the local committee and equally on account of the wonderful music that was furnished by the visiting orchestra of some 25 pieces, the ball given last night in the Exhibition Hall by the potentate and nobles of Gizeh Temple of the Mystic Shrine will stand out as one of the most notable social affairs held in Prince Rupert for many a day. There were about 500 persons present and the gay proceedings were in progress from 9 o'clock in the evening until about 2:30 this morning when, on account of the steamer Prince Rupert sailing on her return south with the party of visitors at 3 o'clock, it became necessary to draw the highly enjoyable affair to its conclusion. Beside the main feature of the dancing, there were other items of outstanding importance on the program including the drills by the patrol team, the singing of the male quartette and other novelties.

Colorful Decorations
The Exhibition Hall presented for the occasion a mass of colorful decorations such as had never before been seen in the building. From the ceiling beams were suspended in profusion hangings of Shrine color and everywhere in great abundance were patriotic and craft insignia including many illuminated symbols. The work of the decorating the large building had been a huge task but the local nobles had put in a great deal of work on the matter with very apparent and pleasing results. For the convenience of the guests, ladies' and men's cloak-rooms had been specially arranged.

Around the hour of midnight, refreshments were served in the balconies upstairs, arrangements in this regard having also been well looked after with Noble G. F. Richmond in charge of the catering. During the supper intermission, splendid piano music was discoursed by one of the members of the orchestra for the dancing.

Officials
Noble A. E. Bazett-Jones made a very efficient master of ceremonies and Noble W. Spiller presided at the door with E. Unwin acting as cashier. The general committee responsible for the success of the affair consisted of Nobles R. V. G. Le Pine, Olof Hanson, Thomas McClymont and A. E. Bazett-Jones.

The invitation list, besides members of the various branches of the Masonic craft, included the citizenship of Prince Rupert generally. The ball was the concluding event in connection with the pilgrimage of Gizeh Temple for the holding of its ceremonial in Prince Rupert.

FISH COMPANY REORGANIZES

Both Fisheries Became Involved During Post-war Readjustment Period But Funds Debt

ISSUING NEW BONDS

Big Concern With Branch Here Evolves From Its Financial Difficulties With Ease

The Booth Fisheries, which has a buying branch in Prince Rupert and a cold storage plant at Sitka, has been in financial difficulties as a result of post-war conditions but has arranged with its creditors to take bonds in payment of all outstanding debts. The official announcement of the company in regard to this follows:

Official Announcement
Announcement is made that the plan for readjustment of the financing of the Booth Fisheries Company has been declared effective, and that in due course the new securities provided in the plan will be ready for distribution to the company's bank creditors and security holders.

Briefly, the plan provides that the holders of the company's

per cent debenture bonds and 7 per cent convertible notes are to receive par for par in new first mortgage 6 1/2 per cent bonds, and the company's bank creditors are to receive two-thirds of their extended loans in the new first mortgage 6 1/2 per cent bonds and the remainder in an issue of 7 per cent debenture bonds. The first mortgage issue is limited to \$5,000,000, and the debenture issue to \$1,000,000. These bonds, with \$685,000 of underlying bonds which are being retired serially, will therefore constitute the entire funded debt of the reorganized company. The company's operating income for 1925 was over \$1,000,000, and from all indications will be considerably in excess of this amount during the current year. These figures compare with a total interest charge of \$410,837 upon the funded indebtedness outstanding upon the consummation of the plan.

Heavy Losses
During the 1920-1921 post-war readjustment period, the company suffered heavy losses largely by reason of cancellation of outstanding contracts by the war department. Its banks, however, felt such great confidence in the stability of the company's business, that they not only agreed to carry over the indebtedness incurred during the period, but advanced sufficient working capital to make a continuation of the business feasible. Their confidence was justified by the company's subsequent operations, inasmuch as despite the handicap upon its credit by reason of the above circumstances, it has fully regained its former stable earning capacity. The necessity for the present financial readjustment was occasioned by the maturity during the current year of an issue of \$2,286,000 debenture bonds, which, except for the unusual condition above described, could have very readily been refunded in the usual way. In view of the showing the company has been able to make under the adverse conditions of the past few years, it would appear likely that it will show an even greater earning capacity with its restoration to former financial conditions.

SMITHERS

Mr. and Mrs. John Gould who have been spending a few days in town the guests of Mr. and Mrs. Moran, left for their home at Houston on Thursday.

Mr. and Mrs. A. B. McInnes of North Bulkley motored to town on Thursday on a business trip. Mr. McInnes reports his spring seeding has been completed.

Contractor J. P. Douney has a gang of men at work putting a new foundation under the hospital.

Mrs. H. E. Thornton of New Hazelton was a visitor to town on Tuesday, returning home on Wednesday accompanied by Mrs. H. G. Windt, who will spend a few days in New Hazelton as her guest.

J. H. Tricehurst of Hazelton was a visitor in town on Thursday.

The provision shower for the local hospital was held at the Interior News office on Tuesday afternoon and the response to this cause by the citizens of Smithers was most generous, as in addition to \$75 cash, several hundreds of dollars worth of provisions and supplies were donated.

On Wednesday night in the Town Hall, the ladies auxiliary held their annual hospital day

dance which also proved a very successful as well as a most enjoyable affair. The music for the dance was supplied by the Crescent orchestra, with J. P. Donney acting as floor manager. Refreshments were served by the ladies at midnight.

Miss Fromey Spooner returned to town for Thursday evening after a couple of days visit to her parental home at New Hazelton.

To commence development work on the Schufer claims on Hudson's Bay mountain, Douglas H. Rae representing the British-Canadian Silver Corporation arrived in town on Wednesday evening and on Friday started for the mine to determine and outline the season's work. Mr. Rae's company took an option on the Schufer property last fall and extensive development work is to be carried out this summer. In addition to tunnelling and cross-cutting it is intended that a diamond drill be brought in to test some of the leads. Considerable work of a preliminary nature is to be undertaken first such as improving the trail up the mountain and establishing a camp to accommodate about ten men.

TERRACE NOTES

In compliment to her guest, Mrs. N. Kipatrik of Smithers, Mrs. E. T. Kenney was hostess at a delightful afternoon tea on Thursday at her home on Lakeside Avenue. Musical numbers were rendered during the afternoon by Mrs. W. Allen, vocal solo and by Miss Kerr on the violin with Mrs. Keith as accompanist. Misses Dobb and Andrews assisted the hostess in the serving of refreshments.

Louis Walker, who had his knee badly cut while working in the woods recently, returned home from the Hazelton Hospital on Wednesday.

Robert Donald and son, Charles, left on Thursday for Vancouver.

Owing to a final change of arrangements at headquarters, R. Manwaring who was supposed

to arrive here last week to relieve Rural Dean Marsh of the active duties of the Anglican church, is being replaced by Rev. W. T. Barfoot, a graduate of Wycliffe College, Toronto. It is expected Mr. Barfoot will be here to conduct services on Sunday morning.

Mrs. Boisuk and children of Woodcock, were shoppers between trains on Wednesday.

The regular monthly meeting of the Parent-Teachers' Association was held in the school house on Thursday evening with vice-president J. B. Colthurst in the chair and a good crowd present. After routine business was conducted G. Griffin, public school principal, gave a very carefully prepared and intensely interesting paper on the results of the Educational Survey conducted throughout the province during 1924-25. Refreshments were served at the close of the meeting.

Mrs. T. J. Marsh spent Wednesday and Thursday as the guest of Mrs. A. Y. Wilson at Remo.

Mr. and Mrs. W. Cassels spent Sunday at Remo.

Mrs. M. A. Greig and daughter Velma left on Friday for Prince Rupert.

WATERFRONT WHIFFS

Last reminder of pioneer days--bad weather interferes with fishing--halibut catch for week low

The last reminder in Prince Rupert of the romantic and active if somewhat wild days before railway completion when this city was young and the only means of transportation up and down the Skeena River was by river boat will disappear within the next week with the tearing down by U. Suga of the hull of the old steamer Hazelton used for the past twelve years or more as the headquarters of the Prince Rupert Rowing & Yacht Club. To those pioneers who were here when the stern wheelers used to paddle out and in daily to and fro from Hazelton, the sight of the old Hazelton always brought memories of the good old days and the removal of the landmarks will no doubt be tinged with a little regret like that of losing an old friend if that old friend had passed beyond the sphere of usefulness.

Built in Victoria

The Hazelton was built in Victoria for George Cunningham & Son of Port Essington. Because a well known local girl was born at Port Essington on the day the Hazelton arrived there to enter service and was named in honor of the then paternal and modern vessel, it will not be recorded here just when the Hazelton did come north. Suffice it to say that she is fully of age as the end approaches. The vessel was operated for some ten years in plying between Port Essington and Prince Rupert and the Hazelton district and, unlike the most of the vessels that later entered the Skeena River service, she ran beyond Hazelton further up the Skeena to the village of Kispiox. That was even before the days of railway construction in connection with which the Hazelton later did her full share of service. The Hazelton was not the first stern wheeler to be operated on the Skeena River but she was one of the pioneers.

Local Reminiscence

It is interesting to note that U. Suga, the same man who is now tearing the Hazelton to pieces, was associated with the building

of the vessel at Victoria and later when she ran on the Skeena River he was the ship's carpenter. Dr. H. L. Alexander, the local dentist, as a youth worked on the Hazelton and W. H. Mellick, who later lived in Prince Rupert and some years ago moved to California, opened his career in this district as watchman on the vessel. There are other local people and many residents of Port Essington who were actively engaged in some way or other with the operation of the Hazelton during her career of activity.

Among the skippers of the Hazelton, during her service on the Skeena River, were the late Capt. Bouncer, Capt. Gardner, who is now on the Peace River, and Capt. Bucey.

Considerable improvements are being effected at the Salt Lake by the Prince Rupert Swimming Club and this season will see the popular resort in better shape than it has been at any time in the past. A new dam is being put in to raise the water of the lake and stumps are being blasted out and stones removed at the near end to make a more suitable pool for youngsters wading and learning to swim. The bathhouse facilities and floats are being repaired and the provincial government has finished its work of fixing up the walks, etc. The Prince Rupert Boat House plans to open the season's service to the Salt Lakes tomorrow, with the powerboat "23" which has just completed her annual overhaul.

Trolling at Hippo

The Canadian Fish & Cold Storage Co.'s packer Chief Zibassa, which recently returned from her first trip of the season to the Queen Charlotte Islands, is now in regular packing service between here and Hippo Island. On the occasion of her first visit to Skidegate, the Zibassa's crew under the genial Capt. Bert Hanson gave a dance in honor of the townsfolk. With some 116 people in attendance, it was one of the most successful and enjoyable social functions ever held in Skidegate.

Capt. Hanson reports that forty boats are now engaged in trolling at Hippo Island. Bad weather has prevented some 14 boats from Vancouver and Prince Rupert reaching Hippo during the past week or so. They are waiting on this side the first opportunity of making the dash across Hecate Straits.

The halibut schooner Kaleen, Capt. Hans Underdahl, after having spent a week in port for her annual spring cleaning, left yesterday for the fishing banks in fine trim for the rest of the season.

The schooner Ingrid H., belonging to the Lindquist brothers, is also having a spring cleaning and will leave for the banks again early next week. Fred Lindquist is now in command of the Ingrid H. in place of Charlie Lindquist, who is

laid up with a broken ankle following a recent accident while fishing. Charlie expects to re-join the Ingrid H. after this next trip as he is now making a rapid recovery.

Harry Menzies, who recently severed his connection with Lipsitt-Cunningham, Ltd., has joined the staff of F. E. Hunt Co., Ltd.

George Norman has been appointed manager of Lipsitt & Cunningham's store to succeed Capt. H. Churchill who was recently compelled to leave for the south on account of ill health. Mr. Norman, who is a brother-in-law of Capt. Churchill, recently arrived in the city from Spokane.

The power boat Zanardi made a trip to Rivers Inlet during the past week with two strings of skills from Inverness and, on her return to port, entered the local dry dock for a general overhaul.

With all due ceremony including it is said, the wail of the siren from out of the glen, the serving of haggis and tripe and the breaking of a bottle of John Oliver's special, Alex Macdonald's new trolling boat took to the water at Cow Bay on Wednesday night and is now being rapidly put in shape for service.

The halibut boat Iris has been sold by A. O. Franks to Jack Candow and is now being prepared to resume halibut fishing after a couple of years of more or less inactivity during which time she was engaged spasmodically in salmon trolling. It is planned to replace the 15 h.p. Italcop engine in the vessel with a 15 h.p. Enterprise.

Boat Contract Let

J. Field has awarded to the McLean shipbuilding shop a contract for the building of a new seiner and packer which will be 50 feet long with beam of 12 feet and depth of six feet. The keel will be laid next week and the vessel is to be ready for service by July 12. Mr. Field already having obtained a charter for it. A 30 h.p. semi-diesel engine will provide the motive power for the new craft.

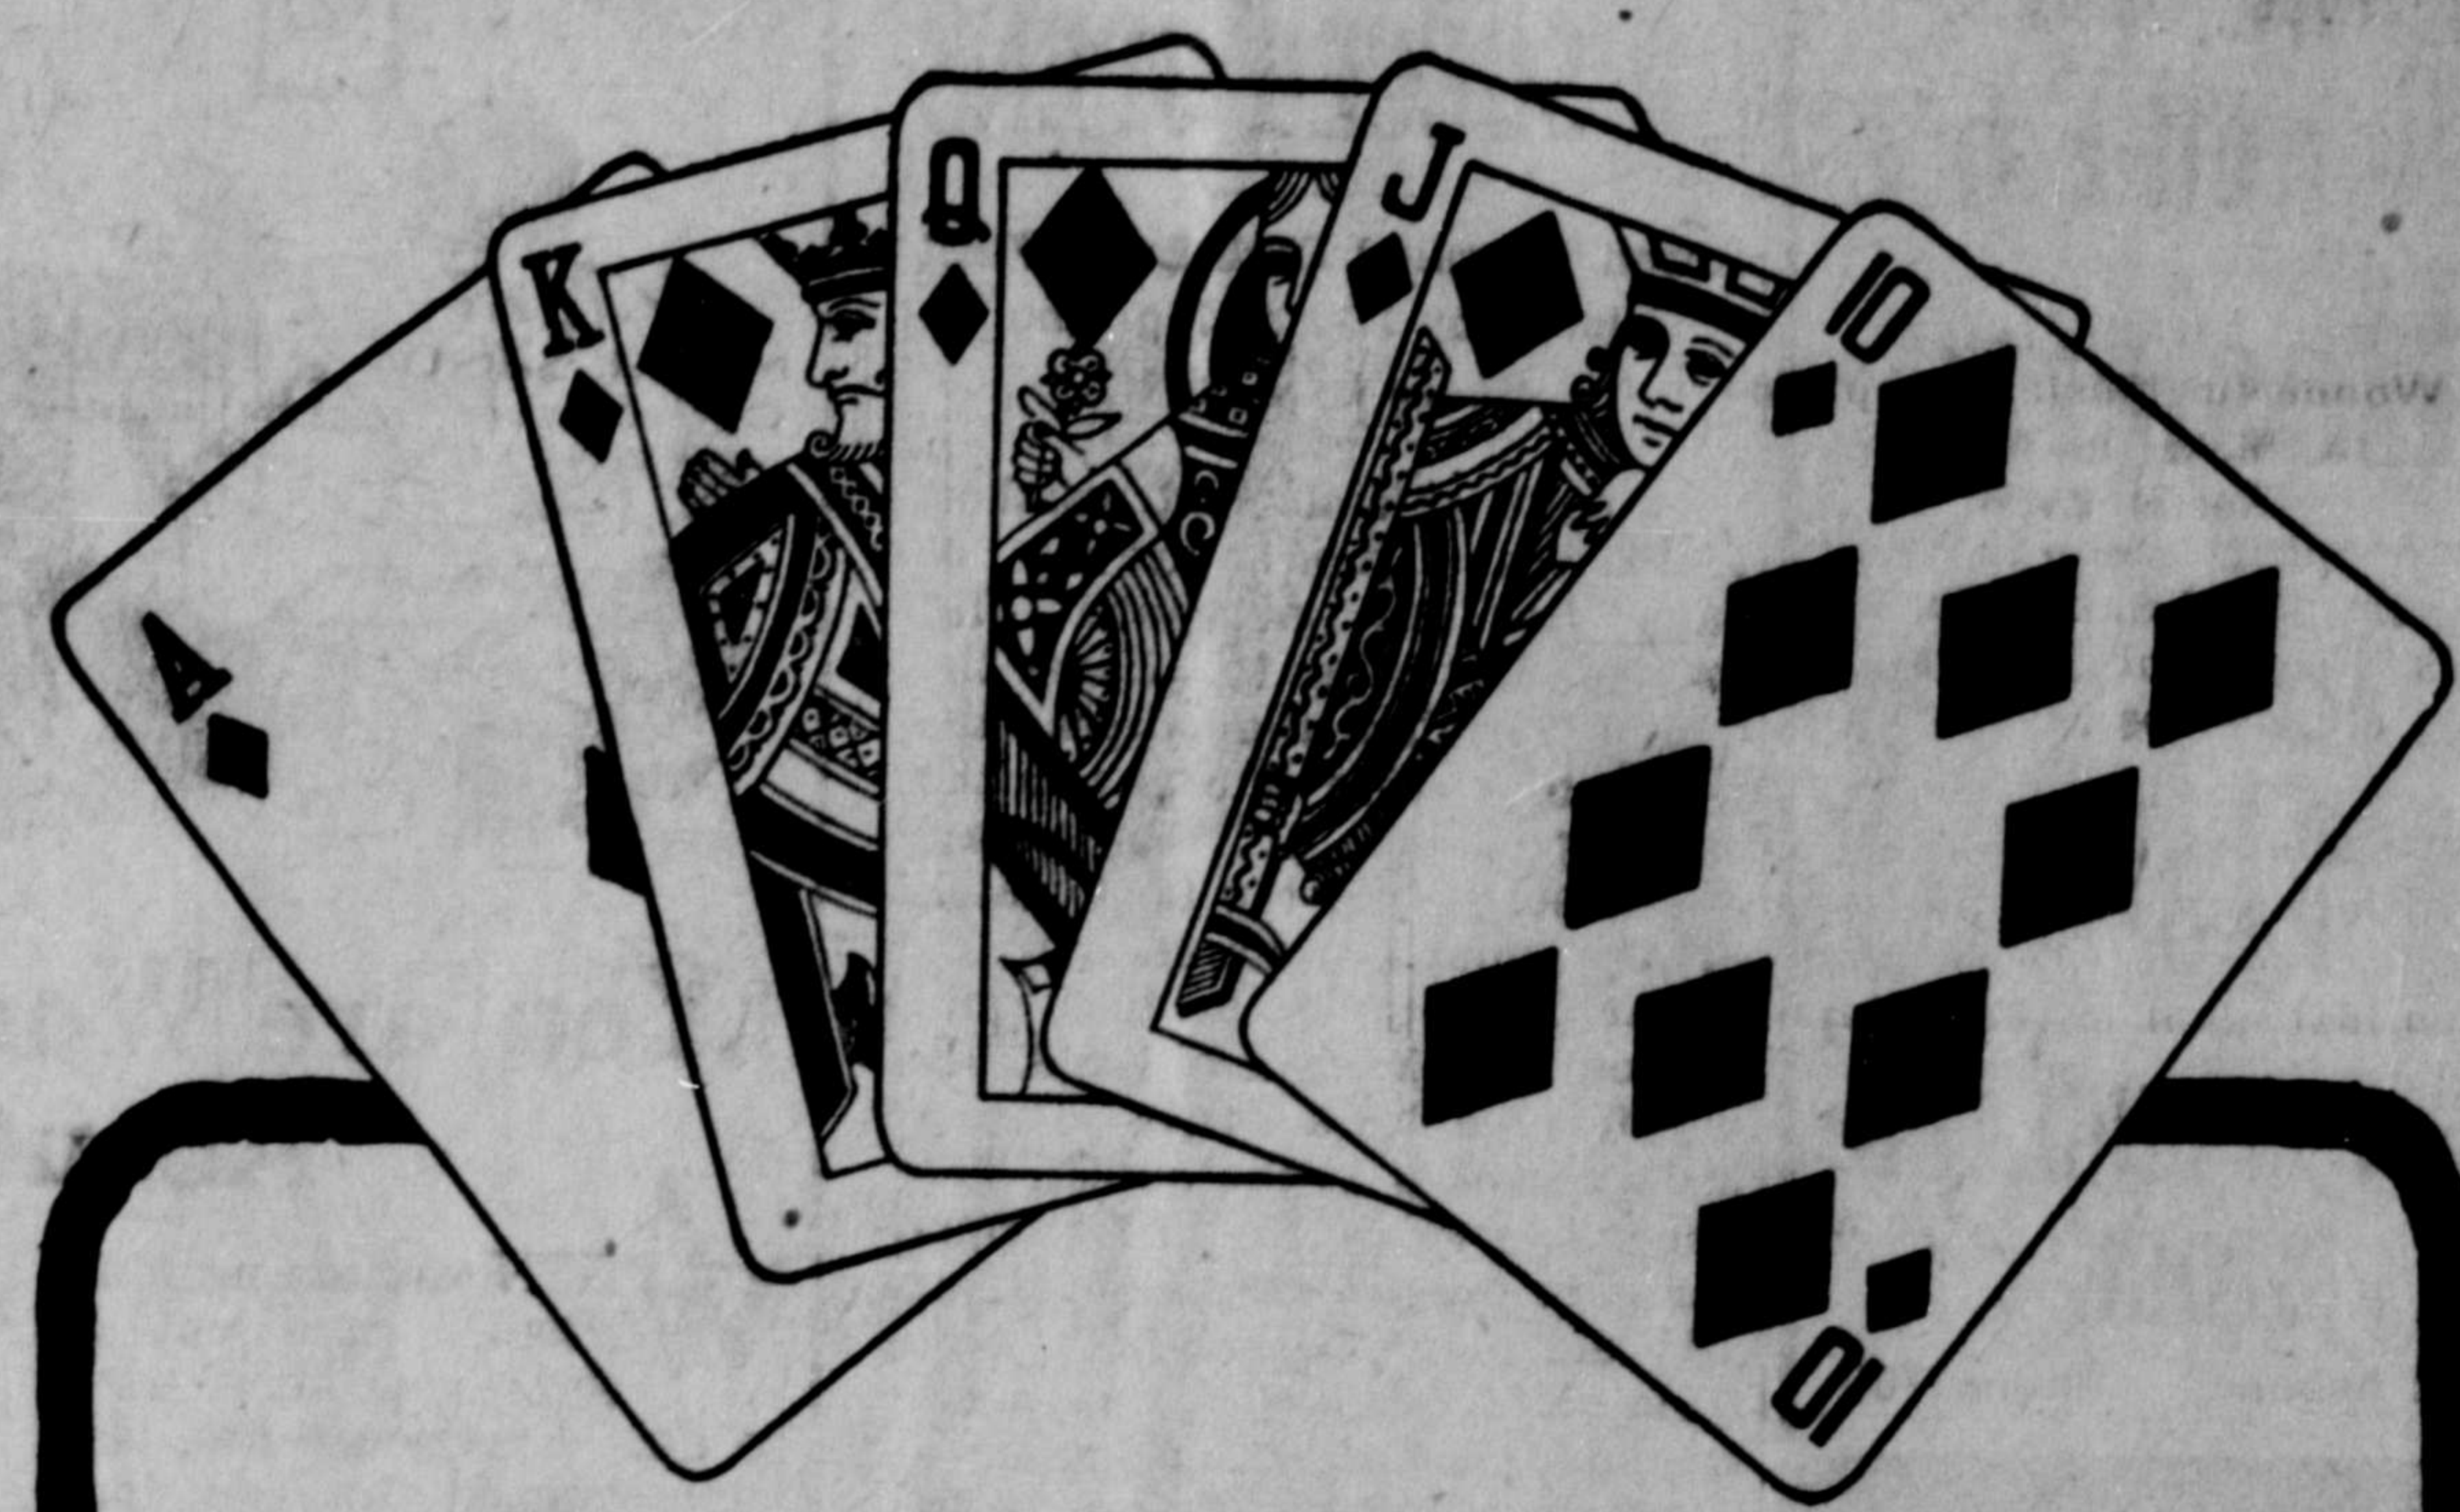

Dave Stuart's waterfront friends claim that, judging from the deep wine color that he has painted his pleasure boat, he must indeed have a very liquorous sense of color or else a bootlegger must have sold him the paint.

Capt. Claude Ketchum, who has been absent pretty regularly from his berth at the Cow Bay floats during the past month on some towing activities outside, came into port this week with one of his scows which had gone adrift and pretty well sunk. Repairs are being made to the damaged float.

The seine boat which the McLean shipbuilding shop has been building on the order of Sunny-side Cannery is now completed and will leave on Monday for the Skeena River in command of James Lewis of Kitkatla who will operate the vessel in the salmon fisheries.

Jack Lawrence, the popular manager of the Government Telegraphs, is the latest recruit to the pleasure boat owners at the Prince Rupert Rowing & Yacht Club. He has purchased the gasoline cruiser Alva Glen from Bob Davie and is renaming it the Argo. The vessel is one of the neatest pleasure craft in the harbor and is 26 feet long with a 16 h.p. Easthope engine. It was built for Bob Davie only about a year ago.

The angling season has already started for Charlie Starr and Claude Kirkendall although apparently the trout have not yet commenced to bite. These two

doughty fishermen spent last Thursday afternoon at Shawanigan Lake and, although they offered a wide variety of dainty morsels to tempt the speckled beauties, all they brought home in the evening was a little better acquaintanceship of each other.

Vessels on the McLean ways this week-end are the halibut schooners Volunteer and Cayce, the former for hull repair, and the latter for engine work.

When John Currie & Son complete their contract for the reconstruction of the substructure of the west end of the government wharf, it is understood they will move their equipment to the other end of the wharf to do similar work where it is proposed to erect the warehouse and fish packing plant of the co-operative halibut association.

Having successfully negotiated two weddings recently, Algie Hunter is being advised by his friends that it might be more pleasant and profitable to start up a matrimonial agency in this little old burg than to labor away the weary days as a customs officer. In any case, said friends of Algie's are advising their old maid and bachelor acquaintances that if they, like Barkis "are willin'" that it might not be ineffectual to take the matter up with Algie who probably would be able to induce a few more British settlers to take up their residence in these parts provided a suitable life partner could be obtained.

Halibut arrivals during the past week were again somewhat under average due no doubt to the rough weather that has been prevailing outside. A total of 607,300 pounds was marketed from Saturday to Friday (inclusive)—414,000 pounds from American vessels and 193,300 pounds from Canadian. The season's halibut catch to date as far as landings at this port are concerned is: Total, 8,264,700 pounds; American, 6,227,100 pounds; Canadian, 2,037,600 pounds.

Boats landing catches during the past week (Saturday to Friday inclusive) were as follows:—American—Kanaga, 18,000; Atlu, 16,000; Augusta, 17,000; Brothers, 20,000; Aiki, 8,500; Resolute, 28,000; Atlas, 23,000;

Bonanza, 20,000; Prosperity, 78,000; Betty, 13,000; Happy, 12,000; Lumen, 9,000; Valorous, 12,000; Eureka, 12,000; Seattle, 44,000; Tahoma, 13,000; Star, 8,500; June, 12,000; Hazel H., 13,000; Akutan, 43,000; President, 24,000; Eastern Point, 5,000; Leviathan, 25,000; Canadian—Bingo, 2,000; Volunteer, 6,500; Cape Spencer, 9,000; Gibson, 7,000; Joe Baker, 5,000; Ringleader, 10,000; D.S.T. 7,000; R.W. 5,500; Pair of Jacks 11,000; S.A., 3,000; Cape Beale, 28,000; Unome, 4,000; Margalice, 5,000; Point May 5,000; Cayceon 7,500; Minnie V., 7,000; Fanny F., 6,000; Thelma, 1,500; Swing, 3,500; Terman, 10,500; Hippo, 2,300; M. There were the usual landings of salmon during the week from the trolling camps. Starting a week ago at 15c for reds, the price dropped until yesterday it was 13c. Whites brought 3c throughout the week.

SENIOR LEAGUE SOCCER OPENS

Grand Terminal Club Drew First Blood by Defeating the Moose by 5 to 1

In spite of inclement weather, there was a good turnout of fans at the Acropolis Hill grounds last night to witness the Grand Terminal Club defeat the Moose by a score of 5 to 1 in the opening game of the Stuart Shield series and the first match of the Senior League season.

The Moose won the toss and elected to kick down hill and, being favored by a fairly strong wind, attacked at the outset. The Terminals retaliated and Farquhar shot over. After a period of midfield play, Wiper shot wide from a free kick. He made amends just after by taking a good clearance by George Howe in his stride and scoring with a low shot. The Terminals continued to have the better of the game and Wiper scored again from a scramble in front of the Moose goal while the defense was appealing for offside. The Moose goal had another escape when Farquhar cut in and narrowly missed. The Moose attacked from a breakaway but were met by a resolute defense, Geo. Howe being prominent at right back for the Terminals. They capitulated at last when Sammy Currie converted a penalty for a foul on Percy Tinker. Gawthorn was very safe in the Moose goal and saved finely from Wiper at close range. At the interval, Terminals were leading 2 goals to 1.

On resuming, the Terminals

You are Worried About his Health

WHEN you are nervous, sleepless and out of sorts you know what to do. Experience has, perhaps, proven to you that under these circumstances you can depend on Dr. Chase's Nerve Food.

But your husband does not think that he is ill and hopes to be all right in a few days. Unfortunately nervous ills do not right themselves.

Why not use the treatment which has already proven good in your case? There has yet to be discovered a medicine which so certainly restores exhausted nerves as Dr. Chase's Nerve Food.

If you are nervous, irritable, tired and sleepless you can depend on it to overcome

the cause of these symptoms. It is not like ordinary medicines because it benefits by the upbuilding, reconstructive method.

Gradually and naturally it builds up new, rich blood and nourishes the depleted nerves back to health and vigor. For this reason Dr. Chase's Nerve Food is the most satisfactory treatment any man or woman can obtain to restore the nerves and bring back the vigor and energy which is essential to a full and happy life.

Dr. Chase's Nerve Food, 60 cts. a box, all dealers or The Dr. A. W. Chase Medicine Co., Limited, Toronto 2, Can.

immediately attacked and Owen scored after five minutes' play. Shortly after, the Terminals were awarded a penalty for an infringement which was not apparent to the spectators and from this Wiper added a fourth goal. Play was then transferred to the other end and Russell shot over the bar from 10 yards out. Terminals returned to the attack and W. Mitchell scored a fifth after some good combination play. The leaders were clearly the better side, and maintained their lead to the end.

The line-ups were as follows: Moose — Gawthorn; Prendergast and George Mitchell; Russell, S. Currie and Skinner; Hodgkisson, Hamilton, Tinker, Gurvich and Black.

Grand Terminal Club — R. Howe; H. Menzies and G. Howe; Dickens, O'Donnell and V. Menzies; Walters, Owen, Wiper, W. Mitchell and Farquhar.

G. Krause refereed in an efficient and satisfactory manner and the linesmen were George Cochrane and A. Clapperton.

Other Six to be Appointed by That Number of Fraternal Organizations There

TERRACE, May 15.—At a representative and enthusiastic public meeting Wednesday with J. M. Hatt chairman and N. Sherwood, secretary, it was decided to form a hospital association of twelve members to arrange for a building with two beds and a col where emergency hospital cases may be taken care of or where patients may take their own nurse and occupy it. This was in line with a recommendation made by a fraternities committee except that instead of ten members, six from the societies and four appointed by the public, it was decided to make it twelve with six from the public.

Mr. Hatt reviewed steps that had already been taken at the initiative of the Native Sons, resulting in a meeting Friday last of representatives from six different societies of the district. A recommendation was made for a two ward emergency hospital with approximate cost of furnishing it placed at \$300.

The following members of the board were chosen: George Little, E. T. Kenney, Mrs. J. K. Frost, A. H. Barker, Mrs. O. T. Sundal, and William Burnett. These with the six appointed by the societies will proceed with the work and report at another public meeting to be called at an early date.

Mrs. George Ringstad, wife of the manager of Port Edward cannery, and daughters arrived at Port Edward from Bellingham on the Princess Beatrice today.

A Chevrolet car, owned by George Boulter, while parked outside the Fair Building while the Shrine Ball was in progress last night, got away and turned over on its side in the ditch along the narrow roadway. It was salvaged today.

C.P.R. steamer Princess Louise, Capt. Arthur Slater, south-bound from Skagway to Vancouver, is due in port at 10 o'clock tomorrow morning. The vessel was delayed in sailing from Skagway on account of having heavy freight to discharge and did not leave there till last night. She will call at the dry dock here to use the crane to unload a 16 ton boiler being brought from Ketchikan for the Rupert Marine Products.

JOHN SHIRLEY LAID TO REST

Obsequies For Highly Respected Citizen Took Place This Afternoon

With a large concourse of mourning friends and acquaintances present to pay their last respects to the memory of a pioneer and highly respected citizen, the obsequies took place this afternoon for the late Sheriff John Shirley. At 2 o'clock there was a service in St. Andrew's Cathedral, of which deceased had long been an active member. Venerable Archdeacon G. A. Rix officiated and feelingly voiced the sentiments that had arisen with the passing of an old and esteemed friend. W. Vaughan Davies presided at the organ and accompanied the hymns.

After the church service, the cortege moved to Fairview Cemetery many mourners following the bier to its final resting place in the plot adjoining that of deceased's brother, the late George M. Shirley. The pallbearers were H. F. McLeod, J. R. Tannoek, C. W. Hoimer, L. W. Patmore, W. E. Fisher and W. H. Vickers.

Many beautiful floral pieces testified to the esteem in which the late Sheriff Shirley had been generally held. Outstanding among these was a large wheel, 36 inches in diameter, sent by the various departments at the Court House. It consisted of a beautiful arrangement of Easter lilies, roses, snap-dragons, cluster chrysanthemums and carnations with foliage of asparagus fern and rose leaves with foundation of cypress leaves. Among those who sent flowers, besides, were H. F. McLeod, Miss Willa Dyer, Mr. and Mrs. Ben Self, Patmore & Fulton, Mr. and Mrs. W. S. Fisher, Dr. and Mrs. C. A. Eggert, Mr. and Mrs. W. E. Fisher, Mr. and Mrs. R. L. McIntosh.

The High School league baseball game yesterday was postponed on account of the damp condition of the grounds.
