NO PILOT IS NEEDED HERE

Freighter Norman Monarch, Capt. A. W. Kane, Arrives in Port After Speedy Trip From Japan

Evidence of the ready accessibility and easy entrance of this harbor by ocean-going vessels, the big tramp freighter Norman Monarch of the Monarch Steamship Co. of Glasgow, arrived in port direct from Mororan, Japan, at 9:45 last night, Capt. A. W. Kane having negotiated the entrance to the harbor without the assistance of a pilot. The vessel arrived here six days ahead of time, having not been due until June 3. A fast passage of fourteen days was made in spite of the fact that there was a good deal of dirty weather and on Thursday night, while nearing the Queen Charlotte Islands, there was a living gale which lifted everything moveable off the decks of the ship. The Norman Monarch was here last fall and Capt. Kane stated that, once having been here, there was no need to come to this port again without the aid of a pilot.

After having passed customs and quarantine, the Norman Monarch pulled out of the harbor early this morning for Queen Charlotte City to load lumber for the Atlantic seaboard, completing later at southern mills. The vessel came across the Pacific in ballast.

It is possible the committee will recommend the re-opening of negotiations. W. G. McQuarrie, Conservative member for New Westminster, drew attention to the departed pack of British Columbia cannery. He said he thought something should be done to revive the proposed agreement with the state of Washington in order to find a remedy for the present condition.

Greatness Consists In Self Mastery.

Greatness consists in self mastery. To conquer an outside
enemy may be easy but to have complete control of one's own
body, mind and spirit is the supreme triumph.

Taximan Proved Hero Yesterday.

The Winnipeg taxi driver who at the point of the pistol refused to drive the bank bandit with his swag was the hero of yesterday. Most people read the story of the bank robbery. Many thought the teller was foolish to refuse to obey the command to hold up his hands, but no one had any doubt about the taxidriver. He was a hero. He refused to be coerced into being party to a crime and his action stands out as a shining example to others.

Income Tax Revision Is To Be Made.

The unjust double levy of income tax to which attention was drawn in this paper at the time of the budget speech is to be amended, providing that no person will have to pay income tax on the same dividend twice. It was to be expected that when the inequality of the levy was brought to the notice of the finance minister, as it was by a great many public bodies and individuals, a change would be made. The difficult thing to understand is how it crept into the budget at first.

Alberta Election Will Prove Interesting.

In Ontario there was a farmer government and at the expiration of their term of office they were ousted by a big majority, their administration having proved a failure. It will be interesting to see what will happen to the farmer government of Alberta now that their first term is ended. Despatches indicate that the old parties have been very active and that one of them may possibly be returned. At any rate the campaign will be worth watching and the result will be eagerly looked for.

Some People Cannot Stand Temptation.

Some people cannot stand temptation. Ordinarily they are good citizens but if placed in a position of too much authority or in a place where they have to handle a lot of other people's money they fail. They succumb to the desire to get money without having to work for it.

Gambling and speculating are two of the most fruitful means of leading people to take money which is not their own. When they win they are taking unearned money and there is not very much difference between taking it and taking money from a bank or a trust fund or an employer. Yesterday a man was sentenced to four years in jail for taking Red Cross funds of which he seemed to have full control. The supervision was not sufficiently strict and he got away with a large sum. He could not withstand temptation. Had he been an ordinary secretary or clerk under close supervision he would probably still be a good citizen without the stain on his name that he has today.

One Thing At A Time Enough For Most Men.

One thing at a time is all most men can attend to. When they become keenly interested in some outside interest they lose interest in the work by which they earn their daily bread. A person's best thought is centred on one thing only at a time. If that is his work he is fortunate for he will be successful.

Ward Off that Sluggish Feeling SHREDDED WHEAT keeps you fit--every day

PRINCE RUPERT IS DISCUSSED

Wheat Will Come This Way if
Route Found to be Cheap-
est Says Ottawa

An Ottawa despatch to the Vancouver Province says:

Answering the contention that if the pool does not get No. 1 elevator, they will move their wheat via Prince Rupert, it is stated that wheat invariably moves via the cheapest route, and if Prince Rupert is a more economical route it will get the business, but not otherwise. As to the claim that if the pool does not get the elevator they will build their own facilities at Vancouver and thus reduce the volume of business of the Harbor Board's elevators, it is submitted that if the facilities are already adequate, there is no need for the pool to lease, as they will have no trouble in using those public elevators in the same way as other shippers, and as has been done up to the present.

On the other hand, if the desire to lease is prompted by fear that the facilities are inadequate for the whole trade, then it would obviously be unfair to the trade in general to permit one interest to control such an important percentage of the handling facilities.

As the Harbor Board's elevators have always been profitable, no reason for interfering with them is seen.

SURPRISE PARTY FOR BAISLER FAMILY AT HOME LAST NIGHT

Last evening about 6.30 a number of their friends and neighbours caught the Baisler family unawares and took possession of their home for a few hours. The members of the party did not come empty handed, and a few moments after arrival the entire group was gathered about a feast table on which there was an abundance of those delicious things which tickle the palate.

The repast being over, Mrs. Kirkpatrick, as acting chairman, called on a number for remarks, each of whom responded in words fitting for the occasion. In behalf of the group of friends Mrs. John Dybahn presented Mrs. Baisler with a beautiful silver sandwich tray as a token of the esteem in which she is held.

THE MAN IN THE MOON

says:

LATER in the evening Mrs. John Dybahn favored with a couple of solos which were enjoyed by all. There was a round of story-telling after which games became the order of the evening. Sincere regret was experienced that the Baisler family is departing from Prince Rupert in the near future.

The party included, besides the surprised family, Mr. and Mrs. Kirkpatrick, Mr. and Mrs. Hart, Mr. and Mrs. McKinley, Mr. and Mrs. Clark, Mr. and Mrs. Büger, Mr. and Mrs. Matheson, Mr. and Mrs. Dybahn, Mr. and Mrs. Moxley, Mrs. Keith and Rev. and Mrs. Rinde.

PILSUDSKY seizes the Govern-
mentsky of Poland and then announces he will run for the presidenstiy. I think he should easily win.

THE strawberry season is on and I would have some strawberries and cream if I had some cream and just enough strawberries to fill one of those round glass dishes.

THE chief scarcity in this part of the country is weather. There is hardly enough to go round.

NOW that the Prince Ruperto council has settled its differences, there is a political fight started in Alberta. There's bound to be something doing all the time.

THE day was stormy. The wind was cold. The mariner was extremely bold. He started out in a choppy sea and got as sick as he could be. And ever since that when the southeast blows he stays in the house and toasts his toes.

Mrs. A. J. Curzon arrived on the Prince Rupert this morning from Vancouver to join her husband, a well known commercial traveller, who is at present working this district.

Queen Charlotte Islands Service. The Canadian National Steamship, "Prince Charles" will sail for Vancouver via all Queen Charlotte Island ports on Monday, May 31 at 4 p.m. 125

Having resigned his position as foreman at the grain elevator here, James Neville sailed this morning on the Catala for Vancouver enroute to the west coast of Vancouver Island where he will again become actively identified with the N. M. & R. Fish Co. of which he is a member.

A. F. Kobes, well known to pioneers of Prince Rupert having been in the timber business here in the early days as a member of the firm of Beaton & Kobes, is again visiting town, having come north from Vancouver yesterday. He now makes his headquarters in Vancouver and is still interested in timbering and mining.

A. J. Lancaster returned to the city on the Prince Rupert this morning after having attended the recent United Church conference in Vancouver. Mrs. Lancaster, who is also in the south, will return home shortly accompanied by her daughter, Miss Marjorie Lancaster, who has been taking up musical studies at the Columbian College, New Westminster.

Rev. Father Allard, of recent years in charge of the territory between Hazelton and Burns Lake for the Roman Catholic Church, leaves Smithers next week to attend the Eucharistic Assembly in Chicago after which he will proceed to Quebec to visit his mother before going on a trip to Rome and other parts of Europe. He will be away from the district about a year.

Fred Mathers, who was manager of the Somerville Cannery here last year, came north on the cannery tender Lulu Island last night from Alert Bay and returned south on the Catala this morning. Mr. Mathers was here to make arrangements for the moving of his household effects to Vancouver where he and Mrs. Mathers will in future reside. Mr. Mathers expects, however, to be in Prince Rupert for a while this summer while the salmon canning season is at its height.

We made this Beautiful Pencil to match our pens

JUST as indispensable as Waterman's Ideal Fountain Pen—and just as outstandingly efficient. It has so many advantages over all other pencils.

Made of hard lustrous Brazilian rubber, Waterman's Pencil is not only a thing of rare beauty, but it is so amazingly light that it never tires the hand. In fact, it is the lightest pencil made and, like Waterman's pens, it is, of course, correct in balance.

Simplicity itself!
A slight turn of the barrel and the lead is propelled out ready for writing—a reverse turn, a touch of the finger, and the lead glides back to safety from breakage. No sharpening. No taking apart to fill. The butt end carries a magazine for extra leads, and, even an eraser for your added convenience.

There is a Waterman's Pencil to match the size, shape, design and colour of every Waterman's Pen.

HORSE RACES TELKWA SPORTS

Dance in Evening Followed Out-door Events at Bulkley Valley Farm Centre

BONNEY WON WATCH

TELKWA, May 29.—All things combined to make May 24 one of the best days that Telkwa has had for some time. The grounds were never prettier and for this time of year the track was very good.

Early in the afternoon a football game was played between Smithers and Telkwa which resulted in a tie. Then there were several horse races in which many local favorites did some nice work on the track.

Nine Year Old Jockey

In a farmers' sons race, Roy Wakefield, a nine-year-old jockey, rode the well known Dandelion and came in first.

A democratic race was a new and added attraction in which Roy Munger drove the famous "Grays" belonging to the Telkwa Transfer and came in second while Roy Wakefield, driving Prince and Baldy, came first. Several tug of war teams were busy for some time at the close of the afternoon's fun.

A booth looked after by the ladies' A.W.A. of Telkwa Nursing Home catered to the wants of the crowd.

The visiting Indians held a show at their hall across the track at which a great number of Telkwaites were interested spectators.

Dance at Night

The dance at night was without a doubt the most lively and best attended for many a day. The orchestra, ably assisted by Bert Wilson of Smithers, rendered the very best of music and were most generous in giving encores which kept them at it until about 3 a.m.

Watches Raffled

Two watches donated by S. Help for the Nursing Home were won by P. S. Bonney of Prince Rupert and F. B. Chettleburgh of Telkwa.

GORDON HEADS NEW HOSPITAL

Terrace Organization Elects Officers and Appoints Two Committees

TERRACE, May 29.—The directors of the Terrace Hospital Association held their first meeting on Wednesday evening in G.W.V.A. hall, with all members present except Mrs. Sundal who is out of town.

The election of officers for the ensuing year resulted as follows:

President—J. K. Gordon.
Vice-president—Mrs. J. K. Frost.

Secretary—E. T. Kenney.

Treasurer—A. H. Barker.

Two committees were appointed: a finance committee with J. M. Hatt, A. H. Barker and George Little as members, and a house committee composed of Mrs. J. K. Frost, Mrs. N. Sherwood and W. Chapman.

CANVASS OF DISTRICT

The finance committee were asked to arrange for an early canvass of the district to secure the necessary funds with which to proceed. The house committee were authorized to purchase the necessary furnishings and equipment as approved at the public meeting held recently.

Already many generous donations in cash and supplies have been promised and no difficulty is anticipated in getting the hospital away to a good start.

Preliminary steps have been taken to get a resident doctor to locate here and with the assistance of the hospital and the undivided support of the local people, Terrace and surrounding district should prove to be an attractive field to a medical man looking for a location.

There was an agricultural meeting in the Hazelton school house on Tuesday night at which addresses were given by Henry Rive, provincial dairy commissioner; J. A. Grant of Calgary, B.C., marketing commissioner, and H. E. Wahy of Victoria, poultry instructor. Dr. H. C. Wrinech, M.L.A. presided.

SMITHERS

L. A. Arnold, municipal pound keeper, has been busy lately and last week six stray dogs were destroyed by him.

A new ore strike, reported to be the best yet discovered on the property, was made last week on the Duthie mine. The find was made in the Thompson tunnel of the Henderson group.

Several Smithers ladies, being driven home after the Victoria Day celebration at New Hazelton, had a rather exciting experience when their car driven by Warren Lewis went over on its side in a ditch near Morrice town. Fortunately, none were injured.

Norman Kilpatrick has returned to Smithers after a holiday trip to Vancouver and Everett and Mrs. Kilpatrick is back after a trip to Hazelton and the coast.

Mr. and Mrs. Stanley George of Prince George are visiting here as the guests of Mr. and Mrs. T. W. Brewer.

EDUCATIONAL AND HISTORICAL TOUR

The Canadian National Railways will operate a forty-three day Personally Conducted Educational Tour to Europe this summer, sailing via the S.S. "Athenia" from Montreal, July 9, direct to Glasgow. Proceeding from there, the party will visit different points of interest in Scotland, England, Holland, Belgium, Switzerland and France, also an opportunity to visit the Battlefields. Returning to England, will sail from Liverpool on S.S. "Aurania" August 13, for Montreal. Considering the number of points visited, the accommodation provided, and entertainment offered, this is one of the lowest priced Tours ever operated to Europe.

Lillooet has busy season ahead--poor run of springs on Skeena and Naas--W. T. damaged in storm

The hydrographic survey steamer Lillooet, which was in port for bunkering on Thursday, has a busy season ahead of her. Since coming north about a month ago, the Lillooet has been carrying out surveys near Port Simpson particularly around the mouth of Warke Channel and a party from the vessel, in charge of Commander Knight, has been encamped on seows in Tucks Inlet completing the surveys of the Prince Rupert harbour which were commenced last season.

Next week the Lillooet will pick up the outfit that has been working here and will proceed to Millbank Sound in which vicinity she will be located for several months surveying an area of water 100 miles square said to be the rockiest stretch on this coast. Included in this work will be the thorough charting of the waters in the neighborhood of Aristale Island.

While working north of Prince Rupert, the Lillooet has been coming in here for coal and supplies but when she goes to Millbank Sound, instead of coming here, she will go to the Queen Charlotte Islands where a coal depot has already been set down for her in the vicinity of Skidegate Inlet.

Mr. Parizeau, for many years in charge of hydrographic survey on this coast, is again in chief of the party on the Lillooet. Capt. Moore is the master of the vessel.

During the past week some 200,000 feet of fir timber from Vancouver has been unloaded at the lumber assembly wharf for the B. and B. department of the Canadian National Railways and another 400,000 feet is due with-

Per William Alfred Bower,
Dated 9th April, 1926.

Poor Run of Springs

There is an unusually poor run of spring salmon on the Skeena River this season and a similar condition of affairs is reported from the Naas. At the present time, there are estimated to be about 200 boats gill netting for springs on the Skeena and, though only four canneries as yet are running, there are fishermen out with boats and nets from them all. Of course, operations cannot be said to be on in full swing until June 20 with the opening of the sockeye fishing season.

According to reports from the Skeena this week, the boats have been averaging no better than 40 or 50 pounds in twenty-four hours. Some do a little better while others get "skunked." The high boat for a single day last week was 150 pounds.

On the Naas River, two canneries are now open—Mill Bay and Arrandale which are mild curing and packing springs.

Under charter to Lacey & Co. of Canada, a Vancouver concern, the Prince Rupert Boat House powerboat Myfanwy is at present out on month's timber cruise to Kutzamaten Inlet and Warke Channel. Laurie Lambly

is in charge of the vessel and there are two timber cruisers aboard.

The Prince Rupert Boat House power boat Pachena has been chartered for the season by the B.C. Packers and will leave here about June 5 to spend about four months down the coast around Rivers Inlet or Vancouver Island. Capt. Paul Armour will remain in command of the Pachena under the charter.

Doe Claperton's pedigree (?) pup Carlo has been much in the limelight during the past week. In fact, his name was in the paper seven days hand running—in the "lost" column. Carlo contracted the festive spirit on Victoria Day and was found that night dancing with the crowd at the May Queen festival. It turned out later that he had been participating earlier in the day in the field sports, having followed the Boys' Band up the hill from down town. Anyway, Carlo was once again restored to his lawful and just owner who up to a late hour today had him still in his possession.

Doe is now wondering whether he had better take out a "lost" ad contract with the Daily News or buy a bucket of bright red paint with which to engrave Carlo regularly with his name, address and telephone number.

At Salt Lakes

Due no doubt to the frigidity of the season which is said to be spring but which would not be believed unless it was booked up in the calendar, not many have so far worked up the courage to take their daily or weekly plunge at the Salt Lake. However, the Prince Rupert Boat House optimistically announces that it will open its regular service across the harbor on June 1, and if the swimmers won't go to the lake of their own free will they will be "shanghaied" over and thrown in. The Prince Rupert Swimming Club has completed its work of giving the premises at the popular resort their regular spring clean-up which has included considerable improvement to the ladies' dressing room.

Having on board the company's production manager, R. R. Payne, making an inspection of all the concern's holdings on the coast the Canadian Fishing Co.'s power cruiser Canfisco was a visitor in port for several days during the past week. The vessel arrived last Saturday from Vancouver via various cannery ports and, while here, ran up to Wales Island and Kumeon early in the week, sailing on her return south by way of the Queen Charlotte Islands on Thursday night. The Canfisco is commanded by Capt. A. Freeman, veteran coast navigator who piloted the mine-sweeper Thiepval when that vessel went to Japan in 1925 to convoy the Stuart McLaren world flight party.

An old Columbia River boat is being rebuilt on the railway track near the Prince Rupert Boat House for use this season as a gill netter by Inverness Cannery. An 8 h.p. Easthope engine will be installed in the vessel.

W. E. Drake arrived from Vancouver this week to assume the management of Lipsett, Cunningham & Co., Ltd. Mr. Drake some years ago was on the staff of the local store under the late Harry Lipsett. More recently he has been with the Edward Lipsett Co. at Vancouver.

TERMINALS WIN BASEBALL GAME

Took First Victory of Season From Gyros Last Night by Score of 9 to 2

The second league baseball game of the season took place last evening at Acropolis Hill grounds, the Grand Terminals winning in their first appearance of the year over the Gyro Club by a score of 9 to 2.

The game was not as one-sided as the score might indicate, a good many of the Terminal runs having been made in the first two innings when Skinner, in the box for the service club, was readily hit by the Terminal batsmen, some of the scoring having been due to wild throws and passed balls at the home plate. Skinner was pulled before the third inning in favor of Tom Clarke who was able to hold things better although the winners did make more runs off him. Stickney pitched good steady ball for the Terminals in the game which went seven innings.

P. Laporte and W. Mitchell were umpires and the teams took the field as follows:

Grand Terminals—Balfour, c; Stickney, q; Stork, 1b; Joe Smith, 2b; Ralph Smith, ss; F. V. Delcourt, 3b; R. Wall, cf; Wallace, rf; Greenwell, lf; Field spares, Clapp and Mack.

Gyro Club — G. McKeown, c; Skinner and Clarke, p; H. Frizzell, 1b; George Hill, 2b; George Mitchell, ss; Moran, 3b; E. Morris, cf; E. Tulloch, lf; R. Howard, lows.— W. L. Pct. rf.

The next game will be on

Tuesday between the Grand Terminals and Native Sons of Canada.

The standing of the teams following:

Grand Terminals	4	0	1000
Gyro Club	1	1	500
Native Sons	0	4	000

Health and Happiness in Home Life

WHAT a joy are children to the healthy mother. Their noise and shouts are music in her ears, for then she knows they are well and full of energy.

But how different when mother is tired, nervous and irritable. Then she longs for rest and quiet and every sound jars on her jangled nerves.

Health and happiness has come to many a home as the result of mother using Dr. Chase's Nerve Food.

Gently and naturally it instills new nerve force into the tired, nerve-racked body.

Carlson, J. Baker and H. Corbett as spares.

Owing to the fact that the full teams did not put in an appearance, the scheduled High School league baseball games between teams captained by Alex Mitchell and Ted Tite was not played yesterday afternoon. Instead, there was a scratch game between pick-up teams.

Waterfront Whiffs

(continued from page five) damage was done when the tempest was at its height between the hours of 8 and 11 Thursday night and the schooner got back to port yesterday morning.
