## ITALIANS EXCITED OVER MUSSOLINI

## EMBARGO ON GRAIN TO VANCOUVER WAS LIFTED TODAY

### Embargo on Shipments of Grain to Vancouver Removed This Morning

VANCOUVER, November 2.—The embargo placed against Vancouver grain shipments by the Canadian Pacific Railway was removed this morning and a permit system instituted in its place. The change was made by the railway as a result of improved unloading conditions here and the fact that ships are already in port with a capacity of more than a million bushels, and others are in sight.

### McDONALD IS ASSIZE JUDGE

#### KEY MURDER CASE MOST IMPORTANT TO BE TRIED AT COMING ASSIZES

Justice D. A. McDonald will preside at the session of the Supreme Court assizes which will open in the city on Wednesday of next week. The Sankey murder case will command the greatest public attention of the trials set down. In this trial, an 18-year-old youth, Joe Sankey, is charged with the murder of Miss Loretta Christie, a 21-year-old school teacher, on an island near Port Essington on May 15 of this year. After an exhaustive investigation by provincial police officers, Sankey was arrested and brought to trial before Stipendiary Magistrate by whom he was committed to prison on June 15. Since then Sankey has been incarcerated at Okalla where he will be brought here next week.

Other criminal cases before the Assizes will be that of Hebert Hanson, charged with theft, and Lee Poon, charged with the attempted murder at Main's Cove of Chan Bow Hung, the only civil case so far set down for the Assizes is a divorce action.

### MINISTERS ARE NOT OPPOSED

#### ARE RETURNED UNOPPOSED IN BY-ELECTIONS IN EAST TODAY

OTTAWA, Nov. 2.—Five Quebec ministers were re-elected by acclamation today. They were Hon. J. A. Robb, Hon. J. Lapointe, J. A. Cardin, Lucien Bouchard, and Fernand Rinfret. In Bathurst, New Brunswick, P. J. Veniot, postmaster general, was returned unopposed. J. C. Elliott for West Middlesex and W. D. Euler for North Waterloo had no opposition.

BRANDON, Nov. 2.—Robert Forke, minister of immigration, was elected by acclamation today in the ministerial election.

### ALL OF SNOW IN THE EAST

#### ANTIOBIA AND ONTARIO AND QUEBEC EXPERIENCING WINTER WEATHER CONDITIONS

WINNIPEG, Nov. 2.—Manitoba and Northwestern Ontario are contending with wintry weather conditions today, the city being cut off from eastern communication following a heavy fall of snow overnight. At noon conditions improved but light snow is still falling.

### AUTO ACCIDENTS IN SEATTLE NUMEROUS

SEATTLE, Nov. 2.—Ten persons were killed and 400 injured in a total of 1652 auto accidents in the month of October here. Since the first of the year 45 persons have been killed and 2416 injured and 2717 accidents recorded.

\*\*\*\*\*  
HIGH LEVEL OF HALIBUT PRICE  
\*\*\*\*\*  
Halibut prices soared to a high level at the Fish Exchange this morning when the American schooners Brick and Fairway sold catches of respectively 26,000 pounds and 10,000 pounds at 23c and 10c for the former and 22 7/8c and 9c for the latter, the respective purchasers being the Atlin Fisheries and the Canadian Fish & Cold Storage Co. The Canadian boat Birdie B. sold 1,600 pounds to the Canadian Fish & Cold Storage Co. at 18c and 9c.  
\*\*\*\*\*

### WANTED A LICENSE BUT NOT A WIFE

#### Local Prospector Was Misunderstood and is Now Chuckling to Himself

Felix Manhold is a big prospector, almost big enough for two, so he does not want a wife. However some of the employees of the Court House seemed to think otherwise yesterday. When Felix presented himself and asked for a license, it was at once assumed that it was a marriage license he was asking for. However Felix soon made himself clear on the subject and said he also wanted a gun license as well as a miners' license. He would not be wanting a gun license to get married, would he? Felix got his license and is bound for the unknown wilds but he goes alone.

### MINING ENGINEER EXAMINES PROSPECTS HUDSON BAY MOUNTAIN

SMITHERS, Nov. 2.—B. N. Sharp, mining engineer representing Spokane interests, accompanied by Donald C. Simpson, owner of the Victory Mine on Hudson Bay Mountain, spent four days last week examining the Victory and Coronado groups which adjoin the Duluth mine. He expresses satisfaction with what he saw.

### VANCOUVER BRIGADE WON IN EFFICIENCY FOR ARTILLERY WORK

OTTAWA, Nov. 2.—The Vancouver batteries of the 15th Field Brigade of Vancouver won all the general efficiency competitions in the various branches of artillery held under supervision of the Canadian Artillery Association during the past summer.

### VANCOUVER EXCHANGE

	Bid.	Asked.

Mushrooms grown in century-old caves along the banks of the Mississippi river at St. Paul make that city one of the greatest mushroom producers in the United States.

SEVEN PERSONS were burned to death when a French airplane crashed in a field near Peashurst, England. The bodies were recovered from the shell of the plane, of the pilot, mechanic and five passengers.

### KALUM LAKE MINES SHIP TO TERRACE

#### FIRST ORE IN QUANTITY IS TAKEN OUT BY HOPPER DAVIS CO.

TERRACE, Nov. 2.—Terrace is on the map as a shipping point for the mines of Kalum Lake. The Hopper Davis Company has commenced shipping from the claims at the lake, the ore coming out over the road recently made passable by the Provincial Government. The hauling is being done by F. Slightwine. This is the first ore to be shipped from the Kalum Lake area in any quantity and the returns will be watched with much interest by all interested in mining or other development in this part of the country. A good deal of development has been done around Kalum Lake during the past few years and the opening of the Government road through to the lake is expected to mark a new era in the development of the mining district.

### ONTARIO DROPS BEER BY GLASS

#### SIMPLE CONTROL PLAN WITH SALE AT GOVERNMENT STORES IS DECIDED ON IF APPROVED

TORONTO, Nov. 2.—Premier Ferguson announced this afternoon that the Ontario Government had definitely abandoned the plan to sell beer by the glass in the event of his policy of government control of the liquor traffic with local option being approved by the electors on December 1. He stated that beer would be handled in the same manner as other liquors and be purchased only at Government stores.

### WEATHER REPORT

	Temp.
Terrace—Clear, windy	36
Anyox—Foggy, calm	42
Stewart—Part cloudy, calm	32
Hazelton—Fog, calm	30
Telegraph Creek—Cloudy, calm	42
Smithers—Cloudy, calm	30
Burns Lake—Cloudy, calm	28
Whitehorse—Clear, south wind	44
Dawson—Cloudy, north wind	33

### "Death to Every Enemy of Mussolini" is Fascisti Cry Throughout Italy Today

ROME, November 2.—"Death to every enemy of Mussolini," is the cry sweeping through Italy. It is shouted by thousands of black shirts parading every city and town throughout the kingdom and last night was thundered in huge black type from the front pages of newspapers and received the official sanction of the Fascist party through the voice of Secretary General Turati, who spoke to fifty thousand of his cohorts massed here last night. Italy is very much worked up over the attempt yesterday on the life of Premier Mussolini by the eighteen-year-old lad who was stabbed, beaten and strangled to death by the mob when caught in the act of attempting to fire a second shot at the Duse.

### Labor Makes Gains in Municipal Elections in Britain as Result of Prolongation of Coal Strike

LONDON, November 2.—Unusual gains were made by the Labor Party in the municipal elections in England and Wales, especially in the northern industrial districts of England. Incomplete returns give them 139 council seats. The change is thought to be due to irritation aroused through the prolongation of the coal strike and in protest at the inaction of the Government in regard to it. As a result many workmen are voting for Labor candidates in the municipal field. Labor now controls Leeds and Sheffield councils and has made big gains in other large centres. This year the party had 600 candidates in 70 boroughs compared with 600 last year. Socialists also made sweeping gains in the northern and midland areas.

### CONDUCTOR WAS KILLED BY BANDIT AT SEATTLE

SEATTLE, Nov. 2.—John Land, an operator on a one-man electric interurban car between Seattle and Renton, was shot five times and killed while grappling with a highwayman who held him up while his car was entering Seattle early this morning. The bandit escaped.

### OCTOBER CUSTOMS TOTAL \$32,049.38

Customs and excise collections for the port of Prince Rupert during the month of October totalled \$32,049.38 which, it was stated at the customs house this morning, compared favorably with the total for October 1925.

### LUNCHEDED WITH KING GEORGE

#### MACKENZIE KING WAS INDISPOSED YESTERDAY BUT WELL AGAIN TODAY

LONDON, Nov. 2.—Premier Mackenzie King, whose indisposition prevented his attending the naval manoeuvres executed by the fleets yesterday, is fully recovered and had lunch with King George at Buckingham Palace this morning.

### Attorneys for Aimee McPherson File Brief Saying She Had Right to Tell Any Story She Wished

LOS ANGELES, November 2.—A brief asking that the charges of conspiring to manufacture false evidence against Aimee McPherson and her mother Mrs. Kennedy be dismissed was submitted to Municipal Judge Blake yesterday by the attorneys for the two women closely following on the preliminary hearing. The brief alleges that the defendants committed no crime. No perjury could have occurred before the Grand Jury because the subject matter submitted was immaterial. If the district attorney is correct and the kidnapers do not exist, Mrs. McPherson had a right to tell any story she desired to explain her absence. Today the district attorney is presenting his brief and will state his case tomorrow when argument will be heard and Judge Blake will then decide if defendants are to be held for trial before the Superior Court or the charges dismissed. The trunk, which it was believed was owned by Kenneth Ormiston was opened yesterday on its arrival under bond from New York and was found to contain 67 articles of women's finery.

### ELECTION HELD ALASKA TODAY

#### DELEGATE SUTHERLAND OF JUNEAU BEING OPPOSED BY A MARKHAM OF FAIRBANKS

JUNEAU, Nov. 2.—Candidates in the territorial elections closed their campaigns yesterday and voters are today choosing one delegate to Congress and eight senators and sixteen representatives for the territorial legislature. Most of the candidates either censured or exonerated Delegate Dan Sutherland, Republican of Juneau, who has represented the territory for years, for allowing charges of flagrant vice in Alaska to go unanswered in the congressional investigation and of pandering to the vote of the Ilitester-Indians. Mr. Sutherland replied that certain territorial federal officers had conspired against him and that the Alaska salmon monopoly, which he asserted exists, attacked him when he censured it. Regular Republicans are supporting Sutherland while aspirants styling themselves independents lined up with his opponent, A. Markham of Fairbanks, a Republican running as an independent with the backing of the Democrats. Frank A. Boyle, a lawyer, who received the Democratic nomination, withdrew some time ago and asked his followers to support Markham.

### NANAIMO MAN WAS SOCIALIST

#### JAMES HAWTHORNTHWAITHE FORMER LEGISLATOR DIED SUDDENLY AT VICTORIA BECAME CAPITALIST

With Parker Williams He Once Controlled the Provincial Government

VICTORIA, Nov. 2.—James Hawthorthwaite, 57 years of age, a well known Socialist and former Labor leader on Vancouver Island and member of the Legislature for Newcastle for many years, died suddenly here yesterday. He was elected as Socialist representative from 1901 to 1908 when he resigned to contest the federal riding of Nanaimo against Hon. Ralph Smith but was defeated. He was returned to the Legislature by election to his old seat but was defeated in 1920. Mr. Hawthorthwaite was a good speaker and an able man of affairs. He was trusted by the members of his party until, while representing them in the Legislature, he sold a piece of property to the C.P.R. for a goodly sum thus betraying the fact that he was in the capitalist class. From that time he lost his influence in labor circles. Hawthorthwaite was at the time of the outbreak of war a shareholder in the Jinglepot mine on Vancouver Island which had been organized under German auspices and in which Alvensleben and a number of other prominent Germans were shareholders. The mine was taken over by the government. Since that time Mr. Hawthorthwaite has been engaged in mining and real estate ventures and was active in the development of the Cassiar gold fields. He was out of politics but remained a professed Socialist.

Politicians tell of the days when he and Parker Williams practically controlled the Legislature, the narrow margin of Conservatives under Richard McBride making it necessary to placate the Socialist group to keep themselves in power. This they did and as a result useful labor legislation was passed. Hawthorthwaite was never unreasonable in his demands.

### DOMINIONS AND THE EMPIRE

#### QUESTION OF DEFENSE TO BE DISCUSSED THURSDAY WHEN PROPOSALS PRESENTED

LONDON, Nov. 2.—The Dominions are preparing their case in the matter of Empire defence to present when the conference meets in plenary session Thursday. It is understood that in all the discussions which so far have taken on the question of Empire defence the British government has not made any definite proposal for further Dominion participation. The British government submitted an outline of its position and then left it to the Dominions to consider the case of Empire defence for themselves.

The British House of Commons is well provided with medical members and a call for a doctor is certain to bring a number of M.P.'s to their feet.

DAILY EDITION. **NOVEMBER 2, 1926**

**ELEVATORS NEEDED SAYS EDMONTON PAPER.**

The Edmonton Bulletin in a recent issue says: The railways have closed the Vancouver grain route by an embargo, to prevent it being closed by a blockade.

One-third of the terminal storage, it is said, is already occupied, and cars now en route and loading will fill the remainder. To allow loading to continue, the railways argue, would not get the grain out of the country any faster; might, in fact, slow down the rate of export by tying up box cars which could otherwise be used to haul grain to Fort William.

As between an embargo and a blockade there is not much to be chosen, from the farmer's standpoint. Either of them means that he must ship over the longer and more costly route eastward, or cannot ship at all for an indefinite time.

When his grain has been damaged by bad weather, his harvesting expenses increased by the same factor, and threshing delayed until winter may be supposed to be near, the farmer is not in a position to stand the loss of unusual marketing costs or of holding and housing his crop.

A stoppage of the grain movement is important to the farmer when grain grades high and prices are good. It is of even more importance to him in a season when the grade is depressed and the price correspondingly reduced.

The permit system has been employed in this and former years to regulate the flow of grain westward and prevent that "spout" becoming choked. That, even after this precaution, an embargo has to be established, is discouraging to those who have counted on the Western route as a way of escape for Alberta farmers from the blockade which often stops, and still more often threatens to stop, the movement to Fort William.

The cause of this tie-up apparently is a scarcity of ships to haul the grain away from Vancouver. Which, in turn, is in large measure due to the demand for vessels to carry U.S. coal to Great Britain. The embargo may be regarded as one of the indirect results of the British coal mining deadlock.

One conclusion from the situation is that more elevator accommodation is needed at the Pacific ports or at Alberta points. That an embargo has to be declared when only two and a half million bushels are in store at Vancouver, and the normal mount in transit, shows that the space there is altogether inadequate. Storage for seven and a half million bushels does not give enough "come and go" to facilitate a traffic which may run to anything from fifty to a hundred million bushels.

Ocean carriers in years to come, as at present, will be scarce when alluring business offers elsewhere, and if the Western route is to be established as a dependable outlet for the Alberta crop there will have to be storage room provided for a very much larger proportion of the normal volume.

**BANK OF MONTREAL REPORT IS OPTIMISTIC.**

The Bank of Montreal in its monthly review of trade conditions says:

Taking a broad view of Canadian commercial conditions during the past month, the improvement previously noted is well maintained. The grain crops of the Prairie Provinces, as well as those of Ontario and Quebec, have suffered somewhat in quality by reason of unpropitious weather, protracted rains having impeded harvesting and threshing with resultant lower grades; yet it seems certain that the total yield of wheat will approximate that of last year and be marketable at a profitable price. The untoward weather conditions have delayed marketing of the crops, slightly reducing gross railway earnings in the first half of October from the corresponding period last year, but this loss may fairly be expected to be overcome as the months pass. On October 16, the visible supply of wheat in Canada was 34,764,000 bushels, or only 88,000 bushels less than at the like period in 1925. The congestion of grain at the port of Montreal unfortunately persists, due mainly to shortage of ocean tonnage through diversion of tramp vessels to coal carrying from United States ports, and the pressure for tonnage is reflected in a substantial increase in rates.

Foreign trade continues to move in the direction of diminishing exports and increasing imports. In August, Canadian exports decreased \$21,000,000, while imports rose \$7,600,000 over the corresponding month of 1925; and in the five months ending with August, an increment of \$49,600,000 in imports contrasts with a decline of \$21,500,000 in exports. The same tendency, even more pronounced, is exhibited in the United States, where the excess of exports in the last nine months was only \$87,000,000, as against \$423,000,000 in 1925. In the case of Canada the principal import increase occurs in iron and its products.

The transportation companies are enjoying a reasonable degree of prosperity. In the eight months to August 31 last, Canadian Pacific operating profits reached \$22,183,000, a figure not equalled since 1917, while in the same period Canadian National net earnings mounted to \$20,828,000, from \$8,385,000 in the first eight months of 1925. The Canadian Government Merchant Marine also presents a remarkably good statement of earnings for the first nine months of the current year, showing an operating profit of \$77,225, as compared with a loss of \$816,114 in the corresponding period last year.

The generally improved state of business in Canada finds expression in our enlarged bank note circulation of about 10 per cent, an increase in notice deposits of 6 per cent, and of 7 per cent in mercantile loans as compared with a year ago.

**CASES BEFORE COUNTY COURT**

**APPEAL OF ARTHUR BEALE AGAINST LIQUOR ACT CONVICTION IS ONLY ONE SET DOWN FOR HEARING**

Although many were presented, only one case was set down for hearing this month at the regular session of County Court which took place yesterday before Judge Young. It was the appeal of Arthur Beale against a decision of Magistrate McClymont finding him guilty of selling beer and fining him \$300. The hearing will take place on Thursday of this week. An appeal of Victor Rodgers, convicted of keeping liquor for sale, has not yet had date set. The appeal of Roy McKinley against a conviction and fine of \$300 for liquor selling has been withdrawn. Another appeal for which date has not been set is that of the Department of Fisheries against dismissal by Magistrate McClymont of John Bussanich on a charge of mild curing salmon without having a license.

The following were the civil cases presented yesterday, dates for none of which were set:

W. E. Williams vs. Peter Byrne, \$30.35 for professional services. Williams, Manson & Gonzales for plaintiff, defendant in person.

C. F. Harrison vs. D. D. Kimball, \$225 partnership claim; Patmore & Fulton for plaintiff, Williams, Manson & Gonzales for defendant.

John Thomas vs. Martin Peko, \$20 for goods sold and delivered; Williams, Manson & Gonzales for plaintiff, Patmore & Fulton for defendant.

Owen McFadden et al vs. Porter Idaho Mining Co., \$915 for hauling ore from Porter Idaho mine near Stewart; Patmore & Fulton for plaintiff, defendant in person.

John Lindseth vs. Conrad Lindseth et al, \$384.44 for logging merchandise sold and delivered; Patmore & Fulton for plaintiff, Williams, Manson & Gonzales for defendant.

P. J. Moran vs. W. T. Atwood, \$40; Williams, Manson & Gonzales for plaintiff, defendant in person.

C. W. Burt vs. T. P. Ryan, \$15; Williams, Manson & Gonzales for plaintiff, defendant in person.

H. Roberts vs. F. L. Buckley et al, for merchandise; Williams, Manson & Gonzales for plaintiff, Patmore & Fulton for plaintiff.

J. C. Gavigan vs. Jos. Shaeffer et al, \$690.08 for goods sold and delivered; Williams, Manson & Gonzales for plaintiff, defendants in person.

The case of Frank D. Rice vs. James E. Taylor in which \$70 was claimed for professional services has been settled out of court.

The naturalization applications of Andreas Pavlikis and Punnan F. Delgren were approved.

**THE MAN IN THE MOON**

says:

I have never felt kindly to Noah since I learned that a lot of creatures would have been wiped off the face of the earth had it not been for his old ship.

The more a man knows the less eager he is to give advice.

What is the good of a hell? Modern life has enough torment without any after death stuff.

Freedom is the right to boss the other fellow.

No one minds a man being a fool but he should not let the world know it.

Men rather like a woman to be a fool. It enhances their own comparative standing.

The way to start a fight is to ask a man to admire the scenery when he is cranking a gas engine that refuses to start.

**Ten Years Ago in Prince Rupert**

NOVEMBER 2, 1916

J. S. Emerson arrived from Vancouver yesterday and announced that he planned the erection of a large sawmill here. The plant will have all kinds of accessories in the way of kilns and other related works and will employ some 300 men. Mr. Emerson is accompanied on his visit to the city by E. F. Duly of the Brunette sawmill on the Fraser River who comes in the capacity of an expert.

A quiet wedding took place on Tuesday afternoon at St. Andrew's Anglican Church when Miss Clara Barnsley, only daughter of Mr. and Mrs. John Barnsley, became the bride of Arthur Leonard Robinson of the Railway Mail Service. After the ceremony, which was performed by Canon Rix and at which Mr. and Mrs. S. J. Winsby were the attendants, the couple sailed on the Cheohain for Victoria where they will take up residence.

The Presbyterian Fortnightly Club held its annual meeting last night when officers were elected as follows: President, D. C. McRae; vice-president, D. M. McCorkindale; secretary, Douglas Stark; treasurer, Frank Moore; directors, Mrs. McMillan, Miss McLeod, Messrs. Hudson, Duncan and Hume.

**GOOD PUBLICITY FOR THIS CITY GIVEN BY COLD STORAGE MANAGER**

T. H. Johnson, manager of the Canadian Fish & Cold Storage Co., who went East recently, stopped off at Winnipeg and has been the means of giving Prince Rupert some good publicity

**Children's Colds**

Are quickly, pleasantly relieved by Dr. Chase's Syrup of Linseed and Turpentine

If children's colds are got rid of promptly there will be less tendency to pneumonia and consumption in later life. It is the neglected, hanging-on cold that weakens the lungs and develops into serious trouble.

No treatment for coughs and colds was ever so popular with the children as Dr. Chase's Syrup of Linseed and Turpentine. It is so pleasant to the taste, so delightfully soothing and healing, and affords relief so quickly that children soon turn to it instinctively when choked up with a cold or annoyed by coughing.

It is mother's favorite treatment for croup and bronchitis, for she knows it will bring relief when the midnight coughing spasms set in. It is wise to always have a bottle at hand for prompt use in emergency.

in the newspapers there. One of the Winnipeg papers had the following:

"Prince Rupert is loading the first clean grain boat in its history this week with Alberta wheat from the new 600,000 bushel government elevator, which opened for business there two weeks ago. T. H. Johnson, general manager of the Canadian Fish & Cold Storage Company, Prince Rupert, told he pres at the Royal Alexandra Hotel his morning. Another boat is to come next week, he said, and incidentally the movement of grain to that port is giving Prince Rupert its first taste of a daily freight train service.

"British Columbia's fish production set the province approximately \$25,000,000 last year, Mr. Johnson said. His firm has a cold storage plant at Prince Rupert with 10,000,000 pounds capacity. The run of sockeye salmon in general was normal, but halibut was showing signs of depletion, he said, declaring that the international agreement of a closed halibut season from November 15 each year to February 15 of the next was a piece of wisdom. The trend of prices was upward, and fish consumption in Canada on the increase, Mr. Johnson said."

Henry Ford's iron foundry at Detroit is the largest in the world. It covers 80 acres and produces 2,000 tons of casting every twenty-four hours.

Austrian girls are justified in biting a man who tries to kiss them against their will, the district court of Margarten in Vienna, has ruled.

**THE CREDENZA** is the finest model of the new Orthophonic Victrola one may possess... Derived from a medieval Credence table, this charming cabinet, finished in mahogany or walnut, is quietly aristocratic with a touch of hand carving... Within, is housed the wonderful new Orthophonic tone chamber, a revolutionary invention which has made it possible to play at home the entire range of music tones... "Matched impedance" the newly discovered Orthophonic formula gives this tone chamber its miraculous powers... and only Victor may use it... Arrange for a demonstration of the Credenza today, possibly at your home... Obtainable from any "His Master's Voice" dealer on easy terms of payment.

Basketball tonight at 6.30 Exhibition Building. Four games. Admission 25c and 10c.

J. C. K. Sealy, who has been here for the past few days on business, returned to Smithers on this morning's train.

Rev. Victor Sansum, pastor of the United Church at Kispiox, arrived in the city on last night's train and will sail this evening on the Cardena for Vancouver.

Union steamer Cardena, Capt. A. E. Dickson, returned to port at 2.30 this afternoon from the Naas River, Anyox, Alice Arm and Stewart and will sail at 5 for the south.

Anton Martinson sails this evening on the Cardena for Vancouver en route to New York where he will join A. B. Phillips and accompany him on a trip to Europe.

A chimney fire at the residence of N. Mussallem, 346 Fourth Avenue West, caused an alarm to be turned into the fire department at 7.15 last night. No damage was done.

Following are passengers booked to sail on the Cardena this afternoon for Vancouver: C. B. Freeman, Mrs. A. L. Hille, Mrs. Talbot, Rev. Victor Sansum and Anton Martinson.

From the pen of C. L. Shaw, a member of the Vancouver Province staff, appears in McLean's Magazine this month an interesting biography of Hon. John Oliver, Premier of British Columbia.

Rev. and Mrs. A. W. Robinson and family left on this morning's train for Terrace where Mr. Robinson, formerly of Ocean Falls, will take the Anglican pulpit recently vacated by Rural Dean T. J. Marsh.

C. B. Freeman of the Vancouver Pungition Co., who has been here for the past two or three weeks making arrangements for the fumigation of grain ships at this port, will return by the Cardena this afternoon to Vancouver.

The annual Catholic Bazaar will open Wednesday afternoon at 9.30 p.m. in the Parish Hall. It will continue until Thursday evening when the awarding of prizes to admission ticket holders will take place. Twelve admission tickets will be drawn on Wednesday evening from those holding odd numbers. Mrs. Ponder's orchestra will be in attendance each evening.

C.P.R. steamer Princess Mary, Capt. Arthur Slater, southbound from Skagway to Vancouver, is expected in port tonight or tomorrow morning. Among passengers leaving here for Vancouver on the Princess Mary will be Rev. F. W. Cassils-Kennedy, superintendent of Japanese missions for the Anglican Church, who has been visiting the city on official duties for the past few days.

The whist drive and dance advertised for Wednesday evening by the First North B.C. Regiment has been postponed meantime.

The case of Mar Li, Chinese, charged with keeping liquor for sale, is proceeding before Magistrate McClymont in the city police court this afternoon.

Wong Yin, charged with driving a delivery truck of the Wong Lee grocery company without a license, was fined \$5 in city police court this morning.

### Women of Today and Their Doings

#### ASTRID WOOD IN GERMAN

That German was the language used in the courting of Princess Astrid of Sweden by Prince Leopold, heir to the throne of Belgium, came rather as a shock to the Belgians.

Speculation has been busy trying to ascertain in what tongue Leopold had first told Astrid: "I love you."

The Swedish Princess speaks no French and the Prince does not know Swedish. Astrid speaks English fluently but Leopold's command of that language is too limited to carry on an extensive conversation.

Both, however, speak German admirably. The Princess had a German governess while Prince Leopold's mother, Queen Elizabeth belongs to the house of Wurtemberg.

#### EGOTISM WOMAN'S CHARM

"Modern women's charm is based on egotism and her main desire is to satiate her senses with beings as free from scruples as from honor."

Thus Jean Gabriel Domergue, the portrait painter who owes his fame to his skill in depicting the charms of the wealthy celebrities of society and the stage, criticizes the modern woman.

"I learn to know women when I am painting their portraits; they tell me their tastes and aspirations and this is their mentality today," he told a woman's magazine. "It applies to women of all classes. I have seen them all pass through my studio, society women, bourgeois and actresses. It is among actresses I find the most serious women and among the lower bourgeoisie the most shameless."

#### HEADS TURKISH BUREAU

A Turkish woman, Bedrie Hanoum, has been appointed to the most important government position yet granted a woman by the Turkish Republic, namely, head of the Bureau of Hygiene.

After graduating from the American College in Constantinople, Bedrie Hanoum studied medicine in Germany and France at the expense of the Turkish Government, and returned to Turkey last year as doctor of medicine.

#### WOMAN ORDAINED AN ELDER

Mrs. Belle C. Harman, who was ordained elder at Helena, Mont., is said to be the first woman in the Methodist Episcopal Church to receive elder's orders. Two years ago, when Mrs. Harman was ordained deacon, a similar claim went undisputed. She was granted orders in both cases after a rigid examination and a vote of Conference. She has been a supply pastor for a number of years.

In the Methodist Church there are two ordinations for the ministry, ordination as deacon and ordination as elder.

#### IOWA VOTES FOR WOMEN

Men will make their last stand for exclusive right to public office in Iowa in the November election. But it will not be a determined stand and there are indications that they will contribute largely to their own rout. The voters will pass finally upon a

constitutional amendment giving women the right to hold membership in the state house of representatives, the only office to which they are not now eligible. In the past, women have had little success in campaigns for the higher offices but have scored heavily in contests for county and municipal berths.

#### MAKES OWN GOWNS

Viscountess Falkland is making the gowns for the wedding of her future daughter-in-law, Miss Joan Southey, which are to be distinctive. The bride is very fair and will wear an ivory satin of mediaeval design, with a slim cut bodice and full skirt which will be almost ankle length. The train of ivory satin will be hand-embroidered with sprays of Madonna lilies. The bridesmaid's frocks are of whiteorgette and will be worn with wreaths of jasmine.

Viscountess Masserene and Ferrand is another titled woman who designs her own frocks. Like the Queen of Roumania, she abhors gowns which are like all other women are wearing.

#### "BABY" COMBS IN DEMAND

"Baby" combs are in great demand in London's Bond Street. Society women have found that frequent washing of shingled hair turns it gray, and hair combed with the fine-toothed combs bearing the stamp "Baby" can be kept so clean that it requires little washing. A final rub with silk gives the hair a finer gloss than a brushing and large handkerchiefs for this purpose are offered by toilet specialists. These fine baby combs are kept clean by slipping them through hanks of horsehair.

### CHANGING PARTY IS NOT UNCOMMON AMONG PROMINENT STATESMEN

(Edmonton Journal)

It is the exceptional public men who, after being identified with one political party, changes his allegiance and is advanced by his new associates to the chief place among them. That this happened in the case of Hon. Hugh Guthrie says much for the confidence that his ability and character inspires. But he is not the first Canadian who has had that experience.

Sir Robert Borden was also originally a Liberal and Sir Oliver Mowat, who was so long the Liberal premier of Ontario, came from a Conservative family. Both of these leaders, however, made the change before being first elected to parliament. Sir Richard Cartwright, on the other hand, was a prominent figure in the Conservative ranks at Ottawa before he allied himself with the Liberals and became minister of finance under the premiership of Alexander MacKenzie.

The outstanding example in this connection is, of course, Mr. Gladstone. When he entered parliament he was described as "the rising hope of the stern, unbending Tories" and his shifting to the Liberals, among whom he became so great a figure, came after he had been in public life for some time. No one can read his biography without realizing how natural was his political evolution, and this is also true of that of the Canadian statesmen who have been mentioned. As Mr. Gladstone once said, party ties should never be lightly broken, but, when by maintaining them one finds it necessary to sacrifice convictions on matters of large moment, there should be no question of what is the proper thing to do.

Mr. Guthrie's career is exceptional in one respect. He did not find it necessary to seek another constituency when he abandoned his old party for his new one. For seventeen years he represented South Wellington as a Liberal then as a Unionist, and he has since carried it three times as a Conservative. There could be no better evidence than this of his personal prestige among those who know him best.

#### JUST HIS LUCK

"How many women did you try to marry before you got me?" she snapped in anger.  
"Must have been twelve," he answered, sadly. "I never counted 'em, but it surely must have been twelve."—Ottawa Free Press.

#### SMILE

Smile and the world smiles with you; Frown and you frown alone, For the cheerful grin will let you in Where the frown is never known. —With apologies.

### Was So Nervous The Least Noise Made Her Jump

Mrs. W. H. Yates, Ashern, Man., writes:—"I was bothered very much with my heart and nerves, and the least noise would make me jump and almost stop my heart beating. I told my mother about it one day, and she said that she had been bothered the same way and told me to get a box of

When I had taken the one box I felt quite a lot better and by the time I had taken three boxes I got relief." Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

# NOVELTY DANCE AT TERRACE

NINETY DOLLARS RAISED BY HOSPITAL AUXILIARY FOR COMFORTS OF PATIENTS

TERRACE, Nov. 2.—The novelty Halloween dance held on Friday evening in G.W.V.A. hall, under the auspices of the Women's Auxiliary to the Terrace Hospital, was a decided success, and undoubtedly one of the most enjoyable dances ever held here. The hall was very appropriately decorated for the occasion, festoons of orange and black with pumpkin and black cat lanterns against a background of evergreens making a very attractive effect. The novelty booth was well patronized and the many gaily colored hats, balloons, horns, streamers, etc., all added a touch of color and a note of distinction somewhat out of the ordinary. Excellent music was furnished by Mrs. Attwood, L. H. Kenney and C. Toombs. During the evening Mrs. R. Haney rendered two vocal solos which were much appreciated. Miss Mona Greig was presented with an appropriate prize for having sold the greatest number of tickets, the sale of which had been ably undertaken by a number of young girls.

Refreshments provided by the members of the auxiliary, were partaken of at midnight and the dancing was continued until an early hour. The auxiliary desires to express thanks and appreciation to the Canadian Legion for free hall, to the musicians who donated their services and to the girls who sold tickets. Somewhat over ninety dollars was the net result of the dance and this creditable amount will go far in providing comforts and necessary supplies in the new hospital.

# SCOUTS AND CUBS OF SMITHERS HOLD REVEL HALLOWE'EN

SMITHERS, Nov. 2.—The Boy Scout hall was the scene of a noisy but happy gathering on Saturday evening when the Scouts and Cubs combined in giving a Halloween party. Each of the boys brought a girl friend and when the fun began there were nearly ninety children gathered in the hall. Scout Master Rev. George Turpin and a group of assistants engineered the young people through a series of games and contests and to say they had a "whale of a good time" puts it very mildly. The main feature of the evening was the dividing of the youngsters into four groups and giving points as the members of various groups won in the contests. The group under the name of "The Soldiers" captained by Chuck Rolston won. After three hours of fun and play, refreshments were served and a happy crowd of youngsters left for their homes.

# TERRACE

Mrs. V. Soucie left on Saturday on a visit to friends in Prince Rupert.

Mr. and Mrs. O. Von Hees and daughter returned to Terrace on Saturday after having spent the past two months in Vancouver and New Westminster.

Rev. E. R. McLean, M.A.B.D., superintendent of Religious Education for B.C. arrived from the interior on Friday and in the evening gave a very interesting and instructive talk on the fourfold program laid down for work among the young people. Unfortunately, owing to the hospital dance, the crowd was not so large as it otherwise would have been, but those who did attend received many helpful ideas along the line of service. Mr. McLean left on Saturday for the coast, where he will go north as far as Anxox and then south to Vancouver.

Jas. H. Smith, foreman in Little's wood camp, returned on Saturday from a holiday trip to his home in Quebec.

Oscar Olander and Paul Broder of Kalum Lake spent the week end in town.

Mrs. Chas. Raven of Lakelse Hatchery was in town Friday and Saturday.

Miss Sibary spent the week end in town with Miss Mallot.

Charley and Annie Walker of Copper City were in town for the dance on Friday night.

Misses Edna and Alberta Dobbie of Copper City took in the dance on Friday night.

# HAZELTON

Miss Mayel Cox left last Thursday for Prince Rupert where she has accepted a position with the Heilbronner Jewellery Co.

T. B. Campbell and family also left last week for their home in Winnipeg. Mr. Campbell has been working in conjunction with Harlan I. Smith in the totem pole work along the Skeena.

Rev. E. R. McLean passed through the district last week in the interests of

# BRINGING UP FATHER

the Young People's work of the United Church. He addressed meetings in both towns.

Rev. Victor Sansum is attending the special Conference in Vancouver this week. While in the South he will write off some University examinations as well. He will be away about two weeks.

The Ladies Aid of the United Church are making and preparing plans for a monster chicken supper to be served on Thanksgiving night, November 8, in the Assembly Hall.

Herbert Chadwick has taken a position with the Hudson's Bay Co. as chief accountant. He succeeds Mr. Carman who has gone to open a new Post at Annuham Lake in the Chilcotin land.

# SMITHERS

Fred J. Reynolds of Houston was a business visitor in town on Thursday.

Major R. Lowe of Burns Lake was a visitor in town over the week end.

Miss Muriel M. Bowes of Victoria arrived in town Saturday and will have charge of the overflow room of the Smithers public school being established in the old bank building.

A very pleasant little dance was held in the Driftwood school house on Friday evening and was attended by a number of folk from town.

The girls of the High School and C.G.I.T. basketball teams held a dance in the Scout Hall on Friday evening to obtain funds for the purchasing of sweaters for the players. The affair proved most enjoyable and was a financial success as well.

Mrs. R. McKilligan of Houston was a business visitor in town last Friday.

Smithers did not suffer so much from the Halloween pranks this year and Main Street on the morning after did not present quite the same disreputable appearance as the morning's after of previous years. The absence of soap writing on the windows was no doubt due to the majority of the younger folks being at the big children's party in the Scout Hall.

Fred Page had sufficiently recovered from his attack of pneumonia to allow him to be removed to his home on Sunday afternoon.

# TEN DAY SALE BY B.C. FUR CO.

BEFORE MOVING TO LARGER PREMISES, SALE FOR TEN DAYS AT BARGAIN PRICES IS EXPECTED TO CLEAR WHOLE STOCK OF FUR COATS, CHOKERS AND TRIMMINGS.

Owing to largely increasing business, the B.C. Fur Company is compelled to take larger premises and are moving within the next few days into other premises on Third Avenue, near the C.P.R.

Before moving our stock from the one store to the other, we have decided to put on a ten-day removal sale of our whole stock of Fur Coats, Chokers and Trimmings. Prices are cut regardless of cost and every purchaser may be assured of getting a bargain, the like of which may never be repeated.

This great ten day sale will start on Wednesday morning at 9 o'clock in the premises of the B.C. Fur Co., Third Avenue, next G.W.V.A. Come early and have your choice from our large stock, for at the prices each garment is marked at, we do not expect to have very much to move to the new store.—Advt.

# FAILURE OF JURY SYSTEM MAY END IN ITS ABOLITION

(Edmonton Journal)  
There is no denying or disguising the fact that there is a rising tide of disapproval of the jury system. From time to time murmurings of that sort have been heard in Canada, and now and then open criticism of the system has been expressed. This has been because verdicts have been given by juries that were manifestly out of joint, and it has sometimes been impossible to avoid a feeling that a judge or a full bench of judges would have given a fairer decision.

The same tendency is evident across the line, and at the present time it is taking shape in one state, Delaware, in a bill to be introduced at the next session of the assembly for the abolition of the jury system. The state bar association is sponsoring this agitation and the proposed bill, and there are believed to be good chances of its passing.

If Delaware does away with its juries, the example will quite possibly be followed by other states, and the outcome of the present agitation will therefore be awaited with interest. In Canada, too, where old English customs are not given up readily or without much deliberation, a movement in this direction would doubtless find supporters, and it resulted in a more careful selection

of jury slates, even though it did not go so far as to abolish the system itself, there would be no little satisfaction.

# WANTS HISTORY OF SCOTLAND

EFFORTS BEEN MADE DURING PAST TWO YEARS TO SECURE ONE BUT WITHOUT AVAIL

There is no place on earth without a Scotsman, according to common tradition. There is one on the Library Board and two years ago, at the suggestion of one of his compatriots, he suggested that a Scottish history should be added to the civic collection. The Librarian of that day was instructed to get busy and secure the volume. That was easy. Anybody can give orders but it is often much more difficult to carry them out.

The Librarian placed an order with one of the book collecting agencies in the East, but no history of Scotland was forthcoming. When the present Librarian was appointed she took up the work of her predecessor, but without result. At last she secured the names of several histories but on writing to the publishers it was found in every case that the book was out of print.

The matter came up again last night at the meeting of the library board and the Librarian was asked to make another effort, to reach out as far as Edinburgh, and not to give up the work until a history of Scotland is secured and placed on the shelves. If this effort is a failure the Board, it was suggested, might consider the advisability of offering a prize for a new history to be written and placed on the market so that the romance and glamor of the early days of a great people may not pass out unrecorded.

# CRIBBAGE LEAGUE GAMES ARE PLAYED

Grotto, Legion, Orangemen, Native Sons, C.N. Operators and K.C.'s Were Winners Last Night

Results of games played last night in the Prince Rupert Cribbage League were as follows:

# SPORT CHAT

After a cessation of nearly two years, league basketball will again be inaugurated in the city with the opening games of the 1926-27 schedule to take place this evening in the Exhibition Hall. It is to be hoped that the enthusiastic organization work that has been now carried to success may be rewarded with good attendance not only tonight but throughout the season. The teams meeting tonight will be: Senior League—Terminals vs. Native Sons; Intermediate League—Terminals vs. Grotto; Ladies' League—Maple Leafs vs. Adanacs; Junior League vs. Stars.

The Gyros, who are now in the cellar but not without hope of getting out of it, and the Grotto, which is in second place and is aspiring for first, will meet tonight in the Billiard League. The games, which will be played in the Grand Terminal Club, will be as follows: George Waugh (Grotto) vs. W. Long (Gyros); J. Andrews vs. W. J. Nelson; Dr. West vs. A. Macdonald; J. Hamilton vs. Frank Aldridge; G. Anderson vs. Ben Self.

### NEW WORK AT JASPER PARK

SIR HENRY THORNTON INSPECTS  
PARK DURING TOUR OF INSPECTION

JASPER, Nov. 2.—Sir Henry Thornton, chairman and president of Canadian National Railways who is making his annual inspection of western lines of the company left Jasper yesterday for Kelowna where he will spend the greater part of Tuesday, meeting the fruit growers and inspecting the facilities of the company there.

During his visit to Jasper the President, in company with S. J. Hungerford, operating vice president, W. A. Kingsland, general manager of the western region and construction engineers, spent several hours at Jasper Park Lodge going carefully into the plans for alterations and improvements which are to be completed before the lodge opens for the summer tourist traffic next May. These plans provide for a considerable alteration in the Main Lodge, the routing of at least one motor road and the erection of additional cabin accommodation for the care of the guests who have been visiting the Lodge in increasing numbers annually.

Sir Henry also inspected the golf course where it is expected the Alberta championships will be held next season and the Canadian amateur championships in 1928.

This morning Sir Henry and Lady Thornton motored to Pachootas with Col. Maynard Rogers, superintendent of the Park. This trip is famous for its scenery and for the wild life to be found by the roadside. The party saw bears, deer and several unusually large herds of mountain sheep.

After his visit to Kelowna Sir Henry will return to Kamloops and proceed from there on Wednesday morning to Vancouver where he is due Wednesday evening.

### TIMBER SALE X4302

Sealed Tenders will be received by the Minister of Lands at Victoria, B.C., not later than noon on the 23rd day of December, 1926, for the purchase of Lickmore X4302, to cut 6,841,500 F.B.M. of Spruce, Hemlock and Cedar, on an area situated on Maude Island adjoining Lots 460 and 461, Skidegate Inlet, Queen Charlotte Islands.

Two (2) years will be allowed for removal of timber.

### LIBRARY OPEN AND VERY BUSY

After closing under instructions from the health officer the public Library reopened yesterday and was busy all afternoon and evening. The books which had been in the possession of families where there was scarlet fever will not be returned to the library but will be destroyed. There are less than half a dozen that will thus be lost. It was reported to the library board at the regular monthly meeting last evening. Mrs. Kirkpatrick presided and there were also present G. V. Wilkinson, James Black, F. J. Fuller and H. F. Pullen.

The librarian reported that the total circulation for October was 2244 which for the eighteen days the library was open showed an average of 124.6. Of the books taken out, fiction was much the most numerous, there being 1570, non-fiction 255 and juvenile 418. New registrations numbered 36 of which 7 were juvenile. New books added during the month numbered 126 of which 21 were by gift and 107 by purchase. Eighteen were discarded leaving a total on the shelves and in circulation of 5-412.

### LITTLE GAMMARUS IS FOOD FOR TROUT

PORTLAND, Ore., Nov. 2.—The little gammarus is thriving in at least one Oregon lake and the officials who direct the planting of trout in Oregon's streams are gladdened.

The gammarus is a fresh water shrimp. On it trout which ordinarily would stop growing at seven or eight inches will grow to twice or three that size.

The gammarus was imported from Nevada two years ago and propagated at a state hatchery.

### STEWART MINES AND PROSPECTS

EXPERT CRITICISM OF PROPERTIES ON PORTLAND FROM FINANCIAL VIEWPOINT

(Northwest Mining Service)

STEWART, B.C. (From our Special Field Representative)—The section of the Portland Canal mining division which is attracting most attention at present is the Marmot River district. It has at least three potential mines—Porter-Idaho, Marmot Metals and the High Grade Groups, each of which has been highly commended by geologists and mining men of experience from both the States and Eastern Canada. Many of them have expressed the opinion that all three of these properties stand excellent chances of developing into equally sensational producers with the Premier mine.

Heretofore, transportation has been almost impossible in that section. Porter-Idaho has struggled on and paid expenses for three years, although the cost of packing ore to tidewater was \$60 a ton. Marmot Metals was not so badly handicapped, but it has had its share, as also the High Grade Group, of transportation difficulties. The latter property is understood to be under option by the Premier, whose engineers examined it, but the owners state that no deal has been made.

Marmot Metals came into the limelight this summer. It is being methodically developed, and the ore bodies are so consistent in value, volume and formation that the work now in hand should soon demonstrate its great worth. Negotiations are said to be pending for some sort of a deal on the property. Angus MacLeod is manager and appears to be thoroughly competent.

### HAS FINE RECORD

Porter-Idaho owes its present fame and high prospect to Clay Porter, whose shoulders have borne the stress of its development. If he had shown the same ability in financing his mine that he has displayed in locating and developing his ore bodies, his fellow shareholders would be entitled to sincere congratulations. As the matter now stands, I verily believe that he will make the mine finance itself, as the showings on which he is now working are absolutely stupendous. In the past, he had every factor against him, as he would not consent to anything favoring of market manipulation in connection with the financing of his company. Yet he struggled on and paid expenses, although to do so he had to work a full lead eight feet wide to obtain the high grade streaks on foot and hanging of 12 inches and 6 inches respectively. The main ore body averaged around \$30 a ton and up in values, but carried considerable zinc. This ore, of course, he could not handle, as the cost of getting it to tidewater was prohibitive. In spite of this handicap, he has shipped over \$400,000 worth of ore, which is surely an exceptional accomplishment, all conditions considered.

### SHIPPING HIGH GRADE

Late in August he prospected the apex of his best vein and found it at an elevation of 5,000 feet above sea level. Since then he has proved it to have a width of six to eight feet, from which he is getting average values of \$200 a ton. This ore he is shipping as fast as he can get it packed out, though the weather will, in all probability, make an end to such operations about the time this letter is in print.

Approximately 2000 feet lower on the vein, he has driven in a crosscut tunnel about 1000 feet to prove it at depth. Another 150 feet of work should intersect the vein. If the ore is found continuous to that level, stupendous ore reserves would be indicated. This lower tunnel when in about 300 feet had crosscut two ore bodies about 20 feet apart. These veins were 15 to 30 feet wide respectively, carrying good values, especially in zinc.

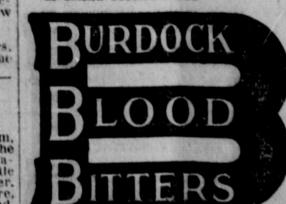

Altogether, he has in the Porter-Idaho group seven known ore veins or zones, all carrying, so far as developed, good bodies of commercial ore. A tram line and mill are essential to further operation of the property, and once these are installed, Porter-Idaho should rapidly take its place with Premier as a bonanza mine.

### Consider The Squirrel

He lays in his winter supplies while the choice is good and there is an abundance. When winter arrives, as it does, his preparedness saves him a lot of worry and inconvenience. Man seems to be the most improvident creature. So many of us never think of the winter's fuel supply until the cold spell is on us, yet we expect prompt deliveries with well prepared dry fuel. Lay in your winter's stock of coal now without inconveniencing yourself. We have a good stock of hard NANAIMO-WELLINGTON COAL and can deliver it to you at anytime to suit you. Phone us now at 116 or 117.

### Albert & McCaffery, Ltd.

Advantage from the fact that when it explodes in the engine cylinders one of the products is water vapor. The vapor, passing out through the exhausts of the five 420-horsepower Maybach motors, will be condensed in tanks; the cooling system of the motors and the rest stored as ballast. As ballast, the exhaust water will more than make up for the loss in weight the dirigible will suffer when fuel is consumed enroute so that instead of letting out expensive hydrogen from the gas bag either before landing or when forced into high altitudes, water can be discharged from the tanks. The use of carburetted hydrogen will cut down by 35 per cent the initial useful load carried by the dirigible.

### SEVEN CLAIMS SOLD FOR TAXES YESTERDAY

A. E. Wright, Dalby Morkill and Frances Miller were Purchasers of Mining Properties

At the provincial mineral claim sale yesterday, conducted by W. S. Fisher, provincial collector, assisted by A. J. Lancaster, seven claims were sold out of a total of 51 offered. All were sold at the upset price and the sum of \$404.22 was realized as a result of the sale.

The sales were as follows: Entente Cordiale, Gold Goin, Lord Kitchener and Young Bull claims on Porcher Island to A. E. Wright. O. K. Fraction and Wolverine claims in the Cassiar district to Dalby Morkill. Togo claim on Queen Charlotte Islands to Frances Miller.

### Vapors Check a Cold Overnight

There are many way to treat a cold but only one DIRECT way—with vapors that can be inhaled. Vapors penetrate immediately into every corner of the air passages and lungs, soothing and healing with every breath. Vicks is so remarkably successful in treating cold troubles because it acts like a "vapor lamp in salve form." When rubbed over throat and chest the body heat releases vapors of Menthol, Camphor, Eucalyptus, Thyme and Turpentine. At the same time Vicks is absorbed through and stimulates the skin like a poultice or plaster. This double, direct action often checks the worst cold overnight.

### MARSH GAS USED AS FUEL FOR DIRIGIBLE IT BEATS GASOLINE

FRIEDRICHSHAFEN, Germany, Nov. 2.—Construction secrets of the world's largest and first gas-burning dirigible, the L.Z. 127, have been partially disclosed by Dr. Hugo Eckener, commander. The gas fuel is marsh gas or carburetted hydrogen with the chemical formula CH<sub>4</sub>. Much lighter and more efficient than gasoline or benzol, Dr. Eckener said, the gas draws its greatest

### LIQUOR CASES HEARD TODAY

#### MAGISTRATE TAKES UNDER ADVISEMENT QUESTION OF INCORPORATION OF G.W.V.A.

The defendant lost the first round in the case of the Great War Veterans' Association, charged with selling beer through its servant, Arthur Beale, when Magistrate McClymont this morning refused to accept the contention of the defence that it was the Canadian Legion and not the Great War Veterans' Association that was conducting the premises at the time of the offence. His Worship found that the preponderance of the evidence went to show that it was the G.W.V.A. that was in control. The next resting place of the defence was the ground that the G.W.V.A. being of Dominion incorporation, was not incorporated in itself and thus could not be convicted on the charge. After argument of counsel on this point had been heard, the magistrate adjourned the case until tomorrow morning for decision. E. F. Jones, city

#### WATER NOTICE

## EDWARDSBURG CROWN BRAND CORN SYRUP

Not only a Wonderful flavor but unusually Wholesome as well

The CANADA STARCH CO. LIMITED-MONTREAL

### EDWARDSBURG CROWN BRAND CORN SYRUP

the G.W.V.A. was called to the stand. He stated that the Canadian Legion had taken over and was operating the premises. Checks were signed with the name Canadian Legion. Confronted with a license covering the period issued to the G.W.V.A. Mr. Youngman stated that he took it from what he heard at a convention in Vancouver in May that the Canadian Legion was entitled to continue business with a license issued to G.W.V.A. Witness had not examined the license and had not seen that it was marked not transferable.

Under cross examination by Mr. Jones, Mr. Youngman stated that he could not swear that the legal formalities for the transfer of the G.W.V.A. had been carried out nor could he swear that the property had ever been taken over by the Canadian Legion.

### WINTER SERVICE OF COAST STEAMERS IS STARTING VERY SOON

There will be only two more week-end trips of the steamer Prince Rupert in the Canadian National Coast steamship service before the winter schedule, giving one boat a week, will be reverted to. The steamer Prince George is to be laid off first this winter and, after the middle of this month, the Prince Rupert will arrive from Vancouver at 10:30 Wednesday mornings, sailing at 10 Wednesday evenings for Stewart and Anyox returning here Friday mornings at 5 o'clock and sailing for the south at 9 Friday mornings.

### NELLIE IS PROBLEM IN TORONTO SCHOOLS

TORONTO, Nov. 2.—Among other vexing questions the Premier of Ontario, as Minister of Education has to face the problem of Nellie going to school in Toronto. Nellie is under 16 years of age and comes within the provisions of the Adolescent School Attendance Act, by which the Board of Education is required to enforce her attendance at school. But, although the child is resident in Toronto with relatives, her parents live outside the city. Hence, the Finance Committee of the board is caught on the horns of the dilemma, between the statute requiring attendance of Nellie at school and the board's own policy of closing its doors on children whose parents or guardians are not resident of Toronto. The matter was referred to Premier Ferguson as Minister of Education.

### SHAKESPEARE SOCIETY MEETS

MOST ENTHUSIASTIC GATHERING OF SEASON SO FAR TOOK PLACE LAST NIGHT

The meeting last night of the Shakespeare Society was one of the most enthusiastic gatherings the organization has yet had. The subject of study was Scene I and II, from Act II, of Shakespeare's Hamlet, Prince of Denmark. One of the features was the reading by Miss Blanche Macdonald of a splendid paper on Ophelia, one of the characters in Hamlet.

Various parts in the reading of the play were taken as follows:

- Polonius, Lord Chamberlain, Alex. McKee and Miss Dorothy Stephen.
- Reynaldo, servant to Polonius, Mr. Anderson.
- Ophelia, daughter of Polonius, Miss Jean Harrison, R.N.
- Claudius, King of Denmark, Miss Pierce.
- Gertrude, Queen of Denmark and mother of Hamlet, Mrs. Haddon.
- Rosencrantz, courtier, Mrs. Adam Mackie.
- Guiltenster, courtier, Miss Watson.
- Voltsimand, courtier, Mrs. W. H. Wilson-Murray.
- Cornelius, courtier, Mrs. J. Bremner.
- Hamlet, Prince of Denmark, son of the former and nephew of the present King, Mrs. Black and Mrs. R. Cameron.
- Players, Miss Dobbie and Miss Mitchell.

The following were elected new members of the club: Miss Caroline Mitchell, Mrs. J. E. Milne and Mrs. Adam Mackie.

The French Academy has vetoed the entrance of the word "match" as applied to an athletic, sporting or fistic competition, into the dictionary as a French word.

### A THRIFTY ARTIST

Victim—Good heavens. You've pulled three teeth and I only wanted one extracted.

Dentist—Sorry, sir. You see we gave you a bit too much gas and I didn't want to waste it.—Edmonton Bulletin.
