ATTACK ON BEER BY PROHIBITION LEADER

SASKATCHEWAN WHEAT POOL TAKES OVER ELEVATORS OF CO-OPERATIVE

EDITORIAL
EDMONTON POLITICIAN
FLIES OFF THE
HANDLE

A. U. G. Bury, Conservative member for East Edmonton in the last parliament and again a candidate for the same position under the Conservative banner, made a wholly unwarranted attack on Prince Rupert and the elevator which will be resented by local members of the Meighen party. He takes a position which is opposed to that of the Edmonton Board of Trade and Boards of Trade all over Alberta and Saskatchewan.

The Prince Rupert elevator was constructed to give a second outlet for grain on the Pacific and also to provide a way of getting away from the heavy overhead charges of the Port of Vancouver. It was also built to provide business for the government railway to this port, a perfectly legitimate commercial transaction.

Apparently there are numbers of otherwise good citizens who will still support the Drayton-Bury combination at the forthcoming election, simply because they have been brought up by their parents to believe that the Conservative party is right and the Liberal party wrong, no matter what issues are at stake. To say it would seem better for all to join the great majority and add up such a margin as will show that Prince Rupert's results such utterances from prominent members of an otherwise great party.

LIQUOR BOAT
WAS SEIZED

Taken Outside Three Mile Limit and Captain and Crew Arrested.

ST. JOHN, N. B., Aug. 3. — Laden with liquor estimated to be valued at about \$300,000, the Nova Scotia former fishing schooner Granite was towed into port by the government patrol boats yesterday. Captain William Trehan, 55, of Nova Scotia, and Michael Mora, 35, an Italian supercargo and five seamen were arrested. While the vessel was seized outside the three mile limit, the charge is said to be laid on the ground that the Granite brought her cargo of liquor one and a half miles inside the limit last week and delivered approximately \$40,000 worth of Alcohol to Charles Braach, West St. John.

B. C. CRICKET
SCORE LARGE

Beat Manitoba Province by Making 204 For Six Wickets Against 106

EDMONTON, Aug. 3. — In the western cricket tournament under way here Alberta and British Columbia both registered victories in yesterday's games. Alberta won from Saskatchewan by a score of 161 against 62 and British Columbia overcame Manitoba by the impressive score of 204 for six wickets against the wheat province's 106. Today's games: Alberta plays Manitoba and British Columbia team tries conclusions with Saskatchewan.

Major Dick Burde Urges
Sale of P.G.E. to Lift
Load from Taxpayers

VICTORIA, Aug. 3.—The sale of the Pacific Great Eastern Railway as a means of relieving the British Columbia taxpayers from the annual debt charges amounting to \$2,500,000 was urged today by Major R. J. Burde, independent member for Alberni in the legislature.

In view of the money already spent on the railway, Burde declared, there would be no sense in scrapping the road, which would only free the province from the annual operating deficit on the line of approximately \$250,000.

According to Premier Oliver, "nibbles" are still being received in regard to the purchase of the road.

TENNIS CHAMP
PROFESSIONAL

Suzanne Lenglen is to Tour United States, Canada, Mexico and Cuba

BIG REVENUE EXPECTED
Parisians Can Hardly Believe World Beater Has Quit Amateur Ranks

PARIS, Aug. 3.—Charles Pyle, United States sports promoter, announced last night that Suzanne Lenglen would make a tour of the United States as a professional in the fall, commencing on October 1 and lasting for four months. The announcement of the departure of the world's champion woman tennis player from the ranks of amateurism made considerable stir here, many expressing doubt that she had really signed up as a professional. Newspapers estimate her earnings on a tour which will take her to Canada, Mexico, Cuba at between \$100,000 and \$200,000.

In a message to the Associated Press Miss Lenglen said: "Confirm news will leave for America September 22 for four months."

SUZANNE LENGLEN
OPENS IN CANADA

POURVILLE, France, Aug. 3.—Confirming the announcement that she was to tour as a tennis professional, Suzanne Lenglen told the Associated Press correspondent today that she will begin her tour on this continent by a visit to Eastern Canada.

STEAMER DESTROYED
FIRE OFF LABRADOR

HALIFAX, Aug. 3.—The Nova Scotia steamer Frances Boutillier, engaged in collecting and carrying fish, was completely destroyed by fire caused by an explosion off the coast of Canadian Labrador. The crew is all safe.

BLUE MONDAY
IN BASEBALL

New York Yankees Were Stopped in Winning Streak by Chicago White Sox.

NEW YORK, Aug. 3. — It was blue Monday for the league leading New York Yankees, whose chain of eleven straight victories was broken yesterday by Chicago when the White Sox vanquished them.

Bluege, seldom found among the long distance hitters, drove out a homer in the ninth with two on, giving a record victory for Washington over St. Louis. Ken Williams of the Browns hit his thirteenth homer of the season in this game.

National League

Chicago 5, Brooklyn 4.
St. Louis 2, New York 4.
Cincinnati-Boston postponed.
Pittsburgh 3, Philadelphia 8.

American League

Philadelphia 6, Detroit 0.
Boston-Cleveland postponed.
New York 4, Chicago 2.
Washington 14, St. Louis 11.

MOTORS WENT
HIGHER TODAY

Scramble for Shares Today at New York Spurred by Report

NEW YORK, Aug. 3. — The common stock of General Motors Corporation continued a sensational advance on the stock exchange today running to a new high record of 208 1/2 shortly after the opening. The first sale of a block of five thousand shares brought 205 followed by strong transactions totalling 4,300 shares.

The scramble for stocks was spurred by the reported statement of Thomas Cochrane, partner of J. Pierpont Morgan Company, who is quoted as saying that the General Motors will steadily advance and should sell at least one hundred points higher.

TOKIO SHAKEN
BY EARTHQUAKE

TOKIO, Aug. 3. — An unusually severe earthquake shook the city early this evening. The people of the city were badly frightened, everyone running into the streets. The quake seems to have affected the Tokio district principally. Several bridges were damaged and numerous landslides occurred while communication was interrupted.

RAILWAY AGAIN
IS DISCUSSED

E.D. & B.C. Fate Still in Balance But C.P.R. Likely to Get It

NOTICE GIVEN TO QUIT

EDMONTON, Aug. 3.—The fate of the E.D. & B.C. Railway is still not decided. Last week end D. C. Coleman, vice-president of the C.P.R. had a conference in regard to the line with Premier Brownlee, but an announcement was made after the meeting that nothing definite had been done. It was suggested that a further offer might be made by the C.P.R. for continuation of operation but everything was tentative.

It is generally believed that the C.P.R. will not loosen its hold on the railway but that some arrangements will be made for the big company to continue operation. It is known too that the Canadian National would like to have the line if they could get it on the right terms.

The Bulletin says notice of the termination of the operating lease under which the Edmonton, Dunvegan & British Columbia Railway has been operated by the Canadian Pacific Railway Company for the last five years has been served on the latter company, and the C.P.R. control of the road will cease in three months. The government is taking over the road.

Notice of the decision to terminate the lease was served last week.

DRUG VENDORS
ARE ARRESTED

Aerial Bootlegger Caught in Chicago Was Known in B.C.

CHICAGO, Aug. 3.—A woman and three men said to be operators in an international narcotic drug traffic ring, who jumped a fifty thousand dollar bail in Seattle, were arrested here last night. Government operatives have rounded up twenty-five thousand dollars' worth of assorted drugs in an apartment block.

SEATTLE, Aug. 3.—Mrs. Florence Frisby and her husband are reported to have been arrested in Chicago. They were known here as Mr. and Mrs. Carl Swisher, the man being called in British Columbia and Washington, the "aerial bootlegger." He was arrested in June, 1925, on indictments charging him with importing narcotic and liquor and released on bail; a few days later he left for Holland. Swisher was credited with transporting four thousand cases of Canadian liquor in one month.

Wheat Pool Takes Over All
Elevators of Saskatchewan
Co-operative and Reorganizes

REGINA, Aug. 3.—The elevators of the Saskatchewan Co-operative Elevator Company, Ltd., yesterday came under the management of the Saskatchewan Wheat Pool, making the body the greatest wheat-handling organization in the world.

The first payment of \$1,500,000 was made by the pool by certified cheque, but details of the valuation of the company's holdings, which were made by arbitration, have not yet been announced.

The capacity of the country elevators now controlled by the pool is 17,160,000 bushels. In order to secure proper organization the province is divided into seven districts and for the work next year the staffs of superintendents and elevator men are being amalgamated.

RUMOR CHANGE
B. C. PACKERS

Shuffle of Shares Talked About in Montreal Under Reorganization Scheme

MONTREAL, Aug. 3.—According to rumors receiving a certain amount of credence in the street, plans are under way for the reorganization of the B.C. Fishing and Packing Company by the issue of preferred shares amounting to about two million dollars and changing the common stock from one hundred dollars par value to no par value and the distribution of such new securities to the shareholders on a basis of two shares of preferred and twelve shares of common for each of the shares now held.

Such a plan would call for the distribution of 17,167 shares of preferred stock.

The company showed itself in possession of a comfortable amount of working capital at the end of its last year and reports in regard to the fishing and canning industry on the Pacific this season are encouraging.

TIE FOOTBALL
GAME PLAYED

Cumberland and Western United Fall to Reach Decision After Half Hour Overtime

WINNIPEG, Aug. 3.—The Cumberland B.C. Collieries and the Western United played their third tie game last night in the final Canadian Amateur football championship and scored one goal each. Half an hour's overtime failed to bring a decision. The fourth game will be played tomorrow night.

SEES GAIN IN B. C.
FOR LIBERALISM

EDMONTON, Aug. 3. — Hon. Charles Stewart, minister of the interior in the recent Mackenzie King government, on his return here from Vancouver, stated that he believed British Columbia would return two or three more Liberals at this election than at the last.

FINGER PRINT POLICE
EXPERT DIES VICTORIA

VICTORIA, Aug. 3.—Sergeant William Voissey, 51 years of age, of the provincial police finger print department, died last night after three months' illness. He had been a resident of the city for fifteen years.

Attack Made Upon Beer Parlors
by Rev. R. J. McIntyre in Public
Meeting at Vancouver Yesterday

VANCOUVER, Aug. 3.—"The action of the hotelmen's association in banning women from the city beer parlors is a grave offense against the decent women of the city inasmuch as it practically interdicts, or in common phraseology 'siwash' them, placing them in a class with Indians and habitual drunkards," said Rev. R. J. McIntyre, provincial organizer for the British Columbia Prohibition Association in addressing a public meeting here.

"The latest kaleidoscopic change," said Mr. McIntyre, "is that there are to be ladies' beer parlors served by maids. I want to say that the whole thing stands condemned in the eyes of the citizens of Vancouver. The thing is either good or bad. If it is good, what is to hinder women taking their places beside the men? If it is bad, we must get rid of it altogether, which we propose doing."

SLUMP IN WHEAT
WINNIPEG TODAY

WINNIPEG, Aug. 3. — Wheat prices recorded a drastic decline early in the trading today. It slumped more than four cents with October and December closing three-quarters lower at 143 1/2 and 143 1/4 respectively.

FISH ARRIVALS

Total of 153,500 Pounds of Halibut Sold on Fish Exchange This Morning.

Eight American boats and one Canadian boat sold a total of 153,500 pounds of halibut on the Fish Exchange this morning. Of this total the Americans landed 138,500 pounds and the Canadian boat 15,000. Both American and Canadian fish averaged around 14c and 8c for first and second class fish respectively.

Arrivals were:

American

Sunset, 39,000 pounds, to Booth Fisheries.
Zenith, 52,000 pounds, to Canadian Fish & Cold Storage Co.
Augusta, 16,500 pounds, to Atlin Fisheries.
Star, 43,000 pounds, and Imperial, 48,000 pounds, to Pacific Fisheries.

Canadian

Margaret, 15,000 pounds, to Canadian Fish & Cold Storage.

SMOKE SCREEN LIKE
FOG OVER PORTLAND

PORTLAND, Aug. 3.—A smoke screen settled over the city as the west wind brought it from the coast range forest fires. Buildings disappeared behind a curtain which rapidly covered the entire port like a dense fog.

KILLED IN SWIMMING
TANK AT Y. M. C. A.

NEW WESTMINSTER, Aug. 3.—The body of Thomas Elliott, an insurance man, was found in the swimming tank at the Y. M. C. A. building. It is believed that he dived and struck his head on the bottom.

SOUTH AFRICAN DIES

CAPETOWN, Aug. 3.—Right Hon. John Murrison, M.P., premier and treasurer of South Africa from 1908 to 1910, died today aged 85.

EXPLOSION OF
STILL KILLED
TWO YOUTHS

LOS ANGELES, Aug. 3.—When a still in a private residence exploded, resulting in its destruction by fire, Sam Manchillas, aged 19, and Joe Leonza, aged 18, were burned to death here today. Mrs. Carmella Manchillas, aged 35, and daughters Louise, aged 9, and Angella, aged 4, were all burned more or less seriously in escaping from the blazing building. The reports stated that the dead youths were sleeping in a room on the second floor in which a 50-gallon still was working at the time of the explosion.

BEER PARLORS
WOMEN ONLY

Proposal to Ask For License For Retailing With Women Operators.

VANCOUVER, Aug. 3. — The Province yesterday published the following: A beer parlor operated and patronized exclusively by women is the suggestion being considered by those interested in the retail sale of beer, should a recent decision of the B. C. Hotelmen's Association not to serve women patrons after August 15 meet with too much opposition.

Liquor control board authorities are none too sure of the legality of the hotelmen's decision. Should the opposition to banning women from beer halls gain strength, it is the intention of those interested to request the government to grant a license to a place to be operated exclusively for women where all the attendants would be women.

BRAVE ATTEMPT
SWIM CHANNEL

Miss Barrett Got Within Two Miles of Cape Griz Nez When Became Exhausted

IN WATER 21 HOURS

DOVER, Aug. 3.—Miss Charlotte Barrett of New Rochelle, New York state, failed in an attempt to swim the English Channel yesterday. She got within two miles of Cape Griz Nez in France when she had to be taken from the water in an exhausted condition.

Miss Barrett started to swim at eight o'clock yesterday morning and it was 5:35 this morning when she was forced to give up the swim that no woman ever yet has made. She was in the water 21 hours 35 minutes.

Canadian Railways in United States.

Our attention has been drawn to the fact that much of the grain which is shipped through the United States from Canada goes to the seaboard on Canadian railways and that this section of the Canadian National pays a profit and helps to lighten the burden of the Canadian taxpayer.

We know this well and it is one of the features of the situation that makes a campaign for Canadian ports more difficult. Both big railway systems have sections of the railway in the United States. In fact railways, like capital, are to some extent international. The heads of the railways view them not as part of a nation, but as a system and have no consideration for the other activities which surround them.

As a nation we have to consider not only the progress of the railway but the general progress of the country. When we ship grain through United States ports it is carried on trains manned by American crews over a roadbed kept up by American workmen. The rolling stock is built and kept up by American artisans. The grain is discharged at the port into vessels paying tolls to an American port and the work is done by American labor with American plant. The ships are lined with American material by American workmen and while Canada benefits a few cents the United States benefits dollars.

If this same grain were shipped through Prince Rupert, the railway would benefit just the same but Canada as a nation would also benefit and the opportunities for our own people would prevent part of that migration southward which is deplored by all Canadians and is used unscrupulously to try to secure privileges for those doing business on this side.

The people who are always asking for high duties are not so keen on opening Canadian ports, and seeing that the rates to them from the producing areas are as low as possible in order that the Canadians may benefit.

Let us build up Canada by encouraging Canadian ports and Canadian workmen. Let us ship Canadian grain through Canadian outlets and employ Canadians in doing this. So will Canada as a nation prosper.

Road to Interior Quite a Possibility.

One of the big problems of the future will be the building of a trunk road up the Skeena River to connect Prince Rupert by road with the outside world. We are told that it is a perfectly feasible scheme although expensive, of course. The road would probably have to follow the river and must be on the same side as the railway because that is the sunny side and consequently it is open for a longer period each year. There is ten or fifteen miles of hard construction, but all the rest is pretty fair country, according to authorities.

The value of the road will be threefold. First it will give Prince Rupert people an opportunity to drive out, it will give settlers a chance to come in to do business and will give tourists an opportunity to see one of the finest scenic routes on the continent.

The provincial government is working on the project. Various points are being joined up in the interior and work is commencing at this end. The probability is that the last portion will be the most difficult.

Just Two Candidates Here to Choose From.

It seems as if there will be but two candidates in the Prince Rupert riding at this election. Fred Stork is the proved warrior who has fought for Prince Rupert time and again and has succeeded in getting more for the district than any of his predecessors and thereby placing the port on the map. His opponent is an orator of no mean ability, but he has, so far as we know, not had any business experience and is a theorist rather than a practical politician. Both men are of high standing in the community. They are both well known to all Prince Rupert people, but in the outlying points Mr. Brady will be at a disadvantage.

In considering who is to represent the riding for the coming term, it must first be asked which man is likely to serve the district best? The next consideration is as to what is the policy of the party each supports? There will be other minor considerations, but they are overshadowed by the two just mentioned.

Give Nature a chance-- Eat SHREDDED WHEAT

with berries and cream-Delicious!

McARTHUR MILL PRINCE GEORGE

Announcement Made That Arrangements Are Complete For Commencement of Work

PRINCE GEORGE, Aug. 3.—J. D. McArthur, of Winnipeg, who has been negotiating with the city for the past four years with respect to the installation of a large sawmill on the Hudson's Bay addition, makes the definite announcement that he is now ready to proceed with his project.

In 1922 the city council approved a bylaw closing certain street and lane allowances to permit of the building of a spur line to connect the McArthur site with the Canadian National Railway system. To become effective this bylaw would require the endorsement of the electors on a referendum, and in a letter dated Saturday, July 17, Mr. McArthur makes the request that the required submission be made to the electors at once. In this letter Mr. McArthur makes the following statements:

Bylaw Necessary

"I have now practically completed every arrangement for the commencement of construction of a fully modern, up-to-date sawmill on the site acquired by me some years ago, and have applied to the railway company for the construction of the spur line. Before the construction can be commenced it will be necessary that the bylaw already passed by the council be ratified by the ratepayers, and I would be very glad if you would, with the least possible delay, have the bylaw submitted to the ratepayers for approval.

"I can assure you that just as soon as the bylaw has been approved by the ratepayers active construction work will be commenced."

Special Meeting

A special meeting of the city council was held when a bylaw providing for the closing of portions of certain streets and lanes, and the issuance of a conveyance of a 20-foot right-of-way to J. D. McArthur, was given its first, second and third reading on motion of Alderman Fraser, seconded by Alderman Spie. The consideration for the right-of-way is that J. D. McArthur commences work within five months from the date of the final passing of the bylaw and completes the erection of a mill having a capacity of not less than 50,000 feet per day within seventeen months from the date of the passing of the bylaw.

COTTONWOOD VENEER PLANT CONTEMPLATED

W. M. Marriot of Nanoose Has Been Making Investigations at Terrace.

TERRACE, Aug. 3.—Mr. and Mrs. W. M. Marriot of Nanoose, Vancouver Island, who have been spending a few days in Terrace, left for their home on Friday. Mr. Marriot is an old and experienced lumberman and while here was looking into the possibilities of establishing a plant for the manufacture of cottonwood veneer in this district.

The intention if carried through would probably be to ship the product in the rough, for which there is a steady demand in both Canada and foreign countries.

Such an establishment as Mr. Marriot is considering would employ from thirty to fifty men and as the bulk of the timber used would be taken from private holdings of land, it would mean employment to settlers in the getting out of logs, as well as making use of a class of timber which throughout this district has so far been practically non-merchantable.

TERRACE NOTES

Father McGrath of Prince Rupert, accompanied by his brother Bishop McGrath of Baker, Ore., Bishop O'Donnell of Victoria, B.C., and Monseigneur Murphy of Edmonton, who have been spending the past week at Lakelse Lodge, returned to town on Friday and on Saturday left for Prince Rupert.

E. J. Moore, who has spent some months at Anyox has returned to his home on the bench.

Third Avenue

The Big Red Sale Sign

Mrs. Noonan's mother, Mrs. F. W. Bohler, returned home on Saturday.

Mrs. W. C. Sparkes and grandson, Jimmy Walsh, went to Hazelton on Saturday.

Mrs. W. H. Burnett left on Saturday on a holiday trip to Vancouver, Victoria and Seattle.

Mrs. D. D. Munro was a bridge hostess on Friday evening.

A daughter was born to Mr. and Mrs. Wm. Little at Terrace, B.C., on Saturday, July 31.

Mrs. Naylor and son Joe, of Prince Rupert arrived in town on Saturday and went out to Hill Farm. Mrs. Naylor returned to Prince Rupert on Monday but Joe is remaining to spend a longer holiday here. Carl and Walter Elth of Prince Rupert are also holidaying at Hill Farm.

Mr. and Mrs. O. A. Brown and Mr. and Mrs. J. K. Hart of Aberdeen, Washington, arrived in town on Friday and on Saturday went out to Kalum Lake.

Four sisters from the Prince Rupert Convent arrived in town at the week end on a holiday and are residing in the living rooms in connection with the Catholic Church here.

Rural Dean T. J. Marsh left on Saturday morning for Vancouver where he expects to spend the next three months with friends. Mr. Marsh's health has been gradually failing for some time despite the fact that he has not been actively in charge of the church work for several months. On Saturday afternoon Mrs. Marsh left on a visit to friends in Toronto, Lindsay and Montreal. Mrs. Marsh also has suffered a breakdown in health lately and their very many friends throughout Northern B.C. sincerely hope that they will return in the fall very much the better for their holiday.

The annual meeting of the Kalum Lake Mines Ltd. was held on Friday evening last in the company's office, Terrace. The following officers were elected for the ensuing year: G. A. Smith, president and managing director; J. B. Agar, vice-president; Chas. R. Gilbert, secretary-treasurer; Chas. Desford and James Swann, directors.

PRINCE GEORGE

Alderman A. M. Patterson will be acting mayor during the absence of Mayor Taylor from the city during the month of August.

Two changes have taken place in the personnel of the nursing staff at the city hospital. Miss Davidson, of Vancouver, has taken the place of Miss Bergy, and Miss Bulloch, also of Vancouver, is relieving for three months during the holiday season.

V. N. Bogue and Mrs. Bogue arrived in the city recently, motoring up from Seattle. Mr. Bogue brought in the first packard eight seen in Prince George, and incidentally he set a record for the run from Queen to this city, covering the eighty-four miles in two and one-half hours.

Rev. H. Kuring, who has been in charge of the English Lutheran Church in this city for the past two years left the city rather hurriedly on Tuesday last for Prince Rupert, from which point he journeyed to Alaska to look over the mission work in that territory. Mr. Kuring was expecting to be relieved of his charge here in September, but the order to go to Alaska came sooner than he anticipated. Mrs. Kuring and daughter have left for Duhamel, Alberta, where she will visit with her parents.

C. H. Olds has made a start on a fur farm. He has 200 acres about two miles from Endako upon which he has three families of beaver and several hundred musk rats. The lakes have been fenced, and if the Indians do not kill his beaver off for steaks he is in a fair way to have a profitable farm.

Father Leray, O.M.I., the popular parish priest of Prince George, will commence a deserved vacation on August 5, when he will start on a trip which will take him through Europe.

Provincial Constable George Clark has been transferred from Prince George to Prince Rupert, and will report for his new duties upon his return from the headwaters of the Parsnip, where he is making a search for Charles Olson, the trapper who has been missing since January.

Mr. and Mrs. J. W. McAulay and Miss Dorothy Stephen sailed early this morning in their launch for Alice Arm where they will visit with Mrs. McAulay's brother, Will Stephen.

W. D. Vance, president of the fair board, will leave on this morning's train for Hazelton, Smithers and other interior points on business in connection with the forthcoming fair.

James M. Simpson, of the dry dock staff, who has been in the south working upon the construction of the lake boat at Kelowna, returned to the city yesterday afternoon on the steam Prince Charles.

George Wilkinson, Malcolm Lamb and J. W. Palmer, members of the First North B.C. Regiment who have been attending a course of instruction at Rod Hill, returned to the city on the Prince Charles yesterday afternoon.

Bishop McGrath, of Seattle, who has been visiting his brother Father P. J. McGrath for the past week, returned south on the Prince George yesterday afternoon accompanied by Bishop O'Donnell and Rt. Rev. Murphy of Victoria, who have also been visiting in the city.

A party of some 50 people, under the conductorship of the Standard Travel Bureau, arrived from the south on the Prince Charles yesterday afternoon making the round trip to Stewart, Anyox and Queen Charlotte Island points. The party is being personally conducted by C.N.R. travelling passenger agent Vanalastine, and J. Brenner of New York.

Mr. and Mrs. S. M. Bloss, accompanied by Mrs. R. M. Price, arrived in the city on yesterday afternoon's train and will stay over in the city until tomorrow when they will proceed to Skagway, Alaska, on the Prince Rupert returning south on the same boat. Mr. Bloss is president of the Garyville Northern Railroad operating in the state of Louisiana.

C.N.R. Prince Charles, Capt. Nell McLean, docked at 6 o'clock last night from Vancouver and wayports and sailed for Stewart, Anyox and Queen Charlotte Island points at 10 p.m. The boat had been delayed owing to discharging heavy freight cargoes en route. A heavy complement of passengers passed from boat to train the latter leaving at 6.30 p.m. Passengers debarking here included Misses Anderson, Mr. and Mrs. Tufts, Mr. and Mrs. Buchanan and child, R. J. Wiggins, Mrs. McPherson, Miss Margaret G. Keith, J. M. Simpson, J. M. Hall, J. W. Palmer, Malcolm Lamb, George Wilkinson, Dr. Webster, A. H. Miller, E. E. Barham, Geo. Smith and H. A. Price.

CARD OF THANKS

Mr. Hilmer Mork desires to convey his sincere thanks to the many friends for their kind expressions of sympathy in his recent bereavement, and to Mr. and Mrs. Bendicksen, Mr. and Mrs. N. Gurevich, Mr. and Mrs. Adolph Nelson, Mr. and Mrs. W. H. Sherman Sr., Mr. and Mrs. W. B. Gornish, Mr. and Mrs. Robert Yates, Mr. and Mrs. F. Moen, Mr. and Mrs. E. Skogmo and the Norwegian Choir for flowers sent.

While in the north, Mrs. Kingham accompanied Mr. and Mrs. George Clouthier, another son-in-law and daughter, on a trip into Northern British Columbia as far as Telegraph Creek.—Victoria Times.

Union steamer Gardena, Captain A. E. Dickson, docked from Stewart and Anyox at 2 o'clock this afternoon and is sailing for Vancouver and wayports at 5 p.m. Passengers embarking here for the south included N. L. Freeman, Miss E. Earl, Master Eby, Mrs. O. Stegavig, Miss Stegavig, Mr. and Mrs. J. A. Kenny, Ald. and Mrs. M. M. Stephens, H. Dyer, Mr. and Mrs. Ben Lipsin, and Mrs. B. Deacon.

CLOSE LIBRARY FOR HOLIDAYS

Miss Cruikshank Leaves For Vacation on August 20

The regular monthly meeting of the Library Board was held last night, James Black occupying the chair. Members of the board attending included F. J. Fuller, Rev. Geo. G. Hacker, Ald. W. J. Greer, Geo. Wilkinson (secretary), and Miss Cruikshank (librarian).

The total number of books loaned during the month of July was 3,006, a daily average of 115.6. The library was open for 26 days. Twenty-seven new borrowers were registered and 14 names were cancelled, leaving a total active membership of 2,298.

Books received by purchase totalled 54, while 30 books were received by gift and 13 withdrawn as worn out, leaving a total of 5,166 books on the shelves and in use.

A donation was received from Hon. T. D. Pattullo of \$10 toward the purchase of new books.

Miss Cruikshank, the librarian, will leave on her summer vacation on August 20 and will be absent from duty until September 7 during which time the library will be closed.

Kill the FLIES ~ Make sure the things you eat are fresh, clean, pure

AND it is so easy. Just press the plunger in the sprayer. Out comes a cloud of cleanly fragrant mist. Touch a fly or mosquito with the spray. It cannot breathe. And soon that peril is ended. Kill the flies. Use Fly-Tox. Then you are sure the food is clean. Health is certain. And you enjoy that wonderful summer comfort—a house without flies, mosquitoes.

Fly-Tox does not cost much—half-pints fifty cents. Nearly all grocery and drug stores sell it.

FLY-TOX

Kills FLIES, MOSQUITOES, MOTHS, ROACHES, ANTS, FLEAS

is a scientific insecticide. It was developed at Mellon Institute of Industrial Research by Rex Fellowship.

WESTMINSTER EXHIBIT HERE

Fair Board Agrees to Secure Duplicate of Prize Display From South.

At a meeting of the Fair Board last night it was agreed to bring a duplicate of the prize agricultural exhibit from the New Westminster fair to the local exhibition in September at a cost of some \$700. This exhibit will be displayed by men who are experts at the business and will be a sample for the northern district exhibitors to copy for years to come. This is an exhibit of high educational value and will doubtless be beneficial to district exhibitors. The department of agriculture has been approached, through Hon. T. D. Pattullo, to bear a proportion of the cost as it is viewed purely in the light of an educational project.

A letter was received from the New Metlakatla, Alaska, concert band offering to play at the fair for the sum of \$550. As the board had already engaged the services of the Kincolith band this offer was laid on the table.

A letter was also read from New Metlakatla baseball team, offering to come down here to play a series of games during fair week. The matter is receiving further consideration by the board.

Special Telegraph

The board approved the manager's action in arranging for the installation of a special telegraph wire into the exhibition building, and the engagement of an operator, for the purpose of securing election results on the opening night of the fair. This wire should give the best service in the city as the returns will be announced direct from the operator.

A communication was received from Henry W. Ives & Co., insurance brokers, New York, offering rain insurance during fair week. After consideration the board came to the conclusion that the premiums asked were too high and the letter was filed.

TO EXCAVATE IN ILLINOIS

Scientists Will Endeavor to Find What Kind of Men Lived Centuries Ago

CHICAGO, Aug. 3. — Anthropologists of the University of Chicago, whose scholars have dug into the history of man in Egypt and other faraway countries, will start excavations in Illinois at once to determine what kind of man lived in this state centuries ago.

The expedition will have a two-fold purpose, according to Professor Fay Cooper Cole. It will locate the sites of ancient Indian settlements in the state and it will encourage the building of museums in Illinois cities. "Illinois is the centre of the richest archaeological territory in the Middle West," said Professor Cole. "The mound builders who lived here hundreds of years ago are almost unknown. Their mounds, the evidences of a once important society, remain virtually unexplored and it is our aim to find out what they contain. A rich culture has been discovered in Ohio, extending to all appearances, across to Iowa over the state of Illinois."

WOMEN DESIRE EQUAL HONORS

Freedom League Takes Matter of "Birthday Honors" up With Baldwin

LONDON, Aug. 3. — "Equal honors for men and women," is one of the aims of the Women's Freedom League which has written to Premier Baldwin demanding that women who have rendered distinguished service shall be given equal consideration with men in "Birthday Honors" lists. Women in the past have been eligible for certain distinctions, and the title of "Dame of the British Empire" has been granted by royal favor to many women of merit, but the Freedom League is apparently not content with this.

"We have sent the Prime Minister the names of a few women who are certainly as worthy of honors as the majority of men whose names usually appear on the lists," states the league. "We have also urged that when honors are bestowed on women, they should be adequate honors and not, as is now the rule, only minor honors."

WOMEN DECORATED LEGION OF HONOR

PARIS, Aug. 3.—Four women now have been decorated with the Grand Cross of the Legion of Honor, the highest rank of that order. They are all queens: Queen of the Belgians, decorated in 1918; Queen of the Rumanians, in 1919; Empress of Ethiopia, in 1920; Queen of Spain, in 1926.

EMBARGO ON CANADA EFFECT

Pestilence of Extending Government Powers into Private Business.

WASHINGTON, D.C., Aug. 3. (By Canadian Press).—That the Taber-Lenroot milk and cream importation bill, which passed the House in the recent session but was blocked in the Senate, is virtually an embargo measure, aimed at Canada, was brought out in a statement on the subject by Representative Ragon of Arkansas, which appears in the Congressional Record.

The supporters of the bill have claimed it was purely a sanitary proposition, but this is not taken seriously in well-informed quarters. Mr. Ragon said: "As I read section 1 of this bill it seems to me it gives the Secretary of Agriculture the unlimited and unrestricted power to declare an embargo upon the importation of milk, under any circumstances that may suit him. I think the gentleman from Kansas has it in mind that this power given the secretary would be exercised only when the products failed to come up to the specifications set out in section 2 of this bill. As I read it the Canadian milk producer might do everything suggested by the terms of the bill and it is within the power of the secretary to arbitrarily prohibit the importation of milk from that country. I have studied the different sections of the bill and I cannot support it so long as it carries this unlimited power. It is of no use to say that the dairy interests of this country would do so, but with a friendly secretary, they could absolutely choke competition while they held up our American consumer. The consumer and the competitor would be helpless under the unrestricted and unlimited powers given a bureaucrat. Why the subterfuge, that this bill is in interest of public health, who wants to put these additional burdens upon millions of milk consumers who must have this necessity of life which they cannot themselves produce?"

"Absolute Embargo "If a bill of this kind is important for milk, why not for cattle, hogs, wheat and corn? Why is it not equally important to empower the secretary to place an absolute embargo on all other agricultural products? "When is this pestilence of extending governmental powers into private business to stop? There seems to have grown up in this country an idea that a thing is never so well done as when done by the government. In many sections you have the government dipping the old cow for tick eradication; under the Haugen bill you would have the government buying and selling the old cow, and now under this bill you want the government to milk her. What and where is to be found the source of this tendency? Where and how is it to end? Is it due to the poor functioning of state governments under our supposed dual system of government? Can it be said the people, like the autocratic and arbitrary powers exercised by the government during the war, which were resorted to in order to meet countless emergencies? Certainly it is not in the mind of the country to do away with independence of industry and to blight the individual initiative of the citizens of this country."

MURDER RATE IS DECREASING

Announces Coroner Oscar Wolff For City of Chicago

CHICAGO, Aug. 3. — Sharp downward trend in the murder rate in Chicago and Cook County is shown in figures made public by Coroner Oscar Wolff. While the first six months of the year saw some of the city's most sensational cases, actually there were 30 per cent fewer murders committed than in the same period in 1925. A general decline in the number of deaths by violence is shown in the report. Where there were 260 between January and July a year ago, there were 219 this year. Of the 1925 slayings, 202 were designated murders by the coroner's juries, while of the killings so far this year, 159

THE MAN IN THE MOON

My idea of an exciting picture would be a slow-motion of an Old Country cricket game.

In the Alps recently a saloon fell over the cliff. The only saloon that had a drop too much.

Did you ever hear of a bathing girl who could not get a man to save her life?

A lady boxer has married a French nobleman. In other words she has taken the count.

I hear of a detective who impersonated a criminal so cleverly that in the end he arrested himself.

It is reported that an elderly lady, whose name is at present unknown, is contemplating swimming the channel next summer. If not next summer then probably the summer of 1936.

A young lady tore her diamond ring from off her second finger; and told her beau, In haughty tones, That he no more need linger.

A liner recently collided with a whale and killed it in mid-ocean. That just goes to show how dan-

Advertisement for Old Chum Virginia Flake Cut Smoking Tobacco. Features a caricature of a man smoking a pipe and a pack of Old Chum tobacco. Text includes 'Smoke OLD CHUM The Tobacco of Quality' and '15¢ per package - and in 1/2 lb. Vacuum (Air-Tight) tin'.

MODERN DANCING IS CONDEMNED BY MASTER

London Teacher Says it is Nothing But Walk Around

LONDON, Aug. 3. — George Chester, president of the British Association of Teachers of Dancing, has joined the objectors to the modern styles of dancing. "Ballroom dancing has developed into a general walk-around," he says. "Sixty per cent of the dancers do not dance at all and it is getting worse and worse with the popularity of novelty dancing and untimed music."

Mr. Chester declares that dancing competitions and questionable night clubs have done much to demoralize the art of ballroom dancing. "When you want to write a real live political article, put it in a coffin, box and bury it where it will never be read. It's easy to write of political woes. And Truth to evasively shun, Put of all the political writers I know The Umps writer sure takes the bun."

Ten Years Ago in Prince Rupert

The Rocher de Boule is now shipping ore from the 500-foot level, where the miners a few days ago broke into a fine body of good ore, varying, according to reports, from three to twelve feet in width. The tunnel is now in over 400 feet, and is being driven at a rate exceeding 15 feet a day, a somewhat remarkable record, even for this mine.

F. W. Doherty, manager of the Royal Bank, has received from Mrs. F. G. de Mussey a letter in which she gives the information that her husband was killed in the fighting at Verdun on May 22.

GOVERNMENT LIQUOR ACT

Notice of Application for Consent to Transfer Beer License. NOTICE IS HEREBY GIVEN that on the 26th day of August next the undersigned intend to apply to the Liquor Control Board for consent to transfer of Beer License numbered 470 and issued in respect of premises, being part of a building known as Port Clements Hotel, Port Clements, B. C., upon the lands described as Lot 7, Block 47, in subdivision of Lot 746, Queen Charlotte Islands, Prince Rupert Land Registry District, in the Province of British Columbia, from Frank Hicks to Herbert Hampton, Theodore Musconi and J. Ciccone of the Town of Port Clements, in the County of Prince Rupert, in the Province of British Columbia, the transferees. DATED at Prince Rupert, B. C., this 31st day of July, 1926. HERBERT HAMPTON, THEODORE MUSCONI, J. CICCONI, Applicants and Transferees.

gerous it is to run on the wrong side.

Girls in the Old Country are now learning to whistle. Probably when they are married they will make their husbands answer to that puckered lip.

A woman recently objected in court to her husband getting up early in the morning. The early worm got the bird.

If you have nothing else on your mind think up something new or the garbage question.

A popular Old Country comedian is going to try and swim the channel. He'll doubtless make the others look ridiculous.

When you want to write a real live political article, put it in a coffin, box and bury it where it will never be read.

It's easy to write of political woes. And Truth to evasively shun, Put of all the political writers I know The Umps writer sure takes the bun.

ALASKA ASKING MORE VESSELS

Request Made That Coastguard be Increased to Assist in Enforcing Liquor Law

KETCHIKAN, Aug. 2.—The Commercial Club at its meeting here went on record as being strongly back of the movement for more coast guard vessels in Alaskan waters to protect small shipping and assist in enforcement of the liquor, fishing and game laws.

Captain Desses of the coast guard cutter Cygan was the principal speaker of the day and after he had outlined the progress of the coast guard from its inception on August 4, 1790, up to the present time, the members of the club unanimously adopted a motion to seek better facilities for the activity of the service in Alaskan waters.

Useful Work

Captain Desses said the coast guard as organized in 1790 was composed of ten 100-foot vessels which were designed to protect coast shipping and from this nucleus has grown the present service which last year saved ships and cargo valued at \$266,000,000 at an expense of \$17,000,000, as \$1,000,000 of the \$18,000,000 appropriated was not used by the service and reverted to the United States treasury.

Besides the enormous saving of property, the coast guard in 1925 saved 1,200 lives, the value of which cannot be estimated in dollars and cents.

Captain Desses said the duties of the coast guards are generally misconstrued, the general supposition being that the vessels are rum chasers, while as a matter of fact this duty is but one of the minor ones in their day's work.

Fourteen Duties

Fourteen distinct duties are mapped out for the coast guard, the chief of which is the giving of aid to vessels in distress and the saving of life and property.

The captain outlined the work of the two vessels now in Alaskan waters, the Unalga and the Cygan, which cover a coast line many times as extensive as any eastern coast line served by more than forty vessels.

JOLLY MAC IS VISITING HERE

Fine Power Yacht is Owned by W. J. Butt of Vancouver

The power yacht Jolly Mac, owned by W. J. Butt, rear-commodore of the Vancouver Yacht Club, arrived in port yesterday afternoon from the southern route to Stewart and Anxox, and moored at the Prince Rupert Yacht Club dock.

Accompanying Mr. Butt on the trip are Mrs. Butt and Master Douglas, and Mr. and Mrs. Charles Schenck, of Milwaukee. Noel McKee is the mate on the vessel.

The Jolly Mac is a splendid looking power craft measuring 60 feet long with a beam of 7 1/2 feet and powered with 2 six-cylinder self starting Kermath engines generating 200 horse power and giving a cruising speed of 10 knots per hour. The yacht has accommodation for ten people and is fitted up with every modern convenience. An electric winch pulls up the anchor, while the bridge is the acme of completeness in engine control and navigation.

FLEETS OF BRITAIN AND U. S. TOGETHER

Would Unite to Defend Either Country Against Oriental Menace Says Speaker

WILLIAMSTOWN, Mass., Aug. 2.—That the fleets of Great Britain and America would unite to defend either country against an oriental menace was part of a statement made by Sir Frederick Wylie at the Institute of Politics at Williams College here. He did not view the "yellow peril" with alarm but rather rejoiced in the awakening of the Far East to a new incentive to progress. He thought it should be a sign for rejoicing.

DROWNED WHEN TRYING TO SWIM ACROSS BAY AT ANYOX LAST WEEK

Confirmation of a report of the drowning of Walter Ross Hunter at Anyox on Friday last has been received by the provincial police. It seems that Mr. Hunter a young man of 27, started to swim across the bay. He made about 300 yards then suddenly disappeared.

Mr. Hunter was well known in sport circles. He was a member of the Anyox football team. His father lives at Cedarvale and a brother Frank lives in Prince Rupert and is employed at the dry dock.

HOUSES BUILT OF STEEL AND CORK TOO

Air Ministry to Try Out Forty For Accommodation of Men at aerodromes

LONDON, Aug. 3.—Houses with a steel framework and an insulation core of cork covered with cement concrete applied under pressure by a cement gun are shortly to be built for the Air Ministry. A contract has been placed with the Dorman Long Housing Company for the erection of forty houses designed for the accommodation of married airmen at one of the larger aerodromes near London.

The steel used in the framework that forms the backbone of the house is the standard product of Dorman Long and Co., manufactured at their steel plant at Middlesbrough. The steel for a parlor house weighs about two tons, and the framework for a block of two parlor houses can be erected by four men in one day. The architects of the Air Ministry have designed their houses to suit their special requirements, for the system does not restrict the architect or local authority to a standardised design. There is the same freedom as in brick construction.

The house itself is a concrete house of special design. The insulation core is composed of cork boards, such as have been used for the past twenty years for the insulation of cold storage buildings and in the construction of powder magazines on board ship. This board, composed of granulated cork compressed in moulds and baked, is enclosed in the solid concrete of the wall. The cement concrete is applied under pressure by a cement gun—a method that has been developed to a high degree in recent years in the United States.

Houses erected on this system have been completed this year at Betteshanger, near Deal, in Kent. These have been carefully inspected by the officials of the Ministry of Health, by experts of the Government Building Research Board, and by representatives of the Office of Works, the Air Ministry, the London County Council, and other public bodies. The use of cork is a novelty in cottage construction.

FINED AT ESSINGTON

Three Orientals Each Taxed \$50 With \$2.50 Costs for Contravention of Liquor Act.

Provincial police officers report three Orientals were fined on Saturday before W. E. Collision at Port Essington. T. K. Nakamoto and T. Takato, Japanese of Oceanic Cannery were each fined \$50 with \$2.50 costs for contravention of the liquor act. Wong Son, Chinese of Claxton, was fined \$50 and \$2.50 costs for a similar offence.

CANCELLATION OF RESERVE

NOTICE IS HEREBY GIVEN that the reserve existing over Lot 4607, Cassiar District, is cancelled. Deputy Minister of Lands, G. R. NADEN, Lands Department, Victoria, B. C., 29th June, 1926.

WATER NOTICE

Diversion and Use TAKE NOTICE that Somerville Cannery Company Limited, whose address is Gore Avenue Wharf, Vancouver, B. C., will apply for a license to take and use the gallons per minute of water out of unnamed stream, which flows northerly and drains into Ferguson Bay, Masset Inlet, about 30 chains west from N. E. corner Lot 1571, Q. C. District. The water will be diverted from the stream at a point about 6 chains from mouth of stream and will be used for industrial and domestic purpose upon the land described as Block A, Lot 1571, Queen Charlotte District. This notice was posted on the ground on the 14th day of July, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 20, 1926.

SOMERVILLE CANNERY COMPANY, LTD. APPLICANT. BY F. D. MATHERS, AGENT. LAND ACT. Notice of Intention to Apply to Lease Land in Prince Rupert Land and recording District of Coast Range 5, and situated on South Rachel Island. TAKE NOTICE that Alfred Swanson, of Prince Rupert, occupation Mariner, intends to apply for a lease of the following described lands: Commencing at a post planted at the north end of South Rachel Island; thence around the island at high water mark, and containing 50 acres, more or less. ALFRED SWANSON, Applicant. Dated April 27, 1926.

Accompanying Mr. Butt on the trip are Mrs. Butt and Master Douglas, and Mr. and Mrs. Charles Schenck, of Milwaukee. Noel McKee is the mate on the vessel.

The Jolly Mac is a splendid looking power craft measuring 60 feet long with a beam of 7 1/2 feet and powered with 2 six-cylinder self starting Kermath engines generating 200 horse power and giving a cruising speed of 10 knots per hour. The yacht has accommodation for ten people and is fitted up with every modern convenience. An electric winch pulls up the anchor, while the bridge is the acme of completeness in engine control and navigation.

The interior of the boat is hot water heated and the electricity for lighting is generated by an Alamo lighting engine and dynamo, which also drives the bilge pump and pumps the water for deck cleaning.

The cabins are also furnished with running hot and cold water. The craft is also fitted with radio equipment and several concerts broadcasted from San Francisco, Vancouver, and Seattle were enjoyed by the party coming up the coast.

The galley is fitted with a compressed gas range, which gives plenty of headroom and is airy. Mr. Butt, who is manager of the Vancouver Scale and Builders' Supply Co. Ltd., Vancouver, was much impressed with the trip up the coast stop-overs being made en route at Butehead, Ocean Falls and Dean Channel. It is Mr. Butt's intention to leave for the north tomorrow and return via Prince Rupert on his way south.

MINING AUTHORITY DIES, RESULT BATHING

VANCOUVER, Aug. 3.—Dr. W. L. Luglow, professor of mineralogy at the University of British Columbia, died today as the result of spinal injuries received while bathing at Hawaii two months ago. Deceased was one of the foremost mining authorities in Canada, and compiled a report on the quartz occurrence in the Cariboo district, during the five years he was employed on a geological survey of Canada.

PROTEST IS MADE BY U. S. CONSUL IN MEXICO OVER CHURCH

MEXICO CITY, Aug. 3.—Representations, which are interpreted here as being equivalent to a protest, have been sent by the department of state by U. S. Consul General Weddell as a result of the first instance, so far as is known, of the taking over of the church property of any Protestant denomination since the religious regulations became effective.

Master Floyd Eby, son of Mr. and Mrs. L. C. Eby, sailed on the Gardena this afternoon for Vancouver where he will receive eye treatment.

NAVAL BASE IN ALASKA WATERS

Dutch Harbor Mentioned as Strategic Point Likely to be Favored.

SEATTLE, Aug. 3.—Reports have been received here that Secretary of Navy Wilbur will soon take steps looking toward the establishment of a naval base in Alaska.

It is pointed out that naval investigators have often stressed the importance of an Alaska base in the event of war on the Pacific Coast.

Dutch Harbor has been mentioned as the strategic point of paramount importance in the North Pacific as a likely location for a base in Alaska, should one be established.

MANSLAUGHTER IS CHARGED AGAINST JUNEAU HALFBREED

KETCHIKAN, Aug. 2.—Developments surrounding the death last week of Lorene Johnson, former Ketchikan half breed girl who died in the Capital City of blood poisoning, indicate that Roy Merickle, the girl's half-brother, with whom she had been living in Juneau, is to be tried for manslaughter in connection with her death.

Merickle accompanied the remains here for burial on the Yukon last Saturday, but was taken back to Juneau as a prisoner on the Northwestern Monday night in custody of a deputy United States marshal. It was announced at the marshal's office here today that Merickle had been charged with manslaughter.

Merickle's father, a white man, is said to have left quite a large estate in property when he died in Juneau, the estate having been dissipated by the son through lavish living.
