## HEAVY MOVEMENT OF GRAIN COMING HERE

### LEADERS OF TRADES UNIONS TELL OF DEPLETED COFFERS AND HARDSHIPS

#### Power Situation Was Discussed by Council at Meeting Last Night

Reports from J. J. Little, superintendent of utilities, and H. A. McLean, engineer, on the present power situation particularly as regards the supply power from the dry dock and the application of the Canadian Fish & Cold Storage Co. for service were presented to the mayor and aldermen at last night's council meeting and will come up for discussion at a meeting to be held in a few days, when definite word will have been received from the city solicitor, who is in Vancouver, as to what arrangement can be reached with the Canadian Merchant Marine with respect to rates involved in the operation of the dry dock plant. The mayor was in favor of discussing the reports of Mr. Little and Mr. McLean last night and a motion was submitted by Ald. Stephens to that effect but other members of the council felt it would be a waste of time to do so until the report of Mr. Jones had been received so the whole matter could be gone into and settled at once.

#### DIAN MURDER AT WHITEHORSE

SHOOTING PARTY ENDED IN ROW IN WHICH PELLY JIM HAD THROAT CUT

#### ASSAULT GOT AWAY

ARMED POLICE HOT ON TRAIL OF JACKIE MACINTOSH ON YUKON RIVER

WHITEHORSE, Y.T., Oct. 13.—Stabbed to death at a party held by several men Sunday night, the body of Pelly Jim here pending a full investigation by the Royal Canadian Mounted Police officers, according to latest reports, are in hot pursuit of Jackie Macintosh, who fled down the Yukon River immediately after the death of the other man.

Pelly Jim died almost immediately after he had quarrelled with Macintosh and the two came to blows and the latter wielded a knife on him.

#### EXECUTIONS IN CITY STREETS

PENDING GENERALS AT WU CHANG TAKEN AND WILL BE TRIED BY COURT MARTIAL BY REDS

HANGKOW, China, Oct. 13.—Execution of the streets of Wu Chang of some northern soldiers charged with looting and the assumption of control by the Chinese Red forces who had besieged the city for more than forty days prior to its capture.

The defending northern troops are either prisoners or are fleeing in disorder, many being disguised as civilians. General Liu Yu Chun, who directed the defence of the city, and Chan Kia are to be tried by court martial. It is believed that neither will be executed. Yu Chun sought safety under the United States flag at the home of Dr. M. Sherman, principal of Central China University, but was betrayed by a servant. Chen Kia Mu was captured while endeavoring to escape disguised as a schoolboy.

#### SECTOGENARIAN FARMER DIES

J. ANDERS WAS AN UNCLE OF FRANK BROUGHTON OF THIS CITY

QUESNEL, Oct. 13.—W. J. Anders, said to have been known throughout Yorkville as an amateur athlete and, who as a youth came to Canada in 1884, died his sheep ranch at 137 Miles House at the age of 81. He was well known throughout Cariboo which he left only in his forty years when he paid a visit to Vancouver in 1924. A nephew of his is Frank Broughton of Prince Rupert.

BLINDED SOLDIERS of St. Dunstan's held their annual regatta recently on the Thames at Putney. Nurses are shown assisting the men before the start of a race.

#### Train of Wheat Containing Forty-seven Carloads Will Arrive Saturday; 21 Today

A full train load of grain is on its way to the Prince Rupert elevator. This morning it left Red Pass Junction with 34 cars and will pick up nine more at McBride and four at Prince George, making a total of 47. This, the first train load of wheat to arrive at this port, is due here on Saturday.

There will probably be many more trains like it for there are now over three hundred cars loaded on the prairies with grain for Prince Rupert.

Twenty-one cars of grain arrived in the yards this morning and are now being unloaded at the elevator.

Carloads of grain average about 1500 bushels. Boats coming here to load grain will probably take about 275,000 or 300,000 bushels. The first vessel, the Aden Maru, is due early next week from Japan and will be followed soon after by another, the Heifuku Maru.

Arrangements are rapidly being made for the shipping of grain here. Carpenters are being hired by the ship lining concerns and pilots are here. The business gives promise of making a good deal of tributary employment at the port.

#### ADEN MARU IS NEARING THIS PORT

Prince Rupert's first grain ship, the Aden Maru, should arrive here about Sunday from Japan. Last night the vessel gave her position by wireless as 900 miles from Estevan bound for Prince Rupert. She will be met at Triple Island by Capt. Larry Thomson, local pilot, and brought in to tie up at the elevator where she will be loaded with close to 300,000 bushels of wheat. The Board of Trade and city council are collaborating to give suitable welcome to the vessel on the momentous occasion of the inauguration of wheat shipments from here.

#### BY-ELECTION WRITS ISSUED

POLLING TO TAKE PLACE ON NOVEMBER 9 FOR PREMIER KING AND OTHERS

OTTAWA, Oct. 13.—Writs for the by-election in East Kootenay where Hon. Dr. King goes up for re-election and at Melville, Sask. where Hon. W. R. Motherwell goes back to his constituents following his appointment to the cabinet, have been issued, nominations to take place November 9.

Premier Mackenzie King contests Prince Albert and Peter Heenan, minister of labor, the Kenora-Rainey River constituency, nominations to take place November 2. Polling takes place at all four ridings on November 16.

#### APPEAL GRANTED

SPRINGFIELD, Oct. 13.—Russell Scott, sentenced to be hanged on Friday for the murder of a Chicago drug clerk during a holdup, was granted an appeal by the Illinois Supreme Court today.

#### HEIR LIKELY MARRY SOON

PRINCE OF WALES SAID TO BE PREPARING FOR SPANISH BRIDE

LONDON, Oct. 13.—Although no official announcement has been made, it is rumored that the Prince of Wales will marry the infanta Beatrice of Spain. The work of renovating Marlborough House, which the Prince is to occupy, is now proceeding. To those on the inside of court affairs, this is said to signalize the approaching momentous event.

#### RUSH COLUMBIA SILVER MINES CHANGED HANDS

R. F. CASTLE AND OTHERS MAKE PURCHASE AND WILL AMALGAMATE INTERESTS

VICTORIA, Oct. 13.—Four hundred and forty shares of Rush Columbia Silver Mines of Stewart, which has been in litigation in the British Columbia courts for the past year, were purchased by R. F. Castle when put up by auction yesterday by Sheriff Goggia. With this transaction goes the control of the majority ownership of the mines which formerly were the property of W. W. Rush and A. L. Bagg. A Vancouver financial firm is announced to be associated with Castle.

The amalgamation of these mines with others, including the L. & L. Glacier Creek and Union Silver, it is said, will result in the formation of one of the largest mining units in the north and will be administered from a head office in Vancouver.

#### SHARKEY WON FROM WILLS

BROOKLYN, Oct. 13.—Jack Sharkey, the Boston heavyweight, won on a foul from Harry Wills, the veteran Negro, in the thirteenth round. Upsetting expectations, the fight was a one-sided affair, Wills being badly beaten and battered.

Wills, for a long time heavyweight title contender, was disqualified by referee Haley for hitting with the back hand and for holding and punching.

The bout was scheduled to go 15 rounds, but was declared at an end in the thirteenth.

WINNIPEG, Oct. 13.—Speaking at a banquet here last night, Robert Forke, minister of immigration, declared they wanted immigrants and did not care where they came from if they were sound of body and mind and willing to work.

#### Miners Get Little Help from Labor Leaders Who Tell of the Debts Incurred General Strike

MARGATE, October 13.—The foremost leaders of the British Trade Union yesterday frankly admitted that they were so busy with problems brought within their own industries by the general strike of last May that they had little material aid to give the miners. Many a leader attending the labor conference gave frank avowals of suffering and impoverishment brought on the workers through the general strike and stated that it would take years to recoup their financial position.

Sharp criticism was voiced against the part played by the Railwaymen's Union, and especially against J. H. Thomas, their leader. With almost brutal frankness Thomas replied that the miners were pursuing a chimera if they supposed the railwaymen were in a position to help by a levy of funds or by refusing to handle coal and freight. He stated that 40,000 men had not returned to work yet and 200,000 were working but three days weekly.

Ben Tillet, secretary of the Transportation Workers, revealed that his union spent a million pounds in the interests of the miners and now they were half a million pounds in debt.

Meanwhile the situation in the miners' dispute is not changed but thousands are daily resuming work. The safety men's union yesterday reaffirmed their refusal to endanger the mines by withdrawal of the "safeties."

#### CONSERVATIVE CONVENTION IS TO BE CALLED

PRESIDENT OF PARTY FOR DOMINION SAYS DUTY OF RANK AND FILE TO ACT

#### CRITICISM OF ACTION

PARTY MUST BE REBUILT FROM BOTTOM UP AND NOT FROM TOP DOWN, IS DECLARED

OTTAWA, Oct. 13.—John R. McNichol, president of the Dominion Conservative Association, voiced disagreement with the procedure in the calling of the Conservative convention to choose a permanent leader. He holds it is the business of the rank and file of the party to assume the duty of finding a leader and says it is the duty of the rank and file to call a general convention, irrespective of whether the defeated candidates and members and senators call another or not.

Mr. McNichol declared that the Conservative party had got to be rebuilt from the bottom up and not from the top down.

#### TERROR BANDIT CRIMES GO ON

MAN ROBBED ON SAN FRANCISCO STREET WHILE THOUSAND POLICE PATROL

SAN FRANCISCO, Oct. 13.—As though in a gesture of contempt for authority the "terror bandits" who have slain four men since Saturday, robbed another man last night while more than a thousand armed police patrolled the streets. Last night's victim was lured from home by a telephone call to a fake address and robbed of \$250 by two young men with drawn revolvers, while a third remained at the wheel of a waiting automobile.

#### PRINCESS MAY AGAIN SOLD

PIONEER VESSEL IS TO PLY BETWEEN BOSTON AND NEWFOUNDLAND

The Princess May, pioneer vessel of the C.P.R. northern service, which has been operating out of New York on a fruit run during recent years, has again been sold and will be used on a service between Boston and Newfoundland.

The vessel has gone through numerous hands and names since she was launched in 1888. She took the water as ss. Cass, ss. Arthur, ss. Ningchow, ss. Hating, and finally ss. Princess May.

#### MYRA GRAY IS RACE WINNER

OUTSIDER CARRIED OFF THE BIG MONEY IN CESAREWITCH STAKES

NEWMARKET, Oct. 13.—The mare, Myra Gray, a fifty to one shot, won the Cesarewitch race, the great autumn handicap, here today. Miss Sport came second and Templestowe third. There were 24 starters.

### GUTHRIE TOO OLD FOR PERMANENT LEADER

The selection of Hugh Guthrie as Conservative leader seems to have been a compromise. He can hardly be looked upon seriously as permanent leader of the party. When a man reaches sixty years of age he is too old to begin a life work. It will be four years or more probably before he will have an opportunity to lead his party through an election campaign and then, should he be successful, the real work is only commencing. He is at the beginning of a five year term as premier.

A man of about forty should be chosen for a position of that kind. Then if he is beaten he has time to come back. Mackenzie King was a young man and is still young and virile. The Conservative leader should not be much older than King.

Of course it is the business of the Conservatives to choose whom they wish. No Liberal has a right to say, but all citizens of Canada are interested in the kind of man who is likely some day to become premier.

### SIMILAR CONDITION PROVINCIAL POLITICS

In the provincial field there is a somewhat similar condition. Pooley has youth on his side but that is all. There is little else to commend him as a leader although he is a fine man in his own exclusive set. Provincial Conservatives are beginning to see the futility of hoping to succeed without a real leader and they have been scouring the country for a man, but so far without success. The probability is they all will go back to W. J. Bowser, who has brains and force, whatever else may be said of him.

### NEW WEEKLY FOR NORTH VANCOUVER

North Vancouver has a new weekly newspaper. The Review is above the average of the small town weekly, takes on city airs and is edited undoubtedly by a newspaperman.

The province is covered with graves of unsuccessful newspapers and some of them have taken their publishers to the grave with them. However, there is a good opportunity for a paper on the north shore of Burrard Inlet and the Review should succeed. A well edited newspaper is worth a lot to any community and "The Review" starts out well. We shall watch its career with great interest.

### HAVE YOU A BANK BALANCE TODAY?

Have you a bank balance today? If you have not, this is the time to start one. We have no plea for the banks. Some of them do not even advertise their services but we believe in banks and particularly in having a balance on the right side of the ledger.

A lot of people are constantly harping about safety first. Safety in finances is a good thing. Nothing brings so much satisfaction as the feeling of independence consequent on having a good fat bank balance.

No matter how much the earnings, a small amount put by each week or each month is a great asset as well as a test of character. Money put away very soon begins to work for its owner and the first thing he knows he is on the way to a competency. It is so easy once it is started with an object in view.

Some people save money in order that they may have a good blowout when they have accumulated sufficient. That is a foolish thing to do. Put away a little each month and you attain a position of independence and power that cannot otherwise be reached.

Saving is not a virtue. The person who saves is not any better than the person who spends but under present conditions he is wiser and is likelier to end his days in peace. The difficulty is in beginning. After that it is easy.

### UNION OF NORTH AND SOUTH IRELAND

The movement for the reunion of Ireland may be said to have begun at the moment of partition, says the Manchester Guardian. It seemed even then a thing inevitable, though very far away. It does not look quite so distant today. Opinion in Ireland forms quickly, and there have been many signs lately of a recognition of the essential unity of Ireland, North and South. The hardly fledged party of which Captain Redmond is the head has not declared its policy very definitely, but it is, of course, already making bids for popular support, and it evidently feels that one way of doing that is to criticize partition. Dr. Andrew Fullerton, of Belfast, at a recent dinner of the College of Surgeons in Dublin, said he thought that was the first occasion on which the toast of the "Prosperity of Ireland" had been proposed in the Free State by a Northerner. That, perhaps, was not in itself a great augury, but Dr. Fullerton was justified in making it the viewpoint for a long forward look to the time when the border should have disappeared.

## LIBERAL TRADE UNION FORMED

NATIONAL ORGANIZATION FOR ENGLAND AND WALES REPRESENTING 67 UNIONS

A national organization of Liberal trade unionists was formed on Saturday by a national conference at the Caxton Hall says the London Weekly Times. There were 242 delegates present from all parts of England and Wales. Some of the delegates were, of course, women trade unionists. Every delegate was a member of a trade union, and a number were actually officials of trade unions. The delegates were appointed by district by the Liberal groups in the various trade unions to which they belonged. Altogether members of 67 trade unions were present.

The conference had first to consider a memorandum of objects which read as follows:

### UNFAIR TREATMENT

It has been realized for a long time: 1.—That in many cases Liberalists who are members of trade unions

(a) Do not, in some respects, receive fair treatment within their unions.

(b) Find that the contributions which they make to secure the return of representatives to Parliament are exclusively used to secure the return of members with whose opinions they are not in sympathy.

2.—That Liberal trade unionists have hitherto had little opportunity of exercising adequate influence in moulding the policy of the Liberal party with regard to industrial reform.

3.—That owing to the lack of combination it has often been difficult, if not impossible, to make operative many of the safeguarding clauses of the Trade Union Acts with relation to the contribution to and the disposal of the political funds of the union.

While there is no intention to set up any rival trade union or interfere in any way with the legitimate working of established trade unions it is desirable and, indeed, necessary to create an organization to overcome the difficulties set out above, and an organization of Liberal trade unionists should therefore be established.

This memorandum was unanimously and enthusiastically adopted. The chairman of the conference was J. A. Spender, president of the National Liberal Federation. The conference was, in fact, held under the joint auspices of the Federation and of the Liberal and Radical Candidates' Association.

A draft constitution and rules were submitted by the Committee and adopted with very slight modifications. It was decided to call the organization "The National League of Liberal Trade Unionists" and to confine it entirely to members of trade unions. There was some difference of opinion among delegates on the question of the political levy. The delegates from Wales wished to enable (presumably by legislation) any member of a trade union to earmark his subscription to the political levy for the party to which he was attached. Eventually the following constitution and rules were adopted:

### OBJECTS SET FORTH

The objects of the Organization of Liberal Trade Unionists shall be:— To assist the formation of a group of Liberal trade unionists in each Parliamentary constituency in England and Wales in affiliation with the constituency Liberal Association.

To bring such groups into union so that the opinions of Liberal trade unionists on measures particularly affecting them may be readily and authoritatively ascertained.

To protect the members of these groups in the free exercise of their political rights and liberties.

To advise and help members on all matters connected with the political levy.

To secure, where necessary, for members of the organization legal and technical advice on trade-union matters.

To act in co-operation with Liberal members of Parliament in order that matters affecting trade unionists may be effectively brought before Parliament.

To aid in concentrating upon the promotion of industrial reform and the maintenance of the rights of trade unionists the whole force, strength, and resources of the Liberal party.

To achieve these objects:

1.—There should be in each Parliamentary constituency a group of Liberal trade unionists affiliated to the constituency Liberal Association.

2.—There shall be a district organization for each District Liberal Federation area in England and Wales, to which should be affiliated the constituency groups within the district.

3.—There shall be a national organization which for national purposes should unite all the district organizations and thus speak both for them and for their constituent parts.

### CROP TO BE BIGGER THAN WAS EXPECTED

EDMONTON, Oct. 13.—Optimistic over agricultural conditions in Alberta and pleased with the prospects of a better crop than anticipated, Hon. George Hoadley, minister of agriculture returned to the city from a trip to Calgary and surrounding territory.

"From all available information," said Hon. Mr. Hoadley, "I am convinced that we will have a bigger crop than at first estimated and one which will closely approximate the estimate of 113,000,000 bushels made by the Dominion Government. However, it is impossible to tell exactly what size the crop will be until it is threshed and in the elevators."

## SOCIAL EVENING AT PRESBYTERIAN KIRK

Pleasant Event Was Under Auspices of Ladies' Aid—Program and Refreshments

The Ladies' Aid of the Presbyterian Church had a social evening in the church hall last night Mrs. J. Simpson, president of the Ladies' Aid, Mrs. Cameron, The Manse and Mrs. Stork, Westview, were assiduous in their efforts to make the large company feel at home. Dr. Cameron occupied the chair and in his opening remarks welcomed all present and explained that the object of such gatherings were to make members and friends of the church better acquainted.

The following program, prepared by Mrs. J. Simpson, was thoroughly enjoyed by all, every item being persistently enjoyed:

Chairman's remarks, Dr. Cameron.  
 Piano solo, Miss McKinley.  
 Recitation, W. D. Smith.  
 Song Mrs. J. Waugh, accompanied by Mrs. J. Black.  
 Violin and piano duet, Misses Molly and Nellie Lawrence.  
 Song, Mrs. Wm. Millar, accompanied by Mrs. Cullen.  
 Reading from "Merchant of Venice," Dr. Cameron.  
 Song, J. S. Wilson, accompanied by Mrs. Cullen.

Refreshments were served under the supervision of Mrs. D. G. Stewart, assisted by ladies of the aid and several of the gentlemen present. The meeting was brought to a close when Dr. Cameron proposed very hearty votes of thanks to the artists, to the ladies who served refreshments, and to the Ladies' Aid for arranging the pleasant evening.

## BIOGRAPHY AND HISTORY IN NEW LIBRARY BOOKS

There are some recent additions to the history and biography books at the public library, among them are:

- BIOGRAPHY**
- "Walter de la Mare," by Megroz.
  - "John Keats," by Colvin.
  - "Julius Caesar," by Fowler.
  - "Marjorie Pickthall," by Pierce.
- HISTORY**
- "History of England," by Meiklejohn.
  - "Selections from the Sources of English History," by Colby.
  - "Ireland's Fight for Freedom," by Creel.
  - "The Turkish Empire," by Wersley.
  - "Short History of the English People," by Green.

## THE MAN IN THE MOON SAYS:

Here's to ourselves. Wake up!  
 There's really no increase in insanity everybody's about as crazy as ever.

When you look at all those budding young bankers and then think of the old steely eyes they will develop if they stay on their job and have to refuse loans, it makes me sorry for the world.

Never hang around. Only old clothes does that.

Blondes are all right but they should be born not manufactured.

Some one is discussing which is worst a double chin or a double life I say, avoid both.

Don't forget when arranging for holidays that the stomach needs one occasionally.

# SPEAKS ABOUT SPORTSMANSHIP

JAMES MITCHELL, FORMERLY OF THIS CITY, GIVES ADDRESS AT ANYOX

A very interesting address was given in the United Church on Sunday evening by James Mitchell of the Granby Bay School staff, says the Alice Arm and Anyox Herald. The subject on which he spoke was "The Principles of Sportsmanship."

In being called upon to address you with such a topic as sportsmanship, said Mr. Mitchell, I find that it is a term which has really been cultivated in very recent years. It exemplifies the essential quality of a sportsman and is used in a sense far removed from the word "sport" which has almost a taint of ill repute in its connotation. Do not consider the "sport" which is applied to a man who is reckless or irresponsible. Let us think of it then as being applied to a sportsman.

### ESSENTIAL QUALITIES

But what are the essential qualities of a sportsman? In simple terms, I should set them down as follows: To be a good loser and a graceful winner. The first, namely: to be a good loser is practically demanded by the public and a man is forced to put on a congenial front in the very face of defeat.

The latter namely: "to be a graceful winner," demands the real test of character because it is so entirely personal and a lively man is liable to be excused if victory brings an overflow of vanity. Whenever a man is put to the test, these two features will prove his worth.

### VARYING REACTIONS

We find that men and women show varying reactions under the stress of trial and its outcome.

We are quick to judge by these reactions if a person has schooled his spirit to refrain from resorting to primitive instincts.

Personally I should hardly consider sportsmanship as an inherent instinct. The growing child displays it but feebly. A youngster has to be trained to accept reverses, without pouting and giving vent to his feelings of displeasure when things do not break favorably. On the other hand, a child should not be allowed to flaunt apparent successful coups before children who have to be satisfied with less.

In childhood we see very little give and take. As for a good loser that boy is an exception. Just picture a child uttering no regrets if his favorite plaything is hanted over to a younger brother, with a parent as umpire. Will the younger brother be a graceful winner and try to pass on some of the joys of victory? You all know too well just what does result.

### PART OF ATHLETICS

Yet this feeling of sportsmanship is spreading throughout the world so that a man today would hate to be told that he was a poor loser, or that he couldn't win without assuming airs. How has this been built up? Athletics have taken a very prominent part and it is from the first testing field that the word had taken a wider application to all attitudes in life. The school has had a great influence, as teachers and instructors in charge determine to have those under their tuition ever ready to be on correct terms of sportsmanship and stimulate a friendly rivalry.

Mr. Mitchell discussed the great part the Church played in developing a "give and take" policy. He outlined the sports of Anyox and concluded with an appeal to all to be good losers and graceful winners.

# EXCITING GAME OF FOOTBALL

BORDEN AND BOOTH SCHOOLS BATTLED TO A TIE LAST EVENING

In one of the most exciting games played this series Booth and Borden battled to a draw in last night's contest. The weather was ideal and there was a good turn-out of supporters of both teams who made the air resound with their vocal encouragement to the teams.

Booth played up the hill and took up the attack right away. Booth forwards were very dangerous and Jack Nelson led his line with speed and was always worrying the Borden defence. Stiles was very reliable and saved the situation. Roy Wicks opened up the game but Booth was right back and Miwa stopped Kelsey. In quick succession B. Nelson, Bagshaw, Wingham and Dickens all shot past and Borden defence was having a gruelling time. E. Smith centered but Cameron cleared and Kelsey then stopped Ratchford. From a centre off J. Nelson, R. Nelson missed badly. From the goal kick Borden made a sally and MacDonald kicked over. It was all Booth's game with Borden making breaks-away all of which were dangerous as Smith and Ratchford centred well. Then from a scramble in front of Booth goal Lee scored and Borden were a goal up. Booth looked sure to score and forced a couple of corners but they were scrambled away. Booth maintained the pressure but Stiles and Miwa cleared their lines. Steen fielded a high shot of Kelsey's safely and half time came with Borden leading though they had had less of the game.

### SECOND HALF

On the kick-off Booth once more took up the running and Jack Nelson was again prominent. The ball rolled

# BRINGING UP FATHER.

© 1926 BY INT'L FEATURE SERVICE, INC. Great Britain rights reserved

By George McManis

across the goal but no one was up to put it through. Booth forced corners and it was ten minutes before Borden got over the half way line. Kelsey sent his forwards off again and Bagshaw and J. Nelson were stopped by Stiles. Then J. Nelson scored and pandemonium was let loose. Roy Morrison sent back Smith and Wicks and Stiles cleared when J. Nelson had the goal at his mercy. Cameron miskicked but recovered well and then Scott had his first shot. Kelsey took the ball clean through the Borden defence for Stiles to kick it off his toe. Nelson was through but put past. Booth forced three corners but all were cleared, one drive of Kelsey's being luckily cleared. Smith got away but Cameron spoiled him. Booth seemed sure to score when a penalty was awarded but Kelsey muffed the chance. Booth maintained the pressure and Steen shakily kicked away and Stiles removed the danger. The end came with the teams tied as the result of a most exciting game.

Jack Campbell refereed the game and J. Currie and S. Gurvey were line-men.

The league standing is as follows and Borden need to tie or beat High School on Saturday to win the league championship.

	p	w	L	D	for agst.	Pts
Borden	7	4	2	1	13	9
Booth	8	3	2	3	12	9
High	7	1	4	2	8	15

Saturday's game will commence at 2:30 Borden v. High.

## COUGARS WINNERS IN BILLIARD FIXTURE

Defeated Beavers Last Night by Total Score of 926 to 889

The Cougars defeated Beavers by a total score of 926 to 889 in last night's billiard fixture. The results of the various games were as follows:

- Fred Pyle (Cougars), 200; W. H. Long (Beavers), 155.
- G. P. Tinker, 138; W. J. Nelson, 200.
- Bert Morgan, 200; A. McDonald, 163.
- M. M. MacLachlan, 200; Ben Self, 151.
- S. D. Macdonald, 188; Frank Aldridge, 200.

## SPORT CHAT

The final basketball organization meeting will take place tonight. Teams will be registered and the first playing dates of the season set. Within a week, this popular winter sport will probably be under way in the Exhibition Hall.

This year's World Series was in many ways the most sensational in the history of the Big Leagues. In the betting Wall Street was against St. Louis as it was in the Dempsey-Tunney scrap. Nevertheless, of its five victories, St. Louis got three on the foreign field at New York and two of these were in the final two games when the series was going against the Cardinals.

Many an idol has been cast down in the athletic world this summer but not "Babe" Ruth even if he was on the losing side. In practically every field of sport old champions have given way to new but the Bambino set up a new record, namely three home runs in a single game at St. Louis.

The Anyox Badminton Club has elected officers for the season as follows:

- President, Fred Brown; secretary, Mrs. L. O. Fricker; executive, Mrs. H. Selie, Mrs. D. Roy, J. Wilson and Mr. Egret.

The coming badminton season in the smaller town gives promise of being very successful one.

Jimmie Mitchell, vice-principal of the Anyox High School and a prominent athlete of this city, delivered an address recently at the United Church in the smelter town. The speech was printed verbatim in the local paper. Jimmie is making headway as an orator as well as in the athletic field.

## ALICE ARM

A well defined ore body has been discovered by A. Davidson on the Kit-sault group of claims on Evendey Creek adjoining the Dolly Varden on the north. The vein is about sixteen feet wide and a crosscut of the ore at depth of twenty feet shows it to carry lead, zinc and ruby silver.

The Alice Arm branch of the B.C. Chamber of Mines held a meeting in the Anglican Church last evening when election of officers took place and other business was transacted.

J. Brown has been here from the south making an inspection of the logging equipment of J. Wheatley with a view to purchasing it.

## REPORT DENIED

LONDON, Oct. 13.—Reports that the Prince of Wales is to be betrothed to the Infanta Beatrice of Spain circulated by gossips here some weeks ago it is said evoked official denial at Madrid on September 30.

## MONTREAL IMPORTERS SALE ENDS SATURDAY

Public Appreciation of Montreal Sale Prices Greater Than Proprietor Hoped for and Buyers Pleased.

The success of the sale commenced last week by the Montreal Importers has proved conclusively that Prince Rupert people appreciate Montreal prices in their own town. And old J. B.—that's J. B. Miller, the proprietor—is quite as pleased as his customers. Like everyone else, he likes being appreciated. And a letter he received this week has pleased him more. It says:

"I am a working man with a family and I have not had a chance to get down to the Montreal Importers' Sale yet with my wife, for pay day is not until next Saturday, and your sale was on the Saturday with no pay. Now I want to buy as cheap as anyone else and get in on the bargains you are offering. Will you keep your sale prices on until this coming Saturday, so as to give a poor man the same chance as those with money all the time?"

Now J. B. didn't think of the fact—highly payday when he started this sale—'he's got a lot to think about and can't think of everything at once. And to show that he appreciates the honesty of any man who would admit that he didn't have money all the time, he has decided to let the sale at cut Montreal prices run on until Saturday as requested, so as to give the writer of the letter and any others the same opportunity.

Montreal prices were something new to Prince Rupert, but at this sale, even the low Montreal prices have been slashed to pieces. Men's suits and overcoats and everything a man needs to wear is being offered at a new low level of prices during this sale. And there are many articles for women's wear, too. So look into the Montreal Importers' store this week before the sale ends. It will pay you! It will be worth while anyway to see how pleased J. B. looks!

—Advt.

## MUST NOT DRIVE AT SIXTY MILE GAIT IN EDMONTON IS DECREE

EDMONTON, Oct. 13.—Edmonton's famous straightaway speedway, Portage Avenue, isn't going to be a race track any more by decision of the city police. Sixty mile an hour paces won't do, they declare.

Vern C. Munro, and Herbert Bennett, two amateur motorcycle daredevils are the first to run afoul of the law on the famous avenue.

Detective Smith told Magistrate Primrose in court that the two were shooting up the avenue at sixty miles an hour, varying their speed down to forty at times.

And to add to their show of speed they stood on the foot pedals and let their arms go in the air, the detective said.

They were fined \$20 each and costs.

## HANGED FROM TREE OPPOSITE GOLF LINKS COLWOOD NEAR VICTORIA

Henry Greenwood Supposed to Have Hanged Himself During Fit of Despondency

VICTORIA, Oct. 13.—Dangling from a tree opposite the Colwood Golf Club, the body of Henry Greenwood was found yesterday. He had been a resident of the district for many years and the police express the opinion that he hanged himself when despondent over imaginary financial troubles. He was about 70 years of age.

## PREMIER'S MOVEMENTS ON REACHING ENGLAND NEXT SUNDAY MORNING

LONDON, Oct. 13.—Premier Mackenzie King should reach Liverpool Sunday morning and will entrain directly for London. On arrival there he will leave at once to keep a purely private appointment for a few hours. He will stay at the home of High Commissioner Larkin on Sunday and on Monday will take up his residence at the Moritz Hotel where he will stay during his attendance at the Imperial Conference.

**REINDEER FOR MEAT SUPPLY**

EMPLOYED SUGGESTS THAT STEAK FROM FAR NORTH WILL BE NATIONAL DISH.

MONTREAL, Oct. 13. — Rasmussen, Arctic explorer and member of the Putnam expedition, sees Canada in the not far distant future eating reindeer meat to the almost total exclusion of beef. It is good meat, he says, and once Canadians have cultivated a taste for it after generations of the roast beef of old England, they will prefer it to anything else. When that time comes there will be brought into being an industry that will salvage the Arctic wastes of Canada, the barren lands of the tundra and that will revive and bring increase to the rapidly disappearing Eskimos of the Canadian north-land.

Mr. Rasmussen is in Montreal enjoying the privileges and perquisites of civilization after a long stay in the north with the Putnam expedition from the American Museum. Perhaps it is not quite right to say that he is not enjoying himself, because he does not hold with some modern ideas. He dislikes dodging motor cars and he dislikes smelling them. The noise and bustle of a big metropolis holds for him no charms. He finds that his nerves behave better in the frozen north than they do here. He thinks that aeroplanes and airships may some day be built so they will be useful in the north but at present he prefers the dog sled. He doesn't know quite how to look on radio.

**CAUSES HOMESICKNESS**

"If you go into the north for two years or three years or four years," he says, "you know you are there for that time and you settle down to your work and make the best of it. When you get music by the radio every day you get homesick and worry about the people at home. Without the radio we used to get homesick the last couple of months when we started for home, but now perhaps the people who go into the north will never get over being homesick."

Mr. Rasmussen was principally interested in his last trip because it took him to the only part of the Canadian north coast that he had not seen. He enjoyed his visits to Ellesmere and Baffin Land. He was particularly impressed with the Ponds Inlet district and speaks highly of what Canada is now doing for the Eskimo. All the officials at the police and trading posts in the north were well and happy when he was there. Canada's Eskimos are decreasing, while in Greenland they are increasing.

**UNCIVILIZED DOOM**

"It is always dangerous for uncivilized peoples to meet civilization," Mr. Rasmussen said. He explained that diseases are killing some Eskimos and starvation is accounting for many. The safety of the Eskimo does not lie in protecting the herds of caribou that are scared off by the means of modern hunters. His idea is the importation of reindeer. With reindeer, he is sure, the Eskimo would have a new interest in life, plenty of food and would in time have an industry supplying all Canada and other parts of the world with meat to the extent that untold wealth would be reaped from the barren lands.

Mr. Rasmussen laughed as he told of the cowboy they took along to lasso wild animals, walrus, etc. This broncho-buster had never seen the ocean before, but he took to the ice instantly and was buoyed up with the thrill he saw ahead when he lassoed a big polar bear. He turned out to be an excellent man. He captured polar bears and walrus with his rope and handled them well when they were dragged aboard. He returns to the prairies with true stories that will gain for him the reputation of being the greatest liar of all times.

**Views and Vagaries of Life in New York City**

Liberty bells stencilled in lace open work on the knees of Fifth Avenue's finest hostess are the latest Esquiquennial echo to be noised about the town. "1776-1926," the ambitious knee legends date the event they celebrate.

A flapper entered the subway train during the rush hour. All seats were taken. One of three men seated she asked a question: At what station are you getting off? She then stood in front of the one who got off at the

**WATER NOTICE.**

**Diversion and Use**  
TAKE NOTICE that Somerville Cannery Company, Ltd., whose address is Gore Avenue Wharf, Vancouver, B.C., will apply for a licence to take and use 20 gallons per minute of water out of small stream, also known as Hotel Stream, which flows northeast and drains into Jedway Harbor about 40 feet northwest of southeast corner of Togo Mining claim. The water will be diverted from the stream at a point about 500 feet southwest of southeast corner of Togo Mining claim, and will be used for industrial purposes upon the land described as 11.2 acres northeast of Togo Mining claim. This notice was posted on the ground on the 9th day of September, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in local newspaper. The date of the first publication of this notice is October 5, 1926.  
SOMERVILLE CANNERY CO., LTD.,  
By Fred DesBrisay Mathers, Agent.

nearest stop and waited for his seat.

Federal Judge Julian Mack, presiding at the Daugherty trial is known among his friends as a gourmet. He does the marketing for his home, carrying baskets of vegetables and meat cuts with him. His fastidiousness keeps waiters in restaurants he frequents on the quiver. He travels on one liner only on his annual voyages to Europe, selected solely because it has the best caviare.

Individual drinking cups have not yet replaced the community glass in the Federal building. In the court room of the Daugherty and Miller trial there were only two glasses, one for the sole use of Judge Mack. The other was used generally.

Manufacturers of the brass and nickel foot rails apparently are still doing a good business. A large increase has been noted in the number of "food bars" where both men and women can stand

up to a mahogany bar for a quick lunch. These bars are just like the old fashioned ones behind swinging doors.

Visitors to New York expecting to see movie, stage or literary celebrities in the noted dining places usually are disappointed. For the most part they dig in little out-of-the-way places where they can find relief from the probing eyes of the public. Small, low-ceilinged restaurants, some of which would be classed by their appearance as mere "ham-and-egg emporiums," attract dozens of these people.

New York prizes its trees and consequently they receive meticulous attention. The surgery is lavished upon them by most of the owners. Even small tree-shaded rear courts are covetously cultivated.

Psychologists might find significance in the action of crowds that inevitably gather to watch workmen putting up

steel girders and great "brick cliffs" for new skyscrapers that are continually springing up. These white collar workers apparently seek a release from their ledger books and typewriters in watching the riveters and hoisters perform their often-perilous tasks.

Fashionable Park Avenue offers a study in contrasts any morning in the year at four or five o'clock. This is the hour when many poorly-clad women—mothers, most of them—emerge from the tenements on the side streets, hastening to the various business buildings or apartment houses to mop and scrub floors, clean brasses, etc. At this hour, also, many taxis and private limousines whiz past with their load of late merry-makers, clad in evening dress.

Another place that reeks of contrasts is Grand Central Terminal. Some of the greetings and farewells overheard within ten minutes, during a late afternoon rush, were: "I'll never leave New York

again." "Believe me, I'm glad to get away from this madhouse." "If I don't ever see you again . . ." "Don't forget—it's two cakes of yeast you put in." "I've got a good one to tell the boys at the firehouse."

South of Washington square there is a certain pushcart which wends its way through the streets peddling clams, two for a nickel, opened while you wait. Eating clams in the middle of the street is thought to be quite "atmospheric."

A sale was heralded by a yell by one of the down-town shoe stores, which replaced its ordinary awnings, just before the fall clearance period, with multi-colored strips of cloth, fastened to the awning bar close to the building. The stiffened outer ends of the strips, however, were fastened to the outer awning bar at an angle to catch the wind, and the effect was like a fairy version of Nantucket.

**Accepted For Twenty-One Years**

**FORD PRODUCTS** for twenty-one years have stood for highest quality in motor car construction.

Public appreciation has made possible the quantity production needed to keep improving Ford cars without increasing their price to the buyer.

Today, half the cars in use are Ford cars. Their reputation is daily enhanced by the performance of new Ford cars of that same high standard of quality which has stood the tests of universal use for over two decades.

## BELLA BELLA RECORD PACK

BUTEDALE, NAMI, CAPTAIN'S COVE AND LOWE INLET CANNERIES IN CENTRAL DIVISION NOW CLOSED

The Gosse Packing Co.'s cannery at East Bella Bella, the only cannery still operating in the central division, has made the largest salmon pack in its history since D. S. Cameron, fisheries overseer for the central division, who is in town on business. The Butedale, Nami, Lowe Inlet and Captain's Cove canneries are now closed and the season in that region will close on Friday.

Mr. Cameron will be coming here with Mrs. Cameron and family in about two or three weeks to take up their residence for the winter.

## ABOUT FORTY DIGGING GOLD

NO SENSATIONAL RESULTS AT GOLD PAN SAY MINERS HERE

## INFLUX NEXT YEAR

Men Brought Gold South With Them on Way to Vancouver

About forty men were engaged in staking and panning gold this season on Gold Pan Creek and, while some met with fairly good results, there was nothing sensational about it, states Robert Nesbitt who, with Charles Beck, arrived in the city yesterday afternoon from the north where they spent the summer working with the outfit of the original discoverer, William Grady and Hugh Ford. They will spend a few days here before continuing south to Vancouver for the winter. Mr. Grady is still at Telegraph Creek and Mr. Ford has gone in beyond to spend the winter on his traplines. Mr. Nesbitt and Mr. Beck have a good deal of gold with them as also has Thomas Mateen who came out with them and who continued on to Vancouver yesterday afternoon. Mr. Nesbitt says that Vickery will be about the only man to remain for the winter at Gold Pan. He will be staying to put down some test holes.

On Palmer Creek, about forty miles northeast of Dease Lake, Hall and Cotter put in a boomer outfit this summer and worked it for a while but they started late in the season and did not get much done. They will continue operations next year. There were a few outfits working around Dease and Thibeau Creek but they are just getting started and it will be next summer before there are any appreciable results. Another outfit has been working on the Clearwater which runs into the Stikine about twenty miles below Telegraph Creek.

While there is no reason for a boom or stamped, Mr. Nesbitt expects there will be a larger influx of mining men next year in the Stikine and Dease Lake region.

WATER NOTICE

TAKE NOTICE that H. D. Kyle, whose address is Wrangell, Alaska, and Telegraph Creek, B. C., will apply for a license to take and use 2,000 miner's inches flow of water out of Bucks Gulch, which flows easterly into Dease Creek. The water will be diverted from the stream at a point about two miles up the stream from its mouth into Dease Creek and will be used for hydraulic mining purposes upon bench placer claims known and described as leases No. 120 and 121. This notice was posted on the ground on the 23rd day of July 1926.

A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Telegraph Creek.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in the local newspaper.

The date of the first publication of this notice is September 14th, 1926.

H. D. KYLE, Applicant

## PROTEST BECAUSE "O CANADA" OMITTED

The writer of a letter to the Ottawa Citizen makes a protest because Canada's National Anthem was omitted in a concert given by the Coldstream Guards. The letter says:

Editor, Citizen. As a loyal Canadian, I wish to call attention to the fact that the band of the British Coldstream Guards, at their concert given in the Auditorium the evening of September 15, failed to play "O Canada." While "O Canada" was on their program supposed to be played just previous to "God Save the King," the bandmaster substituted for "O Canada" "The British Grenadiers," followed by the National Anthem.—SARA H. RICHAN, Ottawa.

IN PROBATE.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of the Administration Act: and

In the Matter of the Estate of Robert Parks, Deceased, Intestate.

TAKE NOTICE that by order of His Honor, F. McE. Young, dated the 9th day of August, A.D. 1926, I was appointed Administrator of the Estate of Robert Parks, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 27th day of October, A.D. 1926, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

NORMAN A. WATT,  
Official Administrator.  
Prince Rupert, B.C.  
Dated the 6th day of October, A.D. 1926.
