# ELECTION NOMINATIONS MADE YESTERDAY

## FAIR THIS YEAR TO BE BIGGEST AND BEST IN HISTORY OF PRINCE RUPERT

All Seats in Canada  
are Contested in the  
Elections Next Week

Liberal Candidates Fewer than Conservatives  
but Full Quota of Mackenzie King  
Supporters are in Field

TORONTO, Sept. 8.—Fifty fewer candidates have been nominated for the general elections this year than last, the number being 528 for 244 seats, the election to take place on Tuesday, September 14.

The only seat going by acclamation is that of Provencier, where last week at the advance nominations A. L. Beaubien, Liberal-Progressive, was declared elected.

The composition of those officially nominated is Liberals 199, Conservatives 233, Progressives 21, Independents 25, Laborites 18, United Farmers of Alberta 12.

All the ministers of the Meighen cabinet and the former ministers of the late King Government who are running face straight party fights with the exception of Hon. H. H. Stevens, minister of customs and Hon. J. H. King, former minister of public works, the latter in Kootenay East and the former in Vancouver Centre, where there are three-cornered fights.

Thirty triangular fights will take place while there are 212 straight party fights and two quadrangular battles. Of the three-cornered fights six are in Quebec, ten in Ontario, three in Manitoba, five in Saskatchewan, five in Alberta and six in British Columbia.

The four-cornered fights are in the Cartier division of Montreal and in Vancouver North. There will be 58 straight party fights in Quebec, 72 in Ontario, 12 in Manitoba, 16 in Saskatchewan, 11 in Alberta, 12 in B. C. and one in Yukon.

Two women candidates nominated are Agnes McPhail, Progressive, in southeast Grey and Katherine Bennett, Liberal in Toronto East. No women are running on the Conservative ticket.

While the list shows fewer Liberal than Conservative candidates in each constituency not represented by a Liberal or Progressive, Labor or Independent, is pledged to support the Mackenzie King government, should one be formed following the battle of ballots.

### BRITISH JUSTICE DUE ALL SAYS PREMIER

"May I make this perfectly clear. I have no defence to offer of any person who has been guilty of any wrong-doing in connection with the administration of any department of government. I have no desire either to shield any person or to hide the slightest wrong. I believe that every charge that has the slightest bearing upon fraud or wrong-doing of any kind should be investigated in the most searching manner possible, and individuals punished as they may deserve. All that I urge, for the sake of our public life and its traditions, as befitting our sense of British fair play and British justice is that men be not ruthlessly robbed of their reputations through vile and malicious rumors and slanders, created and circulated solely to give to one political party an unwarranted advantage in a political campaign; and that no one be denied the right of fair trial when his name, his home and all that he holds most sacred in life is irreversibly linked with the verdict that public opinion may pronounce." Rt. Hon. W. L. Mackenzie King, Leader of the Liberal party of Canada, Ottawa.

### Stevens Declares Office Broken into and Correspondence Files Rifled in Effort to Injure Hm

VANCOUVER, Sept. 8.—That his mail had been interfered with, his office broken into and his private correspondence files rifled and that the "bootleggers and blacklegs of the liquor ring" had sworn to so besmirch him that his character would be destroyed and the attack had started with the publication of a statement respecting his personal oil investments, was the declaration of H. H. Stevens last night when addressing a mass meeting.

The minister declared that he had nothing to hide and defended his actions since assuming the customs administration.

He declared: "Anyone in Canada who keeps within the law, no matter what business he is engaged in, will find no enemy in me, but whoever violates the law will find no friend in me."

The compressor and rock crusher for the work arrived some time ago and the road roller reached here from Vancouver yesterday. All of the right-of-way to Galloway Rapids except one mile is cleared.

### THE PUBLICLY EXPRESSED OPINION OF A CONSERVATIVE

In my view the whole of this western movement should be directed to the port of Vancouver; and all public monies expended upon the Pacific coast should be expended there. There never was a more grossly flagrant instance of expenditure of public monies for purely political purposes than the building of the elevator at Prince Rupert by the Liberal government."

### PATTULLO SEES SURE VICTORY

Says British Columbia Will Add Several Seats to Liberal Side.

GOOD CHANCE IN VANCOUVER

Is Gone to Terrace and Other Points and Returns Here for Monday Meeting.

Expressing confidence in the course of a brief interview that the Liberals will add several more seats to their side in British Columbia and that the Mackenzie King government will obtain a substantial majority in the coming federal election, Hon. T. D. Pattullo, minister of lands, arrived from Victoria this morning to assist in the election of Fred Stork, Liberal candidate in Skeena riding. Mr. Pattullo declares that the Liberal candidates in the four Vancouver ridings have more than a good chance for election. In Cariboo riding the election of Joseph Graham, Liberal, over John A. Fraser, the Conservative member in the last parliament, is assured. Other constituencies are equally promising.

Mr. Pattullo left for Terrace by train and will address a meeting there tonight, assisted by Col. S. P. McMordie. Then Mr. Pattullo will go to Hazelton, Smithers and Burns Lake and return here Sunday afternoon to address the big Liberal rally on Monday night. He also has accepted the invitation of the Fair Board to open the Prince Rupert Exhibition Tuesday night.

Mr. Pattullo reported a good meeting at Ocean Falls last night when he spoke on behalf of Mr. Stork. D. G. MacKay presided.

Mr. Pattullo was met at the wharf by Liberal friends and was also given a cordial greeting by a number of Conservative women who were down to meet Mrs. A. J. Paterson who arrived on the same steamer.

### Latest Move is to Claim Success.

The Conservatives are now claiming with loud voices, just as they did last year, that they are going to sweep the country and that the local candidate is bound to succeed. Last year we remember two candidates for whom that was claimed and local people remember the result. Do not be led away by the voice of the siren or the bombast of the politician, whether he wear the uniform of an army officer or the more appropriate costume of the civilian.

We suggest that all those who have Liberal sympathies, who believe in government by the masses instead of government by the few, shall roll up such a majority for Fred Stork at this election as shall show for all time just what they mean. Fishermen know that Stork is the man who has fought for them both in regard to traps and Oriental competition. The foreign born know that when a Conservative candidate like Wright gets up on the platform and urges the disfranchisement of the foreign born and that is not disowned until it is found a mistake has been made, that they will have little chance for a fair deal. Prince Rupert people know that when the great Conservative Bury, of Edmonton, who is spoken of for a place in the Meighen cabinet, tells the people that they should concentrate on Vancouver and not worry about Prince Rupert, they have little to hope for in spite of the protestations of Mr. Brady.

It is better to be safe than sorry. We have tried Stork and found him sound. He has never turned a deaf ear to any deserving representations. He has secured the elevator and would have secured a fisherman's float this year if the vote had not been killed by the Meighen raid.

### Tariff is Chief Conservative Policy.

Now that Premier Meighen is back in Ontario he is featuring the tariff in his election speeches. Out here he did not make it so prominent. Ontario is the place where manufacturers flourish and we are glad to have them flourish, but it must not be at our expense. We are not willing to pay the saxophone orchestra to which the other man is to jazz. We are a producing province. We are mostly miners or lumbermen or fishermen or farmers and we do not benefit from protection, but the same duty which enhances the profits of the Ontario manufacturer makes living dearer here and increases the cost of production of the product of our mines, lumber camps and fisheries.

### Desperate Attempt To Influence Voters.

It is a great battery of political eloquence that is being opened on the voters of this constituency by the Conservative party during this campaign with the object of influencing the voters to elect a Conservative and defeat the only man who has ever done anything worth while for Prince Rupert. Money is being spent without stint and the scribes are working overtime trying to add two and two together and make the total five. In other words efforts are being made to deceive the electors and we suggest to each and every one that they examine very carefully all campaign literature on both sides and especially that being sent into the constituency by the Conservatives or by their particular friends, the Prosperity League of Canada.

Prosperity for the rich and hard times for the poor is the usual result of Tory rule, whereas Liberalism stands for a fair deal to all, rich or poor.

### Victory Ahead Seen By Everyone.

Victory ahead is seen by ex-Premier King, it is seen by everyone except those Tories who are shouting themselves so hoarse that they cannot hear the signs of victory. We do not believe in betting, but we know that Prince Rupert Liberals are offering to back their opinions by their money yet there are no takers. The wild talk is not real. It is simply the effervescence of a blind imagination, but they do not even themselves believe what they say.

## Fair at Smithers this Year Was Bigger and Better than Ever in History of the Town

SMITHERS, Sept. 7.—"Bigger and better than ever" is the verdict of the public with reference to the eighth annual Bulkley Valley Fall Fair held in Smithers on Sept. 1, 2 and 3. After nearly two weeks of dirty weather a change broke on Wednesday and the weather of the two main days, Thursday and Friday, was the most enjoyable of any of the fairs yet held.

Wednesday was preparation day and the officials were a busy gang from morning until night, but when they were through all of the entries of the big list were placed and ready for judging.

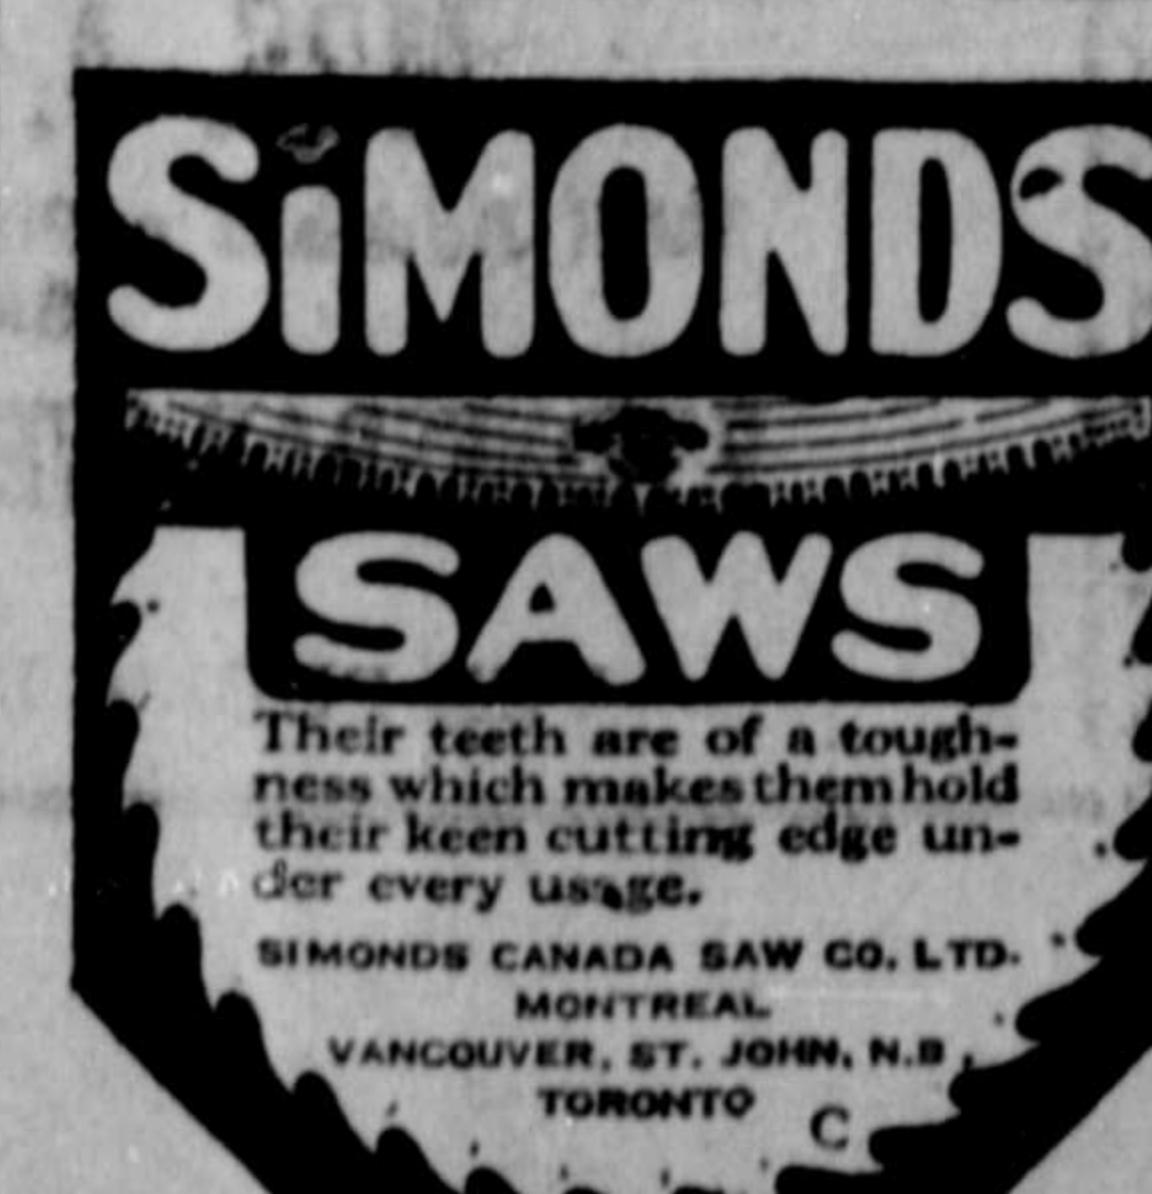

Thursday morning was taken up with the judging but promptly at 1 p.m. R. S. Sargent, of Hazelton, a popular resident of the district, opened the fair with a speech in harmony with the occasion, followed by a few remarks from Dr. C. H. Hankinson on behalf of the fair officials.

In the main building in which was exhibited all but the grains and grasses the display and the manner in which it had been arranged was the subject of comments of congratulation on all sides. The vegetables especially showing marked improvement, particularly with regard to potatoes of which the certified seed exhibits were considered equal to any that can be grown in B.C.

### Flowers Improved

The flower section also showed a big advance over former years and while there were many beautiful specimens from the Hazelton gardens, the local grown flowers were able to hold their own with outside competition for the first time. This improvement has been gradual and shows that the heavy rich loam of the Smithers townsite gives great promises for future flower gardens.

In the grain and grasses building the exhibits gave evidence of the bountiful growth of the present season and although the recent wet weather was rather detrimental to the ripened grain exhibits, there were some samples of wheat that could already be classed as No. 1 hard. A. E. Richards, district representative and superintendent of Dominion Illustration stations had his display in this building and was on hand, usually in the centre of a group of farmers seeking his explanations and advice. The marked improvement in the quality and selection of farm products exhibits at the Smithers fairs in the past two or three years is to

showings of the motion picture "Love and Glory," and on Friday evening the Grand Ball, attended by one of the largest crowds ever at a dance in Smithers. The music for both dances was supplied by Sandy Gazeley's five-piece Crescent Orchestra and was of the usual high order of these musicians' offerings.

During the supper interval at the ball the drawings took place for the various prizes and raffles and the lucky ones announced.

In the main event of thirteen prizes a chance for which was given with each membership ticket, the first prize of \$100 was won by Eric Martin of the Duthie Mines, second prize of \$50 by Harry Johnson, Smithers, and the third prize of \$25 by Carl Lester, Duthie Mines. Mrs. Bates won the dress length; Norman Kilpatrick the bean-guessing contest; Jennie Miller the attendance-guessing contest; Mrs. T. Brewer a silk length; Mrs. N. Kilpatrick the silver fox stole, and J. Fulsette the Catholic Church prize.

### Financial Success

In addition to being a big success in other ways, the fair was a financial success not only for the heavy current expenses, but also for permanent improvement expenditures, great credit for which is due the president, E. E. Orchard, for his untiring efforts to organize and carry out the big undertaking. Secretary L. B. Warner and the other officers were also unstinting in giving time and assistance for the success of the fair and in making it the biggest and best yet in the face of early disappointments.

### Which Leader?

Now the question of the hour is who will we intrust our care to for the next four or five years. Hon. Mr. King or Hon. Mr. Meighen? Hon. Arthur Meighen has taken his position in open defiance against all or any of the

progressive forces in action, has made his declaration with reservation for a period of time. Hon. Mackenzie King still alive and in the performance of its historic mission, for a better, fuller and freer life for all who fall, instead of tempting to derail or retard inevitable. He has joined us and is now marching in the direction of the rising sun, on the job for an early start the morning of the fifteenth.

When Tory reaction has repulsed and progress instilled upon the throne, another post will then be passed on long and laborious journey to day of our dream, of a free fuller life for all who toil.

Thanking you, Mr. Editor, I remain,

## NO DISEASE IN DISTRICT COWS

Veterinarian Visits Herds and Finds Only Trouble Was From Imported Stock

There were only two tubercular cows in the Prince Rupert district and they were animals recently imported from the Fraser Valley, declared J. D. Macdonald, provincial veterinarian, who went south yesterday after testing cows at Cedervale, Anyox and in the Prince Rupert district. One local cow recently reacted to the tubercular test and had to be killed and another in one of the district dairies from the same place in the south also had to be disposed of. Purely local stock were perfectly healthy and Mr. Macdonald says it is all nonsense to suppose that Prince Rupert is not a healthy place for cows. In every case in the several visits he has made here, the only cows that were diseased were the recently imported or the importation of the disease could be traced to them.

Mr. Macdonald says that Dr. Alton, who judged at the Smithers fair, is examining some of the interior herds in order to insure that Prince Rupert's milk supply will be protected.

Mr. Macdonald was particularly pleased with that part of the Skeena Valley around Cedervale and Woodcock. He says the turkeys he found there were some of the best he has ever seen.

## TERRACE PEOPLE GIVE SENDOFF TO TWO CLERGYMEN

**Rev. W. F. Barfoot and Professor Wickenden Both Leave for Saskatoon College**

TERRACE, Sept. 8.—Members of the Anglican church and other friends of Rev. W. F. Barfoot and Professor Wickenden held a social in their honor on Friday evening in Progress Hall. A good musical program was given, those taking part being Mrs. Marsh, Miss Kerr, Mrs. Keith, and Rev. Wm. Allan.

Mr. Barfoot gave an interesting talk in which he expressed his appreciation of the hospitality and good fellowship meted out to him during his stay in Terrace as well as the great assistance rendered him in carrying out his duties. He expressed his regret at leaving and his good wishes for the future work of the church.

Mr. Wickenden also spoke a few words expressing himself as having thoroughly enjoyed his holiday here and thanking the people for their kindness.

After the program refreshments were served by the members of the W.A. and a pleasant social hour spent.

Mr. Barfoot has had active charge of the Anglican Church work here since last May, and during that time has made a host of friends.

## BRINGING UP FATHER

## BASEBALL GAMES AT SMITHERS WERE WON BY BURNS LAKE TEAM

SMITHERS, Sept. 8.—The high class baseball of recent games in the valley was maintained in the two games at the Smithers Fair last Thursday and Friday. The games were between Burns Lake and the local nine and were both won by the visitors who seemed to get the most of the breaks, and were lucky in placing their hits.

In the first game Geo. Roberts pitched for the home team and Nolan for the winners. George was off his usual form and was touched up for four runs in the fourth inning but stayed until the seventh when Cliff Warner went in the box. Nolan pitched good ball, allowing the locals only four runs while his team collected ten. The players were:

Burns Lake—Shary, cf; Johnson, tb; Dickinson, 2b; Lansdon, 3b; Nolan, p; Kerr, cf; Jensen, 1b; Daily, c; Ashford, lf.  
Smithers—Arnold, 2b; Lewis, lf; Roberts, p; Graham, ss; Menzies, rf; Goodacre, c; Warner, tb; Mutch, 3b; Lewis, cf.

**Second Game**  
In the second game the first basemen and pitchers of both teams switched places, Johnson going on the mound for Burns Lake and Warner for Smithers and the game proved to be a pitcher's battle with Johnson having a little the edge. It was something new for Smithers fans to see Warner in the box and his work as he fanned the batters with regular frequency was a big surprise to many. The score in this game was 4 to 1.

Several double plays were made in the games and in one instance Roberts' pulled off one unassisted when he was playing first. He got a hot fly down the line and a runner was also unable to get back on the bag in time. Ken Warner officiated behind the bat with Len Raab taking care of the bases and Dad Arnold handling the score board.

**THE MAN IN THE MOON**  
says:

In spite of the political campaign we are all here.

Somebody's going to be elected next week and I think I know who it is.

Yes, I have a dollar to bet I'll back my opinions yet;  
For it's easily seen  
I shall not bet on Meighen  
For from him we have nothing to get.

Can this election stuff and let us get down to business. Who are you going to vote for?

I know a man that went to the auto dealer and asked for a detouring car. He'd get that anyway if he bought any kind.

If anyone tells you that Brady really expects to win, don't believe it. It is simply a case of auto-intoxication.

Will they make Dempsey take off his false nose during the fight?

Tories are like Dempsey, they do not really wish to deceive but they make things look different from what they really are.

Will the defeated candidate come up smiling? Well, not very. But doubtless he'll do the best he can.

This is the last lap of the election race so let it be a pretty one.

## GYRO CLUB HAS CHAMPIONSHIP

**Made It Three Straight With 11 to 1 Score Over Native Sons Last Night**

Making it three straight wins, the Gyro Club last evening captured the city baseball championship by defeating the Native Sons 11 to 1. The match went five innings and was witnessed by a good crowd of fans.

The Sons had Lambie on the mound at the opening of the game but he was visibly over-worked as a result of previous games and, before he was removed at the end of the second inning and Vic Menzies substituted, the Gyros had made even runs while the Canucks got their one and only. The Sons' fielding was again weak while the Gyros were playing almost perfect ball and hitting hard, the winners, in all departments, being superior. Features of the game were home runs by Haveland, in the second, with none on bases, and Schenkler, in his fifth with two on.

The batters were: Lambie, Menzies and Balfour for the Sons; Schenkler and McKeown for the Gyros. Eddie and Dowd acted as umpires.

Score by innings:  
1 2 3 4 5  
Gyros ..... 6 1 0 1 3  
Native Sons ..... 0 1 0 0 0

## FAMOUS BATTLES FOR THE HEAVYWEIGHT TITLE

**Sullivan Knocked Out**

John L. Sullivan, an old man at 34, was knocked out by James J. Corbett, a youngster of 26, at New Orleans September 7, 1892, after 21 rounds of battling. They wore their gloves larger in those days but a spectator, describing the end, declared: "Sullivan fell like an ox, rolled over on his stomach and was counted out."

"I went in too often," was the champion's explanation of his defeat. "Five years ago I could have whopped any man in the world."

"I rained blows on him," was Corbett's summing up of the fight.

It was a sad day for Sheriff John Duffy, White Plains, N. Y.

The sheriff agreed in the event of defeat of Sullivan to go home each night at 7 o'clock and refrain from drinking any spirituous liquors until January 1 of the following year.

Over-confidence sat in Sullivan's corner during the bout. The Boston "Strong Boy" admitted after he had been dethroned that he had held the shifty Corbett too lightly and had not applied himself to his training as he should.

William Muldoon, now a New York boxing commissioner, who one trained John L., stopped theatrical engagement long enough to say that he was not surprised when apprised of the champion's downfall.

Can this election stuff and let us get down to business. Who are you going to vote for?

I know a man that went to the auto dealer and asked for a detouring car. He'd get that anyway if he bought any kind.

If anyone tells you that Brady really expects to win, don't believe it. It is simply a case of auto-intoxication.

Will they make Dempsey take off his false nose during the fight?

Tories are like Dempsey, they do not really wish to deceive but they make things look different from what they really are.

Will the defeated candidate come up smiling? Well, not very. But doubtless he'll do the best he can.

This is the last lap of the election race so let it be a pretty one.

## WORKS BOARD IS CRITICIZED

**Mayor Declares It Is Not Attending to Its Job.**

That the Board of Works, in the absence of the chairman, Ald. Perry, was not meeting as it should to attend to its business and that a meeting had been called off last week when Ald. Perry was in town when there was business for its attention was the charge made at last night's council meeting by Mayor Newton.

The discussion arose when Ald. W. J. Greer reported that one of the city's horses had died and that the city engineer had recommended that a tank be placed on the city truck at a cost of \$50 for use in night-soil collection and that the remaining horse be sent to Shawallans Lake where one was needed in connection with the repairing of the pipe line.

Mayor Newton then referred to the fact that the Board of Works had not been meeting to take care of such business as this. He said that the chairman of the board had called off the meetings at the last minute with the result that the committee did not know where it was at. He thought the committee could meet in the absence of the chairman. All the committees, he felt, should measure up to requirements and it was a pity if they did not meet to attend to the business before them. It was possible that Ald. Perry, who was engaged out of town temporarily, might not be back to the city for a while.

Ald. Casey did not say why the Board of Works could not meet even if the chairman was out of town.

Finally it was decided on motion of Ald. Stephens to refer the matter of the horse and tank to be members of the committee who were in the city for action.
