JAPANESE ALLEGED TO HAVE COMMITTED MURDER TRIES TO KILL HIMSELF

Attempted Suicide by Slashing Himself with Pointed Can Opener

Alleged slayer of Japanese woman and child makes bold effort to kill himself in the police cell

VANCOUVER, April 24.—Seizing a sharp pointed can opener, which he had secreted in his clothes, Soitsu Furukawa, the Japanese alleged confessed slayer of his sister-in-law, Mrs. Han Furukawa and of her three-year-old son last Monday, made a desperate attempt to take his own life last night in the cell at the police station.

Soitsu slashed himself about the throat and chest before being overpowered by the jail attendants and taken to the hospital where he was placed under heavy guard.

MACLEAN SEES MUCH PROGRESS

Minister of Finance Says Budget Policies will Prove Encouraging

VANCOUVER, April 24.—That Canada as a whole is entering a period of large business expansion and prosperity is the opinion formed by Hon. J. D. MacLean, minister of finance, through a tour of the Dominion during the last month. The minister is highly optimistic over the country's prospects.

"Western Canada is getting into splendid shape in a business way," Dr. MacLean declared. "Conditions in the East, also are very satisfactory." This fact cannot fail to strike anyone travelling through the Dominion at this time and it is fully borne out by the remarkable figures on trade and commerce contained in Hon. J. A. Robb's budget speech.

Taxpayers Benefit

The Federal Government's new financial policies outlined in the Budget speech will be of enormous value to the Canadian taxpayer, Dr. MacLean said, commenting on conferences which he held with cabinet ministers in Ottawa.

"The changes in the income tax," he said, "will free a very large class of people from income taxation altogether. The reduction in the automobile tariff will reduce the cost of cars to the ordinary buyer and to the operator of trucks and this will prove a very substantial saving indeed. On the whole, the new budget is the most encouraging and satisfactory that Canada has seen for many years."

School Parley

Dr. MacLean's purpose in going to the East was to attend a national education conference in Montreal. Many prominent Canadians including President E. W. Beatty of the Canadian Pacific Railway, and Sir Arthur Currie, President of McGill University, were present. Methods of developing a stronger Canadian spirit in the schools of the Dominion were discussed at the conference; one of the most practical suggestions, in Dr. MacLean's opinion, being the publication of a national school magazine for school children. This idea will be investigated by a committee which will look into means of financing the proposed publication.

CUBS BATTED RED PITCHERS

Twenty Hits and Eighteen Runs in Cincinnati-Chicago Baseball Game Yesterday

HOMER FOR BABE RUTH

NEW YORK, April 24.—With the exception of the Cincinnati-Chicago game in which the Cubs batted five Red pitchers to all corners of the lot for a total of twenty hits and eighteen runs, the National League baseball contests were tame yesterday. In the sixth inning Chicago scored seven runs.

In the American League a twelve inning pitcher's duel between Lyons of Chicago and Gaston of St. Louis was broken up when Mellilo singled a scoring winning run.

Homers by Babe Ruth and Koenig enabled the Yankees to defeat Boston.

BISHOP MAY BE ELECTED

Permission Will be Sought From the Synod Executive in September

The executive of the general synod of the Anglican church which meets in Sept. will decide finally whether the Bishopric of Caledonia is to be re-established. The diocesan synod which meets here on May 25 and 26 will probably say plans also with a view to securing the right to elect a man. At present Archdeacon Rix is in the East raising funds for the purpose and Archbishop Du Penzier and Canon Gould are in England campaigning for the same purpose.

The local diocese responded splendidly to the appeal for funds and it is expected that sufficient money will be secured to warrant the church granting the necessary permission. The bishop will then be elected by a vote of the diocese.

Rev. Walter Allen, who has been supplying here during the winter, is leaving May 11, which is two weeks from Tuesday. He is then taking a few months' holiday in order to visit his former home in England, after which he will return to his old district in the Peace River country. He will still be in the diocese.

Bolton Wanderers Win English Football Cup Before 100,000 People

King and commoners of all degrees watch the biggest sporting event of the year at Wembley Stadium this afternoon

LONDON, April 24.—One hundred thousand people witnessed the biggest football event of the year when Bolton Wanderers defeated Manchester City in the final match of the English Cup series. It was played this afternoon at Wembley, the score being one goal to nothing.

Included in the hundred thousand people, which were drawn from all ranks of society was King George and members of the Royal Family, distinguished statesmen and society ladies. Excursion trains were run from almost every part of the island and numbers of people from Scotland and Wales helped to swell the crowds at the big stadium.

COMMISSIONERS TO VISIT HERE

West Will be Made in July Regard to Freight Rate Inquiry

VANCOUVER, April 24.—The Board of Railway Commissioners will visit British Columbia in the course of a Dominion-wide inquiry into the equalization of freight rates, according to G. G. Gieser, government counsel specializing in equalization of freight rates to British Columbia. The Board will visit Prince Rupert and other points while in the west.

The general revision of rates recently ordered by the Government with a view to equalization of existing anomalies and with the idea of making any general reduction.

Alaskan Takes First Ride in Auto at Nanaimo After Forty Years Away from Civilization

NANAIMO, April 24.—Oscar Ensign, for forty years a resident of Alaska without having been outside during the whole time, had his first ride in an automobile here yesterday, when he spent an hour in the city while the vessel, the Catherine D. of the Pacific American canneries, was bunkering en route to Seattle.

Ensign saw his first auto in Ketchikan but did not have a chance to ride in one. He says now he is out to enjoy himself. He had aboard the vessel \$7,000 worth of furs, which he will sell in Seattle.

In paying for the auto ride, the Alaskan produced several old American silver dollars, the most recent of which was minted in 1882. He is anticipating his first ride in a street car when he reaches Seattle.

Ten Thousand Welsh Miners Said to be Coming to B.C. is Reported in Parliament

OTTAWA, April 24.—J. S. Woodsworth, Labor member for Winnipeg, called attention of the House of Commons yesterday to a report appearing in the English newspapers to the effect that 10,000 Welsh miners were coming to Canada in connection with a scheme which would revolutionize coal mining in Canada.

"If the report is correct, have these men been informed of conditions in the Dominion?" Mr. Woodsworth asked.

The acting minister of immigration, Hon. Charles Stewart, replied that the government had no knowledge of the scheme but he promised to make inquiries and to take action if necessary.

Unfair Rates On The Railways.

Northern and Central British Columbia are suffering from unfair transportation rates just as much as they are in the south. We have been given a measure of relief as the result of efforts of John Oliver and others, but there is more coming to us yet.

The Daily News has said before and repeats it now that we are not worrying about just how high that rate shall be. If the Crow's Nest rate is not high enough to make carrying the grain profitable to the railways, let it be raised. All we ask is that Prince Rupert shall have just as good a rate, mile for mile as does Fort William. We are often told what an excellent railway grade we have to this coast and we know the climatic conditions are not unfavorable to operating a railway. Let us then have equal rates with the East.

We are often told we should not raise a sectional cry and try to set the West against the East. The way to cure the evil is to remove the injustice. We are not asking for favors like the Maritime provinces. All we ask is an even break with the others. If the Maritime provinces are given a very low rate, we shall ask for the same so that we shall not be under any handicap.

Every Place For Itself.

In this country it is a case of every man for himself and every place for itself. Here we want everything that is justly coming to us but we have never asked for anything which is not our due.

There are just two ways of removing the injustice under which we labor. One is to decrease the high rates and the other to increase the low.

Railway Commission To Visit This Port.

While Prince Rupert may not have any special plea more than they have at Vancouver, it seems as if it would be a good thing to secure a sitting of the commission here so that the objection may be registered as coming from this place. We all suffer from the discriminations and it would seem to be wise to place them as forcefully as possible before the powers that be, which in this case are the railway commissioners. The commission will visit this new port to see for themselves, if they have not already seen, what port facilities there are here and what a fine railway leads to it. Hon. Frank Oliver has never been here or at any rate not in recent years. He is a friend of ours and we should like to see him and let him see for himself that the railway leading to the port is even better than that leading to Vancouver.

Invite McGeer To Deliver An Address.

G. G. McGeer, K.C., is an excellent speaker and he knows railway rates from A to Z. It would be interesting to have him address a meeting of the Board of Trade or possibly a public meeting under their auspices on the freight rates question. Until the people become seized of the importance of this subject and get to a position where they can express themselves we shall have no change. We must be able to speak out and a public meeting could forward a resolution formulated along the lines of the demands being made. We all are in favor of lower freight rates but we do not all realize just what an important thing it is to this port, especially since the Wheat Pool has taken over the elevator.

MASQUERADE WAS SUCCESS

Boys' Band Will Benefit as Result of Fine Affair Held by Knights of Pythias

About 200 persons attended the masquerade ball held last evening in the Boston Hall under the auspices of Skeena Lodge No. 45, Knights of Pythias. There were a good number of costumes both novel and amusing and the prize winners were: Most original men's costume, Jack Cobb as a negro; most original ladies' costume, Mrs. J. Field as "Canadian History"; most comical ladies' costume, Mrs. L. C. Wilson as "Peter Pan"; most comical men's costume, F. O. Gole as a clown. The judges were John Bulger, J. McLellan, Ben Self, Mrs. E. A. Morgan and Miss Mary D. Sim. The Grand March, unmasking and presentation of prizes took place at midnight with the serving of refreshments following.

The affair, which proved most enjoyable, opened at 9 o'clock and closed at 2, music being by Arthur's Orchestra. Total receipts were about \$150 from which, after expenses are deducted, the proceeds will be turned over to the worthy cause of the Boys' Band.

The committee responsible for the success of the evening consisted of Mr. and Mrs. H. M. Blake, Mrs. T. J. Shenton, Mrs. G. W. Johnstone, Mrs. J. Rowatt, M. L. Stepp and J. McLellan. Mr. Stepp was master of ceremonies and Mr. McLellan presided at the door.

THE MAN IN THE MOON

WISHING for better times is all right but it does not help much.

THERE'S one advantage in getting married. It keeps you from being spoken of scornfully by married folks as "one of those old bachelors" or "just an old maid."

The Menace of Forest Fires

OUR forest industries rank second only to agriculture in importance. They employ thousands of men—they add \$500,000,000 annually to the nation's wealth—they help all Canada to prosper.

The assets of these vital industries are threatened by devastating forest fires, caused in nine cases out of ten by "fire outlaws"—careless campers, tourists, hunters and smokers. In 1925 the damage done totalled over \$6,600,000. In the past five years the toll was \$76,000,000.

Saving our forests is the duty of every Canadian. With the entire world facing a shortage of timber, Canada's forests are a source of untold

wealth, employment and prosperity. By preventing forest fires you add to the national revenue, and receive indirect benefits through improved business conditions.

The Dominion and Provincial Governments and business organizations which suffer by this wastage are co-operating in a preventive and educational campaign to save Canada's woodland heritage. To make this program effective they ask your support in reducing the fire hazard. You can help by extinguishing all camp fires—by throwing away no lighted match or cigarette—and by exercising unremitting care when burning slash or debris in or near the forest.

EDUCATIONAL ACTIVITY OF FORESTRY OFFICIALS

Addresses Delivered at Schools by R. H. Leighton and Trevor Clark on Forest Protection

The officials of the forestry department have been busy this week. Monday R. H. Leighton and Trevor Clark addressed the pupils of Annunciation School and Seal Cove schools. Tuesday Mr. Clark spoke to the pupils of Booth School and Mr. Leighton those of Borden Street School. Yesterday the work was completed with an address by Mr. Leighton at King Edward High School.

In the address of Mr. Leighton this week at the Rotary Club it was reported that each ranger patrolled over a thousand acres but it should have been over a thousand square miles.

In The Letter Box

POLICING OF CITY.

Editor Daily News. The agreement entered into by the city and provincial government whereby the government undertakes to police our city for twelve months for \$10,000, this amount is for salaries for officers only, the city to bear all other expenses pertaining to the department of justice.

It cost the city for its police officers during 1925 \$11,025.00. The city received \$8,282.00 in fines. The government will take half the fines under their agreement. On last year's results it will amount to \$1,141.00. Therefore it will cost the city \$3,116.00 more under our new agreement.

Our council gives their reason for a change to a saving in expenses. If that is the case a serious mistake has been made. It is up to our mayor to refer this matter back for their consideration. As a ratepayer and a citizen of Prince Rupert I disagree with the council's policy.

Such a serious question should have been referred to the ratepayers with our other bylaws on the 29th for their approval or disapproval.

BIRTHDAY PARTY FOR SEVEN YEAR OLD LAD

Walter Graham Remembered by Many Young Friends on Seventh Anniversary

A birthday party was held yesterday afternoon at the family home, 210 Sixth Ave. East to celebrate the natal anniversary of seven year old Walter Graham.

The afternoon and evening was spent in games and music. The tea-table was prettily decorated in pink and white with a three tier birthday cake in the centre. Mrs. Graham assisted by her daughters, Mrs. A. McDonald and Mrs. R. Arthur, Jr., served refreshments and ices.

Walter was the recipient of many gifts from his little friends. Those present were Bobbie El-

kins, Albert Love, Helen McDonald, Harold Ivarson, Tait Arthur, Harry Lundquist, Arthur, Alex McDonald and Ernest Parsons.

FALLING OFF IN WHEAT SHIPMENTS THIS WEEK

Only Five Vessels Took on Cargo at Vancouver for World Ports

VANCOUVER, B.C., April 20.—There was a falling off in wheat shipments this week, partly to the difficulty in securing bottoms. Among vessels loading here were as follows: Gossu Maru for Yokohama 833 bushels, for Moji 162,000 bushels.

Taiyu for Shanghai 257,500 bushels.

Dietator for London 37,500 bushels, for Liverpool 93,500 bushels.

Loch Katrine for Rotterdam 64,764, for Liverpool 18,666, for London 84,568 bushels.

Benmoir for Antwerp 243,500 bushels.

FOX FARMING FOR DISTRICT

Leonard D. Mackenzie of Prince Edward Island Visiting City and May Start Industry

Taking preparatory steps toward the establishment later this season of at least one fox ranch along the line of the Canadian National Railway east of Prince Rupert, Leonard D. Mackenzie of Prince Edward Island, one of Canada's most prominent fox breeders, president of the Magic Silver Black Fox Co. of Prince Edward Island and director of the Canadian National Fox Breeders' Association of Ottawa, has been a visitor in the city for the past few days.

Mr. Mackenzie, in conversation with a Daily News representative this morning, expressed his opinion that there was a great future for the fox farming industry not

only in this district but in the province as a whole. The farms he proposes to establish in this district will be stocked with Magic silver black foxes of registered pedigree. Mr. Mackenzie specializes in and controls this strain, which has won more prizes than any other strain in the world. He is the owner of the world's champion female silver black fox which he has in the East. The foxes will be brought here from Prince Edward Island and Nova Scotia farms.

Mr. Mackenzie has already become interested in the southern part of the province and near Chilliwack established a 32 acre farm which now has 100 pairs of foxes and in which there is an investment of \$100,000. It is the custom of Mr. Mackenzie, after establishing the farms, to turn them over to local interests, retaining interest in them, however, and making frequent trips to supervise their conduct. Beside Chilliwack, Mr. Mackenzie has establishments in the neighborhood of Victoria and he expects to place a large number of foxes in British Columbia this year.

Mr. Mackenzie, who arrived from the south on Wednesday and has been the guest of his sister, Mrs. G. A. Woodland of this city, will leave on tonight's train for Truro, Nova Scotia, and expects to return to the city in August to further advance plans for farms in this district.

Plenty of Cheap Substitutes—only one Alabastine

Alabastine

SINCE Alabastine—the beautiful interior wall finish—was offered to the public many years ago, numerous cheap substitutes have been placed on the market. These substitutes are inferior in every way. They are not as sanitary, as easy to use, as wearable or as attractive as Alabastine.

The only way to get satisfaction is to ask for Alabastine by name and to see that the dealer gives it to you.

Alabastine is the only interior wall finish that will not rub off—that can be mixed with hot or cold water—that is sanitary and beautiful—that is low-priced yet of highest quality—that can be quickly, easily and inexpensively applied—that has 21 beautiful tints—that is more cleanly and economical than wall paper or paint. Send for free stencil catalogue and booklet "Homes Healthful and Beautiful."

ANNIVERSARY OF ST. GEORGE

Whist Drive and Dance Held in Metropole Hall Last Night; Cup Presentations

St. George's Day, the anniversary of England's patron saint, was fittingly celebrated at a whist drive and dance held last night in the Metropole Hall under the auspices of the Daughters and Maids of England, assisted by the Sons of England. There were about 150 persons present and the affair proved one of much enjoyment.

Playing of cards started at 8.30 and concluded at 11, the winners being as follows: Ladies' first, Mrs. R. Murray; ladies' second, Mrs. W. Davies; ladies' consolation, Mrs. S. V. Reith; men's first, Joe Howe; men's second, J. M. Campbell; men's consolation, Ben Johnson. There were 31 tables of whist.

Significance of Day

During the serving of refreshments, Rev. Walter Allen spoke briefly on the significance of St. George's Day informing the gathering, in the course of his remarks, that there would be a meeting on Wednesday next at the St. Regis Cafe for the purpose of organizing a St. George's Society.

Following Mr. Allen, Mayor Newton, president of the Whist League, presented various trophies won during the recent league season. The Dybhan Cup, emblematic of city championship, was received by Jock Watson on behalf of the St. Andrew's Society. The Newton Cup for the running up team, won by the Daughters and Maids of England, was received by Mrs. Jos. Howe, captain of the team. Cups for highest individual averages were presented to Mrs. David Wilton and Jock Watson.

Closed With Dancing

Dancing followed, music being furnished by Miss Currie's orchestra. The prize for the best waiting couple was won by Mr. and Mrs. Norrington. The judges were Jack Cobb and S. V. Reith. Masters of ceremonies for the evening were D. Wilton for whist and S. V. Reith for dancing. The committee in charge consisted of Mrs. Joe Howe (convener), Mrs. Walter Shaw, Mrs. George Leek, Mrs. F. Piper, Mrs. H. Grimwood, Mrs. Brewerton, Mrs. Tuck, Mrs. Hills, Mrs. Henry Smith, Mrs. Whalman Sr., Jos. Howe, with Henry Smith presiding at the door.

SURPRISE PARTY FOR ALEX. RIX AND A DOUBLE SHOWER

Enjoyable Time Spent at Home of Mr. and Mrs. George Rorie With Prospective Groom as Honor Guest

Alex. Rix was last night surprised by a group of his girl friends at the home of Mr. and Mrs. George Rorie. He had been there to dinner and after the meal a number of fair damsels burst in, laden with a huge box of groceries sufficient to stock up the cupboard for the first month of his housekeeping career. The box was suitably decorated and much merriment followed, during which the recipient was required to make a speech of thanks.

Scarcely had Mr. Rix recovered from the shock of the first surprise, when a second group burst in on him with a shower of personal articles, the opening of which and the reading of the inscriptions therewith entertained the group for half an hour. This necessitated another speech from the prospective groom who is to be married in the near future to Miss Phyllis Ray of Vancouver.

The young people then cleared the floor and engaged in dancing and singing until past midnight, refreshments being served by Mrs. Rorie and her daughter Nancy during the evening. Those present were Misses Bernice Palmer, Muriel Collison, Dorothy Tremayne, Pete Tremayne, Alice Pillsbury, Tot Irwin, Gertrude Mackenzie, Nancy Rorie, Florence Aitchison, Elanda Marsh and Mrs. Trevor Clark; Messrs. Harold Thompson, William Watts, George Rorie Jr., Rev. Walter Allen, Richmond Mortimer, H. F. Pullen, Arthur Sharpe, James Farquhar, James Palmer and Val. Tomlinson.

Archie Beatty, who was in town at the end of the week from Lowe Inlet, returned there on the Catala this afternoon.

FREE AT LAST OF KIDNEY TROUBLE

ILLNESS ENDED BY "FRUIT-A-TIVES"

"I have been troubled for some years with dyspepsia, liver trouble and kidney trouble, from which it was impossible to get relief until I started taking "Fruit-a-tives", which had been recommended to me by a relative. Before taking this wonderful Fruit Juice remedy it was impossible to carry out my daily work, but now, thanks to "Fruit-a-tives," I am free from those ailments, and able to do my household duties without pain or fatigue."—Mrs. Thomas Evans, R. R. No. 1, Everett, Ont.

The remarkable medicine, "Fruit-a-tives," made from intensified fruit juices and tonics, has more than 20 years of success to recommend it. It can always be depended upon to give positive relief from pain in the Back, Rheumatism, Lumbago, Neuralgia and Headaches, which are due to improper action of the kidneys, stomach and bowels. WATERFRONT WHIFFS

An old landmark to disappear --- attempt to salvage Reef Bay proves unsuccessful--- halibut arrivals not so high

One of the old landmarks of the waterfront is shortly to disappear in the former river boat Hazelton which has been used for the past fifteen years as the headquarters of the Prince Rupert Rowing and Yacht Club. The structure having outlived its usefulness and having actually become a menace, it was decided by the club executive at a meeting this week to accept an offer of J. Suga to remove it for what he can get out of it. Work of taking the old structure out of its present location will start about May 15.

As a temporary expedient pending the carrying out of the Yacht Club's permanent building project when the waterfront question is settled, an addition will be made to the present caretaker's premises to provide storage room.

At the meeting this week, the club decided to purchase new flags—a Union Jack and pennant—and three new members were elected—William Watts, W. E. Fisher and Alfred Steinert.

Operations with a view to salvaging the big fish packer Reef Bay, which recently sank, were carried out unsuccessfully at the early part of the week in the vicinity of Lawyer Island, by Bert Frankfort, superintendent of the B.C. Salvage and Dredging Co., and Diver O. Zess. The power boats Pachena and "28" were used in dragging the bottom with 1500 feet of cable but not a trace of the sunken vessel was found so the work was abandoned and thus "finis" is written to the Reef Bay's career. It is understood that insurance settlement was made in full to Ed. Jean and associates in connection with the loss of their vessel.

While in the city, Diver Zess went down at the government wharf and recovered in quick time a valuable block that had been accidentally dropped overboard by John Currie & Son, the contractors for the wharf reconstruction.

Work of giving the Prince Rupert Boat-house power boat "23" her annual overhaul in preparation for the opening of the Salt Lake swimming season started yesterday. It is being done at the dry dock by Laurie Lambly, skipper of the boat, who expects to have her engine down and up again with valves re-ground and painting done by May 1.

Dated the 20th day of April, A.D. 1926.

in the throes of grief over the loss of Paddy II, the pup newly arrived from Cedarvale. During a sane moment from the paroxysms of grief, "Doc" thought a bright thought, a thought that he should have thought of before. Said thought was to insert his tribulation in the "lost" column of the Daily News. Hardly was the day's paper off the press and almost before the ink had time to dry, "Doc" received news that Paddy II was safe and well. The youthful canine had strayed along the government wharf to the Pacific Fisheries plant where he was taken under the kindly wing of Lance Styles and given a home until it could be found where he rightfully belonged. So "Doc" is happy in the re-possession of his pothound and the boys are wondering what the next excitement will be.

The movement of trollers to the grounds was on in full force against this week, about a dozen boats having left Cow Bay on Thursday after being tied up for several days on account of rough weather outside. Capt. Kohrt got away early in the week for the west coast of Queen Charlotte Islands as did Alex. Wylie on the Koyousu and Wilson McKinnon. Spring salmon has been arriving steadily on the Exchange during the week, the prices running above 17c for reds and 3c for whites.

New buildings are being erected at Seal Cove for E. Cavenaile and E. Hannon. The former is putting up a building that will be used for a restaurant and the latter, a store.

Chris Elkins, president of the Swimming Club, made a trip of inspection to the Salt Lakes on Thursday, being taken across the harbor by R. E. Benson. Mr. Elkins' trip was in preparation for the calling at an early date of the Swimming Club's annual meeting.

Harold Carlson is repairing his trolling boat Balder at Oona River and is installing an 8 h.p. Easthope engine in the vessel.

The speed boat Echo, recently sold by W. Mack to Oscar Hansen, was given a trial spin on the harbor on Thursday by her new owner and is reported to have behaved beautifully. The vessel recently had a sinking episode in Cow Bay but, now that repairs have been completed, she seems to be little the worse of wear.

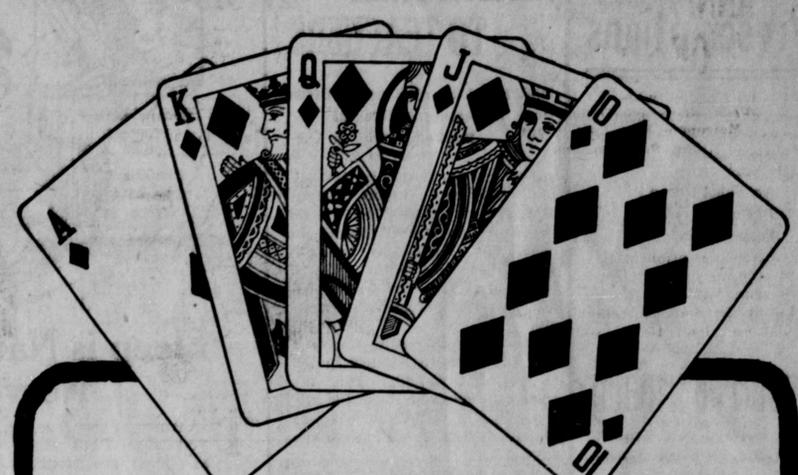

It will be sad news to the patrons of the free lumber yards that Frank Hart visited the waterfront during the week and found that the boards have been disappearing in such alarming quantities from his pile in Cow Bay that it has been deemed advisable to move it to various parts of the city where Mr. Hart plans to use it in new house construction. The lumber in question was that which was used in the false work of the elevator construction and was purchased last fall by Mr. Hart from the contractors. He sold a good quantity of it and expects to use

Leases an Island

George Kerr of meat mangling fame has received from the provincial government a lease on Zayas Island near the Dundas group. It is the ultimate intention of Mr. Kerr to use the island, which contains some 3,800 acres of land, for stock grazing purposes.

It comes from no less a personage than Bill Goldbloom, whose word is as good as his bond when his credit is good at the bank that A. T. Eckoff, his contemporary, did not live up to the traditions of the Ancient and Honorable Order of Fur Skippers during the recent episode at Bonilla Island when the latter lost his gasoline cruiser and, according to report, \$3,100 in cash and some \$1,600 worth of skins. Mr. Eckoff also lost his nerve in the trivial matter of whether or not he should blow his brains out. This was not playing the game, says Bill. A member of the A.H.O.F.S. should never lose his nerve no matter whether the business in hand be blowing out his brains, making a silver fox out of a catskin or vice versa or swapping a bottle of hooch with a Siwash for a beaver pelt.

An attempt is being made this week to salvage Mr. Eckoff's boat, the Leneish.

Halibut landings here for a week (Saturday to Friday inclusive) did not come up in volume to the two weeks preceding. A total of 605,700 pounds was landed, 469,500 pounds from American vessels and 136,200 pounds from Canadian. This brings the total for the season to date to 6,365,750 pounds, 4,837,100 pounds from American bottoms and 1,528,650 pounds from Canadians. Prices were satisfactory, ranging from 12c to 17c for first class and from 6c to 8c for second, the Americans as usual getting the advantage for first class while Canadians got a slight advantage in the bidding for seconds.

Boats landing catches during the week were as follows:
American—Hogeland, 40,000; Forward, 15,000; Constitution, 30,000; Tahoma, 17,000; Brothers, 11,000; Atlantic, 22,000; Bonanza, 12,000; Yaquina, 10,000; Seattle, 35,000; Pioneer, 25,000; Senator, 23,000; Prosperity, 12,000; Majestic, 24,000; Western, 16,000; Valorous, 11,000; Atlas, 34,000; E. Neilson, 7,000; Paragon, 11,000; Democrat, 22,000; Betty, 9,500; Lituya, 25,000; Sunset, 28,000.
Canadian—P. Dorreen, 7,000; Fisher, 7,000; Mayflower, 4,000; Toodie, 3,000; Rose Spit, 17,000; Verna, 3,500; Bingo, 6,000; Athi, 7,500; Mab, 2,500; H. and R., 3,000; Scrub, 6,000; Kobe, 1,200; Torberg, 3,500; R.W., 5,000; Minnie V., 4,000; Muirneag, 10,000; Marguerite, 33,000; Helen, 3,000.

HEALTH TALK TO TEACHERS

Miss Harrison of Hospital Gives Interesting Address at Booth School

The regular monthly meeting of the Prince Rupert Parent Teachers' Association took place in the Auditorium of the Booth School on Wednesday evening. The president, Mrs. Arnot, was in the chair and there was a good attendance of parents and teachers.

The secretary's report showed that there was a balance in the treasury of \$74.83. This included the proceeds from the sale of candy put on at the different schools before the Easter holidays.

Mrs. Donald Ross, for whom Mrs. S. D. Johnston played the accompaniments, sang "Within the Garden of my Heart," and delighted the audience even more with "Rain."

After a little community singing in which the "community" surprised themselves, Miss Harrison, R.N., matron of the Prince Rupert Hospital, gave an extremely interesting and thought-compelling address on "Health in Education, and Education in Health."

Sleep is Nature's Nerve Restorer

"THAT may be very true," you say, "but that is just the trouble I cannot sleep."

And that is just why we are going to tell you about Dr. Chase's Nerve Food, which is generally conceded to be the greatest of nerve restoratives.

It is not a sleep producer in the sense of being a narcotic. But it does naturally and gradually restore the worn-out nervous system and in a few days you find yourself enjoying sound, restful sleep.

Sleeplessness is, perhaps, the most outstanding symptom of nervous exhaustion. Without sleep there is no chance of replacing at night the nerve force used up during the day in the activities of life.

Without such aid as Dr. Chase's Nerve Food affords you are doomed to physical bankruptcy.

By using this treatment and taking as much rest as possible you will very soon find yourself on the highway to health. But a little patience is necessary. A condition which has been years in developing cannot be overcome in a day. Of one thing you can be certain and that is that with each dose of the nerve food you are supplying to the blood and nerves the elements of nature which are essential for the restoration of the human system. Dr. Chase's Nerve Food, 60 cts., all dealers or The Dr. A. W. Chase Medicine Co., Limited, Toronto 2, Canada.

of health, the speaker pointed out that health was not an end in itself. The best conception is that in acquiring and maintaining health we get the highest possible enjoyment out of life. It shows itself in service to others and the ability to meet the needs of everyday life and deal with them.

A mistaken idea of the economic demands of the times often results in injury to health. Success in life is not more important than health, nor is service more important. The forcing of children into professions for which they are not equipped, but which promise a measure of so-called success is often nothing short of a tragedy.

Food a Factor
Health depends on the right kind and proper amount of food, exercise and the formation of careful habits. People should

MAJOR SAW WHALE AND FEARED FINS MONSTER OF DEEP

R. J. Burde Able to Make Close Inspection of Sperm Whale from Gasboat in Pacific Ocean

ALBERNI, April 24.—Major R. J. Burde, making his bi-annual tour of the West Coast of his constituency during the last week had an exciting experience in a gas boat. Making the fifty mile stretch southbound from Nootka Cannery to Clayoquot in the Goodlad Bros.' trolling boat Beauty, the weather being favorable, the outside direct passage was taken, making the course about ten miles off-shore out in the open Pacific.

When twenty miles out from Clayoquot a large whale was sighted leisurely sporting itself on the surface a quarter of a mile seaward. The Major, anxious for a close-up, requested the helmsman to head in the direction of the monster, when hardly had the little gasboat turned when an exceptionally large bull sperm whale suddenly emerged only fifty yards from the boat. It spouted a column of water twenty feet in the air, then apparently suddenly sighted the boat and lashed its tail viciously and disappeared beneath the waves.

One can imagine the Major's feelings for the few minutes to follow as to whether and where the monster would come up again, for it was more than twice the length of the gasboat. While it was on the surface so close was it that those aboard could not only easily discern the peculiar markings of the whale, but could plainly see masses of barnacles upon its back.

SPORT CHAT

With two brand new teams, at least as far as names go, in the field and the third team having made its initial appearance only last year, there will be a new shuffle in the local football deck when the season opens on May 14 with the first game in the Stuart Shield series and the deal should cause a good deal of interest in this popular outside sport. While the organizations are new, the players of past years who are left in the city, with few exceptions, will again be found on the field and there will be the usual smattering of new blood. At this date, it would be hard to predict who may come out on top as the season advances and the various trophies are contended for. The Moose, Grand Terminal Club and Cold Storage are the only teams so far enrolled although in some quarters there seems to be a feeling that the Great War Veterans may yet get in the game before the season is far advanced. The Vets have not yet notified the league definitely of their intentions.

With the first shoot of the North B.C. Regiment Rifle Association on the McNicholl Creek range dated for Sunday, May 2, and the Prince Rupert Gun Club preparing for the opening of the Park Avenue trap-shooting range next week, the marksmen of the city will soon be engaged in the season's competitions. Members of the Gun Club turned out on Thursday afternoon at Park Avenue and did some fixing up of the traps after which a few rounds of ammunition were cracked off in practice. The annual meeting of the Gun Club will be called, it is expected, in the course of the next few days. Dr. E. S. Tait is the president and Jack Keefe, the secretary.

The opening baseball game of the season at Hazelton was played last Saturday between a white team of Hazelton and a native aggregation from Glen Vowell. It was a snappy and interesting match which the whites won by a score of 12 to 10. "The result," says the Omiceca Herald, "the Indians believe was due to a bum decision of Umpire C. W. Dawson. He will be pretty careful in future because the natives have learned the gentle art of razzing 'His Umps' and Bud wants to keep his scalp even though there is no hair on it and few natives would care to wear it as an ornament."

"Why is mother rolling up her sleeves?"
"To punish Mame for rolling down her stockings."
