BRITISH GOVERNMENT AND LABOR CLASH

STRIKE OF EMPLOYEES OF NEW YORK SUBWAY COMMENCED AT MIDNIGHT

Emergency Regulations Continued in Britain; Government Criticized

Railwaymen object to British Government's handling of coal dispute and Baldwin characterized as dangerous hypocrite

LONDON, July 6.—The House of Commons sat until five o'clock this morning discussing the Government's motion to continue the emergency regulations which were made effective at the beginning of the coal strike, the motion being finally carried by 181 to 64 after strenuous Labor opposition.

In the course of the debate the Home Secretary said one reason for maintaining the regulations was to enable the government to keep track of the financial communications between Russia and the British trade unions. The government was severely criticized yesterday at the opening of the session of the annual conference of the national association of railwaymen over the handling of the coal dispute, President Bobbie characterizing Premier Baldwin as a dangerous hypocrite, a man of peace always engaged in fighting the workers.

LOST HIS LIFE SAVING WOMAN

Samuel Price, a Canadian Civil Engineer, Drowned in Lake Union When Boating.

SEATTLE, July 6.—Samuel L. Price Jr., Canadian civil engineer, visiting here over the Fourth of July holiday, was drowned in the waters of Lake Union when making a heroic effort to save from drowning the wife of his friend, Fred Green. The small boat in which the three were out was capsized by the wash of a speed boat. Price could not swim but he managed to hold the head of Mrs. Green above water until rescued, when he sank below the surface. The body was recovered.

POSSESSION OF ILLEGAL NOTES

Young Men From Calgary Pleaded Guilty and Were Sentenced Today.

VICTORIA, July 6.—Fred Barrill and Reginald Garrett, formerly of Calgary, were arrested Friday, charged with possession of \$15,000 in counterfeit Bank of Montreal notes. They pleaded guilty yesterday afternoon in the police court and were remanded until today for sentence.

Barrill, who is said to be subject to epileptic fits, collapsed in the prisoner's dock before the case was called.

Six Years in Pen.

VICTORIA, July 6.—Fred Barrill and Reginald Garrett, were each sentenced to six years in the penitentiary.

CLIMBERS FAIL TO SCALE PEAK

Fail on Bute Inlet Mountain and Almost Starve

VANCOUVER, July 6.—Repulsed by British Columbia's 13,000 foot "mystery" peak without sight of tidewater on Bute Inlet, 150 miles from Vancouver, members of the Alpine Club expedition which reached an altitude of 10,000 feet on June 21, returned to the city today. They reported that they were almost faced with starvation on the return trip.

Four Courts, Dublin, which suffered terribly in Easter week of 1916. This shows the new dome replacing that which was then destroyed.

Subway Strike at New York Began at Midnight but Rush Traffic Will Be Handled Today

NEW YORK, July 6.—Train crews on the Interborough Rapid Transit, New York's principal subway system, struck at midnight for higher wages and nine hours.

Later this morning little progress had been made in moving the five million passengers carried daily.

The company officials say they expect to be able to furnish a skeleton service during the day and are making plans to handle the rush traffic this evening.

Elevated busses and railways are not affected by the strike. No disorders are reported, but to provide against emergency 7,000 police have been assigned to strategic traffic points.

BYNG'S ACTION IS CRITICIZED IN OLD COUNTRY

LONDON, July 6.—England is discussing the question of the constitutionality of Governor Byng's action in refusing dissolution to Premier Mackenzie King and granting it a few days later to the Conservative leader, Premier Meighen. Even Conservatives admit that it was, for say the least, a tactical mistake. Had King George taken such action in Britain he would have laid himself open to criticism.

WHO ADVISED LORD BYNG?

Report in London that Hon. L. C. Amery Influenced Governor on Canadian Policy

LONDON, July 6.—The Evening Standard in an editorial article commenting on the Canadian political situation makes the point that the governor general of Canada are in effect selected by the Dominion. The Dominion office submits the names to the Dominion Parliament, although the latter is not bound to accept any of these names, the Standard continues: Viscount Willingdon, who arrived here Sunday from China, brought from outside such lists. The Standard adds: "There is, we hope, no truth in the suggestion that Hon. L. C. Amery, secretary for the Dominions, influenced Lord Byng's decision on dissolution. This rumor was certainly circulating here over the week end although not the slightest tangible foundation for the same has transpired."

GUTHRIE SAYS ALL REGULAR

Action of Mr. Meighen Quite Constitutional Throughout and Following Precedent.

OTTAWA, July 6.—"As respects the complaint of Ex-Premier King about the manner of dissolution of Parliament, it may be stated that the forms and procedure used were precisely the same as those prepared and proposed by Mr. King himself just four days previously, when he himself sought dissolution of Parliament." This declaration was made in a statement issued yesterday by Hon. Hugh Guthrie, acting minister of justice.

"The effect of the dissolution on pending legislation and supplies would be in effect had Mr. King secured dissolution on the previous Monday," said Mr. Guthrie. "All the steps taken by Mr. Meighen after he was summoned by the governor general are in strict accordance with established precedents and forms in the office of the privy council of Canada. There was not a slight variation in the established custom in this respect. The appointment of acting ministers was without the slightest variation."

TO NOMINATE ON JULY 22

Conservatives Call Convention to Choose Candidate for Forthcoming Federal Contest.

The Conservatives of Skeena riding will hold a nominating convention on July 22 for the purpose of choosing a candidate to contest the constituency in the forthcoming federal election, it was decided at a meeting of the executive of the local Conservative Association which was held last evening. D. C. Stuart, president of the Association, was in the chair and W. W. Wright acted as secretary. There will be a general meeting of the association on July 20 to appoint delegates and possibly instruct them.

As yet there does not seem to be anyone definitely in the field for the Conservative nomination. Among the names being mentioned are those of G. G. Bushby, who unsuccessfully represented the Conservatives in the last election; Principal J. C. Brady; and D. C. Stuart, president of the local association. It is possible, however, that a man from the district might land the nomination.

SALMON RUN HAS IMPROVED

There was considerable improvement in the salmon run of the Skeena River at the end of the week.

The big boat on the river yesterday was 100 sockeye with the average about 69. Spring salmon are running better than they have been since the season opened, the boats averaging 500 pounds.

There are 1975 gill nets now in operation on the Skeena River and 290 on the Naas.

During the past week, there were eleven convictions on the Skeena river for violations of the fishing regulations—seven of the offenders being white and four, Japanese.

BOATS DRIFT OUT TO SEA

Storm Catches Launches on West Coast of Alaska When Off For Holiday.

CORDOVA, July 6.—Four persons were reported last night to be drifting to sea in two small gas boats. They left Katalla, forty miles south of here for Cordova, to celebrate the Fourth of July holiday. Running into a storm at the mouth of the Copper River they were driven southward. They boats carried George Filton and Frank Thomas and two others. Thomas' vessel had engine trouble.

LOGGER WAS KILLED BY A FALLING SNAG

ALERT BAY, July 6.—Struck by a falling snag during logging operations at Gall Creek, James Burns, 40 years of age, died a few hours later while being brought here in a gas boat.

CREAM BONUS TO FARMERS

Encouragement Given to People in Lakes Country to Ship to Vanderhoof Creamery.

Arrangements were made recently by the department of agriculture by which a bonus was given the producers of cream in the Lakes district in shipping their cream to the Vanderhoof creamery. This places them on an equality with other cream producers and will tend to increase the production until they are in a position to sustain a creamery in their own district.

The allowance is based on the amount of butter fat and is graduated according to the distance from the station at Burns Lake, to which point the cream is delivered for shipment to Vanderhoof.

RAILWAYMEN BACK THOMAS

Overwhelming Vote of Confidence in General Secretary at Annual Meeting.

WEYMOUTH, Eng., July 6.—Following the introduction and discussion of several resolutions censuring J. H. Thomas, general secretary, the annual meeting of the national union of railwaymen voted overwhelmingly their confidence in his conduct during the general strike.

Thomas expressed himself freely during the strike as opposed to the action taken.

CAPT. WILKINS IS RETURNING

Says He Will Be Back in Alaska Soon to Make Test Flights Preparatory to Resumption.

SEWARD, July 6.—Captain George Wilkins, who led the Detroit Arctic expedition in unsuccessful attempts to find land to the north of Alaska, declared in passing through here yesterday en route to Detroit that he expected to return to Alaska within two months to conduct test flights preparatory to resumption of the undertaking.

**Election Fight
 is Under Way.**

The election fight is getting under way and every day will see some political move made by leaders of the party or someone interested in the success of one or other of the parties. Before the election campaign is over we shall all tire of it and be glad for it to end, but in the meantime it is the duty of every voter to inform himself in regard to the policies and records of those seeking support. Because of that, this paper will give a great deal of space to political news and to the discussion of policies, with particular reference to the present condition of the country and what may be expected as a result of the election. No apologies are needed for doing this.

**Dangerous Action
 of Governor General.**

The action taken by Governor Byng in refusing to take the advice of his constituted minister involves him in the campaign. His action has become an issue and it will be for the people to decide whether they consider he did right or not. If they think him right they will vote for the Conservative candidate and if wrong they will poll their vote Liberal.

Many people are influenced in their opinion on this subject by party bias. As a newspaperman said the other day when discussing it: "I naturally believe the Governor was right because his action favored the party that I am supporting."

Many voters will take a wholly independent attitude and will consider the question on its merits, and it is to be hoped they will see the danger of allowing a Governor to take such action. The moment the King's representative is allowed to act on his own initiative, the power is taken from the representatives of the people and a precedent established that is likely to lead to further abuse of power. Such action is dangerous. It is the beginning of what may develop into a Mussolini movement.

**Land Settlement
 in This Country.**

The settlement of the land in the valleys contiguous to the Canadian National Railway is a problem that is worthy of a good deal of attention. It is one that is often discussed any many are the opinions held in regard thereto.

The first action to take is to make the condition of the farmers now located there so good that others will be glad to follow their example. That is being done, or rather it should be said the farmers themselves are doing it. And after all the only kind of help that amounts to permanent benefit is self-help.

Just now the farmers are helping themselves by growing timothy seed instead of hay. They are adapting themselves to the conditions that obtain. True, they were helped by the government departmental officials and by the provision by the Provincial Government of seed cleaning machines, but that would have been useless if the farmers themselves had not taken action.

**Many Are Living
 Off Their Farms.**

Many farmers in the interior are today making a living from their farms instead of squatting on them and getting their living from outside sources. They raise enough farm produce of various kinds to enable them to purchase such things as are needed, including motor cars and gas, and they may be spoken of as successful men. They may not have much spare cash, but they have plenty to eat and wear, with healthy living conditions, which is more than many of us today who live in the cities can boast of.

**Cities May Aid
 in Development.**

Prince Rupert has always shown a disposition to co-operate with the outside districts in their development. This spirit was also noticed at Edmonton recently. The Edmonton Board of Trade is spending a lot of money in trying to attract settlers for the land. They are meeting with some success and the result is that the city is growing and the people prosperous.

**TWO THOUSAND
 IMMIGRANTS**

This Many Reach Canada and Are
 Destined for Farm Life.

MONTREAL, July 6.—Arrivals of new settlers and agricultural workers entering the Dominion at Atlantic ports and afterwards proceeding to their destinations over the lines of the Canadian National Railways to the number of 1,543 landed at Quebec and 433 at Halifax.

On the White Star liner Regina, docking at Quebec, 384 third class passengers were practically all destined for the land. Of the total 150 were farm workers from selected continental countries secured through the overseas offices of the department of colonization and natural resources of the C. N. R. The group is for placement on farms in the prairie provinces and work is assured for every man in the party.

On board the Cunarder Aulonia, 679 third class passengers landed at Quebec. Of this number 350 were single men farm workers from European countries who are going west to take up land in Manitoba, Saskatchewan and Alberta.

The Anchor Donaldson liner Athenia brought 483 British third class passengers, a party of 55, including some boys brought out by the Ontario government immigration service being included. A group of six British families totalling 30 individuals is destined for farm life.

Two boats docked at Halifax during the week-end, the White Star liner Arabic with 256 passengers and the Baltic American liner Litunia with 177. These are all going to Canadian farms and with those from Quebec are traveling as special movements over the lines of the C. N. R.

**RADIO WILL
 WORK BETTER**

Source of Local Interference is
 Discovered By Visiting
 Inspector.

A. L. Gray, radio inspector for the Department of Marine and Fisheries has been in Prince Rupert for the past five days endeavoring to locate and eliminate the interference which has been more or less prevalent for a considerable time.

After an exhaustive test of all electrical equipment in town the radio inspector was successful in locating the source of the trouble. In his investigations he was accompanied by J. J. Little, superintendent of public utilities.

Mr. Gray pays a high tribute to the excellent co-operation extended him by Mr. Little. During a temporary shut-down of the light and power supply from the hydro-electric plant at the lake on Sunday morning, the investigators were on the job as early as four o'clock to take advantage of the situation created by the dead power lines. As each section of the power supply was switched on careful observations were made on a super-heterodyne receiver at Parkin and Ward's, and in this way Messrs. Gray and Little were able to definitely locate the source of the interference.

Sunday afternoon was spent in installing suitable apparatus to eliminate the noise without interfering with the normal operation of the apparatus. The radio inspector would like to take this opportunity, on behalf of the Department of Marine and Fisheries to remind listeners, in that all receiving sets must be licensed. Every dollar received from the sale of licenses is paid out again in the interests of broadcast reception generally and the elimination of inductive interference in particular.

**HAZELTON FLOWERS
 ARE IN EVIDENCE ON
 ALL C. N. R. TRAINS**

Horticultural Society Donates
 Supply Daily to Dining Car
 on Railway

The Hazelton Horticultural Society has resumed its voluntary duty of supplying the Canadian National passenger trains with cut flowers for the dining tables during the tourist season. As the trains arrive in the early morning, some member of the

association delivers to the conductor eight bunches of what-over blooms happen to be in season at the time. Sunday morning sweet peas of fine quality and great fragrance cheered the weary passengers and made the tables bright and pleasant. To each bouquet was attached a ticket telling that these were supplied by the society and drawing attention to the "Garden spot of the mountains," with its big game hunting, fishing, mountain climbing, historical sites, Indian totems, agricultural lands, beautiful gardens, ideal climate and unsurpassed scenery. They also advertise in this way the annual flower show.

IT'S easy to buy most things with a dollar down and a dollar a week but if that's all you can do for the girl she will turn the deal down flat.

THE political game is being played.

And the voters are the chips. They are scrambled and thrown, like bits of bone.

As the party heads come to grips.

IT'S satisfying to think Amundsen is not going to make another effort to reach the poles. If

The list of officers was published previously. M. L. Stepp is the chancellor commander.

One of the pleasing features of the recent visit of the editor of this paper to the interior recently was that everywhere he went he saw copies of the Daily News being read. This was particularly true at Smithers and neighborhood. People were watching the trains at other places in order to get copies from the news vendor. It was usually the only paper available giving the latest telegraphic and local news. Even on the train coming into the city a dozen or more copies were sold of the previous day's issue.

PRESENTATION MADE TO CAPTAIN A. KENNY

Headquarters of Salvation Army Scene of Happy Gathering Last Evening.

A presentation was made last evening at the Salvation Army headquarters to Captain A. Kenny, who is leaving to take charge of the native work at Juneau. The young people gathered for a social hour and community singing, after which refreshments were served. During the evening Sister E. McQuat, on behalf of the scouts and guards and friends of the corps, handed Captain Kenny a neat little wrist watch as a token of appreciation of her services here. Special mention was made of the work she had done and particularly in connection with social and nursing cases.

Sunday night a large crowd gathered for the farewell services, the theme of the service being "True Patriotism." During the service Brother Martin and Sister E. Griffiths spoke on behalf of the corps, Edward Harman and Sister E. Leek for the scouts and guards and R. T. Carlyle for the Junior corps.

REGIMENTAL TENNIS.

G. L. Youngman beat N. W. Pringle 6-0 and 6-2 in the last game of the first round of the regimental tennis tournament last night. In the second round Arnett will play Carmichael and Nicholls will meet Youngman. McMorde and Howard are already advanced to the third round.

Constable and Mrs. Alex Macdonald and family leave this afternoon on the Cardena for Vancouver enroute to Lilloet where Constable Macdonald will take up his new duties with the provincial police.

LIBRARY BUSY THIS SEASON

During Past Six Months Has Issued 22,972 Books to Local Readers.

A summary of the work of the Prince Rupert public library for the half year ending June 30 shows that during that time no less than 22,972 volumes were loaned to patrons. This is an increase over the corresponding six months of last year when 19,022 books were loaned. In 1924 for the corresponding time 15,719 were taken out.

The report of the librarian at the meeting of the library board last night showed that the total circulation for the month of June amounted to 3,280 volumes, or an average of 131.2 books a day, a falling off from previous months, owing to the shortening of the evenings and the approach of the school holidays. Of the borrowings for the month there were 2,284 volumes of fiction, 746 juvenile and 250 non-fiction. Thirty-three new borrowers took out cards, while 26 cancelled.

During June 20 books were added by gift and 73 by purchase, while 49 had to be discarded from the shelves owing to wear and tear. There are now on the shelves or in circulation 5,094 books.

At the meeting last night which was held in the library building after closing at nine o'clock, Mrs. Kirkpatrick presided and there were also present, the secretary, G. V. Wilkinson, James Black, Alderman W. J. Greer, F. J. Fuller, H. F. Pullen and the librarian, Miss Cruikshank.

VANCOUVER LADY GUEST OF HONOR

Mr. and Mrs. Robert Jones Entertained Last Night for Miss Catherine Rodger.

Mr. and Mrs. Robert Jones, 612 Young Street, entertained a number of friends last evening in honor of Miss Catherine Rodger, of Vancouver, who has been on an extended holiday visiting with her sister and brother, Mrs. Richard Howard and George Rodger, and who leaves for the south on the Prince Charles on Thursday afternoon. A very pleasant evening was spent in music and games and delightful refreshments were served.

Among those present were Mr. and Mrs. Richard Howard, Mr. and Mrs. George Rodger, Mr. and Mrs. L. Halerow, Mrs. Buchanan, Mrs. R. Cameron, Mr. and Mrs. L. Waugh, Mrs. J. Simpson, Mr. and Mrs. M. Andrews, Miss Mae Reithell, George S. Russell, Miss Catherine Gibson Jones and the Misses Lillian and May Jones.

'FRISCO SHRINERS WERE LIVE PARTY

Enthusiastic Reception Included Baseball Game Which Netted Boys' Band Over \$100.

An enthusiastic reception was given nobles of Islam Temple, San Francisco, on the occasion of their visit here yesterday, by Prince Rupert Shriners.

The feature of the day was the baseball game at Acropolis Hill grounds between the San Francisco and local nobles. It was preceded by a parade from the steamer to the grounds, led by the Boys' Band, in which the many grotesque costumes were seen to advantage. The ball game went four innings, when it was decided to call it off with the score standing 8 all. The proceeds of the game went to the Boys' Band, which benefitted something over \$100 as a result. Consul Wakefield and Geo. Munro comprised the Prince Rupert battery.

After the game, there was a parade back to the steamer, Prince George upon which, amid cheers and music played by the Boys' Band and the ship's orchestra, the 410 San Franciscans sailed for the south on the last lap of their pilgrimage to Alaska.

ENTER THE DOLLAR MARK.

LONDON, July 6.—Dollar signs on goods have appeared for the first time here in the shopping districts frequented by American tourists. The marks, quite evidently, are London made, as they are very much of the perpendicular variety, and lack the original Yankee twist.

NECKING WIFE NOT WANTED

Boys Do Not Care For a Girl That Has Been Mauled Over By Others.

(Associated Press) NEW YORK, July 6.—Boys prefer the girl who does not "pet," although admitting that they themselves indulge. They are, however, at times inclined to blame their girl friends for encouraging "petting" and "necking."

This was revealed in data just compiled by the National Council of the Young Men's Christian Association, following a world-wide survey of boy attitudes in preparation for the World's Conference at Helsingfors, Finland, in August.

In general, according to the discussion summaries, boys' standards are high. Boys feel that indulgence in "petting" is detrimental to character, and they propose that such problems affecting both sexes "should be worked out by boys and girls together." This plan of joint discussions was followed in a few localities.

Opinions Voiced
Groups of boys called together in more than 100 communities to discuss various youth problems brought out such comments as these:

"If a fellow wants a 'hot date' he gets it, and if he wants a 'clean date' he gets it."

"We would not like to have a wife whom everyone had 'pawed over.'"

"A girl should be one that a fellow can look up to."

"Smoking and profanity are both the results of trying to show off."

"Why don't the girls object to..."

She Couldn't Sleep Heart Was So Bad

Mrs. J. D. McClintock, Charlotte-town, P.E.I., writes: "About a year ago I was greatly troubled with my heart."

I could not sleep at night, and was so nervous I imagined that I could see everything in the room moving, and would have to turn on the lights before I could get to sleep. After having read of your

I took several boxes of them, and can now get a full night's sleep without any trouble, and feel fine in every way."

petting? Why do they seem to like it?"

"They expect us to fake the initiative to stop it," complained one youngster.

In Brooklyn, during a joint discussion for boys and girls averaging 17 years of age, it was decided that to check the habit of "petting" self-control was necessary on both sides. The boys admitted that sometimes they deliberately attempt to "take liberties," while the girls confessed that they permit too many "liberties" and give the impression that they "expect to be petted."

Home Criticized
"Many fellows act questionably by bringing liquor to dances, and the girls are too anxious to show off by wanting to smoke," the boys declared.

The group diagnosed the trouble as partly due to the fact that girls and fellows lose their heads when they think they are in love.

Other discussions throughout the country revealed a feeling that home is a place of neglect and unsympathetic restraint and that in school the boy is treated "too much like a baby."

GETTING READY FOR ELECTION

Mayor Blatchford of Edmonton Expected to be Liberal Candidate for that City

EDMONTON, July 6.—With the business of the provincial general elections not yet out of the way, political organizations in Edmonton are getting ready for the announced federal general elections, which they believe cannot be stalled off longer than the third week in September, and one of the most hectic campaigns in the history of the Dominion is being looked for.

Events at Ottawa in the last few days have fanned the party spirit into flame as never before, and hotel lobbies, street corners, clubs and business offices are the scenes of heated debate and arguments as to the constitutionality of the action of the Liberal and Conservative leaders in being refused or granted dissolution.

Native Sons Incensed

That the action of the Government has irked the Native Son element and that the feeling against British governor general will be made stronger than ever is sure, but just what effect this will have on the coming elections is doubtful.

Wanted For Sale For Rent

member for West Edmonton, will again be in the running.

Rumor has it that there will be a switch in the Conservative candidate to oppose Mr. Stewart, and that instead of Ald. James Douglas the Tory blue will be carried by Percy W. Abbott.

Mayor May Run

In East Edmonton Liberal choice will probably fall on Mayor K. A. Blatchford, as it is understood that A. R. McLennan, who resigned from the local house to run in that constituency in October last will not be in the field. Mayor Blatchford was the runner up for the nomination last election, and has already been approached regarding his nomination on this occasion. It is conceded on all sides that he would give the sitting member a good run, while Liberals declare that with the situation which has arisen and the issues of high and low tariff which will be the big thing in the coming campaign, they can easily win with the present mayor.

Peace River Wants Him

Peace River Liberals are also anxious for Mayor Blatchford to go into the fight in that riding, his freight rates and western grain route battles having won for him a big following in that end of the province where the questions he has been promoting so strenuously are vital issues.

It is probable, however that he will be in the running in the East Edmonton seat.

SPORT CHAT

Moose and Grand Terminal meet tonight in the third game of the Mobley Cup or city championship football series. It will be the first meeting of these two teams in the series and a good game is expected. Should the Terminal win, they will be away to a good start in the chase for the season's honors as they already have one victory over the Gold Storage to their credit. The Moose have yet to get on the winning side of the standing sheet as they were defeated by the Gold Storage in the only game of the series they have yet played.

SPENT NINE YEARS IN DAMP BASEMENT

ST. PAUL, Minn., July 5.—A voluntary prisoner in a damp basement for nine years, John Montague, 72 years of age, once a wealthy Cresco, Iowa, farmer, was found by health officers dressed in rags and in a weakened condition.

A broken cot with worm-eaten blankets was his bed; cracks in the house for his light; bits of bread crusts and rancid meat, his fare; while he had no sanitary conveniences.

SMITHERS HAS CELEBRATION

People From All Country Round Assemble to Take Part in Big Event.

SMITHERS, July 6. — Canada's national birthday was certainly celebrated in a most fitting manner in Smithers last Thursday and has set a precedent for the years to come that will take some heating.

Starting the previous evening and continuing until noon July 1 car loads and buggy loads of people came in from all points of the district, so that when the hour came for the opening ceremonies there was indeed a great throng out for a good time.

Promptly at 12:30 o'clock the big procession formed at the railway station and with the members of the local assembly of the Native Sons of Canada marching in the lead, started for the fair grounds, where the sports were to be held.

Fifty Cars

The Native Sons clown band, under Brother Hart, sergeant-at-arms, loaded in a hay wagon was the piece de resistance of the parade and was followed by over fifty cars, some tastefully decorated and all filled with holidayers young and old.

Arriving at the grounds an opening speech was delivered by F. M. Duchemin, Grand Chaplain, Native Sons of Canada, after which the school children in a body on the grand stand led in the singing of O Canada.

From then on until 5:30 every minute was fully occupied by an athletic event of some kind. There was baseball, Smithers vs. Telkwa, lacrosse between two picked teams, married ladies' playground ball between the C. N. R. and the town matrons, and a big program of racing and other sports for the kiddies and grownups. There was also tug-of-war and horseshoe pitching, Smithers winning the former against Telkwa and the Duthie mines and Elmer Gundersen.

Dance in Evening

In the evening one of the largest and most enjoyable dances held here in a long time was held in the Town Hall, and to music supplied by the Crescent Orchestra dancing was continued until after 3 a.m. with only a break at midnight when refreshments were served.

The celebration was held under the auspices of the Smithers Athletic Club, assisted by the Native Sons of Canada, and the committee in charge is being highly complimented on the program carried out, as is also the weather man for the delightful weather of the day.

SMITHERS

Miss Myrtle McCaslin and Miss Margaret Rae of North Vancouver, are holidaying in Smithers and will spend the next six weeks here as the guests of the latter's brother, D. H. Rae, engineer in charge of the Br. Can. Silver Corporation's work going on at the Schuler mine.

Many Countries "Think Out" DUNLOP TIRES

NO other tire in Canada is born under such promising conditions as the "Dunlop." When Dunlop England evolves some process for getting more out of cotton we have the benefit of that immediately for Dunlop Canadian-Made Tires. When Dunlop Japan tests out a tread and finds it gives more mileage we immediately have that likewise for you, the Canadian tire buyer.

When you buy Dunlop Tires you get not only the results of our own technical experts but the results of the great tire experts of Dunlop in England, Dunlop in the United States, Dunlop in France, Dunlop in Japan, Dunlop (British) in Germany. In other words, wherever there is a Dunlop factory the specialized knowledge on tire-making of their chemists, research men and technical engineers is available to us as our knowledge is available to them.

Do not accept anything less than the tire created by world minds — the "DUNLOP."

RAT BUSINESS NEAR PACIFIC

Bud Corley Has Two Mile Farm Which He is About to Stock With Rodents.

Bud Corley, formerly proprietor of the Royal Hotel in this city and lately engaged in mining at Lorne Creek, is now going into a new business. He has secured a piece of swamp land with a frontage of about two miles on the Canadian National Railway near Pacific. This he will fence and stock with muskrats. Already he has some rats on the land, but others will be trapped during the coming fall and winter and very soon Mr. Corley expects to have a productive business.

Mr. Corley spent a lot of money at Lorne Creek, the returns on which have not been just as satisfactory as he expected.

WATER NOTICE

Use and Storage
TAKE NOTICE that J. M. Ruffner, whose address is Atlin, B. C., will apply for a licence to take and use 20 C. F. S. and 1-1/2 acre 42 C. F. S. of water out of 4th July Creek, which flows south westerly and drains into Atlin Lake, about 5 miles north of Atlin.
The storage dam will be located at a point near the foot of a chain of small lakes. The capacity of the reservoir to be created is about 1250 million cubic feet, and will extend about 2000 acres of land, including the lakes. The water will be drawn from the stream at a point above and below the proposed dam about 5 miles westerly of west line of 4th July Creek, and will be used for power for mining purposes upon the mines, described as Atlin Silver-Lead Mines and Ruffner's Groups of Mineral Claims.
This notice was posted on the ground on the 16th day of June, 1926.
A copy of this notice and an application "in and to the" Water Act (1914) will be filed in the office of the Water Recorder at Atlin. Objections to the application may be filed with the said Water Recorder or with the controller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after first appearing in this notice in a local newspaper. The date of the first publication of this notice is July 2, 1926.

SPLENDID FISHING AT LAKESE LAKE

H. F. McLeod Returned to Town Last Night After Having Spent Several Days There

Reporting splendid fishing around the upper end of the lake, H. F. McLeod returned to the city on yesterday afternoon's train after having spent several days at Lakese. On one occasion he caught sixteen fine cut-throats within an hour and another time landed a four-pound rainbow. There is always good fishing, says Mr. McLeod, for those who make their headquarters at the hotel where the hot spring bathing facilities have been much improved since last season.

THINKS BOYS AND GIRLS SHOULD BE TAUGHT TO COOK

LONDON, July 5.—Girls unable to cook an appetizing and palatable four course meal are not educated in the real sense of the word, said Dr. Elizabeth Sloan Chesser before children of the Parents' Association at Lady Malfrey's residence here.

"In my opinion," said Dr. Chesser, "dietetics and cooking should be compulsory in the education of boys and girls alike. Girls should be prepared to be good housewives, as well as doctors, barristers, nurses, artists and journalists."

PIGEON'S LONG MEMORY

LONDON, July 5.—A homing pigeon returned to the loft of J. W. Andrews at Bath recently after an absence of three years and nine months. This is considered to be a remarkable instance of bird memory. The bird was lost at Marennes, France on July 10, 1922.

PEA-KNIFE ENTERS MUSEUM.

LONDON, July 6.—British inventors in past years responded to the demand for a knife off which peas would not roll, and many examples of this curious implement, which has a spoon-shaped depression at the end of the blade, are preserved in British museums. But the pea-knife never broke into good society and manufacturers were never able to popularize it.

JUNE WAS BUSY MONTH AT DOCK

Many Jobs Handled at Local Plant During Past Thirty Days.

WILL BUILD BOAT FOR FOREST BRANCH

The month of June was a very active one at the dry dock. Work done during that period included the completion and launching of two 40 by 14 scows for the Skeena River Packing Co.; docking, cleaning and painting of the Somerville floating cannery Laurel Whalen; docking, cleaning and painting and renewing of sheathing on the Granby Co's barge Granby No. 1; docking, cleaning and painting of 22 fishing boats; docking, cleaning and painting of one scow, and 104 jobs of miscellaneous repair work on boats and machinery.

The yard has just been awarded the contract by the B. C. Forest Branch for the construction of a 40-foot power boat for the use of the ranger at Swanson Bay. Work will commence at once on the building of the boat which will be of wooden construction, powered with a 16 h.p. Vivian engine.

ALTERATIONS TO BE MADE AT EXHIBITION HALL; OPEN TENDERS

The Fair Board, at its regular meeting last night, opened tenders for alterations to the building and deferred action until Sunday when the board will meet at the Exhibition Hall. Among other things, it is proposed to widen the balconies.

The meeting also discussed the matter of attractions for the Fair in September.

LOST LIFE ATTEMPTING TO SAVE HIS BROTHER

CRESTON, July 6.—In a vain attempt to save the life of his brother, Arthur, 21 years of age, Harold Hoggett, 23, lost his life while bathing in Goat River last night.

SYNOPSIS OF LAND ACT AMENDMENTS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes. Minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free or partly free permits are available for settlers, campers and travellers, up to ten head.
