Premier Baldwin Urges Miners to Return and Will Back Agreement

LONDON, Sept. 18.—Peace was no nearer today than it was twenty years ago, said Secretary Cook, of the Miners' Federation, this morning, following yesterday's failure of the Government's attempt to get the mine owners into a conference on a national agreement covering wages to be paid the men and hours of work.

Premier Baldwin has not abandoned negotiations altogether, but there are little prospects visible today of an early settlement.

Mr. Baldwin told the miners if they returned to work they might secure demands as the nation wide agreements had been accepted in effect, if not in form, and he promised them the Government backing if the men would only limit the economic facts and return to work.

IMMIGRATION MUCH GREATER

FIRST SEVEN MONTHS OF 1926 SHOW
68 PER CENT INCREASE
OVER 1925.

OTTAWA, Sept. 18.—Immigration into Canada during the first seven months of 1926 was 68 per cent greater than for the same period last year. The total for the seven months this year was 86,488, compared with 51,400 in 1925.

GRANDMOTHER AT 37 YEARS OF AGE

HALIFAX, Sept. 18.—The claim of being "the youngest grandmother" made by a Ship Harbor woman of 35, is disputed by someone writing to the local press from North Sydney. "I can do no better than this. I was married at 18, and at 19 my first child was born. She married and her first child was born while in her eighteenth year, which made me a grandmother at the age of 37. My youngest child who is uncle to my grandchild is five years."

GERMANY AND FRANCE AGREE

REACH DECISIONS ON OUTSTANDING
PROBLEMS AFFECTING EACH
OTHER

GENEVA, Sept. 18.—Following lengthy conversations between Foreign Minister Briand of France and Foreign Minister Stresemann of Germany, the French delegation announced that the statesmen had examined all the problems existing between the two countries and reconciled their viewpoints regarding solutions.

The foreign ministers have agreed to refer their conclusions to their respective governments and if they are approved they will continue their collaboration and arrive at decisive results.

C.P.R. LEAVES PEACE RIVER

EDMONTON, DUNVEGAN AND B.C.
RAILWAY TO BE TAKEN OVER
ON NOVEMBER 11

MONTREAL, Sept. 18.—President Beatty of the Canadian Pacific Railway today confirmed a report that the Alberta government would take over the Edmonton, Dunvegan and British Columbia Railway operated by his company for several years.

Last month the Alberta government served notice that the agreement would terminate in three months by November 11 when the transfer takes effect. By that time the C.P.R. will have had the opportunity to haul most of the grain crop of the Peace River if the weather conditions are favorable.

GRAIN SHIPMENTS TO GREAT BRITAIN FROM VANCOUVER

Two C.G.M. Vessels Take First
Cargoes From That Port This
Season

VANCOUVER, Sept. 18.—Grain shipping has commenced again and the first cargoes cleared from her are consigned to United Kingdom points. The two vessels taking wheat from here this week have been:

Canadian Transporter for Avonmouth, 151,567 bushels.
Canadian Seigneur for London, 66,297 bushels.

SCHOOL TEACHERS ARE OUT OF EMPLOYMENT IN PROVINCE OF ONTARIO

ST. CATHARINES, Sept. 18.—Many school teachers may be out of employment in Ontario during the coming autumn term, judging by the numerous applications made for positions on teaching staffs in this section. In Merriton, for instance, 100 teachers applied for one vacancy on the town school staff. School authorities here, while admitting that young men and women throughout Ontario consider the Niagara peninsula a favored field of labor, also give as the explanation that the Canadian west is now growing its own teachers and Ontarians need not go out there any more to teach the young idea how to shoot.

FAMOUS MUSICIAN DIES AT TORONTO

TORONTO, Sept. 18.—Dr. Augustus Vogt, 66 years of age, founder of the Mendelssohn Choir, which he conducted from 1894 to 1917, died yesterday. He was one of Canada's outstanding musicians.

The Prince of Wales went, a few days ago, to Gilwell Park, Epping Forest, England, to accept a bronze buffalo on behalf of the Boy Scouts of the British Empire. It was presented by the Boy Scouts of America.

Monday to be Busy Day in Ottawa Political Circles Owing to Two Meetings of Leaders that Day

OTTAWA, Sept. 18.—Monday promises to be a momentous day in Canadian politics. The Conservative cabinet will hold a formal meeting that day, preparatory to tendering the government's resignation while, at the same time, the former Liberal ministers are expected to confer with their leader, Mackenzie King, who will probably be called on to form a Government next week.

In the seclusion of Laurier House, the official residence of the leader of the Liberal party, former Premier King is devoting himself to the selection of a Liberal cabinet. Some of the former ministers are already here and others are expected over the week-end to confer with Mr. King on Monday.

Political observers continue to express the belief that a fall session will be held in November, probably about the 17th or 20th, the main purpose of which will be to give parliamentary authority for expenditures from the treasury. A long Christmas recess would follow.

HURRICANE AT TURKS ISLAND

SHIPPING AND WHARVES CARRIED
AWAY AND SALT LIGHTER LOST
FROM STORM.

HALIFAX, Sept. 18.—A hurricane swept Turks Island and carried away shipping and wharves and demolished houses and changed the entire sea front, according to a report reaching the cable company here. The wind reached a velocity of 150 miles an hour, leaving desolation and ruin in its wake. Hardly a house escaped. Many salt lighters were lost, but so far as known there was no loss of life.

NO SCOTTISH ALLOWED ON ENGLISH JURY

Woman Indicted For Theft in London
Refuses Any North of Border

LONDON, Sept. 18.—A woman indicted for theft at the London Sessions demanded to know whether any of the jurors were Scottish. "I will not have anybody Scottish, I don't mind what they swear," she declared.

The Chairman: Do any of the jurors plead Scottish.

A Juror: I am Irish, my Lord. Does she object to me?

Defendant: Your face is all right. I like you.

Another member of the jury said he had lived many years in Scotland although he was not born there.

The Chairman: Oh, that's all right.

The defendant then allowed the jury to be sworn without further objection.

BIG LUMBER CO. WINS AGAIN

Was Best Industrial Display in Fair.—
Swift Canadian and P. Burns Best
Commercial Booths.

For the third year in succession the Big Bay Lumber Co., Ltd. has won the gold medal for the best industrial display of products manufactured in the district at the Prince Rupert Exhibition. Living up to standards of past years, the Big Bay exhibit was a large and attractive one and much credit for the manner in which it was displayed goes to R. V. G. LePine, the company's local manager.

Among the commercial booths, Swift Canadian Co. Ltd. and P. Burns Co. Ltd. were the winners, the former getting a gold medal and the latter, a silver medal.

Close Race for Pennant in Each of American Baseball Leagues as Giants are Nearly Overtaken

NEW YORK, Sept. 18.—Cleveland furnished the excitement in the American League baseball race yesterday and today they are within three and a half games of the leading Yankees, whom they defeated Friday in the third straight game.

In the National League St. Louis recovered the lead by taking an easy game from Philadelphia, while New York was trimming the Cincinnati Reds in a training affair in which eight pitchers were used. Pittsburgh slid further away from the pennant when Brooklyn held them down three to one.

NATIONAL LEAGUE

- St. Louis 10, Philadelphia 1.
- Pittsburgh 1, Brooklyn 3.
- Cincinnati 4, New York 5.
- Boston-Chicago postponed.

TOPLEY MINE NOT YET SOLD

SMITHERS, Sept. 18.—The Topley continues to attract the attention of the big mining interests who are sending in their engineers to make examinations of the property. Several companies are negotiating with a view to taking over the property, but Frank Taylor, the owner, has not as yet accepted any of the offers, although a deal may be closed in the near future.

Taylor was in town the fore part of the week and reports that a further provincial government grant has been received for road building and this work is now being pushed ahead rapidly.

The main cross-cut tunnel is in 60 feet and the ore is still holding up in values. The rock now encountered is solid and hard and progress is necessarily slow with hand drilling, but a drift is being run nearer the surface and this has been extended over fifty feet, following a strong ore shoot.

Engineers for the American Smelting and Refining Company visited the property last Saturday and took numerous samples to make a test of the ore body.

VANCOUVER CHOSEN FOR CONVENTION OF PORT AUTHORITIES

PORTLAND, Sept. 18.—Vancouver was chosen for the next annual convention of the Pacific Coast Association of Port Authorities at a meeting here yesterday. S. L. Prenter and W. G. Stickey, both of Vancouver, were chosen president and secretary, respectively.

FISH ARRIVALS

Two halibut boats sold catches at the Fish Exchange this morning and got high prices for them. The American schooner Alki received 16.9c and 8c for 11,500 pounds, while the Canadian boat Kalen got 17.4c and 10c for 8,000 pounds.

KAKE ISLAND FIRE LARGE

RELIEF HAS BEEN TAKEN TO INDIANS
BY UNALAGA FROM JUNEAU.

JUNEAU, Sept. 18.—Word received here from the U. S. coastguard cutter Unalaga says 92 Indians are homeless and without food following the fire which destroyed three fourths of the buildings on Kake Island. Three stores, the only ones in town, and 21 dwellings were wiped out. Among the buildings burned was the post office.

The Unalaga, which was de-patched from here when word of the fire was first received, took tents, blankets and food for the Indians.

CARS SMASHED IN COLLISION

TRAINS MEET ON C. P. R. NEAR KENT,
ONTARIO, WITH FATAL RESULTS.

LONDON, Ont., Sept. 18.—Three trainmen were killed and two seriously injured as a result of a head-on collision between two Canadian Pacific freight trains near Kent early this morning. Twenty cars were smashed into kindling wood and piled 30 feet high, one on the other.

ARREST MADE LOS ANGELES

MOTHER OF AIMEE SEMPLE McPHERSON
ON BAIL OF \$2,500
TODAY: AIMEE ILL

LOS ANGELES, Sept. 18.—Mrs. Minnie Kennedy, mother of Aimee Semple McPherson, evangelist and builder of the Angelus Temple here, was arrested late yesterday afternoon on charges of criminal conspiracy. The evangelist was not arrested as her physical condition prevented her coming to the hall of justice. Mrs. Kennedy was released on bail of \$2,500.

NUDE BATHING OBJECTED TO

MEN AND WOMEN DRIVEN FROM ISLAND
AT MOUTH OF THAMES
BY POLICE

CANVEY ISLAND, England, Sept. 18. A hastily formed vigilance committee has prevented Canvey Island from becoming the British sun-bathing headquarters.

Attracted by stories of the care-free, open-air life led by residents of this pretty little island at the mouth of the Thames, below London, sun bathers flocked here this summer. The bathing suits they brought became scattered and scantier, and then disappeared.

Shocked residents on the island appealed to the police, who arrested several men and women for lying nude on the beaches. But finding the island's four policemen could not cope with the hundreds of sun bathers, the men formed a vigilance committee, and are thrashing all men they find sun bathing in no clothes, and forcing all over-enthusiastic women to dress and leave.

MASQUERADE WAS ENJOYED

NOT MANY IN COSTUME, BUT EXCELLENT
DANCE TO RAINBOW
ORCHESTRA.

As a masquerade, the affair at the Exhibition Hall did not amount to much last evening, but it was a very enjoyable dance and several hundreds of people took part, while other hundreds watched from the galleries and sides. The Imperial Rainbow Orchestra of Calgary provided excellent music and the presence of a large number of out of town visitors added much to the variety of the evening. Dance followed dance rapidly, the intervals being very short.

About midnight there was a longer interval for refreshments after which the dancing continued.

Only a dozen or so people came in costume and some of those did not join the march around. The prize winners were for the best character representation, Mrs. Anna B. Campbell, of Ketchikan, as Mother Goose, and the best dressed lady Miss Emmus, of Ketchikan, as a cow girl. Mr. Holpin as a clown won the men's prize.

During the evening tickets were sold for the car and it was announced that the drawing for it would take place tonight.

Visitors who had not been to the fair before took much interest in the display put on by the Fraser Valley farmers, the general arrangement of which is so effective.

FAIR EXHIBIT OF FARM CROPS

THE EXHIBIT OF FARM CROP PRODUCTS AT THE FAIR THIS YEAR NOT UP TO STANDARD

The exhibit of roots and field crops and also of grains and seeds was not this year up to standard. Some of the farm districts this year did not respond as well as on other occasions. The lack of these was made up by the special display of fruits and vegetables put up by the Fraser Valley Association which was a most excellent one and attracted much attention. The prizes were as follows:

ROOTS AND FIELD CROPS

Two sweet turnips—1, (special) N. Van de Veen; 2, James Lever; 3, Mrs. F. W. Bohler.

Two mangels—1, Hamlin & Thomson; 2, Mrs. N. Van de Veen; 3, James Lever.

Road to Interior Next Big Work.

The Reeve of Surrey gave Prince Rupert some good advice when he urged that they make every possible effort to secure the building of the road to connect Prince Rupert with the interior and the whole outside world. He spoke of other places that had built roads in places just as difficult as the Skeena gorge. He told of the traffic in the south from American cars coming into the country and urged that Prince Rupert prepare to share in the influx.

Already the provincial government is working on the connecting up of the various small places in the interior so as to get the Kitsuukatum and Lakelse valleys in touch with the outside. Also a start has been made on the section across Kaien Island which is already being used as far as it goes. Next year it is promised that this section will be completed to Galloway Rapids.

The building of the road up the Skeena Valley is said to be quite a feasible proposition and when completed will be one of the most picturesque drives in the world. Tourists will come from far and near and Prince Rupert will assume a wholly new aspect as tourist headquarters from which cars will be shipped to Alaska and southward.

Vancouver Begins Shipping Grain.

Vancouver has commenced shipping grain and it is noticeable that the first cargoes to go out from that port are consigned to England and not to the Orient. This grain is grown in southern Alberta but the northern part of the province, from which Prince Rupert will draw, is later and rain and snow have hindered the harvesting operations there.

France and Germany Getting Together.

France and Germany, old time enemies, are getting together and the eliminating of points of disagreement between the two countries is one of the most hopeful results of the work of the League of Nations.

The League is gradually becoming a powerful peace organization and, in spite of the fact that the United States is not a member, bids fair to hold a place of great influence and perhaps to be the controlling influence in the world a few years hence. Much depends on how its work is carried on. So far it seems to have been a decided success.

Prince Rupert Should Be Represented at Conference.

The annual convention of the Pacific Coast association of port authorities is to meet in Vancouver next year and Prince Rupert should by then be established as a grain shipping centre and should be represented there. We must slowly but surely assume a place of importance in the commercial world and we should neglect no opportunity of putting forward the claims of the port and smoothing out the difficulties in connection with its commercial development.

Excellent Work of Native Bands.

The excellent playing of the native bands is always a subject of comment from visitors to the Prince Rupert fairs. This year has been no exception to the rule. The bands have given local residents and visitors a great treat. It is to be hoped that arrangements will be made for some of them to come every year. They look very smart in their uniforms and they play well, two essentials to a successful organization. It seems a pity that some arrangements cannot be made for one of them or perhaps both to tour the country. Perhaps by next year something might be done if they keep up the good work.

The school of experience is often a very expensive institution.

Men like sensible girls but the sensible girls are those that try to please the men. They don't want to stay parked at the roadside of life for the rest of their days.

TERRACE

Mrs. Glass left on Tuesday to spend a holiday in Prince Rupert.

Miss Deacon returned at the beginning of the week from Prince Rupert.

Miss Agnes Desjardines is spending a few days in Prince Rupert this week taking in the Fair.

Rev. W. Allan left on Wednesday to attend the Presbytery in Prince Rupert.

The ladies of Knox United Church, Terrace, held a very successful sale of home cooking and afternoon tea in the church on Tuesday afternoon.

Election returns were received here on Tuesday night between reels of the picture show. A feature of the election here was the fact that with only two exceptions every registered voter who was at the time in the district, polled his vote.

Mrs. H. C. Creelman and children of Lucerne are renewing acquaintances in town this week. They were accompanied here by Mrs. Creelman's mother, Mrs. J. Raven, of Kahum Lake, who has spent the last year with them.

Mrs. Cassels and daughter of Lethbridge who have spent the past two or three months in Terrace, left for

HEALTH RESTORED

"FRUIT-A-TIVES" OVERCOME STOMACH AND LIVER TROUBLE

MRS. ALBERT LAFLEUR
"For three years I suffered with biliousness, liver and stomach trouble and I had severe pains and a choking feeling at times. Since taking "Fruit-a-tives" I have been completely relieved of these troubles. I can faithfully recommend "Fruit-a-tives" to any one suffering from liver and stomach trouble, as I was."—Mrs. Albert Lafleur, Labelle, (Co. Labelle), Que.
"Fruit-a-tives" are so wonderfully helpful in Liver and Stomach trouble because they are purely a natural remedy—made from intensified juices of fresh oranges, apples, prunes and figs, combined with tonics. "Fruit-a-tives" sweeten the stomach, regulate the liver, bowels and kidneys, and purify the digestive juices so that indigestion and Constipation are quickly corrected. 25c. and 50c. at all dealers.

RUPERT WINS SECOND GAME

BEAT KETCHIKAN AGAIN YESTERDAY AT BASEBALL BY TEN TO FIVE

Prince Rupert repeated yesterday in the Ketchikan-Prince Rupert baseball series and won the second game by a score of 10 to 5. The playing on neither side was as good as in the first game. Schlenker, while rather uncertain, about shared pitching honors with Christie, the visiting hurler, but the locals excelled the Ketchikan team in fielding. The third game of the series will be played this afternoon and if there is not an improvement in form on the part of Ketchikan it looks like Rupert will make it three straight. A feature of yesterday's game as well as in the first, was the catching and batting of Cecil Downie of Prince Rupert. The popular backstop, besides outclassing all other players on the field, instilled pep into the proceedings with his conversation and agile antics.

First Inning—Greenwell made a safe hit into left field but Garn flied out to third base, Imbery fanned and Stewart was fielded. Moran got a walk and so did Schlenker. Balfour got first but Moran was out at third. Downie came through with a mean bouncing single which scored Schlenker and Balfour. Downie was out trying to steal second and Haveland fanned. Ketchikan, 0; Prince Rupert, 2.

Second Inning—Christie knocked a three bagger into left field and Koeke, on a pop fly, got first. Gyer struck out and Kubley got first when Schlenker chose to put Christie out at the home plate. Johns was fielded. Gordon, for Prince Rupert, walked and as a result of a series of errors and overthrows, made the circuit. Farquhar struck out and Loblick and Lambie were fielded. Ketchikan, 0; Prince Rupert, 1.

Third Inning—Johns flied out to Gordon and Greenwell fanned. With no one on bases, Garn poked a home run over the rock pile before Imbery struck out. Prince Rupert crowded the bases with walks. Moran, Balfour and Downie were on. Schlenker having struck out, Haveland's two bagger and came through with a two bagger and

GIBBONS IS OUT OF PRIZE RING

IS FINANCIALLY INDEPENDENT BUT HAS NOT FOUGHT SINCE KNOCKED OUT BY TUNNEY

ST. PAUL, Sept. 18.—Topped from the pugilistic heights at the zenith of his prize-winning power, Tommy Gibbons has confirmed his retirement from the prize ring by more than a year of inactivity.

In the more prosaic capacity of "one of St. Paul's promising young business men," only with most of the promise fulfilled, Tommy is leading a life quite unlike that of the average "retired" fighter.

FINANCIALLY INDEPENDENT Retirement to the average pugilist invariably is forced, and once a ring cast-off, he must turn to some other pursuit to make a living. For the average prize fighter has little to do with thrift campaigns. Not so with Tommy Gibbons.

He emulated his older brother, once the renowned "Phantom" Mike Gibbons, and when his ring purses grew fat, most of his end went, figuratively, into the family sock.

Only a few sizable purses came Tommy's way, for he trudged the long, hard road to pugilistic prominence with little remuneration, but in the fading days of his ring glory, past the age when most fighters are through, he garnered a snug fortune.

Just as did Mike before him, he looked around carefully for the investments that meant security for his money and a reasonable return. He found it in apartment houses and sound bonds.

TUNNEY MARKED END It was Tommy's first knockdown when Gene Tunney knocked him out in New York in June, 1925, and it was his last, for since that time he has never donned the gloves in the prize ring.

Gibbons' most widely known encounter was with the champion, Jack Dempsey, when he stayed fifteen punishing rounds with him in Montana in 1923, fighting under a burning Fourth of July sun. His "end" of the purse was based on percentage, and there wasn't any.

But the Dempsey fight "for art's sake" helped Gibbons get other more remunerative engagements. For his Memorial day fight two years ago with Georges Carpentier he collected his best purse—\$62,000. Before that a \$12,000 purse for meeting Harry Greb had been his best.

EAST IS PLAYING WEST IN FINALS OF GOLF TOURNAMENT

JASPER, Sept. 18.—Harry Jones, Shaughnessy Heights, Vancouver, and C. C. Ronalds, Mount Bruno, Montreal, were winners yesterday in the semifinals of the Jasper Park Lodge totem trophy tournament, so that East and West will battle today for the handsome silver totem pole trophy.

Jones advanced to the final stage by administering a severe defeat to Alec Wilson, Royal Montreal, and a former amateur champion, the match ending on the twelfth green and six in favor of the Vancouver player.

The match between C. C. Ronalds and Ben Cool, of St. Andrew's, Calgary, was closer, but there was a definite margin in favor of the Mount Bruno player, who won four and three.

FAMOUS BATTLES FOR HEAVYWEIGHT TITLE

BEAT JACK MUNROE Jim Jeffries needed only two rounds to dispose of Jack Munroe at San Francisco, August 26, 1904. Although Munroe more nearly approximated the champion's poundage than any opponent encountered up to that time, he was helpless from the outset. Munroe weighed 210 to Jeffries' 219.

Referee Graney was quoted as saying Jeffries had Munroe at his mercy and could easily have killed him.

Munroe picked out a hazardous resting place in the first round when he had sat down on the lower rope of the ring. He slid from this uncertain vantage point to the canvas where he took a count of six. Only the bell permitted him to weather a stormy first round.

Strange to say the challenger was confident and even enthusiastic before the fight.

Kid McCoy on this occasion offered a challenge with reservations. He declared himself willing to fight any one in the world except Jeffries.

Pure beer proved pure by test

THE Amalgamated Breweries of British Columbia are determined that the beer they make for the people of British Columbia shall be pure and wholesome. No care is spared, either in the selection of materials or in the processes of brewing, that will guarantee pure beer.

Each of the five companies associated in the Amalgamated Breweries maintains laboratories where continuous analyses are made, as a check on the methods of brewing and on the finished product. The Government also, through the Liquor Control Board and in the interests of the people, regularly examines for quality all the beer sold in British Columbia. But that is not enough. A further check is provided for the Amalgamated Breweries by absolutely independent tests made frequently by reputable public analysts upon request, and by means of these reports the beers of the various breweries are compared for purity and general quality.

A report has just been made by the well known firm of Macdonald & Macdonald, inspecting and testing engineers of Vancouver and Victoria, on beer made by the Amalgamated Breweries. This report indicates the high quality of the beers sold to the people of British Columbia.

For instance, after noting that in the beer tested the original extract in beer wort was high—14.21 per cent.—that alcohol was 4.37 per cent., that "extract" in the beer was 5.88 per cent., and that there was a complete absence of foreign substances, the report goes on to state:

"..... beer is of excellent quality, as the above analysis plainly shows."

The Amalgamated Breweries are sensible of the obligation placed upon them to provide the best and purest beer for the people of British Columbia. Whether you purchase beer by the glass in licensed premises under Government supervision or by the bottle at Government stores you receive a healthful and beneficial beverage.

The members of the Amalgamated Breweries are: Vancouver Breweries Ltd., Rainier Brewing Co. of Canada Ltd., Westminster Brewery Ltd., Silver Spring Brewery Ltd., and the Victor A. Phoenix Brewing Co. Ltd., where the beer supplied to the people of British Columbia is made.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

In The Letter Box

CRITICISM OF SPORTS

Editor Daily News: Your brief report of the Gilhuly Cup football game which appeared in your issue under date September 16, contains the following passage: "It was a listless game, with the players apparently taking little interest in themselves."

Concerning this, it is difficult for me, as a player, to understand why such grossly unfair criticism should be levelled at the football players of Prince Rupert by a publication which should encourage, to the best of its ability, all healthy sport in this city.

Consulting the dictionary I find that the exact meaning of the word "listless" is "careless or indifferent."

I cannot imagine how two teams, striving for a silver cup, would be either careless or indifferent as to the result. I can assure you, Mr. Editor, that such was not the case in the game in question.

LEGS WERE BRUISED The same argument applies to the second part of the criticism: "The players apparently taking little interest." This was news to me, and perhaps you would be surprised yourself, if you could see some of the players' bruised legs.

Were this the first time we had been taken into camp I would not have gone to the trouble of writing this letter, but on looking over previous issues of the "News," I find that on June 20 "there was a good deal of looseness," and that the game between the "Terminals" and "Cold Storage" was featured more by excitement than quality of play. Again on July 10: "On the whole it was a ragged game, the contest apparently not being taken very seriously by the players," and so on "ad infinitum."

AFFECT GATE MONEY I contend that these little knocks are not fair either to the players or to the managers and organizers, neither do they tend to increase the gate money.

In conclusion, Mr. Editor, I feel that this letter will not fall on stony ground, and that you will give us a better showing next season.

Thanking you for your valuable space.

C. J. NORRINGTON

The reporter of the first game referred to, June 29, is not at present in the city but his sport reports were always considered fair and no complaint was ever before made of them. As for the report of the Gilhuly Cup final, it was obtained from one of the players in the game. A good many players and fans have admitted that football this year was not of as high quality as in previous years and that as keen interest has not been taken in it. It has always been the pur-

WATERFRONT WHIFFS

Many Boats in for Exhibition—First Hunting Parties Met With Success—Halibut Landings Heavy

In spite of the fact that it has been Fair and election week, there has been no unusual activity along the waterfront. Of course, there have been a large number of visiting boats in for the festivities, but their occupants have been uptown among the bright lights. In fact, the waterfront has almost had a deserted appearance especially on Thursday afternoon when most of the offices, stores and shops were closed so that their employees might enjoy the half holiday declared by Mayor Newton. There has been the usual large delegation of natives, most of whom came from their various villages in their own boats. Many people also came from the various canneries in boats. It is gratifying to note that,

and cook was the burden of a tale unfolded by Capt. Alex Saint on his return from the recent whisky voyage to the Stikine River. It appears that Helge Essen, said chief officer, engineer and cook, while the vessel was in Clarence Strait, in Alaskan waters, returning to Prince Rupert, became entangled in the bight of the towline and was pulled overboard as the line was running out. Finally, after some maneuvering, Alex got the "man overboard" on board again by means of applying a pike pole to the seat of the pants and all the thanks the rescuer got was a bawling out for bringing Helge aboard minus the seat of his pants.

Just as she was approaching the government dock this week to list her hull-dock catch on the Exchange, the American schooner Trinity suffered the burning out of an engine bearing. Powerboat 28 towed the Trinity up to the Cold Storage plant where she unloaded her catch and then back to the dry dock where repairs were made.

LAURIE LAMBLY IN BATHROOM FARCE.
Well, here's one on our old friend Laurie Lambly, who seldom can be made the victim of a joke because he is so soberly and assiduously attends to his business as skipper of the ferry boat 23. Laurie was taking his evening's ablutions in a showerbath and had negligently left his clothes outside the door of the bathroom. Someone, Alex Saint is strongly suspected, heaved the clothes over the partition into the bathroom and Laurie mistook them for a towel, being about the color he uses when Mrs. Saint is not home, and stood on them. If there had been anybody around just after this incident they might have glanced a bashful Laurie making a hurried run for cover in his birthday suit.

Union Oil Company's tanker Olindo was in port to load the tanks of the company's newly established station here which is now in operation.
His many friends here were disappointed that Second Engineer Tom Morrison was not aboard the lighthouse tender Estevan, Capt. Harry Bolton, which arrived this week to spend a month doing heavy lighthouse work in adjacent waters. Tom is taking an examination in Victoria so could not come north. However, other members of the crew known here are renewing acquaintances. The Estevan called at the Albert & McCaffery dock on Thursday before proceeding to the Queen Charlotte Islands.

Tug B. D. M. is due from Vancouver with a scowload of fir lumber for the Albert & McCaffery yards.

HUNTING PARTIES MET WITH SUCCESS.
First hunting parties of the season which went out at the end of last week met with general success. A good number of deer were bagged and there will doubtless be more nimrods out this week end.

Dr. W. T. Kergin and Will and Fred were down on the Sunbeam III to Welcome Harbor and came home with a bag of one each. The deer will have a better chance of survival when the boys go back to Toronto to pursue studies instead of wild animals.

Welcome Harbor was also the hunting ground of a party led by Jack Lindsay on the Irene L. These hunters also bagged three.

Charlie Starr and Claude Kirkendall were gunning at Refuge Bay and shared a deer. They will be out this week-end to get the other and settle any arguments as to who got the first.

Dr. J. P. Cade went in the Edac to Smith Island and picked one off.
Bill Watt took George Pearson and Harold Bell to the head of the inlet. Though they were a very menacing trio, the deer they chased are still alive and well.

Shef Thompson, popular caretaker at the Prince Rupert Yacht Club, had a bad cold on Thursday and was seriously considering going to Fraser Street and getting some of John Oliver's sure cure. With winter painting of boats on the program, a lot of work is staring Shef in the face these days.

The provincial government's road roller is being used to good advantage this week giving the Cow Bay road a badly needed resurfacing.

Charlie Waul of White Lily fame was a prominent exhibition visitor this week. Charlie, somehow or other, has developed a great friendliness with Ketchikan and he was betting his head off on the baseball game Thursday afternoon. Charlie was last seen trying to find the winner of his umpteenth unsuccessful bet. He likes to be but insists on holding the stakes. In other words, if he can't be the banker he won't play at all. "Eighteen, Eighteen from Decatur. Ma baby needs no shoes."

MOST OF HALIBUT WAS AMERICAN.
Though halibut landings at the port have been heavy during the past week, little Canadian fish has arrived. Of the total for the week of 801,400 pounds, Canadian boats landed only 48,200, while Americans brought in 753,200 pounds. Prices have been fairly steady during the week though bids were inclined to be a little lower.

Total landings for the port for the season to date are: American, 15,083,300 pounds; Canadian, 5,656,700 pounds; total, 20,740,000.

Landings for the past week (Saturday to Friday, inclusive) were as follows:
American—Daily, 32,000; Spray, 30,000; Wizard, 42,000; Atlantic, 35,000; Arrow, 40,000; Arctic, 28,000; Sunset, 42,000; Gladstone, 21,000; President, 26,000; Wave, 4,200; Siska, 60,000; Commonwealth, 50,000; Omaney, 42,000; E. Canadian—Rose Spit, 12,000; Unome, 4,000; Iris, 1,200; Swing, 2,000; E. Lipsett, 5,000; Toodie, 4,000; Minnie V., 5,000; Mayflower, 3,000; Gibson, 4,500; H. and R., 4,000; Verna, 1,500; N. and S., 3,000.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

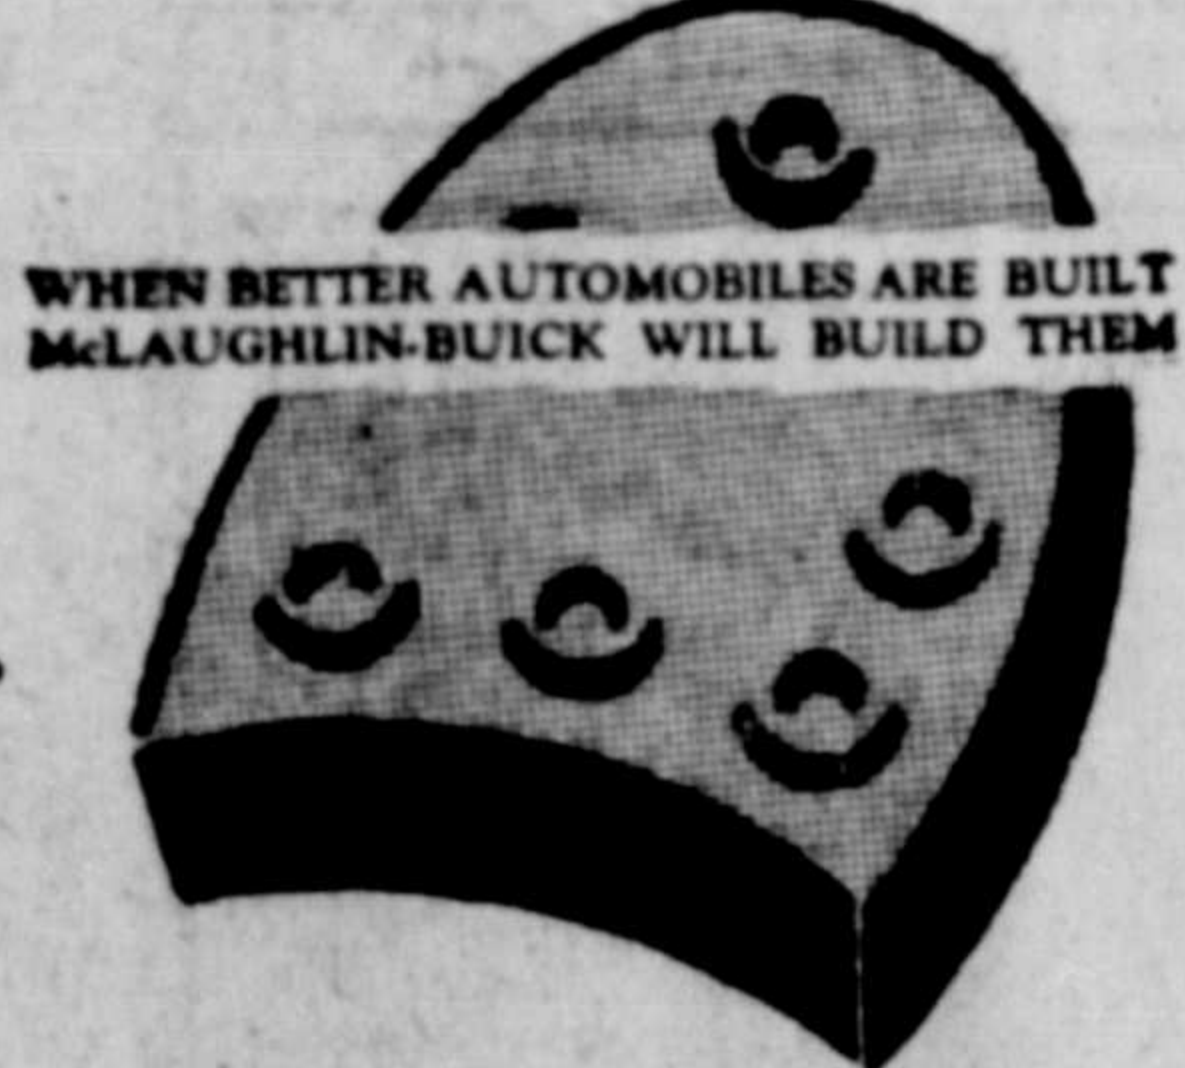

THE HON. THE MINISTER OF MINES

Victoria, British Columbia.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports covering each of the six Mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

rubber heels for the McLaughlin-Buick engine

The McLaughlin-Buick Valve-in-Head engine now has "rubber heels."

Here is an engine completely insulated and isolated from all metallic contact with its chassis. Thick rubber cushions, fore and aft, absorb noise, and save the engine from road shocks and strains.

Never, in all its successful years of motor car manufacture, has McLaughlin-Buick ever produced a car so far ahead of its field in performance and value as the 1927 McLaughlin-Buick.

Money can buy no finer performance, no matter how much you are prepared to spend.

NATIVE SOCCER GAME WAS HOT

GREENVILLE CAPTURED CHAMPIONSHIP FROM PORT SIMPSON IN OVERTIME BATTLE.

A howling crowd of native players motoring around the main streets this afternoon, carrying the coveted trophy aloft, announced to the public that the Greenville team, after a hard fought match with Port Simpson, had won by a score of 2 to 1 the Fair Board's silver cup for the Indian football championship of Northern British Columbia.

The first cup game was played yesterday afternoon when Port Simpson, in a rather one-sided engagement, defeated Klixop by a score of 4 to nil. Geo. Waugh refereeing.

This morning the final took place and so hot was the struggle that it was necessary to play ten minutes overtime before Greenville emerged victorious from the fray. The latter part of the game Port Simpson played ten-a-side, one man having been ordered off the grounds for rough play. W. E. Willisroft was the referee.

Greenville takes the trophy for this year. The cup is a new one and has to be played for each year. Two wins in a row or three times constitutes outright ownership.

NEW OFFICERS ARE ELECTED

TERRACE PARENT TEACHERS' ASSOCIATION TO BE PRESIDED OVER BY MRS. GEORGE DOVER.

TERRACE, Sept. 18. — The annual meeting of the Terrace and Kitsumkalum Parent-Teachers' Association was held in the school house on Thursday evening, with the vice-president, Capt. Colthurst in the chair. Routine business was conducted, followed by the election of officers, which resulted as follows:

President—Mrs. George Dover.
First Vice-President—Mrs. Geo. Little.
Second Vice-President—W. H. Burnett.
Secretary—Miss Peters.
Corresponding Secretary—Miss Malott.
Treasurer—Miss Easthope.
Convenors of committees were appointed as follows:

Entertainment—Mrs. Sherwood.
Membership—Mrs. Burnett.
Athletic—Mr. Spragg.
Refreshment—Mrs. W. Allan and Mrs. J. McLaren.

Grounds Improvement—Mr. Spragg.

A report from the piano committee showed that excellent headway had been made in raising money for that purpose, practically three hundred dollars having been secured during the year. It is hoped to have it paid off by the end of the year.

TEACHERS' CONVENTION.

At the June meeting an invitation was extended to Northern B. C. teachers to hold their annual convention in Terrace this fall. The substance of a letter from the secretary was given in which he stated that it was thought Terrace was not central enough and hoping the Terrace teachers would be able to come to one of the interior towns—Smithers being the one most favored.

NEW 'PRINCIPAL'

Mr. Spragg, the new public school principal, gave a short talk on the plan arranged for the enrollment of beginners during the year and made some suggestions as to the rearing of the athletic equipment in the school. This matter was left with the athletic committee to make the necessary purchases.

Fire drill was again discussed, the principal signifying his willingness and desire to undertake the work of inaugurating a drill, provided a proper fire ring was installed. This was left to be arranged by the principal and trustees.

It was decided to hold all meetings of the association during the coming year in the school house.

After the meeting adjourned, refreshments were served and a pleasant social hour was spent.

BUILDING CRAFTS AWARDS AT FAIR

In the building crafts class at the exhibition, prizes were awarded as follows:

Collection, examples of wood joints, mortise and tenon, halving joint, dovetail, etc.—1, Clarence Tuck; 2, Ben Dularno.

Special—Cecil Rice, model boat; Mrs. E. Lewis, model man.

FISHERMAN DEPRIVED OF RIGHT TO VOTE AT ELECTION THIS WEEK

Herbert John Mynott, of Bull Bay, Was Registered in Two Places and Wants to Know.

Herbert John Mynott, residing at Bull Bay, Warke Canal, called at the Daily News office to register a complaint that he had not been allowed to vote at Verke Canal even though he was on the list at that place. It seems that he had also been on the list in the provincial elections at Prince Rupert and the deputy returning officer ruled that as he was registered in two parts of the constituency he could not vote in either.

Of course, there might have been another Herbert John Mynott living in Prince Rupert, and he was told so, but that did not influence him. He simply said down the rule that Mynott could not vote.

Naturally the fisherman is very much annoyed at being deprived of his rightful privilege and wants to make sure whether the deputy returning officer has the law on his side or not.

COOLER WEATHER IS REPORTED EVERYWHERE

Cooler weather is reported everywhere in northern and central B. C. with most places showing morning frost. At 8 a.m. the temperatures were:

SMITHERS

Mr. and Mrs. John Connery and children left on a holiday trip to Vancouver on Wednesday evening.

Mrs. M. MacMillan and children returned to Smithers on Thursday morning from an extended visit with friends and relatives in prairie cities.

The regular monthly meeting of Women's Auxiliary of the Anglican Church was held at the home of Mrs. H. G. Windt on Thursday afternoon.

Sam Marsh of Burns Lake spent a couple of days in Smithers this week.

Mrs. Frank Parker and children of Prince George arrived in town on Thursday to spend a couple of weeks at the home of her parents, Mr. and Mrs. J. S. Gray.

Shel Robinson, after an absence of several months, is back in town again.

E. M. Hoops of Telkwa was a business visitor in town on Wednesday.

E. Marshall Sales of Prince George arrived in town on Thursday and is making preparation to take over Hal's Bros. hardware store at the beginning of the week.

This week has seen a decided change in temperature of the weather, as after two weeks of delightful weather it has turned cold with heavy frosts at night, and Hudson's Bay Mountain and the Babine Range were covered with snow for a few days down as far as the timber line.

Thos. A. McMartin, who has been in charge of the Little Lumber Yards in Smithers for a number of years, left on Wednesday night for his old home near Montreal, where he has been called because of the serious illness of his brother Mac will be greatly missed by the boys as his genial disposition had made him many friends. Several farewells were given in his honor.

BALDWIN OBJECT OF HUMOROUS COMMENTS

SEVERN STROKE, Worcestershire, Sept. 18.—Stanley Baldwin has found that he has become pretty well known by sight in London.

Telling some of his London experiences as prime minister at a women's fete here, Mr. Baldwin said he passed two rough looking men on the pavement not long ago and one said to the other: "That's the old blcker!"
