IAN MACKENZIE IS SLATED FOR CABINET

BRITISH GOVERNMENT IS INQUIRING INTO SHELLING OF SCHOONER SENECA

Ian Mackenzie Likely Take Cabinet Position

Strong rumor that he will get appointment in Oliver Government and Premier does not deny it

VANCOUVER, Feb. 24.—Persistent rumors here, which are generally credited, say that Captain Ian Mackenzie will be taken into the cabinet within a few days.

Premier Oliver when asked if it was true, refused to confirm or deny the rumor. "There's no telling what the future holds," he declared.

Asked what position in the cabinet would be given to Mackenzie, the Premier retorted "Any changes will be announced in the usual way."

Mr. Mackenzie is serving his second term in the House, he having been re-elected at the last provincial general election. He has been one of the most active private members in the House and has particularly looked after the interests of the returned men. His appointment to the cabinet would be popular here.

WOMAN LEADS IN PRIMARIES SEATTLE MAYOR

Mrs. Bertha Landes Gets Higher Vote Than Mayor Brown in Selection Contest

SEATTLE, Feb. 24.—Edwin J. Brown, who has been mayor for the last four years, was given another chance to run for mayor yesterday, but Mrs. Bertha Landes, president of the city council, led him by a vote of 1472 votes in the municipal primaries yesterday. The vote of Mrs. Landes was 25,869 and for Brown 21,797. Thomas Kennedy was defeated for nomination when he polled 19,914 and the three other candidates were far behind.

WANTED CHANCE LEARN TRADE

Prisoner Asked that Sentence be Increased that he Might Earn Honest Living

NEW WESTMINSTER, Feb. 24.—After sentencing Elzer Lavinge, 32 years of age, to eighteen months in Okalla for theft of a case of cherries last December, Judge Howay upon request of the prisoner himself changed the sentence to two years in the penitentiary so that he might get a chance to learn how to "earn an honest living."

DAMAGES FOR DRYDOCK CRASH

British Canadian Steamship Company Must Pay Government \$1,375 for Esquimalt Accident

VICTORIA, Feb. 24.—The British Canadian Steamship Company must pay \$1,375 and not \$5,236 as claimed by the Canadian Government for damage done the old Esquimalt graving dock when the steamer City of Victoria crashed into it on June 2, 1921. Mr. Justice Gregory decided in the Supreme Court.

REPLAYED GAMES IN ENGLISH CUP SERIES

LONDON, Feb. 24.—The replayed fifth round cup ties today resulted as follows:
Arsenal 2, Aston Villa 0.
Manchester United 2, Sunderland 0.

INSEPARABLE COMPANIONS—This 16-year-old Philippine girl has a 32-foot python for a pet, and, 'tis said, they are quite devoted to each other. The playmates live on the Island of Luzon, in the Philippines.

FREE GOLD AND CUBE GALENA

Tunnel 500 Feet Long to be Driven into Newly Discovered Vein

STEWART, Feb. 24.—Another find which is considered by the management as of considerable importance, has been made on the Big Missouri, according to F. T. Gigot, who visited the property this week and brought down ore samples from a new strike made near the north end of the group and about a mile from the main camp.

The ore is almost solid mineral and very complex in character, showing galena, copper zinc and iron pyrites. Assay values are understood to be about \$10 per ton, mostly in gold.

The vein shows on the surface about five feet wide, and the mine management is sufficiently impressed with its appearance to let a 500-foot tunnel contract, which has been undertaken by a part of the crew hitherto employed in the main workings. The topography of the ground is such that this tunnel can be driven in on the vein, which is a distinct advantage.

BONDS ISSUED FOR REFUNDING

Of One Hundred and Five Millions, Sixty-five are Payable in Canada

OTTAWA, Feb. 24.—Hon. J. A. Robb, minister of finance, announced the issue of \$105,000,000 Dominion of Canada bonds to provide for the refunding of maturing loans.

Of the new issue \$65,000,000 will be payable in Canada and the balance in New York.

The new bonds will bear interest at 4 1/2 per cent.

QUIET WEDDING AT LUTHERAN PARSONAGE

Miss Emma Werner Becomes Bride of John Schild of This City

There was a quiet wedding last evening at the Lutheran Parsonage, 249 Fifth Ave. W., when Miss Emma Werner of this city became the bride of John Schild also of Prince Rupert. The witnesses of the event were John Currie and Mrs. Josie Corral.

Mr. and Mrs. Schild will live in the city.

British Ambassador to Inquire Into Alleged Bombardment of a Canadian Schooner by U.S. Boat

LONDON, Feb. 24.—Sir Esme Howard, British ambassador to Washington, will be asked to make inquiries of the United States Government and report on the alleged bombardment of the Canadian schooner Eastwood by the coastguard cutter Seneca off the coast of New Jersey last week. Announcement of that effect was made today by Austin Chamberlain, secretary of state for foreign affairs, following representations which were made to London by Canadian authorities.

MOTHER OF MRS. BLACK PASSES CRASHED INTO JAP STEAMSHIP AT VANCOUVER

Mrs. Hester Barber Was Well Known in Alaska and This District

At 7.10 last night Mrs. Hester A. Barber, wife of A. H. Barber, who is at present in the city, passed peacefully away at the home of her daughter, Mrs. Peter Black, in the Central Hotel.

For the past year, the late Mrs. Barber had been in failing health and since Christmas she had been bedridden. Her death, though sudden, was not altogether unexpected by relatives although Mrs. Barber was apparently not aware that the end was so near. She was bright and cheerful right up to the last and only yesterday had been talking of returning to her little home in Bremerton, Washington, on her recovery.

The late Mrs. Barber, who was seventy years of age and a native of the state of Iowa, was one of the first white women to reside in Central Alaska. In 1905 she went to Circle City, and there made her home for fifteen years. Coming south again in 1910, she and Mr. Barber took up their residence in Terrace, going south from there seven years ago to Bremerton, Washington, where she had since resided. A frequent visitor with her daughter in Prince Rupert, Mrs. Barber was well known in this city. It was just before Christmas that she last arrived here from the south. Shortly after, Mr. Barber was called to the city on account of her serious illness.

Besides the widower and her one daughter, Mrs. Black, to whom widespread sympathy is accorded, the late Mrs. Barber is survived by three sons—John Quiner of Richland, Washington; Henry Quiner, of Chicago; and William Quiner of Madison, Wisconsin. All were children by a previous marriage.

Funeral arrangements, which are in the hands of the B.C. Undertakers, had not been definitely made this morning.

CRASHED INTO JAP STEAMSHIP AT VANCOUVER

High Wind in Vancouver Harbor Causes Accident to Meiyu Maru at Dock

VANCOUVER, Feb. 24.—While shifting from one dock to another the mail steamer Australien this morning crashed into the Japanese steamer Meiyu Maru which was docked at Spiller's elevator, doing damage to the upper works. The surveyors are now aboard.

The accident was caused by a high wind which made steering difficult.

LASH ORDERED TO BAD YOUTHS

Winnipeg Lads Get Penitentiary Term and Twenty Lashes for Burglary

WINNIPEG, Feb. 24.—George Forsythe and Henry Sorenson, two youths, were sentenced to five years in the penitentiary and to receive twenty lashes following their conviction of a series of burglaries and highway robberies.

Magistrate Macdonald insisted that it was necessary to protect citizens against desperate criminals.

Halibut Sales at First Auction Proved Remunerative Today When Large Quantity Sold

The halibut season opened well this morning when 139,500 pounds changed hands at the first auction, the prices proving very satisfactory to the fishermen. Only two of the larger boats got less than sixteen cents and ten, those being the Majestic and Rainer which sold at 15.80c and 9c. Augusta and Brothers were paid the highest prices, their catches realizing 16.90c and 19, prices that will pay them well for the trip.

Only three of the smaller boats were Canadian and the price paid them was little different from the American catches. Details of the sale follow:

American	Canadian
Majestic, 27,000, to Cold Storage at 15.80c and 9c.	Augusta, 12,000, to Gold Storage at 16.90c and 10c.
Rainier, 40,000, to Pacific Fisheries at 15.80c and 9c.	Glacier, 8,500, to Royal Fish Co. at 16.80c and 10c.
Brothers, 9,000, to Royal Fish Co. at 16.90c and 9c.	Yellowstone, 18,000, to Allin Fisheries at 16.70c and 10c.
Alliance L., 9,000, to Cold Storage at 16.80c and 10c.	Eureka, 6,000, to Booth Fisheries, at 16.80c and 10c.
Onah, 3,500, to Royal Fish Co. at 16.80c and 10c.	Ringleader, 3,000 to Allin Fisheries at 16.10c and 10c.
	Helen, 1,500, to Cold Storage at 16c and 10c.
	Swing, 2,000, to Cold Storage at 16c and 10c.

GOVERNOR SWORN IN AT OTTAWA

Hon. Randolph R. Bruce Will be Accompanied to B.C. by His Niece

VICTORIA, Feb. 24.—Hon. Randolph R. Bruce, who was recently appointed Lieutenant-Governor of British Columbia, is to be sworn in at Ottawa today and will leave Friday for British Columbia.

Lieut.-Governor Nichol will vacate Government House Tuesday.

From private sources it is learned that Lieutenant-Governor Bruce will be accompanied to British Columbia by his niece, who will share with him the social duties of Government House.

CANADIAN BUYS ISLAND PLANTS

Total Holdings of the Canadian Fishing Company is Now Fourteen Canneries

VANCOUVER, Feb. 24.—The Canadian Fishing Company, Ltd., has added to its holdings in Northern British Columbia and on Vancouver Island by purchase of the Nanaimo Cannery and Packers Limited and the Straits Fish Co. Limited plants, it is learned. The amount involved in the transactions is reported to be more than \$30,000. This brings the total number of canneries operated by the company at fourteen.

REFUSED ENTRY INTO SEATTLE

Aged Man Disappears After Being Questioned by Police at Victoria

VICTORIA, Feb. 24.—William Elmer, 80 years of age, who came to Victoria last week to seek admission to Seattle where it is said his son resides, after the necessary permission to enter the United States had been refused by the immigration authorities at Vancouver, disappeared.

It was learned that Elmer had been taken into custody and questioned by the police here and then released. The aged man has not been seen since.

EDMONTON GIRLS BASKETBALL TEAM DEFEATS VICTORIAS

VICTORIA, Feb. 24.—Vancouver girls basketball team of Edmonton defeated the Fidelity team here last night by a score of 27 to 22.

ALD. CASEY WILL BE ACTING MAYOR

Mayor Newton Leaves This Week to Attend Conference to be Held in Vancouver Next Week

Ald. George B. Casey will be acting mayor during the absence of Mayor Newton who leaves on Friday morning for Vancouver to attend the conference of western mayors which will be held on March 1, 2 and 3. The resolution to this effect was passed by the city council last night on motion of Ald. Perry, seconded by Ald. Brown.

FORMER MAYOR OF PORT MOODY DEAD

VANCOUVER, Feb. 24.—P. D. Roe, connected with the lumbering industry in the province for 38 years and mayor of Port Moody for nine terms, is dead here aged 63.

United States Consul E. A. Wakefield, who has been in Junau for the past ten days on official business, returned to the city yesterday and S. Bohm of the Vancouver consulate, who has been here relieving during his absence, returned south on the Lamson last night.

25 YEARS FOR ROBBING MAIL

Convicted Man Remarks "I'll Say Crime Don't Pay" When Judgment Given

LOS ANGELES, Feb. 24.—Geo. A. Davidson, confessed mail robber, was today sentenced to 25 years at McNeil Island Penitentiary.

Davidson, who with six other men robbed a mail truck of more than \$500,000 last October, remarked after the sentence: "I'll say crime doesn't pay."

DAILY EDITION Wednesday, Feb. 24, 1926.

Have No Pity On Peddlers Of Drugs.

It is to be hoped that magistrates and judges throughout the province will set themselves resolutely against any pleas for mercy on behalf of those who peddle drugs. They are the worst curse of the country. People who use drugs are often the unhappy victims of a foolish experiment but those who benefit from the weakness of the drug users are beyond contempt.

Edmonton Board Of Trade Inquiry.

Yesterday a letter of inquiry from the Edmonton Board of Trade was published in this paper. They want to know if any arrangement has been made for ships to come to this port to get the grain that might be offering.

Doubtless they will be told that the C.G.M.M. vessels have agreed to come here for cargo when needed and that others have offered to do so but that nothing can be done until there is cargo to be moved. If the local Board of Trade or its grain committee is asked to provide cargo space it will at once get busy and do so. Otherwise it is heating the air.

It is good to know that the Edmonton Board is interested in the development of this port. It is to be hoped that we shall be handling grain from the Edmonton elevator before long.

Output Of Peace River Increasing.

The Edmonton Dunvegan and B.C. Railway connecting Edmonton with the Peace River district goes through a fertile district, apparently, for last year it produced about three million bushels of grain. All of that would have come this way if there had been a western outlet. As it was it would be taken to Edmonton and then moved eastward to the Lakes or by Calgary to Vancouver.

The C.P.R. route west from Edmonton is not an economical route for hauling grain from the Peace River to the coast. Not only is it too long but it has to go over a bad grade. What the C.P.R. should have, if they are to serve that country, is a western outlet for their railway by way of Prince Rupert. At present they are at a decided disadvantage in handling grain from northern Alberta.

Help Develop Home Talent.

Any organization, group or individual that helps to develop home talent is worthy of support. Just now there is a little group of young people, headed by Alex. Connon, that is engaged in developing the histrionic ability of local people. They call themselves the Players Club and they are doing excellent work. Their first play, put on under difficulties, brought general praise and now they are almost ready with another which is to be quite pretentious and which will be offered to the public next week. Doubtless it will get the good support which it deserves. It is difficult here to get outside entertainers of ability to visit the city, so any efforts to develop local talent, especially when such good results are obtained as have been by this club so far, deserve to succeed.

OOTSA LAKE GAME RESERVE

VICTORIA, Feb. 24.—The largest game reserve in America will be created south of Ootsa Lake under plans shaped by the Game Conservation Board, M. B. Jackson, chairman of that body, announced.

The area which would be protected is completely surrounded by water and while its extent is not known, it is of enormous size.

The animals here have been seriously depleted by intensive trapping but in a few years would increase to their normal numbers, Mr. Jackson said.

Moose bands which are moving southward will enter the district soon.

The game board proposes to establish another reserve near Bridge River.

It also is urging the appointment of game wardens to supervise every reserve in the province. Some reserves are not protected in this way now.

ROVER SAILS TONIGHT
C.G.M.M. freighter Canadian Rover, Capt. J. J. Flood, which has been undergoing annual overhaul at the local dry dock, sails tonight for Ocean Falls to resume service in the Ocean Falls-California paper carrying trade.

TO LOOK INTO COAL BUNKERS

Committee of City Council Appointed to Make Enquiries into Matter

The matter having been brought up by Ald. Jos. Greer, a committee consisting of Ald. Jos. Greer (chairman), Ald. R. F. Perry, Ald. George B. Casey and Mayor Newton was appointed at last night's council meeting to make inquiries with a view to the establishment of coal bunkers at this port.

Ald. Jos. Greer pointed out that the elevator here was now almost completed and it was hoped that it would soon be handling grain. The question of coal bunkers now arose and he thought it would be a good idea if the city went into the matter, not necessarily with a view to having the city itself build the bunkers but in order to obtain estimates as to cost that might be valuable in inducing other interests to come here and erect the bunkers. The services of the city engineer might be used in this regard. He suggested that a committee be appointed to go into the matter.

Is Sceptical

Ald. Perry was rather sceptical about the idea. He could see no benefit to be derived through the time of the city engineer being so used. Any company that might contemplate the erection of coal bunkers here would have its own engineers to obtain the necessary information.

Ald. Casey thought the city council might well be instrumental in at least making inquiries of coal dealers and shippers in order to ascertain if any of them contemplated the erection of bunkers here. Such bunkers would be a port necessity and, if the city could assist in any way in their establishment, it was very desirable that it should do so. Local coal dealers had said they could handle the situation but it was not known definitely if they could. He thought that the matter might be to some extent pressed by the city council.

The motion of Ald. Jos. Greer and Ald. Casey that a committee be appointed was then carried and the mayor appointed the committee as above named.

WILL USE TARVIA ON NUMBER OF STREETS

Large Sum to be Spent in Improving Surface of Recently Graded Roads

The board of works is contemplating the spraying of a number of streets with tarvia in the city with tarvia and last night a report from that committee involving work along this line to the extent of about \$11,300 to be paid for out of general fund was presented to the council and referred to the finance committee to be considered in connection with the estimates.

The streets on which the board of works proposes to put tarvia surfacing are Fulton Street, McBride Street, Fifth Avenue East, Seventh Avenue East, Hays Cove Circle, Eighth Avenue West, Sixth Avenue (Section 7), Immanuel Street, Seventh Street (Section 7), Seal Cove Road, Hays Cove Avenue and Albin Avenue.

The estimate submitted by the engineer gave the total estimated cost of the work as \$6,300, but Ald. W. J. Greer pointed out that to put the streets in shape for the receiving of the tarvia would cost another \$5,000.

REQUEST OF FAIR BOARD FOR BIGGER GRANT IS RECEIVED

The request of the Northern B.C. Agricultural & Industrial Association for a grant of \$3,000 this year from the city was received at the council meeting last night and, without discussion, was referred to the finance committee to be dealt with in connection with the estimates. As reasons for the request, the Fair Board, in its letter, stated that Fair expenses now were greatly in excess of what they had been in the past and the Board was desirous of having an idea early in the year what assistance it might expect so it might lay its plans accordingly.

Last year, the Fair Board received \$1950 from the city Mayor Newton stated in answer to a question from Ald. Brown.

Mutual Life's Unbroken Progress

\$3,796,982 Surplus Earnings in 1925 Shows Exceptional Strength of the Mutual Life of Canada

Pioneer Mutual Company Has Record Sum for Distribution to its Policyholders

THE 56th year in the history of the Mutual Life Assurance Company of Canada was marked by solid and substantial progress. It is gratifying to note from the reports made to the policyholders at the annual meeting on February 4th that the 1925 operations of Canada's pioneer Mutual Life Company compare very favorably with the record results achieved in 1924. The 56th milestone in Mutuality marks 56 years of unbroken prosperity.

Our Policyholders—who alone constitute the Company—rightly judge the strength and progress of the Mutual Life of Canada by its surplus earnings from year to year. The surplus earned by this Company during 1925 totalled \$3,796,982.41—an increase of \$296,724.41 over the surplus earned in 1924, in which year all previous high-water marks were surpassed. These remarkably favorable earnings will enable the Company to continue to pay dividends to Policyholders on the same liberal scale in 1926 as heretofore, and, in addition, the free surplus available for contingencies has been increased by \$607,981.91. The amount paid to Policyholders in 1925 was \$7,201,403, an increase of \$969,252 over the 1924 total.

Steady, Safe Growth in Business

Healthy expansion of the Company's business is again recorded for 1925, by the end of which year the total in force amounted to \$322,529,285. At the end of 1924 the assurances in force totalled \$295,729,866, so that 1925 showed a net increase of \$26,799,419. The total new issue for last year was \$45,573,577—an increase of \$2,249,280 over the 1924 volume of new business.

Notwithstanding this very considerable increase the expense ratio—already notably low—was again reduced on 1925 business. The percentage of income required to cover general expenses was cut from 15.50% in 1924 to 15.23% in 1925.

This economy in administration was one factor contributing to the exceptionally high surplus earned for Mutual Policyholders. Very favorable mortality and an equally favorable interest rate on invested assets were other factors.

Low Mortality and Higher Interest

An extraordinarily low rate of mortality was experienced in 1924, the actual death strain being only 36.01% of the expected, so that although the death claims paid in 1925 exceeded those of 1924, the mortality ratio—37.95%—was still very favorable.

Although throughout last year the trend in bond prices was toward higher figures (with consequently lower yields), coupled with a tendency toward lower rates of interest on mortgage loans, the Company was able not only to maintain the average rate of interest earned on its invested funds, but to make a slight increase to 6.42%.

Assets Steadily Increase

Indicative of the impenetrable financial situation of the Company is the \$6,556,800 increase in accumulated assets, which now total \$72,517,566, as against \$65,960,767 at the end of 1924.

By every test, the principle of Mutuality—whereby the profit-participating Policyholders receive back the entire net profits—justifies confidence in the continuance of benefits to Mutualists in the coming years.

The MUTUAL LIFE of CANADA

WATERLOO — ONTARIO

Operated solely for its policyholders

THE MAN IN THE MOON

JAKE wants to know what's this Players' Club he hears so much about. I'll tell you, Jake, the members are young people that are getting ready to listen to Wedding Bells.

THE other day I was going to the library for a book, but I was told it was not there. It was a bank book I wanted.

WHEN I was told I could not get a bank book without some money I said "No, thanks, not this time. I can get all the books I want from the library for nothing."

THE other day in one of the local barber shops Jack inquired what his customer would have on his head. "My hat, as soon as possible please," was the reply.

ONE of the things that does not get you anywhere during Lent is trying to get something for nothing. It's the same thing at Easter and also at Christmas.

IT'S amazing that a Parliament with hardly any women is beginning to do any business.

If Meighen's group goes on the way it is going we shall get the notion that all the Tories are good for is to talk and move amendments.

THE immigration department is getting a jump on. A thousand Swedish immigrants are

TERRACE NOTES

W. McGibbon, Vancouver, was a business visitor at the beginning of the week.

Hugh McDonald of Usk, spent Monday in town.

Frank Hipp the Terrace school boy who ran away from home a week ago Friday, returned on Monday night.

The W.A. of the Anglican church will meet on Thursday of this week at the home of Mrs. H. M. Wilson, and the United Church Guild will meet the same day at the home of Mrs. Thos. Brooks.

George E. Keith returned on Monday night after a short business trip to Prince Rupert.

U. G. Paine, Usk, was a visitor in Terrace on Monday.

M. L. Worlock, Prince Rupert, was a business visitor on Tuesday.

C. W. Parker of the Lakelse Valley is spending a few days in town at the Terrace Hotel.

W. Warner, telegraph operator at Rosswood, was in town on Tuesday.

Ten Years Ago in Prince Rupert

February 24, 1916.

There was a very interesting debate at the Presbyterian Church Fortnightly Club last night on the subject: Resolved that the attitude of the United States in the present war has been in keeping with the highest ideals of the age and the best interests of civilization. The affirmative side taken by W. O. Fulton and H. E. McRae was given the decision over the negative in the hands of D. C. McRae and G. R. Naden.

Judgment has been reserved by Judge Robertson of Prince George in the case of the Prince Rupert Club vs. the Employers' Liability and Assurance Corporation.

A committee consisting of H. E. Ross, George D. Tite, George Sweet, V. A. Cole and Carl Olson has been appointed to make arrangements for "Ladies' Night" that will be held fortnightly by the Fraternal Order of Eagles.

WATER NOTICE

USE AND STORAGE. TAKE NOTICE that Wallace Fisheries Limited whose address is 1001 Vancouver Street, 735 Granville Street, Vancouver, B.C., will apply for a license to take and use 20 cubic feet per second and to store 2333 acre feet of water out of Claxon Creek, also known as Wallace Creek, which is a tributary of the Skeena drainage into Skeena River about seven chains south of the northwest corner of Lot 20, Range 5, Coast District.

THE STORAGE DAMS will be located at the following places. Their capacities will be as respectively set forth, and they will flood the areas respectively shown—

1. Located: Natural outlet to Lake at head of Wallace Creek, Capacity, 420.0 acre feet. Will flood, 56.43 acres.
2. Located: Natural Outlet to Claxon Lake at head of Wallace Creek, Capacity, 412.0 acre feet. Will flood, 12.00 acres.
3. Located: Natural outlet to Fitzpatrick Lake at head of Wallace Creek, Capacity, 300.0 acre feet. Will flood, 47.51 acres.
4. Located: Natural Outlet for Emerald Lake, at head of Wallace Creek, Capacity, 198.0 acre feet. Will flood, 21.7 acres.
5. Located: Natural Outlet for Artificial Lake, at head of Wallace Creek, Capacity, 236.0 acre feet. Will flood, 15.30 acres.
6. Located: 3 Dams near head of Claxon Creek at Natural Outlet to Lake, Capacity, 1200.0 acre feet. Will flood, 12.00 acres.

The water will be diverted from the stream at a point about 2000.0 feet northward from the southeast corner of Lot 20, Range 5, Coast District, and will be used for Power and Industrial purposes upon the land described as Lot 20, Range 5, Coast District and upon Fore-shore Lease fronting thereon and now held in the Lands Department as No. 955-10-10, also known as the "Claxon" survey as Lot 6825, Range 5, Coast District.

THE STORAGE LICENSE applied for is as to 250 acre feet thereof in supplement and right to take and use 8.24 cubic feet per second under Conditional License No. 3725, and 4 to 1436 acre feet thereof to supplement the right to take and use the water applied for herein.

THIS NOTICE was posted on the ground on the 1st day of February, 1926. A copy of this notice and an application pursuant thereto will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is February 17th, 1926.

T. J. Shenton, inspector of mines, is on a trip to Stewart on official duties.

Jack Bulger is on a business trip to Stewart, having gone north Sunday night.

The annual general meeting of the Canadian Club will be held in the Court House on Friday evening at 8 o'clock. 47

James Calvin, well known Alice Arm prospector, is a visitor in the city, having arrived from the north on the Camosun yesterday afternoon.

Accounts up to February 19 totalling \$7,420 and including school board bills for January were passed for payment by the city council last night.

Tax sale certificate rights in lot 23, block 31, section 6, were transferred by the city council last night to Frank Vickers in consideration of the sum of \$61.14.

Passengers sailing last night on the Camosun for Vancouver included A. Mason, W. Dalby, Max O. Hilshey, W. Johnson, G. McKenzie, S. Blom and Miss Jean Busk.

A report from the finance committee recommending that rent of \$4 per month as from February 1 be paid by the city for David Lyons was adopted by the council last night.

On recommendation of the Board of Works, the city council decided last night to call for tenders for the year's supplies of tools and other hardware for the public works department.

J. G. Bjornstad and J. E. Galhoun, directors of the Skeena Lumber Co. which operates the sawmill at Usk, after having spent several days visiting at Usk and in the city, will return to Minneapolis leaving here on tonight's train.

A report from the Board of Works recommending that the matter of an accident to John M. McLean, when he was recently run down and injured by a city car, be placed in the hands of the finance committee and city solicitor with power to act was accepted by the city council last night. The accident occurred near the corner of Sixth and Hays Cove Avenue.

Local improvement initiative bylaws providing for the building of a sidewalk on Fifth Ave. between Musgrave Place and Taylor Street and for the matting grading of Seventh Avenue West between Fulton and Dunsmuir Streets and Dunsmuir St. between Sixth and Seventh Avenues were given final readings at last night's council meeting. The building of the Fifth Avenue sidewalk will proceed in advance of the passage of the construction bylaw, a petition from the property owners involved to that effect having been received.

She Was Troubled With Chronic Constipation

Once your bowels become constipated you are in for a lot of trouble, as constipation is one of the most prolific sources of disease that the human race is addicted to, therefore a free motion of the bowels every day should be the aim of everyone who aspires to perfect health.
 Mrs. O. W. Lawrence, Cloverdale East, N.B., writes:—"I was troubled with chronic constipation, and became so bad I was almost afraid to eat anything.
 One day I saw your advertisement of

Milburn's
LAXA-LIVER PILLS
 so I got three vials, and after taking them I have never been troubled since with constipation."
 Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Highest prices for furs at Goldblom's.

Does your husband admire red hair? To cure him, take him to see "Wedding Bells."

Moose whist drive and dance Wednesday, February 24, at 8:30 prompt in Metropole Hall. 46

The Ladies Aid of the Presbyterian Church will hold a tea and sale of home cooking in the Church Hall on March 17.

Max O. Hilshey, brother of Mrs. Tupper and Miss Hilshey, who has been visiting in the city, returned to Vancouver on the Camosun last night.

Application for discontinuance of the Consolidated Exporters' appeal against the conviction and fine of \$2,500 in the police court recently is being filed in the County Court this afternoon.

An offer from George H. Arnold for lot 1, block 21A, section 1, was rejected by the city council last night, on recommendation of the finance committee. There is \$4,550 in taxes standing against the lot in question.

James L. Lee, manager of the Alton Fisheries returned to the city from Vancouver on the Prince Rupert this afternoon following a three-month's trip to Scotland in the course of which Mr. Lee visited his former home in Fraserburg near Aberdeen.

Mr. and Mrs. W. J. Coulter and family, who have been residing at Anyox where Mr. Coulter has been an official of the Granby Co., were passengers going south on the Camosun yesterday afternoon bound for New Mexico where Mr. Coulter will be in future located.

Edgar Phinney, charged with wounding Albert Sandstrom in a recent affray at Lockport, again appeared for preliminary trial in the provincial police court this afternoon and was remanded for eight days, he wounded man, who is still in hospital, is not yet able to appear in court.

Wallace C. Orchard, C.P.R. general agent here, leaves tonight aboard the Prince Rupert for Stewart on company business. He will be away the better part of a week and, during his absence, the local office will be in charge of Arthur Graves, purser of the Princess Beatrice.

Estimates of the public library for the year 1926 totalling \$3,889.80 were submitted to the city council last night with the request that they be passed in full. It was pointed out that the estimates were higher this year because a large amount of re-binding is necessary, some 300 or 400 books requiring attention. The estimates, which were accompanied by the library board's annual report for 1925, were referred to the finance committee.

A letter from B. G. Beale drawing attention to an unfinished ditch at the corner of Donald Street and Seventh Avenue which is causing a pool of stagnant water that is dangerous and injurious to surrounding property was received by the city council last night. Mr. Beale also inquired if anything was to be done in connection with the grading of Seventh Avenue in Section 7, work which is understood by the residents would be undertaken this year. The communication was referred to the Board of Works.

ASSEMBLY DOCK AT VICTORIA

Work at Ogden Point Making Progress Where Car Slip Being Put In.

VICTORIA, Feb. 23.—Work is progressing rapidly on the lumber assembly plant to be established at the Ogden Point piers. Piles are driven for the erection of a pier 188 feet in length and fifty feet wide, which will be provided with an apron slip for the car ferry.

The barges will be loaded with lumber at the Point Ellice terminal and ferried across the harbor to pier three of the Ogden Point docks, where they will be unloaded by a ten-ton moving crane, which will be able to deposit the lumber at any part of the ocean piers for loading.

Railway tracks will be rearranged so that the lumber can be taken to pier two or stored in the warehouse on pier three. This will enable more than two liners to load lumber at the ocean piers at one time.

The Pacific Engineers, Ltd., of Vancouver, secured the contract for the work and expect to complete the two slips, one at Ogden Point and one at Point Ellice within the next month and a half.

Following completion of these two slips and the arrival of the moving crane up-island lumbermen will be able to assemble their product at the ocean piers for export to various parts of the world. In the past logging camps and small mills have been handicapped in shipping their lumber. The establishment of the assembly plant follows a big extension of the Canadian National Railways along Cowichan Lake and into Cowichan Bay.

DRESS COLORS FOR WOMEN THIS YEAR

Ten Shades to be Fashionable Mostly of Half-Tone and Pastel Variety

LONDON, Feb. 24.—Leading British color experts have chosen ten shades which will be fashionable in women's dress this spring. The main tendency of the new fashion spectrum is a reaction from full colors to half-tones of pastel shades, with a very definite though unobtrusive brightness.

"Bright matives," says one expert, "will give way to a soft shade which has been named fox-glove. The fashionable blue will be Airforce, this being the color of the Royal Airforce uniforms. Full browns, after an extraordinary vogue, will hardly be seen at all. Their place will be taken by more delicate shades, notably the tawny oakapple and a paler sand effect, Sahara.

"The two principal greens will be yellow green, named Chartreuse, after the famous liqueur, and Palm, recalling the trees on the Riviera. Cloud, the new grey, is the color of clouds on a fine spring day. It will be worn during the later stages of Court mourning for Dowager Queen Alexandra, but there is every indication that it also will become a general fashion."

"Two of the most daring and novel shades are Dawn and Biskra," the expert added. "These are delicate shades in pink. Finally, there is a beautiful pastel red called Rose Marie. The colors have been chosen so that they will blend in any combination for any purpose."

A Voice from the Crowd

Orator—No, gentlemen, I will tell you that if you want a thing done well you must always do it yourself.

Voice from the crowd—How about getting your hair cut?

Mr. and Mrs. J. Field Strang are visitors in town today from Sunnyside Cannery.

CLOSE FINISH IN BILLIARDS

Veterans Win Bulger & Cameron Cup With Two Points to Good Over Billiard Parlor

The first division billiard league competition came to an extraordinary and climatic finish last night when the Prince Rupert Billiard Parlor defeated the Great War Veterans by an aggregate score of 1244 to 1138 in the final tournament, the victory being just two points short of the margin that was necessary for the Billiard Parlor to wrest the Bulger & Cameron trophy from the War Veterans.

SPORT CHAT

The Milburn Cup, presented last fall by H. C. Milburn of Montreal, assistant general manager of the Canadian Government Merchant Marine, through J. H. Pillsbury, the then manager of the local dry dock, is still in the hands of E. A. Mann of this city and due to the fact that there has been no Association in the city this winter, no competition has been yet arranged for it and it looks as if there will be none this season.

She Coughed Night and Day Until She Used

Dr. Wood's Norway Pine Syrup

Mrs. S. E. Little, 103 Inkerman St., London, Ont., writes: 'I got a very severe cold which settled in my bronchial tubes.'

I coughed night and day, and although I tried several different remedies I could get no relief until a friend advised me to take Dr. Wood's Norway Pine Syrup. This I did, and I must say that it gave me almost immediate relief as I got rid of my cough very quickly. I hope this testimonial will be the means of helping others.'

'Dr. Wood's' is put up only by The T. Milburn Co., Limited, Toronto, Ont.

out, as there was no league in operation this winter. Mr. Mann suggested that it should be made a trophy for Northern B.C. ladies' championship. That suggestion, however, was not acted upon probably because there was no responsible basketball organization in existence to take the necessary action.

Seventy-eight stitches, the greater number of which decorated his nose, testify to the active service record in the arena of professional hockey, of Carol 'Cully' Wilson, dashy forward of the Calgary Tigers professional hockey club. Except for his nose, Wilson is not greatly disfigured by the scars. It was largely during his early career that 'Cully' was so freely carved about the face. He was a daring athlete, taking a chance in tearing in for goals that other players would not attempt. In 1918 it was reckoned that he had received 48 scars.

Wilson has not been able to keep an accurate account of all those who contributed to his slashed and battered countenance but he has figured out something like this, with some assailants missing before 1916: Pille, Canadians, two stitches; Cy Depenny, Shamrocks, five stitches; Steamer Maxwell, Winnipeg, four stitches; Feheller, Vancouver, five stitches; Art Ross, Wanderers, one stitch; Genge, Victoria, two stitches; Monte McKenzie, Kenora, four stitches; Girard, Ottawa, four stitches; Roman, Ottawa, five stitches; and some Winnipeg player, five stitches. Since 1916, he was cut by Lloyd Cooke of Vancouver for seven stitches; Barney Stanley, Vancouver, five stitches; Dick Irvin, Regina, four stitches; and Crutchy Morrison, Edmonton, last season, for one stitch. Wilson has had more than a dozen stitches in his legs and besides that he has suffered two ribs broken, knees smashed and shoulder broken.

EXAMINATION FOR THE POSTION OF ASSISTANT FOREST RANGER.

Object. These examinations are for the purpose of filling present vacancies and to raise candidates to qualify for future vacancies and increases in staff.

Assistant Forest Rangers. Assistant Forest Rangers are employed during the fire season of each year in this district to extend where possible work on improvements such as trails, etc. An appointment is made each year as far as the condition of the staff is concerned. The examination is held in the month of August. The salary is \$1500 per month for the year and \$1500 for the second year, and \$1200 for the third year. Training expenses are also paid.

Qualifications for Candidates. Candidates must be British subject residents in British Columbia for at least one year, of good character, sound physique and of sound mind. They should have experience in fire fighting, possess the ability to read, write and handle maps, and have knowledge of the Forest Act.

The examinations are partly written, partly oral and are designed to test the candidates' ability along the above lines. All statements made by applicants as to experience, education and fitness are subject to verification by the examining board. Preference is given to returned soldiers with the necessary qualifications.

The examinations will be held at the places and on the dates named below. Each intending candidate should apply to the District Forester of the district for application forms and for information regarding the hour of the examination and the building in which it will be held. Application forms should, in each case, be filled out and mailed to the District Forester in time to reach him at least six days before the examination.

Apply to District Forester at: Prince Rupert, 414 Prince Rupert Terrace; Burns Lake, 1018 Prince Rupert; Terrace, 2210 Prince Rupert; McBride, 154th St. E. B. B. B. Deputy Minister of Lands.

TIMBER SALE, X7549.

Sealed Tenders will be received by the Minister of Lands at Victoria and Prince Rupert, B.C., until 12 noon of April 1926, for the purchase of License X7549, to cut 5,353,000 feet of Spruce, Hemlock, Fir, Cedar, and other timber on the Hange 4, Coast District.

Three (3) years will be allowed for removal of timber, and the license shall terminate on the 31st day of March, 1929. Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

WATER NOTICE

Diversion and Use. TAKE NOTICE that George Little and Clair L. M. Giggley, who hold license for the diversion of water from the Kootenay River for the purpose of power, are hereby notified that they have applied to the Minister of Lands for an application pursuant to the provisions of the Water Act, and that the same will be filed in the office of the Water Recorder at Prince Rupert, B.C., on the 24th day of February, 1926. Objections to the application must be filed with the said Water Recorder at Prince Rupert, B.C., within the time specified in the notice, and the same must be accompanied by the fee of \$10.00. The date of the first publication of this notice is February 24, 1926.

NOTICE.

TAKE NOTICE that after publication of this notice for four weeks we shall apply to the Registrar of Companies to change the name of the company to that of 'John Bulger & Cameron Limited' at Prince Rupert, B.C. This day of February, A.D. 1926.

BULGER & CAMERON LIMITED.

COMMITTEE TO INVESTIGATE

Ald. Stephens' Request For Enquiry Into Duggan Removal Granted by Council

The appointment of a special committee consisting of Ald. Perry, chairman, Ald. Jos. Greer and Ald. W. J. Greer to go into the matter was the result of Ald. Stephens' motion at last night's council meeting calling for an investigation into the circumstances attending the removal last fall of John M. Duggan from the city utilities force.

After his motion had been seconded by Ald. Casey, Ald. Stephens stated that the intent was merely to have an inquiry into Mr. Duggan's removal in order to ascertain if he had been dealt fairly with. Ald. Stephens pointed out that Mr. Duggan had been in the employ of the city since 1910 and had apparently given satisfaction to all the superintendents until the advent of the present one last fall.

Ald. Brown, chairman of the utilities committee, pointed out that no successor had been appointed to Mr. Duggan. He had been laid off in December when work on the new transmission line had been completed. There had been no discrimination and he could see no reason for an investigation.

Wait For Inquiry

Ald. Stephens felt that Ald. Brown should withhold the giving of evidence until the enquiry was held. He felt that an attempt was being made to forestall the investigation.

Ald. Brown denied that he had any such intention. The utilities committee would welcome an investigation though if investigations were to be held every time a laborer was laid off, the city would be continually having such investigations.

Ald. Casey thought that it would be proper to grant the investigation that was requested. The motion was then carried.

Special Committee

Later in the evening, the question came up as to the form the investigation would take and, after some discussion, it was decided, on suggestion of Ald. Casey, to have a special committee go into the matter to ascertain if the circumstances warranted a full enquiry by the council in committee. Ald. Stephens and Ald. Brown objected to each other being members of this committee on the grounds of prejudice. The committee consisting of Ald. Perry, Ald. Jos. Greer, and Ald. W. J. Greer was then appointed, it being instructed to report back to the council after it had gone into the matter.

SHOULD PLAN FOR SIDEWALKS

Ald. Stephens Makes Suggestion in Connection With Recommendation of Fulton Street Path

On recommendation of the board of works, the city council decided last night to construct a four foot cinder path on Fulton Street between Sixth Avenue lane and the Norfolk Rooms. The work, which Ald. Perry pointed out would tend to remove a danger to pedestrians on account of vehicular traffic at the point in question, would be paid for out of general fund and the cost would be about \$100.

While having no particular objection against the piece of work now proposed, Ald. Stephens stated that it was not fair to taxpayers in the city who were paying for their own local improvements to have to contribute through general fund for such work as this. He suggested that the whole matter of sidewalks in the city should be gone into and a scheme submitted to the council for the carrying out of such work under the local improvement plan. He was of the opinion that there were not sufficient sidewalks in the city and specified Seventh Avenue East and Borden Street near the schools as being points where there was urgent need for sidewalks.

Ald. Perry agreed with Ald. Stephens' suggestion.

Teacher—Euse "canterize" in a sentence.
Billy—I know she was mine the moment I caught her eyes.

PRICE CHANGE

Introduction of the improved Ford closed models in colors has substantially increased the demand for these popular cars. In line with the policy to give its customers the benefit of all reductions in production costs, the Ford Motor Company of Canada, Limited, announces substantial reductions in all closed models except the coupe. These reductions effective as of February 11th.

	New Price	Old Price	Reduction
Fordor	\$755	\$895	\$140
Tudor	695	755	60
*Chassis	325	335	10

Added refinements in the new model runabout, touring car and light delivery have necessitated a slight price increase. These prices are now as follows:

	New Price

New Eye Test
People who are troubled with astigmatism know how hard it is to get glasses fitted of the proper strength and axis. As a result of numerous experiments, we have perfected a new method of testing which looks very simple, but gives good results in much less time than former methods.
Call in if you have eye troubles.

GASOLINE BILL IS REFUNDED BY CITY

Council Decides to Reimburse City Transfer to Extent of \$225

The city council, on recommendation of the board of works, decided last night to refund to the City Transfer an account amounting to about \$225 covering gasoline supplied to the transfer company last fall when it was engaged in the work of hauling rock for the city streets. Speaking to the report, Ald. Perry stated that the transfer company had understood, on accepting the sum of \$19 per day for the use of its trucks, that gasoline would be supplied by the city. At the end of the year,

however, the account covering the gasoline had been presented. He felt that it would be only fair for the city to make the refund in view of the hard usage to which the trucks had been put and the moderate charge that had been made.

Ald. Casey, stating that he had no objection to the particular account in question being paid, said that he did object, however, to the principle of hiring trucks and paying for their gasoline. It was preferable, he felt, to pay the trucks on a proper scale and have them supply their own gasoline.

Ald. Perry agreed with this principle and stated that, from the first of the year, the trucks had been operating on that basis.

NEW COMPLEX ORE IN BIG MISSOURI

"Big Mike" is Latest Stewart Prospect to Look Like Good Find

Massive cube galena, free gold, lead carbonate and lead oxide in a pearl-quartz gangue which is in places strongly honey-combed and leached, is the spectacular ore now being dug from the "Big Mike" property by Mike Milos, Harry Wilkinson and Mickey Nash, the last named representing John McDonald who owns a third interest with Milos and Wilkinson, the three having located the property last fall says the Portland Canal News. The ore is a peculiar find for this

section, and is not common, so far as can be learned, in any mining district.

Free gold and cube galena are not as a rule considered as affinities in ore, yet specimens brought to town last Saturday by Harry Wilkinson show specks of the precious metal in the quartz gangue matter, and have created an unusual amount of interest on the part of miners wintering in Stewart.

Close to Deep Water
The discovery of the Big Mike is an illustration of the possibilities existing for the prospector even in a section that is supposed to be pretty well combed over. The showing upon which the men are working is situated only about six miles down the canal from Stewart, and from the extracted a pebble can be thrown into the deep water of the inlet. The vein upon which they are working runs diagonally up the mountain from the beach. Near the water it is two feet wide but barren. About 200 feet from the water it is cut by a small creek which forms a steep but small canyon. Here they are putting in a short crosscut, and the last round of shots before Wilkinson left had broken a foot of ore.

Superficial prospecting last fall disclosed the fact that there are several other veins on the property which, however, are less accessible and appear to be low grade on the surface.
"Do you have animal crackers?"
"No, but we have some very nice dog biscuits."

The Wise Woman

always dresses to her advantage. If she is plump, she chooses a Gossard to mold her figure to more slender, flowing lines. If she is slender, her Gossard choice will grant her queenly carriage, provide just enough foundation for her costumes. If she is short, a Gossard interpretation will support her figure erect, and make her step buoyant and light, and if her figure is perfect, a Gossard will keep it so.

MURDER HOUSE IS NOW USED
Blood Stains Remain as Historical Reminder of "Just Fate of Autocrats."
IS HISTORICAL MUSEUM
SVERDLOVSK, (formerly Ekaterinburg), Siberia, Feb. 23.—The Bolshevik government has converted the house in which the Emperor and Empress of Russia and their family were murdered into a historical museum. Part of the building, which is of considerable size, is occupied by a small Communist "university." The former dining room of the Imperial family has been transferred into a reading room, where scores of proletarian students in black calico shirts and high boots pore over newspapers and scientific books.
Outside the house, which overlooks the "Square of National Vengeance," is a marble pedestal on which stands a headless statue of Karl Marx, the statue having been beheaded by Kolchak's troops in 1918.
Grim Chamber
The students of the "university" and the library apparently are undisturbed by the presence in the basement of the blood-stained, bullet-pierced room in which the Czar and his family were killed. This grim chamber has been preserved by the local officials to serve as a "historical reminder of the just fate that befell the Autocrat of all the Russians."

OR DOME RAISING?
A man has written a book on Brain Culture. That's vulgar. Why couldn't he just as well have called it Mental Development?

HUGE NUMBER AUTOMOBILES
Number in World is Now Said to be 25,973,928 of Which Canada Has 727,594.
WASHINGTON, D.C., Feb. 21.—The world had 25,973,928 automotive vehicles in operation on January 1, of which Canada had 727,594, according to the commerce department which has completed a world-wide census. This total is 3,273,000 in excess of the number in operation the year before.
While the United States predominated overwhelmingly with 19,999,436, other countries are becoming more important factors. Great Britain had 1,474,573 machines running; France, 855,000; Germany, 539,830; Italy 184,700; Argentina, 181,250; Brazil, 61,950, and Russia 18,500.
Apparently the country where the automobile is least desired is Tibet, for the search disclosed only one machine there—a motorcycle.

NEWSPAPERMEN ASK PROFESSIONAL BADGES

Are Your Feet Entered In Big Perfect Foot Contest?
The time is short so you had better hurry if you want to enter this interesting, scientific contest. An unprecedented amount of enthusiasm has been aroused in this affair. People in all walks of life are flocking in to have their feet Peditographed and their names entered in this contest.
Valuable Prizes to the winners
Perfect feet are hard to find, but this contest will be decided and prizes awarded to the most perfect feet entered. Even though your feet may not be absolutely normal, yet they may be the best entered and consequently you would be awarded the prize.
This Perfect Foot Contest is made possible through the installation of Dr. Scholl's Peditograph, a wonderful new invention that makes a perfect impression of the feet and immediately shows their exact condition. This is very valuable information for you to have. It only takes a few seconds to make these pictures and it is not necessary to remove the hose.
Be sure and come in before the contest closes. Bring your friends and neighbors. It's a wonderful opportunity to learn just how near perfect your feet are.
The Contest Begins Feb. 15; It Ends Feb. 27
Jabour Bros., Ltd.

ACCOMMODATION FOR CANADIAN STUDENTS
University City at Paris to Have Building Ready for Canadians in July
PARIS, Feb. 23.—The University City which is being erected on the Boulevard Jourdan for the accommodation of students attending the Sorbonne will shortly have a notable addition. At present only the French section, providing rooms for 324 students, 58 of whom are women-students, has been opened. Considerable progress has now been made in the erection of a spacious building which is being built by Canada for the accommodation of Canadian students in Paris and it will be completed in time for inauguration on July 1, the Canadian National Fele Day. Rooms are being provided for 45 students holding Canadian Government scholarships. Each room will be furnished with a bed, a divan, a bookcase, and two chairs, while leading off it will be a dressing-room with water supply and space for clothes. Arrangements are being made for the installation of the most modern of bathrooms, while an up-to-date laundry will be attached to the premises. One of the most attractive features of the building will be a wide lounge, facing south, which will be furnished with basket chairs and in which early morning breakfast will be served. Beavers and maple leaves will appear in the sculpture round the ceiling and in the parquet. A large assembly hall has been provided, extending from one wing of the building to the other.
Progress is also being made

ATHENIAN WOMEN ANNOYED AT ORDER WEAR SHORT DRESSES
ATHENS, Greece, Feb. 24.—General Pangalos' edict against short dresses has hurt the feelings of some Athenian women, who consider themselves the best judges of what they should wear. So they have set to work to circumvent the ordinance of the premier and at the same time poke fun at it.
They go forth in skirts that barely reach the knee and when a policeman comes in sight with a summons-like look in his eye, the dress lengthens down to the ankles as if by magic. An ingenious system of elastics enables the wearer to lengthen and shorten her dress at will.

DEATH PENALTY FOR SHOOTING SABLE FOR SKINS IN RUSSIA
YAKUTSK, Siberia, Feb. 24.—Sable skins, the costliest and rarest of furs, are becoming so scarce that the government has decided to prohibit further shooting of the animals.
Whoever shall shoot one of these coveted animals, says the new regulation, will himself be shot.
As in North America, sables in Russia have been diminishing.
