## INDIAN CHILDREN TRY CATTLE FIRE DANCE AND ARE BURNED TO DEATH

### Ten Million Dollars Lost on Colorado as Coronach Wins Derby

EPSOM, June 2.—Lord Woolavington's Coronach won the 3rd renewal of the Derby this afternoon. The second horse was W. Singer's Lancelot and Lord Derby's Colorado came third. Nineteen horses started. The race carried stakes valued at \$60,000.

Coronach finished five lengths ahead of the second horse and betting quotations closed at 11 to 2 against. Lancelot finished a short head in front of Colorado and was a 40 to 1 shot. The Colorado quoted 2 to 1 against was the hottest favorite of the Derby has known. He is reported to have carried ten million dollars of backers' money as he was generally picked by experts as a sure winner.

The race was run in a pouring rain and this may explain the upset of the forecast as the track was heavy. Despite the inclement weather, scores of thousands attended the race, including the King and Queen.

Sir Abe Bailey's Lex, one of the favorites, finished eighteenth with Apple Sammp trailing. Miss Farr, a London woman, drew Lancelot in the Stock Exchange on the Derby Sweepstake and won roughly \$50,000. She heard the news in a motion picture theatre and was overcome. Later she went out to get a cup of tea.

Mother Left Them While She Called on Neighbor and House was Ablaze on Return

TWO ONLY ESCAPED.

GRANBROOK, June 2.—Four small children were burned to death last night when the rangel home of the Woods family five miles south of Yale was destroyed by fire. Meagre details received here are that the mother left six children alone for a short time while visiting a neighbor. Returning she found the dwelling in flames, from which but two children were able to make their escape.

The father is said to be a patient in the hospital at Nelson where he recently had both legs amputated.

Sergeant Greenwood of the provincial police has gone to the scene of the tragedy to investigate.

### Indian Children Tried to Imitate Cattle Fire Dance of Shuswaps and Two Dead

VANCOUVER, June 2.—A special despatch to the Province from Invermere tells of an Indian tragedy as a result of children trying to carry out some of the ancient rites of their tribe. The despatch says:

Police investigation of the burning to death of two Indian children on the reserve near here reveals that in the absence of their parents to look for horses, the little ones tried to imitate the cattle fire dance of the Shuswap tribe. They poured oil on the floor of the house, which they ignited, adding more oil which ran over the floor, enveloping them in flames.

The dead are infants aged 2 and 4, respectively, the children of Louis Caplow. Two of the older children were badly burned and are in the hospital. In the case of one boy, no hope is held out for recovery.

### Sentence of Excommunication Against Lloyd George by the Other Leaders of Liberal Party

LONDON, June 2.—The Earl of Oxford and Asquith with a majority of his colleagues including Earl Grey passed what is considered to be a sentence of excommunication against Right Hon. David Lloyd George from the Liberal party in a letter to Chief Liberal whip, Sir Godfrey Collins.

The breach between the two sections of the party is now complete, so far as the leaders are concerned. The correspondence will mean the expulsion of Lloyd George from the chairmanship of the Liberal party unless he can obtain sufficient votes against the leaders of the party who adopted the Oxford side of the controversy. Lord Oxford takes the line that there is no excommunication or ostracism and that Lloyd George is not being driven out but has refused to come in. The breach is due to Lloyd George's attitude during the general strike.

### Mysterious Shooting Affair in Vancouver Results Two Going to Hospital Badly Wounded

VANCOUVER, June 2.—J. R. Smith and a woman believed to be his wife who also is known as Dorothy Davis, were taken to the hospital Tuesday afternoon suffering from bullet wounds. The condition of the latter early this morning was said to be critical. She was shot through the left breast and Smith through the groin.

Little is known of the circumstances which led up to the shooting which occurred in a Granville Street rooming house. Shortly before one o'clock a telephone message summoned Dr. J. A. McAlpine to the suite. He was admitted by a woman.

While rendering first aid to Smith, who was lying on the kitchen floor, McAlpine heard a shot from another room. He investigated and found the woman lying on the bed with a wound in her breast. Signs of a struggle were apparent in the kitchen. Bed clothing, fixture cords and cutlery littered the floor. Two automatic pistols were found, both of which were discharged.

Efforts of the police to secure a statement in regard to the affair have so far failed.

### TOURIST SEASON IS NOW OPENING

Extra Sleeper Placed on This Morning's Train to Accommodate Steamer Arrivals From South

Marking the opening of tourist travel through Prince Rupert this season, C.N.R. steamer Prince George, Capt. Harry Neden, arrived from the south at 11.15 this morning having some fifty passengers to go East by train as well as the usual quota for Prince Rupert and Anxox and a few round-trippers. The passengers for the East necessitated the first extra sleeper of the season being placed on the regular outgoing train which awaited the arrival of the boat.

The months of June, July, August and September will, it is expected, see a larger tourist travel than ever passing through the port on Canadian National boats and trains and C.P.R. Alaska vessels.

**Just Twenty Years  
Since Slashing Began.**

Twenty years ago at about this date slashing the Prince Rupert townsite began but not much of it was done at that time. There was a little clearing made along the waterfront and up to about where the Canadian National general offices now stand. A stream rippled out from among the tall timbers and nature held sway.

It was about that time P. W. Anderson arrived and got to work making an impression on the prospective townsite.

Twenty years of struggle have passed. The forces of nature have been to a large extent overcome and a city is springing up here that promises to be as modern as any in the country in its appearance and facilities. Little by little the place will be built up. Step by step citizens will fight their way toward making it a port. One by one new institutions will be introduced and developed. It will take time to bring about the changes desired. Old timers will leave or die and new people will come and bring new energy, brains and money. We shall lose the group that want to clean up and go and we shall adopt a new spirit, that of stability and permanence.

Prince Rupert has a great destiny ahead of her. There will follow prosperous times and dull times in rotation. They will follow each other as sure as one tide follows another. During prosperous times it is the wise thing to prepare for dull times. The scope of our activities will gradually widen and we shall eventually broaden out into civilized ways.

**Importance Of Ore  
Strike At Smithers.**

An important ore strike has been made in one of the Duthie mines at Smithers which will give an impetus to other prospectors who are trying to develop their claims. The ore is galena, shot with ruby silver, and according to the report there seems to be a lot of it in the mine.

There is considerable activity on Hudson Bay Mountain this year and at Hazelton considerable work is proceeding. There should be a revival of activity in the Bulkley and Babine country soon which should tend to improve matters throughout the whole neighborhood.

**Place Where People  
Are Doing Things.**

Prince Rupert is a place where people do things. People who wish to do nothing go to Victoria or California. Just now reference is made to the excellent work of the little drill squad of twenty girls of the High School that has been trained by Alex. Mitchell. For a student of the school to undertake to drill a group of fellow students and to bring them to a degree of perfection equal to any in the province, is something to be proud of. We are glad to be able to express appreciation on behalf of the citizens of this work and hope there will be more personal endeavor here in developing the home product rather than in importing from the outside.

**Still Looking To  
Peace River.**

Prince Rupert must never cease looking toward Peace River. The opening up of that country should mean a great deal to us and we should use all our influence to have it developed by means of a railway. It is to be hoped that one of the big concerns will take on the work and that it will be so arranged that the output may come at least partly through this port. It is one of the next big things to which we have to look forward.

**RAILWAYS OF  
PEACE RIVER**

Premier Brownlee Says Matter Will Soon be Settled: Offer Made

EDMONTON, June 2.—That the railway problem in Alberta, which will seriously affect the railway problem of Northern British Columbia will be settled soon is the opinion of Premier Brownlee, who has the matter in hand. In an address he said:

"In another month the provincial railways will be in our hands. We will then be in a position to either operate them ourselves or lease them to one of the transcontinental lines and we have already received offers from at least one of these lines, the terms of which will surprise the public of the province when they are divulged."

He went on to state that he was waiting a wire from Ottawa now that might go a long way toward settling the railway question, an observation, innocent in itself, but signifying to some who heard it a hint that the Canadian National lines stand well in line to take over the roads in the north.

**INDIFFERENCE  
TO RELIGION**

Universities of United States Not Keen on Worship and One Aggressively Pagan

**SURVEY OF COLLEGES**

Washington State University Shows Real Antagonism Toward Church Says Dr. Lampe

BALTIMORE, June 1.—General indifference to religion by student bodies, with one pronounced "aggressively pagan," is reported in a survey of forty-seven leading universities presented to the General Assembly of the Presbyterian Church here yesterday.

The report was compiled by Dr. M. Willard Lampe, General Director of the Department of University Work, Presbyterian Board of Christian Education.

The Colorado School of Mines, where the "Mines Spirit" is given the extreme description, is pronounced "one of the most difficult centres for student work in the United States."

**Unknown God**

The Memorial Church of Leland Stanford Junior University is compared to the Biblical altar of "An Unknown God," while a number of the professors at the University of California are said to "depersonalize God."

The University of Michigan however, is pronounced fully "cooperative," its activities including the complete support of a missionary and local religious work which is commended in the report.

The University of Illinois, the report states, is bereft of Chapel, religion and Bible, while the "attractions and distractions" of a city make work difficult at the University of Chicago.

Purdue University, in Indiana has "no philosophy or ethics or anything to suggest the spiritual side of life," the report continues, while materialistic tendencies are noted at the University of Kansas.

**Is Respectable**

Religion "has been made respectable on the campus," of the University of Montana, the report notes, while jumping to the University of Washington, Dr. Lampe finds there is a certain amount "of real antagonism of the part of professors and students toward religion and the Church."

With these pronounced results of the survey, the report finds otherwise that there is no standard by which the general attitude of the schools can be measured, although the lack of facilities often is given as a reason for limited work among student bodies.

# POLICE CHANGE SIDELIGHTS AT CITY COUNCIL

### Matter of Payment of Extra Month's Salary and Lawyer's Account Disposed of

Matters in connection with the transfer of police authority in this city from municipal to provincial control were re-echoed at last night's council meeting with some difference of opinion when the recommendation of the police commission that a month's salary be granted to Chief Vickers and two weeks to each of the retiring constables was accepted and the account of \$50 from L. W. Patmore for legal advice to the police commission in connection with the validity of the transfer was passed. Divisions were recorded in both instances.

When the question of the additional salary grants came up, Ald. Perry moved that action on the same be deferred as all members of the council were not present at the meeting.

Ald. Jos. Greer did not think that any objection could be taken to the recommendation. He was in favor of accepting the recommendation and felt that the necessary action might be taken at once.

Mayor Newton did not think that the fact that all the aldermen were not present was any reason for holding up action on the recommendation. He outlined the reasons that had actuated the commission in making the recommendation. He felt that some public recognition, might well be shown the service that had been given by the retiring police force, especially since its members might lose some time before being absorbed into the provincial force.

Ald. Perry thought it would be fair to have the whole council present when the matter was decided upon.

**Various Opinions**  
Ald. Larsen felt that the retiring officers would be but getting their due in lieu of the yearly holiday.

Ald. Casey stated that, as a general principle, he was opposed to granting pay in lieu of holidays. In this particular case, however, he was in favor of the recommendation as a matter of sympathy for a body of men who, after having given of their best for many years in carrying out their duties, had been dismissed for no just cause or reason.

Ald. McKechnie was opposed to the principle of the recommendation in giving salary in lieu of holidays and stated that he would vote against the recommendation. In doing so, he wished to make it clear that there was no personal feeling involved. He seconded Ald. Perry's motion that the matter be laid over until the full membership of the council was present.

Ald. Casey moved in amendment that the recommendation of the police commission be concurred in and Ald. Jos. Greer seconded. On the vote being taken, Ald. Casey's amendment carried, those in favor of it being Ald. Casey, Ald. Jos. Greer and Ald. Larsen with Ald. Perry and Ald. McKechnie opposed.

**Patmore's Bill**  
L. W. Patmore's bill for \$50 in giving advice to the police commission came up in connection with the passing of the accounts.

Ald. Perry, in moving that the account be not paid, stated that he saw no reason why the city should be called upon to pay for outside legal advice when it was paying a city solicitor a good salary for the very purpose of furnishing such advice. If the police commission was not satisfied with Mr. Jones' advice, the members should pay the bill personally for an outside opinion. He was strictly opposed to the city paying Mr. Patmore's bill.

Mayor Newton submitted argument to justify the course of the police commission in having sought Mr. Patmore's advice to supplement that of Mr. Jones. No disrespect of Mr. Jones' opinion had been intended but it was well known how legal opinions often differed. In fairness to all, particularly those who had been opposed to the change of policing, he felt the

# SPORT CHAT

Following the recent Victoria Day celebration at Vanderhoof when a big delegation of athletes, including a baseball team, from Burns Lake was entertained, the Nechako Chronicle of Vanderhoof, published an editorial on "sport and friendship." It said in part: "There should be more encouragement for sport attractions between the towns along the Canadian National Railway line than has been prevalent in the past. They are an avenue whereby a better understanding is created among the people and, furthermore, they are good business."

Probably the most important tennis event yet staged in British Columbia will take place in Victoria in July when the Victoria Lawn Tennis Club will put on the championships of the Dominion and also of British Columbia. Prominent tennis players from all over Canada as well as some from the American Pacific slope will be present and there will be some real interesting competitions. The Victoria club is going wholeheartedly into the matter of making preparations for the event and much energy and expense is being devoted in connection therewith. The matches will take place at the Willows courts where a new grand stand is being erected.

# DUTY OF NATION TO MOTHERS SET FORTH

### Kiwanis Hear President of American College of Sur- geons Discuss Disease

MONTREAL, May 31.—(Canadian Press).—Segregation of the feeble-minded; eradication of venereal disease; elimination of starvation wages to shop girls and others; betterment in slum living conditions, and the introduction of national laws relieving prospective mothers from work for a certain period, were foreshadowed by Dr. W. W. Chipman, who is president of the American College of Surgeons, and gynaecologist of the Royal Victoria Hospital, addressing the Kiwanis Club on the responsibility of the community and nation to its mothers.

"If the world is to progress, each successive generation must be better than the last," declared Dr. Chipman. "And the mothers of one generation largely determine the children of the next in physical, mental and moral caliber. Nothing can take the place of well-ordered and affectionate home life. Compared with that, schools of whatever kind are comparatively unimportant. Could we but segregate the feeble-minded," Dr. Chipman went on, "could we but eradicate venereal diseases, fully half of our social troubles would be cured at the beginning. And this will be so. This must be so, when at last we call a spade a spade, and our ostrich-like complacency is replaced by common sense."

## SALE OF FURS AT EDMONTON

Good Prices Realized for Consignments from Northern Country Just Arrived

EDMONTON, June 2.—In spite of the continued unsettling effects of the fur trade strike on eastern markets, prices realized for the first large consignment of spring furs from the Peace River and northern British Columbia districts, valued at over \$15,000, sold at the auction rooms in Edmonton are considered highly satisfactory. An exceptionally large and choice lot of beaver sold at a better price than that ruling on the eastern markets. Prices for this skin ranged from \$12 to \$35, with one extra fine lot of skins averaging \$26.

### Mink Steady

A fair offering of fisher showed a slight improvement over last sale prices, better grades bringing up to \$85, while mink was steady at \$12 for best lots of winter-caught pelts. A small offering of badger sold in good demand at \$3 and \$8 and ermine showed a further decline of 5 per cent. from last sale at \$1.00 to \$1.15. Offerings of bear were light, but of fair quality, to sell at \$5 to \$9. A good lot of lynx advanced 5 per cent., with best tops selling up to \$19.

A good collection of red fox skins sold steadily with last sale prices, winter-caught pelts averaging \$13, while cross fox sold in good demand at fully steady prices of from \$18 to \$22. The best skins in a small offering of silver foxes brought up to \$85, with one extra choice pelt up to \$175. White fox sold steadily with good average lots at \$38 and tops up to \$42.

### Marten Neglected

Offerings of marten are still somewhat neglected with best prices on choice lots around \$18, as compared with \$20 for last sale. Otter sold firm with last sale prices at \$22 and \$25 and a small offering of skunk sold well at \$2. A small lot of wolf sold at strong prices and wolverine held steady with last sale values.

Offerings disposed of at the sale included 324 beaver, 1,286 rats, 162 mink, 140 lynx, 192 marten, 12 fisher, 35 cross fox, 121 red fox, 60 white fox, 120 ermine, 40 wolf, 3 wolverine and 5 bear.

## JUST A FEW SEX PLAY MAD

Naughty Husbands and Boys Who Want to Thrill Companions Only Interested

NEW YORK, June 2.—The local "man about town" and his "sporting" neighbor from the provinces make up the audience that gives the most encouragement to New York's "sensationally rotten" stage productions, concludes the Catholic Writers Guild.

The Rev. John B. Kelly, spiritual director of the Guild, said a survey showed that artistic and financial success in the city's theatrical field was in decent productions, and that only a "minor part of the theatre-going public paid big prices for choice bits of dramatic degeneracy."

**Thoughtless Element**  
"And most of this patronage represents the thoughtless element rather than the inherently malicious," the priest declared.

"We have the local cut-up who wants to live riotously for an evening when there is a periodic recurrence of the urge to make an impression on his neighbors of his being superior in matters of petty conventions. He wants to tell the boys in the office or shop what a mad wag he was last night and is willing to spend two days income for the thrill of the recital."

"Then there is the one who comes to town to collect experiences. He wants to carry back narratives of wild adventure to be dispensed to the boys gathered around the stove or radiator in the village or town post office. He is a hero when he confides to them stories of the wild women he met—over the footlights. If he does not return broke, his trip has been a sad failure. Incidentally, if he saved the money spent many a degenerate production would be a failure."

**Wild Doings**  
"Then there are some naughty husbands who get together with the old frat eronies when the wife is away and fight for privilege of lavishing their hard earned income on wild doings."

It is to be expected that there will be a supply for this type so long as it is in demand, said the director, which accounted for many "sensationally rotten productions."

The Guild believes that the average American wants his entertainment wholesome and that no average producer is catering to that taste.

## RETIRING POLICE BEING ALLOCATED TO VARIOUS POINTS

Arrangements to absorb members of the retiring city police officers in the provincial police force were announced this morning by Walter Owen, assistant superintendent of provincial police.

Chief W. H. Vickers and Sergeant A. H. Bailey will go to Victoria this week, the former taking charge of the trap line registration office in the Game Department and the latter assistant in the finger print department.

Constable Alex Macdonald has been appointed to Lillooet in the Cariboo country and will leave for there toward the end of this month.

Sergeant Hugh McGlinchy will remain in the city in the meantime of the provincial police pending permanent appointment elsewhere.

Constable Lance Potterson has been detailed for duty at Stewart where he will succeed Constable W. F. Islip who is leaving to take up farming in Alberta. Constable Potterson will leave for Stewart on Saturday evening and his family will join him there soon after.

Arrangements, it is expected, will also be made to absorb Constable George Crete who, for family reasons, was compelled to refuse an appointment to Telegraph Creek.

## The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful and interesting.

Every manager of a household—every member of the household who shares the responsibility for the family's welfare—should make a habit of reading the ads.

Read the advertisements in order to buy wisely

## PREMIER BROWNLEE IS NOT TO RETIRE

(Edmonton Bulletin)  
Premier Brownlee is not going to retire from the premiership of the province—not yet, at any rate.

For some time past there have been persistent rumors that he was being urged to accept a \$15,000 a year post as counsel for the wheat pool, and that the Conservative element in the U.F.A. was very anxious to see him accept. It was even stated that the new famous board of strategy of the Conservative party at Ottawa was behind the move in an effort to have Hon. George Hoadley succeed Mr. Brownlee, and with Hon. Vernon Smith to take over the U.F.A. reins in Alberta and painlessly and quietly absorb that party into the ranks of the Conservative party.

# SANKEY TRIAL NEXT MONDAY

Preliminary Hearing of Big Case to go Ahead Next Week It is Announced

PATMORE DEFENDING  
Defence Counsel Asks That Trial be not Rushed on at Forthcoming Assizes

Joseph Sankey, charged with the murder of Miss Loretta Chisholm at Port Essington on May 23, appeared in the provincial police court again this morning before Stipendiary Magistrate H. F. MacLeod and, without any evidence being taken, the case was adjourned until Monday. The preliminary trial will then be proceeded with, it being announced that A. M. Johnson, K.C., of the attorney general's department, who is coming from Victoria to prosecute at the assizes, would also prosecute in Sankey's preliminary.

L. W. Patmore, who has taken Sankey's defence, in consenting to the adjournment which was applied for by Inspector Spiller on behalf of the crown, remarked that he did not wish

such an important charge as this being rushed into the assizes, opening next week. The crown had already taken some time to prepare its case and time should also be given the defence, if necessary, to do the same, especially in view of the fact that the defence had no idea as yet of what it would be required to meet except through rumors of such things as blood tests, etc. Inspector Spiller could make no promise that the case would not be proceeded with at the forthcoming assizes. In any case, he did not expect that this charge would be the first to be taken up. Assistant Superintendent Owen of the provincial police, who was present, stated that it was expected to proceed with the case on Monday. A provincial police party consisting of Assistant Superintendent Walter Owen, Inspector Spiller and other officers left on this morning's train for Port Essington to make further investigations on the scene in connection with the murder. They will return to the city by gasboat this evening.
