Rain and Snow Falls in Generous Quantity and Farmers Rejoice

WINNIPEG, May 22.—Prairie farmers are today jubilant over additional moisture, snow and rain having fallen over an extended area in Manitoba and Saskatchewan during the past twenty-four hours.

In Brandon Hills district, seven inches of snow fell while in various parts of Saskatchewan, the average was from one to three inches.

As a result of the precipitation, the fall crops have been pushed far in advance of the average at this time of the year and, never since the bumper year of 1915, have spring indications pointed to such a bountiful harvest.

All danger of soil drifting is now past and the snow and rain has effectively quenched the forest and bush fires that were threatening Manitoba and Western Ontario.

TROUBLES IN THE CABINET

Reports of Insurrection Cause Precipitate Adjournment of Newfoundland Legislature

ST. JOHN'S, Nfld., May 22.—Premier Munroe today invited Gordon Bradley, minister without portfolio, and Minister of Public Works Russell to explain reports that they were associated in a movement to overthrow the ministry or else resign. The legislature adjourned to enable the government to deal with alleged internal dissensions involving four members.

YANKEES WIN TEN STRAIGHT

Going Strong in American League While Cincinnati is Safe at Top in National

NEW YORK, May 22.—The Yankees advanced their winning streak to ten straight on Friday, a record for the season. In four times at bat, Babe Ruth was three walked, hitting a single once. Earl Sherry, the Chicago first sacker, continued his hitting spree when he gathered three doubles and a homer in four trips to the plate against Boston pitchers. Cincinnati was a hard hitting game from Brooklyn and is now safely at the top of the National League, having won twelve of the last fourteen games played. Yesterday's scores were as follows:

- American League: Chicago 7, Boston 8; Cleveland 4, Philadelphia 3; St. Louis 2, New York 7; Detroit 10, Washington 13. National League: New York 5, Pittsburgh 7; Boston 3, Chicago 6; Brooklyn 5, Cincinnati 8; Philadelphia 4, St. Louis 12.

Meteoric Career of Real Estate Salesman Who Became Millionaire But the Bubble Burst Yesterday

GARDEN, N.J., May 22.—The meteoric rise of R. Robley Tucker, aged 28, from news stand proprietor at Camden Ferries six years ago to head a really corporation, which transacted more than \$50,000,000 worth of business last year, received a jolt yesterday when a receiver was appointed following a bankruptcy petition by creditors for his firm of J. R. Tucker Inc., with liabilities listed at \$4,250,000 and assets of about \$1,250,000.

Tucker, after graduating at Dartmouth College, pawned his watch for transportation to Camden, arriving with only 85 cents and after working as a shipyard rivetter purchased a news stand. His career in the real estate business was launched as a result of conversations between the purchasers of newspapers, whom he heard predicting great advances in Camden property.

Disposing of his news stand, Tucker secured employment as a real estate salesman and became a star at the game. Shortly afterwards he set up in business for himself and, extending rapidly, opened branches in several cities. Last October Tucker took out a life insurance policy for a million dollars.

Mr. and Mrs. T. McClymont and Mr. and Mrs. S. K. Campbell left on this morning's train for Kitsuakalun to spend the week-end as the guest of Mr. and Mrs. B. L. McIntosh.

MINE OWNERS WITH MINERS

Both Are Opposed to Baldwin Proposals for Settlement of Coal Strike

LONDON, May 22.—The mine owners today informed the Government that Premier Baldwin's compromise proposals for ending the coal strike would limit the freedom of administration and would not increase the efficiency of the industry.

With both sides opposed to the proposed scheme there is little likelihood of a change in the mining situation for a number of days as most of the cabinet ministers have left London for the Whitsuntide holidays.

Subdivision Sketch Plans Are Approved Digby Island Tract; Small Acreage Summer Homes

A small gang of surveyors has just started work on the detailed plans of small subdivisions on Digby Island for the Provincial Government. As soon as the plans are completed and registered, this land will be put on the market for use for summer cottages, gardens or chicken ranches. The survey is being made in response to a request from the Board of Trade and action was taken because of a demand for small acreage in the neighborhood of the city. One tract that is being prepared for the market is situated on Digby Island at Dodge Cove just beyond the Quarantine Station. It has half a mile of frontage and the preliminary sketch plans which have been approved show about thirty half-acre lots on the waterfront and a dozen two-acre plots a short distance inland. There is good anchorage for boats opposite the property and this fact alone makes it very desirable. Another tract, smaller than the other, is located at Crippen Cove and includes the old build-

President Coolidge's Order Provokes Wrath of Thirsty Senators

WASHINGTON, May 22.—The creation of an army of ten thousand dry agents through the enlisting of state, county and municipal officers with remuneration set at one dollar annually into the federal prohibition service was approved by President Coolidge on Friday.

The order aroused bitter opposition in the Senate, being characterized by Senator Edwards, Democrat, New Jersey, as "the most revolutionary order issued from the White House in peace times." He urged a national referendum, declaring that the public was bent on ending prohibition.

PARCEL SHIPMENTS OF GRAIN FROM VANCOUVER

STRIKERS BEING DENIED RELIEF

No Disposition Being Shown on Part of Miners to Return to Work Under New Terms

LONDON, May 22.—Reports from Wales, Nottinghamshire and Derbyshire state that thousands of miners have marched to the Poor Law relief offices protesting against the cutting down of relief doles to their families. At Newport, the marchers were met by the police who read a proclamation from the mayor to the effect that they would not be allowed to go to the workhouse. Demands for distribution of relief in the shape of bread and cheese were also refused. All demonstrations were orderly.

As yet, the miners are showing no apparent disposition anywhere to return to work at the reduced wages.

**German Proposals Prove Interesting.**

The German proposals to restrict war and make it a sport of gentleman's sport like the tournaments of old do not seem as if they would be workable. When war is declared treaties and regulations and restrictions are forgotten and each nation is out to win. Frightfulness will be the motto of future wars just as they have been of those which have gone before.

If war is going to be regulated like the prize ring then it ceases to be war and becomes a sport. Killing must be done according to rules and those breaking the rules will be severely reprimanded by the league of nations or the world court.

**Germany Was First To Break Such Rules.**

During the Great War Germany was the first nation to break the rules of warfare and if she were again involved there is nothing to indicate that her actions would change. It would be an advantage to her to have other nations restricted because under the Treaty of Versailles she is restricted.

We do not wish to throw cold water on any attempt to prevent the horrors of war, but we do not see how it can be done just yet. International rules do not bind the parties if they are first class powers. It is only when the first class powers are able to put pressure on smaller powers that they can be enforced.

It is our opinion that the way to end war is to make it as frightful as possible and to take all the glory and sport out of it. Only in that way will nations hesitate about entering into it.

**Peace River Election Frauds.**

The election frauds in Peace River indicates that the people in those districts have not much idea of the sanctity of the ballot. Men have been convicted of tampering with the ballots and have been punished with jail sentences. The fact that they are Liberals makes the offence all the worse because Liberals have always prided themselves on the fact that they are willing to abide by the will of the people as expressed by ballot.

Tampering with the ballot boxes is much more serious than the defeat of a Liberal government. The first principle of popular government is to maintain the right of expression inviolate. It is satisfactory to know that the mistaken Liberals of Peace River are being punished for their misdeeds. It is to be hoped that if there are any other malefactors they will be brought to justice and that this will be fair warning to all and sundry of both parties to respect the rights of the people as expressed at the polls.

**Carelessness Of Toronto People.**

Toronto people are very careless. A lot of them mail letters to Great Britain and last year there were 129,748 of these sent with insufficient postage which cost the receivers no less a sum than \$7,180. This is a considerable sum and indicates that a lot of Canadians do things without thinking. An ordinary letter to England or Scotland costs four cents whereas to Canadian points the cost is only three cents.

**Coal Strike Not Likely To Last Very Long.**

Now that the general strike is all over and the people of Britain generally are back at work, the coal strike is likely to end. It will probably end in compromise, as do such disputes generally. The British government is ready to spend up to three million pounds in further subsidies but not of a permanent nature. As a policy the subsidy must end. It cannot be expected that the country is going to pay such huge sums in taxes either to keep up wages or to give the coal owners a profit on operation of the mines.

**GRADUATION OF FIVE NURSES**

Impressive Exercises Took Place Last Night in First Presbyterian Church

The graduation exercises of the 1926 class of the Prince Rupert General Hospital Training School took place at an impressive service held in the auditorium of the Presbyterian Church last night, when Misses Janet R. Lee, Hannah Essen, Muriel E. McAuley, Dorothy M. Thomson, and Helen McRae became the proud possessors of diplomas and pins signifying that they had successfully qualified in their examinations for final acceptance in the nursing profession. The church, which was beautifully decorated with broom, forget-me-nots, mauve phlox and ferns, was crowded with relatives and friends of the nurses and members of the local medical profession.

S. K. Campbell, chairman of the Hospital Board, occupied the chair, being accompanied on the platform by Rev. Dr. Charles J. Cameron, Ven. Archdeacon Rix, E. A. Mann, J. H. Thompson, chairman of the house committee, and Miss Jean Harrison, R.N., lady superintendent of the hospital.

Instructive and humorous addresses interspersed with songs by Miss Adene Advant, accompanied by Mrs. Fraser, made the exercises an event to be long remembered not only by those taking an active part but by those privileged to be spectators.

The chief speaker of the evening was E. A. Mann, who traced the history of the medical and nursing profession from the year 4000 B.C. to the era of Florence Nightingale. The address, which was punctuated with much humor, was very instructive and thoroughly appreciated by everyone present.

At the conclusion of the address the diplomas and pins were presented to the successful candidates by J. H. Thomson, assisted by Miss Jean Harrison, lady superintendent.

The Ven. Archdeacon Rix also gave a very inspiring talk, addressed particularly to the nursing profession.

The exercises were opened and closed with blessings by Rev. Dr. Cameron.

Norris Pringle, Geo. Hartlin, W. Cruickshank and Sidney Webb acted as ushers.

**Dance I.O.D.E. Hall**  
At the conclusion of the exercises the assembly repaired to the I.O.D.E. Hall where a reception was held for the successful candidates who were the recipients of many congratulations on their success.

After the reception dancing was thoroughly enjoyed to music furnished by Arthur's orchestra. Delicious refreshments were served at 11 o'clock under the direction of Mrs. D. McD. Hunter and Mrs. D. W. Morrissey.

The singing of God Save the King at 12.30 a.m. brought a very memorable and delightful evening to a fitting close.

**EMPIRE DAY IS OBSERVED**

Annual Demonstration Held Yesterday by Daughters of Empire

The regular Empire Day celebration for the public school children, under the auspices of the Daughters of the Empire, took place yesterday afternoon in the Westholme Theatre. The children from Booth, Borden, and Annunciation schools, accompanied by teachers, assembled and marched to the theatre led by the Boys' Band. Selections played by the band during intervals were much enjoyed by children and spectators.

Mrs. R. Blance, Municipal Regent, acted as chairman, and those presiding were Mrs. A. T. Parkin, Past Regent; Mrs. S. Danton, Regent Queen Mary Chapter; Mrs. F. W. Hart, Standard Bearer; Mrs. J. Manson, Regent Hill "60" Chapter; Miss A. Dalby, Standard Bearer; Mrs. D. Orchard McLeod, Regent Adair Carss; Mrs. T. Boulter, Standard Bearer. Also present was H. B. Rochester, chairman of the School Board.

Dr. Cameron gave an educational and instructive address on The Empire.

**Masqueraders Aplenty!**

Here and there you'll find the dealer who stocks a case or two of Orange-CRUSH—sells it promptly—then tells you he is just sold out—"Here's something just as good." He is willing to sell an inferior substitute for the sake of less than 1/2 cent more profit, per bottle. What would he do for ten cents?

Respect and patronize the dealer who hands you Orange-CRUSH when you ask for it. He pays more than he would have to pay for products of inferior quality. Yet he knows that Orange-CRUSH is more profitable to handle because it brings him a larger volume of sales.

**Refreshing Sweetness of the Luscious Orange**

MILLIONS of luscious oranges plunged in the tide of California's golden glow—their luring juices destined for the Krinkly Bottle! No wonder you like delicious Orange-CRUSH. No wonder Orange-CRUSH is the largest selling, fruit-flavored drink in the world. And how children love it!

Look for the Orange-CRUSH Krinkly Bottle. In it you can get this genuine true-fruit drink. Always identify it by the name Orange-CRUSH blown right into the Krinkly Bottle. And Mothers—why not have your nearest dealer send a case today? Serve the CRUSHES at home.

Here's why Orange-CRUSH is so good:—First, the juice of luscious oranges—next, the delightful flavor of their peel—next, sparkling carbonated water. Add the zestful tang of the fruit acid found in oranges, lemons and limes—a pure food color, such as you use in your cakes and candies—pure cane sugar. A wonderfully delicious drink with a world-wide reputation for purity and wholesomeness.

Nervous Strain of Modern Life

LIFE was never lived at such high tension. There is a mania for speed, hurry and excitement. Nerve force is consumed at a tremendous rate and there is little time for recuperation. But there is a limit to human strength. Sooner or later there comes the nervous breakdown. There is usually plenty of warning of the approach of nervous exhaustion or collapse. You find you do not rest or sleep well. You are nervous and irritable. Little things annoy and worry you. You may have indigestion and headaches. To get away from this condition you must have rest. You must help the nerves to get back health and vigor. The most effective restorative of the nerves is Dr. Chase's Nerve Food. Many have been restored after months or years of the most serious forms of nervous trouble. But prevention is the wiser course. It is so easy to head off trouble by using this great restorative when the warning symptoms come. You will feel younger and look younger and your friends will notice this and compliment you. ## Salmon trolling at Dundas improves; the latest business wrinkle; Syd Webb to rescue again

Salmon trolling during the week has improved in the neighborhood of Dundas Islands. During the middle of the week there was quite a little flurry, the Narbethong making a trip with 11,000 pounds of reds and 2,000 pounds of whites which were disposed of by private sale. Word soon spread along the waterfront and those not already gone to the trolling grounds put a little extra pep into their work with a view to joining in the harvest.

Other trolling grounds seem to be rather poor so far, according to latest reports.

There is still a good deal of activity around Cow Bay, a large amount of work being done on rebuilding old boats and building new. The Suga yards are busy on a new forty foot seine boat for Fujimoto and expects to have it completed in about three weeks.

Chris Reivick is rebuilding his trolling boat Eva and will have her finished in two or three weeks. The upper part of her hull and most of the cabin work will be new.

R. J. Lawrence is putting in some long hours on the Argo at the Yacht Club. This boat was formerly the Alva Glen and owned by Bob Davie. Mr. Lawrence is making some changes in the color scheme. He is an experienced mariner for interior waters and is planning to make a detailed survey of all the beaches and fishing resorts in the neighborhood including a dash now and then to Khtada Lake and possibly up the Estall. It has been suggested that he see George Frizzell and get a chart of all the rocks and other obstructions in the Skeena River before opening the navigation season there.

The secretary to the admiralty at the Yacht Club says the fleet is in better shape than ever before and is all ready for the dash to the various points of interest tonight or tomorrow morning. Many of the boats will stay out two days. They are all painted up and have quite a dressy appearance. Some of the boys will go out after trout but Chef thinks the prospects for big catches are not very great.

### Searchlight for Business

Prince Rupert people are always getting out something new. The latest new wrinkle on the waterfront is said to be a great business gether. It originated in the fertile brain of Handsome Jim Morrison, skipper of the Hanaco. It seems that now and then business has proved a little dull with the Bushby fleet and it was difficult to see new work coming. Handsome Jim evolved the idea of installing a search-

light on the Hanaco which when connected up and properly tuned in is able to visualize a towing job anywhere within a million miles. They say Commodore Bushby is intending to pension the skipper off as soon as he has made his fortune out of the new idea.

During the week visitors to the Yacht Club have had to wear green or smoky glasses to protect their eyes while the Poinsettia was on the ways. The glare of the red has caused weeping sickness among habitués of the floats and Chef was laid up for several nights as a result.

The gas boat Idah owned by Matthew Hill of Kikatta is being rebuilt on the McLean ways.

The Helen owned by Chris Humoller and used by him in a more or less vain search for halibut on the banks has been on the McLean ways for cleaning and painting this week. Capt. Humoller says he thinks the halibut will like the look of the craft better when he next visits the high spots.

Jeff Lambly is still worrying the Oh Baby on the beach at Lewis Island. He is rebuilding the bottom of the craft that was torn to pieces by the rocks a month or two ago when he ran amuck in the straits.

Two engines are being installed this week in the seine boats built at the Suga yards for the Lowe Inlet cannery.

Halibut arrivals during the past week totalled 737,450 pounds—an improvement of over one hundred thousand pounds from the week preceding but still under the weekly average. American boats landed 481,000 pounds and Canadians, 256,450 pounds. Prices during the week were not very high but still not too low—averaging from 12c to 15c for firsts and from 6c to 8c for seconds. The landings at this port for the season to date have been as follows: American, 6,708,100 pounds; Canadian, 2,291,050 pounds; total, 8,999,150 pounds.

Boats disposing of catches here during the past week Saturday to Friday inclusive were as follows:

American—Venus, 27,000; Silka, 22,000; Marmot, 42,000; Wave, 8,000; Onah, 6,000; Reliance, 18,000; Lituya, 20,000; Vansee, 34,000; Trinity, 58,000; Brisk, 10,000; Defence, 17,000; Foremost, 42,000; Republic, 30,000; Rhona, 19,000; Yukon, 27,000; Valorous, 6,000; Chelsea, 15,000.

Canadian—Scrub, 11,000; Atli, 14,000; Reveille, 13,000; Dolphin, 12,000; Inez B., 5,500; Johanna, 7,000; Verna, 7,000; Cape Spear, 6,000; E. Lipsitt, 13,000; Yule, 6,000; Rose Spit, 12,000; Muirneag, 12,000; Fisher, 7,000; P. Dorreen, 13,000; Tramo, 12,000; Selma, 10,000; Impereuse, 6,500; Prosperity A, 15,000; Eric Roy, 10,000; Ruth, 2,400; Nuba, 2,000; H. & R., 5,500; Alken, 14,000; W.T., 13,000; Gibson 7,000; Mah 18,000; Velna R., 2,550.

### Sid Webb to Rescue

Now dear readers you must please excuse my taking liberties with the whiff columns this week but my old college chum, Alex Hunter, who so ably keeps the waterfront literary flag flying in the breeze, has gone and got himself into the fashion by catching the "flu" and consequently the editor-in-chief is jumping sideways to keep the type-setters from freezing to death. Yes, Sir, I met the honorable Harry on the waterfront on Thursday afternoon and he was as busy as a young maiden at a coming-out party trying to pick up a piece of jelly off the floor with a tooth-pick. I honestly believe that Alex

## "The House of Thrift"

### Safety Convenience Profit

Today introduces to the people of this community a new enterprise conceived in service and dedicated to the programme of THRIFT. Backed by a group of the soundest, most substantial and successful business men in British Columbia, this Institution today throws open its doors to the citizens of Prince Rupert, with an absolute guarantee of SAFETY—PROFIT—CONVENIENCE.

This is a Savings Society—of which there are over 11,000 in the United States, and many hundred in Scotland—for the encouragement of THRIFT in the community in two ways:

- First—By providing facilities and encouragement for regular and systematic saving of small amounts, which monies, through capable management and strict supervision, will commence immediately to earn the highest return consistent with safety.
- Second—By loaning money, repayable in modest installments, either to those desiring to purchase or build homes, or to those who desire to discharge an existing straight mortgage loan, thereby assisting in making this community one of "home owners" rather than mere "dwelling renters."

"An Institution can be no stronger than the men behind it." We respectfully call your attention to our Board as listed below, all members of which have been actively identified with the growth and development of this Province.

There exists in the United States today, 11,854 Savings & Loan Associations, and it is to these organizations that chief credit must be given for the great epidemic of THRIFT and home-building and owning, which is playing such a vital part in the development of that country. We deserve and must have the co-operation of the citizenship of Prince Rupert, not for our benefit alone, but primarily for THEIRS!

WE GUARANTEE 5% INTEREST COMPOUNDED SEMI-ANNUALLY ON YOUR TERM SAVINGS—the highest rate, consistent with absolute safety, that can possibly be offered. REMEMBER—no one is truly independent who is in debt, or whose outgo is not less than his income, leaving him a margin of safety—a balance to put into a savings account.

## HAVE YOU PAIN AFTER EATING?

### "FRUIT-A-TIVES" CORRECTS STOMACH TROUBLE QUICKLY

MME BRISSON

"After a long and weary illness, caused by bad Digestion, and after having tried all kinds of remedies, I decided to take 'Fruit-a-tives', and after three weeks' treatment, I felt great relief. To-day, I am in perfect health and am proud to say that the result is attributable to 'Fruit-a-tives,' which I recommend very sincerely. Mme Brisson, 27 Rivet St., Montreal."

If you have poor Digestion or Pain after Eating, try "Fruit-a-tives," the wonderful fruit medicine. "Fruit-a-tives" is nature's own remedy—the intensified juices of apples, oranges, figs and prunes, combined with tonics. It will give you welcome and quick relief. 25c. and 50c. a box—at all dealers.

would have been manning the typewriter yet but for the fact that a loving wife insisted upon taking his temperature, which went as high as a kite in a gale of wind and broke the glass, so she bundled him off to bed. Well it's up to the professional scribes to help one another out and hence all this rotten reading. Hope Alex is back by the time this dope is in print.

**A New Boat**

Coming alongside a pile of lumber, situated N.E. x S. on the waterfront, on Thursday afternoon the writer saw a familiar figure quietly slip behind the boards. Taking cover the news-kent kept observation on the lumber. Sure enough the familiar bean popped out, and seeing the coast clear the wearer of the bean quietly picked off a couple of slabs of condensed wood pulp and headed east. And who do you think it was? Why our old friend Charlie Starr, the hero of the Waldron roof gardens. The episode meant a clue for news. What was the big idea behind the lumber carrying? That was the momentous question to solve. However, getting into contact with the fleet secret service it was ascertained that Charlie had serious intentions of building himself a new coastal cruiser, and judging from the number of journeys Charlie made to the lumber pile, the boat will be a whale. Not exactly a breakfast whale—as "Resources" calls it—but a whale of a boat. It is understood that the new boat will have a new idea installed as a propelling force. In fact it won't be propelled at all but will be swiftly drawn toward the intended goal. The idea is to put the engine in the bow of the boat with the propeller protruding in the front. When the engine starts up, as it is presumed it will sometime during the season, the boat will be drawn through the water. Wonder why it has been left to Charlie to think up this brain wave?

## Waterfront Whiffs

(continued from page five)  
who represents the Customs business on the provincial dock, has become tired of raising strawberries. A crate of strawberries arrived in port this week assigned to the B.C. Butchers & Grocers, Ltd., but Theo. Gollart, F.P., (fruit inspector), said "clearly not" to the delivery of same, they being that kind

of a strawberry. Algy chanced along at the signing of the death warrant on the strawberries, and swore he would find a good home for the condemned wretches in his garden patch. The first thing we'll know will be that the plants will be climbing through Algy's bedroom window and dragging him out of bed. By the way, dear reader, don't fail to get Algy's address and incidentally a nice pair of the luscious fruit when the season comes along.

### Can You Beat It?

He fished from the bridge at midnight,  
The clock was striking the hour;  
The bait he used was rather high  
For the tin had turned it sour.

At last he caught a little fish,  
And grabbed it from the line;  
He laid it on the dock nearby  
And cast a second time.

This time he felt an awful bite,  
"Oh! Lawdy" shouted he;  
It was a sucker on the end,  
And the third one made it three.

And so the fisher went his way,  
His catch tied in his pack;  
If you can beat this rotten prose,  
Your crazy—and that's That.

Writers may come, and writers may go, but Whiffs go on for ever.

When you hear it said that a man talks like a fish it means that he opens his mouth and says nothing.

### The Menagerie

Doc Clapperton has a sign out at the provincial dock reading: "Clowns and circus horse riders wanted. Only those willing to accept microscopic wages need apply." Yes, our genial friend Doc is going into the circus business, or rather was, until the prize pup "Nero" went and got lost for the umpteenth time. A tame seagull, a dear old cat, the pup, and a wooden legged mule (to be imported) will form the nucleus of the menagerie. And to cap Doc's luck Mrs. Puss presented the budding 'tent' show with eight lovely little strangers on Thursday morning. If you have nothing on your mind particularly just drop in and see Doc and give him a hand to find Nero because the show can't go on without the pup's presence. Incidentally you might give a hand with the kittens. They are

all fond of canned milk never having seen a cow. If you see a stray pup around just call "Nero" in a soft tenor voice. If the pup takes a fancy to the seat of your pants, or the hem of your dress, that's Nero alright.

### A Springtime Idle

Wherever he did stop;  
A housewife passed the axe and said:  
"First won't you have a chop?"

### "Imaginary" Rheumatism Caused by Illfitting Shoes

MANY, many times physicians have diagnosed what appears to be rheumatism, as really being pains arising from the effects of Fallen Arches.

When the foot arches begin to break down, the pain is often ascribed to a sprain or rheumatism. Pain occurs along the inside of the foot, in the heel, also the calf of the leg, and is often located in the knee or hip joints.

This condition brings on general muscular weakness—the ligaments are strained, interfering with proper nourishment of the foot. The circulation becomes poor—attendant symptoms appear—numbness, cold, and at times, undue perspiration. To prevent and cure this condition the foot must be given support, combined with the utmost freedom of movement.

Arch Defender Shoes give support to the scaphoid bone where needed, while allowing full flexibility and freedom to the muscular structure of the foot.

If you value your health—join the thousands who have banished foot trouble. Get a pair today.
